ROOSEVELT'S STRATEGY

Governor Roosevelt and his board of strategy have come to the conclusion evidently, that the Governor has the edge at this stage of the campaign, and that all he has to do to win the election is to go along smiling being all things to all men, and taking care not to rock the boat.

As a consequence after a number of pronouncements in the East and Middle West which might stamp him as a conservative, he swung into more vigorous action in the West and is seeking, by personal invitation, to line up all the so-called progressives of that region, evidently on the theory that he stands for their type of statesmanship. Reference to vital issues are met with generalities which can be construed to mean almost anything. For example, after declaring for a tariff which should be competitive for revenue, the good Governor has called for reciprocity by international agreement, and then again has given assurance to the cattle men of the West to whom protection is vital that he is with them.

All of this may be good campaign strategy in the present state of public mind, but evidence is piling up that, should Governor Roosevelt be elected, he is going to have a difficult time pleasing all those he has enlisted under his banner. These include business men who are opposed to the immediate payment of the soldiers bonus, and soldiers who favor its immediate payment; it includes internationalists who favor our entrance to the League of Nations and the Wold Court and the cancellation of foreign debts, and it includes the doughty Mr. William Randolph Hearst, who proudly boasts that he is anything else but an internationalist.

It includes men of the Owen D. Young and John W. Davis type, and men like Senators Wheeler, and Norris, and Brookhart. Anyone who can please all of these various conflicting elements will have to be a greater magician than the New York Governor has yet proved himself to be.

One of the most uncertain friends whom Governor Roosevelt has accumulated is no less a person than Mr. Hearst mentioned above. Mr. Hearst is noted for the rapidity with which he can change from friend to enemy when he thinks the conditions warrant it. Only a few months ago when he was espousing the cause of Mr. Garner for president, Mr. Hearst declared "all who are in a position to appraise Roosevelt's equipment declare his presidential boom is a fake."

The first step which Governor Roosevelt as President might make toward internationalism, would doubtless bring immediate and unhappy messages from Mr. Hearst.

Of course this is looking quite a distance ahead and there is no assurance yet that the good Governor will be elected. A lot of things have been known to happen in October campaigns. But we often wonder whether Governor Roosevelt ever takes time off to wonder what he would do with Young and Davis, Hearst, Brookhart, Norris, and Huey Long, if he should happen to get into the White House.

NATIONAL AFFAIRS

(By Frank P. Litschert)

Quite a jolt was given American proponents of United States' membership in the League of Nations a few days ago by the plain and unvarnished statement on the League's present situation and prospects by no less person than Mr. Eamon de Valera, president of the Irish Free State, and President of the League assembly this year. Attacks on the League and its nationalists are dismissed by internationalists with the statement that these are but the outpourings of misguiding patriots, but when the president of the world organization himself tears away the scenery and reveals the true situation, that is something else again.

In part Mr. De Valera said: "There are on all sides complaints of bitterness and suspicion. People are complaining that the League is devoting its activity to matters of secondary interest while international problems of the day are being shelved or ignored. People are saying that equality of states does not apply here in things that matter.

"People are becoming impatient at the apparently meager face-saving results of successive league conferences and meetings. They are inquiring whether these conferences justify the burden of contributions to the League's budget. Finally there is suspicion that little more than lip service is paid to the fundamental principles on which the League is founded.

"There is a suspicion that action by the league in the economic sphere is paralyzed by pressure of powerful international interests and that if a hand is raised against the covenant sufficiently strong, it can smite with impunity."

Finally Mr. De Valera warned that the only way to silence this criticism would be "to show unmistakably that the covenant is a solemn pact of obligations which no nation will find it possible to ignore."

If the records of the debate in the Senate on Uncle Sam's proposed entry into the League, back in the Wilson administration, were now carefully scanned it would be found that those opposing our entry predicted that the things which have now come to pass so far as the League is concerned, would come to pass. But there is disposition here to indulge in the old pastime of say "We told you so."

The reason that the League is devoting itself to matters of secondary importance and ignoring more important problems is that it has neither the power nor authority to do anything except investigate and get out reports in matters about which the politicians of the big powers are concerned. It cannot act in affairs of first rate importance because powerful interests inside the League cannot get together on these. In other words the league has proved itself to be not a happy family devoted t othe best interests of the world but an organization in which the most powerful members are cold blooded exponents of the game of international diplomatic poker.

Two questions of outstanding importance now confront the league. One of them is concerned with Japan and its newly sponsored republic in Manchuria. Many members of the League, perhaps a majority of them, do not favor the Japanese action in the Orient, but the League can do nothing about it because France and Great Britain are not willing to go very far in the matter. The other question is that of general disarmament. Germany has withdrawn from the disarmament conference and is threatening to re-arm. If the League undertakes to inflict any penalties or do any investigating, Germany threatens to withdraw from the league. If she does so Italy may follow suit, to be followed by some of the smaller members nations.

As Mr. De Valera has said, the only way for the League to re-establish itself in the eyes of the world is to do something big. But it will not do something big because some of the leading member nations will not permit it. The League may struggle along temporarily with another face saving compromise, but the time is coming when it will no longer figure as an influence of any potence in international affairs. Only a miracle can change the situation.

REPUBLICANS SHOULD AND WILL SUPPORT THE REPUBLICAN TICKET

The Union-Banner does not believe there is any considerable number of Republicans in Chilton County who are inclined to withdraw their support from the Republican party and its candidates in the General Election of November 8th. If there are any of such disposition, it must be said their attitude is very poorly justified.

A brief comparison of the administrative record of the Republican party of Chilton County with that of the Democratic party in both Chilton County and Alabama is certainly enough to convince any reasonable and thinking person that the only sensible course is to remain loyal and true in support of the Republican party. This course is clear to those who would give their suffrage to the support of policies of government that have proven worthy of the confidence of an honest electorate.

It is not necessary here to point out that Democratic party government in Alabama has brought our state into the most miserable mess that can be found anywhere in the annals of politics. Even the Democrats themselves would attempt to do nothing but admit the truth of this situation.

We ask then, how in the world can the Democrats of Chilton County have the face to urge Republicans to vote the Democratic ticket, when to do so would be to give our consent and approval to the colossal failure and mismanagement the Democrats have made in carrying on the government of our state. They must surely think the Republicans of Chilton County are fools if they expect us to do such a thing.

On the other hand, it would appear to us more reasonable and of better judgment for the Democrats of Chilton County to register their protest against the deplorable and hopeless Democratic record in Alabama by voting with the Republicans. And in the name of common sense and the hope of better government, we sincerely and respectfully invite them to do so.

All the while the Democrats of Alabama have been running the government of Alabama from bad to worse, the Republicans of Chilton County have been making steady progress from year to year in placing our county upon a better basis of business administration. This fact can not be denied by anybody. Then, what a foolish thing to think of Republicans turning away from our party's record of good government, and turning our county over to a political party whose record in Alabama is anything and everything but good government. It is preposterous and absurb to think about it.

Much is being said about how Republicans will fail to support President Hoover in Chilton County. It is easy to see why the Democrats want to make so much fuss about national politics. They welcome such an opportunity, because they hope to use it as a means of drawing attention away from their own debacle in Alabama. Their condemnation of Hoover and pleadings in behalf of Roosevelt are as empty and void as any other of their spacious campaign arguments.

Republicans everywhere, if they will be fair and reasonable, can only reach the conclusion that there is nothing to gain in turning away from the Republican party in perilous times. The country has never turned to the Democrats in a crisis and found relief. They will not do it this time. The country may elect Roosevelt president. But if they do, it is a safe bet that the campaign promises of the Democratic party will prove to be as sounding brass.

The Republicans of Chilton County have nominated candidates for the various offices —candidates who, when elected, will continue to carry out the fundamental policies of the Republican party in rendering to the people of our county the very best government possible. They are each and every one, people who are willing and able to render wholesome public service. The Republicans of Chilton County will not be fooled by the empty campaign arguments of the opposition into turning their votes against the party that has made Chilton County outstanding as one of the best governed counties in Alabama.

Our people will not forget the season of Democratic party rule which we had some years ago. In a brief six-year period our county was flung head over heels into debt and extravagance, typical of what has come to practically every county in Alabama under Democratic party management.

To turn our county over to the Democrats again would only promise us the undoing of all that has been accomplished by our Republican officials in restoring our public affairs from the mismanagement of the Democrats. We do not believe it is possible that any considerable number of our Republicans have any notion of doing such a foolish thing.

The MAN in the MOON

Looks Over All—
Overlooks None.

The Peckerwood and the Stump

As a general rule, nothing gets my goat quite as badly as to hear some guy chirp up with "Things couldn't be worse," but I've heard it so much right lately until it is getting to be funny. I don't believe anyone really believes that things couldn't be worse. When a guy things and talks like that, he might easily be classed in one of two classes—he's either too lazy or too busy to look around and think for himself, and so lets someone else think for him, and then just plays "follow the leader" and talks like he hears others like him talk; or he is much better off than the rest of us, and hasn't been bitten very hard by the hard times bug. And those who are simple-minded enough to really and truly believe that Hoover is the cause of the depression remind me of the peckerwood-and-the-stump story. It is said that once upon a time a peckerwood lit on the side of a dead and rotten stump and began pecking with all his might. About that time a strong wind arose and blew the old stump down. And the peckerwood flew away, and in his simple way, died thinking he knocked that stump down. Don't be a peckerwood—reason things out for yourself.

At the Cross Roads

In the next article below, headed "Let's All Vote," I will appeal to all qualified electors to turn out and let's have a real vote on November 8th. But, in this article I want just a word to the young voters—those who have just become qualified and will be casting their first ballots. When a person reaches the age of 21 years he has come to a sort of political cross roads. At this time he chooses his party, so to speak, and should be very careful as to his choice. Here in the South many vote "like pap does" never thinking for themselves why they vote a certain ticket. This condition ought not to be, and I venture that many of these, if they would noly take a little time to consider what they want in the line of politics, would make a complete change as to their party affiliations. I suppose a like situation exists in other sections of the country, in some degree, at least. There is bound to be some prejudice, which will have it's place, whether or not. But this prejudice should be disregarded in making one's political selection. It has no real and sensible place in politics. We should vote with the party the principles of which we find, after due consideration, fit our own particular needs best. I do not mean tha teveryone should vote a Republican ticket, just because I believe that to be the party with the best principles. Two strong parties are necessary to keep up sound government, else there would soon be too much corrupt practice in the government. While one party is in power, there should be another strong party to keep close check on the methods used and ends reached by that party. We have a very good example of what one-party government will terminate in, right here in Alabama. I imagine there are other states in other sections of the United States in as bad shape as our own, maybe from the same cause, and maybe the Republican party is in power, and has been for many, many years in those states. So, I repeat, when you go about the business of selecting your party, do so with reason as to what you want and what fits your needs in government. Think over your needs, as to government—then check the underlying principles of the two parties to find which will fill your own particular bill best, and then vote that ticket. That is the only real way to vote intelligently. To follow any other method is to leap blindly into the dark, not knowing how or where you may land.

Let's All Vote

I want to urge all qualified electors to COME OUT AND VOTE in the forthcoming election on November 8th. To fail to do so may result in officers being elected who do not suit you. And then, you owe it to all the people to help elect the best officers. "Slacker" is a term to be despised, yet the non-voter is, without a doubt, a slacker. Show enough "Get-up-and-get"—or maybe it's real name is "gumption"—to say who you want for officers. Come out and vote! Otherwise, if bad officers are elected, you should do as you did on election day—sit still and say nothing, no matter how bad it hurts. Speak now, or forever hold your peace.

Near Beer

Yes, it's here—near beer. Now, I didn't set out to get all poetic and everything—it just happened to rhyme off, like that. But it's a fact. The "near beer" is here. I saw a big truck come into town one day this week and make delivery of the special brew. But one fellow, at least, who has tried a bottle, says that they have named it all wrong. He says it is not NEAR beer. He says it looks like, tastes like, and foams like beer, but isn't beer by any means. I have been told that it carries about one-sixth the amount of alcohol that common buttermilk has. And, yet, when it hit town there was a bit of a rush to try it out. That seems just a bit funny and crazy that people will pay 17 cents a bottle for that stuff and swill it down, although it has only one-sixth the "kick" buttermilk has, just because it happens to be called beer. I can't see it that way. The dumbness may be all mine, but it looks like a dumb practice up this way.

In Closing

The Good Samaritan Contest is all over—we had a great time of it all while it was goin on, didn't we? Seems funny to see somebody go in and buy something without a dozen on hand with "gimme the votes, will you?" By the way—that turned out to be a hot little race, with lots of interest shown, especially in the last few weeks. Boy—oh, boy! See Clyde Foshee in town—Dr. Foshee (once just Clyde) is a man Chilton County is proud of. You can watch him, folks—Clyde is bound to make a big mark in his profession. Just saw Louie Smith stop a man and pull the pump-handle act on him—and now Louie's telling him something, and I'll bet a dime it doesn't concern banking, not a bit. Louie is a nice chap—I hate to see him in the wrong pasture, but maybe he can feel good after he get's his little whipping on November 8th. I like Louie, even if he is a Democrat. So long—'til next week.—Man in the Moon.

The Farm Board is proposing to sell 15,000,000 more bushels of wheat to China and instead of cash we might take it out in service—get them to wash all the dirty linen of the 1932 campaign, for instance.

The queerest mixture of optimism and pessimism is the concern that fears, when beer comes back, there will be a shortage of brew in the United States.

"Well, well!" remarked the town crab, cheerily as he looked over the ballot. "What a perfectly marvelous number of people to vote against."—Detroit News.

The little log or red school house produced men like Lincoln, McKinley, Cleveland and Garfield, and the modern educational palace of post World War days has yet to prove that it can do better.

We understand that in reply to Calvin Coolidge's presentation of the Republican case, Governor Ritchie of Maryland will present the Democratic case. This means it will contain two dozen full quarts.

Mexico has at least one advantage over the United States—when it eliminates a candidate he stays eliminated.

There will be less speed on the highways when there is more in the courts.

What we need is not so much to make the people tax conscious as to give the tax assessors a tax conscience.

MORAL ECHOES

(By D. W. Haskew)

I went fishing down on the bay. On my hook I placed a large, live minnow and threw it in for big game. At first the minnow was very active and I was sure that it was playing for a strike. Soon there was no action in the water and my line hung down with a dead still. On lifting my hook out of the water I discovered that my live minnow had been nibbled to death and all the flesh had been chewed from the bones. I only had a skeleton on the hook. It must have been bad for a minnow to be nibbled to death by other minnows. In the most of us there is something that rebels against being nibbled to death by minnows. If a whale decides to swallow me, I will not feel so humiliated, but to be nibbled to death by fish so much smaller than I am, well, that is without a thrill. It sounds so simple to hear a spelling book critic trying to find fault with a college graduate about his grammar. To be chewed up by a bear is not so bad as to have our bones licked clean by mice.

I saw two men walking up the road. They were being followed by a large dog. To save me I could not tell to which man the dog belonged. He followed both men as they traveled on the highway, but they finally came to where a road turned to the right. One of the men left the other and then I could tell who owned the dog. He followed his master. The owner of the dog did not even have to whistle to his hound. He followed his master without any appeal. I often see two people during the week going in the same direction. They live about the same way, and sometimes it is rather difficult to tell who is a Christian. When these two people come to the place where right and wrong part, then it is no trouble to tell whom the person belongs to. Like a dog, a human being will follow his master. If you belong to the devil, when he truns to the left, you will follow him. If you belong to Christ, when He turns to the right, you will follow Him. When Wednesday night comes, when Sunday morning comes, it is not hard then to tell to whom a man belongs. When you see a man going the ways of the flesh, it is not hard to tell to whom he belongs. You are following your master.

One day I saw a bunch of dogs all huddled together. They were snarling and growling and showed signs of a bad temper. I picked up a good sized rock and hurled it into the midst of the dogs. They scattered like a drove of quail, but one of them went away yelping and limping. It was the hit dog that hollowed. When a preacher knows of the crowd who have collected to create trouble and he hurls the truth and the standards of right at that bunch, they will scatter, and those who go away limping and yelping will be the ones who have been hit. Let us say again, "It is the hit dog who hollows."

I heard two soldiers talking to each other. One accused the other of doing nothing in the army but drawing his rations. One said to the other, "When we marched you carried no load, when we drilled you sat down in a chair, when we dug ditches you folded your hands, when we fought battles you were under cover. You ate more and rested more than any other man in the division." That kinder sounded like some folks in our churches. They are great when it comes to eating and resting, but when there are loads to be carried and battles to be fought, they are not there. A true soldier of Jesus Christ will carry his load and fight his share of the battles.

Suppose that a fellow came to help you in the building of a barn on your premises, and could bring with him a mule, a goat, a skunk, and a bumble bee, to assist in the job. With a kicker, a butter, a stinker and a stinger, you would not hope to build much with your help. And yet, that is the team that we find in many a church and community. We must build our schools, our homes and our churches and we must have help. Not much can be accomplished when "kickers, butters, stinkers and stingers" are all about to hinder. It is hard to build when we are surrounded with a crew like that.

There was a terrible rail road accident. The wounded engineer lay by the side of the road as another engine whistle blew near by. The dying man opened his eyes and said, "Is that Van Bell's engine," "Yes," replied the conductor who leaned over him. "Then stop him and tell Van Bell to come and pray with me," gasped the injured man. The coming train was stopped and a Christian engineer knelt by the side of his wounded comrade and prayed for his soul. Van Bell lost fifteen minutes with the dying man and the conductor of his train became very angry and reported him to the Central Office. The superintendent of the road called Van Bell into his office and informed him that he had been notified of his delay with a dying engineer by the roadside. Van Bell expected a rebuke and a discharge, but the superintendent was a Christian, and he took the engineer by the hand and said, "I commend you sir, for holding up traffic, while you helped a poor lost soul over the river of death." Van Bell, the best engineer who ever pulled a throttle was right. We can afford to stop every wheel of commerce, if in doing so, we can help a lost soul to find God.

The Man on the Corner

Some Sights He Saw—
and Some He Saw Not.

A large delegation of people from Clanton went to Montgomery Tuesday in the interest of legislative matters of importance to the schools. Many members of the parent-teacher associations of the local schools were in the delegation.

Hunters who have been going to Mulberry Swamp since the season opened report plenty of squirrels and also rattle snakes. Some hunters came in Monday night with seventeen squirrels and three monster rattlers in the bag. These hunters have decided to stay out of the swamp until it gets cold enough to run the snakes into a hole.

The Union-Banner is gratified to have a letter this week from J. Toy Williams, our Baptist Missionary in China. He sent us a clipping from a Shanghai evening newspaper of Monday, March 28, in which he read an account of the second storm which visited Chilton County on Sunday, March 27. In his letter Mr. Williams requested us to express his greetings to his many friends and relatives in Clanton and Chilton County.

In spite of the inability of the state to pay its warrants to the Confederate pensioners, Judge Reynolds makes the happy announcement that he has arranged with the banks of Clanton to cash the warrants at a very reasonable discount, and thus provide the money immediately for the use of the pensioners. There are some pensioners, he says, who have not yet called for their warrants. They are urged to come and get them and take them to the bank, if they need and want the money.

Near Beer has been on sale in Clanton since last Saturday. So far, however, I have not seen or heard of anybody going wild about it. It is impossible to drink enough of it to cause anything like that.

SOME INTERESTING COST FIGURES

Designated as some remarks upon the report of William F. Feagin, the Economy League of Alabama has given out some very interesting, though perhaps also startling figures, based upon operation of the Alabama Prison Farm at Atmore.

It is stated that the farm produced 623 bales of cotton at a cost of $303.06 per bale, or more than sixty cents per pound; 32,143 bushels of corn at a cost of $3.27 per bushel.

So this is economy? asks the League. And then proceeds further to say:

Is there any wonder, the teachers are not paid, with such rank extravagance in other departments?

The people who are responsible for this expensive cotton and corn are the people who claim the budget cannot be balanced with economy. The same people are crying for more taxes—more taxes.

What for? To build up political machines, to pay political debts and to punish political enemies.

The opportunity of a generation is at hand for the people to recover the government of Alabama and see it operate again for the benefit of all the people and not for the office holders only.

The people of Alabama have said, "There shall be no taxes added to our already heavy burden" and there will be no tax added.

The people of Alabama have said, "Balance the budget with economy, as we have had to do, then our teachers can be paid." And this budget must be balanced with economy. The people have closed the tax doors and they will remain closed.

What do you think?

Harvest days are about over in the United States but a lot of candidates are still wondering just what the harvest will be.

In a great many cities last week they were busy turning back the clock one hour. Wouldn't it be nice if we could turn it back to 1929?

25 YEARS AGO

News Items as published in The Union and in The Banner, Issues of
October 10, 1907

Sunday afternoon Fenn Jones hired a horse and buggy from Rusie and Barnes, intending to take a nice drive with some pleasant companion. But alas! How easily things go wrong. While the horse and driver were awaiting the arrival of the companion the animal got scared and ran away, finally landing himself in the barbecue pit back of the Masonic Hall, breaking a leg. Fenn, not to be debarred from the drive with the chosen companion, got another team and went off triumphantly.

Mr. E. R. Piper of Shelby visited his father and mother Sunday.

Mr. Charlie Holt and daughters, Lucille and Dolly, of Muscadine, Ga., are visiting Mrs. A. E. Evans.

Married—K. R. Burnett and Miss Julia Dawson; J. D. Broadhead and Miss Flossie Robinson; G. G. Gray and Mrs. Nannie Knight; Tom Smith and Miss Nellie Lee Smith.

Rev. F. M. Woods, P. M. Moore and W. I. Mullins are attending the Unity Baptist Association at Bethsalem.

Mr. and Mrs. L. E. Gullahorn visited the Capital City last week.

D. M. Apperson announces a public meeting at Stanton to protest the exhorbitant charges of Chilton County physicians.

Prof. J. A. Ranies was a visitor to Clanton Friday. He is teacher of Cross Roads School near Cooper.

Squire Alf Childress and daughter, Miss Alma, were Clanton visitors Thursday.

J. W. E. Gulledge is Game Warden of Chilton County.

Chilton County has 6,847 children of school age, and the school fund this year (1907) is $14,173.29, or about $2.07 per capita.

Attorney A. C. Smith and family have moved out to their new home in South Clanton.

University News

University, Ala., Oct. 10.—Students in electrical engineering, University of Alabama, are building their own machinery for work in the laboratory, according to Prof. Fred Maxwell. The equipment erected by students includes a dynamometer and a klydonograph, the latter an instrument for measuring and photographing high voltage, surges, and discharges.

The Hazen Agency Grant for religious work among college students has again been awarded to the Rev. and Mrs. O. K. Lamb at University of Alabama. The grant is made from an eight-million dollar bequest by the late Edward W. Hazen, wealthy Haddam, Conn., publisher.

Lady Cinderella did not wear glass slippers to the ball but slippers of squirrel fur, according to the University's Wade H. Coleman, assistant professor of French. The translation of the old French folk story had probably never heard of the word "vair," and when he saw "souldier de vair," he thought "souldier de verre," was meant. "Vair" menas squirrel fur, and "verre" means "glass." Thus the error came about.

The Y. W. C. A. representatives of twelve Alabama colleges met with the University chapter for the annual state wide conference held at Camp Cherry Austin October 7 to 9. Speakers included Dr. O. C. Carmichael, president of Alabama College; Dean Stone of Woman's College; Prof. Baskin Wright, University; the Rev. Theodore K. Evans, Tuscaloosa; Dean Ellen Harris, University; and Miss Elizabeth Smith, southwide Y. W. C. A. worker.

Olivia Prewitt, Cordova, was awarded the Alpha Omricon cup given annually to the Home Economics student making the highest scholastic record in her freshman year. Miss Prewitt made a record of 36 hours of A's out of 36 hours she took.

By Special Arrangement With the Manufacturers we make this SPECIAL INTRODUCTORY Offer for a Short Time Only.... **99c**

Ask Your Doctor Two Important Questions

How Many Minerals Does the Body Contain? Why Are Minerals and Vitamins So Essential to Bodily Health?

When your doctor names the Mineral elements of the body write down the list carefully. Take this list to your druggist and ask to see a bottle of LEE'S MINERAL COMPOUND, the marvelous new formula that is bringing health to thousands. Compare the Doctor's list with the label on the bottle and you'll find, without exception, every one of the essential Minerals are contained in this famous compound. That's the reason for its amazing success. It's Nature's own way to health.

OUR WONDERFUL BODIES

Strange as it may seem, these wonderful bodies of ours consist of a very limited list of fundamental chemical elements. It is now known that only eleven minerals and five gases are needed by Nature in building the strongest man or the most beautiful woman.

OUR BODIES ARE ROBBED

All of these essential Minerals and gases are present in natural foods but improper cooking and an unbalanced diet rob us of these vital elements. The system becomes charged with acid. Indigestion and Constipation follow. We become nervous and irritable; subject to headaches, fail to get the proper rest at night, become weak and listless and good health deserts us.

NATURE DEMANDS HELP

When any of the essential Minerals are deficient, Nature demands help. Harsh laxatives, "patent" medicines and "pain killers" won't do. You must feed into the body those missing elements that Nature demands. LEE'S MINERAL COMPOUND, the new scientific formula, contains a balanced supply of Minerals, in combination with vitamins and it is surprising how quickly the system responds to this Natural health building formula.

CLEARS THE SYSTEM

LEE'S MINERAL COMPOUND, with Vitamins, sweeps the system clean of impurities, drives out dangerous "toxic" poisons, eliminates excessive acids that destroy health, supplies the body with essential minerals, builds rich, red blood, new strength and energy, restores the appetite and aids digestion.

MAKE THIS 10 DAY TEST

Convince Yourself!

Stop dosing yourself with "patent medicines," harsh purgatives, oils and cathartics for just 10 days. Go to your nearest Druggist and secure a bottle of LEE'S MINERAL COMPOUND. Take it regularly, and watch the results. You'll be amazed at the feeling of renewed strength and vigor that soon appears. No narcotics or alcohol to "boost you up" but a natural method of restoring health and energy.

For Sale by Upchurch Drug Co., Clanton, Ala., and other good Drug Stores Everywhere. Or send $1.00 to Lee's Laboratories, 365 Peachtree Arcade, Atlanta, Ga., for a large bottle, postage paid.

Maplesville Dots

SERVICES AT MAPLESVILLE BAPTIST CHURCH

On next Sunday, October 16, the Maplesville Baptist church will conduct her regular services. You are needed at the Sunday school and the morning and evening services. Don't miss a blessing by staying away from the house of God. All people are invited and urged to attend.

Some time ago the following unique notice was fixed to a church door in England: "Missing, last Sunday, some families from church. Stolen, several hours from the Lord's day, by a number of people of different ages, dressed in their Sunday clothes. Strayed, half a score of lambs, believed to have gone in the direction of 'No Sunday school.' Mislaid, a quantity of silver and copper coins on the counter of a public house, the owner being in a state of great excitement at the time. Wanted, several young people. When last seen were walking in pairs up Sabbath breaking lane, which leads to the city of No Good. Lost, a lad, carefully reared; not long from home, and for a time very promising. Supposed to have gone with one or two older companions to Prodigal Town, Husk Lane. Any person assisting in the recovery of the above, shall in no wise lose his reward."—Paul Oden.

HOME COMING AT CONCORD

Homecomings are not so very prominent through this section of the country. That is, in regard to the church, but I do not see any reason why, unless the people know so little about a church home coming and its effect toward unity and progressivness. People are acquainted with family home comings when the children come back home to spend a day with father and mother, and each other. This is the kind of day we want to make out of our church home coming.

We want to learn who our fathers and mothers were. We want to learn who our older brothers and sisters are. We want to learn how old the oldest ones are, and how young the youngest ones are. We want it to be a success and are depending upon the members, wherever you may be, and whoever you may be, to help make it such.

If it's impossible for you to be there, be sure to send your name and address to either of these, Miss Virginia Little, Mrs. O. H. Lawrence or J. Hudson Williams, all of Billingsley Route 1, and they will be glad to register you. Those members who are present are asked to register sometime during the day.

Dr. T. C. Cassady of Montgomery, one of our former pastors, will deliver the eleven o'clock address. Others of our former pastors are to take part on the program. Special singing will be a feature of the program.

Our fourth quarterly conference will be the last item on program. Service will begin about 9:30. Lunch will be served.—Member of the committee.

THANKS FROM CONCORD

We wish to thank each and every one who contributed or helped us in any way in winning the prize in the Good Samaritan Contest. — Concord church.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

Lesson for October 16

THE HOME AND THE COMING GENERATION

Genesis 18:17-19; Deuteronomy 6:4-9; I Samuel 1:24-28; Mark 10:13-16; II Timothy 1:5, 6.

GOLDEN TEXT—Train up a child in the way he should go: and when he is old, he will not depart from it. Proverbs 22:6.

PRIMARY TOPIC—Timothy's Home.

JUNIOR TOPIC—Honoring God in Our Homes.

INTERMEDIATE AND SENIOR TOPIC—Helping to Make Our Homes Better.

YOUNG PEOPLE AND ADULT TOPIC—Home Ideals for Today and Tomorrow.

I. The Home Which Is to Be (Gen. 18:17-19).

The particular home in mind here is Abraham's. He was not only to become the head of a home, in the ordinary sense, but also the head of a nation through which particular blessings should come to the whole world.

1. Abraham to be the head of the home (v.18). The husband is the head according to divine arrangement. How blessed it is when the lawful head of the home recognizes his responsibility, and in the fear of God seeks to discharge it.

2. Abraham's responsibility for instruction of his family (v. 19). God was about to destroy Sodom. The interests of humanity were at sake in the judgment upon this wicked city. It was God's purpose that Abraham should teach his descendants as to God's purpose through them. It is a father's solemn responsibility to teach his children the purpose and ways of God so that they may in turn take their place and become a blessing to the world.

II. God's Word, the Foundation of the Home (Deut. 6:4-9).

The home has a vital teaching function. The child develops slowly. It remains in the home for a long time, to give an opportunity to be taught the things of God. To teach God's Word to the children is a solemn obligation imposed upon parents.

1. The central truth to be taught (vv. 4, 5).

a. The unity of God (v. 4). This fundamental truth should be lodged in the mind of the child in its tender years.

b. Man's supreme obligation to God (v. 5). It is to love God supremely—heart, soul, and mind.

2. How the truth of God is to be kept alive (vv. 6-9).

a. It is to be diligently taught to the children (v. 7). This is a responsibility that dare not be delegated even to the Sunday school and church.

b. It should be talked of to the children everywhere and under all circumstances (v. 7). Impressions will thus be made upon the mind which cannot be effaced.

c. It is to be bound upon the hands and placed as frontlets between the eyes (v. 8).

d. It is to be written upon the posts of the house (v. 9).

III. Children Should Be Dedicated to the Lord (I Sam. 1:24-28).

The union of man and woman in holy marriage is for the propagation of the race. Parents have a solemn responsibility and should esteem it a great privilege to give their children to the Lord. The example of Hannah in giving Samuel to the Lord should encourage all parents to follow her example. According to her vow, she took Samuel to the sanctuary and gave him over to the priest, to assist in the ministry in the Lord's house.

IV. Jesus' Attitude Toward Children (Mark 10:13-16).

1. Mothers desired that Jesus might touch their children (v. 13). Doubtless they had witnessed the healing power of His touch and coveted it for their children. All Christian parents want their children to come into contact with Jesus Christ.

2. The disciples' rebuke (v. 13). Thinking the children were too insignificant to engage Jesus' attention, they rebuked the mothers for bringing them to him.

3. Jesus' reply (v. 14). He declared that of such is the kingdom Therefore, the children have a right in the presence of the King.

4. Jesus blessed the little children (v. 16). He took them up in his arms and blessed them. Christianity is peculiarly favorable to children.

V. The Godly Home (II Tim. 1:5, 6)

Timothy's wise and faithful mother and grandmother carefully nurtured him in God's Word. He knew the Scriptures from childhood through their training. His faith came to him not through laws of heredity but through the careful teaching of God's Word. The factors involved were godly ancestors, a Christian home, and diligent study of the Scriptures.

WORDS OF WISDOM

Love never covets.

* * *

Self-conceit is always a hard master.

* * *

Pride is always hard on a man's clothes.

* * *

Many a man behaves himself because he has to.

* * *

Continue to wink at a sin and you will fail to see it.

Mr. and Mrs. G. O. Foshee visited Montgomery Saturday.

ISABELLA HIGH SCHOOL NEWS

(Too late for last week)

Isabella High School has gone into its fourth week of work. Everything is straightened out in good shape—a satisfactory schedule of recitation has been completed.

The football team is getting down to hard work, and had its first game of the season last Friday aternoon with Dallas High School at Plantersville. The score was a tie, neither team being able to score.

It seems that the school is making satisfactory progress under G. G. Williams, the principal. — Reporter, Elizabeth Mims.

MEMORY OF JAMES DEE HAYES

James Dee Hayes, little son of Mr. and Mrs. Luther Hayes of near Thorsby, after seven days of intense suffering from diphtheria, was released from pain, and quietly fell asleep at 1:10 p.m. Saturday, October 8, 1932, leaving to mourn his departure, the heartbroken parents and two little sisters, Dorothy Nell, 6, and Betty Faye, 2, besides other relatives and a host of friends who have learned to love his gentle disposition and winning ways.

All that human ministry could do having failed to give permanent relief, we could but bow in submission to the Father above, and say, "Thy will be done."

Our little boy had been with us since January 5, 1929, and with Job we can say, "The Lord giveth and the Lord taketh away, blessed be the name of the Lord."

He was laid to rest at Liberty Hill Sunday morning. Owing to the disease, funeral services were held in the cemetery. Words of comfort were spoken by Rev. A. L. Foshee, which strenghtened in the hearts of the loved ones the hope of meeting the darling at the first resurrection. Little James' guardian angel, which protected him in life and watches over the precious little mound in death, will hasten to bear him, clad in immortality, to the arms of His now bereaved parents. What a glorious meeting that will be!

As we left the grave, banked with floral tributes of carnations and ferns which James loved so dearly, by faith we look forward to the new earth and to see him, roaming the fields or mountains with little wings plucking the never folding flowers.

In conclusion, we wish to thank the friends, doctors and nurses who were ever responsive to our needs and pray God's richest blessings on each and everyone of them.—Mr. and Mrs. Luther Hayes and family.

Central Singing Society

The Central Singing Society met at Walnut Creek last Sunday afternoon. The crowd was small and so was the class, but the singing was fairly good. There were plenty of directors. Prof. O. L. Devaughn presided. A. O. Boswell and Marion Easterling, members of the committee, arranged the program, which consisted of the following directors: Chester Wyatt, Emmett Wilson, Lee J. Grant, A. O. Boswell, S. V. Miller, T. E. Wyatt, Marion Easterling, Dr. J. B. Williams, Marion Mims and Jasper Jones. The singing was opened with prayer by Mr. S. M. Yates. The closing prayer was offered by Rev. P. A. Lynch.

The society will meet next Sunday afternoon at Refuge. It is hoped that all who can will attend next Sunday afternoon, and lets have a good singing, as it has been several months since the society met with the Refuge class. Bring your new books, both Stamps and Henson. If you haven't a book, get one, as the singing for the past few weeks has been considerably handicapped on account of the scarcity of books. Folks must do something about the book proposition or else our society is not going to prosper much.

TAX NOTICE

Collector's and Assessor's Round

WE WILL ATTEND AT THE FOLLOWING TIMES AND PLACES FOR THE PURPOSE OF COLLECTING THE STATE AND COUNTY TAXES FOR CHILTON COUNTY FOR THE YEAR 1932 AND ASSESSING TAXES FOR THE YEAR 1933

Pletcher, Beat 15	Oct. 13	Shoults, Beat 7	Oct. 24
Providence, Beat 13	Oct. 14	Mineral Springs, Beat 12	Oct. 25
Cane Creek, Beat 11	Oct. 15	Culp Schoolhouse, Beat 15	Oct. 26
Stanton, Beat 8	Oct. 17	Macedonia, Beat 14	Oct. 27
Mars Hill, Beat 2	Oct. 18	Providence, Beat 16	Oct. 28
Thorsby, Beat 9	Oct. 19	Riderville, Beat 8	Oct. 31
Mt. Creek, Beat 5	Oct. 20	Clanton, Beat 4	Nov. 1
Kincheon, Beat 6	Oct. 21

X. Summarization			
41. Grand Total Payments (sum of items 26, 29, 34, 39 and 40)	$143,547.89	$11,667.59	$155,215.48
42. Balance on June 30, 1932			$ 9,625.88
44. Total money accounted for (sum of items 41, 42 and 43)			$164,841.36

The information contained in this report has been checked carefully and to my best knowledge and belief it is correct.

H. LAWRENCE,
Superintendent

Subscribed and sworn to before me this 31st day of August 1932.

Mrs. JEWEL MARTIN SMITH,
Notary Public.

- At the Theatre -

"Touchdown"

Thrills will come abounding and abooming to the Wadesonian Theater, Wednesday and Thursday, October 19 and 20, with the opening of "Touchdown," the first football story ever turned loose by Hollywood without the conventional Dick Merriwell finish.

"Touchdown!" is grand and glorious All-American entertainment; as indigenous as the turkey we devour on Thanksgiving—and every bit as exciting as plum pudding with a "stick" in it.

"Touchdown!" is a sumptous dish for the football-film fan.

The story is effective for a good many reasons—but the first one that occurs to this reviewer is the ending. It reminds us of no other football summary that was ever unfolded upon the silverscreen; for the home team, the team coached by Richard Arlen, and the one which we have been rooting for all through the action, does NOT win the final game. In fact, the team loses decisively against a superior gridiron foe.

But however dramatic this may make the denouement appear, don't misunderstand; the ending is a happy one, morally. For Arlen wins the heart of a pretty girl, and there is a decided savior of orange-blossoms in the air at the final close-up.

"Touchdown!" is a very vital and exciting story. It goes farther than the goal-posts to get its audience-interest. It reaches into life's crayon-box and sketches characters, moods, emotions, social nuances, and action that are wholly believable and diverting at all times.

In fact "Touchdown." is as far from the average football story as the Notre Dame team of 1930 was from the Notre Dame team of 1903.

Paramount has brought an abundance of technical authenticity to this pulse-stirring modern classic of the fooball field. The author, Francis Wallace, was press correspondent for Rockne's championship team for some years. He is an expert on football, an author of two novels about the game, and a sports writer of country-wide renown.

In the numerous football scenes appear many of the gridiron great of the past few years. There are five All-American players in the line-up.

The story deals with the moral, social and romantic issues at stake in the building up of a great football team. Arlen, as the coach, is the central figure in these dramatic-romantic events. Peggy Shannon as the girl he loves, is more bewitching than ever. Charles Starrett, Jack Oakie, Regis Toomey, and George Barbier have prominent parts.

It's a great thrill-picture. And it s so fabricated that one need not be a football sharp to get a big boot out of it.

THE UNION-BANNER AND B'HAM POST FOR $3.00

Newspaper bargain days are here again. And they are "bargainer" this year than ever before. Elsewhere in this issue will be found an adv., which offers The Birmingham Post and The Union-Banner both one year for $3.00. All orders should be mailed direct to The Union-Banner.

You know what The Post is and you know what The Union-Banner is; therefore, we can only say that this special offer will not last long, so you had better take advantage of it at once. This holds good for both new subscribers and renewals.

Rev. Metcalf of Verbena attended serivces at the Methodist church Monday.

In *Good* Times and *Bad* —Your Service Improves

Some of our customers have commented favorably upon the fact that telephone service is better than ever, despite the depression, and that their telephone friends seem as anxious as ever to satisfy the individual needs of subscribers.

This is gratifying, but quite natural when one considers that service comes first with telephone people and that they regard it as a serious obligation to serve the needs of the public efficiently, twenty-four hours a day, in good times and bad times.

During the past ten years the number of telephones in practically every community has doubled, and in some instances trebled. With this growth the service has become more complex but there has been a constant improvement due to scientific inventions, new methods and practices and a more skilled and experienced personnel. The value of the service has grown to the extent that it is regarded by many as the cheapest form of service that can be bought.

That the increased quantity and quality of the service has not been accompanied by a greater cost to the user is because of economies effected by new inventions and practices which have been passed on to the telephone using public in the form of more and better service.

Although your telephone company has suffered a serious loss in telephones and an enormous loss in revenue, there are still many more telephones in service than there were five years ago and the cost, compared with the value, scope and quality of the service is much less than it ever has been.

Telephone people have faced the depression cheerfully. They have accepted shorter hours in order that the work might be spread among as many as possible and with a determination to fulfill their obligation to render the best possible service at the lowest possible cost consistent with financial safety.

YOUNG PEOPLE'S RALLY OF UNITY ASSOCIATION

The October rally of the young people's organizations of Unity association will meet at the Billingsley Baptist church Sunday afternoon, October 16th, 1932, at 2:30 o'clock.

Counselors, please have your organizations well represented. We are having a fall Christmas tree, providing gifts for missionaries to use in their work, asking each child to bring a small gift and place it on the tree. A suggested list to bring as follows: Small dolls, pencils, drawing paper, water colors, tablets, crayons, wash cloths, toys of all sorts, handkerchiefs, construction paper and patterns, gingham dress material, stamped pieces embroidery and soap. It would be nice to fold sufficient wrapping paper, ribbons, etc., and fasten to each gift ready for the missionary to use after she decides about the gifts best use. Everyone is urged to come.—Mrs. J. Z. Mims, young people's Leader.

ROCKETT WILL GIVE AWAY ALADDIN LAMP SATURDAY

Next Saturday afternoon at 3 o'clock Mr. Rockett of Clanton Building Supply Company will give away a $12.50 Aladdin kerosene mantle lamp. The lamp will be given to some person present. So if you want to get in on this proposition, don't fail to be at Rockett's at 3 o'clock next Saturday afternoon.

GOLF TUORNAMENT IS BEING ARRANGED NOW

The Clanton Golf Club is now making arrangements for the annual Fall tournament which will be carried out in the next two weeks.

Qualifying rounds will be played this week, terminating next Sunday. The match plays start Monday of next week, and will be completed on the following Sunday.

It is expected that sixteen or twenty players will qualify in the initial rounds and play off the matches.

ISABELLA B. Y. P. U.

The Mulberry B. Y. P. U. has started this quarter off fine. We have set up our program for the whole quarter, October, November and December which is as follows:

October 2nd, Group No. 1 was in charge and they put on a splendid program. Their topic was, "Every Man in His Place." October 9th, Group No. 2 was in charge, and they also put on a splendid program. Their topic was, "What About Crime."

Next Sunday night's topic will be "Jesus the Only Savior," Group No. 3 will be in charge.

The topic for October 23rd will be, "Our Supreme Obligation," with Group No. 4 in charge.

The program for October 30th is a special program, a radio program, using topic, "Christian Citizenship." Speakers will be selected from the B. Y. P. U. to put on this program and we think it will be very good.

The topic for November 6th is, "Be Still and Know That I am God," with Group 1 in charge.

November 13 is selected as our visiting Sunday, and will put on a demonstration program, using topic, "No Respecter Person, Roll and Class," with Group 2 in charge.

Topic for November 20 is, "Christ the One Lord," Group 3 in charge.

The program for November 27 is another special program, a camp fire program. The topic, "While They Moist," with group 4 in charge.

Topic for December 4th is, "A new Missionery Spirit," with Group 5 in charge.

Topic for December 11th, "Peace, Peace, Near and International Problems."

Topic for December 18th, "Jesus the Final Judge."

For Saturday night, December 24 the social committee is planing a Christmas social.

The last topic for the quarter, December 25, "Working Together around the Word," and this being the last Sunday in the quarter, we will announce the winners of a group contest which we will have been carrying on for the last three months. Our B. Y. P. U. has started a few other things that we think will improve it. One is our B. Y. P. U. and church library, which we have started by the donation of books from different members. We are always glad to have any suggestions from anyone, and we welcome visitors at any time. So come and bring a friend.—President.

MAPLE SPRINGS

Health in this community is fine at present.

Our Sunday school and B. Y. P. U. are progressing nicely. There was a large crowd out at both Sunday morning and night. Next Sunday is our regular preaching day. All who will come will find a welcome at this place. The preaching hours are 11 a.m., both Saturday and Sunday. Sunday school at 10 o'clock and B. Y. P. U. at 6:30. Come; you are welcome.

Messrs. Fred and Pratt Busby, of Birmingham, spent the week end with their sister, Mrs. Earl Gore.

Mr. Earl Falon of Birmingham spent the week end with his parents here.

Mrs. Sam Box and little daughter of Birmingham are spending this week with Mrs. Box's parents, Mr. and Mrs. W. A. Reynolds.

Burnett Favors The Republican Ticket

Editor Union-Banner:

In about one month the general election will be held, at which time we will be electing a president as well as our local ticket.

As the people know, I was candidate in the last primary, for County Commissioner of the Third District, and I was defeated in this election. I made the statement before the primary whether I was nominated or not, that I would do all in my power, as well as support with my vote, the full Republican ticket and immediately after the primary I also had a piece in your paper to this same effect, and I want to renew my pledge to my party at this time, and state that I will vote the full and straight Republican ticket and will work and do whatever I can to elect any and all nominees on this ticket.

I noticed a writer a few days ago compared the conditions of the State of Alabama with Chilton county, and he stated in his piece that State employees, members of the legislature, school teachers, as well as the old confederate veterans, were not being paid at this time and the state was actually in bankruptcy and the conditions all the time seem to be growing worse in the state, which, as you know, is financed and controlled by Democrats. On the other hand Chilton County is controlled and financed by Republihans, who have reduced a $200,000.00 indebtedness down to $98,000.00 with $25,000.00 set aside to reduce this debt further as well as all debts of other kinds paid in full and a warrant issued by Chilton County is worth 100 cents in the dollar at all times.

I do not see how any person in the face of such a comparison could even lonsider voting anything in this county, except a Republican ticket. It is no secret that Chilton county is considered one of the best counties in Alabama and is considered to be one of the best managed financially in Alabama and I believe we should do all in our power to keep it so and roll up one of the biggest majorities we have ever had for a full Republican ticket.—Yours very truly, J. L. Burnett.

OLD TIME SINGING AT COURTHOUSE OCT. 23RD

There will be a singing in the old books at the courthouse, Sunday afternoon, October 23rd. Both the Christian Harmony and Sacred Harp books will be used. Everybody invited. Singing will begin at 10:00 o'clock.—J. E. Cobb.

CEMETERY CLEANING TO BE HELD AT SHILOH OCTOBER 20

The Union-Banner has been requested to announce that there will be a cemetery cleaning at the Shiloh cemetery on Thursday, October 20. All who are interested in this are asked to meet at the cemetery and help in this work.

A FRUIT SUPPER

There will be a fruit supper at the home of Mr. Henry Scott near Pleasant Grove M. P. church on Saturday night, October 15.

Everyone is cordially invited to attend. The proceeds are to go for the church piano fund. Come early and see the clown eat fire. Lots of fun.

KIWANIS CLUB IS AGAINST TAXES

Resolution Adopted at State Convention Recently Held in Gadsden

A heated discussion on the increasing burden on citizens of Alabama by taxation came up at the last meeting of the Kiwanis Club of Clanton. A resolution was read and adopted. This resolution which is published here, was adopted by similar clubs elsewhere.

Telegrams were sent last week from the Kiwanis Club to Percy M. Pitts, representative from this county and Senator Duncan of Prattville, stating to them that the club was opposed to any further increase in taxes of any kind. The resolution follows:

Whereas, the people of Alabama are now confronted with the gravest financial crisis and business depression since Reconstruction Days, men are out of employment, business is stagnant, industry is prostrate, new enterprises have been abandoned, the people are struggling for a mere existence, accumulations, large and small, procured after years of sacrifice have been wiped out; and

Whereas, the cost of government is the largest single factor now preventing any return to normal activities of our people, and contributing to continued depression of industry and low prices of commodities and farm products and the unemployment of idle men in productive labor; and

Whereas, we have watched with dismay and growing apprehension the cost of our state government mount steadily from $7,832,000.00 in 1918 to in excess of $34,000,000.00 in 1931, and the bonded and floating debt of the state increase to $86,000,000.00 and the functions of state government multiply, office holders increase, demands for public funds grow, and taxes levied until the burden has become unbearable and beyond the ability of the people of the state to pay; and

Whereas, it is our unanimous and unhesitating opinion that the adoption of the income tax amendment and further increase of taxes proposed by Governor Miller under present economic conditions would not only be another crushing burden on industry and development and upon every citizen and on the taxpayers of this state, but would be a death blow to economy in State government; and

Whereas, we believe that the conditions of the state demand that its expenses be reduced and brought within the ability of the people to pay them and that the only solution that is being offered is further increase in taxes of all kinds.

Therefore be it resolved: That we demand (1) that the expenses of the state be reduced, and intelligent efforts be made to bring the expenditures of the state government within the ability of the people to pay them, (2) that the legislature abandon the program to increase taxes and levy additional taxes and that this financial crisis of the state be now solved and that drastic steps be taken to bring the state within its present income without increase of existing and without levy of new taxes. (3) That Governor Miller comply with his campaign promises and put into effect the reduction of state expenses, abolish useless offices, stop extravagant and wasteful distribution of state funds. (4) That the legislature evidence some regard for the people of this state, reduce their own salaries, discharge all clerks and other employees not actually needed in the legitimate and proper work of legislature.

Be it further resolved: That we are opposed to and urge the people to vote against the proposed amendments to the Constitution levying an income tax and authorizing a bond issue of $20,000,000.

That we believe that an increase in taxes will destroy all opportunity in this state to make further industrial progress, will drive capital from the state to prevent further investments and discourage develop labor, cause more unemployment and retard business recovery, and will result in the abandonment of necessary economy in state government or efforts to this end by the present administration.

VERBENA HIGH SCHOOL

The Senior Three class of Verbena High School enters its last year with the following staff of officers: President, Elsie Dennis; vice president, Eugene Pattillo; secretary and treasurer, Serena Mitchell; reporter, John A. Scott. The class colors are green and white. The class flower is a rose. The class motto is, "Ad Astra."

CLANTON METHODIST CHURCH

We have just closed our meeting, and many are kind enough to say that it was the best meeting that has occured at the Methodist church in years, and now we are asking that you prove this claim by church loyalty. A meeting that does not last after the blessing of the last service is no meeting. We want every body in place during the coming Sundays.

Our Sunday school meets at 9:45 a.m. Preaching by the pastor Sunday morning at 11 a.m. and at 7 p.m. Only four more Sundays and then your pastor will go away to conference.

Remember that all night services at our church will be held at 7 o'clock until notice is given. We want you to attend church because we want to do you good.

KENNEDY STRONG FOR REPUBLICANS

East Chilton Voter Thinks Our County Should Remain Republican

Editor Union-Banner:

As the political destiny of our county for the next few years is within the discretion of the voters, I have something to say to them, if I may through the columns of your paper.

To those of our party who failed in the primary to get your choice, I would like to say the foundation stone upon which our county, nation, and civilization is founded is "majority" rule. The majority have spoken. Can we fail to hear their voice? Then could we receive prestige of Republicanism, unless we conscientiously fight for and wholeheartedly endorse our ticket?

To those who stand upon principle, and who judge men by their merits, I submit to you in the personage of our candidates, men and women whose honesty, fitness for office, and character are unquestionable. The record of each one who makes up our ticket in the community, church and county are such that we can justly be proud of them.

Now a word as to our governments, county, state and nation. One has only to become informed to know that it is a matter of record that governments under Republican officials are more efficient.

From my section of the county comes C. D. Duke, Republican candidate for Commissioner of the Fourth District. To the voters of our county I can and do conscientiously recommend him to you as a man who has all the makings of a true and honest Christian gentleman. He is fully competent to fill the office to which he aspires. With his business ability he will fill the office with credit to our county. To put it like we do in the eastern part of the county: "If you were trying to find fault with Charlie Duke, you could not find it."—Irving Kennedy.

(Paid political adv. by Republican Campaign Committee of Chilton County.

A. & P. REACHES 73RD BIRTHDAY

Occasion is Celebrated By Unprecedented Sale of Food Stuffs

Market conditions indicate higher prices and the wise secretary and treasurer, as we like to call the modern housewife, will do well to take advantage of today's low prices, where it is practical for her to do so.

This thought was expressed today by W. L. Pratt, sales and advertising manager of the the Great Atlantic and Pacific Tea Company, when commenting on his company's seventy-third anniversary celebration being held in over sixteen thousand A & P food stores throughout the nation.

A & P food stores are offering outstanding prices on groceries, meat and vegetables in commemoration of the founding of the company. Seventy-three years ago the first A & P food store was opened on Vessy St., New York City, and steadily grew into a coast-to-coast chain of stores, now familiarly known in millions of homes as "A & P".

An upturn in general business conditions is felt eminent by officials of the Tea Company, and the local organization has expressed confidence that the territory serviced out of its Birmingham warehouse will be among the leaders in the recovery.

District Club Meeting Held Here Tuesday

Fifth District Convention of Alabama Federation of Women's Clubs Brings Many Prominent Visitors To Our City Attending Annual Session

The annual meeting of the Fifth District of Alabama Federation of Women's Clubs aws held Tuesday at Clanton Methodist church. The music Appreciation Club of Clanton was hostess to the Convention. Many visiting club women of prominence from Montgomery, Tallassee, Auburn and other towns of the District were present.

After registration of delegates, the following program was carried out:

10:00 a.m. Meeting called order by District President, Mrs. S. L. Toomer, of Auburn.

Greetings from the hostess were extended by Mrs. Barney Roberts.

Mrs. Reid Lancaster, of Montgomery, President of Alabama Federation of Women's Clubs, addressed the assembly.

All visitors were presented and introduced.

A business session included reports of club presidents; reports of credential committee; and election of District officers as follows: president, Mrs. S. L. Toomer, of Auburn; secretary, Mrs. Earl Hazel, of Auburn; treasurer, Mrs. Grady Broadhead, of Clanton; junior counselor, Mrs. R. L. Hebson, of Tallassee.

Luncheon was served at noon by the Methodist Missionary Society. During the luncheon Miss Mary Ellis sang a selection and Mrs. Pitts rendered a piano number.

The following musical program was rendered in the afternoon:

Organ group, by Mrs. Earl Hazel, (1) Reve Angelique, Rubenstein; (2) Grausenian Song, Rachmaninoff.

Vocal group, by Mrs. C. A. Carnes, Soprano (1) "Robin Sing Me a Song," Spross (2) "To a Hill Top," Cox.

Violin group, by Dr. Duncan Harkin (1) Sonata II, Allegretto, Greig (2) Wil helmj, Walters' Prize Song, Wagner (3) Suite III, Adagio, Ries.

Vocal by Mrs. C. A. Carnes and Dr. Duncan Harkin, Angel's Serenade (Blaga) with violin obligato.

Organ Solo—Toccato (Rogers) by Mrs. Earl Hazel.

Following is the list of registered delegates attending the luncheon:

Montgomery—Mrs. Reid Lancaster, Mrs. Edward Bogart, Mrs. W. Underwood Moss, Mrs. S. D. Graham, Mrs. Frank Rhodes, Mrs. C. E. Ingalls, Mrs. J. Thomas Alley, Mrs. J. A. Sellers, Mrs. Walter Agnew.

Tallassee—Miss Frances Herren, Mrs. R. L. Hebson, Mrs. Marvin Kimbrew.

Auburn—Mrs. S. L. Toomer, Mrs. C. A. Carves, artist, Mrs. Earl Hazel, artist, Dr. Duncan Harkin, artist.

Clanton — Miss Mary Ellis, Mrs. W. A. Willis, Mrs. Barney Roberts, Mrs. L. C. Ross, Mrs. J. C. Jones, Mrs. Percy Pitts, Mrs. T. H. Neighbors, Mrs. Grady Broadhead, Mrs. Reid Mullins, Mrs. S. L. Gibson, Mrs. John Armstrong, Mrs. Omar Reynolds, Mrs. L. F. Gerald, Mrs. W. M. Wyatt, Mrs. V. B. Curtis, Miss Margaret Kendrick, Miss Della Latham.

CHILTON ASSOCIATION WAS GOOD AT SARDIS LAST WEEK

Reports from the Chilton County Association held at Sardis Wednesday and Thursday of last week, say that it was well attended and one of the best ever held. Rev. J. W. Jones of Thorsby was elected moderator to succeed Rev. B. Lawrence, who has held that place for the past several years. S. J. M. Webb and S. M. Pate respectively were re-elected clerk and treasurer of the association.

FRUIT SUPPER AT HOME OF HENRY SCOTT, ROUTE 7

There will be a fruit supper at the home of Mr. Henry Scott near Pleasant Grove, M. P. Church Saturday night, October 22. The proceeds will go on the church piano fund. Everyone is cordially invited to attend. There will be a cake for the prettiest girl, a guess cake, and a clown who will eat fire. Lots of fun.

Webb Explains His Position on Electing Co. Superintendent

Editor Union-Banner:

As R. J. Jackson, D. S. Robinson and Thomas Littlefield failed to give the people through your paper the whole truth of my statement to them when they came to see me the 4th of October, concerning their resolution on electing the County Superintedent of Education by the people, I desire to give my statement to them in full through your paper, and on front page of same, please.

My statement began this way: "Are you all straight, upright and Christian men?" They answered, "Yes." Then I stated to them that I had no authority whatever to grant their request for an election of the County Superintendent of Education. I told them that I had no more authority in the matter than either of them or any other legal voter in the county. They insisted but I told them that it seemed to me that they were asking the board to make a new law as our representatives failed to get this law made while in Montgomery.

Again they insisted and I stated to them that I was not a member of a law body and was not connected in any way with a law making body and referred them to the Alabama School Code, Article 7, Section 138 on page 58. I thought surely this would convince them that I had no right to grant the request they were making of me. They were persistent and I suggested that they petition the board for the man they wanted as Superintendent of Education and I would give it careful consideration. Mr. Littlefield said, "that is alright boys, as that is about the same thing." They still insisted and I told them I was a law abiding man in the strictest sence and favored the enactment of a law in the proper way to elect all the office holders, who are paid from our tax money by popular vote. Then I will go you all the way and when this is done, I favor electing by popular vote, a clerk of the Commissioners Court, County Attorney and road supervisors. This will be treating all alike and showing special favors to none. I also stated that I believed in a majority rule and not a minority rule. I further stated that I would write an article to the paper telling the people how I stand on the question as I consider that my business and not the business of any committee. I am always glad to help on any question in which the interest of our boys and girls are at stake and not the interest of some defeated and disgruntled politicians. This is the whole truth of the conversation which took place near my home between the gentlemen named above and myself as nearly verbatim as I can relate it.

When I assumed office I took the same oath of office that the Commissioners of the county take. This oath requires us to carry out the laws of our state to the best of our ability. The Commissioners regard this duty so high that they employ a county attorney at and for the sum of $50.00 per month, and his salary is paid out of our tax money. This attorney's duty is to keep the commissioners court advised as to their legal duties. The educational board does not spend the educational funds to pay an attorney to advise us be we do know that the law requires us to appoint a county superintendent of education and I feel that every person should be a law abiding citizen.

Now voters, allow me in conclusion to call your attention to a few other thoughts. First, I am wondering if you are going to allow a defeated candidate of the primary and a few of his followers to tell you how to vote in the general election by deceiving you. I absolutely do not believe you will be misled this way. I have the utmost confidence in you and believe you will stand true to your colors. Until you fail me on November 8, I will never lose this confidence.

As I do not believe in self praise, I ask you to visit Mr. Lawrence's office and examine the records and see for yourself if the county isn't in a better condition financially, (not considering state appropriations) than it was six years ago when you first elected me. The board is certainly not responsible for the state's failures. I only claim one sixth of the credits due the board and I feel like I am entitled to that. I know that I am better qualified now to serve the people than I was in the beginning and I wish to say that I

(Continued to Back Page)

WHITE HOUSE NEWS

Editor Union-Banner:

Please allow us space in your next issue for the following.

We wish to thank our many friends for their kindness to us and our families during our incarceration in the White House, otherwise known as the Chilton County jail. Especially those who spent their time and went to a great amount of trouble trying to have us released. Now dear friends, we would appreciate it if you would, when in Clanton, drop around and visit us. We know it is not pleasant to meet us behind these steel bars, but please try and forget that we are in these unpleasant surroundings, and pay us a call. And we will assure you it will be appreciated by us.—Thank you, Reid Giles, Thomas Littlefield.

WOMAN VOTER IS FOR REPUBLICANS

Especially Interested in Re-Election of Mrs. Calloway for Treasurer

Editor Union-Banner:

I want to say a few words in the interest of our party. I am a thoroughbred Republican and believe in the principles of the party. I feel that it is a compliment to live in a Republican county, where the county is honored and respected on account of its financial condition. Especially a mI proud of our county Especially am I proud of our county when I know that Russell county, which has never elected anything but Democrats, has within the past few years been thrown into bankruptcy, and is now in the hands of the receiver. I hope that Chilton county will not be thrown back under control of the Democratic party and be subjected to that condition. We can prevent that in our county by voting the Republican ticket on the 8th of November.

I especially want to appeal to the voters in the interest of Mrs. Gertrude Calloway. She is the only woman officer in our county, which of course makes it the only office where we ladies feel free to go and stay as long as we like. I am the mother of four small children, and sometimes after I have completed my shopping, I go to her office and rest. Other times when mothers with small children are summoned to court, they may sit in her office until they are called. Mrs. Calloway always seems glad to help us in any way she can, and since the ladies pay tax and vote, I think we should have at least one office that we can feel like is our own.

Mrs. Calloway gives her entire time to the service of Chilton County citizens. Mr. Smith, her opponent, has another job that likely pays him more than he would get if he were treasurer. Therefore, he can only give part of his time, should he be elected treasurer. He does not have the experience in helping with the many kinds of work that Mrs. Calloway helps us with, for she is truly a servant of the county.

I love my party and want it to win. No one is as proud of an adopted party as they are of their own. So I am asking that every Republican voter stay by our own party and help us to win the victory on November 8th.—Mrs. T. B. Easterling, Clanton, Ala., Route 1. (Paid political adv. by Gertrude P. Calloway, Clanton, Alabama.)

REYNOLDS GOING TO ST. CLAIR CO.

Will Make Speeches In The Interest of County Republican Ticket

Judge C. D. Atkins, Republican Probate Judge, of St. Clair County, Mr. Robinson, attorney, and Mr. Smith, chairman of the Republican Campaign Committee of St. Clair County, were in Clanton Tuesday. They made arrangements to secure the services of Judge L. H. Reynolds to speak in the interest of the Republican ticket in their county. Judge Reynolds will speak at opening of court in Pell City next Monday at 10 o'clock. He will make several speeches in St. Clair.

At the request of the Republican Campaign Committee of Jefferson County, Judge Reynolds will speak at Bessemer at 7:30 p.m. next Tuesday, October 25.

Mr. Joe Johnson attended the ball game at Prattville last Friday.

GOODE BILL GETS O. K. OF CITIZENS

Every Kind of Tax Increase Opposed by Mass Meeting Here

A mass meeting of citizens of Chilton County was held at the courthouse in Clanton Monday afternoon for the purpose of considering appropriation measures that are before the legislators.

Attendance at the meeting filled the courthouse. Representative citizens from all parts of the county were present. Invitations had been sent to Senator Duncan Representative Pitts to attend. Mr. Pitts was there, but Senator Duncan was not able to attend.

The meeting was presided over by C. E. Stapp, who explanied the two appropriation measures, known as the Administrative Bill, and the other, the Goode Bill.

Remarks and comments by various citizens present indicated that the sentiment of the body was strongly in favor of the Goode Bill. When the motion was made that endorsement be given to the Goode Bill, it was adopted unanimously by a rising vote.

A second motion that the mass meeting request our Senator and Representative to support the Goode Bill was also carried by a rising vote that was unanimous.

To cap the climax a scatter-gun resolution was offered in which it was said, "It is the sense of this body that we go on record as opposed to any increase of taxes in Alabama upon anything or anybody, including the income tax and the bond issue." This resolution brought a round of cheers from the crowd, and was adopted by a unanimous rising vote.

C. E. Stapp was designated to convey the expressions of the mass meeting to Senator Duncan, who was not able to attend the meeting.

TELEPHONE MEETING ON FRIDAY, OCTOBER 28TH

The annual meeting of the Peoples Telephone Company will be held at the courthouse in Clanton on Friday, Oct. 28 at 2 o'clock. All interested in rural telephone service for the coming year are urged to attend this meeting, in person or by proxy. Officers will be elected and other business pertaining to the service for the coming year will be taken up.

GROCERY STORES ARE GOING AFTER BUSINESS

Buyers of groceries and foodstuffs on the Clanton market will be impressed with the offerings that are being made by Clanton Cash Store and Peoples Cash Store. "We are really going after the grocery business in this town," is the statement of a man behind these stores, and the prices and advertising they are doing indicate that they will not only get the attention of buyers, but will also sell a lot of goods.

In fact, they have already been selling a lot of goods, and they are making a determined effort to bring their sales up to the highest mark of their history.

These stores are home-owned and home operated, and they cordially invite the people of Chilton County to come to see them and look over their goods and prices.

PENSION NOTICE

Editor Union-Banner:

I wish you would publish the following:

The State of Alabama was not able to pay the Confederate Pension Warrants October 1st, and realizing that the old soldiers and their widows would need the money, I arranged with the First National Bank and The Peoples Savings Bank, Clanton, Alabama for them to cash their warrants at the rate of 6 per cent which at their descretion, they could get $150.00 warrants cashed by paying $2.25; $75.00 warrants by paying $1.12; $45.00 warrants cashed by paying 67 cents and $30.00 warrants cashed by paying 45 cents. This pays the interest on the warrants up to January 1, 1933.

I made this arrangement so that everyone could get their warrants cashed without an unreasonable discount. I still have some warrants on hand, which I will have to return November 1st, unless they call for them.—Respectfully, L. H. Reynolds, Judge of Probate.

Mr. and Mrs. T. C. McSwain and Mr. and Mrs. Bill Inzer visited Jasper Sunday.

Mr. J. Watts Moore and Mr. Joe Moore attended the ball game at Prattville last Friday.

County Farm Agent's Notes

Compiled by C. E. Stapp, County Farm Demonstration Agent for Chilton County.

HOW TO CURE PORK IN HOT WEATHER IS TOLD

Auburn, Ala., Nov. 2.—Animal husbandry of the Agricultural Experiment Station at Auburn has issued definite instructions as to how a farmer may cure meat perfectly if a hog is killed when the weather is warm. These instructions are based upon an experiment conducted at Auburn and officially reported by Prof. J. C. Grimes.

"Kill the hog and cut the carcass as wanted," said Prof. Grimes. "Rub salt over meat. Place it in a water tight barrel. (Each 300-lb hog or equivalent will require one ordinary barrel.) After meat is placed crack and place over it 200 pounds of ice for each 100 pounds of meat. Let it stay 24 hours.

"Then take it up and rub it with a curing mixture composed of 40 pounds of salt, 10 pounds of sugar, and 9 ounces of saltpeter. (Each 100 pounds of meat needs 50 pounds of this mixture.)

"After rubbing meat with this curing mixture repack it in iced brine in barrel. Pour remainder of curing mixture over it. Cover barrel with cloth or boards. Let it set 25 days for hogs weighing 200 pounds or less; and 30 to 35 days for hogs weighing 300 pounds, depending upon the size. Take it out, wash with warm water, hang, and smoke. This is known as the brine cure."

This method of curing meat worked when hogs were killed late in May at a temperature of 85, said Mr. Grimes. It means that farmers are no longer dependent upon cold weather for curing meat. They can use artificial ice at a low price, thereby avoiding losses and improving the quality of their meat.

MAKING TERRACES IN FALL IS ADVOCATED

Auburn, Ala., Oct. 17.—With most crops harvested and ideal fall feather prevailing the building of terraces is being emphasized by J. B. Wilson, extension agricultural engineer at Auburn; and also by county agents throughout the state. These leaders in agricultural improvement declare that good terraces on rolling land are essential to successful farming and that fall is an ideal time to make them.

"Now, of all times," said Mr. Wilson, "farmers must stop leaks and cut expenses, for leaks and high expenses will cause failures in farming. By stopping leaks and cutting expenses money is saved."

Mr. Wilson declared that clean cultivation has cost Alabama farmers millions of dollars because such cultivation leaves the soil bare to devastation of winter and spring rains. Unless the soil is protected by good terraces it will lose heavily, thereby resulting in smaller yields being made the following year.

"Immediately after crops are harvested," continued Mr. Wilson, "all available time this fall should be used in repairing breaks, rebuilding old terraces, and building new terraces where needed. There is no job available that will pay the farmer more money this winter than that of getting his land well terraced before winter sets in. Stop the soil leaks before it is too late, and thereby save the soil for future crops and for future generations."

Making terraces is not expensive. It costs very little but it pays big returns.

RAT CONTROL PROGRAM

The rat control program for the approaching fall and winter season has been outlined after discussion with a number of county agents and others in the field and with several of the state and district agents.

Scarcity of local funds with which to make needed rat proofing repairs to buildings, particularly corn cribs, and to purchase bait materials for poisoning campaigns will handicap the work even though the amounts required are small compared to losses caused by rats. The rat project has, therefore, been planned to give the greatest possible service and protection at the lowest cost consistent with efficiency. Rat control should be a valuable and popular project in any county, and your cooperation in conducting the work in your county is earnestly requested.

Briefly stated, the program is to stress rat proofing during the early fall and to put on a county-wide rural poisoning campaign in the late fall or winter. Town and city campaigns also will be put on in the fall and winter as in previous years.

Farmers' bulletin 1638, "Rat Proofing Buildings and Premises," is suitable on this subject. Most of you are acquainted with this bulletin. This office has a limited supply, but if you should want a considerable number, they should be obtained through the usual channels.

Plans for organizing and conducting country-wide rural rat campaigns based on our experiences in previous years, have been prepared and will be sent to you upon request. An outline for town and city campaigns is also available.

SOME HEAD

When in writing Editor Clarence Poe of the Progressive Farmer and Southern Ruralist, President Hoover said, "I should like to suggest that your readers give increased attention to one subject, which I feel is of vital importance to the south and the farmers—the control of soil erosion," and Governor Roosevelt said: "My Experience in Georgia has suggested to me one line of thought that I should like to pass on to your readers of your magazine. I believe there is great opportunity in the south for better forestry methods. Your timber crop is one of the greatest of all in area covered, but seems to be one of the last to receive scientific treatment. The results we have in New York state convince me that modern forestry practices would aid tremendously to the south's wealth in the next few years," they singled out these two problems as worthy of and demanding national attention.

Possibly no other two large agricultural undertakings work as harmoniously in their solution as soil saving and tree growing. Forestating unused lands will almost completely solve the handling of water which falls on them and eliminate it as a menace to lands below on which the water falling directly thereon can be controlled by other means. Experiments have shown abandoned land losing 82 times as much water by run off and over 600 times as much eroded material as forested land. Even this loss from wooded land was not mineral soil, due largely to organic matter on and in the top soil. By controlling the water falling on two-thirds of our soil area with a covering of trees it will save those soils as well as grow a crop of timber and make the handling of water on open lands a much easier problem. Wooded watersheds also prevent the muddying of streams and reservoirs and their overflow onto crop land.

Give nature a break. Prevent forest fires and save the soil covering as well as permit reforestation.

SLASH PINE WIDESPREAD

Montgomery, Ala., Oct. 17.—Of the hard pines making up the group known commercially as Southern Yellow Pine, the slash pine is the only one whose range extends beyond the United States, according to Colonel Page S. Bunker, state forester. This tree called by Sargent "the most beatiful tree" of the southern states is confined in this country chiefly to the damp soils along the streams and branches, although it is occasionally found on comparatively dry sites. Its native range has been described as from the vicinity of Charleston, S. C., to the Mississippi River, extending in Alabama as far north as the southern part of Butler County and the northern part of Washington county.

Outside of the United States the slash pine is found from the Florida Keys to the Bahamas. The Isle of Pines just south of Cuba receives its name from this species. It is quite common on the Bahamas and forms considerable forests on the highlands of Central America, especially in parts of Guatemala, Honduras, Nicarauga, and British Honduras, and occurs in small amounts in Salvador and northern Costa Rica. The trees are rich in oleoresin and are a source of naval stores. Commercial exploitation of the pine forests of the Caribbean has been hampered largely by lack of transportation facilities.

CONTROL OF PEACH BORERS YITH PARADICHOLOROBENZENE

The peach tree borer is quite a serious pest in Alabama peach orchards. Paradichorobenzene has been found to be most effective as a means of control. Where applied properly and at the right time ninety to one hundred per cent control may be expected.

Due to the very unfavorable weather conditions during the past winter and spring, resulting in a very light crop of fruit, some growers may be inclined to neglect their trees at this critical time. Such weather conditions weakened these trees and unless the borers are controlled the trees cannot be expected to return to their normal vigor and the mortality among them is likely to be relatively high. Peach growers are urged to use this material according to the following directions.

Age of Trees: Results of the Bureau of Entomology show that this material can be used with safety on healthy peach trees four years of age and older. It should not be used on one, two or three years old trees in the south, because under certain weather conditions severe tree injury is likely to result. On trees of this age, Alabama peach growers will have to continue to use the old method of worming.

Size of Dose: For peach trees four or five years old, use three-fourths ounce of the chemical per tree. For trees six years of age and older of average size, use the full ounce dose. A dose of 1½ ounces should be used on very old trees if the trunks are unusually large.

When to apply: In north Alabama paradichlorobenzene should be applied October 1st to 10th; in central Alabama October 5th to 15th; and, in south Alabama October 10th to 20th. The desired results cannot be expected unless the material is applied on or very close to the dates recommended and growers are cautioned to give careful attention to this point.

Preparing the Soil: No preparation of the soil is necssary except to smooth the surface about a foot from the tree with the back of a shovel. Do not dig into the soil or remove any of it before applying the paradichlorobenzene and do not mound the trees before the chemical is applied unless borers are working in the tree and trunk above the soil level. As the gas from this chemical is much heavier than air. Any borers working in the tree above the point where the ring of crystals is placed will not be affected by the gas. Should there be indications of borers working in the tree trunk above the soil level, sufficient soil should be placed around the tree to bring the level of the soil up to the gummy exudation before applying the chemical.

BRIEF NEWS NOTES

An Alaska gold mining company, the largest lode gold mine in the world, recovered only 9 cents per ton of ore mined in 1931. Mining costs totaled $.6082 per ton. This company mined last year 4,162,350 tons.

Iowa farmers can burn corn just as cheaply as Iowa coal, a little cheaper than they can burn Illinois coal and much cheaper than they can burn anthracite, at present prices, according to results of a survey conducted by the Iowa Engineering Experiment Station.

The annual farm fire loss in the United States is $100,000,000 according to Arthur M. Hyde, secretary of agriculture. This was nearly one-fourth of the total fire loss of all properties, and one-third of the 3,500 lives lost by fire.

World production of cotton this year is estimated at 21,700,000 bales against 26,294,000 bales in 1931. This is the smallest world production in nine years but the carry-over was 17,295,000 bales against 13,948,000 bales last year.

The Norwegian Hydro - Electric Nitrogen Company is reported to have acquired a process for obtaining nitrate of soda from sea water. The method has been patented in all countries, and exeprimental production will soon commence. It is declared that the invention will enable the company to sell nitrate at half the present price.

The United States Beet Sugar Association expects the American 1932 crop of beet sugar to be the largest on record. It will pay more than $50,000,000 to farmers in 16 states and provide employment for 250,000 persons during the harvesting and refining seasons. It is estimated at 9,200,000 tons, which compares with 7,100,000 in 1928 and 5,000,000 ten years earlier.

FARM AND GARDEN QUERY BOX

(By K. C. Davis, Knapp School of Country Life, Peabody College, Nashville, Tenn.)

Q.—Young apple trees and other plants in our yard are affected with wooly plant lice. What can be done to control these?

A.—Spray very promptly with nicotine sulphate; that is, tobacco juice dissolved in a large quantity of water. This can be done at the rate of one ounce of the strong nicotine liquid to ten or fifteen gallons of water. Lice are likely to be carried down into the roots by ants, spend the winter there, and do much damage to the plants, killing many of the shrubs and trees.

Q.—Is this too early to transplant rambler roses and other vines and shrubs in the yard?

A.—Wait until the leaves drop off before transplanting such plants. Evergreens which do not lose their leaves may be transplanted at this season, but later in the winter is probably better. Be sure to pack the soil firmly about the roots of transplanted trees and shrubs. This keeps the wind from loosening the soil too much during the winter season. Mulch the surface of the soil with manure or use plenty of leaves well packed down.

Q.—Do you advise pruning of shrubbery in the fall?

A.—Yes. All kinds of flowering shrubbery, such as spirea, lilac, weigelia, roses, snowballs, and indeed all ornamntal shrubs may be pruned in the fall as well as any other time. Cut away the oldest stems close to the ground or close to the place from which they started. Such pruning should be removed and burned to destroy insects which tend to hibernate and hide in them.

ARE YOU SAVING YOUR SOIL?
(By C. E. Stapp)

One of the first and most important pieces of work to be looked after on any rolling land farm is the terracing to prevent the good soil from washing away.

You might plant all kind of soil building crops, but neglect your terracing and your efforts to build your land would not amount to much. The fall and winter months are the best months to terrace. So do not wait until spring of the year.

I have four good terrace levels provided by the Commissioners Court. The Commissioners bought them on my promise that I would try to keep them in use during season when farmers can terrace. There are more than one hundred farmers in the county who have learned how to operate the improved terrace level since I have been in the county. There were some who knew how before I came here. Most any one with good common sense and judgment can learn how to run terrace lines with one of the improved levels.

It will be impossible for me to help every man who may want to do terracing this fall and winter, but I will be glad to help all I can. At each place I will try to teach one or more men to operate the level, then leave the level in the community for several days so that those who want terracing done may swap work and get what terrace lines they need run. In this way I hope the farmers will be able to get more land properly terraced than we ever have been able to get terraced during any one season in the past.

FRUIT SUPPER

There will be a fruit supper at the home of Lewis Carroll Thursday night, October 20th, for the benefit of Mountain Springs church. The public is cordially invited.

Six ears of corn in one shuck is the contribution of D. T. Melton to the list of curios for this month. It is of the Hastings Prolific variety.

University News

University, Ala., Oct. 17.—The 1st rally of the newly formed Roosevelt-Garner club for students was held here October 13 with Judge Henry B. Foster and Hargrove Van de Graaff as principal speakers.

Speakers at the first meeting of the University of Alabama Research Council October 13 were: Dr. W. P. Ott, head of the department of mathematics; Dr. J. B. Sanders, of the history department and Prof. William Hepburn of the Law School.

Ninety senior Commerce students made the tenth annual week-end tour of the Birmingham district this week.

A tour of the women's campus and a short address by Dean Agnes Marris were features of a meeting of the Greensboro Study Club here October 11.

One hundred and ten staff members were selected by Mack Jolly, Tallassee, editor of the Corolla, University of Alabama yearbook, to assist in the editorial department.

A sports cup is to be given by the Women's Athletic Association to the organization attaining the highest total number of points throughout the sports season of 1932 and 1933.

MT. SPRINGS

There will be a fruit supper at Mr. Louis Carroll's home near this place Thursday night, October 20th. This will be for the benefit of the church. Also there will be other surprising things. Everyone has an invitation to attend.

There will be preaching next Saturday at eleven o'clock. Every member should be present, as the pastor will be elected for the coming year. Also other business will be seen to. This is our regular preaching services, Saturday at 11:00 o'clock and Sunday at the same time. Sunday School will be at 10:00 o'clock. Prayer meeting Sunday night at 7:30.

Don't forget everyne will have a merry time Thursday night at 7.00 o'clock. If you are not present you will miss a good supper.

RED CROSS OFFICIAL TO ADDRESS TWO-DAY CONFERENCE

Washington, D. C., Oct. 17.—A two-day conference of Red Cross workers and others will be held in Birmingham, October 24th and 25th, to consider relief programs and the fall membership campaign. National Headquarters of the Amercian Red Cross will be represented by Hon. Henry Upson Sims, member of the central committee; Vice chairman James L. Fisher, H. J. Hughes, legal advisor, and William Carl Hunt, assistant manager of the Eastern area.

Other distinguished speakers include Governor B. M. Miller and Congressman L. L. Patterson and John McDuffie.

Among those who will participate in the discussions are: Leon Swarz, disaster chairman, Mobile county; Margaret Shupe, executive secretary, Dallas County chapter; Mrs. C. H. Landstreet, chairman, Dekalb county chapter; Roberta Morgan, executive secretary, Jefferson county chapter; Dr. J. S. Thomas, chief economist, Commonwealth and Southern Corporation, Birmingham; Dr. George Long, chairman, Tuscaloosa chapter; Imena Allison, rural case worker, Montgomery county chapter; Martha Pressley, executive secretary, Madison county chapter; Mrs. Neil Morgan, publicity chairman, Cleburne County chapter; and Nell Moorer, junior member of the evergreen chapter.

"The Red Cross in the present emegency" is announced as the general theme of the conference, with discussions centering on flour distribution, cotton distribution, the discovery and mobilization of local leadership, and the development of community cooperation.

Mr. Fieser, who is in charge of the distribution of Government commodities by the Red Cross, will outline the problems encountered in the task and the methods and policies in effect.

A pageant will be presented by Jefferson County chapter members of the Junior Red Cross, as a feature of the closing session.

Mr. and Mrs. Broadus Connatser have taken an apartment in the house of Mrs. Curry, where they will live this winter.

"—my skin became clear...

—and you don't know what a happy day that was in my life." Then why not pause a moment and reason in a common-sense way the cause of many skin troubles. Such common ailments often result because of a lowered resistance below the skin surface—frequently due to lowered blood vitality.

Increase the red-blood-cells and their hemoglobin content and more of the life giving oxygen is carried to every part of the body—even to the skin. "Step up" the ability of the resisting cells to devour infectious pimple germs. Then you will have laid the foundation for a sounder physical condition.

S.S.S., in addition to being a valuable general tonic, has the special property of increasing the red-cells and restoring the hemoglobin content of the blood, when deficient. It is time-tested . . . tens of thousands of unsolicited letters of gratitude over several generations evidence its merit. Don't let anyone "switch" you in your determination to restore your red-blood-cells and their hemoglobin content. Two convenient sizes at all drug stores—the larger size is more economical. © The S.S.S. Co.

S.S.S. builds sturdy health

Central Singing Society

The Central Singing Society will meet at Poplar Springs next Sunday afternoon at 2 o'clock. All singers and lovers of good singing are invited to attend. The society always has good singings at Poplar Springs and, it is hoped that next Sunday it will be even better than the usual at that place. Everybody be sure and bring your new books, both Stamps and Henson.

R. D. Woodson, F. D. Green and H. B. Deal, of Lay Dam, attended the Alabama-Tennessee football game in Birmingham last Saturday.

GOODYEAR PATHFINDER

6 and 8 "PLIES"

Of the six layers (8 layers in 6.00 and 6.50 sizes) of Supertwist Cord under the Pathfinder tread, two do not run from bead to bead—they are really cord "breaker strips" and that's what we call them.

as low as $4.55 EACH in Pairs

Many other tires sell at higher prices. But the Goodyear Pathfinder gives such fine performance that it has become

Clanton, Ala.

GLENN HAYES MARCUS IS THE FIFTH GENERATION

Glenn Hayes Marcus, son of Mr. and Mrs. Wilbert Marcus, of Thorsby, is the fifth generation from the family of Mr. W. A. Mims, of Chunchula.

Mr. Mims, well known in Chilton County as Uncle Akins, was one of the pioneer citizens of the Collins Chapel community. He was a leader of the early years during which time Collins Chapel attained the record of one of the best and most progressive communities of Chilton County. Several years past Uncle Akins moved to Chunchula in Mobile County.

W. A. Mims was born February 10, 1850. His daughter, Mrs. John Harrison Collins, was born September 27, 1871.

Mrs. J. Leonard Hayes, daughter of Mrs. John Harrison Collins, was born August 20, 1892.

Mrs. Wilbert Marcus, daughter of Mrs. J. Leonard Hayes, was born July 19, 1910.

Glenn Hayes Marcus, son of Mrs. Wilbert Marcus, was born October 17, 1932, being the fifth generation from the family of W. A. Mims.

SERVICES AT FRIENDSHIP

There will be preaching at Friendship Saturday night, Sunday and Sunday night by the pastor, Rev. Bean. The public has a cordial invitation to attend all three services. The night services will begin at 7 o'clock, and the Sunday morning service will begin at 11 o'clock—immediately following Sunday school. This will be the first monthly service in the new associational year, so all members especially try and start off the new year by attending all three services.

JOHN CRAWFORD HAS ANOTHER VISION

John Crawford, negro of Clanton, reports another vision. He said he was caused to see a number of cattle so poor that they had to be propped up so that they could eat. In referring to the Bible for an interpretation of the vision, John said that the idea of a great famine was revealed to him as the end of his vision.

PATES CHAPEL

We did not have our singing Sunday afternoon on account of the rainy, bad weather. We did not have any Sunday school either. But hope we will have a good one next Sunday. We invite everybody.

An accident occurred Thursday at the schoolhouse. Little Oscar Maddox, son of Mr. and Mrs. Tommie Maddox, and little Zonnie Robinson, dauhter of Mr. and Mrs. Jim Robinson, ran together. Oscar fell down, breaking out a tooth and bruised his face up. Little Zonnie knocked a hole in her forehead, and neither have been able to return to school.

Mr. and Mrs. E. J. Hayes spent Sunday with Mr. and Mrs. Tommie Maddox and family. Parched peanuts and candy were enjoyed in the afternoon.

Mr. Leonard Pitchford, who has been visiting his uncle at Pates Chapel, returned to his home Saturday in Birmingham to go to work. Mr. Lawrence Pitchford returned to spend a few days with his uncle.

We are glad to report that Mr. Walter Maddox is improving.

Saturday, October 22nd, will be our W. M. U. meeting again. Everybody is invited to meet with us at 2:30.

Those attending the Association at Sardis from Pates Chapel were as follows: Mr. and Mrs. Chester A. Maddox, Misses Alpha Robinson and Maude Wallis.

The people of Pates Chapel are sorry to report that Miss Janie Hubbard, daughter of Mr. and Mrs. Sam Hubbard, was operated on last week at Clanton. But she is reported to be doing nicely.

IN MEMORY

In memory of little Peggie Best, who departed this life on October 12, 1932.

Sleep thou little one sleep.
The Lord thy dear spirit will keep.
keep.
Sleep thou darling one sleep.
While father and mother must
Weep;
And friends here must mourn.
Because their heartstrings are torn.
Tho shall never know of the woes
here below,
Thy soul shall awake and true pleasure partake.
Rest, thou precious one, rest.

Mr. and Mrs. Bill Clack.

AMENDMENT WILL PERMIT SHERIFFS TO SUCCEED SELF

To the voters of Chilton County:

There will be nine amendments to the Constitution submitted to the voters of Alabam at the general election to be held November the 8th, 1932 for their adoption or rejection. We wish to command to your special attention, proposed amendment No. 3.

A Few Facts Why Amendment No. 3 Should Be Ratified

The last legislature passed an act submitting the above amendment to the voters of Alabama for their ratification or rejection, as they wish. This amendment if ratified makes a Sheriff eligible to succeed himself. It does not perpetuate a Sheriff on you nor extend his term of office, but allows you to reelect or reject your sheriff as you see fit. Under the present Constitution, no matter how efficient an officer your sheriff has made and how much the people of his county would like to retain him, they cannot do so. If this amendment is adopted they have the right to reelect or reject him by voting for any other candidate of their choice. Amendment No. 3 does not increase your taxes a penny.

What Can Be Fairer?

Amendment No. 3, if adopted, as we see it, will be of great benefit to the state and counties, because if a sheriff knowing that he has the opportunity to succeed himself will give the public the highest standard of efficiency that he is capable of, as he knows, if he wishes to stand for reelection, he will be judged by the voters as to the manner in which he has conducted his office in giving service to the public.

Your Supreme Court Justices, Justices of Court of Appeal, Circuit Judges, Circuit and County Solicitors, Circuit Clerks, Tax Assessors, Tax Collectors, Judges of Probate, County Superintendents of Education and Justices of the Peace are allowed to succeed themselves. Why not Sheriffs?

There are only 11 of the 48 states that do not allow a sheriff to succeed himself.

Sheriffs can succeed themselves in every Southern state except Alabama and Mississippi.

We feel confident that the verdict of the people will be overwhelmingly for amendment No. 3, if it can be properly presented to them, showing the fairness of same, therefore we are asking you to help us by explaining same to your neighbors, as it will be impossible for us to reach everyone. By doing this you will not only be doing us a favor but will be doing your state and county a service.

Remember—mark an X in yes of proposed amendment No. 3 on November 8.—Respectfully submitted, Alabama Sheriff's Association.

CEDAR GROVE

There will be preaching at Cedar Grove Thursday night, October 20, beginning at 7:00 by Rev. P. A. Lynch. After the service there will be a business meeting of the church members. All members are urged to be present.

REFUGE

Editor Union-Banner:

Please allow me space to say a few words in regard to the celebration which was held at the home of M. and Mrs. Carey Easterling on Wednesday night, October 12th.

The occasion was in honor of the 15th birthday of their daughter, Miss Cleedie Easterling.

The occasion consisted of singing, cake cutting, and peanut parching. Those present report a very nice and interesting time. We hope for Miss Cleedie many more happy birthdays like this one.

The interest shown on this occasion bespeaks of the honor which she holds in the community in which she lives.—Pastor.

We are sorry to say that we still have some sickness in our community, tho we are hoping that they will soon recover.

Our Sunday School and B. Y. P. U. were rained out last Sunday, but we are hoping to have a good crowd next Sunday, as it being our regular preaching day. Our pastor, Rev. M. Lockhart, will preach for us Saturday and Sunday. So everyboy come and let's fill our place, as no one can do that for us.

Rev. M. Lockhart, Mr. Leland Powell and Mrs. Ethel Easterling attended the Chilton County Association for two days of last week and reported that the time was well spent. No one knows just what they miss when they don't attend services like that.

Everyone come to church next Sunday and bring someone with you.

STOP USING SODA! BAD FOR STOMACH

Much soda disturbs digestion. For sour stomach and gas, Adlerika is far better. One dose will rid you of bowel poisons which cause gas and bad sleep. — Upchurch Drug Company, Clanton, Alabama.

SOUTHEASTERN LIVESTOCK ASSOCIATION TO HOLD MEETING AT MONTGOMERY OCT. 27-28

County Agent C. E. Stapp advises that he has received a letter from Mr. Jesse B. Hearin, secretary of the Montgomery Chamber of Commerce, calling attention to the annual meeting of the Southeastern Livestock Association in Montgomery October 27th and 28th.

Special mention is made that there will be a fat stock show and feeder and stocker show held at the Union Stock Yards at the same time. Several thousand head of fat beef cattle are expected to be in the show.

Mr. Stapp points out the fact that farmers of Chilton County who are interested in beef cattle should attend the meeting and show in Montgomery October 27th and 28th, as many problems of interest to them will be discussed.

CURING AND STORING POTATO

The proper curing and storage of sweet potatoes is not difficult, but the requirements are rather exacting and should be closely followed for the best results. The following suggestions are being offered with the hope of aiding farmers in saving the large crop which is in prospect at this time. These suggestions are quite elementary, yet very essential and should prove of special interest to the farmer who does not have a sweet potato curing or storage house.

The essentials of successful storage are that the potatoes be (1) well matured before digging, (2) carefully handled, (3) well dried or cured shortly after digging, and (4) kept at a uniform temperature after they are cured.

Although potatoes keep best if matured, regardless of this condition, they should be dug before the first frost. The next essential, that of careful handling, is of extreme importance and is too often overlooked by the average farmer. Potatoes that are bruised or roughly handled may be expected to decay in about the same manner as apples. The most satisfactory practice after plowing up the potatoes is to place them in padded field crates, instead of throwing into large piles, and carrying directly to the storage house. During this time and even later, it is very important that the potatoes not be so exposed as to become chilled. Chilling will result in a breaking down of the potatoes in storage.

Before potatoes can be successfully stored for any great length of time it is necessary that they be cured or dried out. This is best accomplished by keeping them at a temperature of 80 to 85 degrees with plenty of ventilation and circulation of air, for ten day to two weeks. Farmers not having sweet potato curing houses may as well use their brick brooders for this curing process. The following suggestions should enable farmers with these brooder houses to successfully and economically cure their potatoes. A slatted floor should be arranged about four inches above the ground to permit circulation of air. The potatoes should be put in crates bushel sizes preferred, and these crates arranged in rows extending from near the brooder to the wall of the building. There should be a small space between the rows of crates. Where top ventilators are open these stacks may be extended to within a few inches of the top of the roof. Ventilators at the top and bottom of the walls should be kept open sufficient to give complete circulation of air and yet maintain the temperature of 80 to 85 degrees. After they are cured they should be stored at a temperature of 55 to 60 degrees. Where it is impossible to place them in storage and maintain such temperature after curing, they should be placed in a cellar or tight building and covered over with hay, shucks, straw, or some such material as will protect them from the low temperatures. Farmers interested in this from the commercial standpoint and desires of constructing a sweet potato curing house may secure plans upon request.

Money is scare, potatoes are cheap yet an excellent food, and Alabama is producing approximately twenty-five per cent more than last year. Every farmer should exert the necessary effort to cure and store enough potatoes to last him throughout the year.

THANKS FOR FLOWERS

I have received some pretty bunches of flawers and I want to thank these good friends for them. It makes my heart rejoice to think there is one who will show kindness toward me. And there is an unknown friend in or around Clanton I truly want to thank, for a package I received. How glad I was, no one knows but myself.

Also Rev. Orman Headley, of Wolfeboro, New Hampshire. He remembered me with a box of things which I needed badly. It was all so nice to me. And again, I want to thank each and everyone.

There are other flowers I need. Any good friend can give them, and that is prayers, you can do that. I may fight the battle through this old world. My road is rocky, Some times it looks like I will stall, but I will see my way.

Kindly brigthen up folks; what is going to happen to such people as myself if times don't change. I have done ever way I can to make an honest living, and now I don't know. But yet, there is hopes. We must never give up, if we do we surely will fall.

I always look for the bright side and hope for it. I have always found a brighter side somewhere.

I will now thank the editor for this space in his paper and sign off. Hope to have the pleasure of writing again.—Reauby Chasteen.

Get Someone Else

The Lord had a job for me; but I
had so much to do.
I said, "You get somebdy else, or
wait 'till I get through."
I don't know how the Lord came out;
No doubt He got along.
But I felt kind o'sneaking like; I
knew I had done God wrong.

One day I needed the Lord—needed
Him rigth away;
But He never answered me at all,
and I could hear Him say
Down in my accusin' heart, "Child
I've got too much to do;
You get somebody else, or wait 'till
I get through."

Now when the Lord has a job for me
I never try to shirk;
I drop what I have on hand, and do
The Lord's good work,
And my affairs can run along or
Wait 'till I get through.
Nobody else can do the work that
God marked for you.

Sunday—all day for the Lord.

Sunday school, 9:45, a class for all.

Morning worship, 11:00 a.m.

Crusaders, 6:30.

Evangelistic service, 7:30.

Thursday, 7:00 p.m., mid-week service.

Saturday, 2:30 p.m., children's church.

"AARON SLICK FROM PUNKIN CRICK"

A comedy in three acts, will be presented Friday, October 21, at 7:30 o'clock p.m., by the Jr. High School, Jemison, Alabama. Admission will be 10 cents and 20 cents.

Cast includes: Aaron Slick, Joyce Howard; Mrs. Nora B. Berry, Vonzelle Atkinson; Little Sis Riggs, Margaret Turnbloom; Mr. Merridew (City Slicker), Charles Durbin; Clarence Green, Maurice Hodgens; The Girl in Green, Josephine Adams.

Sold in Clanton only by Alred Drug Company

Mrs. V. B. Curtis (Meadelyn Orr) of New Orleans is visiting her mother, Mrs. M. R. Orr, in Clanton this week. Mrs. Curtis says she enjoys living in New Orleans, but wishes it were not so far from Clanton.

Mr. and Mrs. L. C. Duncan, Dorothy and Betsy Ann, of Birmingham, spent the past week end with relatives and friends in Clanton.

CLANTON GRAMMAR SCHOOL

The following students in the First Grade had perfect attendance: Buford Armstrong, Willie Thurman Johnson, Billy Moates, Clint McGuire, Warren Scaroborough, Jerry Alred, Betty Jean Armstrong, Doris Bishop, Edith Frazier, Mary Irene Glass, Annie Kate Gore, Mary Ella Husband, Avolene Lawrence, Dorothy Nell Lawrence, Margie Nell Moore, Catherine Robinson, Pauline Scarbrough.

The following students in the second grade had perfect attendance: Shirley Benson, Dorothy Blalock, Kitty Bell Candler, Lonell Cooper, Hayden Lanier, Myrtle McKinnon, Patty Nell Plyler, Tommye Parrish, Grace Robinson, Blanche Taylor, Rubye Tippett, Melrose Wyatt, Joe Frank Higgins, Flem Higgins, Jr., Irvin Lande, Billy Stanley, Lamar Teel, Cecil Thompson, Eric Hart, Jr.

The following students in the third grade had perfect attendance: Lewis Headley, Jack Lowery, Walter Mims, Preston Mims, Jessie Charles Mims, A. J. McKinnon, William Arthur Newsome, Barnes Plyler, Wilbur Prince, Jack Vines, Mary Frances Arnold, Clara Cooper, Cora Clements Doris Deloach, Agnes McNair, Edith Newell, Helen Parrish, Mary Robinson, Frances Smith, Sarah Nell Sessions.

The following students in the fifth grade had perfect attendance: Wilton Gillespie, Charles Honeycutt, Sam Johnson, Fred Lawrence, Jack Lawrence, Billy Maddox, Ray Miller, Hubert Poole, Lewis Popwell, Thomas Pyron, T. J. Rasberry, Roland Teel, Kenneth Thompson, Kenyon Vinson, Homer Wyatt, Blanche Timmerman, Annie Cordelia Smith, Ena Pass, Doris Newell, Nell Ross Mahan, Grace Ezell, Gertrude Eubanks, Irma Durbin, Lamurle Deloach, Elaine Burdett, Emma Frances Britt, Elizabeth Armstrong.

The honor roll for the fourth grade is as follows: Ann Ross, Mary Wyatt, Billy Callen.

The honor roll for the fifth grade is as follows: T. J. Rasberry, Emma Frances Britt, Mary Ethel Easterling, Doris Newell, Annie Cordelia Smith, Sarah Elizabeth Venable.

Some of the pupils of Miss Morris' room would like to express their appreciation for the books contributed. The primer classes now have all their text books.

The boys of the Clanton Grammar School were able to outscore the boys from Verbena Grammar School in a nicely played football game, by the score of 20 to 7. The sportsmanship of both teams was good.

For Verbena Austin Thomas was the offensive star, and got a large number of tackles. Winston Calloway also showed up well for Verbena. The entire team for Clanton played good ball. Earle Fulmer scored two of Clanton's touchdowns and Troy Pass scored the other.

Clanton's lineup was: Ends, H. Lawrence and Earle Fulmer; tackles, Callen Alred and Marvin Vines; guards, Lewis Culver and Buster Popwell; Center, John Plyler; backfield, Thomas Sanford, Troy Pass, Hall Tyus, Sydney Nelson.

FOR COMMISSIONER DISTRICT FOUR

Thorsby Ex-Pastor Buried in Wisconsin

Rev. Th. M. Bakke, Native of Norway, Victim of Auto Accident

Notice was received in Thorsby last week of the death of Rev. T. M. Bakke at his home in Lancaster, Kansas, where he was pastor of a Lutheran church. Rev. Bakke and his family were for several years residents of Thorsby, where he served as pastor of Thorsby Lutheran church. The following clipping is from an Atchison, Kansas newspaper. It gives the details of his life and death.

Rev. Th. M. Bakke, our pastor at Lancaster, has gone to his eternal reward. While backing out of his garage at the parsonage on September 5th, his car was struck by a passining motorist. He sustained injuries from which he died on September 22 at the Missouri Methodist hospital in St. Joseph. The funeral service was held from the church on the following Saturday afternoon, after which the body was taken to Waterford, Wis., for interment. Rev. H. J. McGuire, secretary of synod, and Rev. W. E. Wheeler conducted the service. Rev. Bakke was married to Miss Phoia Ronsen of Waterford, Wis., in 1911, who with her four children born to them, all at home, survive. A brother, Gilbert Bakke, lives at Minot, N. Dakota.

Rev. Thorvald Martinus Bakke was born November 12, 1871 at Sillisfjord, Norway, and when eight months old was brought by his parents to America. The family first resided in Wisconsin and later in North Dakota, where his boyhood was spent. He was educated at St. Olaf College at Northfield, Minn. For several years after graduation he taught school. In 1901 Rev. Bakke was ordained a minister of the Norwegian Lutheran church and began his ministry at Norway, Kansas. He served pastorates at Waterford, Wis., Mapleton, Minn.; Chauvin, Alberta Canada; and Milltown, Wis. While at the latter place impaired health compelled him to go to the Southland where he served pastorates for the Augustana synod for a period of five years. He came to Lancaster in February, 1931, and was installed pastor on February 26 by the Rev. H. J. McGuire, secretary of the Kansas synod.

Rev. Bakke was a typical Norsman. He was more than six feet in height, rugged in features, of a native, ready wit, peculiar to his hardy, mountain loving race. He was a devout student of God's word, a conscientious preacher of the Gospel, a faithful pastor with a marked sympathetic concern for all people. He rests in peace and his works do follow after him.

MT. PISGAH NOTICE

The fourth quarterly conference of Verbena charge Methodist Protestant Church, will convene with Mt. Pisgah Saturday, October 22. If rained out will be held on Sunday following. Every member is hereby requested to be present, as delegates to the annual conference are to be selecter and instructed.

This being the last appointment for this conference year, reports from all officials of the churches will be expected. I wuld like to meet every member on that date as it may be that I will be transferred to new fields for another year.

Conference sermon will be at 11 o'clock; lunch at 12 o'clock; conference hour 1 o'clock. Visitors are invited.—N. H., Pastor.

BABY ANGELINE INGRAM

Little Angeline Ingram, baby of Mr. and Mrs. Marlow Ingram, died last Thursday morning about 3:30 o'clock. The bereaved parents and relatives express their thanks to neighbors and friends at Stanton for their kindness during the baby's illness, death and burial.

The funeral was conducted by Rev. Trice.

IN MEMORY

On the morning of October 13th, God, in His wisdom and love, released the spirit of Mrs. Henry Vines from its tenement of clay and carried her to that bright land, where all is peace, love and joy. It was hard to give her up, but God called and she quietly went away. Her passing cast a mantle of sorrow over her many friends and relatives.

We loved her but God loved her more. Another golden link is broken in the family, but we must look to God for solace and comfort. Weep not, dear friends and relatives, for she is now sweetly sleeping in the arms of Jesus—only taking the journey ahead of us. It will only be a short time until we too, must go.

She leaves a lonely husband, four children and a host of relatives and friends to mourn her loss. She was laid to rest in Concord cemetery. Funeral services were conducted by Rev. P. A. Lynch, with Martin in charge. Her grave was banked in many beautiful flowers.

Mr. Gus Marcus, of West End, Clanton, was stricken with paralysis one day last week. His condition is said to be critical.

Mrs. Jim Parrish is suffering from a nail wound in her foot. She is with her mother, Mrs. Bryant McKee, who is also very ill at the home of J. A. Mahan in east Clanton.

Social Functions Of Interest At Thorsby

Miscelleanous Shower for Bride Elect Miss Alta Each

On Saturday afternoon, October 15th, Mrs. William Each sponsored at her home a miscellaneous shower for Miss Alta Each, who expects soon to be married to Dr. Horace Franklin, both young people of Thorsby.

The weather on Saturday was rather discouraging, but the cozy little home of Mr. and Mrs. William Each had been converted into a bower with vines and blossoms. At the end of the entrance hall an arch had been arranged with ivey vines studded with cosmos flowers. In the center of the arch hung a wedding bell and beneath the arch sat the bride elect, robed in white crepe, with pink girdle, and looked very sweet as she awaited the bringing of gifts from her many friends.

On either side of her were the ladies in waiting, to help with the unwrapping of the many white packages and the placing of them on exhibition in the various rooms.

Beside the entrance door was a table with the bride's book, for the registering of the guests. As one entered the living room under another arch, they were greeted with maidens in pink and white gowns, offering dainty refreshments. After which the guests were invited into other rooms where the gifts were displayed.

Many beautiful articles of linen, glassware and other useful articles for housekeeping, embroided scarfs, vanity sets, towels, etc., all things to be appreciated as the young couple plan to go to house-keeping, immediately after the marriage. Many beautiful vases and dahilas were seen throughout the rooms.

Those assisting on this pleasant occasion besides Mrs. William Each as hostess and the bride-elect were: Mrs. Mack Gray, presiding over the bride's book. The Misses Juanita and Lucile Each and Dorothy Lou Franklin served refreshments. Mrs. Relius Franklin assisted in the living room. The Misses Clara Connatser and Nell served as ladies in waiting. Mother Each and little daughter, Marie, helped in any way they could to have things go off pleasantly.

A social event that was of unusual interest was a shower given at the home of V. H. Sutlive in honor of Dr. H. G. Franklin, groom elect.

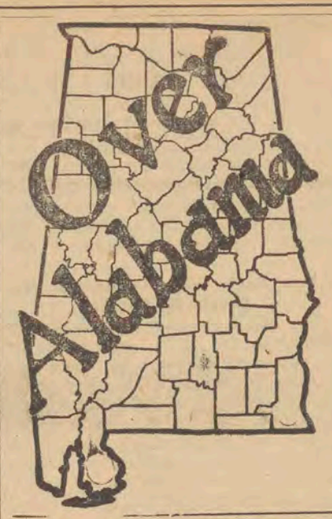
This being the first affair of the kind to be held in Thorsby, it aroused considerable curiosity. Toasts and various forms of entertainment were participated in, causing considerable laughter and jovialty. After which the groom had the pleasure of opening up his gifts, which comprised quite a variety of useful articles.

Later in the evening the guests were invited into the dining room where lunch was served in buffet style.

The womens adult class of the Thorsby Baptist Church met Friday afternoon at the home of their teacher, Mrs. J. W. Jones. The following officers were elected: Assistant teacher, Mrs. John Rowell; President, Mrs. S. M. Pate; Secretery, Mrs. M. C. Willis; Membership committee, Mrs. J. M. Nix, Mrs. Norwood Johnson, Mrs. Ben Davenport, Mrs. Henry Vines, and Mrs. Robinson. After the business part of the meeting a salad course was served to ten members of the class and two visitors.

The Womens Missionary Union of Chilton County Association will be held at Collins Chapel Thursday, October 20th. All women of the Missionary Society are urged to attend this meeting.

Regular preaching services will be held at the Baptist Church Sunday, both morning and evening. Everybody invited.



STATE NEWS PARAGRAPHED

A Resume Of The More Important Events Of Interest Condensed To An Epitomized Form

Approximately 1,000 children will be entertained on Christmas Day with a tree at the home of Birmingham Lodge No. 79, Benevolent Protective Order of Elks.

A survey completed shows that in all of the manufacturing plants of Gadsden, the man-hours per week have increased 47.9 per cent since Aug. 1.

Commission President J. M. Jones, Jr., of Birmingham, sent a telegram to Gov. Franklin D. Roosevelt an invitation to visit Birmingham on his trip to the South.

A gun battle on the campus of the University of Alabama ended in the death of a police officer and a Negro bandit and the serious wounding of a second policeman.

The Alabama Independent Merchants Association has gone on record as favoring the proposed income tax and bond issue amendments instead of a sales tax.

The First Methodist Church, Florence, will invite the 1933 North Alabama Conference to convene there, it was announced by Dr. J. D. Hunter, pastor of the church.

Judge C. B. Kennamer, of United States District Court, Montgomery, has appointed E. M. Whitten, of Birmingham, as probation officer for the Middle District of Alabama.

It was decided by the Exchange Club of Florence to join with other clubs in the city to assist in every way possible to keep the city and county schools open this year.

The Mobile Times, an afternoon newspaper, has begun publication. The new paper, it was understood, will confine itself to the afternoon field, publishing every day except Sunday.

Election of John E. Lewis, Selma, as governor of the Alabama District, Kiwanis International, featured the final session of the fourteenth annual district convention at Hotel Reich, in Gadsden.

The Edgar bill to tax the sale and distribution of near beer in Alabama passed the Senate, 23 to 3, but not before a proposed general sales tax rider had been rejected by an overwhelming vote.

Ten minutes after the jury received the case, W. F. Bell, 60-year-old Boligee planter and gin operator, was acquitted in United States District Court of forging seed loan checks obtained by his tenants.

Endosement of the income tax and bond issue amendments and advocacy of a sales tax were contained in communications received by the State Department of Education from school groups in the state.

The Bureau of Vital Statistics of the State Health Department has discovered that an average of slightly more than three persons were slain in Alabama for every two days of the calendar year of 1931.

Two men were arrested in Birmingham by United States secret service operatives and were being held for questioning in connection with a nation-wide ring of large scale counterfeiters of 20-dollar bills.

James Thomas, 64, of Oklahoma City, Okla., died in a Greenville hospital of wounds, officers charge received as the culmination of a dispute with Perry Kent, Crenshaw County farmer, at Black Rock.

Fraternal Day was observed in Birmingham and throughout Alabama. The day has been included in the state holidays in Alabama. In Birmingham, all banks belonging to the Clearing House Association remained closed.

A gigantic water stairway over which boats can climb the Tennessee River to Knoxville was a step nearer reality. With $1,500,000 available for construction of Dam No. 3, a step in the stairway, a government dredge began work of clearing an old canal at the site of the proposed lock for the project.

The Alabama Supreme Court overruled the application of the state for a rehearing on the court's decision granting Tom Roan, Fort Payne, Ala., fiction writer, a new trial on charges of slaying Dr. W. P. Hicks, DeKalb County physician.

Elizabeth Pelham, 15, daughter of Mr. and Mrs. H. C. Pelham, ill more than a week, was brought from the second story of the residence in Birmingham by Fireman H. M. Ayers, who entered the smoke-filled room and brought the girl to safety down a ladder.

3,000,000 FAMILIES HELPED BY RED CROSS

Distress in All Areas Met by Giving Food, Clothing and Other Aid.

More than 3,000,000 families throughout the nation were given relief of various types by the American Red Cross in the past winter, to aid them in their distress caused by unemployment, disaster or other misfortune.

A major relief task, due to unemployment and other unusual conditions in the bituminous mining counties in twenty states, was met by the Red Cross chapters alone, or participating with other agencies. In these 143 counties, the Red Cross aided 90,000 families through giving groceries, school lunches, clothing, flour and other necessities to combat privation.

Flour, milled from government wheat turned over to the Red Cross by Congress, was given to 15,000,000 persons in the period from March 8 to June 30, the close of the fiscal year. Flour will continue to be given through the winter of 1932-33, and Red Cross chapters also will give cotton clothing, made from government cotton turned over to the Red Cross for distribution.

"The Red Cross faces the busiest winter since the days of the World War," Chairman John Barton Payne said. "It is organized in virtually every one of the 3,072 counties in the United States, and will co-operate with all agencies to meet distress wherever found. The flour has proved of great benefit, and the cotton clothing will be given wide distribution."

While carrying on nation-wide these unemployment and other relief measures, the Red Cross also was engaged in its regular peace-time activities in public health nursing, service to ex-service men and their families, teaching home hygiene, life saving and first aid. The Junior Red Cross, composed of almost 7,000,000 school children, also rallied to the support of the society's relief efforts, and the children aided others of their age in practical ways, formed sewing and food canning classes, and were of great assistance in chapter relief work.

While the wheat and cotton were given by the U. S. Government, no money was provided to pay for the necessary work entailed. The Red Cross will meet this expense of almost $500,000 from its treasury. Citizens can aid by joining as members of the local Red Cross chapter during the roll call from Armistice Day to Thanksgiving Day.

Join the Red Cross and Help The Distressed and Needy

SIXTY DISASTERS IN 1932 ADD TO NATION'S DISTRESS

Red Cross Spends $2,760,000 To Help Victims of Catastrophes.

In a year of great misfortune caused by economic depression, in which the American Red Cross assumed heavy burdens of relief for the unemployed, the organization also responded to emergency needs in 60 disasters in the United States and its insular possessions.

During the twelve months ending June 30, 1932, the Red Cross gave aid to 75,000 families totalling 338,000 individuals, with expenditures of $2,760,786. These people were in distress because of drought, flood, forest fire, tornado, snowstorm, mine explosion, or other similar great disaster.

Prolonged drought caused the Red Cross to go with help to 58,000 families in the northwest. Here in 144 counties in North and South Dakota, Montana, Nebraska, Washington and Iowa the Red Cross spent $1,980,000 from its own treasury to feed and protect people through the winter and spring.

Other grave disasters were floods in southeastern states, where the organization spent $192,000 from its treasury and $66,000 local contributions to help 13,000 persons.

More than 50,000 people were homeless from floods in tributaries of the Mississippi river and again the Red Cross faced a long relief task, aiding these people. The national organization gave $108,000 and local contributions were $10,000.

The Red Cross always maintains a state of readiness to meet these sudden emergencies, and funds and other essentials to this work are supplied, in part, by the annual roll call, held each year from Armistice Day to Thanksgiving Day. Every citizen can support this worthy activity through joining as a member in the local Red Cross chapter.

NOTICE OF ELECTION

I, W. H. Gillespie, Sheriff of Chilton County, Alabama, hereby give notice that on Tuesday, the 8th day of November, 1932 (the same being the time for holding the next General Election) an election will be held at the several polling places within Chilton County, Alabama, in the manner and form and places as required by law, upon the following amendment to the Constitution of Alabama:

"(a) All cities, towns, villages, and other municipal corporations having a population of not less than one nor more than six thousand and are hereby authorized to become indebted in an amount, including present indebtedness, not exceeding eight per centum of the assessed valuation of the property therein, as the same is assessed for state taxation. There shall not be included in the above limitation of indebtedness the following classes of indebtedness, to-wit: (a) temporary debts or loans for current expense to be paid within one year, made in anticipation of the collection of taxes for the current year, and not exceeding one-fourth of the general revenue for the preceding year; (b) indebtedness already or hereafter incurred for purchasing, acquiring, providing, constructing, enlarging or improving water works, electric light and gas and sewage disposal plants either within or without the City Limits; (c) indebtedness already or hereafter incurred for stwer, street sidewalk, and other improvements whether of a like or of any different kind, to the extent that the cost thereof has been or is proposed to be assessed against the property benefitted thereby; nothing contained in this amendment shall prevent the funding or refunding of existing indebtedness. Provided that this amendment shall not apply to municipalities located in Jackson, Marshall, Etowah and St. Clair Counties."

This the 6th day of October, 1932.
W. H. GILLESPIE,
10-6-4tch Sheriff Chilton County, Ala.

NOTICE OF GENERAL ELECTION

I, W. H. Gillespie, Sheriff of Chilton County, Alabama, in conformity with Section 447, page 612, of the 1923 Code of Alabama, hereby give notice that a General Election will be held in the several election precincts within Chilton County, Alabama, in the manner and form and places as required by law, on Tuesday, the 8th day of November, 1932, for the election of the following officers:

Twelve Presidential Electors for the State of Alabama.
United States Senator for the Sate of Alabama.
Associate Justice No. 1, of the Supreme Court of Alabama.
Associate Justice No. 2, of the Supreme Court of Alabama.
Associate Justice No. 3, of the Supreme Court of Alabama.
President of the Alabama Public Service Commission.
Representative from the Sixth Congressional District of Alabama in the 73rd Congress of the United States.
Judge of the Nineteenth Judicial Circuit of Alabama.
County Commissioner for the third District of Chilton County.
County Commissioner for the Fourth District of Chilton County.
County Treasurer of Chilton County.
Two members of the Board of Education of Chilton County.

Dated at Clanton, Ala., this, the 6th day of October, 1932.
W. H. GILLESPIE,
10-6-5tch Sheriff Chilton County, Ala.

NOTICE OF ELECTION

I, W. H. Gillespie, Sheriff of Chilton County, Alabama, hereby give notice that on Tuesday, the 8th day of Novemb... 2 the same being the time for holding the next General Election) an election will be held at the several polling places within Chilton County, Alabama, in the manner and form and places as required by law, upon the following amendment to the Constitution of Alabama:

"That Section 138 of Article 5 of the Constitution of Alabama be amended so as to read as follows: Section 138 of Article 5,— A sheriff shall be elected in each County by the qualified electors thereof who shall hold office for a term of four years unless sooner removed, and he shall be eligible to such office as his own successor. Whenever any prisoner is taken from jail, or from the custody of any sheriff or his deputy, and put to death, or suffers grievous bodily harm owing to the neglect, connivance, cowardice, or other grave fault of the sheriff, such sheriff may be impeached under Section 174 of this Constitution. If the sheriff be impeached, and thereupon convicted, he shall not be eligible to hold any office in this state during the time for which he had been elected or appointed to serve as sheriff."

This the 6th day of October, 1932.
W. H. GILLESPIE,
10-6-4tch Sheriff Chilton County, Ala.

NOTICE OF ELECTION

I, W. H. Gillespie, Sheriff of Chilton County, Alabama, hereby give notice that on Tuesday, the 8th day of November, 1932 (the same being the time for holding the next General Election) an election will be held at the several polling places within Chilton County, Alabama, in the manner and form and places as required by law, upon the following amendment to the Constitution of Alabama:

"The Town of Sylacauga is hereby authorized to become indebted in an amount, including present indebtedness, not exceeding five per centum of the assessed valuation of the property therein, provided that there shall not be included in the limitation of the indebtedness the following classes of indebtedness to-wit: temporary loans, to be paid within one year, made in anticipation of the collection of the taxes, and not exceeding one-fourth of the general revenues, bonds or other obligations already issued, or which may hereafter be issued for the purpose of acquiring, providing, enlarging, improving or constructing school houses, sewers, water works, electric light, gas, or sewage disposal plants either within or without the City Limits; and obligations incurred and bonds issued for street or sidewalk improvements where the cost of the same, in whole or in part is to be assessed against the property abutting said improvements or benefitted thereby; provided that the proceeds of all obligations issued as herein provided in excess of said five per centum shall not be used for any purpose other than that for which said obligations were issued, and provided further that nothing contained herein shall prevent the funding or refunding of existing indebtedness. This amendment shall be self-executing."

This the 6th day of October, 1932.
W. H. GILLESPIE,
10-6-4tch Sheriff Chilton County, Ala.

NOTICE OF ELECTION

I, W. H. Gillespie, Sheriff of Chilton County, Alabama, hereby give notice that on Tuesday, the 8th day of November, 1932 (the same being the time for holding the next General Election) an election will be held at the several polling places within Chilton County, Alabama, in the manner and form and places as required by law, upon the following amendment to the Constitution of Alabama:

Article XXIII. The State is authorized to issue and sell negotiable interest bearing bonds in addition to all other bonds of the state, in an amount not to exceed the sum of Twenty Million Dollars ($20,000,000.00) to pay the indebtedness of the State outstanding on September 30, 1932. Said bonds to be issued under such denominations, numbers and series and to mature a such times as may be provided by law, all such bonds shall bear a rate of interest not exceeding six per cent (6) per annum, payable semiannually; shall be a direct obligation of the state and the full faith and credit of the state is pledged for the prompt payment of the interest and principal thereof. They shall not be sold at a price less than the par value thereof and they shall be exempt from all state, county and municipal taxes. To create a sinking fund for the prompt and faithful payment of the principal and interest on these bonds, there is pledged such portion of the income tax which may be collected in Alabama as will be necessary to pay the interest and principal as they mature, or any oher tax paid to the State if an income tax is not levied or be insufficient. The Governor may borrow from time to time an amount not in excess of Twenty Million Dollars ($20,000,000.00) to be used in the payment of the indebtedness due September 30, 1932, or such portion thereof as he may be able to pay with money so borrowed, and may pledge as collateral security for said money so borrowed the bonds herein provided for, or any of them, and may use the interest coupons in payment of interest on the money so borrowed. The Governor of Alabama is authorized to negotiate temporary loans from time to time never to exceed Three Million Dollars ($3,000,000.00) to meet any deficiencies in the Treasury and to pay interest on the money so borrowed and until the same is paid money borrowed and until the same is paid no new loan shall be negotiated.

This the 6th day of October, 1932.
W. H. GILLESPIE.
10-6-4tch Sheriff Chilton County, Ala.

NOTICE OF ELECTION

I, W. H. Gillespie, Sheriff of Chilton County, Alabama, hereby give notice that on Tuesday, the 8th day of November, 1932 (the same being the time for holding the next General Election) an election will be held at the several polling places within Chilton County, Alabama, in the manner and form and places as required by law, upon the following amendment to the Constitution of Alabama:

The Legislature of Alabama may hereafter, from time to time, by general or local laws, fix, regulate and alter fees, commissions, allowance to be charged or received by any County Office of the following named counties in Alabama: Calhoun, Chilton, Colbert, Covington, Houston, Henry, Jackson, Lawrence, Limestone, Shelby, Tallapoosa, Tuscaloosa and Walker, including the sheriff, Judge of Probate, Tax Assessor, Tax Collector, Clerk of the Circuit Court and Regiser of the Chancery Court and including the right to place any one or all of said officers on a salary and provide for the fees charged by said officer to be paid into the treasury from which his salary is paid, and provide the method and basis of their compensation or consolidate any of said offices in each of said counties.

This the 6th day of October, 1932.
W. H. GILLESPIE.
10-6-4tch Sheriff Chilton County, Ala.

NOTICE OF ELECTION

I, W. H. Gillespie, Sheriff of Chilton County, Alabama, hereby give notice that on Tuesday, the 8th day of November, 1932 (the same being the time for holding the next General Election) an election will be held at the several polling places within Chilton County, Alabama, in the manner and form and places as required by law, upon the following amendment to the Constitution of Alabama:

"Article XXB. The Senate of Alabama shall be composed of one senator from each county, who shall be elected by the qualified electors at the general election in 1934, and in every fourth year thereafter."

This the 6th day of October, 1932.
W. H. GILLESPIE.
10-6-4tch Sheriff Chilton County, Ala.

NOTICE OF ELECTION

I, W. H. Gillespie, Sheriff of Chilton County, Alabama, hereby give notice that on Tuesday, the 8th day of November, 1932 (the same being the time for holding the next General Election) an election will be held at the several polling places within Chilton County, Alabama, in the manner and form and places as required by law, upon the following amendment to the Constitution of Alabama:

Article XXV. Each municipality and each county in the State is hereby authorized to borrow money from the Reconstruction Finance Corporation under the Emergency Relief and Construction Act of 1932 (Approved July 21, 1932), and to use such funds in furnishing relief and work relief to needy and distressed people and in relieving the hardships resulting from unemployment, and to enter into an agreement, or agreements, with the Reconstruction Finance Corporation for the repayment of the amount so borrowed with interest, and any agreement entered into by any municipality or county with the Governor or with the Reconstruction Finance Corporation with the approval of the Governor, is hereby ratified. The amount which each municipality and each county can borror assumed from the Reconstruction Finance Corporation is in addition to any other indebtedness now authorized by law, and any provision of the Constitution or of the Statutes with reference to limiting the amount which any county or any municipality can borrow shall mean an amount in addiiton to any amount borrowed from the Reconstruction Finance Corporation. Each municipality and each county in the state is authorized to appropriate funds for furnishing relief and work relief to needy and distressed people and to relieve the hardships resulting from unemployment and any appropriation that may have heretofore been made by any municipality or county is hereby declared to be legal.

This the 6th day of October, 1932.
W. H. GILLESPIE,
10-6-4tch Sheriff Chilton County, Ala.

NOTICE OF ELECTION

I, W. H. Gillespie, Sheriff of Chilton County, Alabama, hereby give notice that on Tuesday, the 8th day of November, 1932 (the same being the time for holding the next General Election) an election will be held at the several polling places within Chilton County, Alabama, in the manner and form and places as required by law, upon the following amendment to the Constitution of Alabama:

"The legislature of Alabama may, from time to time, by general or local laws, fix, regulate and alter the costs, fees, commissions, allowances or salaries, including the method and basis of their compensation, to be charged or received by tax assessors and tax collectors for assessing and collecting taxes levied for public school purposes in Mobile County; provided, however, that no cost or expense of the publication of the Governor's proclamation giving notice of such election together with the proposed amendment, shall accrue to or fall upon the State of Alabama, and the Board of School Commissioners of Mobile County is hereby empowered and authorized to incur and pay the said costs and expenses of the publication of the Governor's proclamation. All acts of the legislature heretofore passed and applicable, or purporting to be applicable, to Mobile County, and fixing, or purporting to fix, the compensation of tax assessors and tax collectors, for assessing and collecting special taxes for public school purposes, on a salary basis, are hereby validated and confirmed."

This the 6th day of October, 1932.
W. H. GILLESPIE,
10-6-4tch Sheriff Chilton County, Ala.

NOTICE OF ELECTION

I, W. H. Gillespie, Sheriff of Chilton County, Alabama, hereby give notice that on Tuesday, the 8th day of November, 1932 (the same being the time for holding the next General Election) an election will be held at the several polling places within Chilton County, Alabama, in the manner and form and places as required by law, upon the following amendment to the Constitution of Alabama:

Article XXII. The legislature shall have the power to levy and collect taxes for state purposes on net incomes from whatever source derived within this state, including the incomes derived from salaries, fees, and compensation paid by the state, county, municipality and any agency or creature thereof for the calendar year, 1932, and thereafter, and to designate and to define the incomes to be taxed and to fix the rates of taxes. Income shall not be deemed property for purposes of ad valorem taxes. From net income an exemption of Fifteen Hundred Dollars ($1,500.00) shall be allowed to unmarried persons and an exemption of Three Thousand Dollars ($3,000.00) shall be allowed to the head of a family, provided that only one exemption shall be allowed to husband and wife where they are living together and make separate returns for income tax. The legislature shall reduce the ad valorem tax from time to time when and to such an amount as the revenue derived from the income tax will justify. In the event the legislature levies an income tax, such tax must be levied upon the salaries, incomes, fees, or other compensation of state, county and municipal officers and employees on the same basis as such income taxes are levied upon other persons.

This the 6th day of October, 1932.
W. H. GILLESPIE,
10-6-4tch Sheriff Chilton County, Ala.

PUBLCATION TO NON-RESIDENT

The State of Alabama, Chilton County, Circuit Court In Equity. J. D. Baker, complainant; vs Tanton Baker, defendant:

In this cause it is made to appear to the Register by the affidavit of Grady Reynolds, one of the attorneys of record, that the defendant is a non-resident, and that her place of residence and post office address is unknown, and that such address cannot be ascertained after reasonable effort; and, further, that, in the belief of said affiant, the defendant is of the age of twenty-one years:

It is, therefore, ordered by the Register that publication be made in the Union-Banner, a newspaper published in the county of Chilton, once a week for four consecutive weeks, requiring her, the said Tanton Baker to plead, answer, or demur to the bill of complaint in this cause by the 6th day of November, 1932, or in thirty days thereafter, a decree pro confesso may be taken against her.

Done at office in Clanton, this 29 day of September, 1932.
W. D. SPIGENER,
10-6-4tch Register.

NOTICE OF ELECTION

S. S. CLASS TO MEET

The Home Makers Sunday school Class of the Clanton Baptist church will meet with Mrs. Mollie Fiquett on Friday afternoon of this week at 3:00. This is a very important meeting and all members are urged to attend.—Mrs. S. J. Ezell.

DAT BLOOMIN PREACHER

All Ah know is Whut de Bible say Bout Hit.

This Week's Blossom:

Preverbs 6:13, sa. "He winketh with His eyes; He speaketh with His feet; He teacheth with His fingers."
Ah sa, "An He has lots ob learners wid dresses on."

De last part ob de 16th verse ob de 7th chapter ob Genesis is de tex fur today. "And the Lord shut him in." Also Matthew 25:10. "The door was shut."

De story ob de flood is not altogether disputed by de extremists, but da do go fur 'nuf to sa dat de Babylonian flood story wuz reduced to writing at least as early as 2,000 B. C., an wuz discovered in de library ob Asshurbanipal, 660 B. C. Ah wants to tell you dis befo Ah forgits it, dat Ah is nevah surprised when some people trys to discredit de Bible. De account given above is fum de writin ob some learned man whut God gib de opportunity ob gitin a good education an den usein dat knowledge to search through ancient musty histories to try to prove de "Genesis" account ob de flood a myth. Some others accept de Genesis account but says dat de waters didnt cover de whole earth. It seems to me dat da is wus than those who dispute de account entirely. Ah had rather believe it all than to believe a part oob it. In other words, if it is God's word it is all true an if it aint God's word dar aint none ob it true.

Ah do believe de whoole Bible as bein de true word ob God, an dis account ob de flood as foun in Genesis to me relates an actual hapnin. Ah feel dat Ah can see an understan de reason fur sich hapnins when Ah reads in Genesis 6:5, "An Good saw that the wickedness of man was great in the earth, and that every imagination ob the thoughts of his heart was only evil contiually." Peter in his 2nd epistle, 2:5, in speakin bout de flood calledd Noah a Preacher ob righteousness. We can safely assume fum dat statement dat Noah talked or preached to de people while de ark was in preparation.

Accordin to de dates given, he wuz 99 years buildin de ark, warnin de people all de time, tellin dem dat God wuz gwyin to destroy de worl because ob de sin an wickedness dat wuz in it. De striken thing bout dat is, dat in all of dat time not a soul wuz saved, or not a one believed dat Noah knowed whut he wuz talkin bout. Ah heard a boy sa one time dat ef he had been livin in de time ob de flood dat he would go up to de top ob de highest hill an climb up to de top ob de tallest tree. An Ah sa, whut ef de water got up over de top ob de tree. An he sa, yes, but it wouldnt git dat high.

It mought be dat de people dat Noah wuz preachin to thought de same thing. Ah guess da sed to da selves dat it mought rain nuff to git all ob de low lans covered, but it couldnt git high nuff to cover de tops ob de mountains. De trouble wid de sinner is dat he don't beleve God or whut God's messengers says. But de time did come when after 99 years God done jes whut his minister sed He would do.

Now when we come to de tex, we see de protection ob God for His servants. De ark wuz to Noah jes whut Jesus Christ is to de sinners. Noah's life wuz saved by his obedience to de will ob God. De sinner is saved fum everlastin punishment by his obedience to Christ. De tex says dat God shut him, dat sounded de final doom to all ob dem but Noah an his family. In Matt. 25:10, it says, "The door was shut."

Once a man cum to my house after Ah had gone to bed an knocked, an Ah went to de door an axed him whut he wanted, an he sa he wanted to cum in. Ah could see by de lite in de room dat he wuz drunk. An Ah sa you cant cum in. An he sa, Ise comin in, an started to push me to one side an cum in anyhow. An Ah steped back an shet de door, an he stood in de yard an cussed me an sed, you shet de door on me did you? Now de condition dat he wuz in is why Ah shet de door. He wuz not fit to cum into my house. De reasn dat God shet all ob those people out wuz because da wuznt fit to go in. When those foolish virgins wuz shet out no one wuz to be blamed but daselves. Da had waited too long to make preparations. De time had cum fur de door to be shut, da had de same time an opportunity to git ready dat de other virgins had. But failed to take advantage ob de opportunity afforded them.

Dar is literally thousands who are sleepin in their graves today who are lost jes because da failed to take advantage ob de opportunity dat da had to git rite wid God. Friends, de door ob heaven is gwyin to close when God's time cums an forever shet out all ob those who reject Christ. You may sa, as those virgins did, "Lord, Lord, open to us," But it will be too late den. Will you not hear Him today an be saved?

Ah went to pray an read wid Jim Thmas who wuz on his death bed, an atter he wuz saved an we all wuz standin roun his bed, Ah said, "Brudder Jim, have you any thing to sa?" An all he sed wuz, "Ah jes did git in in time." An in a short while de door ob his life wuz shet.

Ah will close now. May de Lord save you is de prayer ob—Elder Blossom.

To the children of the Sunday Schools:

In last week's issue of this paper I told you about a "Club" that I wished to organize. My reason for so doing as given in that issue, is to try to check a growing disposition on the part of our people to speak evil of others. I have been a pastor of churches a long time and I find "grown-ups" are guilty of this very bad bad habit. So I conceived the idea of organizing the children into a "Club" and by that means, train them to refrain from such practices. All you are required to do do is:

First. You must be a reader of The Union-Banner.

Second. You must belong to a Sunday School.

Third. You must be between ten and twenty year of age. (Boy or girl.)

Fourth. You must agree to refrain from speaking evil of any one or say things to them or about them that would hurt their feelings.

All that it will cost you is a penny. Just write your name and address on a post card, giving your age and if boy or girl. And agree to carry out the above four points. Mail it to Elder Blossm in care of The Union-Banner. All who join in October will be given a certificate of membership by January 1, 1933. It will be nicely printed with your name, age, and the date when you became a member. (This can be framed if you wish.)

Now get your names in to me. The name of our "Club" is "The Blossom Brigade," or "The B. B's." I will have more to say abut our "Club" in the paper all along. Your Friend.—Elder Blossom.

Henry Armstrong, of Macedonia, Beat 14, was a visitor to Clanton Monday.

J. E. DORMINEY WRITES

Editor Union-Banner:

Please allow me space to say a few words in regard to the political situation in Chilton County.

I have been reading the articles in The Union-Banner in support of the Republican nominees. They have been good arguments as why Chilton county should continue in the Republican column. However, it is interesting to see how the ones that were cussing Judge Reynolds before the primary are now using the record he has made in reference to the financial condition of the county and holding this record up as the reason that the Republicans should be continued in office in this county. The schools of this county as well as the entire state are busted. In other words, the good management that Judge Reynolds has practiced in the management of the couinty affairs has not been practiced in the srhool affairs of this county.

I believe that every officer should be elected by the people. And I think that every man running for office should come out in plain words and let the voters known how they stand on this issue and not dodge the issue.

The last issue of the Union-Banner contained a financial statement of the school board, which showed that they had received over one hundred and sixty-four thousand dollars in this county in the last year, and yet it seems that the schools will have to close for the lack of funds to operate on.

I am glad to hear some of the candidates for member of the school board say they will submit the matter of electing a county superintendent of education to the people of the county and will abide by what a majority says.

I believe this would be the best thing that could happen. Let the people select the County Superintendent, who has to do with the handling of more money than any other person in the county. I believe that when he is elected by the people he will do much better than when he is elected by one, two or three members of the board.—Respectfully, J. E. Dorminey.

The Banner and Post, year $3.85

REAL ESTATE

See me if you are interested in buying or selling real estate. I have several houses and lots will trade for Alabama Mills Stock. Also farm land for sale or trade. Cash or terms.

THORSBY SECTION

(S. E. Norton, Manager)

Miss Ruth Maddox of Montevallo was a week end visitor at the home of Mr. and Mrs. Bob Smith.

Miss Frances Wilson spent the week end in Birmingham with Mr. and Mrs. J. R. Collins.

Mrs. W. F. Love, who has been confined to her bed for the past six weeks, is reported slowly improving.

Mr. and Mrs. D. R. Gibbons and daughters, Mabel and Dorothy Jean, all of Prattville visited Mrs. Gibbon's mother, Mrs. Ola Kelly Sunday.

Rev. W. P. Lowery and wife, Rev. J. W. Jones, Mrs. Ella Hall, Mrs. Leila Martin, Mr. Harper, Mr. and Mrs. E. E. Porter, Mr. and Mrs. Marvin Davenport, Misses Jessie Martin, Effie Neugent, Lola Martin, Edna Raybon, Edna Childress, Mary Ruth Nix, Mr. and Mrs. W. H. Raybon attended the Association at Sardis last Wednesday and Thursday.

Mr. and Mrs. F. O. Goddard, who have been visiting with their grandparents, Mr. and Mrs. J. H. Goddard, left on Monday morning for their home at Grover Hill, Ohio.

The O. E. S. middle district conference met with Thorsby chapter on Wednesday, October 12, with quite a number of delegates present, there being 5 chapters represented. At the noon hour a bountiful lunch was served by the hostess chapter which was enjoyed and complimented by all.

Coty face powder with bottle of perfume, both for $1.00 at Wyatt Drug Company.

Thorsby Chapter O. E. S. spend the day social will be held on October 26 at Masonic Hall with Mrs. Roberta Childress as hostess. The public is cordially invited.

Dorothy Franklin entertained the following: Linnie Bell Reinhardt, Conradine Pate, Kathreyn Lenoir, Lois Thompson, Willo Dean Bean, Christina Bosworth, Edith Foss, Doris Freeman, Vivian Roebuck, Emma Whitner, Louise Robinson, Charles Cleckler, Herman Robinson, Brady Billingsley, Hubert Reinhardt, Briggs Hodgens, Kendall Franklin, George Nix, L. C. Lowery, Ralph Pate, Marcelle Wilder, Orville Freeman and Bob Johnson with a kid birthday party. Peanuts, punch, cookies and other candy were served. The occasion was greatly enjoyed by all who attended.

Mr. and Mrs. Ernest Moore and little daughter, Ernestine, of Billingsley, spent the week end with Mr. and Mrs. J. R. Martin.

Mr. J. M. Wallace of Birmingham spent a few days last week with his son and daughter, Mr. J. C. Wallace and Mrs. C. L. Lawrence.

Messrs. Jim Bosworth, C. R. Foss, Monroe Smith, Charlie Howard, Nat Bentley and Prof. W. T. Bean spent last Tuesday in Montgomery.

1 package Kotex, 1 package Kleenex, 85c value for 49c at Wyatt Drug Company.

Mr. and Mrs. Loyd Maddox and children of Birmingham visited Mr. and Mrs. H. O. Bean Saturday.

Miss Linne Bell Reinhardt had as her Sunday dinner guest, Miss Dorothy Vaughn Franklin.

Miss Grace Smith returned to her home Friday after spending six weeks with her uncle and aunt, Mr. and Mrs. C. M. Smith, who live near Clanton.

A group of people gathered at the home of Mr. and Mrs. J. M. Smith Sunday, October 16, to celebrate Mr. Smith's 56th birthday and the fifth birthday of his little grand daughter, Sarah Nell Mims; also a celebration for Mrs. J. M. Smith whose 55 birthday will be next Saturday, October 22. A bountiful dinner was served and enjoyed by all. Those enjoying the day were: Mr. and Mrs. F. E. Mastin and daughter, Mary; Mr. and Mrs. C. M. Smith, Mr. and Mrs. Grover Smith and children, Milton and William, Mr. and Mrs. Leon Mims, Mrs. Loyd Mims, and two children, Nelle and Edmund, and Grace and Gladys Smith. Late in the afternoon everyone parted for their homes, saying they had enjoyed the day immensely.

Mr. and Mrs. W. H. Raybon and Mrs. Martha Prim went to Birmingham Monday to attend the funeral of Mr. E. J. Killingsworth, who was killed in an automobile accident, near Mobile last Sunday. Mr. Killingsworth's wife is a daughter of Mrs. Prim, and a sister of Mrs. Raybon. From such reports as could be obtained, it would seem to appear that the driver of the auto that struck Mr. Killingsworth went considerably out of his place on the highway to do it. Mr. Killingsworth had stopped on his side of the highway to repair his truck when the negro came along at a rapid run, and dodged outside of Mr. Killingsworth's truck to pass, catching him unawares.

Mrs. Hattie M. Gerald spent last Friday in Birmingham.

Mrs. D. K. Henderson of Washington, who with her little son, has visited relatives and friends in Thorsby and Birmingham for several days, have left for home.

Mrs. Fortune Groggans made a trip to Birmingham last Monday.

The Ladies Guild will meet with Mrs. Martin Peterson on Thursday afternoon of next week, October 27. A special meeting for ladies of the Guild will be held Monday afternoon October 24 at the home of Mrs. Each to work on articles for the bazaar.

Miss Helen Lowery had as her guest for the week end, Miss Gladys Martin of Clanton.

Mr. and Mrs. Eugene Davenport, Jane Billingsley and Letha Martin spent the week end in Birmingham with friends.

Miss Esther Johnson, of Birmingham, spent the week end with her parents, Mr. and Mrs. J. O. Johnson of Thorsby.

The State Congregational Conference is to be held this week at Mt. Olive church a few miles from Tallassee. Delegates who have been appointed to represent Thorsby church aside from Rev. J. E. Each and Rev. E. W. Butler, who are Congregational ministers, are members of the conference, are Mrs. Butler and Miss Jenkins. Mrs. Each is expecting to make a fifth member of Thorsby people, who will attend the conference, October 18th to 20th.

3 bars soap 10c at Wyatt Drug Company.

Thorsby and vicinity accumulated two new citizens on Monday, October 17th. A baby boy came to the home of Mr. and Mrs. P. C. Honeycutt, and also one at the home of

The Lutheran Ladies Aid will meet with Mrs. Frank Nelson on Thursday afternoon.

Mrs. J. O. Johnson was pleasantly surprised last Friday afternoon, when a number of her lady friends met at her home with greetings for her on account of her birthday anniversary.

The young Matrons Sewing Circle met with Mrs. Sidney J. Davenport last Friday afternoon. Those present were Mesdames Mack Gray, R. R. Franklin, J. L. Mixson, Grover A. Bice, Varney Wyatt, Webb Parrish, T. L. Robinson and mother, Mrs. Cox, Mrs. Earl Marcus and Julius Smith.

Fountain Syringe, hot water bottle and ice caps at Wyatt Drug Company.

Mrs. D. H. Gentry, Mr. and Mrs. W. H. Wilson, Mrs. H. O. Bean and Mrs. Roberta Chridress attended the grand chapter of the order of Eastern Star in Montgomery Wednesday.

Mrs. Jim Nix spent Tuesday with her sister, Mrs. O. F. Bates at New Salem.

Miss Margurite Davison returned Sunday from a tour in Alabama, Georgia and Tennessee, accompanied by Rev. K. W. Bloom and F. L. Fagley, both of Washington, D. C., who were holding "Seminars On Worship" at various churches in this field. "Seminar" means educational instruction on worship.

There will be preaching Sunday morning as usual, but not at night at the Congregational church. Sunday school and Christian Endeavor will meet at the usual hour for each.

At Thorsby Baptist church there will be regular services, preaching morning and evening. Sunday school and young people's meetings as usual.

On Friday night, October 14th, a few of the many friends of Mr. S. E. Norton, of Thorsby, assembled at his home to assist him and Mrs. Norton in celebrating his 84th birthday anniversary. Many cards and letters from friends in and out of town, conveyed good wishes and congratulations were received, and very much appreciated, as showing that there were many who care. The time was spent in conversation and games. After refreshments were served the guests departed with many expressions of enjoyment for themselves and good wishes for Mr. Norton.

Miss Lotus Bean of Collins Chapel spent Sunday in Thorsby with her sister, Mrs. Clyde Meade.

Mr. and Mrs. Webb Parrish and little daughter, Billy Ann, spent Sunday with relatives in Clanton.

Mr. and Mrs. W. E. Petique and family of Birmingham were dinner guests of Mr. and Mrs. W. H. Mims Sunday.

The Misses Lola Martin and Edna Childress spent Saturday shopping in Birmingham.

Mr. C. R. Foss spent Monday in Montgomery.

The Helen Keller Literary Society of Thorsby Institute was postponed on account of bad weather to Saturday night, October 22. Everyone is invited. Admission is 10 cents. A very interesting program has been planned.

Lera Luker from Goodwater, Ala. was enrolled on Monday in the boarding department of Thorsby Institute.

Visitors to the school were the Rev. W. T. Morgan, pastor of the independent Congregational church of Birmingham, and two of the members, Mssrs. Bailey and Robinson.

ADMINISTRATOR'S SETTLEMENT

The State of Alabama, Chilton County; Probate Court, October 8, 1932. In the matter of the Estate of R. N. Roebuck, deceased.

This day came Mrs. Della Roebuck, Administrator of the estate of said deceased, and files his account, vouchers, evidence and statement for final settlement of his said Administratorship.

It is ordered that the 29th day of October, 1932, be appointed a day on which to make such settlement, at which time all persons interested can appear and contest the said settlement if they think proper.

Witness my hand, this 8th day of October, 1932.

L. H. REYNOLDS, Judge of Probate.

HEALTH AND PERCENTAGE

Omaha's plan to provide medical care in return for 3 per cent of family income should be acceptable to large, careless or unemployed families.—Cleveland News.

In prosperous days the man who owed everybody walked through alleys. Depression has made the streets passable for him.—Toledo Blade.

At the rate tranatlantic flying attempts are flourishing, some philantropic geographical society might see what it can do about a few islands scattered at reasonable intervals.—Indianapolis News.

In defeating him for the Senate a few weeks ago the voters of Georgia kicked Congressman Crisp upstairs into the Tariff Commission.

NATIONAL AFFAIRS

(By Frank P. Litschert)

Proposals put forth during the past few weeks by those opposed to the protective tariff principle, calling for tariff by negotiation with other nations in the furtherance of world trade, call to mind again the fundamental differences between the protectionist and the free trader. The protectionist favors the protective tariff because he wants to encourage and maintain home industries, on the farm and in the shop, by equalizing the difference of the cost of production at home and abroad. Since the United States is the greatest market in the world and since it consumes about 94 per cent of the things we produce, he believes that it should be preserved so far as possible for the home producer, at the same time giving the American worker on the farm or in the factory the highest wage and the best standard of living in the world.

The free trader is a theorist and he bases his tariff principles on the text books which were first produced in Europe a century ago. Now in Europe the producer cares nothing about wages or standards of living. He keeps his eye focused on the foreign market and neglects his home market because the home market means little to him. He wants to produce as cheaply as possible for export and the cheaper he produces the poorer the market he will have at home for the simple reason that the workers have little money to spend except for the bare means of living. Having absorbed the European idea of tariff the free trader in our own country looks steadily at the markets abroad. He is willing to turn the great home market over to the foreign producer if he thinks, by such procedure, the American producer can sell a little more away from home. He does not stop to think that it is because of his great home market that the American producer is able to sell abroad at all, and that if once foreign goods came into the United States in a flood, the American producer would be unable, with our higher wage scale and standard of living, to keep himself going at all. Hence he would lose the home and the foreign market too.

The depression has greatly curtailed the buying power of the average American even now. That is why so many of our industries have not been operating—because of depleted purchasing power at home, due to the world-wide liquidation of values. The consumer abroad is even less able to buy than the American consumer so that the problem is not one of promoting trade so much as domestic commerce, and this certainly cannot be done by increasing the inflow of foreign commodities, which are already to be found on the shelves of our department stores in increasing quantities.

Since they care little about wages or living standards the foreign producers, through their governments, use their tariff schedules for bargaining purposes. They use them not only to get lower tariffs elsewhere but as political weapons, to promote or disrupt alliances, or to make diplomatic agreements which have nothing to do with wages, or standards of living.

It is doubtful whether the average thinking American will be willing to shift ideas of tariff making from the old American standard of living idea to one which would make our tariff an international diplomatic or economic weapon to be applied differently in different cases. Such a procedure would be about the best means one can think of for the promotion of international discord, leading to wars both economic and military. International tariff bargaining could easily lead not to peace and prosperity but to international friction and war. It is to be doubted very much whether such a tariff principle could be applied to America with the consent of the people, even if such a scheme of tariff making were physically possible, and even if Congress would consent to it, which is extremely doubtful.

CLANTON ON WORLD MAP

The Union Banner:

You will see from the inclosed clipping from the Shanghai Evening Post that Clanton is pretty well on the map of the world when something unusual happens there. We read a little about the storm almost as quickly as it was seen in the papers in Alabama. We also had reports of the other storm that came before the one mentioned, from Clanton. The cable news about the terrible storm came from Tuscaloosa and it said that Clanton was cut off from the outside world and no news could be obtained from there.

The few lines of cable news about the storms were just enough to let us know that something terrible had happened, but you may know that I was anxious for more news of the terrible destruction. I knew I would get it when the Union-Banner got here. Sure enough, when it came it told lots of things that had happened and the names of the people who were killed and injured. It would be very difficult to tell how much I appreciated the news received from the Union-Banner.

In these modern days the world is not so large as it once was. A hundred years ago it would have taken five or six months for news to get out here of things that happened in Alabama. We had news of these storms in Alabama a few hours after they happened.

Some years ago, I used to write a little for the people back in old Chilton County, but for the last two years I have been working under such a strain here that I have not had the time or energy to write much. I still think of all the friends back there and hope to be able to write an article now and then during the coming weeks and months. Please extend my greetings to the readers of The Union-Banner.—J. Toy Williams.

(Editor's noe—The clipping referred to above was dated Clanton, Ala., March 27, which was the date of the second storm in China read about it in their newspapers Chilton County. Readers of newspapers in of Monday, March 28th. We thank Mr. Williams for sending us this clipping. It brings us an example of how completely the face of the earth is covered by modern newspapers.)

CHILTON COUNTY WILL CONTINUE TO ELECT REPUBLICAN OFFICIALS

As we approach nearer to the time of the General Election, voters appear to be giving more concern to the importance of choosing officials for the jobs to be filled. Particularly in Chliton County this campaign has been marked by its lack of the stirring, rough-and-tumble with which many of our campaigns in the past have been seasoned.

However, it is evident now in the closing days, that people are thinking soberly and candidly about the meaning of the general election. Perhaps, in the absence of much campaign oratory and wire-pulling discussion, the people may be able to think straighter for themselves than they would do if they had to do their thinking in a campaign storm.

In the general election, people do not choose officers individually, but they choose political parties. It is in consideration of the latter choice that people are most concerned in this campaign.

As a party of sound government principle, in whose hands the destinies of our county may best be trusted, there is not a doubt that the vast majority of the people of Chilton County are today as firmly as ever committed to the Republican party. They will have to think a mighty long time before they change their opinions in this respect.

Then coming down to our home affairs, our people have two distinct examples for themselves. On the one hand, we have the record of the Republican party in performing the functions of government in Chilton county for several years past. On the other hand we have the record of the Democratic party in performing the functions of government in Alabama for many, many years. No enlightened thinking citizen needs any prompting from any politician to help see straight through such a comparison, and make up his mind which party he will support.

As we have said before, it is unthinkable that Republicans in Chilton County will throw aside their own party which they know has served our county well, and place in charge of our affairs the Democratic party, with its colossal failure in our state smelling to the skies.

We have had only a comparatively small taste of Democratic party government in Chilton County in the past quarter of a century. But even in that brief time it was enough to show the people they could make their future safe only by returning to Republican party government. Our people have not and will not forget the story of that experience.

The meterologists are predicting a cold winter in New York this year. Especially, no doubt, for Jimmy Walker.

Governor Roosevelt pleads for social justice at Detroit. How about making the same plea at Atlanta, when he goes there?

25 YEARS AGO

News Items as published in The Union and in The Banner, Issues of October 17, 1907

The Banner this week is Volume 16, No. 1, meaning that it is sixteen years old.

Festus Cooper, negro, was shot and killed last Saturday night. The dead body was found near Duke's mill by Dr. V. O. Campbell. Steve McCall and another negro by the name of Pink Lee were arrested.

Married this week:—Tom Smith and Miss Nellie Lee Smith, B. L. Cobb and Miss M. P. McGraw, G. N. Williams and Miss Letitia Doyal, Mauritz Forsman and Mrs. Fannie Honeycutt, T. C. Deloach and Miss Mollie Price, G. M. Willis and Mrs. Susie Fletcher, K. D. Lacky and Miss Lannie McKinney.

Horace Hood has been appointed sheriff of Montgomery County.

The Dupont Powder Company exploded at Fontanet, Ind., Tuesday, shattering to the ground every building in the little city.

The Southern Union Singing Convention met at Corinth last Saturday and Sunday.

S. E. Bruce and daughters, Anstis and Ida Bell, visited the state fair this week.

Cotton is selling at 10 cents a pound in Clanton today.

The MAN in the MOON

Looks Over All—
Overlooks None.

For An Example

Somebody said that all work and no play makes Jack a dull boy, and that is the reason, one of them, anyway, why I splice in now and then with a good joke or two. It takes our nose from the grindstone so to speak, and then, sometimes, jokes carry morals, or illustrate things in a way which could not be brought out by mere statements. Just for example, here's one of the latest I have heard. I thought it was pretty good, even if it does make Mr. Hoover the goat. Then, too, it illustrates pretty well the judgment of many who are prone to lay our present tight times at the President's door. The story goes like this: A man was very much in need of $300, but could think of no way to get it. He talked his troubles over with his pastor, who advised him to pray about it and ask the Lord for the $300. He went home, but couldn't pray, so he wrote the Lord a letter, asking for $300. The letter made its way to the dead letter office, and the government clerk, thinking it a good joke, took the letter to Mr. Hoover so that he, too, might laugh at it. Mr. Hoover decided that the man must be in dire need of money, so he sent the man $150. Not long after, the man's pastor met him and asked him if he had asked the Lord for the money, and if he had heard anything from it. The man said: "No, I didn't pray for it, but wrote the Lord a letter and asked Him for the money. He sent it, but He sent it in care of Mr. Hoover, and blamed if the old skin-flint didn't keep half of it." The next time you hear some wise-acre laying his troubles in the president's lap, tell him that one. It'll stop him.

Just a Hint

I wouldn't want to try to advise that all-wise group of statesmen who meet at Montgomery every once in a while (and sometimes twice in a while) how they might go about getting this poor old debt-soaked, tax-ridden State of Alabama out of the red, but a gentle hint, now and then, might do good, if we could get them to consider such a hint in their deliberations. I have just read where the House of Representatives of the State of Georgia has passed a bill and managed in some way to eliminate enough needless offices and officers to bring about a monthly saving of some $200,000. Now, this amount isn't all the money in the world, when it comes to running the affairs of a state, but it isn't a sum to be sneezed at. Right at this time our legislature seems to be afflicted with some kind of malady which might well be termed taxation on the brain, but if they could break loose from this ailment long enough to consider the action of our sister state's body of law-makers and take a lesson out of their little book, it might do good. Just think! A saving of $200,000 a month for 12 months—that would be $2,400,000 saved in one year! Maybe Governor Miller had such action in mind when he was running for office. "Save Millions With Miller"—seems to me I've heard that sometime, somewhere, or did I dream that? At that, they might look around a bit, to see if there isn't a spare office or two they might abolish. Oh! No! You couldn't think of asking the big boys, themselves, to cut any of their own fat salaries. That would be unthinkable. But then—oh well, it was just a hint in the first place. But it might work, if tried, instead of working overtime trying to think up some new kind of taxation.

A Slap At The South

Four years ago "the solid South" turned thumbs down on Al Smith. And just as the poor old Southern Democrats had about made up their minds that the national Democratic heads were respecting their feelings enough to keep Smith out of the race again, and were really kow-towing to them a bit, dog-gone their hides, they welcome the prodigal son, the wandering Al "with open arms," back into the fold again and put him on the stump. What a slap at the poor old South. I reckon, after all, it's about like somebody said a few days ago—the Republicans consider the South as a cockle-burr patch, not worth cultivating; and the Democrats consider it as a 'tater patch, already laid by. That's the reason, and the only reason, why the South gets no consideration from either party. Maybe some time, in some way, the people of the South will wake up to this, get wise, and do something about it.

From the Question Box

We have a big dictionary around here, somewhere, which is supposed to give the correct definition of any and every word in the English language. This big books says a representative is one who represents another. Taken that way, I would think that our representative in the State Legislature would be there to voice the desires of the people of Chilton County on any matter which might come before that august body. If that is right, I would like to know who gave our representative the idea that we, here in Chilton County, want to pay any extra tax on gasoline above what we are already paying. I don't, and so far, I have failed to find anyone who does. But somebody must surely want the tax put on, and told Representative Pitts as much, else he would not have voted for that added tax, as he did, when it came up before the House a few days ago. If it is the case that none of us want to pay the added tax, then we have one for the question box: "When is a Representative not a Representative?"

Leo's Little Car

One morning last week I came around Peckerwood Corner and squinted down the street, stopped short, and stared. Then I rubbed my eyes and looked again. There it was—same size—wouldn't grow a bit. I tried to remember if anybody had offered me a drink—nothing doing. Finally I had to face the fact. I wasn't dreaming, wasn't drunk, eyes focusing perfectly on everything else, yet there sat a little automobile about as big as your fist, all decked out with signs, and everything, and telling the wide, wide world that it was the property of Clanton Laundry and Cleaning Company. I came closer, to take a good look, and finally drove the little fellow around a block or so. And —if that ain't sump'n! After hearing Leo Thompson, the big shot in Sudsville, tell why he put the little Austin car on the job, I believe it wasn't such a bad idea at all. Leo is a pretty smooth business man. He is an avowed economist, a firm believer in advertising, and, all in all, has made a big success of his job as manager of the Clanton Laundry. Leo says that he decided that a delivery car that gets 40 miles to the gallon of gas, corresponding mileage on oil, tires, and other things automobiles and Austins use, is what he needs in his business. Then too, he figures that the little Austin is a big advertiser for his business, everywhere it goes. I guess that's right, too, for I have noticed crowds and crowds looking at the little fellow as Leonard Gentry scoots around the corners. If you happen to meet something that looks like an automobile, but was pulled before it had time to grow up to full size, don't get excited. That's it — with somebody's washin'.

Next Week

Don't miss next week's column, folks. I've just intercepted a letter, from one Democrat to another, as it drifted down the channel, and I think it's pretty good reading. I'll give the readers a chance to pass on that, however. And if you like it, I'll try to snag another one or two. Now don't forget—next week.—Man in the Moon.

To show what good sports they are those Western progressive Senators, when they get licked in the primaries they turn sour and run independent.

First Russia turns to the right and then to the left indicating that she has not yet found the broad highway of true progress.

We trust that Governor Roosevelt is cognizant of the fact that a lot of pitchers twirl shutout ball for seven innings and then blow up in the eighth and lose the game.

MORAL ECHOES

(By D. W. Haskew)

Most boys who are raised in the country are wise on the subject of bird life and bird habits. To the lad who knows, no bird is lower in scale than the parasitic type. Instead of making a nest of his own the male bird will nudge his wife and whisper, "Just leave our eggs among those in our neighbor's nest." This suggestion seems to please the mother bird and by stealth she deposits her eggs in the nest of other birds, while they are not at home. So when the innocent field sparrow has brooded and the hungry little birds emerge from the shell, there is an unexpected boarder in the nest. This unknown orphan grows faster than the field sparrow and soon he is so large that he sets up a monopoly over the food supply. All the time the parasite birds are sitting off in another tree watching their baby grow, doing nothing toward feeding and caring for it. That is just like some folks. They shift the responsibility of caring and training the children of their home to other shoulders. Too many parents today are switching about in society while other hands feed and take care of the babies that should be under their own parental supervision. The lowest type of human race is that class who will leave their own children for other people to raise and train.

A little wren built its nest near my window and deposited its eggs. The little bundle of beautiful feathers seemed so happy. Many times during the day it would come to the nest and look down upon its eggs. I could almost hear it saying, "Soon I will have a nest full of babies." One morning I heard a little bird crying out there in the plum bush by the side of the garage shed and I knew that something had gone wrong with the nest of my pet. While I sorrowed with the unhappy bird, I saw another bird dart into the plum bush. With care I looked to see what it all meant. There sat a big Blue Jay with his head cocked, eyeing the nest of the wren. I did not see this impudent thief as he robbed the nest of the innocent wren, but I knew what had taken place. He had been there before and had devoured all of the eggs and had come back to see if he could find another supply. The little wren tarried around her depleted home for a few days and seemed to be broken hearted. One morning I failed to see the two parent birds and I knew that they had gone elsewhere to try their luck in building a home. Cock sure, impudent, human blue jays, have broken up and ruined many a home.

A little sparrow had found a piece of bread in the back yard. It's find was too heavy for it to carry well, but it was laboriously trying to make its way to its brood with the food that it had found. When I heard an unusual sound, and looking out there came sweeping down on the little sparrow a black bird. From an elm tree nearby there was another cry, "Awk, hurrah," and three other black birds came down and joined in the chase. The titbit seized its piece of bread in its bill and flew this way and that way, but the larger birds were in hot pursuit. It would dash into and under shrubbery, but the mob followed with much noise and glee. For a short time it seemed who shall and who shall not, but finally the sparrow was overpowered and his food was taken from him. What excuse have three or four big grackles for mobbing a helpless little English sparrow? We are called upon to witness the same tactics among men. Just let an honest, hard working man discover something that is valuable and worth while, and in less than twenty-four hours there will be a bunch of "human bullies" down upon him to make it hot for him, and if possible to snatch from him the results of his honest toil. Human grackles have no right to mob and take from the hard working man.

A pair of blue jays pitched their nest on the limb of an oak tree near the parsonage door. There they laid their eggs and hatcher their young. The little jays ate much and grew with great speed. While sitting on the front porch of my parsonage home I noted that the parent birds were down near the ground, and I knew that something was wrong. On investigation I found a young jay in the shrubbery by the front steps. It was evident that this youngster thought himself to be quite a bird, much too large to be sitting in a nest all day, and so he proceeded to jump out of the nest before he was able to fly and take care of himself. He fell to the ground, and there he was. The house cats were roving around, and I knew that the bird had no chance on the ground. His parents were in great distress. I thought to help them in their trouble and so I caught the bird and set him on a limb in safety, but he would not stay there. I threw him on top of the house, but he would jump off. That unruly bird would not stay anywhere but on the ground and there was great danger there. I guarded the little fellow as best I could for two or three days, but finally he made a meal for a hungry cat. There are boys and girls who think that they are too large for their homes. Like the little jay bird, they are not able to protect themselves, but they will not stay at home. Parents, keep your little ones in the home, or prepare to lose them.

The Man on the Corner

Some Sights He Saw—
and Some He Saw Not.

Prof. Murphree of Eldridge

Prof. A. B. Murphree, principal of the Eldridge Baptist Academy, of Eldridge, Alabama, was a visitor here last week, attending the Chilton County Baptist Association at Sardis. He spent a few hours in Clanton calling on friends and acquaintances. Mr. Murphree made the very encouraging statement that the Baptist Academy is making steady progress in spite of the hard times. This is one of the schools supported by the Baptist denomination for the education of the underprivileged boys and girls of our rural districts.

The Red Cross Roll Call

Next month will be time for enrolling membership in the annual Red Cross Roll Call. I hope the people of Chilton County will remember the great work of relief and rehabilitation which the Red Cross did in our county last Spring following the storm. The recollection of their generosity and helpfulness to our sufferers ought to move every man and woman in the county who is able to do so to contribute something for membership in the Red Cross. Next year and every year the Red Cross will be helping somebody somewhere just as they helped our people this year.

Coos Neighbors From Coosa

I was reminded of the good old days of the past, when I saw Coos Neighbors on Peckerwood Corner Tuesday talking politics with Buck and Dief.

Rev. Martin Visitor Here

Rev. D. S. Martin, of Equality, was a visitor at the home of his son, J. Mell Martin, in Clanton, a few weeks ago. While over here Rev. Martin attended the meeting of Unity Baptist Association. He is one of the oldest Baptist ministers in Central Alabama. He has been an active official in the old Central Association for many years. He is now Moderator, and his son, N. R. Martin, is Clerk, of Central Association. The visit of Rev. Martin to Clanton is a regular event every year, and he is always welcomed by a great number of warm and admiring friends.

Another Trick of the Storm

O. C. Duke was over in Coosa County a few weeks ago. Out in the woods, a long ways from anywhere, he came upon a seemingly new cypress shingle that showed it had been brought there by some strange means from the top of a house where it had once been nailed down. There was one nail in it. "There is not a house in that part of Coosa County covered with cypress shingles," said Mr. Duke, "and my guess is that this shingle was picked up at some place in the path of the storm last spring and dropped in Coosa. The place where it was found was several miles from the path of the storm.

Good Corn Production

Uncle George Willis, of North Clanton, reports that he gathered last week 108 bushels of corn from a patch of one and three-quarter acres. Also that he has dug his potatoes and found one that measured two feet in length. Uncle George is not a "big" farmer, but he is a good one. He is a hard worker who never goes to the shade until his task is finished, no matter how hot the sun shines. His reward always comes in the fall when harvest brings him the full fruits of an honest labor. Then the rugged face of Uncle George shines forth with the radiance and happiness that springs from a thankful heart.

"No More Taxes of Any Kind"

"No more taxes of any kind upon anything or anybody," seems to be the unanimous sentiment of the people of Chilton County, that is, if the meeting at the courthouse Monday afternoon can be taken as an index of public sentiment. And I believe it was that. With a unanimous endorsement of the Goode appropriation bill, and with direct instructions to our Senator and Representative to support that measure, the meeting concluded with a scatter-gun declaration of opposition to any increase of taxes upon anything or anybody, including the income tax and bond issue. There was no division of sentiment upon any of these propositions. Every vote was unanimous by the audience that filled the big courtroom.

Got All Het Up

Morrs Gamble, a negro boy, imbibed a few doses of canned heat Monday night. It got him so het up he decided he would run everybody out of town. First thing he knew he was in the hands of the officers. Before noon Tuesday Judge Bryan had him under a sentence of ninety days hard labor. In the words of another negro boy who had just finished the experience, "A boy can git into trouble in a mighty few minutes, but it shore takes a mighty long time to git outen it."

John B. Isbell Visitor Here

Hon. John B. Isbell, United States District Attorney at Birmingham, was a visitor to Clanton Tuesday. He was returning to Birmingham from a business trip to Montgomery. Mr. Isbell lives in Fort Payne, where he spends the week ends with his family.

We are told that they are going to wage an old fashioned Hoosier campaign in Indiana next month, and if they do, Indiana will be no place for an innocent bystander.

Germany threatens to re-arm unless the other nations cut down their armaments, and France and England are pretty sore to think that anybody would take the disarmament conference so seriously.

Up to this time the Free Traders in America have overlooked a bet. They have failed to discover that Germany's decision to re-arm was due to the Smoot-Hawley tariff.

The League of Nations report says that Japan is to blame in Manchuria and the Jap in return makes faces at the League. Now what are they going to do about it?

President Hindenburg of Germany celebrated his 88th birthday the other day and although Germany has a worse depression than ours, nobody blamed him for it.

If Mayor McKee of New York wanted and Tammany support he should have known better than to slash salaries.

Lot of fellows who are shouting for a change wouldn't be so well satisfied if they got a change for the worse.

MUDDYING THE WATER IN CHILTON COUNTY POLITICS

There is nothing to be gained by continually stirring the mud into the water, as regards the local politics in Chilton County. Now—less than three weeks before the general election—is no time for the Republicans of the county to be continually nagging at each other and using various means, directly and indirectly, to throw impediments in front of the nominees of the last Republican primary.

Of course, no one is coming out plain against any nominees on the Republican ticket, but they are probably doing worse harm than that by their indirect methods of playing this and that political scheme. All such matters should have been settled before our primary, and if they were not aired and settled then, they should be left alone now. We may not have gotten our personal choice in the primary, but if we are true Republicans, we will not only vote the ticket, but we will use our influence in its behalf at every opportunity.

The main contention seems to be centered on S. J. M. Webb, one of our nominees for the school board. Well, I believe that any material objection to Mr. Webb is altogether unfounded. He is as good a man as we have got, is a loyal Republican, and can be trusted to do the right thing toward the voters of Chilton County and toward the school children of the county. I do not believe he will be deaf to the wishes of a majority of the people of Chilton county when he is made to know what the people really want. I merely mention Mr. Webb. Everyone of the Republican nominees are deserving men and women, and for us as Republicans to even entertain an inclination to split off and vote for a single Democrat is nothing short of pure folly. Let us pay no attention to howling that originates in a deep seated cavity and finds vent through a little insignificant crevice somewhere else, all of which is a child of malice and hatred and a desire to dominate even to the detriment of our entire county.

So, let me urge the Republican voters of the county to let no disturbance that may arise come between you and your wholeheated support of the county Republican ticket as well as the national and state tickets. Now is no time for the Republicans of Chilton County to give way to a weak knee or to falter in our stability to the cause of good, sound government in our county and nation.—T. E. Wyatt.

Ask Your Doctor Two Important Questions

How Many Minerals Does the Body Contain? Why Are Minerals and Vitamins So Essential to Bodily Health?

When your doctor names the Mineral elements of the body write down the list carefully. Take this list to your druggist and ask to see a bottle of LEE'S MINERAL COMPOUND, the marvelous new formula that is bringing health to thousands. Compare the Doctor's list with the label on the bottle and you'll find, without exception, every one of the essential Minerals are contained in this famous compound. That's the reason for its amazing success. It's Nature's own way to health.

OUR WONDERFUL BODIES

Strange as it may seem, these wonderful bodies of ours consist of a very limited list of fundamental chemical elements. It is now known that only eleven minerals and five gases are needed by Nature in building the strongest man or the most beautiful woman.

OUR BODIES ARE ROBBED

All of these essential Minerals and gases are present in natural foods but improper cooking and an unbalanced diet rob us of these vital elements. The system becomes charged with acid. Indigestion and Constipation follow. We become nervous and irritable; subject to headaches, fail to get the proper rest at night, become weak and listless and good health deserts us.

NATURE DEMANDS HELP

When any of the essential Minerals are deficient, Nature demands help. Harsh laxatives, "patent" medicines and "pain killers" won't do. You must feed into the body those missing elements that Nature demands. LEE'S MINERAL COMPOUND, the new scientific formula, contains a balanced supply of Minerals, in combination with vitamins and it is surprising how quickly the system responds to this Natural health building formula.

CLEARS THE SYSTEM

LEE'S MINERAL COMPOUND, with Vitamins, sweeps the system clean of impurities, drives out dangerous "toxic" poisons, eliminates excessive acids that destroy health, supplies the body with essential minerals, builds rich, red blood, new strength and energy, restores the appetite and aids digestion.

MAKE THIS 10 DAY TEST

Convince Yourself!

Stop dosing yourself with "patent medicines," harsh purgatives, oils and cathartics for just 10 days. Go to your nearest Druggist and secure a bottle of LEE'S MINERAL COMPOUND. Take it regularly, and watch the results. You'll be amazed at the feeling of renewed strength and vigor that soon appears. No narcotics or alcohol to "boost you up" but a natural method of restoring health and energy.

For Sale by Upchurch Drug Co., Clanton, Ala., and other good Drug Stores Everywhere. Or send $1.00 to Lee's Laboratories, 365 Peachtree Arcade, Atlanta, Ga., for a large bottle, postage paid.

J. R. BEARDEN SAYS KEEP REPUBLICANS IN OFFICE

Editor Union-Banner:

Please allow me space in your paper to write a few sentences in support of the nomniees on the Republican ticket, which will appear with the combination ticket that will be presented to the voters on November 8th.

After careful consideration of the conditions that prevail in the county, I feel like almost perfect harmony will be attained before the election date comes around, and all the hatchets will be buried. I fully believe that we will lose but few Republicans and will win many of those who have been voting the other ticket, as the people are sorely disgusted with the deplorable condition of the state affairs. We have been enjoying a properous Republican administration in this county for many years, and the funds have been conserved in such a way that we have a surplus fund in the county instead of such a staggering deficit as the state now has.

The Republican nominees on our county ticket represent the highest type of citizenship in the county, and are the best kind of people, being experienced and well qualified for the offices they are seeking. They will be as conservative and efficient in the management of the county affairs as the officers they are succeeding, and we can be satisfied to know that our county funds and government will be well handled and in such a manner as will command the respect of every good citizen of the county. I am personally acquainted with all of the nominees and take pleasure in recommending them to the voters of the county as fine, trustworthy and dependable citizens and the type that will continue to hold our standards high and maintain the entire confidence of the citizenship of the whole county. Come on boys and let's show the mark of good sportsmanship, and not act like a bunch of defeated children playing town ball. There is no honor in such childish play and nothing to be gained in a time like this by such tactics.

Let me, in conclusion, urge that every qualified voter come to the polls and cast his or her vote for the best interest of the county and state as well as the nation in which we live and love. Be patriotic and courageous enough to do this at any cost, and do not let anyone deceive you concerning the very important matter of voting your convictions. I am yours for the best.—J. R. Bearden.

CANE CREEK

Don't forget, Sunday, October 22, is our regular singing afternoon. Everybody is cordially invited to attend.

Dr. and Mrs. Herbert Neighbors, of Goodwater, were visitors to Clanton the first of this week.

Mrs. W. S. Cox suffered a stroke of paralysis last week. She was at the home of her daughter, Mrs. W. M. Poole, in Clanton, when she became ill. This week she continues in a serious condition.

Dr. Clyde H. Foshee, of Boston, Mass., is spending a few days vacation with his parents, Mr. and Mrs. Charlie Foshee, near Billingsley.

Lesson for October 23

PROBLEMS OF THE MODERN HOME

Joshua 24:14, 15; Mark 10:2-12; Ephesians 6:1-9.

GOLDEN TEXT—And if it seem evil unto you to serve the Lord, choose you this day whom ye will serve; whether the gods which your fathers served that were on the other side of the flood, or the gods of the Amorites, in whose land ye dwell: but as for me and my house, we will serve the Lord. Joshua 24:15.

PRIMARY TOPIC—Pleasing God in My Home.

JUNIOR TOPIC—Rules to Live By at Home.

INTERMEDIATE AND SENIOR TOPIC—My Home Problems.

YOUNG PEOPLE AND ADULT TOPIC—Problems of the Modern Home.

I. A United Home to Serve the Lord (Josh. 24:14, 15).

Joshua had succeeded Moses as Israel's leader. He was conscious of his being taken away soon in death from the people (Josh. 23:1), and of their liability to lapse into idolatry. He reviewed before them the history of God's goodness to them, and appealed to them for a rational consideration of their responsibility, and the exercise of sober judgment (v. 14). He wanted their choices of God as over against the false gods to be a balanced judgment. He followed this appeal with his own example (v. 15). He told them that his mind was already made up. He associated his household with himself. His decision was not a hasty one. It had been talked over at home, therefore, he uttered the united sentiment of his family.

II. The Father and Mother in the Home (Mark 10:2-12).

God constituted the race male and female. His purpose was that they should be united for life in holy wedlock, with love as the bond of union between them.

1. Marriage should not be degraded by divorce (vv. 2-5). God ordained the marriage relation, and intended it to be indissoluble. God, through Moses, suffered, limited, and regulated divorce, because of the hardness of the hearts of the people.

2. Marriage is God's primal law (vv. 6-8). The ideal law of life for the subjects of Christ's kingdom is marriage. This is proven by the fundamental fact of sex, "God made them male and female" (v. 6).

3. Marriage has God's sanction (v. 9). God declared to Adam that man should leave father and mother and cleave unto his wife.

4. Marriage of the divorcer forbidden (vv. 4-12). The marriage relation should be broken only by death, or by sin. The party responsible for divorce, who marries again, is guilty of adultery.

III. Members of the Household (Eph. 6:1-9).

In the home are found father, mother, children, and sometimes servants. Each member has rights and privileges which must be respected.

1. Children (vv. 1-3).

a. They should obey their parents (v. 1). The ground for this obedience is the fact that the parents stand in the place of God with the children.

b. The children should honor their parents (v. 2). Obedience to parents is limited to the period of immaturity. When children take their place in the establishing of new units in society, they are no longer under obligation to obey their parents. Honor means to have in reverence.

2. Parents (v. 4). Doubtless the word "fathers" is intended to be inclusive of the mothers.

a. Provoke not your children to wrath. Parents should not irritate or aggravate their children.

b. To bring them up in the nurture and admonition of the Lord. Nurture doubtless means to educate, and admonition to discipline.

3. Servants and masters (vv. 5-9).

a. Servants are to obey their masters (vv. 5-8). This obedience should be (1) Servants should have proper respect for their masters, and an earnest desire to please them. (2) Servants should perform their tasks as though they were doing them for Christ's sake. (3) The servant's aim should not be merely to please the eyes of the master, but to render honest and acceptable service. (4) With good will. It should not be primarily for approval or pay. Christian servants will perform their duties to their masters with the same fidelity as they would unto Christ. (5) Rewarded by the Lord (v. 8). The Lord takes account of our service in the common ways of life, and will some day reward us accordingly.

b. Masters to be considerate (v. 9). Just as servants are to give wholehearted consideration for their masters, so masters are to look after the best interests of their servants.

Go With God

God is always ready to go before us. Indeed, we never can go anywhere victoriously unless he does lead us. To go without him into any of life's experience—struggles, dangers, or duties—is to fail.

Reveals Character

Did we get everything we craved for in the hour of asking it, I think it would be a long farewell to manhood. Work reveals character, but so does waiting.—George H. Morrison.

Mr. Jess Davis of Stanton sent to The Union-Banner last week a stalk of sorghum that measured fourteen and one-half feet long.

QUINN WARS AGAINST FISHING BELOW DAMS

Montgomery, Ala., Oct. 15.—I. T. Quinn, state commissioner of Game and Fisheries, has issued a warning to Alabama sportsmen against boating or fishing in the vicinity of dams or power gates following the drowning of two fishermen recently near Verbena.

"The drowning of two fishermen recently just below the dam near Verbena brings forcefully to the attention of the public the danger which exists near such structures," Commissioner Quinn said.

"Not long ago, the department received information that a fisherman who got too close to a dam saved himself by clinging to an iron chain for over an hour, the boat being destroyed. Within the past two weeks two other men very nearly lost their lives when their boat was caught in the current.

"Few persons who have not been caught in a stream, realize how strong a force water creates. Once a boat is caught close to a dam, it requires almost a miracle to save it. Danger exists also below dams, because gates may be raised at any time and the boat capsized. Swimming is practically impossible in such cases and drowning is almost certain. An even greater danger in fishing below a dam is created when a gate is closed.

"Not even the pleasure of fishing is a sufficient return for the danger which exists in fishing near dams. Sportsmen everywhere are cautioned against this practice and are urged to help keep our state free from this and other fishing accidents."

Concord-Billingsley

Dr. Cassady, of Montgomery, preached at this place Saturday of last week. After the services refreshments were served at the church. Then the fourth quarterly conference and home coming were held in the afternoon. There were representatives from all churches of Chilton Circuit. Mr. Arthur Crane received the majority of votes to go as a delegate to the annual convention at Birmingham.

Mr. Carson Williams of Haynes spent Sunday and Monday with his parents, Mr. and Mrs. J. P. Williams.

Mr. O. Y. Sims and daughter, Clara Delle, made a busines strip to Clanton Saturday.

Mr. J. P. Williams and daughter, Bessie, and son, Charlie, were in Clanton shopping Saturday.

Mr. Clarence Williams went as a delegate to the Chilton County Association at Sardis last Wednesday and Thursday.

We invite everyone to come and help us in our singing the first Sunday afternoon and help us make it one of the best.

IN MEMORY

On September 25, 1929, God planted a little rosebud in the home of Mr. and Mrs. W. D. Taylor. They called this little flower Fannie May. As the years passed she grew into a beautiful flower. She had pretty brown eyes and beautiful blond curls.

She only staid here 3 years, but she was loved by everybody, and, oh, how hard it was to give her up. But God saw fit to call her home to heaven. She leaves to mourn her loss, a father, mother, one sister, two brothers, and a host of relatives and friends.

Let us hope that her mission, though short, did accomplish some good. God and the angels watch over all of us, and it seems that the little ones are the special objects of their watchfulness.

Now dear friends, do not mourn for your babe, for she has just passed out of your hands into the hands of Him who gave her to you. He gave her to you for a while and now He has gathered the little sheaf to Himself.

In olden times the shepherd tending his flock of sheep, wanting to change pastorage, if the sheep would not follow, he would take a lamb in his arms and the flock would follow to where he wanted them to go. So the good shepherd has taken your lamb and carried it to the haven of bliss and eternal glory, and may you follow on to where the lamb is safe within the one fold with the one shepherd.

Those so sadly bereaved are the father and mother, brothers and sister. To these I would say:

Weep not, the child is gone to rest.
Her life on earth is done,
For God, who doeth all things best,
Has called her for his own.

—R. F. Yeargan.

JERSEY CATTLE BREEDERS ARE TO MEET SATURDAY

County Agent C. E Stapp asks that all members of the Chilton Jersey Cattle Breeders Association be requested to meet at his office in Clanton Saturday, October 22, at 2 p.m.

Mr. Stapp was well pleased with the Jersey Cattle show held here recently and he is anxious for the breeders of purebred Jersey cattle to meet Saturday and make plans for further development of Jersey cattle in the county.

Mr. and Mrs. J. W. Cagle, of Mitchell Dam visited their daughter, Ethel, at Troy normal school last Sunday afternoon. They were accompanied by Mr. and Mrs. Jean Wyatt and little daughter and Miss Addie Sue Sharpe.

Prophecy Corner

Conducted By

L. A. BUTTERFIELD

Old and New Testament prophets alike have predicted the glorious second advent of Jesus Christ. These prophecies will be fulfilled as certainly as have the other Bible prophecies which we presented week by week. Nothing can prevent the coming of our Lord. Unbelief will not hinder it. Fear will not keep it from coming. It is predicted in the Word of God. It will come, then, with all its attending power and pomp and glory and majesty and sublime awfulness.

When the disciples asked Jesus, "What shall be the sign of Thy coming, and of the end of the world?" Jesus gave them several signs by which they might know if His coming was near. He says in Matt. 24: 29, "Imediately after the tribulation of those days shall the sun be darkened, and the moon shall not give her light." Mark has it, "In those days, after that tribulation, the sun shall be darkened, and the moon shall not give her light."

The days of prosecution referred to were the 1260 years of papal persecution beginning in 538 and ending in 1798, the period commonly known as the Dark Ages. But the persecution did not last long as the "days", but ended as a result of the reformation around 1776. So in the days, after the persecution, would be between 1776 and 1798.

In referring to this same sign the prophet Isaiah says, "The sun shall be darkened in his going forth, and the moon shall not cause her light to shine." In order for both these prophecies to be fulfilled this darkness must occur between 1776 and 1798 and it must commence in the morning when the sun is "going forth."

Here is a statement from Noah Webster's dictionary (edition 1869): "The dark day, May 19, 1780—so called on account of a remarkable darkness on that day extending over all New England. In some places, persons could not see to read common print in the open air for several hours together. Birds sang their evening songs, disappeared, and became silent; fowls went to roost; cattle sought the barnyard; and the candles were lighted in the houses. The obscuration began about ten o'clock in the morning . . . The true cause of this remarkable phenomenon is not known."

Here is another statement from "The Guide to Knowledge or Repertory of Facts" page 428: "On the 19 of May, 1780, an uncommon darkness took place all over New England, and extended to Canada. It continued about fourteen hours, or from ten o'clock in the morning till midnight. The darkness was so great that people were unable to read common print, or tell the time of day by their watches, or to dine, or transact their ordinary business without the light of candles.

May 19, 1780 lies between 1776 and 1798. Ten o'clock in the morning when the sun is yet "going forth." Oh, how very accurate Bible phophecy is!

Now just a word about the moon that night. "The darkness of the following evening was probably as deep and dense as ever had been observed since the Almighty fiat gave birth to light. . . If every luminous body in the universe had been shrouded in impenetrable shades, or struck out of existance, the darknesss could have been more complete. A sheet of white paper held within a few inches of the eyes was equally invisible with the blackest velvet."—"Collections of Massachusetts Historical Society," Vol. 1.—L. A. Butterfield.

THE DEATH OF PEGGIE BEST

It was last Wednesday night when the moon was shining bright, October 12, that God sent an angel to carry away little Peggie Best, to live with Him on high. There, where she will never suffer no more, on that land where she will never grw old.

Peggie was laid to rest in Pleasant Grove cemetery. Rev. Limbrick deliered a wonderful talk.

Peggie's guardian angel watched over her day by day, year by year, until it carried her away. Weep not, dear ones, because our loss shall be heaven's gain. Peggie was loved by every one. She liked to go to church, but the last time she came she was to be laid away to rest. Peggie had suffered six days of pain from the scarlet fever, but she will suffer no more, because when God calls his children home they will be at rest.

If you live right and try, you shall meet her the sweet by and by.—Bearlur Payton.

TAX NOTICE

Collector's and Assessor's Round

WE WILL ATTEND AT THE FOLLOWING TIMES AND PLACES FOR THE PURPOSE OF COLLECTING THE STATE AND COUNTY TAXES FOR CHILTON COUNTY FOR THE YEAR 1932 AND ASSESSING TAXES FOR THE YEAR 1933

Mt. Creek, Beat 5	Oct. 20	Culp Schoolhouse, Beat 15	Oct. 26
Kincheon, Beat 6	Oct. 21	Macedonia, Beat 14	Oct. 27
Shoults, Beat 7	Oct. 24	Providence, Beat 16	Oct. 28
Mineral Springs, Beat 12	Oct. 25	Riderville, Beat 8	Oct. 31
		Clanton, Beat 4	Nov. 1

Take notice that under the 1923 Revenue Code it is the duty of every person in each Election Precinct to attend in Person on the day of the appointment in your Precinct and then and there render to the Assessor a full and complete list of all the property of which he or she was owner on the 1st day of October of that year. All taxes and assessments are delinquent after December 31st, 1932.

W. G. CULP, Tax Collector.
AKINS I. COLLINS, Tax Assessor.

BIRD OF PARADISE

"Bird of Paradise" is perhaps one of the best known plays ever produced. The pathetic romance of Luana, a child of nature, who falls hopelessly in love with a white man, and as hopelessly sacrifices her love, required a setting in sympathy with the sublime character of her heroism.

That there could be no other setting than Hawaii was easily apparent to David O. Selznick, executive vice president in charge of all RKO production. Thus the production wheels were set in motion. King Vidor, a master of subleties and poetic screen phasing, was engaged to direct and the company made the long sea journey to Honolulu.

If there had been any doubts as to the wisdom of this expensive expedition, they were quickly dispelled. The natural beauties of Hawaii, with its waving palms, its placid, moonlight nights, its verdant lush valleys, its beautiful seascape and rugged coast line were a delight to Vidor's eyes. There he set up his cameras under the direction of Clyde De Vinna, who photographed "Trader Horn."

Despite the handicaps of seasonal rains, the work of filming this screenplay of Richard Walton Tully's stake masterpiece progressed. Where the play was necessarily static because of the theatre's limitation, the film, immeasurably broadened the scope of the story.

The barbaric beauty of the primitive Hawaiian mating dance was caught in all its wild, esoterie splendor. Amid a circlet of flames, Miss Del Rio underlates in the omnious night — a pathetic pawn of custom, waiting for some man to brave the fire and carry her off.

Joel McCrea rescues her—braves the meancing circlet of fire — and carries her off to a deserted, neighboring island, free from the dreaded tabus of her people, momentarily free to love the white god who captured her. Then the theme of "Bird of Paradise" weaves is inevitable destiny. Luana's people wish to sacrfiice her to Pele, the volcano, for having broken the tabu against mating with a white.

Luana is torn between love for Johnny (Joel McCrea) and the primitive terror of sorcery, and in the end makes a magnificant sacrifice that is a classic in the annals of drama.

In production, "Bird of Paradise" is tremendous in scope. No money was pinched to make it a realistic saga of romance. In this respect it is interesting to note that the company hired an entire village of Hawaiian promitives . . all its occupants, men, women, babies, goats and dogs . . . for the spectacular mating dance scene.

While in Honolulu the company was treated royally. The Chamber of Commerce cooperated in finding locations, even going to the trouble of daily transportating the flim crew to its working place. Miss Del Rio was feted every night, and was treated with the most profound respect. Every morning flowers were sent to her by mysterious well-wishers. The fans trooped behind her as they would troop behind an American star in any American city.

This picture comes to the Wadesonian Theatre on Monday and Tuesday, October 24 and 25th.

20 INCHES OF POTATO

Mr. R. L. Wright of Bethsalem, Beat 6, Billingsley, Route 1, brought to the Banner office Friday an unusually long and big potato. It was an improved Porto Rican, 20 inches long and weighed four pounds. We have often seen longer and heavier potatoes, but a combination of this length and weight in the same potato is seldom found. This seems to be a year of freak potatoes. The crop as a whole seems to be very good over the county.

OLD TIME SINGING AT POORHOUSE OCT. 23RD

There will be a singing in the old books at the county almshouse, Sunday afternoon, October 23rd. Both the Christian Harmony and Sacred Harp books will be used. Everybody invited. Singing will begin at 10:00 o'clock.—J. E. Cobb.

LOOK!

We have just received a car load of Shorts, Bran, Wheat, and Flour

Our Prices are Right

We still carry a full line of Purina chicken and dairy feeds, the best there is to be had. We also carry a full line of staple groceries.

Farm Implements

WEBER WAGONS
DISC HARROWS
HAMMER MILLS

This is the season when farmers should be particularly interested in buying wagons, disc plows and feed crushers. We have these items on hand ready to give demonstrations at any time. You are invited to call on us and discuss your needs. We can offer you valuable suggestions to help you solve your farm machinery problems to advantage and profit to you.

CLANTON

Tractor & Implement Co.

Maddox Warehouse

At the Helm—In Time of Need!

Mrs. A. L. Dunkin and Mrs. Ned Duke, accompanied by Mr. and Mrs. Albert Smith and little daughter, Evelyn, of Prattville spent Sunday as the guest of Mrs. G. L. Phillips.

Mr. and Mrs. William W. Dunkin, of Charlotte, North Carolina, spent Sunday with Mrs. G. L. Phillips.

Dr. and Mrs. Herbert Neighbors, of Goodwater, spent Tuesday in Clanton.

Dr. and Mrs. Sam Johnson, of Pensacola, Florida, spent the week end with Mrs. A. E. Harper.

Miss Ethel Smoot, of Wetumpka, was the week end guest of Mrs. J. Q. Wade.

Miss Corinne Polk, of Athens College, spent the week end with her parents, Mr. and Mrs. George C. Polk.

Mr. Charles Baumhauer, of Mobile, visited Miss Betty Mullins Sunday.

SUNDAY PICTURES IN CLANTON

Mr. Wade of the Wadesonian Theatre, Clanton, wants to know if the people of Clanton want pictures on Sunday. The new state law recently passed by the legislature, permits Sunday pictures in cities and towns where the populace wants them. Mr. Wade says that should pictures be put on at his theatre on Sundays, they will not be run to conflict with church services. He is asking for an expression from the town council and the people in general.

CLASSIFIED ADVS.

LOST DOG—Extra large white and black hound, name Pack. Last seen at Monroe Parrish's last Wednesday. Liberal reward for return or information. Earle Parrish, at First National Bank, or J. Monroe Parrish, Clanton, Route 1. 1tch

WANTED—Someone who will be interested in financing poultry business. $150 will start the business. I can furnish location and do the work for half interest in the business. References furnished to anyone interested. See or write K. R. K. Care of The Banner, Clanton, Ala. 10-20-2tc

Company furnishes everything but car. Good profits for hustlers. Write the W. T. Rawleigh Company, Memphis, Tenn, or see me.—J. S. Thomas, Clanton, Ala. 9-29-5tch

FOR SALE—Good 2-horse wagon; also mules and milch cows. Taylor Wholesale Grocery Co., Clanton. 10-20-1tch.

Red Cross to Enlist Great Army of Members to Fight Distress

Last year 4,004,459 men and women joined the American Red Cross as members during the annual roll call, Armistice Day to Thanksgiving Day. A peace-time army even greater than this will be needed in 1932-33 to support and carry on the nationwide relief work of the Red Cross. There are 3,639 Red Cross Chapters and they have 10,000 branches.

APPLICATION FOR PARDON

Notice is hereby given that the undersigned, W. C. Smitherman, who was convicted in the September Term, 1932 of the Circuit Court of Chilton County, on a charge of making liquor and possession of a still, and sentenced to a term of one year and one day in the penitentiary, will make application for a pardon or parole.—W. C. Smitherman. 20-2tp

Mrs. Isabell Lawley, who has been very ill for the past several weeks, is said to be near death at the home of her son, Dewitt Easterling, in east Clanton.

WEBB EXPLAINS HIS POSITION

(Continued from Front Page)

will in the future as I have in the past stand firm for justice and right, if the Lord together with the good people will make me know the right and proper course to pursue. If elected, I will faithfully serve all the people and not a small bunch of politicians. I shall realize at all times that I am a servant of the people of the county and will give you the best that is in my power to serve.

I regret that I was forced to write about the matter and where I stand.

Voters, let me insist that all of you go to the polls on November 8th and cast your votes according to the dictates of your own conscience and not be influenced by some deceptive politician who may seek to deceive you and get your vote for a selfish destructive cause. It is being rumored that some very dirty and underhanded tactics are being used to defeat some of our nominees and there is no just cause for this as all of our nominees are fine and well qualified people for the offices they are seeking. I wish to warn our people of the efforts that are being injected into this campaign to pollute both parties by some who are treacherous and are only seeking to dominate every move, regardless of who is elected and regardless of the interest and welfare of the common people. Such moves as this will cripple our county government, and I sincerely hope the people of the county will be alert and ignore all such moves and such politicians.

As there seems to be quite a bit of agitation as to the dismissal of a Superintendent from office under appointment by the Board by appointive method, Alabama School Code, page 5), paragraph 117, you find the words:

"The County Board may suspend or dismiss for immorality, misconduct in office, insubdornation, or incompetency or wilful neglect of duty, or whenever, in the opinion of the Board, the best interests of the school require it, superintendent, principals, teachers, or any other employees or appointees of the Board."

With very best wishes for all of our people, I am, very sincerely.—S. J. M. Webb.

JIM BLACKBURN SHOT IN TURKEY STEALING RACKET

Gang of Thieves Caught at Dennis Farm Sunday Night. One Man killed. Two Women and One Man Jailed. Coroner Says Justifiable Homicide For J. N. Dennis

Jim Blackburn, a boy about 17 years of age, who lived at Jonesboro, near Bessemer, was killed last Sunday night, while engaged in stealing turkeys at the farm of J. N. Dennis, south of Clanton. The youth was victim of a shot gun when Mr. J. N. Dennis and Ed Kelley surprised the thieves, and they refused to surrender by opening fire upon Dennis and Kelley with a pistol.

Relating the story of the occurrence, Mr. Dennis made the following statement:

"Having lost about forty turkeys in the past week, which I attributed to the work of thieves, I engaged Ed Kelley to guard my place at night in the hope of catching the parties if they came back. I had instructed Kelley not to make any alarm until he actually saw someone getting the turkeys, and then if possible, to notify me before interrupting them.

"About midnight Sunday night Kelley came to my house and told me somebody was getting my turkeys. I went with him to where two cars were parked by the side of the highway near the turkey pen. We looked in the cars and saw some turkeys in one car. There was a woman in each car. We took the tag numbers of the cars. The woman in the rear car began to blow the horn.

"Two men appeared on the scene, apparently with intentions of getting into the cars and getting away. I had a shot gun and Kelley had a pistol. I called to the men to stop. When they failed to stop, I called them again, and told them if they did not stop, I would shoot. Then one of the men cursed me with an oath and said, 'then we will shoot it out.'

"Whereupon he immediately shot at me with a pistol. I fired my shot gun twice and Kelley fired his pistol twice.

"Before the men came the woman in the car in front got out and went and got into the car behind. One of the men reached the car in front and sped immediately after the shooting. We did not know where the other man was at that time.

"The Sheriff arrived at this time. He and I hurriedly followed the car which had left, but did not overtake it. I told Kelley to hold the two women and the other car and not let them get away. But after the Sheriff and I had left in pursuit of the fleeing car, Kelley discovered that the other man was slumped in the door of the car occupied by the women. The man appeared to be seriously wounded. The women plead with Kelley to allow them to take the man to the hospital.

"They left with the wounded man after Kelly, Eual Martin and James Dennis had placed him in the car between the seats. Thinking they intended bringing the man to the hospital in Clanton, Kelley, James Dennis and Martin secured a car and came to the hospital. But they did not bring the man to the hospital in Clanton."

The statement of Mr. Dennis covers the chapter of happenings at his farm Sunday night. But developments Monday morning began to further clear up the tragic incidents of the night before. The two women carried the wounded man to the home of Bill Blackburn at Jonesboro, near Bessemer. He was dead when they reached there.

The dead man was Jim Blackburn. The other man was Bill Blackburn, his brother. The women were Mrs. Lena Roberts and her daughter, Florence Roberts. Mrs. Roberts is said to be the mother-in-law of Bill Blackburn.

When the party arrived home with the dead man on their hands, an undertaker stated the man was still in the car when he arrived, and that he had been dead for several hours. Officers were notified, and when they began investigations, they found conflicting stories of how the man met his death.

When it became known that the people had gotten into some kind of trouble near Clanton, the Bessemer officers called Sheriff Gillespie to see if he knew anything about it. It did not take long then for Sheriff Gillespie to establish with almost absolute certainty that it was the same people who had been in the turkey stealing and shooting at Dennis's.

Monday morning, after talking with the Bessemer officers, Sheriff Gillespie, accompanied by Mr. Dennis, left for Jonesboro to join in the investigation. They found the two cars which had been checked up by Mr. Dennis and Kelley at the turkey farm before the shooting. There were turkey feathers in the cars. The two women, Mrs. Roberts and her daughter, Florence, and Bill Blackburn, were brought back to Clanton by Sheriff Gillespie, and placed in jail on a charge of stealing turkeys.

Coroner J. Mell Martin, after investigating the matter, decided that the man, Jim Blackburn, was killed by a shot gun fired by J. N. Dennis and a verdict was rendered stating that the act of Mr. Dennis in shooting Blackburn was justifiable homicide. Mr. Dennis was not held by the coroner for further investigation.

MIMS APPEALS TO REPUBLICANS

Says Every Record of The Democrat Party Is "Bunk"

Editor Union-Banner:

Just a word to the voters of Chilton County:

My fellow citizens, may I say it is just a few days now until our county, state and nation will call upon us to go to the polls and have our say about who shall serve us as officers for the next four years in the various offices to be filled this time.

This is a very important election, in fact, it is one of the most important elections we have ever had. It is coming on at a time when people and things are to a great extent abnormal. Yes, we may say in these perilous times when need and hunger is abroad in the land. In a time of world depression. It therefore, behooves us the more to take courage and do our bit to place the affairs of our government in the hands of those best fitted and capable of handling them for us. It will not do to give up now and quit. Of all the times the people have needed to do some sober and careful thinking before casting their vote, this is one of the most important.

It is true this campaign is being fought out along party lines and not as individuals. In this election we vote for principles of government as advocated by the two major parties of this country, so we should not feel that we are voting for this or that person or candidate.

The Republican party promises you a safe, sound and economical administration of your county, state and national government along the principles of government that have in just a few years made this nation the greatest one on earth.

On the other hand, what do the Democrats promise you? Can they promise any better than they have ever done? They said Wilson would keep us out of war; they said Miller would economize and now they say, "Roosevelt and Recovery." The Bible tells us we may know a tree by its fruit. So on this theory can we hope for anything from the Democratic party? Its record in the nation for the last seventy years in normal times has been an absolute failure. Can we hope for it to pick

(Continued to Back Page)

POTATO WEIGHS ELEVEN POUNDS

Biggest One of the Season From J. W. Maddox of New Salem

Mr. E. W. Miller, the letter carrier on Route 4, brought to The Union-Banner office last Thursday the largest potato that we have seen this year. It was mailed to us by Mr. J. W. Maddox of New Salem community. The exact weight was eleven pounds and seven ounces. Mr. Maddox told the mail carrier that the potato grew in a saw dust pile, the place where it grew being so loose that the large potato was pulled up by the vine.

We have heard of saw-dust producing nothing but knot-holes when used in certain ways, but it must be rather good fertilizer for sweet potatoes.

SHALL I VOTE FOR HOOVER AGAIN?

People are asking themselves this question. A month ago lots of us were answering it with a great big "no" but after a few weeks of good sober, plain thinking, people have begun to look a little deeper into the matter. One man put it this way: "If voting for a change will bring better times, I am for it." But will making a change—that is voting for Roosevelt instead of Hoover—bring better times, or will we overcome the depression quicker by keeping our present executive?

The thinking electorate is reasoning this way: "Although the times are hard, yet it is possible that we have averted infinitely worse things in America by having a man in the White House of Herbert Hoover's vision and integrity." This is not merely a political idea but it is sound logic. We believe it is true that America has been blessed beyond estimation during the past three years by having a man at its head who was capable of keeping his wits together even in close view of great approaching calamities and emergencies, and who, instead of acting too hastily and probably unwisely, has held a firm grip on the steering wheel and has piloted us safely past the most dangerous and treacherous obstacles in our history.

The American people flocked to Hoover four years ago, and they had good reason to do it. We have the same reasons today and more besides. We were afraid of the Democratic nominee then; we have the same reasons to be afraid of the present Democratic nominee. Roosevelt is everything that Al Smith was except he lacks the ability and vision; all the objectionable qualities are there, namely: pro-Roman, pro-saloon and pro-Tammany. These are the things that beat Al Smith, and they are just as glaring in the present Democratic nominee. Will the voters let the shades of the world-wide depression, which has already been broken by the sound-thinking populace and a sound administration, blur their view of the real issues of this national campaign?

A few days ago a big banking executive of London, England, made the statement that neither the cause nor the cure for the depressd condition of the world lies within the power of any one man, government or nation. This is very true, and what folly it is for us to lay the blame at the feet of Herbert Hoover. He could not have caused it neither can he alone cure it; that is a job for all of us and it must come about slowly and gradually. The American people will come out victorius, and we trust that it will be done the best and quickest way. That way is by keeping Herbert Hoover as our president.

Did you notice what Roosevelt has promised Al Smith if their party wins? He has promised to create a new cabinet job, bigger, broader and more powerful than any cabinet member now occupies, and is going to give Al Smith that job. One of the duties of that cabinet member will be the appointment of federal office-holders. Well, what does this spell? It spells that the Roman Catholics will have a big finger in this government. With that hold they can manipulate most any scheme that they may conceive. We cannot afford to give Rome that inside track of our American government. A depression will work itself off our shoulders, but it will take more force than we can imagine for us to come out from under Roman Catholic and rum rule, once they get the inside track of our government. And a few years will not do it either; it will take generations to rid our government of these degrading powers, if it can ever be done.

SHOULD CHILTON COUNTY SPLIT?

To this question we will say that we can see no just reason why we should not elect every Republican nominee in Chilton County. The Republican party can lay claim to having managed the county's affairs well in the past, and we believe it is a safe bet that it will continue to do the same. Every Republican in Chilton County can point with pride to the enviable record made by our party, in which we have all played a part and the credit for which is due everyone who has voted that ticket in the past. It is true there are some ripples on the waters which should be perfectly calm and smooth, but they are not such that should cause any fright. There was no just cause for these disturbances being raised in the first place, especially here just before the general election. Therefore, we believe it unnecessary for the Republicans of Chilton County to be urged to stay by their posts. Our people are capable of thinking for themselves, and they cannot be thrown off the track by little frivolous matters that have no depth other than a design purely to injure some Republican nominees.

We believe that before our people split their tickets and vote for some nominees on the other side, they will ask themselves the question: "What have I to gain by voting thus?" And if a Democrat of Chiton County were to attempt to answer this question, how would he proceed? What has his party done in Chilton County and Alabama to command the vote of an honest, liberty-loving and patriotic citizen? Here is what the Democratic party has done: It has plunged Alabama into debt twenty million dollars, and the taxpayers of Chilton County are now paying on a two hundred thousand dollar indebtedness bequeathed to us by the only Democratic administration for the past thirty years. This is a nice argument for a Democratic vote in Chilton County, and they have absolutely nothing else to hold up to the people as their banner. Our people cannot and will not be hoodwinked into voting for even a part of such a regime in Chilton County.

There is only one alternative to the thing in Chilton County. When you mark your ballot on November 8th you will either be voting for good sound, honest dollar for dollar government which recognizes the wishes of the people, or you will be voting for officials who stand for burdensome taxation, overwhelming indebtedness and an absolute refusal to cut government expenses. The latter is what the Democratic party has given us in the past, and we have a right to expect nothing else in the future. Let us Republicans of Chilton County ponder these things well before we vote on November 8th.—T. E. Wyatt.

SINGING AT COURTHOUSE NEXT SUNDAY AFTERNOON

Another fifth Sunday is close at hand, and there will be another afternoon singing at the courthouse, beginning at 1:30 o'clock. Both the Stamps and Henson books will be used, and every society in the county is expected to come together for this event.

The Harmony Four, famous male quartet of radio fame, will be present and present several numbers.

It is not necessary to urge people to attend, because the auditorium will be filled, but permit us to impress on everyone to be there promptly at 1:30 ready to go to singing, and bring every new song book that you can get your hands on. The date is next Sunday afternoon, October 30th.

CORRECTION IN LETTER OF MR. S. J. M. WEBB

The Union-Banner regrets that an error was made in printging the letter of Mr. S. J. M. Webb last week. As printed, the letter made the writer say, "I regret that I was forced to write about the matter and where I stand."

This statement, as written by Mr. Webb, should have been printed, "I regret that I was forced to write some of this article, but I wanted the people to know the truth about the matter and where I stand."

GOLF MATCHES BEING PLAYED

Finals In Tournament Are To Be Played Off Next Sunday

First match plays in the Clanton Golf Tournament have been completed with the following results announced:

L. C. Reynolds won over Lester Jones, 4 up.

Jack Hayes won over Claudie Pipes, 2 up.

Raymond Smith won over R. D. Woodson, 1 up.

Grady Reynolds won over Sunshine Chism, 5 up.

W. E. Huddleston won over Dr. J. E. Edgar, 5 up.

Dr. N. S. Johnson won over F. J. Callen, 2 up.

Red Wagoner won over Hoyt Reynolds, 4 up.

R. J. Sumner won over M. Lande, 6 up.

Pairing of the second matches, which must be completed by Thursday night of this week are:

L. C. Reynolds and Jack Hayes; Raymond Smith and Grady Reynolds; W. E. Huddleston and Dr. N. S. Johnson; Red Wagoner and R. J. Sumner.

Pairing for the consolation matches are: Lester Jones and Claudie Pipes; R. D. Woodson and Sunshine Chism; Dr. J. E. Edgar and Frank Callen; Hoyt Reynolds and M. Lande.

Third matches must be played off by Saturday night of this week. The final matches to determine the championship will be played next Sunday.

SOMETHING GOING TO TAKE PLACE AT LOG CABIN BEACH

From present maneuvers, we judge that there is going to be some change to take place around the vicinity of where the Rockford road intersects the Coosa river. We have been unable to ascertain just what that change will be, but rumor has it that the U. S. Government is figuring on the deal.

SILAS BOY HURT IN AUTO WRECK

Smashup Occurred In Clanton Late Last Saturday Evening

John Silas, Jr., son of Mr. John Silas, of Clanton Route 6, was seriously hurt in the collision of a truck and an automobile at the crossing of Eighth Street and the Selma Highway in Clanton last Saturday evening about five o'clock.

The truck is said to have been driven by a son of Coy Klinner. He was going west out the Selma Highway. The Silas boy was in a Ford car going down Eighth Street. The machines crashed in the crossing.

Young Silas was rendered unconscious when he suffered a fractured skull. His conditions was very serious when he was carried immediately to Central Alabama Hospital for treatment.

ROOSEVELT WILL GIVE AL SMITH A CABINET POSITION

World-Telegram Reports A New Post To Be Created If Roosevelt Wins

New York.—The World-Telegram, in a copyrighted story, said Saturday Governor Roosevelt will create a new cabinet post if elected president and will offer it to Alfred E. Smith.

The paper said it had learned the Democratic presidential nominee already had discussed his plan to name his rival for the nomination, provided Smith will accept, to an office "in which he can utilize his ability in handling federal finances and reorganizing governmental departments."

The World-Telegram said it had not yet been definitely decided whether the post would be an additional cabinet job or one without portfolio, but that in either event Mr. Smith would be clothed with greater power than any cabinet member under the present system.

"Mr. Smith," the paper continued, "under the plan would be a combination of budgetary officer and federal-ordinator.

In addition, it is understood, Mr. Smith would be entrusted with the problem of studying and recommending changes to improve the relationship between government and business. This phase of the job, it is understood, would be concerned with efforts toward economic recovery, but, more specifically, with steps to be taken in the period of development after recovery. . .

"It is known that the inclusion of Mr. Smith in his official household, provided the Democrats win, has occupied a great deal of Mr. Roosevelt's thoughts. The only position of honor commensurate with Mr. Smith's stature, it has been suggested, are those of secretary of state and treasury.

"But it is not believed he would like those posts, and it is felt that his peculiar abilities could not be best utilized in any of the other cabinet jobs.

"On his present trip Mr. Roosevelt has promised to institute reforms affecting organization of federal departments and handling of government finances. It was in this particular field that Mr. Smith shone as governor at Albany, reducing the number of state departments from about 180 to 18, and undertaking financial reforms."

GHOSTS, GOBLINS ON FRIDAY NIGHT

Hallowe'en Festival To Be At Chilton County High School

You will see plenty of ghosts and goblins if you come to C. C. H. S. next Friday night at 7:00 o'clock.

The Senior Class is sponsoring a Hallowe'en Festival and if you want to have plenty of fun, don't fail to come. We are going to have a real fortune teller to read your past and future. There will be a "House of Horrors," in which you will be scared stiff. Of course you will want to get a letter from your sweetheart so drop by the "Postoffice" and you will receive one by paying one cent postage. We will also have a big "Fish Pond," so don't fail to go fishing and we will catch a big fish. Another popular attraction will be the "Punch and Judy". We can not tell you all of the attractions. You can come and see them for your self. Of course there will be plenty of eats and drinks to enjoy. The general admission is only one dime—ten cents. Come and watch the goblins as they play around.

CHILTON COUNTY SCHOOL BOARD MEETING POSTPONED

The regular monthly meeting of the Chilton County Board of Education, due to be held Friday of this week, has been postponed on account of the illness of Mr. C. C. Conway and Mrs. S. J. M. Webb.

Present plans are for the holding of the meeting on the following Friday, which will be November 4th.

All persons interested in this matter are urged to take notice and be governed accordingly.

Miss Jane Roberts, a student at Woman's College, Montgomery, spent Sunday with her mother, Mrs. Eleanor Roberts.

NOTICE OF ELECTION

I, W. H. Gillespie, Sheriff of Chilton County, Alabama, hereby give notice that on Tuesday, the 8th day of November, 1932 (the same being the time for holding the next General Election) an election will be held at the several polling places within Chilton County, Alabama, in the manner and form and places as required by law, upon the following amendment to the Constitution of Alabama:

"(a) All cities, towns, villages, and other municipal corporations having a population of not less than one nor more than six thousand are hereby authorized to become indebted in an amount, including present indebtedness, not exceeding eight per centum of the assessed valuation of the property therein, as the same is assessed for state taxation. There shall not be included in the above limitation of indebtedness the following classes of indebtedness, to-wit: (a) temporary debts or loans for current expense to be paid within one year, made in anticipation of the collection of taxes for the current year, and not exceeding one-fourth of the general revenue for the preceding year; (b) indebtedness already or hereafter incurred for purchasing, acquiring, providing, constructing, enlarging or improving water works, electric light and gas and sewage disposal plants either within or without the City Limits; (c) indebtedness already or hereafter incurred for stwer, street sidewalk, and other improvements whether of a like or of any different kind, to the extent that the cost thereof has been or is proposed to be assessed against the property benefitted thereby; nothing contained in this amendment shall prevent the funding or refunding of existing indebtedness. Provided that this amendment shall not apply to municipalities located in Jackson, Marshall, Etowah and St. Clair Counties."

This the 6th day of October, 1932.
W. H. GILLESPIE,
10-6-4tch Sheriff Chilton County, Ala.

NOTICE OF GENERAL ELECTION

I, W. H. Gillespie, Sheriff of Chilton County, Alabama, in conformity with Section 447, page 612, of the 1923 Code of Alabama, hereby give notice that a General Election will be held in the several election precincts within Chilton County, Alabama, in the manner and form and places as required by law, on Tuesday, the 8th day of November, 1932, for the election of the following officers:

Twelve Presidential Electors for the State of Alabama.
United States Senator for the Sate of Alabama.
Associate Justice No. 1, of the Supreme Court of Alabama.
Associate Justice No. 2, of the Supreme Court of Alabama.
Associate Justice No. 3, of the Supreme Court of Alabama.
President of the Alabama Public Service Commission.
Representative from the Sixth Congressional District of Alabama in the 73rd Congress of the United States.
Judge of the Nineteenth Judicial Circuit of Alabama.
County Commissioner for the third District of Chilton County.
County Commissioner for the Fourth District of Chilton County.
County Treasurer of Chilton County.
Two members of the Board of Education of Chilton County.

Dated at Clanton, Ala., this, the 6th day of October, 1932.
W. H. GILLESPIE,
10-6-5tch Sheriff Chilton County, Ala.

NOTICE OF ELECTION

I, W. H. Gillespie, Sheriff of Chilton County, Alabama, hereby give notice that on Tuesday, the 8th day of November, 1932 (the same being the time for holding the next General Election) an election will be held at the several polling places within Chilton County, Alabama, in the manner and form and places as required by law, upon the following amendment to the Constitution of Alabama:

"That Section 138 of Article 5 of the Constitution of Alabama be amended so as to read as follows: Section 138 of Article 5, A sheriff shall be elected in each County by the qualified electors thereof who shall hold office for a term of four years unless sooner removed, and he shall be eligible to such office as his own successor. Whenever any prisoner is taken from jail, or from the custody of any sheriff or his deputy, and put to death, or suffers grievous bodily harm owing to the neglect, connivance, cowardice, or other grave fault of the sheriff, such sheriff may be impeached under Section 174 of this Constitution.* If the sheriff be impeached, and thereupon convicted, he shall not be eligible to hold any office in this state during the time for which he had been elected or appointed to serve as sheriff."

This the 6th day of October, 1932.
W. H. GILLESPIE,
10-6-4tch Sheriff Chilton County, Ala.

NOTICE OF ELECTION

I, W. H. Gillespie, Sheriff of Chilton County, Alabama, hereby give notice that on Tuesday, the 8th day of November, 1932 (the same being the time for holding the next General Election) an election will be held at the several polling places within Chilton County, Alabama, in the manner and form and places as required by law, upon the following amendment to the Constitution of Alabama:

"The Town of Sylacauga is hereby authorized to become indebted in an amount, including present indebtedness, not exceeding five per centum of the assessed valuation of the property therein, provided that there shall not be included in the limitation of the indebtedness the following classes of indebtedness to-wit: temporary loans, to be paid within one year, made in anticipation of the collection of the taxes, and not exceeding one-fourth of the general revenues, bonds or other obligations already issued, or which may hereafter be issued for the purpose of acquiring, providing, enlarging, improving or constructing school houses, sewers, water works, electric light, gas, or sewage disposal plants either within or without the City Limits; and obligations incurred and bonds issued for street or sidewalk improvements where the cost of the same, in whole or in part is to be assessed against the property abutting said improvements or benefitted thereby; provided that the proceeds of all obligations issued as herein provided in excess of said five per centum shall not be used for any purpose other than that for which said obligations were issued, and provided further that nothing contained herein shall prevent the funding or refunding of existing indebtedness. This amendment shall be self-executing."

This the 6th day of October, 1932.
W. H. GILLESPIE,
10-6-4tch Sheriff Chilton County, Ala.

NOTICE OF ELECTION

I, W. H. Gillespie, Sheriff of Chilton County, Alabama, hereby give notice that on Tuesday, the 8th day of November, 1932 (the same being the time for holding the next General Election) an election will be held at the several polling places within Chilton County, Alabama, in the manner and form and places as required by law, upon the following amendment to the Constitution of Alabama:

Article XXIII. The State is authorized to issue and sell negotiable interest bearing bonds in addition to all other bonds of the state, in an amount not to exceed the sum of Twenty Million Dollars ($20,000,000.00) to pay the indebtedness of the State outstanding on September 30, 1932. Said bonds to be issued under such denominations, numbers and series and to mature a such times as may be provided by law, all such bonds shall bear a rate of interest not exceeding six per cent (6) per annum, payable semiannually; shall be a direct obligation of the state and the full faith and credit of the state is pledged for the prompt payment of the interest and principal thereof. They shall not be sold at a price less than the par value thereof and they shall be exempt from all state, county and municipal taxes. To create a sinking fund for the prompt and faithful payment of the principal and interest on these bonds, there is pledged such portion of the income tax which may be collected in Alabama as will be necessary to pay the interest and principal as they mature, or any oher tax paid to the State if an income tax is not levied or be insufficient. The Governor may borrow from time to time an amount not in excess of Twenty Million Dollars ($20,000,000.00) to be used in the payment of the indebtedness due September 30, 1932, or such portion thereof as he may be able to pay with money so borrowed, and may pledge as collateral security for said money so borrowed the bonds herein provided for, or any of them, and may use the interest coupons in payment of interest on the money so borrowed. The Governor of Alabama is authorized to negotiate temporary loans from time to time never to exceed Three Million Dollars ($3,000,000.00) to meet any deficiencies in the Treasury and to pay interest on the money so borrowed and until the same is paid money borrowed and until the same is paid no new loan shall be negotiated.

This the 6th day of October, 1932.
W. H. GILLESPIE,
10-6-4tch Sheriff Chilton County, Ala.

NOTICE OF ELECTION

I, W. H. Gillespie, Sheriff of Chilton County, Alabama, hereby give notice that on Tuesday, the 8th day of November, 1932 (the same being the time for holding the next General Election) an election will be held at the several polling places within Chilton County, Alabama, in the manner and form and places as required by law, upon the following amendment to the Constitution of Alabama:

The Legislature of Alabama may hereafter, from time to time, by general or local laws, fix, regulate and alter fees, commissions, allowance to be charged or received by any County Office of the following named counties in Alabama: Calhoun, Chilton, Colbert, Covington, Houston, Henry, Jackson, Lawrence, Limestone, Shelby, Tallapoosa, Tuscaloosa and Walker, including the sheriff, Judge of Probate, Tax Assessor, Tax Collector, Clerk of the Circuit Court and Regiser of the Chancery Court and including the right to place any one or all of said officers on a salary and provide for the fees charged by said officer to be paid into the treasury from which his salary is paid, and provide the method and basis of their compensation or consolidate any of said offices in each of said counties.

This the 6th day of October, 1932.
W. H. GILLESPIE,
10-6-4tch Sheriff Chilton County, Ala.

NOTICE OF ELECTION

I, W. H. Gillespie, Sheriff of Chilton County, Alabama, hereby give notice that on Tuesday, the 8th day of November, 1932 (the same being the time for holding the next General Election) an election will be held at the several polling places within Chilton County, Alabama, in the manner and form and places as required by law, upon the following amendment to the Constitution of Alabama:

"Article XXB. The Senate of Alabama shall be composed of one senator from each county, who shall be elected by the qualified electors at the general election in 1934, and in every fourth year thereafter."

This the 6th day of October, 1932.
W. H. GILLESPIE,
10-6-4tch Sheriff Chilton County, Ala.

NOTICE OF ELECTION

I, W. H. Gillespie, Sheriff of Chilton County, Alabama, hereby give notice that on Tuesday, the 8th day of November, 1932 (the same being the time for holding the next General Election) an election will be held at the several polling places within Chilton County, Alabama, in the manner and form and places as required by law, upon the following amendment to the Constitution of Alabama:

"The legislature of Alabama may, from time to time, by general or local laws, fix, regulate and alter the costs, fees, commissions, allowances or salaries, including the method and basis of their compensation, to be charged or received by tax assessors and tax collectors for assessing and collecting taxes levied for public school purposes in Mobile County; provided, however, that no cost or expense of the publication of the Governor's proclamation giving notice of such election together with the proposed amendment, shall accrue to or fall upon the State of Alabama, and the Board of School Commissioners of Mobile County is hereby empowered and authorized to incur and pay the said costs and expenses of the publication of the Governor's proclamation. All acts of the legislature heretofore passed and applicable, or purporting to be applicable, to Mobile County, and fixing, or purporting to fix, the compensation of tax assessors and tax collectors, for assessing and collecting special taxes for public school purposes, on a salary basis, are hereby validated and confirmed."

This the 6th day of October, 1932.
W. H. GILLESPIE,
10-6-4tch Sheriff Chilton County, Ala.

PUBLCATION TO NON-RESIDENT

The State of Alabama, Chilton County, Circuit Court In Equity. J. D. Baker, complainant; vs Tanton Baker, defendant:

In this cause it is made to appear to the Register by the affidavit of Grady Reynolds, one of the attorneys of record, that the defendant is a non-resident, and that her place of residence and post office address is unknown, and that such address cannot be ascertained after reasonable effort; and, further, that, in the belief of said affiant, the defendant is of the age of twenty-one years:

It is, therefore, ordered by the Register that publication be made in the Union-Banner, a newspaper published in the county of Chilton, once a week for four consecutive weeks, requiring her, the said Tanton Baker to plead, answer, or demur to the bill of complaint in this cause by the 6th day of November, 1932, or in thirty days thereafter, a decree pro confesso may be taken against her.

Done at office in Clanton, this 29 day of September, 1932.
W. D. SPIGENER,
10-6-4tch Register.

NOTICE OF ELECTION

I, W. H. Gillespie, Sheriff of Chilton County, Alabama, hereby give notice that on Tuesday, the 8th day of November, 1932 (the same being the time for holding the next General Election) an election will be held at the several polling places within Chilton County, Alabama, in the manner and form and places as required by law, upon the following amendment to the Constitution of Alabama:

Article XXII. The legislature shall have the power to levy and collect taxes for state purposes on net incomes from whatever source derived within this state, including the incomes derived from salaries, fees, and compensation paid by the state, county, municipality and any agency or creature thereof for the calendar year, 1932, and thereafter, and to designate and to define the incomes to be taxed and to fix the rates of taxes. Income shall not be deemed property for purposes of ad valorem taxes. From net income an exemption of Fifteen Hundred Dollars ($1,500.00) shall be allowed to unmarried persons and an exemption of Three Thousand Dollars ($3,000.00) shall be allowed to the head of a family, provided that only one exemption shall be allowed to husband and wife where they are living together and make separate returns for income tax. The legislature shall reduce the ad valorem tax from time to time when and to such an amount as the revenue derived from the income tax will justify. In the event the legislature levies an income tax, such tax must be levied upon the salaries, incomes, fees, or other compensation of state, county and municipal officers and employees on the same basis as such income taxes are levied upon other persons.

This the 6th day of October, 1932.
W. H. GILLESPIE,
10-6-4tch Sheriff Chilton County, Ala.

HALLOWE'EN PARTY

There will be a Hallowe'en Party at Concord Junior High School next Saturday night, October 29th, beginning at 7:15. Everybody is invited to come and have a good time.

Robert Evans spent the week end in Birmingham with friends.

DAT BLOOMIN PREACHER

All Ah know is Whut de Bible say Bout Hit.

This Week's Blossom:

Proverbs sa: "A good name is rather to be chosen than great rishes."
Ah sa: "But lots ob people will take riches."

BLOSSOM BRIGADE

Editor Union-Banner:

Will you please insert the following in this week's paper?

I want as many of the Sunday School pupils between the ages of ten and twenty, as will, to send in their names and join our "Blossom Brigade Club" before the close of October so that we may send them their certificate of membership by January 1st, 1933. Do as others have done and send your name and address, giving your age and whether boy or girl. Do it now.

Will the Sunday School teachers urge their classes to join?

These are the requirements: First, you must be a reader of The Union-Banner; Second, you must belong to a Sunday School; Third, you must be between ten and twenty year of age; Fourth, you must agree to refrain from speaking evil of or about any one.

Now, boys and girls, net's make this the biggest club of children of this country. Let's go.—Your friend, Elder Blossom.

P. S.—Address Elder Blossom, in care of The Union-Banner, Clanton, Alabama.

De scripture tex fur to day is de 15th Psalm. Dar is only five verses in dis Psalm an Ahs gwyin to read it all. Lord, who shall abide in thy tabernacle? Who shall dwell in Thy holy hill? He that walketh uprightly and worketh righteousness, and speaketh the truth in his heart. He that backbiteth not with his tongue, nor doeth evil to his neighbor, nor taketh up a reproach against his neighbor. In whose eyes a vile person is condemned, but he honoreth them that fear the Lord. He that sweareth to his own hurt, and changeth not. He that putteth not out his money to usury, nor taketh reward against the innocent. He that doeth these things shall never be moved.

David, the author ob dis Psalm, wuz an intensly religious man, an wuz never better pleased than when de time cum to go up to de house ob de Lord. An when he wuz absent fum de house ob de Lord he wuz composin beautiful psalms or songs, to sing in de service ob de sanctuary. His pious life with his heart-stirring songs moved Israel to de service ob de Lord more than all elce combined. The worth of sich a life cant be overestimated. Whut would dis country be to day ef dar hadnt ever bin no relgious men an women, an no good songs, an no churchhouses in it?

We is told in de Bible dat David wuz a man after God's own heart, dat means dat God wuz well pleased wid David's life, because David loved de services held in de house ob de Lord. Lissen to David as he sings in de 122nd Psalm. "I was glad when they said unto me, 'Let us go into the house of the Lord." In de 2nd verse ob my tex he answers his question thus, "He that yalketh uprightly." Den in de 3rd verse he says, "He that backbiteth not with his tongue. James says in de 2nd chapter an de 6th verse, "And the tongue is a fire, a world of iniquity." When we is able to bridle de tongue we keep closed up in de heart those things dat wound an hurt de feelins ob others an also dat dishonors God.

Skipin de 4th verse, we cum to de 5th which says, "He that putteth not out his own money to usury, nor taketh reward against the innocent." De word usury means, "interest on money beyond de current rate ob interest; practice ob lendin money at exhorbant interest." David didnt mean dat we should lend money widout interest, but to charge more dan a reasonable rate is rong. Den he closes by sayin, "He that doeth these things shall never be moved."

Ah got in a tight one time an went to a man an borrowed five dollars, an when pay-day cum Ah left a ten dollar bill wid a store keeper an tole him to pay de man. So when Ah saw him Ah axed him fur de other five dollars an he sa dat de five jes paid de interest on de five dat Ah borrowed. All ob dis took place before Ah wuz a preacher. Years later Ah Baptised dat same man an he give me back de five dollars an five more besides.

Dats whut a genuine case ob religion will do fur a man. My Brudders, to be er man atter God's own heart we mus do unto others as we wish them to do unto us, an sho as you is readin dis, dar is got to be a change in dis country mong de people. We is got to agree wid God, an Ah know dat He is not well pleased wid de way we is gwyin on now.

Ah knowed er nigger one time whut fell in ur well but it didnt hurt him much. An he called his wife, an when she cum she sa, Simon, how cum you in dar? An he sa, Ah fell in hyar, cant you pull me out? An she sa, yes, but while Ahs got you in dar Ahs gwyin to make you promise me one thing. He sa whuts dat? An she sa, yous got to agree to live a better life than yous bin livin. An he sa, Ill sta in hyar an rot befo Ah will promise any sich a thing. An she sa, well alrite din, an went back into de house. Atter bout two hours he called out, Judy, cum here. An she cum an peeped over in de well an sed, whut you want? An Simon sa, Ah gree. An den she drawed him out.

You kin belebe me or no, but God is got us in a well ob a fix an we aint gwyin to git out till we gree. In other words, wes got to change our way ob livin befo we kin ever hope to git outen de well ob adversity. Ah no an you no dat de people ob dis country, dat is lots ub um, dont care nothin bout gwyin to church. Lots ob church members had ruther go some were elce than to church.

De las part ob de 5th verse ob mah tex sa, "He that doeth these things shall never be moved." We go to church an sing "I Shall Not Be Moved," an de devil can make us do or sa de thing dat dishonors God befo we gits home. Brudders an sisters, les do lak Simon did when he called Judy, less call on God an tell Him dat effen He will draw us up outen dis awful hole we is in, dat we will gree to live better lives an atten church better than we has bin doin. Ah am pesuaded to belebe dat effen we will do dat, de devil cant move us to rong doin so easy.

Paul, in Acts 20:24 says, "But none of these things move me." My friens, less try real hard to treat our fellowmen rite in evy way, an honor God with our whole life, den de dark clouds ob adversity will be lifted an de brite sunlite ob God's approval will rest upon us an we will go forward conquering de enemy ob men's souls an bringing in de kingdom ob our Christ.

Ah mus clos now, may de Lord bless you all.—Elder Blossom.

Mr. Kelley Gentry of Montgomery was a visitor to our county last Sunday. Mr. Gentry is a son of our fellow citizen, Jack Gentry of Cane Creek community.

J. E. EASTERLING WRITES

Editor Union-Banner:

Please allow me a small space in your paper to express myself to the Republican party of Chilton County.

I want to say we need to get busy and see that every voter goes to the polls November 8th and votes. We have got good men in nomination on our tickekt, and a lady.

I believe that the east side of Chilton County will do her part for the Republican party.

There has been some talk about the President. If you dont want to vote for the President, take care of the County ticket.

There has been some talk about some working against our commissioner and our treasurer, but that man or lady who talks that way their influence is dead an both sides, Republican and Democrat. They are floating about for the money that is in it. Don't listen to them. Neither side appreciates them. We need to be men and women.

I beleive in the Republican Party and have always voted that way. I have heard that some have sold their vote in times past. I don't believe it is right to sell your rights. It makes you vote against your conscience.

At the same time we don't get everyone we vote for, but I stand for majority rule. They are my choice.—J. E. Easterling, Clanton, Ala., R1.

Isabella High School

The literary societies of Isabella High School have been organized. It was suggested that we use the same names that we had last year, Epicurians and Sidney Lanier, and letting the members that were on these societies go to the society they were in last year. We found that more went to the Sidney Lanier Society than to the Epicurian Society, "but a small army has better cooperation than a large army."

The new officers that were elected for the Epicurian Society are as follows: President, Homer Margan, secretary-treasurer, Ruby Deshazo; critic, Mr. G. G. Williams; reporter, Clifford Manning.

Misses Margaret Kenrdick and Mary Collie spent Sunday in Luverne.

REAL ESTATE

See me if you are interested in buying or selling real estate. I have several houses and lots will trade for Alabama Mills Stock. Also farm land for sale or trade. Cash or terms.

—when you require a tonic

. . . when you feel "tired out" . . . "all run-down" . . . "sluggish" . . . "listless" . . . "no appetite"—it is then time to pause and consider what may be the cause of this condition. If you suspect an organic or functional trouble of a serious nature consult a physician at once.

But if your vital organs are sound and you have thru overwork, worry, unbalanced diet, working conditions, "bad air," lack of proper exercise, unconsciously reduced your vitality and resistance, then restore your vital red-blood-cells and their hemoglobin content so that your blood and tissues may have the oxygen to purify and strengthen your body.

For decades S.S.S. has been the preferred tonic for restoring hemoglobin to the red-cells of the blood. Start to rebuild now. You will surprise yourself. S.S.S. is on sale at all drug stores in two convenient sizes—the larger is more economical and is sufficient for a two weeks' treatment. © The S.S.S. Co.

S.S.S. builds sturdy health

APPLICATION FOR PARDON

Notice is hereby given that the undersigned, W. C. Smitherman, who was convicted in the September Term, 1932 of the Circuit Court of Chilton County, on a charge of making liquor and possession of a still, and sentenced to a term of one year and one day in the penitentiary, will make application for a pardon or parole.—W. C. Smitherman. 20-2tp

JACKSON VS. WEBB

Editor Union-Banner:

Will you please allow me space in your valuable paper to reply to the misrepresentation of the Hon. S. J. M. Webb, in regard to the report of the committee appointed by the mass meeting to get a report from the members of the Board of Education on resolutions adopted at the mass meeting by the people, October 1?

Mr. Webb says we failed to give the whole truth of his statement. He says his statement began this way, "Are you all straight, upright and Christian men?" I will have to say that is absolutely untrue. Here is his statement in full: "You all will have to get out of my yard." I asked him why. He replied, "My wife said so."

I said, "Yes, sir, Mr. Webb, you get in the car and we will go down the road." These are the exact words that the gentleman said in his front yard.

Now, here is what happened down the road. I presented the resolutions to him. He said, "I haven't got my glasses, read them to me." I did so, after which I asked how he stood on the resolutions that were adopted at the mass meeting by the people. He said, "I am against every one of them." I told him that was our business down there, as a committee appointed by the people at the mass meeting, I, R. J. Jackson, D. S. Robinson. Mr. Tom Littlefield was not one of the committee and he had nothing to say concerning this question at all.

I asked Mr. Webb how he stood on giving the people a referendum on the election of a county superintendent of education. Then he asked the question, how did Brother Conway and Brother Yates stand on that question. I read to him their statements. Brother Yates said the people knew at the time they elected him that the Board appointed the Superintendent of Education and he was going to reserve that right. Brother Conway said he would be for it if we elected the right man and if we didn't he would be against it. Then and there is when Mr. Webb made the statement that he stood the same way. This is what happened down the road.

Mr. Webb says we insisted and insisted. We never went there as a committee sent by the people to insist. We went to ask of him how he stood on the resolutions that were adopted and the question of giving the people a referendum on the county Superintendent of Education. So you see what he said. Mr. Webb said that he was not connected in any way with a law making body. We sure do agree with him there. As to the school code article 7, section 138 on page 58; that wasn't mentioned at all during the conversation and to make the story short, there wasn't anything else mentioned other than what I have stated above.

Now as to being a defeated candidate, I want you, Mr. Webb, to tell the voters of this county in what year I was a candidate and what election I was defeated in, sir. I have never been a candidate, and I have never asked for anything pertaining to an office.

Mr. Webb, you have made the statement that you was against our resolutions and against the people having a referendum on the county superintendent of education. Now you say that you are in favor of a clerk of the Commissioners Court, county attorney, and road supervisors being elected by popular vote, but you haven't yet said that you were willing for the superintendent of education to be elected by the popular vote, and the board appoint our choice as we have asked for.

this county just what youeopleh mep

Now I want you to tell the voters of this county just what you do stand for, whether anything or not, other than to get elected back on the school board.

I am a Republican when the man is right and when the man is wrong then I am for the man. I think that is the thing for any man to do. Are we going to cast aside the things we want in government, simply because of party name? Are we going to forget the duty we owe to our homes and our fellowmen, and think only of an evil party spirit which will lead us into a camp of organized wealth and special interests?—Yours truly, R. J. Jackson. (Paid political adv.)

Former Chilton Man Writes From Old Va.

Editor Union-Banner:

Danville, Va., Oct. 17.—As I am a devouted reader of the news from home through the columns of The Union-Banner, and one of the old home boys of Chilton county, I suppose it is natural that I am greatly interested in what is going on there. Politics, of course, is warming up there like it is everywhere else. I hope the boys will not be misled there, as they seem to be everywhere else.

I heard President Hoover's speech at Cleveland Saturday night. It was perfectly clear over the radio and it has not been off my mind except while I was asleep. I am not a political fan. Not very many people here know my political views, because in my position it would do me no good to offend anyone about their political beliefs. I am looking for no favors from either party, but I want my friends in Chilton County to know that I voted for Teddy Roosevelt in 1904, and have supported the Republican nominee every four years since that time. I have never had reason to change my views and will, if I am able to go to the polls, vote the same ticket November the eighth.

Neither Hoover nor the Republican party is responsible for the terrible times we have had for the last three years. It has been world wide. Only two things, that I remember, have been world-wide before. They were the World War and influenza epidemic. Either of these can be blamed, and I will not take the time to dispute it, but don't blame Hoover. That is foolish. It seems to me that anyone with a grain of reason should be able to understand this. Yet the polls that are being taken over the country seem to point clearly to a Democratic rule for the next four years unless something unforseen turns the tide before the date set for the election.

I fully believe that what the administration is doing and trying to do is all that the president can do to help the situation right itself. But what about Chilton County? I remember my daddy, although I was a small boy when he died, used to get so mad he would almost yell when relating some of the underhanded tricks that were used in trying to smother the third or Populist party, which was the forerunner of the Republican party of Chilton County.

If he were living today, he would support the Republican nominees, not only in the county, but in the national council as well. I do not say this because he was my daddy, but because he was an honest man and believed in an honest deal, no matter where it took place, or whom it displaced. This thought reminds me of a couple of verses I wrote on the back of a check a few days ago, that I used to pay a note I signed for a friend in distress. It goes like this:

You must take a blow or give one,
You must risk and you must lose,
And expect that in the struggle,
You must suffer from a bruise.

But you mustn't wince or falter,
If a fight you once begin,
Be a man and face the battle,
That's the only way to win.

There are many places of historical interest in a few hours drive from my home, and I have often thought about telling the boys and girls about some of them through the columns of the "Banner." Perhaps I will get around to it yet, provided the editor will furnish the space. The beautiful roads and good cars we have now can never give me the pleasure I used to get up and down a mile stretch of the Clanton-Maplesville road in a two-wheel cart I made myself, drawn by any kind of yearling I could get a rope on, and no friends can displace those of my boyhood—the ones I used to play with, argue with, fight with, and love.—Respectfully, C. H. Culpepper.

An $18,000,000 improvement—70% higher anti-knock (*superior to some premium gasolines*)—this ace of motor fuels costs you nothing extra

The battle for your business is on—and we're out in front with $18,000,000 worth of refinery improvements to give you the highest quality regular gasoline that money can buy without one cent extra cost to you,

Sinclair Regular Gasoline has been stepped up 70% in anti-knock quality—the new Sinclair Regular is actually superior in anti-knock to some premium gasolines costing several cents more per gallon! Use this amazing gasoline for 30 days and notice how much better your car performs!

NOTE: For best results use either SINCLAIR OPALINE MOTOR OIL or SINCLAIR PENNSYLVANIA MOTOR OIL. Both have been de-waxed and also freed from petroleum jelly at as low as 60° F. below zero.

Crusaders, 6:30.

Evangelistic service, 7:30.

Thursday, 7:00 p.m., mid-week service.

Saturday, 2:30 p.m., children's church.

LOCAL BOY IN ARMY

According to information received here, Private First Class Hugh A. Wheelus, son of Mrs. Annie Wilkerson, of this city, has re-enlisted in the United States Army.

Private Wheelus first joined the army in 1929, and was sent to Fort Francis E. Warren, Wyoming, the second largest army post within the continental limits of the United States. Upon arrival at Fort Warren, Wheelus was assigned to the Twentieth Infantry, but transferred to Headquarters Company, Fourth Brigade, after serving a little over a year with his regiment. He has been on clerical duty since the date of his transfer and his work has been of such uniform quality and neatness that he has been promoted to the grade of First Class Private by his commanding officer, First Lieutenant Paul H. Mahoney, Infantry.

Prophecy Corner

Conducted By

L. A. BUTTERFIELD

"Immediately after the tribulation of those days shall the sun be darkened, and the moon shall not give her light, and the stars shall fall from heaven." Matt. 24:29. These signs the Savior prophesied would precede His second advent. Last week we discussed the darkening of the sun and moon which was fulfilled in exact accordance with the prophecy on May 19, 1780.

President Timothy Dwight, of Yale College, left the following account of one of the historic incidents of the Dark Day:

"The legislature of Connecticut was then in session at Hartford. A very general opinion prevailed that the day of judgment was at hand. The house of representatives, being unable to transact business, adjourned. A proposal to adjourn the council was under consideration. When the opinion of Colonel Davenport was asked, he answered, 'I am against an adjournment. The day of judgment is either approaching or it is not. If it is not, there is no cause for an adjournment; if it is, I choose to be found doing my duty. I wish therefore that candles may be brought'." — Connecticut Historical Collections, page 403.

"Devout fathers gathered their families around them in their homes, and conducted religious services; and for a few hours Christians were stirred to activity, and nonprofessors earnestly sought for salvation, expecting 'to hear the thunder of the wrath of God break from the hollow trumphet of the cloud'."— The Essex Antiquarian, Vol. 111, No. 4, page 54.

Fifty-three years after the dark day, on the morning of November 13, 1833, we locate the most striking meteoric shower of all those recorded in history, and in this we see the sign given by Jesus Himself to indicate the nearness of the time of His return. I shall give only two quotations from history regarding this meteoric shower.

"On the night of November 12-13 1833, a tempest of falling stars broke over the earth. North America bore the brunt of its pelting. From the Gulf of Mexico to Halifax, until daylight with some difficulty put an end to the display, the sky was scored in every direction with shining tracks and illuminattd with majestic fireballs."—History of Astronomy in the Nineteenth Century," page 328.

"There was scarcely a space in the firmament which was not filled at every instant with these falling stars, nor on it, could you in general perceive any particular difference in appearance; still at times they would shower down in groups—calling to mind the 'fig tree casting her untimely figs when shaken by a mighty wind'."—American Journal of Science and Arts, Vol. XXV, page 382 (See Rev. 6:13.)

This prophecy helps us to realize where we live in the stream of time. —L. A. Butterfield.

Miss Bernice Williams spent the week end in Troy.

MRS. MARTHA ISABELL LAWLEY

Mrs. Martha Isabell Lawley, age 55, died Sunday evening at the home of her son, DeWitt Easterling, in Clanton. Burial was at Walnut Creek Tuesday morning, with Spigener in charge. The funeral was conducted by Rev. P. A. Lynch and Rev. Cassady of Montgomery.

Mrs. Lawley was the daughter of Mrs. Rebecca Ann Moates. She was married first to Sam Easterling, who died several years ago. Her second marriage was to W. J. Lawley, who is also dead.

Surviving her are the following sons and daughters: DeWitt and Leonard Easterling, of Clanton; Mrs. Sammie Bell Johnson, of Clanton; Mrs. Ora Mae Willis, of Montgomery; also her mother, Mrs. Rebecca Ann Moates; five brothers, Ely, Rudolph, Caby, Cary, and Will Moates; three sisters, Mrs. Viola Headley, Mrs. Louela Bice, and Mrs. Burns Goodgame.

HOSPITAL NEWS

Charley Barrow of Maplesville is in the hospital for treatment of an infected foot.

Harvey Chandler has been in the hospital for two weeks with malarial fever. He is much better now.

Little Janie Hubbard, daughter of Sam Hubbard of Jemison, will go home this week. She had an operation for appendicitis.

Mrs. Bertha Mae Mann and baby are doing fine.

John Silas, Jr., of Route 6, was brought to the hospital last Saturday night with a fractured skull. He was hurt in an automobile accident in Clanton. His condition is favorable for recovery now.

Marvin Traywick went home last week.

Misses Grace Robinson and Elise Lee Logan, of Central Alabama Hospital, were visitors to Montgomery last Thursday. They expect to attend the Alabama Nurses Association meeting in Selma next Tuesday, Wednesday and Thursday.

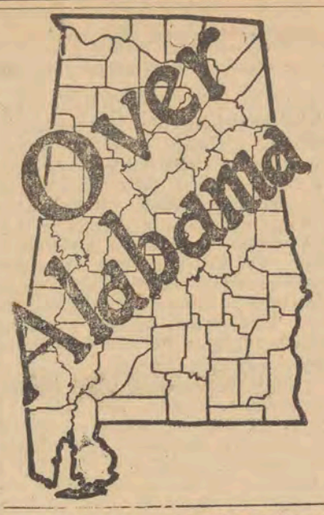
UNCLE DOCK BROADHEAD

Dock Broadhead, familiarly known as "Uncle Dock," died at his home in Mt. Nebo community Monday morning at 7:15 o'clock. The remains were bured at Mt. Nebo cemetery at 10 o'clock Tuesday morning, Rev. J. M. Metcalf officiating, assisted by Rev. F. A. Gibson. Martin had charge of the body and burial.

Besides a widow, Mrs. Elizabeth Headley Broadhead, he leaves two brothers—L. B. Broadhead of Maplesville and another brother in Oklahoma; two sons, Samuel and Luther; one daughter, Mrs. Jim Culp.

Mr. Broadhead was born and reared, and spent his entire life in the same community in which he died. He had been a member of the church at Mt. Nebo for a number of years.

On October 16, a baby girl was born to Mr. and Mrs. Clarence Billingsley of Bethsalem community. They have named her Edna Roberta.



STATE NEWS PARAGRAPHED

A Resume Of The More Important Events Of Interest Condensed To An Epitomized Form

Methodist ministers of Montgomery went on record as opposing Senate bill No. 221 to legalize race track gambling in Mobile County.

Arthur Dix, 26, prominent insurance man and a trustee of Howard College at Birmingham, was found dead in his automobile six miles from Decatur.

Birmingham and the rest of the South this week experienced increased demand for steel, pipe, cement, clay products and other industrial staples.

A movement launched in two counties for a "march of 30,000 on Montgomery" in behalf of school legislation, apparently was not as yet widespread.

At a meeting in New York, Donald Comer, president of Avondale Mills, was re-elected a member of the executive committee of the Cotton Textile Institute.

Temple Emanu-El observed its fiftieth jubilee with services. A number of visiting rabbis and other persons will be in Birmingham to join in the celebration.

Officers of the Alabama Writers Conclave met in a business session at the Tutwiler Hotel in Birmingham, according to Mrs. Leila Fearn Lusk, president of the conclave.

The annual meeting of the Western District, Alabama Baptist Woman's Missionary Union, was held at the Baptist Church at Carrollton Thursday and Friday, Oct. 27-28.

A. B. Powell was named president of the United Memorial and Patriotic Association, an organization composed of more than 30 patriotic groups in Birmingham at Hotel Tutwiler.

With revenue bills given right of way in both houses, the Legislature passed four measures calculated to dump more than $1,500,000 a year in additional taxes into the state tin.

A meeting of the Methodist student conference of Alabama will be held at Birmingham-Southern Oct. 28-30. Approximately 100 delegates are expected, representing every college in the state.

A number of Alabama Democratic leaders were in Atlanta to confer with Gov. Franklin D. Roosevelt at a luncheon at the Biltmore Hotel, it has been announced from state headquarters, Montgomery.

Mrs. Effie Moore, Birmingham, was advanced to the office of worthy grand matron of the Alabama grand chapter, Order of Eastern Star, at the closing session in Montgomery. She succeeds Mrs. Mary E. Causey, York.

Eddie Murray, Foley, state commander of the American Legion, announced that National Commander Louis A. Johnson, Clarksburg, W. V., planned to visit Alabama late this month or early in November.

Visitors were arriving in Birmingham from all parts of the state to attend the eighteenth annual convention of the Alabama Congress of Parents and Teachers at the Southern Club and Phillips High School.

Because a member of the jury trying Ernest Taylor, charged with violating the prohibition laws, asked a witness questions regarding the disposition of liquor in a prohibition arrest, Judge John P. McCoy declared a mistrial.

The Highway Department has awarded to the Van Gordon Construction Company, of Jacksonville, Fla., the contract for the construction of 9.77 miles of concrete highway between Selma and Bention, in Dallas County.

A former Alabama governor and a former Alabama senator, in statements, have gone on record as for and against the proposed income tax and bond issue amendments which will be submitted to the voters of the state on Nov. 8.

Reduction of standard steel rail from $43 to $40 per ton, the first change in this commodity in 10 years, announced officially by the Tennessee Coal, Iron & Railroad Company, is expected to result in business being placed soon.

A. J. Elliott, affectionately known as "Dad," an outstanding figure in Y. M. C. A. work, will arrive at the University of Alabama Nov. 8 for a two-day speaking schedule beginning Nov. 9.

Opponents of the proposed Miller-Feagin unlimited income tax amendment joined forces with educational and agricultural leaders of the state in urging the adoption of the Goode bills, which provides ways and means of balancing the state budget and liquidating the state debt without additional taxation.

Judge nad Mrs. L. H. Reynolds spent Tuesday in Bessemer.

ODD --- BUT TRUE

MORE THORSBY

Unique Play Given At Thorsby Institute by Literary Society.

The Helen Keller Literary Society last Saturday night, under the leadership of Miss Fairbank, put on a very unusual program. We have not heard anyone present, who ever before saw just such a program. And it was interesting.

The subject was, "Consider the Heavens," "The Ways of the Planets" were demonstrated by four boys, Earl Pate, Thomas Hayes, Jack Higgins and William Baggett, who carried above their heads, four globes, representing Mercury, Venus, the Earch and Mars. The boys walked in their ordbits around the electric light bulb at the center of the stage, which bulb represented the sun. The orbits were at corresponding distances from the sun and the rate of speed at which the boys walked corresponded to the different speeds of the different planets. Carl Ekblad directed this demonstration.

S. E. Maddox similarly demonstrated the movements of venus, our brilliant morning star, showing its various phases and the reasons for its varying brilliance.

Earl Pate, the earth, and Paul Peterson, the Moon, under the direction of Conway Thornburgh, showed us how and why the sun and moon are sometimes in eclipse.

Louise Robinson recited "A Trip to the Moon." Katheryn Lenoir sang an appropriate number; likewise the girls glee club. Helen Kendrick and Dorothy Franklin told mythological tales of different constellations. Conradine Pate presented and explained a map showing the North Star and his neighbors. Gladys Martin and Mary Reinhardt recited, "A Group of Star Poems."

Altogether we went away feeling that it was well worth while to know our heavenly neighbors better. Many thanks are due Miss Fairbank and her helpers for a delightful hour.—E. W. Butler.

DR. MCLEOD AT VERBENA

Dr. N. B. McLeod of Selma, presiding elder of this, the Selma district, will hold the fourth quarterly conference of the Verbena circuit at Verbena on next Sunday, October 30th. There will be preaching at 11 o'clock and the quarterly conference session at 1:15 in the afternoon. All officers, including stewards and trustees, of the circuit are urged to be present.

Mrs. James Wade was a visitor to Birmingham Tuesday.

Don't fail to visit the "House of Horrors" next Friday night at C. C. H. S.

You Can Now Get

The UNION-BANNER

One Year for

$1.00

Here Is How You Can Do It:

Get up a club of three or more at $1.00 apiece and send them in right away. This offer is for a limited time, and applies to subscribers in Chilton County, new or renewal.

INSIST ON Genuine

BAYER ASPIRIN

Because ....

The Bayer Cross is not just a trade-mark, but a symbol of safety.

That name tells you it cannot depress the heart.

The tablet stamped Bayer dissolves so quickly you get instant relief from headaches or other pain.

There is no disagreeable taste or odor to tablets of Bayer manufacture; no harmful quantities of free salicylic acid to upset the stomach; no coarse particles to irritate throat or stomach.

NO TABLETS ARE GENUINE BAYER ASPIRIN WITHOUT THIS CROSS

Don't fail to see "Blue Beard" and his wives at the Halowe'en Festival at C.C.H.S.

Mr. and Mrs. Crayton Norris of Verbena spent the week end with relatives in Birmingham.

ARE YOU INTERESTED IN

PATES CHAPEL

Our Sunday school was just fine Sunday; also W. M. U. Saturday.

Every body remember preaching day at Pates Chapel and come the first Sunday in each month. It starts at 10:00 o'clock. On Saturday night at 7:00 o'clock. Everybody come. Our pastor is Rev. M. Lockhart of Refuge.

Mr. Mose L. Maddox and sons and daughter, Alvin, Warne and Hazel, and Mr. Claude Coleman, Miss Francis Canner, of Tallassee visited Mr. Alex Maddox and Mr. and Mrs. Tommie Maddox Sunday.

Misses Hazel and Annie Cost and Mr. Vernard Cost of Calera visited Mr. and Mrs. Archie Cleckler and family Sunday.

Miss Zemma Hayes visited Mr. and Mrs. Grady Sewell the past week.

Mr. and Mrs. E. C. Hayes and little daughter were Sunday dinner guests of Mr. and Mrs. Riley Hayes and family.

Messrs. Herman Childress and Vastine Hayes of Loxley, visited relatives and friends in Pates Chapel the past week.

Miss Minnie Childress and brother, Guy, of Loxley, have returned home after an extended visit with relatives and friends.

Mr. and Mrs. Steve Hughes visited Mrs. Hughes's mother, Mrs. Pruitt, of near Jemison the past Sunday.

Little Miss Helen spent Sunday with Miss Rubye Maddox.

Mr. Marvin Champion is visiting relatives in Pates Chapel and Pleasant Grove community.

The community is very busy now srtipping cane and making syrup.

The barn of Mrs. Ethel Burnett of Mt. Pleasant community was destroyed by fire Monday afternoon.

Miss Dera Colley of Verbena is spending this week with friends in Clanton.

Messrs. Aubrey Evans and Raybon Deloach of Wetumpka made a business trip to Birmingham Wednesday.

Mrs. Horace Jones of Jasper is visiting her parents, Mr. and Mrs. T. C. McSwain.

Mrs. Weaver and little daughter of Birmingham spent Sunday with her mother, Mrs. Oliver Latham.

Mrs. Virgil Crombell of Montgomery is the guest of Mrs. J. Q. Wade.

Mr. Leonard Parrish of Birmingham visited his brother, Mr. Evan Parrish, last week.

Dr. Dubose of Maplesville was a visitor to Clanton Saturday.

Mr. Wallace Jones of Montgomery was the guest of his mother, Mrs. Willie Phillip Jones, last Friday.

Mr. and Mrs. J. W. Franklin, of Clanton, spent the day with Mr. and Mrs. John Boockholdt and family in Enterprise community.

Mr. and Mrs. Jim Upchurch and family of Montgomery were the guests of Mrs. J. Q. Wade Sunday.

SOUTHEASTERN LIVESTOCK ASSOCIATION TO HOLD MEETING AT MONTGOMERY OCT. 27 - 28

County Agent C. E. Stapp advises that he has received a letter from Mr. Jesse B. Hearin, secretary of the Montgomery Chamber of Commerce, calling attention to the annual meeting of the Southeastern Livestock Association in Montgomery October 27th and 28th.

Special mention is made that there will be a fat stock show and feeder and stocker show held at the Union Stock Yards at the same time. Several thousand head of fat beef cattle are expected to be in the show.

Mr. Stapp points out the fact that farmers of Chilton County who are interested in beef cattle should attend the meeting and show in Montgomery October 27th and 28th, as many problems of interest to them will be discussed.

BETHSALEM SUNDAY SCHOOL

Our Sunday school met Sunday morning with a large crowd. It was called to order by the superintendent, Mr. C. L. Wilkins. We had a good lesson.

Our B. Y. P. U. is doing nicely now. We had a good number of visitors Sunday night. We were glad to have them, and invite them back any time they can come.

Our singing society met at 2:30 o'clock Sunday afternoon. Although the crowd was small, we had a real good singing. Our president was absent. His place was filled by Mr. William Wilkins. We had a number of visitors with us from Indian Grave. We were glad to have them, and invite them back again. The directors for the afternoon were as follows: Cecil Yeargan, William Wilkins, Gertie Mae Wilkins, Miss Ella Mae and Miss Maudie Jones, Miss Josephine Billingsley. Organists for the afternoon was Miss Mabel Wilkins. Our singing society will meet again the second Sunday in November. We invite all who can, to come and help us out, and especially the singers.—Reporter.

Mr. and Mrs. William Cohen and little daughter, Marjorie, of Montgomery were the week end guests of Mr. and Mrs. Joe Venable.

Come to see our "Punch and Judy" show at C. C. H. S. Friday night.

ADMINISTRATOR'S SETTLEMENT

The State of Alabama, Chilton County; Probate Court, October 8, 1932. In the matter of the Estate of R. N. Roebuck, deceased.

This day came Mrs. Della Roebuck, Administrator of the estate of said deceased, and files his account, vouchers, evidence and statement for final settlement of his said Administratorship.

It is ordered that the 29th day of October, 1932, be appointed a day on which to make such settlement, at which time all persons interested can appear and contest the said settlement if they think proper.

Witness my hand, this 8th day of October, 1932.

L. H. REYNOLDS,
Judge of Probate.

10-13-3tch

LEGAL NOTICE

State of Alabama, Chilton County; In Probate Court. In the matter of the estate of G. W. Cobern, a Non Compos Mentis;

W. W. Cobern, guardian of G. W. Cobern, a non compos mentis, having on October 5, 1932, filed under oath a petition in said Court praying for the sale of certain real estate described therein to pay the debts of said non compos mentis and for the future support and maintenance of said non compos mentis, and said petition having been set for hearing in said court at 10:00 o'clock a.m. on October 28, 1932, any person interested in said petition may appear and contest the same if they think proper.

This the 5th day of October, 1932.

L. H. REYNOLDS,
Judge of Probate.

THE MAN WHO MADE A MONSTER

County Farm Agent's Notes

Compiled by C. E. Stapp, County Farm Demonstration Agent for Chilton County.

HOW TO KILL CORN WEEVILS IS TOLD

Auburn, Ala., Oct 24.—There are several kinds of insects which damage corn in the crib. To reduce this damage remove all corn and shucks from the crib before new corn is stored. Sweep thoroughly all walls and floors. Trash so collected should be removed and burned. Then make the floors and walls tight preparatory to fumigating after corn is stored.

It is wise to fumigate all soft-grain varieties as soon as placed in the crib, according to W. A. Ruffin, extension entomologist at Auburn. Hard grained varieties usually are not so heavily infested with weevils in the field and fumigation of such varieties may be delayed until spring, April being preferred for spring fumigation. For either fall or spring fumigation the temperature should be around 70 degrees F.

"Tightness of the floors and walls," said Mr. Ruffin, "determines largely the amount of carbon disulphide (high life) to use. If the floors and walls are made of tongue and grooved material, 10 pounds (or 5 quarts) is sufficient to fumigate 200 bushels of corn. Cribs that have fairly good floors and walls, but are not made of tongue and grooved material can be fumigated, but 16 pounds (or 2 gallons) should be used to fumigate 200 bushels of corn. It is almost impossible to get the gas concentrated enough to be effective in cribs that have cracks in floors and walls.

Carbon disulphide gas is heavier than air and it penetrates downward through corn. Therefore, it should be placed in shallow pans on top of corn. Then cover corn with sacks. The fumigation should last 36 to 48 hours, after which the building should be opened and the surplus gas allowed to escape. Keep fire away."

COUNCIL MEETING IN BIRMINGHAM NOV. 29-30

Auburn, Ala., Oct 24.—To consider and act upon ways and means for improving agriculture, manufacturing, and other business in Alabama, men and women who are prominent in various lines of work in the state will assemble in Birmingham, November 29-30, for the annual meeting of the Southeastern Council, which has for its purpose the logical development of mutual interests.

The convention will be attended also by leaders in each of the other southeastern states, the meeting having been called by Hugh McRea of Wilmington, N. C., who is president of the Council.

Among Alabamians who are serving on committees and in other capacities are Donald Comer, president of the Avondale Mills, who is chairman of the Alabama committee of the Council; Thomas W. Bowron, vice president of the First National Bank of Birmingham, who is vice chairman of the Alabama committee; Thad Holt, director of the Alabama Industrial Board, Birmingham, who is serving as secretary; Dr. M. F. Jackson, Birmingham, acting chairman, industrial division; Miss Winifred Collins, chairman, recreation; Dr. J. N. Baker, state health officer; P. O. Davis, Auburn, publicity; B. G. Klugh, Brimingham, research; M. L. Robertson, Cullman, agriculture; M. M. Caskie, Mobile, transportation; J. S. Whittmeier, Oneonta, banking; Dr. George H. Denny, Tuscaloosa, power; Maclin Smith, Birmingham, legislation; Dr. O. C. Carmichael, Montevallo, education and F. Hopkinson Smith, Birmingham, finance and budget.

The initial objective of the Council is to improve the economic situation of these states.

FORESTRAL INTERESTS ARE OF PUBLIC NATURE

Montgomery, Ala., Oct. 24.—The great public interest in forestry rests upon strictly logical grounds, says Colonel Page S. Bunker, Alabama State Forester. The public, or the great body of citizens of any commonwealth or nation, exists within any geographical area because that region possesses the things upon which a basis population can make its living. Fertile and tillable soils will support large numbers of farmers, mineral resources afford the means of livelihood for numerous workers and the forests offer employment to thousands of people in the extraction and manufacture of their products. Some states depend chiefly upon one of these main sources of production, some upon another and some, as in Alabama, are blessed with a liberal share of all three.

For a commonwealth to maintain itself in permanent existence, however, it is clearly required that all necessary public action be taken to insure that the sources of primary production remain as far as possible unimpaired, according to Colonel Bunker. Mineral resources, when once worked out, are gone forever, and there is nothing more desolate than an abandoned mining community. The arable soils, however, by proper treatment and management can be maintained in good condition indefinitely. The forests are strictly renewable under scientific and business management, and offer a permanent foundation for numerous occupations and industries if given reasonable care. The fact that forests, as a rule, are accessible to the general public and suffer much damage from these cantacts, particularly in the way of fires set by human agency, renders the public responsible to a considerable degree for their proper treatment. This, together with the numerous general benefits resulting from a continuance of the forest and wood industries, makes forestry a matter of public concern probably to a greater extent than any other of the fundamental systems of production.

REFUGE NEWS

Just a few words in regard to our Sunday school and B. Y. P. U. at this place. We had a good number at Sunday school Sunday; and also a good crowd Sunday night. Our pastor, Rev. M. Lockhart, was with us and we can gladly say that he delivered 3 wonderful sermons. The unsaved of our community cannot say that they were not told of their sins, if they heard the message that was delivered Sunday, and we are hoping that they see their mistakes before it is too late.

We had as our visitors Sunday Mr. Lester Powell, wife and mother.

Mrs. Elizabeth Minor, we are sorry to say, has made no improvement, through we are hoping she will in the near future.

Just forget the hard times, get ready and come to Sunday school next Sunday, for God says in His wonderful book, "The poor we have with us always." Cheer up and lets do our part.

OUR PLIGHT

The classroom teachers of Alabama need groceries, clothes and every other necessity of civilized people. Our credit has about reached the limit. Heretofore we have had a mighty clear record of honesty and prompt payment of debts. The time has come and passed when our creditors are willing and can extend our bills and keep charging.

We have reached the place where we can't get outside our door without facing someone who needs what we owe him. At the same time we are receiving many written and personal statements that are very urgent. How are we to even make a promise to pay these bills when our state can't even make us one? For that reason our warrants are doing us very little good. If they had a date of maturity we might be able to borrow money on them.

We already have earned our meager salary by hard work and heavy expense. For a while we were patient, thinking our governor and legislature might enact some measure to save us from such embarrassment as we are forced to face with schools opening again. Now it looks like we have men representing us who are looking chiefly for self and a good road to drive their cars over.

Probably if they had to take a 20 per cent cut in a small salary and then not be paid in full for two years they would realize to some extnent just what our situation is.

I think I'm speaking for the classroom teachers of Alabama when I say we have taken up our thankless jobs again. We are embarrassed. We need clothes, shoes, pencils, and other school supplies. We need bread and a lunch that will keep us physically fit to work with our pupils. We need money to pay board. We need peace of mind so we can really teach again, and we can't have it when we haven't a single nickle to buy a loaf of bread or a pencil.

We are not object of charity, for we have already earned what we are asking for. We hate the idea of appealing to the Red Cross for food and clothing. We want to work. We are trained to teach. We have given our lives to the cause. We love the work, and we ask for our salaries and something definite for the coming school years.

We are vitally interested in the youth of our state, not a beautiful school system on paper that you may read about but which never reaches all the little children who are in need of it.

Can't something be done to relieve our embarrassing situation?

Can't we be put into a position to do our best for the children of dear old Alabama? Can't we, for their sakes, be given what is justly ours?—Mrs. Idus Landers, Newell, Alabama, in Birmingham Post.

Central Singing Society

The Central Singing Society met at Poplar Springs last Sunday afternoon. There was a reasonably large crowd present, and that class was pretty well filled with singers. The singing was fairly good, considering the fact that there were only about half enough books. The chairman, O. L. Devaughn, presided.

The society will meet with the union singing at the courthouse next Sunday afternoon, the fifth Sunday. All members are urged to be at the court house by 1:30 o'clock with books and ready to go to singing.

The next regular meeting of the society will be at Concord the first Sunday in November.

How Doctors Treat Colds and Coughs

To break up a cold overnight and relieve the congestion that makes you cough, thousands of physicians are now recommending Calotabs, the nauseless calomel compound tablets that give you the effects of calomel and salts without the unpleasant effects of either.

One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish,—no danger.

Calotabs are sold in 10c and 35c packages at drug stores. (Adv)

BRIEF NEWS NOTES

Cotton consumption in Alabama in September exceeded any other month since October, 1929. Cotton consumption in the United States was up also.

Construction contracts awarded in Alabama during September were more than double in value of those awarded in August. They exceeded also any other month since June, 1931.

The Egyptian government has decided to limit next season's cotton crop to one-half the present area and allow only 40 per cent of the crop to be of the high grade variety.

Bankers of Pickens County have been very active in promoting Austrian peas and hairy vetch for soil improvement. Twenty-one meetings were attended by 519 farmers, and 150 of these planned winter legumes for the first time.

Canadian farmers are going in for larger farms than their predecessors. There were in Canada 164,899 farms of over 300 acres in 1921, but in 1931 these had incresed to 187,636. The 200-300 acre farms increased from 31,482 to 35,640 and the 100-200-acre farms increased from 229,252 to 233,325.

County agents are making a survey to determine the quantity of black eye peas for sale in Alabama with a view to better selling in Birmingham and elsewhere. Dr. F. M. Jackson of the T. C. I. Company thinks that the market can be systemized and better prices received by growers.

MT. PLEASANT SCHOOL NEWS

The Mt. Pleasant Jr. High School opened on Tuesday, October 11, with the heaviest opening day enrollment in its history. The school was highly pleased to have Rev. J. E. Metcalf, pastor of Verbena Methodist church, to conduct the opening exercises. Rev. Metcalf chose as his twenty-five minute talk, the subject of "Housecleaning." With a wide range of illustrations and beautiful phrases he delivered his subject in a very charming way. Quite a few patrons and friends of the school were in attendance.

At the writing of these news items there has already been an enrollment of 201. Of this number 73 are doing Jr. High School work. We trust that with this over-crowded condition additional help will soon be forth-coming.

The trustees have been busy the past week in completing several needy improvements, among which was the school drinking water supply. By the addition of several new joints of tiling and a concrete slab around the well and curb and top have been made much more satisfactory. We are jusly proud of this improvement, for our drinking water has been very distasteful and unsatisfactory thus far.

For the last few days the boys and girls have been working hard selling a candy deal through which they expect to get a new basketball. All sales have been completed and a prize will be awarded to the following students for turning in the largest number of sales: Dorothy Jones is victor for the girls while Leonard Burnett leaps far in the lead for the boys with 58 sales. A handsome fountain pen will be presented to each of them at chapel exercises on next Thursday.

The faculty of our school formed a miniature book exchange through which second hand books were bought, sold and exchanged. The results were gratifying in that well over one hundred dollars were saved. Very few new books were purchased.

An interesting little program was staged by Mr. and Mrs. W. C. Clark from Tuscaloosa County at the chapel exercises last Thursday morning. A variety of jokes, funny stories and songs, in connection with some clever juggling acts made up a most pleasing entertainment which was greatly enjoyed by the faculty and student body.

The terrific winds of last March completely destroyed the basket ball goals, nets, etc. For the past week the boys have been busy re-shaping the goals and boards, cleaning off the courts and getting things in order for the coming season. Only two players are back from last year's team, these being Curtis Traywick and Leonard Burnett. The team, this year will have to be built up around these two players, which means that it will be much lighter and less experienced that the team of last season. A large number of boys plan to come out for practice in the hope that they may win one of the vacant places. Both guards and the center of last season will have to be replaced this year.

Under the supervision of Mrs. Wright the larger girls are making plans to organize a volley ball team. Plans are being set up now to secure the necessary equipment.

Mesdames W. C. Robinson, Ludie Lenoir, Louise Higgins and Miss Zona Robinson motored to Montgomery Sunday.

NAVY DAY TO BE OBSERVED

Navy Day this year has a special significance since it occurs during the relebration of the two hundredth anniversary of the birth of George Washington.

Naval authorities, in cooperation with the United States George Washington Bicentennial Commission, have made arrangements for an unprecedented, nation-wide celebration on October 27, with special emphasis on George Washington and his relation to the founding and growth of the United States Navy.

Both the National and Columbia Broadcasting systems will carry special Navy Day programs over a nation-wide hook-up. The principal speakers on these programs will be: Charles Francis Adams, secretary of the Navy, and Congressman Sol Bloom, associate director of the United States George Washington Bicentennial Commission.

Special committees for the celebration of Navy Day have been appointed in every State of the Union to supervise the Navy Day exercises in their respective states. Thousands of local programs are scheduled to take place througout the nation.

Because of George Washington's outstanding greatness as a military commander and as a statesman, the Commission points out that his achievements as a naval strategist and leader have been overshadowed.

In the past years, historians of the bicentennial commission and other scholars have been searching the records of our early history and have reevaluated the sgnificant events of Wasnington's period. A new conception of George Wasnington has been presented.

Because of this tremendous work, scholars of note are now agreed that George Washington takes his place in history as a naval genius as well as a military genius. He ranks with the great American naval leaders.

George Washington was not a naval genius of any technical proficiency. We are told by the bicentennial commission that he knew very little about seamanship. He takes his place as a great naval leader because he saw more clearly than any officer engaged on either side, the tremendous possibilities of the navy, and the importance of syncronizing the movements of the army and navy.

When the French fleet did not have supremacy on the seas, Washington refused to engage his troops in an important battle. He was content to wait until he had the naval advantage. He refused to use Rochambeau's army until the French navy was ready.

The result of his clear-thinking and vision was evidenced in the Yorktown campagn. Because of the great team work of the land and naval forces, Cornwallis was bottled up at Yorktown and was forced to surrender with his entire army. So crushing was the defeat that the war for American independence was, to all intents and purposes, over.

CARD OF THANKS

We take this means of expressing our appreciation to our neighbors and friends for their kindness and sympathy shown us during the recent fire which destroyed our home and most of the contents. May God bless you all, is our prayer.—W. A. Gore and family.

EASTERN DISTRICT W. M. U. MEETING

An event that should be of unusual interest to our town and every Christian in Chilton County, and particularly every Baptist woman is the district meeting of the Alabama Baptist W. M. U. Delegates from eleven associations are expected.

The women of the Clanton Church are opening their homes to these visitors. It is hoped and believed that Clanton will give them a royal welcome.

The speakers on the program are unusually fine. Indeed, it is a meeting that we are not often privileged to attend, therefore, every one urged to make every effort to be there. Miss Susan Anderson is a recently returned missionary from Africa and a wonderful speaker. Dr. Gartenhaus was educated to become a Jewish Rabbi, but was converted to the Baptist faith and is now the only Southern Baptist Missionary working among the Jews. He is the Paul of our generation. Those coming to spend the night are urged to write Mrs. E. E. Upchurch, Clanton, Alabama.

The program is as follows:

Afternoon Session

1:00 p. m. Opening; Organization.
1:45. Devotional, Dr. S. J. Ezell.
2:00. Vice-President's and Superintendent's hour.
2:45. Prayer; Song.
2:50. Stewardship report, Mrs. Tom S. Christian.
3:05. Address, Rev. Jacob Gartenhaus.
3:30. Special music, Int. G. A., Clanton.
3:35. Mission study report and demonstration, Mrs. E. J. Duncan.
4:00. Season of directed prayer.

Evening Session

7:00. Song; Prayer.
Devotional, Miss Susan Anderson.
Special music.
7:35. Young peoples' counselor and associational young people's hour.
8:00. Address, "Extension Thru People's Work," Miss Kathleen Hagood.
8:30. Song.
Address, Rev. Jacob Gartenhaus.
9:00. Season of directed prayer.

Morning Session

9:15. Opening song.
9:25. Devotional, Miss Florence Thomasson.
9:45. Personal service report, Mrs. A. O. Green.
9:55. Address, "Launch Out," Miss Wilma Bucy.
10:25. Song and prayer.
10:30. White Cross report, Mrs. J. C. Hughes.
10:40. Address, Miss Susan Anderson.
11:20. Scholarship report, Mrs. Glenn Bradley.
11:30. Margaret fund.
11:35. Reports of committees.
12:00. Prayer.
12:10. Launching out Luncheon.

Hospitality Chairman, Mrs. E. E. Upchurch; Music, Miss Mary Ellis; Registration, Miss Lydia Williams and Mrs. John Deramus; Luncheon, November 4th, W. M. U. of Unity Association.

Mr. and Mrs. L. C. Day have returned to their home in Washington, after a visit to Mr. and Mrs. Hugh Simpson. Mrs. Day is pleasantly remembered as Miss Lula Gullahorn.

THORSBY SECTION

(S. E. Norton, Manager)

Sunday, October 30, will be rally day at Thorsby Congregational Sunday school. There will be special programs and music, both at Sunday school at 9:45 and following that for the morning service at 11 a.m. Christian Endeavor meeting at 6:30 p.m, followed by preaching service. This day has also been set for "Home Coming Day." Invitations have been sent to absent and former members of this church, and it is expected that many will be present as visitors. Since this is the fifth Sunday of the month, there will be no preaching service in the other churches in town, and all are disposed to attend church services on that day are cordially invited to worship with the congregations at this church.

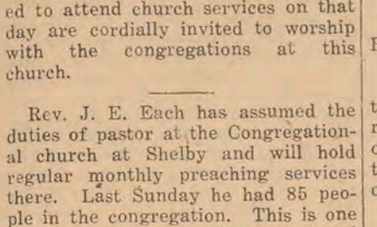
Rev. J. E. Each has assumed the duties of pastor at the Congregational church at Shelby and will hold regular monthly preaching services there. Last Sunday he had 85 people in the congregation. This is one of the oldest Congregational churches in the state, and was at one time strong and flourishing, but owing to shutting down, years ago, of business enterprises in Shelby, many of the members moved away. A few of the faithful kept up the organization and held the valuable church property there. It now appears to be a favorable opportunity to revive the church and carry on the work more vigorously.

The Wednesday night meeting at Thorsby Congregational church now meets at 7 p.m. You will be welcome.

Rev. and Mrs. Each had as guests at dinner last Sunday evening Cecil Each, of Birmingham, Dr. Franklin, Miss Hazel Maddox and Mr. and Mrs. William Each of Thorsby.

Rev. and Mrs. Each and daughter, Alta, made a trip to Birmingham Tuesday.

Mr. and Mrs. Claud Billingsley and family spent the week end with Mrs. Billingsley's mother, Mrs. G. B. McLemore, in Birmingham.



EYES

Are yau bothered with headaches, nervousness, dizziness, or fatigued feeling? If so see BARSON, for it is probably caused by your eyes. I will do your work and guarantee you the best of eye comfort. Special attention given to children.

Dr. S. A. Barson

OPTOMETRIST

Will be in Clanton at Exchange Hotel

MONDAY, OCT. 31

And the last Monday in each month.

MONTGOMERY

The women of Thorsby, as follows, attended the W. M. U. meeting at Collins Chapel last week: Mesdames G. F. Harper, E. R. Piper, Leonard Lowery, J. W. Jones, Ella Hall, Lelia Martin, W. H. Raybon, M. J. Primm, Miss Mae Wood and Rev. J. W. Jones. They report having a good meeting and pleasant associations.

Miss Cora Gentry, Mrs. Roberta Childress and Mrs. Lummie Childress attended the conference of Order of Eastern Star in Montgomery last week, and report a good attendance and a very interesting program.

Mrs. Burt Higgins's mother, Mrs. Rawlinson, continues very ill.

The P.-T. A. meeting, which was to have been held with Mrs. N. Laurell, has been changed on account of sickness in her home, to meet at the public school building at 3 p.m. on Friday of this week.

Miss Helen C. Jenkins reports having received a letter from Rev. S. B. Groves at Elgin, Illinois, who left Thorsby about twenty-five years ago, and from whom nothing definite has been heard since. Mr. Groves was the first pastor of the Congregational church in Thorsby, and was for a time principal of Thorsby Institute, in which Mrs. Groves was a highly valued instructor. Mr. Groves was compelled, by ill health, to give up his work in Thorsby. The family moved to a northern suberb of Chicago, where Mrs. Groves was for several years engaged in teaching, and later as tutor for students not quite up on grades they wished to make. We once heard of Mr. Groves as instructor in Manual Arts in a private school in Chicago. The family will be kindly remembered by many old residents of Thorsby.

Miss Rachael Petersen of Birmingham, was a week end visitor at the home of Mr. and Mrs. C. C. Peterson.

Mrs. Lawrence F. Gerald of Clanton spent last Friday and Saturday at the home of the Geralds and Sutlives in Thorsby.

Coty face powder with bottle of perfume, both for $1.00 at Wyatt Drug Company.

Mr. and Mrs. Clyde Mead and Helen Louise, with Robert Primm and Mr. J. O. Johnson, were Sunday visitors in Birmingham.

Mr. and Mrs. S. E. Norton were guests of Mr. and Mrs. A. N. Laurell for dinner and the afternoon Sunday.

Mr. and Mrs. S. E. Norton entertained a group of young people last Thursday evening. Those invited were: Mr. and Mrs. V. H. Sutlive, Mr. and Mrs. R. H. Maddox, Mr. and Mrs. William Each, Miss Alta Each and Dr. Horace Franklin.

Mr. Thomas Phalen of Tuscaloosa is spending a few days with Lloyd Howard.

An error which we wish to correct appeared in the last week issue of The Union-Banner. The man who was killed in an automobile accident near Mobile was not Mrs. M. J. Primm's son-in-law, but grandson.

Mr. and Mrs. J. R. Martin and family had as visitors for the week end Mr. and Mrs. Frank Rowley and daughter, Grace, Mrs. John Ford and Miss Thelma Argo, of Jackson, Tenn.

PAIN

HEADACHES, NEURITIS NEURALGIA, LUMBAGO . . .

Whenever you have some nagging ache or pain, take some tablets of Bayer Aspirin. Relief is immediate!

There's scarcely ever an ache or pain that Bayer Aspirin won't relieve—and never a time when you can't take it.

The tablets with the Bayer cross are always safe. They don't depress the heart, or otherwise harm you. Use them just as often as they can spare you any pain or discomfort. Just be sure to buy the genuine. Examine the package. Beware of imitations.

Aspirin is the trade-mark of Bayer manufacture of monoaceticacidester of salicylicacid.

Prof. C. M. Williams from Boaz spent the week end with home folks in Thorsby.

Mrs. J. R. Martin, Mr. and Mrs. Herchel Martin and Miss Myradine Martin were Sunday visitors with Mr. Lewis Allen and family in Jemison.

Mrs. Herchel Martin and Miss Myradine Martin were dinner guests of Mrs. Martin's mother, Mrs. Dudley Thompson.

Rev. Fred P. Ensminger spent Thursday night with Mr. and Mrs. W. H. Wilson.

Miss Helen Phillips and Miss Lillian McKee of Thorsby Institute faculty were in Birmingham Saturday shopping.

1 package Kotex, 1 package Kleenex, 85c value for 49c at Wyatt Drug Company.

Dr. Leslie of Jasper spent Sunday with Mr. and Mrs. E. R. Piper.

Mr. and Mrs. A. A. Jackson of Elmore have moved to Thorsby and have rented the lower floor of Mrs. Anna S. Villadsen's home.

Little Clyde Maddox of Birmingham spent last week with his grandparents, Mr. and Mrs. H. O. Bean.

Rev. and Mrs. E. W. Butler had as Sunday guests their daughter, Margaret, and her friend, Miss Rosanna Purcell; also Mr. Clyde Abercrombie and Mr. Leon Harris, all of Birmingham.

Mrs. H. L. Walker and Mrs. E. L. Pate spent Saturday in Montgomery.

Mr. and Mrs. W. S. Goodgame and Mr. and Mrs. Webb Parrish and little daughter, Billy Ann, were Sunday visitors with Herbert W. Peterson and family in Birmingham.

Mrs. John Browder of Clanton was a ghest of Mrs. Webb Parrish last Friday.

Mr. and Mrs. Grover A. Bice spent last Thursday in Birmingham.

Mr. and Mrs. Guy Sharpe of Birmingham spent the week end with Mr. and Mrs. H. V. Thompson. On their return home Mrs. Thompson accompanied them.

Mr. and Mrs. Ollis Littleton have moved to Birmingham, where he has secured employment.

Mrs. Nels C. Peterson attended a meeting of railroad men in Birmingham last Tuesday.

Mr. Exton Lowery of Calera spent a few days in Thorsby last week visiting his sister, Mrs. Hugh Primm.

Rev. J. W. Jones spent Monday in Birmingham on business.

Mrs. O. P. Whitley of Birmingham spent the week end in Thorsby with her sisters, Mrs. T. W. Robinson and Mrs. Bob Smith.

Mrs. E. N. Bentley is visiting this week her aunt, Mrs. A. Thayler in Garden City.

Miss Hattie Davenport of Chattanooga spent the week end with her parents, Mr. and Mrs. B. L. Davenport.

Mrs. A. C. Fowler is spending a week with her mother, Mrs. Davis, in Troy, Ala.

Edna Childress entertained at a party Saturday night. Those who enjoyed the party were: Freelan Marcus, Jessie and Lola Martin, Roberta Marcus, Louise Collins, Cecil Cleckler, Eugene Littleton, Ethrige Williams, Pressell Hayes, Clarence Taylor, Charles Childress. Refreshments were served.

Mrs. W. H. Wilson and Mrs. H. O. Bean and daughter, Willodean, attended the conference at Walnut Creek church Saturday.

Misses Loutisha Bean and Ottis Merchant of Jemison spent the week end in Thorsby with Miss Clara Hayes.

Mrs. H. M. Carlton of Dadeville spent Sunday in Thorsby with Mr. and Mrs. Turner Gamble.

Mr. and Mrs. Marion Smith of Clanton spent Sunday with Mrs. Smith's mother, Mrs. Lelia Martin.

Mr. and Mrs. D. H. Bates and little son, David, Jr., accompanied by Mr. and Mrs. S. J. Gentry and little daughter, Emma Jean, all of Birmingham, spent Sunday with Mrs. D. H. Gentry.

Mrs. Jim Mims is reported on the sick list.

Mr. John Sorrell spent a few days last week in Birmingham visiting relatives and friends.

Mr. and Mrs. E. E. Porter made a business trip to Montgomery Friday.

Mr. Tom Bates of near Selma spent last Tuesday night in Thorsby visiting his sister, Mrs. D. H. Gentry.

3 bars soap 10c at Wyatt Drug Company.

Mr. and Mrs. T. P. Gore spent Sunday with Mrs. Gore's parents, Mr. and Mrs. George Mims.

Mr. and Mrs. Theron South of Birmingham were week end visitors with Mrs. South's home folks in Thorsby.

Master Jack Goodgame spent the week end in Clanton with his grandmother, Mrs. J. F. Goodgame.

Mr. and Mrs. Jerome Wilson of Isabella community visited Mr. and Mrs. W. H. Wilson during the past week end.

Mrs. Henry Vines spent the week end in Birmingham visiting her children.

Miss Dulcia Hayes and little sister, Mary Helen, both of Jemison, were visitors of their grand parents, Mr. and Mrs. Greene Burnette during the week end.

Mr. and Mrs. D. Gentry and son, Charles, spent Sunday with Mr. and Mrs. Wilbur Bean in Collins Chapel community.

Miss Roberta Marcus of Clanton spent Saturday in Thorsby with Mr. and Mrs. Wilbert Marcus.

Mrs. Hattie Johnson returned to Thorsby Saturday after spending several weeks with her daughter, Mrs. Katie Davenport in Birmingham. She is improving from a serious spell of sickness and will spend several weeks with her son, Mr. N. Johnson and family.

Mr. and Mrs. R. W. Scott and Miss Mattie Scott spent a while Sunday evening with Mr. and Mrs. N. Johnson and family.

Mr. Lewis Johnson of Thorsby went to Birmmingham Sunday on business.

Fountain syringe, hot water bottle and ice caps at Wyatt Drug Company.

The class of 1932 was very generous to Thorsby Institute and is still giving. With some money left unexpended, this week it presented to the school a beautiful brass floor lamp to which is attached an electric clock.

The Helen Keller Literary society gave a very enjoyable program Saturday night on the heavenly bodies. Kathryn Lenoir sang, "Baby's Boats the Silver Moon," and the glee club sang "Star of Me" and "Starlight."

November 12th will be the next literary society and November 26th will be stunt night.

The school, generally every other Friday, will hold it's chapel at 10:00 o'clock in order to enjoy the music appreciation hour under the direction of Dr. Walter Damrosch. Two programs have been heard and have been much enjoyed.

On Thursday and Friday of this week the first term examinations will be given.

On October 21st the Philomathic and Pushmatha Clubs had their first program meetings for this year. These clubs meet once a month in the afternoon. All members of the school belong to one of the clubs.

Dolores Gafford, of McKenzie, Alabama, enrolled Friday as a member of the Institute Boarding Department.

Last Friday night Miss Helen Jenkins entertained the members of the public school faculty and Institute faculty. Various contest games were enjoyed by the guests. After the games delicious cake and sherbert was served. Miss Frances Wilson kept the evening study hall at the Intitute Friday.

Mrs. S. M. Connatser returned Saturday night from North Carolina where she attended her family reunion—the Massey family. She reports a very pleasant reunion and of meeting many relatives whom she had never seen before.

While on the trip she visited relatives and friends in the follwing places: Asheville, Marshall, and Hot Springs, N. C.,; Walnut Grove, Sevierville, Alden Branch, Knoxville, Lenoir City, and London, Tenn., returnnig to Birmingham Friday night and spent the night there with her daugter, Mrs. H. T. Scott.

Mr. and Mrs. H. T. Scott and son, H. T. Jr., accompanied Mrs. Connatser home and spent the week end with the Connatser family.

Mr. Eugene Johnson, of Bainbridge, Georgia, spent Sunday at the home of his brother, Mr. N. Johnson of Thorsby.

Mrs. Katie Davenport and son, Duncan, of Birmingham spent the week end in Thorsby with her brother, Mr. N. Johnson, and family.

A great Hallowe'en Festival is to be given by the Senior Class at C. C. H. S.

FOR COMMISSIONER DISTRICT FOUR

I am the Democratic nominee for the office of member of the Commissioners Court of Chilton County, Ala., from District Four, subject to the action of the general election to be held in November, 1932.

Your vote and influence will be appreciated.

J. H. JACKSON.

(Paid political adv. by J. H. Jackson, Lomax, Ala.)

GRIST MILL

The Grist Mill at the Will Plier Place is being operated by Mr. Edwards. He will appreciate the continued patronage of the people of this section

NOTICE--GIN DAYS

After this week and until Saturday, November 12th, all the gins of Clanton will operate only on Fridays and Saturdays. After that they will close down for the season. --- Clanton Mill & Gin Co., Panters Gin & Warehouse Co., Farmers Gin & Warehouse Co., J. N. Dennis.

PLEASANT GROVE—JEMISON

Mrs. Effie Champion has returned home after an extended visit to her sister, Mrs. Will Kellum, of Belle Ellen.

Mr. and Mrs. J. E. Carroll have as their guest Mr. Carroll's sister, Miss Lela Carroll, of Clanton.

Last Thursday Mr. and Mrs. Sam Woodley carried their little son, Raymond, to Birmingham and had his tonsils removed. Mrs. Velma Woods accompanied them, returning home Saturday. She reported that Raymond was doing nicely and would probably be able to come home Tuesday.

A large crowd from here attended the funeral of Mrs. Tommie Childress, nee: Miss Alma Watson, at Mars Hill Sunday.

Misses Annie Mae and Johnnie Lee Crumpton and Emma Lee Johnson and Mr. Victor Jones, all of Birmingham, were the guests of Mr. and Mrs. Hunter Rasco Sunday.

Miss Rubye Wright went to the doctor at Clanton Saturday.

Mr. Clyde Herrall, of near Montevallo, spent the week end here with friends.

Mr. and Mrs. I. N. Waldrop had as their guests Sunday Mr. and Mrs. Dock Hodgens and son, Briggs, of Thorsby.

The cottage prayer meeting this week will meet at the home of Mr. Carl Dawson.

UNITED SINGING SOCIETY

The United Singing Society will meet at Collins Chapel Thursday night for practice. The public is invited.—Askew Davis.

ISABELLA HIGH SCHOOL NEWS

The school is moving on nicely, with plenty of hard work as the order of the day.

It is rumored that we are to have a gymnasium, which is to be built out of the old school building. We hope this will come true.

The football team is working overtime in preparation for the game with Billingsley Friday afternoon. The team is arranging some scrimmages with the Maplesville boys to round out in good shape for the contests which are ahead.

Mr. Wilson's football boys from the lower grades and Jr. High school met the Maplesville boys last Friday afternoon in a game on Maplesville's ground. The score was 6 to 6.

Debates are getting under way in the democracy and history classes.

The Senior Class is busy printing a school paper, which is issued each month. We hope the paper will help in stimulating school spirit.

A play, "Miss Adventure," is to be given Saturday night week, November 5th. The play is given in three acts and is very humorous—Don't miss it!.—Reporter, Elizabeth Mims.

Mr. and Mrs. J. W. Powers, Miss Marie Powers and Mr. and Mrs. R. L. Sumner of Thorsby attended services at the Methodist church here Sunday.

Mr. and Mrs. Dewey Rockett and daughter, Nell, spent Sunday in Birmingham with little Lois Rockett, who is convalescing at the Baptist hospital.

Report of Social Service Commission of Southern Baptist Convention

BAD MOVING PICTURES

One of the gravest, most subtle, and most widespread influences working toward the disintegration of the moral fibre of our people is the moving picture industry as it is operated at the present time. Your Commission's report has frequently called attention to this growing evil, and again calls upon our people to take some definite steps towards the checking of its pernicious influence, particularly for the sake of our children.

We must do something about the matter, but what can we do? The mast immediate thing that we can do is to help the children select the show they are to see. "If you cannot be sure of the quality of the program, stay away." Help the children to exercise choice in the selection of their pictures. Bad pictures are far more dangerous to a growing child than bad food.

But it is not enough for us and our children to stay away from bad pictures, or even all pictures. We ourselves stay away from speakeasies, and keep our children away, but we are compelled to do more than that for the sake of the community's children, and even more for our own children's sake. Boys and girls are going to the movies and going to continue to go by the millions. We must do more.

We can raise our voices against bad local advertising. The manager of the local theatre can have some word in the advertising which he puts out in your community. Let your voice be heard on that point.

The industry has made many promises to reform and clean house voluntarily from the inside. In ten years of Mr. Will Hays' official service as something of a smoke screen for the industry, he has promised time after time to do a general house-cleaning. Not only has no improvement been made, but the universal judgment, outside Mr. Hays' office, is that pictures are worse instead of better. Just a few weeks ago Mr. Hays again said, "The trend on moving pictures is definitely away from vulgarity and sordidness toward romance and clean comedy." We wish we could accept this statement at full face value.

The moving picture industry will not clean house until compelled to do so by legislative enactment and federal control.

We can join together with other great religious bodies in the United States in the effort to brng the industry under federal regulation. We can lend our support to the Brookhart Bill (Senate Bill 3770) which is now before the United States Senate, proposing to prohibit compulsory block-booking and blind-booking, whereby the producers have compelled the exhibitors to show their pictures without having the right of choice. We may also use our influence for the passage of such measures as the proposed Dill Resolution in the Senate, which calls for an investigation of the unlawful and subversive practices of the industry.

Motion pictures ought to be disallowed a public utility, and placed under the control of a federal motion picture commission. "If telephones, telegraphs, and railroads are public utilities," says Dr. Fred Eastman, "how much more important it is that the movies should be, for they have a more vital influence upon the nation's welfare? Shall we have protection for our children's bodies against adulterated foods and no protection against the adulterated food which goes into their minds?"

The impression is that the fisherman's college organized in Florida ought to include in its curriculum a course in fiction. Some of the fish stories regarded as literary efforts are deplorably crude.—Lowell Evening Leader.

The trouble with most of the federal bureaus is that they have a tendency at an early age to become antiques.

Well, if Governor Roosevelt wins it will be a great day for Hooey Long in the Senate.

Of course you want your fortune told, and the Seniors have engaged Madam Majarah, of India, to reveal to you your past, present and future.

Of course it may be only a coincidence but the stock market has not been feeling so well ever since the Maine election.

NATIONAL AFFAIRS

(By Frank P. Litschert)

In his Sioux City, Iowa, address, Governor Roosevelt once more used glittering generalities in presenting the program which he expected to have for reconstruction in the United States. He proved effective again in calling attention to the troubled situation throughout the country which now is on the mend, but did not present any concrete program to solve conditions he deplores. Criticising the national administration, the good Governor referred to the high taxes prevailing throughout the nation in the state and small units of government. He admitted that seventy cents out of every dollar paid in by the public as taxes went to the upkeep of state and local governments, and that the President of the United States could not control local tax situations. He added that it is up to the public to work out their tax problems with the local officials. Governor Roosevelt added, however, that as President he would encourage lower expenses for state and local governments by leading the way through economies in national government. This brings us to the point of inquiring just what Governor Roosevelt has done in New York along this line.

During the time he has been Governor of New York, the Republican national administration has reduced the national government's debts considerably. The total debt in 1920 was around twenty-five and a half billion dollars as left by the last Democratic national administration. By the close of the year 1931 the debt had been reduced to a little more than sixteen billions. Since 1928, which was the year Mr. Roosevelt became Governor of New York the Republicans have reduced the national debt by more than a billion dollars. The appropriations by Congress for the national government in 1928 were $4,237,559,183 and in 1932 they were $4,674,073,917. In 1920 the last year of the Democratic national administration, the appropriations were more than seven billions. This would seem to indicate that the Republican administrations since that time have attempted to lead the way by furnishing an example in the matter of reducing government operating expenses as well as the national debt.

But it might not be inopportune to take a look at Governor Roosevelt's administration of the affairs of New York during the period from 1928 on. In the last year of Governor Smith's administration the appropriations for New York State amounted to $217,772,635 and under Governor Roosevelt the appropriation had risen to $310,-123,013 in 1931. No matter what he might promise to do as president, Governor Roosevelt certainly did not set the example in the way of reducing expenses for the smaller units of government after he became governor of the greatest state in the Union. If the President ought to furnish an example by cutting down expenditures, and this has been done during the present administration, then why should not the governor of a great state do the same thing?

Governor Roosevelt has already had the opportunity of furnishing such example but has failed. State expenditures have risen sharply in New York state and it might be added that this example of Governor Roosevelt has been followed by some of the smaller units of government in his own state, to mention Mayor Walker, for example. In 1928 the cost of operating New York City's government was $515,528,295. In 1932 the cost of operating had increased to $620,-840,183, while the bonded indebtedness of the city has grown from $1,761,889,999 in 1928 to $2,127,572,000 in 1932. If the example of Democratic financial economy afforded us by Governor Roosevelt and Mayor Walker is a sample of what could be expected in a Democratic national administration, then the American people would pay dearly for a change in administration.

Said the little smart waitress, slipping up beside the customer: "I've got deviled kidneys, calves' brains, pigs' feet, chicken livers and—"

"Forget it, sister!" growled the cranky diner, "I've got a headache, eczema, fallen arches, corns, a bunion, three warts and an empty stomach. Tell your troubles to someone else, and bring me some ham and eggs."—The Black Fox Magazine.

The new Japanese raido station at Tokio is initialed JOAK. Persons who have tuned in and tried to understand what was coming over the air admit the station was well named.—Salt Lake City Desert News.

Tea, it is revealed by those steeped in numismatic lore, serves as legal tender in Northern Manchuria, probably because it can be so conveniently liquidated.—San Jose Mercury Herald.

Perhaps the naval authorities think that two years at sea will train the Annapolis graduates in weathering matrimonial storms.

Shoe factories are operating full time. That will help put the country on its feet again.—San Antonio Express.

With all the conflicting elements in the New York political situation there ought to be plenty of work for the wire pullers this month.

MORAL ECHOES

(By D. W. Haskew)

A man was sitting on the river bank whittling on a piece of white pine with his pocket knife. The knife slipped from his hands and fell over the rock ledge and lodged on a cliff. The man decided that he could reach it, but was warned that it was dangerous. He said that he was aware of the danger, but he would be very cautious. For the knife he took the risk, lost his balance, and was killed on the crags below. A pocket knife was not much to risk a life to possess, but the man did it. He sold his life mighty cheap. "Take a chance" is the cry of today. Risk passing the car on the highway, risk selling a little rum, risk a few drinks. It is very dangerous, but the one taking the chances says that he will be cautious. Many lose their lives for things that are not worth possessing.

In the spring of the year my father had a deep ditch cut through his plantation. The soil was dug up from many inches below the level of the ground and thrown out on the ditch bank. It was not long before the mound of dirt taken out of the bottom of the ditch was covered with vegetation of various kinds. For many years the seed had been buried deep beneath the soil and were waiting to be touched by the warm rays of the sun. On being lifted from their buried state and being touched by the rays of the sun, the seed sprang into life and growth. In the breast of many of us there are hid out many fine sentiments, many fine thoughts, many fine virtues. They have been buried long enough. It is time to lift them into the sunlight and let the warmth of fellowship and love start them into life and growth. Dig up the soil of your soul and let it become warm with human interests and then it will become alive with growing virtues. Do not keep the fine things of your life buried.

It was a stormy day on our farm. All day the rain had fallen and the wind had blown a gale. The cattle were in the pasture, and as night drew on we were afraid that they would not be able to make it to the barn and shelter for the night. Many times we would go to the window and look out toward the slopes to see if they were coming. As darkness gathered over the hills, we saw them slowly approaching. They were all bedrabbled and slowly but surely battled their way up to the gate in the face of the gale. In spite of the storm they had found their way to the gate and to shelter. This is a stormy world. Wonder if there are not angels and redeemed spirits standing at the windows of heaven anxiously watching for our coming, and all the time wondering if we will be able to make it. Late in the evening of life may we not be able to come slowly, but surely up the hill, battling against the gale, and find our way to the gate and to shelter at last. In spite of the storms, we must find our way to home and heaven. Many of us know nothing much but storms in this world, but in spite of the winds that blow we must find our way to the gate, to shelter and to life.

There was an old apple tree near our home on the farm. Many a time as a boy have I stood beneath this tree and feasted on its fruit. One day I noticed that a large limb had withered, and climbing up to investigate I discovered that one of the boys had wound a strand of wire around the limb something like two years before, and that the wire had buried itself in the bark of the tree and had choked it to death. The other branches of the old apple tree were crowded full of ripening fruit, but on this limb there were no apples. The wire had gotten in its work in the early spring, and no fruit came to the chocked limb. While the other limbs of the tree were crowded with fruit, this choked limb was fruitless and was dying. To be honest, my friend, I am wondering if you have not wound the wire of indifference, the wire of selfishness, the wire of the sin of omission around your church life, and now your soul is being chocked to death. These wires will take the fruit out of your life and they will soon bring you down to death. If your life is not as fruitful as it should be, you had better look for some choking wires.

There was a man who sold a mule. The animal was represented as being all right in every way. In a few days the buyer brought the mule back saying, "You sold this mule to me saying that he had two good eyes. I have found out that he is as blind as a bat. Why he will walk right into a ditch or a wire fence, or anything else that is before him." The man who sold the mule replied, "Brother, you have got that mule down wrong. He has two good eyes and can see the ditch, he can see the wire fence, but that mule does not give a continental if he does walk into them." We will acknowledge that the statement sounded mighty like a mule. He could see but he did not give a continental. That sounds like a lot of folks. They can see the pitfalls of life, they can see the hurts of sin, they can see the sorrows of those who follow the ways of the flesh, but they do not give a continental. It seems to me that some folks just do not care what they walk into.

The MAN in the MOON

Looks Over All—
Overlooks None.

A Democratic Letter

deer bil—how air yu an yore ol lady an yunguns kummin on. as fer us we air jest skrapin by. derned ef times aint awfil out thisaway. i didnt hav but tue hawgs fer this winter an wun uv them up an dide with the colera bout 10 daze ago. my taters air rottin in the patch frum tue mutch rane an the wind has blode my kane down in the mud. i got a big turnup patch but they air gettin tue havvin peth in em an i am afrade it wont be long afore they wont be nun ov them fittin tue eat. wun good thing the low price uv kottin aint hurtin me nun cause the bol wevules et it all up an i dont have tue pik hit. theys a lot uv other thangs hapened tue me an my famly but i guess these air the wust. corse the guvment kude help sich as me out a lot ef they wood but yu noe them republicans wont do nuthin fer us pore ole demmycrats. they wuz a demmycrat cannidate by tue see me a fue daze ago an he sez we wont have tue put up with no sich kalamitys mutch longer cause the demmycrats air spectin tue win the leckshun this yeer an then we will all be settin purty. i tell yue bil the way hoover an the republicans is runnin the guvment is awful. jes take my case now. ef thay had been all they air krakked up tue be they kudda looked ahead fer enuf tue send sumbody a warnin that the colera eppydemic wuz kummin an then i kudda nokkilated my hawgs agin it. the wether burow otta sent out warnin us all this rane so i kudda gethered my taters fore the rane set in an i kudda stripped my kane afore hit all blode down. the guvment aut tue send out sum kinda turnup sede what wont all tern tue peth an send summa them airyplanes out to spue pizen all over the kottin patches so the wevules wont eat it all. but lak i sed afore yew kant put no confidence in em republikins. that candidate sed ef rosevelt wuz lekted nun uv these thangs woodnt happen nex year. acoarse yew member thangs got tue be awfil when kleevlin wuz prezzident but i hope rosevelt will be better ef hes lekted. i noe wun thang he kaint be noe wuss. be shore tue vote fer rosevelt kawse he has promised lots. ef he can do haf he has promussed we wil all be in klover in a yere. yoarn—bob.

Couldn't It Be Worse?

To all members of the B.-A. U. (Belly Achers Union), disgruntled Republicans, sore-headed Democrats, and all others who have taken up the hue and cry that things "couldn't be worse," I want to call special attention to the National Affairs column on this page. In that column is set forth the facts and figures, along with the results, of Mr. Roosevelt's record while Governor of New York. Just turn your eyes over to that column if you haven't already read it, and get out your little lead pencil and figure out how Roosevelt-governed New York State has fared. Read how the expenditures and the debts of New York have risen steadily since Roosevelt has been Governor. Study all these figures over carefully, then check them against Mr. Roosevelt's claims that he will lessen the National deficit by a cool billion dollars a year. And then, the next time somebody asks you what Mr. Hoover has done to ease the National situation, ask him why Mr. Roosevelt didn't save his own state along these lines. If he is such a big man that he can save the nation, why hasn't he put his program into practice in New York? If he has failed in one state, can anyone, with reason, expect his program to save the nation? It doesn't sound reasonable. Read, and think it over for yourself.

A Clean Campaign

I wish to commend the County candidates both Republican and Democratic, for the campaigns they have waged. If there has been any mud-slinging so far from either side I have not heard of it. But, after all, this is as it should be every time. What is the use of "flying off the handle" and saying harsh things about each other which must be lived down and forgotten right here in daily contact with each other? To fight political battles and to fling mud balls are two different things, altogether. After the elections are all over we must all settle down again and make the best of what we have done. And it will make all concerned feel mighty good to be able to face his late opponent with a clean conscience, and without having to feel mean and low on account of some catty remark made in a political campaign.

Watch Out For Snakes

Every once in a while I fish out my popgun and go hunting. I am very fond of hunting squirrels. But of late this fondness has cooled considerably, thanks to three big snakes. These were two big rattlers and a stump-tail moccasin. And that's a warning to others when out hunting. I suppose the reason that we are seeing so many this season is that they are letting us hunt a month earlier. Maybe that's the reason I have been having such rotten luck this year—keeping my eyes on the ground more than in the trees—but, just the same, if I have to take on a snake-bite in order to get a squirrel, I believe I had as soon leave both of 'em in the woods.

"The Forgotten Man"

In making his speeches over the country Mr. Roosevelt has had much to say about "the forgotten man." Wouldn't that sound funny to him after November 8th, if he joins other "forgotten men" I can think of such as Cox, Davis, and the like. Hailed as saviors of the country in their hey-day, I doubt if very many people, even Democrats, could tell you what these men's first names were, even if it has been only a few short years since they were well known to everyone, and on every Democrat's tongue.

"Lily White"

Not often, but once in a while, even now, some Democrat forgets long enough to pull that old "Lily White" gag, which outlived its usefulness and effectiveness years ago. It is almost as out-of-date as hoop-skirts and whip sockets. The well-informed Democrat, however, doesn't pull that old stale one any more. To do so stamps him as a back number—as one who doesn't keep abreast of modern times and modern claims, even in the South. For with the radio we can listen to their own nominees speaking in the Northern cities, who, with tears in their eyes as big as "dooley" potatoes, plead until they turn black in the face for SOCIAL JUSTICE, SOCIAL EQUALITY, revision of THE COLOR LINE, and other ways they have for voicing their appeal for what used to be termed pure old NEGRO EQUALITY. And why? Because they are talking to negroes when they are speaking up there. I do not mean that they are all negroes, but a large per cent of their listeners are negro voters—and a vote is a vote, white or black, even to a Democrat. Recently, Franklin D. Roosevelt spoke long and earnestly as he pleaded with much fervor for social justice and social equality "insofar as it could be accomplished," to quote his exact words. And now, the reason. The speech was in a Northern city, and, of the 14,000 who jammed the auditorium, approximately 5,000 were negroes, and at least half of the others were negro sympathizers. Now, Mr. Roosevelt swung through the South on a speaking tour this week, speaking at Atlanta. But in his speech there, for some strange reason, not too hard to imagine, he forgot to mention SOCIAL JUSTICE and SOCIAL EQUALITY "insofar as it could be accomplished." Why? Here's why! No negro voters in THAT hall to listen—no negro sympathizers there to cater to. He was far too smart for that. So, if somebody tries that old worn-out gag on you, tell him to go to school some more—he hasn't learned his political A B C 's yet.

bob gits an ainser

Next week Bob, the letter-writing Democrat, gets an answer from "deer bruther bil". If you get a kick out of that letter, don't miss the one next week. If you think Bob had troubles, and knew where to blame them, just wait for Bill's answer. He really has troubles—and he, too, knows who to blame them on, and just how he should have been relieved. Until then—so long.—Man in the Moon.

AL SMITH WILL RUN IT

The interesting, if not so pleasing announcement has come through the daily papers that Al Smith will have a position of great power and influence in the national government of the United States, if Roosevelt is elected President.

The statement says a new position for Mr. Smith will be created in the President's cabinet, and he will be vested with some far reaching task like reorganizing and coordinating the various branches of our government system.

That is coming to what many have already thought—that to have Roosevelt as President would be just the same as having Al Smith for President.

Further identifying the present Democratic campaign as a truly Al Smith affair, Mr. Smith, in one of his campaign speeches this week said, the Republican prohibition plank had been worded so no candidate would be committed to anything, "and consequently it is easy for them to receive the approval of the Anti-Saloon League, the Women's Christian Temperance Union, the Ku Klux Klan, the Methodist conference, and the aggregation of bigots that make up what they call the dry forces."

In the same speech Mr. Smith made the statement that he, himself wrote the plank in the Democratic platform which sets out with the open declaration that "we favor the repeal of the eighteenth amendment." Repeatedly he referred to Mr. Hoover as "the dry leader of the country."

The fear of Al Smith's power in the politics and government of this country caused the people of all sections to oppose him for president in 1928, and it is just as much menace in the present campaign which seeks to put Franklin Roosevelt in the White House of this nation. Al Smith's grip on the Democratic party today is as powerful as it was in 1928. He has recaptured whatever political prestige Mr. McAdoo might have temporarily wrested from him in Chicago.

If Roosevelt is elected President, Al Smith will be the power that will dictate the policies of the administration.

Soviet Russia has decided to lift the ban on romance and literature. There are many foreign correspondents in Russia who have thoroughly qualified themselves to take advantage of the new order.—Charleston Evening Post.

"I say" said the penniless Percy to his rich uncle, "I want your advice."

"Well, my lad?" said the old man, realizing what was in the wind.

"What is the best way to approach you for a loan?" burst out the youth.

A thoughtful look came over the old uncle's countenance.

"Well," he replied, "if you were sensitive I'd advise you to make your request by telephone and ring off before you received the answer."

That Haverford township high school clock running backward should be let alone. It may bring us eventually to the early part of 1929.—Philidelphia Evening Bulletin.

It seems that nobody is ever going to head off the Yankees until Babe Ruth and Lou Gehrig are shipped off to the old folks home.

The trouble with an inflated currency is that things refuse to stay inflated after they get that way.

What has become of the old fashioned Democrat who used to denounce all the straw votes taken by the newspapers during the campaign?

A monarchist party is being formed in America, to provide for a constitutional monarchy and to invite one of the British royal families over here to act as king. Somehow or other we doubt whether this party will ever get the support of Tammany.

25 YEARS AGO

News Items as published in The Union and in The Banner, Issues of
October 24, 1907

Married this week—W. C. Jones and Miss Nellie Honeycutt, B. J. Sessions and Miss Cynthia Littlejohn, Homer Henson and Miss Annie Lee Hand.

Sam Latham left Tuesday for Sylacauga; he has accepted a position with M. F. Cannon and Sons.

Miss Hexie Rich died at the home of R. B. Moody on October 15th. She was 23 years old, tht daughter of Mr. and Mrs. J. T. Rich.

The Man on the Corner

Some Sights He Saw—
and Some He Saw Not.

Peaches From Utah

Passing the store of Evan Parrish one day this week, I was attracted by a basket of very fine peaches. Upon inquiry I was informed that they came from the State of Utah. That appears to be a mighty long distance for peaches to travel in order to find somebody to consume them. And more strange it seems that they should find a last resting place in a land where we can grow much finer peaches than they.

An Unprofitable Game

I think the general and accepted verdict around here is that the business of stealing turkeys is an unprofitable game. Everybody of course regrets the tragic occurrence that was enacted at the farm of Mr. J. N. Dennis last Sunday night. Such a harsh and gruesome thing as killing a man is totally foreign to the nature and makeup of Mr. Dennis. But the old saying, "Circumstances alter cases," applies. Everybody admires the firmness and fortitude with which Mr. Dennis went about protecting his premises from the thieves. They got what they deserve.

Daddy Fox In Business Again

I don't know exactly whether I should say Daddy Fox is in business again or yet. But that does not matter. He has his store open every day now, with a varied assortment of useful articles that will be handy and useful around the home. "The price is no object," said Mr. Fox. "I just have to keep some kind of business going to amuse myself. I want my friends to come to see me, and I believe they will find something here that will come in handy about the farm and home. We will not fuss about the price. My things are so cheap the price does not matter."

Judge Reynolds went to St. Clair County Monday to make some speeches in the interest of the Republican campaign. He spoke at Pell City Monday morning at the opening of court. Monday night he spoke at the courthouse in Asheville.

Will Reynolds has about completed the handsome new brick bungalow at the north end of Sixth Street. It is a lovely addition to the residence list of Clanton.

Monroe Wyatt, of the Woco Service Station, has been "under the weather" for the past week. After spending several days in bed he is able to be out again.

The many friends of Mrs. Arthur Johnson are glad to see her out again after a serious illness of many weeks.

I regret to learn that W. M. Polk, the Chevrolet man, has been sick at his home for several days.

There will be plenty of heart thrills when you see the ghosts and goblins at C. C. H. S. Friday night. Don't miss the fun.

Remember the good old days when the voters believed everything the politicians promised, before the election, to do for them?

If the Democrats should carry the country, of course Senator Norris won't stay regular with them very long. He will then become the first insurgent Republican-Democrat in the country.

If McAdoo comes to the Senate he ought to be able to tell the boys what to do about foreign debts. He is the fellow that loaned our money to Europe.

This would be a fine year to conduct another of those little red school house campaigns only there aren't any more little red school houses.

Sending Jim Reed to answer President Hoover must have sent cold chills down the spines of the loyal Wilson Democrats of the Middle West.

Governor Roosevelt has promised everything but newer and better forward passes on the college elevens.

Indianapolis is to have the first trackless trolley cars in the country and think what a blessing these will be for the under cover politicians.

It is said that the ultra free traders in British parliament are preparing for a new campaign. Maybe they got themselves pepped up by reading some of Cordell Hull's speeches.

Of course Governor Roosevelt doesn't want to take the tariff off of beef products. He just wants to give us a competitive tariff. Then all our cattle men will have to do is to live like the peons in Argentina.

As soon as we get rid of the world series, and the election and the football season we will have Congress to worry about again. Life is just one thing after another.

Russian vodka is being converted into synthetic rubber. This should improve automobile driving in Russia as well as lower the cost of tires.

A lot of people who want to live off the country would do better to live in the country.

Josephus Daniels has gone into India, which ought to make the Banks of the Wabash overflow if anything will.

It's all right for Governor Roosevelt to flirt with Norris, LaFollette and the rest of the progressive boys now. But what will he do with them if he happens to be elected?

It is said that a dark reddish brown substance in the waters of Long Island Sound is killing all the fish. The prohibition agents ought to be more careful about where they pour their captured stuff.

An Oklahoma Indian stole a railroad locomotive for a joy-ride. Some people believe that within a few more years he might have had the entire road for the asking.

Some people didn't have to get their smoked glasses out for the eclipse — they have been looking through them for three years.

UNIVERSITY NEWS

University, Ala., Oct. 24.—Alabama will invade foreign climes next Saturday in tackling the Kentucky Wildcats in their lair at Lexington, Ky. The Cats have been one of the big surprises of the conference to date, flashing a much stronger team than expected by the side line critics.

Alabama had a tough time with the Cats last year in Denny Stadium, but finally won out 9 to 7. The tidesmen had to come from behind to do it, and the ball game was a hard fought one all the way.

Some beautiful punting is expected to be dished out to the fans when Kercheval and Cain tie up Saturday. Kercheval has a reputation of booting the ball for 50 and 60 yards at a crack. Cain gave the scribes something to write about when he booted the pigskin for an average of 48 yards in the rain against the Vols.

Last year Cain helped the Bama cause against Kentucky by placing the ball inside the 10 yard line on no less than four occasions. Kercheval got off some beautiful punts but did not punt as did Cain.

The two teams are expected to go into the battle on even terms and in good condition. Alabama has always been a jinx to Kentucky but the Cats hope to breast the Tide this year, reports from Lexingotn state.

Alabama is anxious to keep on winning and will be in there fighting hard to tame the Wildcats. Godfree, Laslie, Cain, Hewes, Holley, Dotherow and Frey will be meeting the Cats for the last time on the grid.

Debating League Reorganized

The Alabama High School State Debating League has been completely reorganized, according to Dr. W. C. Blasingame, University of Alabama Extension Division, director of the league.

This year the state has been divided into twenty debating districts in order to reduce distances between schools. Heretofore the congressional district plan has been followed.

Each of the three hundred teams expected to participate this year will have two squads, affirmative and negative. Each school will debate 4 times, and any one losing more than one debate will be eliminated.

Another innovation is that instead of debating throughout the year the teams will hold all of their debates during the months of February and March. After all schools in each county have debated and found a winning team, arrangements will be made for a district debate. The district winners will come to Tuscaloosa in April to select the state champion.

The league has been divided into two distinct sections, Dr. Blasingame said. One includes schools and cities of 10,000 population or more, while the other is made up of all other schools. A champion is to be selected from each of these divisions, each winning the same honors and distinction.

The school teams of Birmingham, Montgomery, Mobile, Montgomery, Gadsden, Decatur, Dothan, Fairfield, Huntsville, Selma, Tuscaloosa, Phenix City, Anniston, will meet at the University in April to select the city champions. Two days later the district champions will debate in Tuscaloosa, and the final debate will be between the city and district champions. Winners will receive scholarships to the University for one year and a trip to the national contest.

The question for debate being used by the national league of twenty-eight states is resolved: that at least one-half of all state and local revenues should be derived from sources other than tangible property.

Good Health Depends On Mineral Balance

Lee's Mineral Compound With Vitamins Builds Bodily Strength and Vigor by Supplying Needed Minerals and Vitamins

In the light of recent scientific discoveries, leading Physicians and Health authorities agree that the human race could be practically free from most ailments, and could live to a ripe old age if the system could be regularly supplied with a sufficient quantity of the essential Minerals and Vitamins.

DEFICIENCY OF MINERALS

The process of refining modern foods; bleaching of flour, rice, sugar, etc.; together with improper cooking takes out of our foods the very things that God intended we should have.

ACIDITY DESTROYS HEALTH

As the Mineral content of the body is lowered, slowly but surely the acid content of the system is increased until it finally reaches the point where the organs of assimilation and elimination cannot perform their natural functions. Our powers of resistance are lowered. Disease germs creep into the blood. The system becomes clogged with impurities. Various aches and pains appear, and before we realize what is taking place, we are on the very verge of a physical break-down.

AMAZING NEW FORMULA

Fortunately for humanity, science has found a way to prevent most of these conditions. After years of careful research and experimentation, a new and remarkable formula has been perfected. This preparation, known as LEE'S MINERAL COMPOUND is a scientific combination of the eleven most essential Mineral Elements of the human body combined with Vitamins. It is not, in any sense, a patent medicine but is more in the nature of a FOOD VITALIZER. By supplying the system with the necessary Minerals and Vitamins, it aids nature in quickly balancing the Mineral content of the body so that good health naturally follows.

BRINGS QUICK RELIEF

Stomach disorders, such as indigestion, hyperacidity, "heart-burn," gas, and bloating soon yield to this amazing natural compound. Constipation and attendant ills, such as nervousness, headaches, biliousness, bad breath and sallow skin, soon give way to a feeling of renewed strength and vigor.

MAKE THIS 10 DAY TEST

Convince Yourself!

Stop dosing yourself with "patent medicines," harsh pugatives, oils and cathartics for just 10 days. Go to your nearest Druggist and secure a bottle of LEE'S MINERAL COMPOUND. Take it regularly, and watch the results. You'll be amazed at the feeling of renewed strength and vigor that soon appears. No narcotics or alcohol to "boost you up" but a natural method of restoring health and energy.

For Sale by Upchurch Drug Co., Clanton, Ala., and other good Drug Stores Everywhere. Or send $1.00 to Lee's Laboratories, 365 Peachtree Arcade, Atlanta, Ga., for a large bottle, postage paid.

M. D. FOSHEE WRITES

Editor Union-Banner:

I will thank you to allow me space in your paper to appeal to the Republican voters of Chilton County in behalf of the Republican ticket in the coming election of November 8th.

I do not see how any Republican can figure that it is to the interest of the party and our county for him to vote against any of the Republican nominees. And furthermore, I do not see how any Republican can figure that he can afford to stay away from the polls and not vote at all.

From talking to the Republicans, I find that a few are not interested in the election of the Republican nominees because they say they are not satisfied with the result of our party primary in choosing the nominees. I know it is true this year, as always, that every man did not get his choice in the primary. That always happens.

But I want to say that now is no time to get wrong and crosswise with their party because of the result of the primary. We should maintain our layalty to and confidence in the Republican party. We may very justly hold to the hope that our party will settle its internal affairs through the primary. We certainly can have no hope of settling such matters inside our party by voting the Democratic ticket, nor by staying at home on election day.

If we will only stop and think through the situation, I believe every Republican will come to the conclusion that he should go to the polls on November 8th, and give his support to the whole Republican ticket.

As Republicans, we certainly have a right to support whom we choose in primary elections. But after a primary is held, there is not but one sensible thing for Republicans to do, and that is to forget the primary and support the party nominees. If we honestly love the Republican party, and if we are sincere in our belief that the Republican party has in the past and can in the future, render the best government to the county, that is what we will do on November 8th.—M. D. Foshee, Clanton, Ala.

CANE CREEK

Where?—Cane Creek!

When?—Thursday night November 3rd.

What?—Tacky Party.

There will be a Tacky Pary and other entertainments for the benefit of the school, for all those who come "tacky." There will be an admission price of 5 cents, and for those who are not tacky there will be an admission price of 10 cents. A prize will be given for the tackiest person present.—Nora Wood, Principal.

TAX NOTICE

Collector's and Assessor's Round

WE WILL ATTEND AT THE FOLLOWING TIMES AND PLACES FOR THE PURPOSE OF COLLECTING THE STATE AND COUNTY TAXES FOR CHILTON COUNTY FOR THE YEAR 1932 AND ASSESSING TAXES FOR THE YEAR 1933

Macedonia, Beat 14	Oct. 27	Riderville, Beat 8	Oct. 31
Providence, Beat 16	Oct. 28	Clanton, Beat 4	Nov. 1

Take notice that under the 1923 Revenue Code it is the duty of every person in each Election Precinct to attend in Person on the day of the appointment in your Precinct and then and there render to the Assessor a full and complete list of all the property of which he or she was owner on the 1st day of October of that year. All taxes and assessments are delinquent after December 31st, 1932.

W. G. CULP, Tax Collector.
AKINS I. COLLINS, Tax Assessor.

Lesson for October 30

THE CHRISTIAN AND LAW OBSERVANCE

(World's Temperance Sunday)

Romans 13:1-7; I Corinthians 9:19-27; Galatians 6:1-10; I Peter 2:11-17.

GOLDEN TEXT—Be not deceived; God is not mocked: for whatsoever a man soweth, that shall he also reap. Galatians 6:7.

PRIMARY TOPIC—Laws for Me to Keep.

JUNIOR TOPIC—Why We Have Laws.

INTERMEDIATE AND SENIOR TOPIC—Observing the Law for the Sake of Others.

YOUNG PEOPLE AND ADULT TOPIC—The Church and Law Observance.

I. The Christian Obligation to the State (Romans 13:1-7).

The believer is a citizen as well as a Christian. The instructed Christian will be loyal to the state as well as to the church.

1. Obedience to rulers (v. 1-4). This obligation is upon all Christians. The civil government is ordained of God and rulers are his representatives.

2. The spirit in which the Christian renders obedience to rulers (v. 5). He should regard it as his obligation, not only because it serves a good purpose but because it is morally right.

3. Method of expressing this obedience (vv. 6, 7).

a. In payment of taxes. The citizen who enjoys its benefits is morally bound to support the government.

b. Payment of duty upon merchandise, and license fees. The business exchange between nations must be regulated, and for this the citizen should pay.

c. Veneration to magistrates, "fear to whom fear." Those who have the fear of God in their hearts will venerate their rulers and representatives.

d. "Honor to whom honor" is due. Civil officers should be honored because of the ministry they perform.

II. The Christian's Self-Control (I Cor. 9:19-27).

The true way to get people to be free from intemperance is to help them gain self-control.

1. Paul's own life and example (vv. 19-23). Though free from all men, he made himself servant unto all.

2. The Isthmian games (vv. 24-27). Paul uses these popular games to illustrate the need of self-control.

a. Life is a race (vv. 24-25). In order to win a prize there must be self-denial and definite exertion. The Christian obtains life by contact with Jesus Christ through faith (John 3:16; 3:36; 5:24). This he must possess before he can begin the race.

b. It is a fight (vv. 26, 27). The Christian has a real antagonist—his carnal nature.

III. The Christian Life and Walk in the Spirit (Gal. 6:1-10).

Those who are freely justified in Christ will live and walk as follows:

1. Restore the sinning brother (v. 1). "Restore" is a surgical term which means the placing back of a dislocated member to its place. We are members of the body of Christ and the sinning of a brother ought as really to give us pain as the dislocation of a member of our body.

2. Bear one another's burdens.

3. Bear our own burdens (v. 5).

4. Support teachers of God's Word (vv. 6-8). It is incumbent upon those who are taught in the Word of God to give of their means for the support of the teacher (I Cor. 9:14).

5. Be not weary in well doing (v. 9). Some fail of the reward because they quit even when the goal is near.

6. Work for the good of all men.

IV. The Christian's Behavior as a Sojourner and Citizen (I Peter 2:11-17).

1. As a sojourner or pilgrim (vv. 11, 12). Christians are pilgrims on the earth. They are journeying to their eternal home in the heavens. Such citizenship demands

a. That they abstain from fleshly lusts (v. 11).

b. Behave so as to glorify God before the world (v. 12). The word "conversation" means behavior.

2. Behavior as citizens (vv. 13-17). He has a responsibility as a citizen on the earth. As such he should

a. Obey all requirements of civil rulers (v. 13). His duties as a citizen he performs as the Lord's free man, not through servile fear.

b. Honor all men (v. 17). We should see in every man the image of God, and in that sense give honor to him.

c. Love the brotherhood (v. 17). The brotherhood is composed of those who are children of God by faith in Jesus Christ.

d. Fear God (v. 17).

e. Honor the King (v. 17). This has a peculiar significance because in all probability the wicked Nero was then reigning as emperor.

GEMS OF THOUGHT

Many a man lives as though he thought God was afar off.

* * *

You may understand love, but you cannot overestimate it.

* * *

For the faithful man the way to heaven is right straight ahead.

* * *

When Faith goes fishing it takes a frying pan. Doubt carries a box of sardines.

Mr. and Mrs. A. S. Prince and son, Wilbur, have returned after a pleasant trip to Alexander City.

HOME OWNED

O. D. Deloach, Manager

"DON'T THROW YOUR VOTE AWAY"

That is good advice. It has been given to me often. But I have thought generally that the giver of the advice needed it as much or more than I did. A great many seem to think that the person who is planning to vote a third party ticket especially needs that advice.

In nearly every presidential election in the last half century, I have voted a third party ticket. I wish I might have space in your paper to tell those of my friends who may be interested, why I believe my vote has counted more for the things we believe in than theirs have if they have been voting the "straight old party ticket."

I began voting the prohibition party ticket nearly or quite fifty years ago. I voted that way not because I expected or cared to see some certain man elected to some certain office, but because I wanted to see the overthrow of the liquor traffic. And we got prohibition. And I have no doubt we got it because of the Prohibition Party vote.

In those days if a man said to us, "You certainly can't expect to elect your candidate," our answer was, "No, but we do expect to elect our issue."

In 1884 Grover Cleveland was elected President of the United States, the first Democratic president for nearly thirty years. He carried the state of New York by a vote so close that a change of one vote in a thousand would have given New York's electoral vote to James G. Blaine, and if Blaine had carried New York he would have been president. But in that election in New York, 20,000 former Republicans voted the Prohibition Party ticket.

Up to that time the Republicans had turned a deaf ear to the Prohibitionists' plea. But now they said, "We must do something." The Anti-Saloon League was organized soon thereafter. The Prohibitionists believed that it was organized to save the Republican party. However, the league proved itself to be non-partisan. For many years its chief function was to advise interested voters just how every candidate for all the important offices stood on the question of the liquor traffic. They kept up that work until we got national prohibition. (They still keep it up. I have a letter today from the A. S. League giving our congressman's record as to liquor.)

In my mind there is no doubt that the third party votes were responsible for the Anti-Saloon League and the League was chiefly responsible for the steps leading to national prohibition.

We didn't elect our president, but we got prohibition, and we expect to keep it. Now another great issue must be faced. Shall the great businesses of our great nation continue to be conducted in the interests of our capitalists whose one thought is of the profits to be won and enjoyed?

Or shall we ask a new deal? Shall we demand that henceforth our nation's business be conducted in the interests of all the people? Practically all of our leading students of economic questions are agreed that our present capitalistic system has broken down.

A third party stands ready to show us the way out, away from our poverty in the midst of plenty, away from the awful conrtasts in all our great cities between the very rich and the very poor. A way whereby every man who wants to work shall have work for himself and food for his children.

We can easily understand why the five per cent of the people, who own more than half the country's wealth should advise us not to throw our votes away on a new party. We may expect the 75 per cent of the people who always expect some one else to tell them what to think and how to vote to stick this fall to the old parties.

And so, frankly we don't expect to elect Norman Thomas this fall. But this is what we may expect: If our candidate receives four million votes next month,—and he may,—or even half that number, when Congress meets next year, whether it be a Democratic Congress or a Republican, they will say, "We have got to do something to secure to the common people a fairer distribution of the great wealth of our great nation." On the other hand if the Socialist vote is small there is no reason to expect Mr. Hoover and his followers or Mr. Roosevelt and his friends to do anything more fundamental or more significant in the next four years than they have done in the last four at Washington or at Albany. Why should they?

I have no doubt that my Socialist vote two weeks hence is going to count at least five times as much in determining government policies in these years just at hand, as any old party vote will.

If you are a thinking man or woman, don't throw your vote away. Cast your vote so that it will be not only counted, but also weighed.—E. W. Butler.

Mr. D. O. Manning, of Isabella community, was in Clanton Wednesday on business.

CARD OF THANKS

The family of Mrs. Isabell Lawley desires to express its thanks to their friends and neighbors for the many manifestations of kindness and sympathy in their recent bereavement. Also for the beautiful floral offerings at the funeral.—DeWitt Easterling.

Mr. Rother Harris of Mobile spent several days as the guest of his parents, Mr. and Mrs. H. A. Harris.

CLASSIFIED ADVS.

LOST OR STOLEN—Bird dog setter; white with black tick spots, name Joe. The name of Rich McKinney, Verbena, Alabama is on the collar. Liberal reward if found.—Jack Hayes, Clanton, Ala. 10-27-tfc

FARM FOR SALE—I have for sale a 458-acre farm, red chocolate loam soil. The land is level and very fertile; will sell cheap or trade for smaller farm. You can use a riding cultivator on this farm.—W. A. Reynolds. 10-27-2tch

FARM FOR SALE—40 acres of land with two dwellings, good out building, good pasture with running water; located 4 miles north of Clanton, 1 and seven-tenths miles from state highway.—W. L. Sanders. 10-27-3tp

NOTICE—No hunting on my land. I have not given any permanent permits yet. If the game commissioner catches you or you get reported for hunting on my land, do not think hard of me. Please do not disturb the posted notices. Fair warining boys.—W. E. Baker, Verbena, Ala. 1tch

LOST DOG—Extra large white and black hound, name Jack. Last seen at Monroe Parrish's last Wednesday, October 12. Liberal reward for return or information. Earle Parrish, at First National Bank, or J. Monroe Parrish, Clanton, Route 1. 1tch

FOR SALE — Two mules, weight 1050 pounds each, 7 years old; also two milch cows. Sacrifice for immediate sale.—C. J. Patterson, Verbena, R 1. 10-27-1tpd.

WELL DIGGING—Let me figure with you on any and all kind of well digging and well cleaning. I will work very reasonable.—See or write,—B. M. Connell, Clanton, Ala., Route 5. 10-27-3tp.

TERRACING MACHINE—Loaned to some farmer last year, and has not been returned. Will the party who has this machine please return to J. P. Montgomery, Jemison High School. 1tch

WANTED—Someone who will be interested in financing poultry business. $150 will start the business. I can furnish location and do the work for half interest in the business. References furnished to anyone interested. See or write K. R. K. Care of The Banner, Clanton, Ala. 10-20-2tc

FARM FOR SALE—46½ acres, located in sight of Mt. Pleasant school on old highway—Mack Duncan place. Apply to J. A. Duncan, at Lomax, Ala. 10-6-3tch

HELP WANTED—Reliable man between ages of 25 and 50 to supply old established demand for Rawleigh Products in east Bibb County. Other good localities available. Surety contract required. Company furnishes everything but car. Good profits for hustlers. Write the W. T. Rawleigh Company, Memphis, Tenn, or see me.—J. S. Thomas, Clanton, Ala. 9-29-5tch

LOST—I lost a Bible about 1 month ago. My name was in side, and also dated 1926.—Reese Baker, Clanton, Ala. 1tp

- At the Theatre -

BROKEN VETERAN FACES CRISIS IN PICTURE HERE

The world they fought to save has little sympathy for the torn and twisted veterans of the last war, in the opinion of Clemence Dane, author of the dramatic play from which was produced "A Bill of Divorcement," the new RKO Radio picture to be shown at the Wadesonian Theatre, Monday and Tuesday, October 31st and November 1st.

John Barrymore, who is starred in this stirring story, is seen as a shell-shocked soldier who finds his home and his friends have little place for him when he returns from the hospital fifteen years after the Armistice.

Billie Burke, Katherine Hepburn, David Manners, Elizabeth Patterson, Paul Cavanaugh, Henry Stephenson and Gayle Evers are others in the cast of this picture, which George Cukor directed.

Katharine Hepburn Sticks to the "A"

Those who prepare things for appearance in type have another name to worry them.

Indications are their confusion will be great, for the young lady to whom the name belongs is due and certain to be frequently mentioned in the public prints. Laudably mentioned.

She is Kartharine Hepburn, who plays in support of John Barrymore in "A Bill of Divorcement," the great drama of two women's sacrifices to be shown at the local theatre.

Note that second "a" in her given name. Recently she was placed under contract as a screen actress by Radio pictures. Previous to that she appeared on the Broadway stage in "The Warrior's Husband" and in plays of the Theatre Guild, with which she became affiliated upon graduation from Bryn Mawr.

The reason Miss Hepburn spells it Katharine, rather than Katherine, Catherine, Cathryn or Katheryn is not one having to do with the doubtful science of numerology nor with a desire to be different.

That second "a" is an old family custom, and families of the sort to which Miss Hepburn belongs do not violate ancestral traditions. The Hepburn clan for several generations has been one of the most solidly established groups in the eastern social structure.

Critics who have seen her work predict for Miss Katharine Hepburn an enviable success in the films.

If this comes true, the lady will take her place with the Marians and Marions, Fredericks and Fredrics, Erics and Erichs, Adolphs and Adolphes, Josephs and Josefs, and all others of the picture colony who cause confusion by the individual spelling of their names.

CLANTON, ALABAMA

JESSE BAKER SAYS SUPPORT REPUBLICAN TICKET

To the Republicans of Chilton County:

As we approach the general election which comes on the 8th of November, I want to urge that every Republican in Chilton County go to the polls and support the Republican nominees from top to bottom.

There is no other course justifiable by arguments of reason and common sense, it seems to me. The record of the Republican party in performing the functions of government in Chilton county has placed our county foremost in the ranks of the progressive counties of Alabama. We ought to be proud of that achivement, and we should think of nothing but the preservation of that record.

We can do it by supporting the nominees of our party in the coming election. I hope that every Republican voter in the county will go to the election and support the entire ticket.—Jesse Baker, Clanton, Ala.

MRS. SARAH Z. COX DIED

Mrs. Sarah Z. Cox, age 72 years, wife of Rev. W. S. Cox, of Fairview, died last Wednesday afternoon at the home of her daughter, Mrs. W. M. Poole, in Clanton. Mrs. Cox suffered a stroke of paralysis several days before her death. Burial was at Concord Church east of Clanton Thursday afternoon, with Martin in charge. The funeral was conducted by Rev. W. P. Lowery, assisted by Rev. S. J. Ezell and Rev. M. J. Parrish.

Mrs. Cox is survived by her husband, Rev. W. S. Cox; six sons, C. B. Cox, Sam, Joe, Clarence, John and William; two daughters, Mrs. W. M. Poole and Mrs. Jim Roper.

She was a daughter of the late John J. McKee, and is survived by two brothers, Jonah and Tom McKee, and one sister, Mrs. M. J. Parrish.

J. Z. MIMS LETTER

(Continued from Front Page)

us up in times like these and carry on when it cannot in normal times?

Just for a little comparison of the ability of the two parties: United States Warrants are good, Chilton county warrants are good, both Republican; state warrants are Bunk, Democratic. Federal aid to education good, Chilton County's aid to education good, state soldier warrants bunk. Federal taxes for the last three years reduced something like three million dollars. Alabama taxes either raised or struggling now to raise them.

The United States government gives Alabama five millions of dollars for road construction on condition that same be matched with five million by state, bunk, can't do it says Alabama. The federal government by plans of Mr. Hoover in effect gives Alabama the five million to match it with. Now, what is Alabama doing with the ten millions given her by the federal government? Can you feel it? Bunk. Still they tell you Hoover has not done anything.

My friends, when they ask you to support the Democratic ticket this time, they ask you to endorse and use your influence to repeal the 18th amendment to the United States Constitution, near beer, repeal of Alabama's prohibition laws, nonpayment of school teachers, closing of the little red schoolhouse. Our children growing up in ignorance, non-payment of confederate pension warrants and an increase of state tax. If you do not endorse these things, you cannot afford to support the Democratic ticket.

The Holt Baptist church called their representative's hand for voting for near beer. Wonder who will call theirs when they go on November the 8th and vote to repeal the 18th amendment?

Now, my friends, locally we have as good a ticket nominated as could be nominated on either ticket, and there is no excuse for going astray. So let me urge every one of you to go to the polls November 8th, 1932, and make your mark under the Republican Emblem and go home feeling that you have voted safe for home, school, and God.

Yours for the Republican party in county, state, and nation.—J. Z. Mims.

CLANTON METHODIST CHURCH

Last Sunday was a beautiful Sabbath and I heard a voice saying, "Where are the nine?" About one out of ten in Clanton attended Sunday school and church. When God gives to us a sure enough beautiful day, a day that should inspire the meanest to worship, we take it and run elsewhere. It seems that men worship more under the lash than they do under the blessings of life. Folks are curious things when we relate them to God. When God is good to us we swell up saying, "We are getting along nice enough thank you." Oh, when will we learn of love and loyalty?

We try again next Sunday with Sunday school at 9:45 a.m. Preaching at 11 a.m. and again at 7 p.m. We have a place for you and a warm welcome for you. It is not the preacher, but it is the voice of God that calls you to worship.

RETHERFORD-JONES MARRIAGE

Mr. Green D. Retherford and Mrs. Annie B. Jones, both of Clanton, were married last Sunday.

DENNIS URGES ALL REPUBLICANS TO VOTE IN GENERAL ELECTION

As the present political campaign draws to a close, let me urge every Republican voter in the county to come out and cast your vote for the entire Republican ticket on November 8th. Let nothing keep you away from the polls on that day. We must present a solid front. We must put aside petty feuds and prejudices if there be any. We must not let personal feeling of any kind enter, but must stand firm for the principles and tenets of our party.

We have as fine a set of candidates in the race as Chilton county affords. They are loyal and true Republicans, and merit your staunch support as standard bearers of the Republican party in our county. You all know them as well as I know them. The majority of the Republicans of Chilton County have nominated them, and no matter who was your favorite in the primary, the voice of the mapority should be respected.

In regard to our national Republican ticket, these nominees, too, merit your full support and influence. Let me urge you not to let foolish, thoughtless influence swerve you from the duty which you know to be yours as true loyal Republicans. Remember, that though the entire world has passed through an economic crisis during the immediate past, and that one after another of the countries of the world have gone down in the swirl of the world depression, our own country, though sorely tossed has been held straight to her course, and is even now righting herself and returning to normalcy under the leadership of the Republican party.

The Republican tariff regulations have never caused an American workman to lose his job, a farmer to mortgage his home, nor forced any business into bankruptcy. The lack of tariff regulations under Democratic rule have done all three. Remember too, that the high Republican emigration wall, in the words of President Hoover, "Saves American jobs for American workmen." It tends to hold up our own high standards of living, rather than lowering them to the level of the foreigner, as the lack of regulation does under Democratic rule.

If you are inclined to vote against any of the Republican nominees, take time to look at the conditions in our state. Our Republican administration in our county stays on a cash basis and our state under Democratic rule continues to clamor for more taxes and bond issues and tax raises. It is not the present taxpayers that will bear the burden of tneir governmental extravagance and the proposed bond issues, but the younger voter, whose future is being mortgaged. They will not live long enough to pay these bills, so why help make their burden harder.

Again urging our Republicans to come to the polls on November 8th to cast a straight, clean Republican ballot, I remain, yours very truly.—J. N. Dennis, chairman of the Republican Executive Committee of Chilton County.

ARMISTICE PROGRAM

The Parent-Teachers Association of Clanton Grammar School will have its next meeting at the school building at 2:30 p.m., on Friday, November 11. A special program will be rendered in recognition of Armistice Day. All members of the association and patrons of the school are urged to attend the meeting.

ELLINGTON-JONES MARRIAGE

The following announcement appeared in the Birmingham News last Sunday: "Mr. and Mrs. G. W. Ellington of Haynes announce the engagement of their daughter, Loetta, to Forrest N. Jones of Billingsley, the wedding to take place October 26th."

The young man is the son of Mr. and Mrs. Wilson Jones of Indian Grave community. The family is well and favorably known in North Autauga as well as the southern part of Chilton County.

FOUND LADY'S PURSE

Jess Edwards was in Clanton Monday morning telling about finding a lady's purse. His story went something like this: "A dog ran out at me and I reached for the first thing I saw, which I took to be a black rock on the ground. I picked it up and flung it at the dog; and just as I threw it I realized that it was not a rock but a soft something. I went and picked up the thing and found that it was a lady's purse. It contained a small amount of money and an insurance policy."

Mr. J. J. Stanley spent the week end with his family in Birmingham.

ATTENDED OLD TIME SINGING AT POOR HOUSE LAST SUNDAY

Vatchel Lindsey was very jubilant Monday morning when he reported his visit to the county poor house. It seems that Mr. Leo Thompson of the Clanton Laundry carried him up there Sunday morning in the little Austin, and Vatchel says that little baby certainly goes over the ground.

Vatchel took dinner with Mr. and Mrs. Harlem Bean, the keepers of the farm. In the afternoon he attended the old time singing, which he said was good and enjoyed greatly by the inmates of the home. "I had a great day," is the way Vatchel summed up the whole thing.

AUGUSTUS W. MARCUS DIED

Augustus W. Marcus, age 70 years, died Monday afternoon at his home near Clanton. Death resulted from a stroke of paralysis with which he had been suffering for the past two weeks.

Burial was at Collins Chapel Tuesday afternoon with Martin in charge. The funeral was conducted by Rev. D. W. Haskew.

Mr. Marcus was never married. He is survived by 3 sisters, Mrs. W. E. Maddox, of Clanton; Mrs. Willis, of Mississippi; and Miss Susie Marcus, who lived with him at home.

WHITE HOUSE NEWS

Please allow us space in your next issue for the following:

We, the inmates of the Chilton county jail, hereby take this means to express our heartfelt thanks and appreciation to county clerk, Mr. J. Z. Mims, for his gift to us of a bushel of very fine apples. Mr. Mims, you surely could not have pleased anyone any more than you did us boys here in jail, for the apples were fine and we all want you to know that yiur kindness was appreciated, and will not be forgotten by us all. Thankng you once more, we are gratefully yours.—Inmates of the jail.

ERNEST MOORE AT COOPER

Mr. and Mrs. Ernest Moore, who have been at Billingsley for the past year, have moved to Cooper. Mr. Moore has taken charge of the Taylor-Calloway filling station and will operate it in the future. Mr. Moore will handle Crown gasoline and other Standard products. He will sell Goodyear tires and tubes, and other small accessories.

Mr. Moore invites his friends over the county to visit him at his new location. He will be glad to serve you.

CAMPBELL—LIMBRICK WEDDING SOLEMNIZED

The marriage of Miss Emma Campbell, daughter of Mr. and Mrs. James A. Campbell, of Jemison, Alabama, R 2, and Mr. Martin Limbrick, of Montgomery, Alabama, was solemnized Sunday afternoon, October 16, at 3 o'clock, at the home of the bride, Rev. S. F. Mebrey officiating in the presence of relatives and friends.

Mr. Limbrick is the son of the late William F. Limbrick, of Billingsley, Alabama. He is highly respected in the community in which he was reared and educated.

The bride was one of the most popular young women of the Oak Hill community, and is possessed of many excellent traits which make her admired wherever she is known.

Miss Campbell will not only be missed in the home, church, and Sunday School but will leave a vacant place in the United Singing society for she is a fine singer and pianoist, as well as a Sunday School and church worker. We hope she will continue to let her light shine, that she may still be a blessing wherever she may go.

After a wedding trip Mr. and Mrs. Limbrick will make their home in Montgomery, Alabama, where he is established in the plumbing business.

TELEPHONE MEETING ON FRIDAY, OCTOBER 28TH

The annual meeting of the Peoples Telephone Company will be held at the courthouse in Clanton on Friday, Oct. 28 at 2 o'clock. All interested in rural telephone service for the coming year are urged to attend this meeting in person or by proxy. Officers will be elected and other business pertaining to the service for the coming year will be taken up.

FOOTBALL AT HIGH SCHOOL FRIDAY AND FRIDAY WEEK

Coach Walker at the high school announces that a game of football will be played here with Dallas County High team Friday afternoon of this week beginning at 3:15 o'clock. The admission will be 10c and 25c.

On Friday afternoon, November 4th, the locals will play Isabella. The hour and admission will be the same.

THE DOOMED BATTILION

Under the auspices of the American Legion, the Wadesonian Theatre in Clanton will show "The Doomed Battilion," a thrilling talking picture episode of the World War, on Friday and Saturday, November 11 and 12.

This picture will be a part of the Armistice Day celebration of the Chilton County Post of the American Legion. The boys of the Legion are making plans for an impressive program, and it is hoped that they may have the cooperation of the public in general.

Mesdames J. Watts Moore and W. I. Mullins spent Wednesday in the Captital City.

MRS. CALLOWAY FOR TREASURER

Asks Re-Election Upon Her Record of Four Years In Office

To the Voters of Chilton County:

It will be only a few more days until you will re-employ a treasurer to serve you for the next four years, and I am making this my final appeal, asking that you again give me this position.

During the term I have served you, I have done the very best I could. My accounts balanced to the cent, and I was told by the State Examiner that it was the first official account that he had ever examined which balanced. I have spent hours and hours searching for a small error because I have wanted to prove worthy of the confidence you have placed in me.

This work has been a pleasure to me and in order to show my appreciation of it, I have given the office my entire time and have served you to the best of my ability.

I have especially tried to be a friend to the women and children and have helped them in every way that I could.

If I were a saleslady in a store and my work were satisfactory, I do not believe my employer would discharge me because another person wanted my job, especially if that person could give only part of his time, because the Bible says, "No man can serve two masters," yet, this is what some are asking to do.

The real fight is not for Mr. Smith to be treasurer, but for the Bank that employs him to have control of Chilton County's money. I have tried to be fair with both banks. I have given each of them the deposit for two years, which means that each of them has had the deposits for half of my term.

It has not been possible for me to see all the voters as I should like to do, but whether or not I have seen you, I want you to bear in mind that I shall appreciate your vote and influence, and that I shall always be ready to serve you in any way that I can.

I am urging you to go vote next Tuesday and I assure you I shall appreciate your vote for me as treasurer.—Sincerely yours, Gertrude P. Calloway. (Paid political adv.)

FINAL APPEAL BY CHARLEY D. DUKE

In the Interest of Republican Ticket at the General Election

Editor Union-Banner:

Please allow me space to say a few words to the voters of Chilton County, as this will be the last issue before the election, November 8th, 1932.

I cannot command words to express my appreciation to the people of Chilton County for the splendid vote and good encouragement during the campaign. I have tried in this campaign to be fair and square to all. I have tried my best to treat everyone like I would like to be treated. I have made no promises to anyone, and if I am elected I will have no strings attached to me, I will be free to serve the people and all the people alike, equal rights to all, special favors to none. The county will be my interest and service my motto. Permit me to say again I appreciate to the fullest extent the confidence bestowed in me in the primaries and it is my purpose never to betray that confidence.

Now, my friends, this support and confidence is good this far, but it all comes to naught if we do not rally to our party now and finish the thing on next Tuesday, November 8, 1932.

I feel that all the Republicans are going to go and do their duty, and I am looking for a great victory for the Republican ticket in Chilton County. Let me insist that you vote in the circle under the elephant and thereby do your full duty.

Yours for the success of the Republican party.—C. D. Duke.

(Paid political adv. by C. D. Duke, Clanton, Ala.)

CAR LOAD OF SALT

Nothing in this neighborhood should be allowed to spoil in the next few months. Hill Grocery Company has just brought in a whole car load of salt. Read their advertisement this week and see the many interesting items they offer, besides salt.

STILL OPERATORS TAKE SHOT AT FLIER

Maybe the planes flying from Maxwell Field about this vicinity should have painted instead of the customary "U. S. Army" on their bodies something like "We don't care whether you are bootleggers or not."

Anyway, flying about over Chilton County where one can reputedly stand on ahy rise of ground and see the smoke from seven stills does not seem so safe for army planes.

One aviator flying low last week to determine whether a spiral of smoke was rising from the summer cottage of a friend on Mitchell lake heard several distinct shots. Maybe they weren't meant for him but he proved his unconcern in all things legal or illegal by making a quick getaway.—Alabama Journal.

J.C. ATCHISON FOR COMMISSIONER

Candidate on The Republican Ticket In General Election, Nov. 8th

Editor Union-Banner:

Please allow me space in your paper to have a last word to my friends and supporters concerning my candidacy for Commissioner in the Third District in Chilton County.

I am frank to say that I have made a thorough canvass of the county, and find everything in fine shape for our ticket and feel confident and assured that I will be elected and I want to take this opportunity to pledge my humble and most efficient service to the voters and citizens of this county, if elected November 8th. I am very grateful to everyone who has in any way assisted me during this campaign and words cannot express my appreciation to the people of this county for the courtesies shown me and my friends during the campaign. I have failed to see many during my trips over the county and I want to thank them now in advance for their support and the many good things I have heard from them. It will be impossible for me to get around to all before the election, and I urge that every one keep this very important day, November 8th, in mind and go to the polls determined to vote for the good of our country, and do not let any person deceive and sway you away from honest convictions and constitutional rights. If the people of our county vote their honest convictions, I feel like victory is assured.

It seems that almost perfect harmony has been attained and I am indeed proud of the fact and wish to insist that we continue to promote the interest of a common cause in the dispatch of our affairs that vitally concern the entire citizenship of our county in their social and economic life. I hope to be able to contribute in some way to the happiness of every citizen in this county in the near future and pledge the very best in me to the end that all will have a fair and honest deal in everything that comes before the Commissioners Court, if I am permitted to sit as one of the Court. In conclusion I wish to thank one and all for your vote and influence November 8th, I am, sincerely yours for service,—J. C. Atchison.

(Paid political adv. by Mr. J. C. Atchison, Maplesville, Ala.)

OCTOBER MARRIAGES

Bernie A. Thrash and Miss Augusta L. Campbell.

J. C. Jones and Miss Audrice Hughes.

Relius Headley and Miss Beatrice Henley.

C. C. Stephens and Miss Isabell Glass.

Raymond Martin and Miss Clessie Argo.

A. R. Rhodes and Miss Louella Scott.

Wilmer Lockhart and Miss Alamae Robinson.

Homer Nicholson and Miss Faye Petty.

J. L. Mims and Miss Ruby Jones.

Harvie Chandler and Miss Agnes Headley.

Woodrow Headley and Miss Lillian P. Jackson.

M. L. Limbrick and Miss Emma Campbell.

Chester A. Billingsiley and Miss Margaret Jones.

Lee Minor and Miss Pauline Easterling.

G. D. Rutherford and Mrs. Annie B. Jones.

Rother Leon Harris and Miss Hattie Eleanor Edwards.

Herman Gore and Miss Merlene Powell.

C. H. Patterson and Miss Lennie Hill.

Hiram Littlejohn and Miss Nellion Melton.

REPUBLICANS:

Remember, this is the last week of the campaign.

Shall we win or shall we lose?

The answer to that question depends largely upon your activity --- your grim determination to win.

Let's keep our county in the Republican column and upon a cash basis.

Our cause is worthy, just, and in the interest of our taxpayers. Let's fight on to victory, and against debts, bond issues, and added burdens.

J. N. DENNIS,
Chm. Chilton County Republican
Executive Committee.

(Paid political adv. by Republican Campaign Committee of Chilton County.)

Reynolds Flays Dems Of County & Nation

Gives Interesting Figures Showing Why Republican Party is Safer For County, State and Nation. Urges Chilton Citizens Not to Be Foiled By Democratic Talk

Editor Union-Banner:

We are now within a few days of one of the most important elections we have had in many years. I wish to ask the voters of Chilton County, are you thinking seriously and honestly about the great issues that are involved in this campaign? President Hoover, our great national Republican party leader, and president of our country, is facing the blame for every ill in the United States and in the world. This blame has been ruthlessly and unjustly heaped upon his shoulders by Democrats, his political enemies, who would evade every fact and avoid every sound issue, if by so doing they might gain political control of our government.

It is very plain to me that the Democrats are depending for their success in this campaign upon the voters who do not think deeply and sincerely through the issues that should be weighed carefully and completely.

The Democrats contend that the Republican administration has done nothing for the relief of our people in the times of depression we have been facing. They are not fair to the president and his administration in this connection. I want to call to your attention some of the relief measures suggested and put into effect by President Hoover: Creation of the Reconstruction Finance Corporation with two billions of dollars devoted to assisting public works and industries to continue in operation by employment of thousands of workers; increasing Federal Land Bank capital one hundred and twenty-five million dollars to aid the farmers; three hundred million dollars for special relief, from which fund Chilton County now has in an application for fifty thousand dollars.

Following is a few of the appropriations made in September, 1932, from these relief agencies, to help different businesses and industries in the State of Alabama: Farmers and Merchants Bank, Brewton, $45,000; The Bank of Brewton, $25,000; Tennessee Valley Bank, $37,000; Fairfield Trust and Savings Bank, $12,000; Ozark Bank, $100,000; Anderson Building and Loan Association, $11,000; Jemison and Company, Birmingham, $80,000; Birmingham Mortgage Co., $5,000; Gulf, Mobile and Northern Railroad, $260,000; Southern Railroad, $7,251,000; Birmingham American Life Insurance Co., $25,000; Jefferson County, $225,000 for public roads.

Alabama received an appropriation from the federal government of five million dollars for roads, provided the state would match the same. The state was in such financial condition it could not match it, and then the federal government loaned he state five million to match the five million given the state. At this time all the highway work being done by the State of Alabama is being done with federal money appropriated by the federal government at the suggestion of President Hoover. Yet, the Democratic campaigners say Hoover has not done anything to help the distressed people of the country.

Let us examine some of the results of Banks that failed in the United States from August 1931 to February, 1932, had total assets of one billion five hundred million dollars. Banks that failed from February, 1932, to September, 1932, had total assets of one hundred and thirty-eight million dollars. This seems to me plain enough to convince the voters that the measures innaugurated by the Hoover administration proved effective in stopping bank failures which would have in a very short time wrecked our financial institutions if they had kept up the pace of the period from August, 1931, to Februray, 1932.

I could write page after page explaining President Hoover's relief program, and present facts and figures to prove that it has been a program of effective accomplishments. But if I were going to write the relief program of the Democratic party, it would be a short story of higher taxes, more bonds and ever increasing debts and deficits. If the Democratic program in Alabama is not changed, it means in the near future in Alabama thousands of people will be relieved of their homes and property in order to meet the taxes imposed by the Democratic administration in the state.

The expenses of our state government has increased by leaps and bounds. When the facts are gotten together it seems unreasonable. When we consider what the state government has done for the people of Alabama for the last thirteen years it is hard for taxpayers to understand. Taxes on principal sources of property in Alabama have increased from $5,710,000 per year in 1918, to $25,110,000 in the year 1930. Yet our State is busted. The Legislature has been in session nearly twelve months, has had the assistance of the brains of the Democratic party, and employed the Brookings Institute at a salary of $30,000 to try to find out how much the State of Alabama owes. They have finally agreed that the State owes around twenty million dollars and are now asking the people to vote a twenty million dollar bond issue.

Yet, the State of Alabama actually owes over eighty-two millon dollars. All these debts have been created while at the same time the income of the state government was increasing in the last fifteen years from seven million dollars a year to the staggering sum of fifty-two million dollars per year.

Now, I want to call your attention to a very peculiar thing in this campaign. The Democrats of Alabama are up in arms against the measures and proposals of their Democratic administration at Montgomery, begging all citizens to vote against them. And then they turn right around and ask Republicans to forsake the Republican ticket, and vote to put more Democrats into the state and county offices to carry on their orgy of extravagance, debts and deficits. Surely, if the Republicans of Chilton

(Continued to Back Page)

ANOTHER ENTRANCE MADE TO ELMORE'S 5c & 10c STORE HERE

Another front entrance has been made to V. J. Elmore's 5c, 10c and $1 store in Clanton. The back of the little building at the rear of Upchurch Drug Company has been torn out, and this enters the 10c store on the west side. Display counters are being arranged in the new annex, and when finished there will be an entrance both on Second Avenue and on Seventh Street. This arrangement will make Clanton still more like a large city. Mr. Elmore already has one of the most complete variety stores to be found in any town the size of Clanton, and this addition will add greatly to its appearance and usefullness.

ADKINS THANKS JUDGE REYNOLDS

For Help In Republican Campaign In St. Clair County

Editor Union-Banner:

Judge L. H. Reynolds of Clanton delivered speeches at two Republican meetings held in our county on October 24th, the meetings were held in Pell City and Asheville, and the courthouses at both of these places were filled to their capacity.

Judge Reynolds defended President Hoover and his administration most efficiently and said he would go down in history as the greatest president the United States has ever had and predicted his re-election on November the 8th. He cited our people to the many constructive things that Mr. Hoover has done for the nation and the effect it has had toward overcoming the depression in our country.

Judge Reynolds advocated the voting of the Republican ticket straight and his speeches will go a long way in keeping St. Clair County in the Republican column in the coming election.

On behalf of the Republican party of my county I wish to express our thanks for the service he rendered us in making these speeches.

I will appreciate it if you will let this letter appear in your paper.—Yours very truly, C. D. Adkins, Judge of Probate, St. Clair County.

FARM BOYS ATTEND MEETING

The evening school farmers of the Collins Chapel community recently attended a demonstration in treating peach trees for the peach tree borer. The demonstration was held on the farm of Mr. T. K. Littleton. Many borers were found. Most of them were small, one-eighth of an inch long. As many as a dozen small borers were found in one tree. Several large borers were found one-half inch in length. Crystal gas or paradichlorobenzene was used as recommended by the experiment station, at Auburn.

The vocational students of the Jemison High School also attended demonstrations in treating the borer. These demonstrations were held on the farm of Sam Reynolds of Jemison.

This work is under the direction of J. P. Montgomery, teacher of vocational agriculture, Jemison High School.

Mr. Wallace Jones of Montgomery was the week end guest of his mother, Mrs. Willie Phillips Jones.

Wilkins Candidate For School Board

Pledges His Best Efforts In Behalf of The Schools of County

To the Voters of Chilton County:

To each and every one of you I wish to say now that I thank you in advance for your vote and influence in the general election next Tuesday. I appreciate the confidence you have already shown in me by giving me your support in the Republican Primary and thereby placing me on the Republican ticket as your nominee for member of the County Board of Education.

I want to say that I stand now for the same things I stood for in the beginning. I want to be fair to all. I want to do all I can to help our schools to be as good as we can have.

If elected, I hope I may have the cooperation of every citizen in my efforts to make for you one of the best School Board members you have ever had. I promise you again that I will do my very best to serve the people of the county fairly and honestly.—C. L. Wilkins.

LOCAL RED CROSS OFFICERS CHOSEN

Organized For Membership Roll Call November 11 to 24

To Members of Chilton County Red Cross Chapter:

I am writing to give you information about the Chilton County Red Cross organization as set up at the meeting last Thursday.

The following are the newly elected officers:

Chapter chairman, C. E. Stapp; vice chairmen, E. R. Piper, Thorsby, Dr. A. A. Conway, Jemison, Sid L. Gibson, Verbena, Dr. H. M. Nix, Maplesville; treasurer, C. Fenn Jones, secretary, W. M. Wyatt; publicity chairman, Billy Smith.

Other members of the executive committees are: Carl Peterson, of Thorsby; Lee Smith, B. Lawrence, L. H. Reynolds, Mrs. Mary Burnett, Mrs. Grady Heflin, Rev. S. J. Ezell all of Clanton; Phil Mitchell, Verbena; Nora Wells, Jemison; Mrs. C. N. Parnell, Maplesville.

Rev. Ezell was elected chairman of the Red Cross Roll Call campaign. I feel sure that everyone in the county who is familiar with what the National Red Cross did for our storm sufferers will be ready to lend a helping hand to Chairman Ezell in the Roll Call campaign which will begin November 11, and continue through Thanksgiving Day.

Chilton County has been allotted 750 members, and I believe we should be able to get a thousand members. In addition to giving our support to the national organization we must not overlook the fact that we are going to need funds for use in the county this winter. For each member we get, 50c goes to the national organization. One dollar is the minimum membership fee, so we get half of all dollar membership fees. In case of a contribution of more than one dollar from one person, the local chapter will get all but fifty cents of the contribution.

I realize that we are all busy but I feel that we should be ready and willing to help in this movement when called upon.

As chapter chairman, I trust that I may have your full cooperation and assure you that I am going to do the best I can.—Yours truly.—C. E. Stapp, Chairman.

SINGING AT COURTHOUSE ON SUNDAY AFTERNOON WAS GOOD

All the societies of the county joined in a union singing at the courthouse last Sunday afternoon. W. G. Culp presided. As announced last week the Harmony Four of Calera was present and rendered several numbers. The Clanton Baptist Quartet was also there and sung several specials. Both bands did themselves honor by their good performance.

Nothing like all of the directors could be used; there were even a number of outstanding singers who had to stand up in the rear of the house and could not even get in the class.

A collection was taken on the balance due on the piano, and the amount of some over $10 was raised. This leaves about $35 dollars balance on the piano. Of course it is not due yet, but it is hoped that the balance may be raised by the time it is due. There is no doubt that our people will respond, as a piano at the courthouse is something that we have been needing for a long time. We will continue to have these singings at the courthouse every fifth Sunday and probably sometimes in between. Watch out for announcements any time.

FIRESTONE AGENCY GOES TO R. W. LOWE AT S. CLANTON

When Mr. G. M. Wyatt gave up his Firestone Tire Agency, the franchise was given to Mr. R. W. Lowe of South Clanton. In the future Mr. Lowe will have exclusive right to handle Firestone tires and other products in this territory. The Firestone is one of the foremost in the tire trade of this territory, and Mr. Lowe has no doubt done well to add this line to his trade. Mr. Lowe is a wide-awake young business man and will push the Firestone business in the Clanton territory. Firestone believes in newspaper advertising and so does Reuben Lowe. These two forces joined together will make a sure go of it.

UNITED SINGING SOCIETY

The United Singing Society will meet with New Salem next Sunday afternoon instead of Thorsby. Everybody invited.—A. H. Glasscock.

Mr. Mack Broadhead of Maplesville was a visitor to Clanton Tuesday.

THE SOUTH'S NEW SLAVES

(By Gertie Lee Lowery.)

Abraham Lincoln may have freed the negroes, but he seems to have failed to take into consideration the South's new crop of modern slaves.

A present-day citizen of the south has abut as much freedom as a Russian Maujik under Czar Nicholas. Under our present political reign down south, we are allowed to do little if anything, without a permit, and we've got to be careful how we do that.

We can't keep a cow without having the stable built according to state specifications. And we can't install the cow in the stable until a state "big-boy" takes the cow's temperature and counts her pulse. We can't drink water out of our own springs or wells unless the state board of health says so, and if we try to drink something else, we get in bad. If we start out on the highway, we have to dig down for a gasoline tax—even if we have to cut out our cake and candy money. If we turn on our lights the state auto inspector nabs us for not having them adjusted, and if we turn them off, they jug us for driving in the dark.

Children have got to be sent to school. Then they have got to be vaccinated, innoculated, aggravated, otherwise maimed for the state doctors. If the children are kept home to run errands the state fines them for abetting a breach of the truancy act. If we send them to school we can't tell the teacher what we want them to learn. If they starve to death or otherwise kick out at home, the state makes us bury them according to it's inspectrs, and if they die away from home we can't bring their bodies back without a state permit.

We are taxed till we can't afford to buy store grub, and our merchant is taxed for selling it, but if we try to raise our own meat, along comes the state's building inspector to tell we can or cannot do that. If we get tired of freezing in the winter or burning up in the summer in our old shack and stint and save enough to patch up the old home, along comes the state's building inspector to ell just what we can and cannot do with our own home. And the appraisers again tax us on the "improvements." If the children survive all this and want to enter the professions, they must pass a state examination even after their expert teachers have given them diplomas of graduation, and then pay an excise tax for exercising their prefessional talents.

We are taxed on everything, including our patience. And we elect public servants to go to the legislature to do something about it. and they tax us that much more. We permit taxes to be increased to hire extra judges to protect us, and the judges turn the crooks loose to rob us of what the tax collectors missed.

If there is anything the predominant party has overlooked in taxes, if we are patient enough they will come along with another election and see to it that that too, is taxed.

We will continue to do about it as we have been doing in the precious past.

We will grumble to ourselves as usual, and as usual, go to the polls at the very next election and vote for the same ring to do the same all-fired business again.

ABOUT AMENDMENT NO. 8

Amendment No. 8 to the state constitution is to be voted on in the general election of November 8th. Approval of this Amendment is strongly urged by social workers throughout th estate so that federal relief may be secured for the destitute and needy unemployed in Alabama during the coming winter.

The Amendment, which permits the counties and cities to borrow from the Reconstruction Finance Corporation for relief and work-relief, has the endorsement of the Alabama Conference of Social work after a survey of conditions in every county of the state. This survey indicates that local relief facilities will not be adequate to care for the needy unemployed in many communities and that there will be great suffering this winter unless Alabama takes advantage of the offer of the government to loan funds for this purpose. Several millions of dollars of federal funds have already been secured by other states and are now being expended to provide work for unemployed.

Members of the Alabama Conference of Social Work are active social workers in all parts of the state. They are in daily contact with the needy in their respective communities and have first hand knowledge of the distressing conditions. Reports from these workers indicate that little or no improvement in employment, particularly in the smaller towns and rural sections, can be expected during the coming winter, it is announced, while on the other hand, private relief resources either are exhausted or have been reduced to such an extent that they are not sufficient to prevent actual suffering.

In view of this situation, the Executive Committee of the State Conference at a recent meeting in Birmingham authorized the president, Miss Florence Van Sickler of Mobile, to appeal to other state organizations interested in the welfare of the needy unemployed to join in arousing public interest and support for the movement to get federal relief for Alabama.

Members of the executive committee besides Miss Van Sickler are: Dr. W. D. Partlow, superintendent of Alabama Hospitals for the Insane, Tuscaloosa; Mrs. A. M. Tunstall, director, state child welfare department, Montgomery; Miss Roberta Morgan, executive secretary, Red Cross family service, Birmingham; Dr. Kenneth E. Barnhart, professor of sociology, Birmingham - Southern College, Birmingham; Dr. D. M. Weakley, superintendent, Alabama Boys' Industrial school, Birmingham; Mr. Richard F. Hudson, executive secretary, Alabama Tuberculosis association, Birmingham; Miss Loula Dunn, supervisor county organization and child care, state child welfare department, Montgomery.

Amendment No. 8 authorizes Alabama cities and counties to borrow direct from the Reconstruction Finance Corporation for relief and work-relief at the rate of three per cent, upon such terms and conditions as may be agreed upon between the borrowers and the corporation. The usual arrangement is for the Reconstruction Finance Corporation to purchase local bonds for which no other market can be found.

MAPLE SPRINGS NEWS

Health in this community is very well at present.

Our Sunday School and B. Y. P. U. are progressing nicely. We had a large crowd both Sunday and Sunday night. We have an interesting program in B. Y. P. U. for next Sunday night. The subject is, "Be still and know that I am God." Group No. 2 is in charge. The following are on program: Alton Harris, Christine Driver, Marie Devaughn, Merle Kelley, Holland Popwell and Mrs. Perle Parrish.

If you come I think you will enjoy the program enough to come again.

Miss Kathleen Parrish spent last week end with her aunt, Miss Lena Downs.

Miss Glady Wilson visited Miss Lera Mae Mitchell Monday afternoon.

The following were the fortunate ones to enjoy the weiner roast last Friday night up at Mr. Boswell's store: Evelyn Downs, Bill Wise, Lela Martin, Bonnie Miller, Lera Mae Mitchell, Alton Harris, Gladys Wilson, Raymond Kelley, Lucille Kelley, Melvin Lansford, Merle Kelley, Holland Popwell, Lena Traywick, Jim Mims, Dock Harris, Jim Miller, Erskin Parrish, and others. Mr. and Mrs. Lester Downs were chaperones. Everybody reported a nice time.

Don't forget Sunday school at 10 and B. Y. P. U. at 6:30. Come and bring someone with you.

CARD OF THANKS

We desire to express our most sincere appreciation for the many expressions of kindness and sympathy shown to us during the illness, death and burial of Mrs. Sarah Z. Cox. May God's richest blessings abide with you and reward you for your Goodness.—W. S. Cox and family.

CARD OF THANKS

We thank the many friends and neighbors for the many deeds of kindness shown us during the death of our dear wife and mother. We especially thank Mr. Martin for his kindness and help. And especially thank Miss Ethel Baker, Mrs. Henry Mims and Mrs. Coggins for their kindness. We also thank the people for the many beautiful flowers. May God bless each of you.—H. C. Vines.

NOTICE OF GENERAL ELECTION

I, W. H. Gillespie, Sheriff of Chilton County, Alabama, in conformity with Section 447, page 612, of the 1923 Code of Alabama, hereby give notice that a General Election will be held in the several election precincts within Chilton County, Alabama, in the manner and form and places as required by law, on Tuesday, the 8th day of November, 1932, for the election of the following officers:

Twelve Presidential Electors for the State of Alabama.
United States Senator for the Sate of Alabama.
Associate Justice No. 1, of the Supreme Court of Alabama.
Associate Justice No. 2, of the Supreme Court of Alabama.
Associate Justice No. 3, of the Supreme Court of Alabama.
President of the Alabama Public Service Commission.
Representative from the Sixth Congressional District of Alabama in the 73rd Congress of the United States.
Judge of the Nineteenth Judicial Circuit of Alabama.
County Commissioner for the third District of Chilton County.
County Commissioner for the Fourth District of Chilton County.
County Treasurer of Chilton County.
Two members of the Board of Education of Chilton County.

Dated at Clanton, Ala., this, the 6th day of October, 1932.

W. H. GILLESPIE,
Sheriff Chilton County, Ala.

10-6-5tch

J. H. JACKSON WRITES

Editor Union-Banner:

Will you please permit me to make my final appeal to the voters of Chilton County through your valuable paper?

First, I want to say, if I have hurt any one's feelings during my campaign it was not my intentions, if so I beg your pardon. Although I have heard many false reports on myself, but I feel assured that I have enough friends to take care of them for me, as they happened to know they were false. I have made no fight against my opponent. I have held him up as being a nice clean man, so far as I know, but so far, he has not come out publically and told the voters how he stands on the present assessed valuation on our farm lands.

Well, someone may say, what can one do? All the voters want is for him to count one and stick to his pledge. The voters should demand that of him.

I am in favor of more permanent road building, such as: more graveling and less scraping in the winter. First: Prepare a good road bed then gravel it and don't allow it to be srcaped off in the ditches. I also believe that this work should be given to the people who are in needy circumstances as much as possible.

I believe our assessed valuation on our farm lands are too high and should be reduced.

I want to say to the voters that our almshouse is being operated under the wrong system and should be changed and put on a salary basis. I contend that it is on a speculative system, because what they don't eat and wear is the employee's profit, naturally he wants all the profit he can get out of it. Most any man would be the same way. It could be run on a salary basis much cheaper and very much more satisfactory than the present system.

The above is with all due respect to Mr. Bean, who is now in charge of the almshouse.

Mr. Voter, it is in your hands to demand this change, if you want to. I am only offering my services to you to help make this change, and if you see fit to elect me, you can bet on one for it.

Now, I want to say in conclusion that we serve God by serving our fellowman. To prove this I beg to quote the following scriptures in the 25th chapter of Matt. Beginning at the 32nd verse, which reads as follows: "And before Him shall be gathered all nations: and He shall separate them one from another, as a shepherd divideth his sheep from the goats: And he shall set the sheep on His right hand, but the goats on the left. Then shall the King say unto them on His right hand, 'Come, ye blessed of my Father, inherit the kingdom prepared for you for the foundation of the world: For I was an hungred, and ye gave me meat: I was thirsty and ye gave me drink: I was a stranger and ye took me in: Naked an ye clothed me: I was sick and ye visited me: I was in prison and ye came unto me.' Then shall the righteous answer him saying, 'Lord, when saw we Thee an hungered, and fed thee or thirsty and gave Thee drink? When saw we thee a stranger, and took Thee in? or naked, and clothed Thee? or when saw we Thee sick, or in prison, and come unto Thee? And the king shall answer and say unto them, Verily I say unto you, Inasmuch as ye have done it unto one of the least of these, my brethren, ye have done it unto me. Then shall he say also unto them on the left hand, depart from me, ye cursed, into everlasting fire, prepared for the devil and his angels."

Who refuses to do these things?

Now friends, are we on the right or on the left? Shall we put party above principle. It is in your hands. We only have one life to live here. Only one God to serve and to fear and to love, one time to die and that may be tomorrow or next week or next year. Also one time to be judged with no appeals to be taken to higher courts. No time to go back to straighten up our crooked political life. If a man iscrooked in politics he is crooked in office, he is a crook any where you put him.

Now friends, if you want to visit the poor and oppressed, vote for the men who advocate a change. Some people would have you to believe it would be awful to be disloyal to the party.

May God help us to be loyal to sound principles, justice and to our God if it sinks both parties into hell. Thanking you in advance for your vote and influence, I am, yours very truly.—J. H. Jackson.

(Paid political adv. by J. H. Jackson, Lomax, Alabama.)

DAT BLOOMIN PREACHER

All Ah know is Whut de Bible say Bout Hit.

This Week's Blossom:

—o—

You can fin de way to heaven in de Bible, an de way to hell in de dime novel.

Yo will fin my tex today in Genesis 25:35. De las part ob dat verse reads lak dis: "And he sold his birthright unto Jacob." In de 25th chapter ob Genesis we learn bout de birth ob two boys dat wuz twins. De oldest was named Esau, and de yongest wuz named Jacob. It is real interesting to read all bout dese two boys, but it would take too much space in de paper to tell all bout it.

De words ob mah tex is bout whut hapened atter da wuz grown men I will not hab much to say bout Jacob, but will call yoah tention to some things in connection wid Esau. One ob de fust things to make clear is de birthright. That property belonged to de family rather than to de individual appears to have been a fundamental principle ob Hebrew society, yet de law directed dat de firstborn should always possess de birthright, dat is a right to al double portion ob de property. So we see jes whut Esau traded to his twin brother fur a meal ob red pottage.

This birthright wuz a great prize an worth a great deal, especially whur de father wuz wealthy. If you want to learn whut becomme uv him jes begin wid de 25th chapter ob Genesis an you will see, den turn to Hebrew 12:16-17. You will fin dar dat when he wuz full ob pottage an felt alrite an would have inherited de blessin, he wuz rejected. Dat birthright wuz forever gone, dar wuz no way fur him to ever git it back. He had suffered a little hungry spell to cheat him outen a priceless heritage, a frivolous thing in comparison to his birthrigth.

I wish dat I had de time and space to gib you sommethin ob his life, his ambition as a hunter, an de accumlation ob dis world's goods. I would also be glad if I could take up de lives ob some men dat I has knowed, an show you how dat da sold their souls to de devil fur jes sich triflin things as a mess ob pottage.

One man I knowed, an some people in dis country knowed him, sold his soul fur licker. I pled wid him lots ob times to let licker lone an git rite wid God, but he loved lickker better than he did his own soul. People has always let de cravin ob de mind fur de things dat jes satisfies de body, cheat dem outen a home in heaven. Tryin to satisfy nature wid de things dat de devil has to offer, robs ur man ob his birthright. I can des see de devil as he dangles de things ob dis worl befo de eyes ob sinners an makes dem think dat da must have it. Good lookin women catches some men an licker catches others, while gamblin takes its share eb souls an de accumulation ob wealth allures other souls to distraction. All ob these things are fascinating an when obtained bring de seekers some pleasure, but what a price to pay fur sich momentary plasure. There are others still, who would balk at any ob the sins mentined above dat is jes seekin whut da calls innocent pleasure, an lets dat git in their way ob real happiness. Ah feel dat de last mentioned ones is in de majority, an includes our young people who are not Christians. Dis seems to be an age ob pleasure seekin an frivolus thinkin. Lots ob our otherwise good people seem to put a very small price on their birthright. That is, they seem to esteem de triflin, worthless things ob life above de value ob their souls. Not long ago a young man axed me whut pleasrue an enjoyment did I get outen a Christian life, an I tole him dat I enjoyed readin de Bible an gwyin to church an singin an prayin, an so on. An he sed "Ef I thought I could git more pleasure an enjoyment outen a Christian life than I am gittin outen life now I would jine de church tonight. To me, rite dar is whur de whole thing hinges. You cant maks ur sinner see how he could be happy ef he put away de things ob life dat he has always enjoyed.

My firens, I mus tell you dat de frivolous things ob dis life is de price dat you receive fur yoah birthright, you are entitled to a spiritual birth purchased fur you by Jesus Christ on de cross. Now why sell it fur a mess ob red pottage? Would you sell Jesus Christ fur thirty pieces ob silver as Judas Iscariot did? De las verse ob de 6th chapter ob Romans sa "For the wages of sin is death, but the gift of God is eternal life through Jesus Christ our Lord." Ah wuz passin ur mans house once an a big crowd wuz dar an I axed him whut wuz up, an he sa, I am sellin out. He sold his farm an plow tools cows, mules, an all fur cash, an left de country. An three years later he cum back drivin two little ole jennys hitched to an old wagon. An when I saw him he sa, well, I am done wid seekin atter better things an I has come back broke to start all over ur gin. An I thought dat wuz jes whut de sinner should do, des stop tradin wid de devil an cum back to God whur he can git life-eternal jes fur de askin. Sinners, is you gwyin to keep on swappin yoah birthright for a mess ob red pottage?

I mus close now. May de Lord bless you. I will sa to de children, rush your names in to me an join cur " B. B.'s " before the last ob October so that you can get your certificate by the first of the year. Just address Elder Blossom, in care of The Union-Banner.—Elder Blossom.

J. J. JOHNSON WRITES

Editor Union-Banner:

There are a good many out-of-county people coming to Chilton to tell us how to vote, among which was Mr. Frazier from Selma, who did not even carry his home town in the last election when he was running for Congressman. There are also several others who think we are so ignorant that we cannot think for ourselves and that it is their duty to come and tell us how to vote, but I want to say for my part that I am a Republican from principle and that I believe the majority of Chilton County citizens are. These speakers criticise Mr. Hoover and blame him with the depression, but they do not tell you that we are having to pay the debt created by Mr. Wilson who was elected to keep us out of war. Neither do they tell you that Miller, the "economy" governor, borrowed $10,000,000 from the federal government recently, to be used by the state, so that it might be able to pay some of its debts. The Republicans haven't at least bankrupted the U. S. as the Democrats have Alabama and as they attempted to do Chilton County.

This is a world-wide depression and cannot be blamed to Mr. Hoover. I have before me a Demacratic paper The Birmingham News, in which the following is stated:

"Conditions in France are getting worse rapidly. Tax Collections have fallen way below expectation and the budget is getting further unbalanced week by week. Unemployment is sharply on the increase." A writer last week, who had recently returned from England stated that Americans didn't know what a depression is, that England has been in one for thirteen years, and the people are now rioting for food. Will Rogers, one of Roosevelt's closest friends, recently toured South America. He wrote back, "If the Red Cross wants to do some real work, tell them to send some of these poor people some flour." You see by these extracts that other countries are in the depression, and surely, no one would blame Hoover for another country's deplorable condition.

It is the history of the Democrats that they do just the reverse of what they promise. They promised to keep it out of war and threw us right in. They promised to save millions with Miller and have increased almost every state employee's salary, and created many new positions. Now they are promising to lead us out of the depression, but will they not lead us into a greater one? I believe we will be safe in voting for Hoover, and I had rather be safe than sorry; therefore I am making my cross right under the elephant, and voting the National and county ticket through and through.—Yours very truly, J. J. Johnson.

POPLAR SPRINGS NEWS

Our Sunday School and B. Y. P. U. are progressing nicely. We had several visitors at the B. Y. P. U. Sunday night, which we welcome back any time. We are always glad to have visitors with us.

We have organized a singing class at this place. We will sing thirty minutes each Sunday morning at 9:30 o'clock and each Sunday night beginning at 6:00 o'clock. Everybody come and let's help make it a fine singing class.

Rev. J. S. Hand is going to run a few days revival here beginning next Sunday night. Let's everybody come and make this one of the best revivals that has ever been held at this place. Rev. Hand is no stranger here; he ran several revivals here before and is known to be a great minister of the gospel.—Secretery of B. Y. P. U.

Major Lamar Jeffers of Anniston was in Clanton Monday. He made a political speech at the courthouse Monday morning before the opening of circuit court.

REAL ESTATE

See me if you are interested in buying or selling real estate. I have several houses and lots will trade for Alabama Mills Stock. Also farm land for sale or trade. Cash or terms.

UNIVERSITY NEWS

University, Ala., Nov. 1.—A great homecoming program is in store for Alabama old grads next Saturday at the Capstone. There will be pep meetings, speeches, class reunions, and last but not least, the football game between Alabama and Virginia Poltechnic Institute.

This grid game should be one of the best in the South. V. P. I. has shown surprising strength in games this fall. The gobblers upset Geogia in an early season test and then later beat the highly touted Kentucky eleven just to show that the Bulldog victory was no fluke.

Alabama is still rated as one of the strongest teams in the Southern Conference and will be out to turn back the Gobbler invasion and keep on the up grade.

The 'Bama team has been upset by injuries since the Tennessee contest, but hopes to enter the V. P. I. battle in good condition. They will have to be ready for a hard clash if they are to stem the Gobbler attack.

An interesting phase of the contest is that coach Henry Crisp, director of Alabama atheletics, was a V. P. I. star on the gridiron in 1917, 1918, 1919, and 1920. During this time he played with Redd, Younger and Tilson, the three men now are in charge of V. P. I. atheletics.

In 1920 coach Crisp was elected captain of the V. P. I. team but resigned in order to let Jim Hardwick have the honor.

Captain Richmond Pearson Hobson of Greensboro, Spanish-American war hero, spoke at the Capstone Monday on the menace of narcotic drugs and how to meet it. U. S. Senator John H. Bankhead spoke Wednesday night.

General Edward King, commanding general of the fourth corps area, will be here November 9 and 10 for an informal inspection of the corps of cadets.

Former Congressman Jeanette Rankin of Montana addressed the students of the University Monday night. Her subject was International Peace.

Much interest is being shown throughout the country in the research work on hereidity now being done by Dr. Berwind Kaufman, head of the department of botany, University of Alabama, at California Tech. Dr. Kaufman is on leave from the University.

SOME FINE SUGAR CANE

Mr. and Mrs. J. A. Kelley of near Jemison were in Clanton last Thursday, and brought to The Union-Banner a fine stalk of sugar cane. It was over seven feet long and six and one-half feet of it was matured. Mr. Kelley said that he had one acre of cane and that it would average six feet in height. His hands were then engaged in making up the cane into syrup.

W. F. Anderson, of near Sardis, was in Clanton on business Monday morning. He is the father of George Anderson, the blind musician, and Walter Anderson of Clanton.

THE STICK CUT BY BEAVERS

Some time, five or six years ago, someone brought to The Union-Banner office a stick of wood about the size of a man's arm and about eighteen inches long, which was supposed to have been cut by beavers on Little Mulberry creek. We have lost track of who left the piece of wood here.

Inasmuch as a number of people have seen the stick and told us that they did not believe it was cut by beavers, we would like for the person who brought it here to send us in their name and tell us for sure whether or not it was really cut by beavers. Several people who are said to be acquainted with the habits of beavers say that they do not cut wood the way this piece is cut. We would like to know more about it.

JONESTOWN

Mr. and Mrs. Walter Deshazo of Isabella were Sunday guests of Mr. and Mrs. Charley Jones and family.

Mr. and Mrs. Odis Cooper and baby daughter, Rulea Joyce, spent a few enjoyable hours Sunday afternoon at the home of Mrs. Charley Giles.

Mr. and Mrs. Moody Jones spent the day Sunday with Mr. and Mrs. Grady Williams and family.

Miss Allie Deramus left Sunday afternoon for Haynes to stay a few days in the home of Mrs. Bob Deramus.

Mr. and Mrs. Lucien Calfee and little daughter, Louise, Mr. and Mrs. Willie Williet and children of Alpine were Sunday dinner guests of Mr. and Mrs. Charley Giles and family.

Mr. and Mrs. Clifford Lecroy and little son, Alton, were Sunday night guests of Mr. and Mrs. Odis Cooper.

Mrs. Charley Cooper visited Mrs. Charley Giles Sunday afternoon.

Mrs. J. M. Wooley is spening a few days in Bibb County with her daughter, Mrs. Marvin Walker.

Mr. Marlow Williams of New Harmony was the Sunday guest of Mr. and Mrs. Clifford Lecroy.

Stewart Armstrong attended court in Birmingham one day last week.

Dr. C. O. Lawrence of Calera was in Clanton Sunday, taking part in the Harmony Four quartet which sung at the courthouse. Lots of the doctor's friends here learned for the first time that he could sing, but he can.

The old Tom Curry house on Second Avenue and Third Street has been torn down and work will start at once on a new modernly designed bungalow. This property now belongs to Messrs. Tom and Dewey Rockett.

J. W. Pattillo of Billingsley was was in Clanton Monday attending to some business matters.

FOR COMMISSIONER DISTRICT FOUR

I am the Democratic nominee for the office of member of the Commissioners Court of Chilton County, Ala., from District Four, subject to the action of the general election to be held in November, 1932.

Your vote and influence will be appreciated.

J. H. JACKSON.

91% of All Human Ills Originate In Stomach

Failure to Supply Body With Essential Minerals Allows Excessive Acids to Destroy Health and Vitality.

Medical science, constantly searching for ways to prolong life, frequently come forward with startling statements of their findings, but no more astounding announcement has been made in recent years than the statement of an eminent Chemist who now declares that "There is no natural death. All deaths from so-called natural causes are merely the end point of progressive acid saturation."

TIMELY WARNING

An amazing statement indeed but a warning, that if heeded, should improve the health and well being, increase the joy of living, and prolong the lives of millions of men, women and children who might otherwise drag through a weary life to an untimely end.

ACIDITY KILLS MILLIONS

Health authorities now agree that 91% of all diseases originate in the stomach and are caused by poor cooking, improper diet, and the eating of highly refined foods. Your doctor knows that the 11 essential Minerals and all Vitamins are contained in foods in their natural state and could he live with you constantly, carefully select and prepare everything you eat, you would never need medicines of any kind. This being impossible, science has been searching for years, trying to compound a formula that would make up for the deficiencies of these vital elements—and at last their efforts have been rewarded.

AID TO NATURE

LEE'S MINERAL COMPOUND, a new and revolutionary formula, actually supplies the system with these vital elements so necessary to health and happiness. It contains the eleven essential Minerals in well balanced proportions together with Vitamins, and is an invaluable aid to nature in the building of blood, bone, nerve and tissue.

ELIMINATES POISONS

It will rid your system of excess acid, sweep away the dangerous poisons, supply the body with the needed minerals, stimulate the organs of digestion and assimilation, build rich, red blood, clear the skin, give you a keen, hearty appetite, help you to get sound, refreshing sleep, restore health, strength and vitality and enable you to enjoy life to the fullest.

MAKE THIS 10 DAY TEST

Convince Yourself!

Stop dosing yourself with "patent medicines," harsh purgatives, oils and cathartics for just 10 days. Go to your nearest Druggist and secure a bottle of LEE'S MINERAL COMPOUND. Take it regularly, and watch the results. You'll be amazed at the feeling of renewed strength and vigor that soon appears. No narcotics or alcohol to "boost you up" but a natural method of restoring health and energy.

For Sale by Upchurch Drug Co., Clanton, Ala., and other good Drug Stores Everywhere. Or send $1.00 to Lee's Laboratories, 365 Peachtree Arcade, Atlanta, Ga., for a large bottle, postage paid.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

Lesson for November 6

THE CHRISTIAN AND WORLD PEACE

Psalm 22:27, 28; Psalm 68:1-7; Psalm 72:8-19; Isaiah 2:1-4; Matthew 28:16-20; Ephesians 2:13-19.

GOLDEN TEXT—Blessed are the peacemakers: for they shall be called the children of God. Matthew 5:9.

PRIMARY TOPIC—Peace and Good Will Among Men.

JUNIOR TOPIC—Our Part In Making World Peace.

INTERMEDIATE AND SENIOR TOPIC—Why Work for World Peace.

YOUNG PEOPLE AND ADULT TOPIC—The Christian Duty to Promote World Peace.

The Scripture selections for today's lesson are vital, but in the settings given by the lesson committee will be decidedly misleading. World peace can only come through the appearing of the Prince of Peace, and the establishing of His Messianic kingdom. Clearness here is imperative.

I. The Lord, the Ruler of the Nations (Ps. 22:27, 28).

The present unhappy conditions in the world are a result of the failure of the nations to recognize Jesus Christ. As long as the peoples of the earth refuse allegiance to Jesus Christ and are swayed by the gods of their own creation and lust, there will be war and bloodshed.

II. How Gladness Is to Come to the Nations (Ps. 66:1-7).

This is to be realized by the assertion of divine power. When God arises

1. The enemies will be scattered (vv. 1, 2). They shall be put to flight before the Lord God Omnipotent. Two figures are used: Smoke dispelled by the blast, and wax melted by the heat. The wicked shall perish before the whirlwind and fire of divine power.

2. Happiness will prevail among the righteous (vv. 3-6). The rule of the Lord will bring rejoicing on the part of the people of God.

III. The Character of Christ's Reign (Ps. 72:1-19).

This Psalm describes the glorious reign of Christ upon the earth. It is that reign for which we pray when we say "Thy kingdom come."

1. It will be a reign of righteousness (vv. 1-4). Justice and equity shall be meted out to all.

2. It will be an unending reign (vv. 5-7).

3. It will be a universal kingdom (vv. 8-11). All kings shall fall down before him, and all nations shall serve him.

4. It will be a beneficent reign (vv. 12-14). Christ, the King, will have compassion upon the weak who are unable to help themselves.

5. It will be a prosperous kingdom (vv. 15-17). Full blessing shall then come to the earth. There will be no depression at that time.

IV. Israel's Spiritual and National Position (Isa. 2:1-4).

This scripture pictures the place of influence which shall be exercised by Israel in this time.

1. When shall it be? (v. 2). "In the last days." By last days is usually meant in Scripture, the times of the Messiah, for this is the primary subject of all prophecy.

2. What shall it be? (v. 2). The restoration of the kingdom of Judah to the place of pre-eminence among the nations of the world. This vision of Zion's glory refers to the millennium age, at which time other nations of the world will learn of the truth of God through the chosen nation.

3. The result (vv. 2-4). The return of God's favor to this chosen people shall be "life from the dead" to the nations of the earth (Rom. 11:15).

a. Nations shall flow unto it (v. 2). This pictures the masses of the people moving toward Jerusalem.

b. Nations shall encourage each other (v. 3). Jealousies will be forgotten and each will move to Jerusalem to be taught of God.

c. Peace in the earth (v. 4). When Israel shall be in her God-appointed place with Jesus Christ as King, wars will be over.

V. The King's Great Commission (Matt. 28:18-20).

1. The royal authority (v.18).

By virtue of his divine authority he issues this commandment to the disciples and declares that all power in heaven and earth has been given unto him.

2. The commission itself (vv. 19, 20).

a. To teach all nations.

b. To baptize them in the name of the Triune God.

c. To teach them to observe all of Christ's commandments (v. 20).

3. The available power (v. 20). Those who obey Christ in carrying out this commission shall enjoy his abiding presence.

SOME WISE SAYINGS

Occasionally we run across a man who belongs to a D.D.

* * *

A mad race for wealth always brings on spiritual heart failure.

* * *

The rolling stone gathers no moss, but it picks up some experience.

* * *

The habit of anxiety has for its contrary the habit of prayer.—John A. Hutton.

Mr. and Mrs. George Trotter of Martin Dam spent the past week end with Mr. and Mrs. John C. Page.

Prophecy Corner

Conducted By

L. A. BUTTERFIELD

This week we have for your consideration a prophecy from Jeremiah in regard to Babylon. "Chaldea shall be a spoil: all that spoil her shall be satisfied, saith the Lord." Jer. 50: 10. "Come against her from the utmost border, open her storehouses . . and destroy her utterly." Vs. 26. "A sword is upon her treasures; and they shall be robbed." Vs. 37.

There are two particulars I wish you to note. First, there is a strong implication in the little word "all" that Babylon and the other cities of Chaldea would often be despoiled. Nothing like this was predicted of Tyre or Nineveh or of many cities and countries doomed by prophetic pen to destruction.

Second, how did the prophet know there would be riches enough to tempt and satisfy spoiler after spoiler? Tyre was one of the richest cities of earth, but after one spoilification by Nebuchadnezzar nothing was left to tempt another conqueror. But the teeming riches of Babylon bade defiance to the greedy ravages of successive plunderers. No sooner did a fresh horde of conquerors pillage the country than another army was prepared to fight them for the booty, and loot the country anew.

Cyrus took huge treasures; Xerxes and his army took $150,000,000 in gold alone, besides other rich plunder. Then came Alexander, but far from finding Babylon's wealth exhausted, he gave from her stores $50 to every soldier in his vast army, and kept immense wealth for himself. Continuously for two hundred years after the death of Alexander, the Parthians ravaged this country, and then came the Romans from a long distance for the same purpose. One would think that after several hundred years of plundering, not much of value could be left.

Gibbon, the skeptic, is the best commentator on this prophecy because he is an unwitting one. He describes the joy of a band of conquerors in 636, hundreds of years after the prophecy was uttered, when they came upon this territory and were suddenly enriched: "The naked robbers of the desert were suddenly enriched beyond the measure of their hope or knowledge. Each chamber revealed a new treasure secreted with art, or ostentatiously displayed; the gold and silver, the various wardrobes and precious furniture, surpassed the estimate of fance or numbers; and another historian defines the untold and almost infinite mass, by the fabulous computation of three thousands of thousands of thousands of pieces of gold." Decline and fall of The Roman Empire, Vol. V. p. 180. And this after centuries of ravaging, looting, pillaging, by the huge armies and mighty conquerors of earth. And, in fact, rich treasures are still being found right up to the present moment.

Nowhere else on earth have the conquerors of empires gone back again and again for hundreds of years for loot and come away laden beyond the dreams of avarice, regardless of the immense booty carried off by the previous despoilers. Yet the prophet foretold what the skeptic Gibbon recorded as history. —L. A. Butterfield.

STOP

Miller—Feagin Tax Boosting Spree

Vote "NO" Nov. 8th

Less OUTGO—Not More INCOME Is Now Needed

BACK in 1917—just before the war—state government in Alabama cost $7,554,538.02. In 1931 under B. M. Miller's "economy" administration, state government in Alabama cost over $44,574,346.72. Taxes today are at the top. Business today is on the bottom.

State disbursements under B. M. Miller and William F. Feagin during 1931 were about SIX TIMES what they were when Chas. Henderson was governor in 1917; about FOUR times what they were when Thos. E. Kilby was governor in 1920; about TWO AND ONE-THIRD TIMES what they were when "Plain Bill" Brandon was governor in 1923 and about 35% MORE than when Bibb Graves was governor in 1927 —a year of peak prosperity.

Are we getting any better government today in Alabama than we had these other years? If so, is it worth the price? Can we afford it? How can we stop the growing cost?

The time has come for citizens of Alabama to voice their views. That opportunity is offered on November 8th, when new tax raising measures will be submitted for a vote of the people. A vote *against* these measures—the unlimited Miller-Feagin income tax and the $20,000,000 bond issue —is a vote for economy in government. A vote *for* these measures is a mandate to continue extravagance and waste. If we can't cut the cost of government today when everybody's broke, it's goodbye economy in government in Alabama for all time.

As long as we keep giving our government more to spend, our government will keep spending more. Our legislature did not make a move for fifteen months to cut down governmental costs and only then when new tax measures which would have added $8,000,000 more a year to Alabama's tax bill had been defeated by pressure from the folks back home.

On November 8th, you will be asked to ratify a Constitutional Amendment which grants to our legislature the right to levy a tax which is *unlimited* as to time, *unlimited* as to purposes and *unlimited* as to the rate of tax which can be imposed.

Like every other tax ever levied in our state, this Miller-Feagin *unlimited* income tax must and will be paid by every citizen of Alabama. It will be passed right down the line from the manufacturer to the wholesale merchant, from the wholesale merchant to the retail merchant and finally to you and me and every citizen who buys a pair of shoes or loaf of bread.

The Economy League of Alabama is composed of citizens in 66 Alabama counties, who are desperately tired of *paying, paying, paying* more and more each year in taxes to support more drones in governmental offices. With your help it has been fighting your battles. It fought the vicious *Teasley sales tax* to a finish. It fought against more taxes on gasoline. It fought all nuisance taxes. Yet, despite its opposition, new taxes voted at the special session of the legislature, have added ONE MILLION MORE to our tax load.

The League for Economy in Government has done its best. It now lies with *you* to give the final finish to the fight for economy in government in Alabama. It is time for a rebellion against added taxes—a peaceable rebellion—a rebellion whose volunteers are voters and whose bullets are ballots. It lies with *you* to stop the Miller-Feagin tax boosting spree. It lies with *you* to say to our governor and his appointees that: "The people of Alabama cannot and will not pay more".

W. H. WILSON FAVORS WEBB

A great deal has been said about Mr. Webb, our Republican nominee for member of the school board of education, asking Mr. J. R. Jackson, Mr. Tom Littlefield, and Mr. D. S. Robinson to drive away for his house to talk with him. It is my understanding that Mrs. Webb has been at death's door since last December, as she was oprated on at that time, and it was found that she had cancer of the stomach. Since that time she has suffered untold agony which made her terribly nervous, so much so that the family moved in whispers. We all know that members of the committee who were sent to talk with Mr. Webb are "loud speakers" and it was for the benefit of his wife that he asked them to drive down the road to discuss the issue. Mr. Webb accompanied them, and I do not believe any man should be criticized for doing his Christian duty toward his sick wife, who has since passed away.

I think the best thing that committee could do would be to confess their wrong to Mr. Webb instead of throwing slurs at him.

We have tried Mr. Webb and know his ability as a member of the school board. We know that he doesn't quit things that he starts, but on the other hand, when we scrutinize Mr. Foss, the Democratic nominee, what do we find? We find a man who strated to teach school and quit. A man who started as a bank clerk and quit. A man who started the Peoples Bank at Jemison about two years ago and let it go dead. Since that time, it is my understanding that he served as manager of the Fruit Growers Association in Thorsby for last year, but at the recent election, when he was a candidate for re-election for his second year, he was defeated by a large majority, and that the man who preceded him and who served for four years, was re-elected. Should Mr. Foss be elected as member of the school board, that term would last for six yars? I want to ask, has he ever served in any one capacity for that long? Judging from the past, would he not be a quitter should he be given that position? In my opinion he is an extrovert, he starts off with a whirlwind move, but doesn't stick.

I am asking the voters to weigh this matter carefully, as our children's welfare is at stake. When you do this, I believe you will vote for Mr. Webb. Yours very truly.—W. H. Wilson. (Paid political adv.)

COLLINS CHAPEL

There will be a box supper at Collins Chapel Friday night, November 4th. The proceeds will go to the school. There will be several other features on the program, consisting of a playlet entitled "The Inquisitive Family." There will be several stunts by the students. No admission.

BOX SUPPER AT THOMAS JR. FRIDAY NIGHT, NOVEMBER 4TH

There will be a box supper at Thomas Junior High School on Friday night, November 4th, beginning at 7:30 oclock. The special features will be a pretty girl contest; ugly boy contest; and a guessing cake with prizes. Proceeds will go to the school. The public has a cordial invitation to attend and help out in the program.

Mr. and Mrs. Arthur Curtis, of Birmingham, spent Tuesday in Clanton with Mrs. Vester B. Curtis, who will return to her home in New Orleans this week after a visit to her mother, Mrs. Orr.

Mrs. Earl Gore has returned after a brief visit with relatives in Calera.

REVIVAL MEETING AT MINERAL SPRINGS

There will be a revival meeting at Mineral Springs, beginning the first Sunday in November. Rev. J. W. Jones, of Thrsby, will do the preaching. A hearty invitation is extended ded to every one to come and be with us, and I am sure that you will enjoy the messages that Brother Jones will deliver.—H. D. Durbin, pastor. 2t.

Mr. Jack Wade of Russellville visited his parents, Mr. and Mrs. J. Q. Wade, last week.

Mrs. J. E. Brand and two little daughters are visiting relatives in Birmingham.

Mr. Horace Jones of Jasper was a visitor to Clanton last week end.

Mr. and Mrs. Joe Venable and children spent the week end in Pratville with relatives.

Mr. Gaston Robinson of Montgomery spent several days here this week.

Mrs. Burt Rockett and two little daughters are spending this week in Birmingham.

Dr. DuBose of Maplesville was a visitor to Clanton Tuesday.

ARMISTICE PROGRAM

The Parent-Teachers Association of Clanton Grammar School will have its next meeting at the school building at 2:30 p.m., on Friday, November 11. A special program will be rendered in recognition of Armistice Day. All members of the association and patrons of the school are urged to attend the meeting.

JUDGE REYNOLDS OFFERS HIS SERVICES TO TIE PEOPLE

Offering his services in behalf of every Republican candidate in the County campaign, Judge L. H. Reynolds made public Tuesday a letter which he addressed to Mr. Akins I. Collins, chairman of the Republican Campaign Committee of Chilton County, as follows:

"I hereby offer my services to assist the Republican Campaign Committee and each and every one of the Republican candidates in any way that the committee thinks I can be of any service.

"I will be in Mobile next Friday night to speak for the Republican committee there. Any time between now and the election that I can assist the Republicans in any manner, do not hesitate to call on me. Yours for the success of the entire Republican ticket.—L. H. Reynolds.

OAK GROVE B. Y. P. U.

A play, "The Winning of Joy," will be presented at the Oak Grove school house by the B. Y. P. U., Saturday night, November 5, 1932.

Admission is ten and fifteen cents. Everyone is invited to come and enjoy a real good play. The proceeds will go for the benefit of the church.

The cast consists of:

Uncle Joe Reeves, rich, miserly, misanthropic, J. C. Sea; Dave Reeves his foster son, Van Glass; Pa Vernon (Jim), his brother-in-law, Leonard Pierce; Bill Vernon, his nephew, James Marlar; Joe King, the orphaned step neice of Pa Vernon, Virginia Price; Ma Vernon, Joe's sister and Jim's wife, Pauline Lessley; Pate Vernon, her daughter, engaged to Dave, Thelma Pierce; Mrs. Sims, an inqusitive neighbor, Roberta Satterwhite; Kettie Sims, her daughter, Myradine Martin; Benjamin Assafitity, Hettie's gentleman friend, Frank Lessley; Rev. Phineas Barker, a badly rattled divine, Sam Collins.

—Social Committee, Oak Grove.

PLEASANT GROVE-JEMISON

Misses Grace and Mattie Wells had as their guests this week end Miss Myrtle Willis of Collins Chapel and Miss Louise Bruce of Birmingham.

Mrs. Arey Miskelley is visiting relatives in Prattville.

Mr. and Mrs. Vasteen Davenport and little daughter, of Mecedonia, spent the week end with Mr. and Mrs. Enoch Davenport.

Messrs. Tom Zuber and W. E. Mis-Kelley went to Birmingham Thursday on business.

The Sunday school is progressing nicely. We now have an enrollment of 120. There was a total of 106 present Sunday. The young men's class had change of opening exercise last Sunday, rendering a very interesting program. Next Sunday the young ladies class will have charge of the opening exercises.

Group No. 1 rendered a very interesting program at the senior B. Y. P. U. last Sunday night. Group No. 2 is planning a good program for next Sunday night. They extend a cordial invitation to everyone to attend.

The juniors have gotten lined up in their work now. They have an enrollment of around 30. Group No. 2 will have charge of the program Sunday night.

The cottage prayer meeting will be at Mr. and Mrs. Hunter Rasco's this week.

L. D. HUGHES FROM VERBENA

To All Republican Voters of Chilton County, and Those Who Have Not Voted Before:

As this is the last chance to appeal to you before election day, I want to make a request that every voter in the County that belives in the Republican party, and what it stands for, to go to the polls next Tuesday and cast your vote for the nomnees on our ticket. From the top to bottom, just a cross below the elephant is a mighty god way when all of our candidates are like the men and women we have this time.

I believe in settling our differences is primary elections and giving the general elections our full support. I have not been as fortunate as some seem to think they are, by being born to one or the other parties, and voting the same the remainder of their lives, as long as the candidates exactly suit them to their way of seeing. But I have always supported the Republican party beacuse our government has always been in better condition when the Republicans are in power. Respectfully.—L. D. Hughes.

REFUGE NEWS

Our Sunday school and B. Y. P. U. are doing nicely. We had a large crowd Sunday and Sunday night, and we are glad to say that our young folks rendered a good program in B. Y. P. U. Come on, young folks, and let's make ours one of the best.

Mr. J. S. Easterling and family, Rev. M. Lockhart, Mr. Dewey Minor and family visited relatives in Coosa County last week end.

We are sorry to say Mrs. Elizabeth Minor has made no improvement.

Cheer up, everybody, and come on to Sunday school. Don't get discouraged about the hard times, for it is not doing anything for the upbuilding of God's kingdom. The best way to meet the present situation is to do the best we can, accept what comes, and be thankful that it is no worse.—Reporter.

MRS. M. E. HAWKINS FAVORS MRS. CALLOWAY FOR TREAS.

Editor Union-Banner:

Since the election is near, I am asking that you please give me space to say a few words obout our nominees.

I am one of the women who has in later years fallen heir to the responsibility of managinng the home, as my husband's health is such that he is unable to carry on this work.

I am interested in the affairs of our county; therefore, I am interested in the Republican party and it's nominees, but I am especially interested in Mrs. Calloway who is a candidate for treasurer, because she is a friend to the women of our county. Recently I needed assistance. After all others had failed me, I called on Mrs. Calloway and within a few minutes she had everything all right.

I know one lady who is about 70 years of age that walked five miles to Clanton to get our treasurer to advise her how to get some food, clothing and medicine for her husband, who was sick. Even though it was summer, Mrs. Calloway sold three quilts and gave her the $12.00, thereby keeping her off charity. I want to ask, would a man who held office aid a woman this way?

The women of our county are citizens and taxpayers. It is only fair to us that we have one office at least where we can feel free to go and stay if we want to. The county has fitted up this office for us, and I see no reason now of abandoning these fixtures and room, as would be done if Mr. Smith is elected, because he is assistant cashier of the bank and will be compelled to stay at that place, since that position demands his time.

During this depression it seems to me that any person having one job should be satisfied, withut asking for two, and since Mr. Smith would have two, I do not believe he could give in part of his time the efficient service that Mrs. Calloway renders us all her time.

I hope that every voter will go to the polls on November 8th, and vote for the person who will gve us the best service in our county affairs. I believe if this is done, that all our Republican nominees will be elected. Yours truly.—Mrs. M. E. Hawkins. (Paid political adv.

Mayor and Mrs. J. Lee Smith have returned from a recent visit to Gulfport Mississippi.

Mrs. Trotter of Martin Dam was the week end guest of Mrs. M. L. White.

You Can Now Get

The UNION-BANNER

THE LEADER
MANAGER, M. LANDE

CLANTON, ALABAMA

THORSBY SECTION

(S. E Norton, Manager)

Born to Mr. Vinson H. Sutlive and Mrs. Ruth Gerald Sutlive, Saturday, October 29th, a son, Vinson Hutchen Sutlive, Jr., weight 8 and three-fourths pounds, all doing well.

Mrs. E. W. Butler has been confined to her bed for more than a week with erysipelas. Mrs. Charles A. Peterson is now convalescing from an attack of the same disease.

The rally day services at Thorsby Congregational church last Sunday were very interesting. In the Sunday school there was a report from each class, either by the teacher or secretary, of the work accomplished during the past year; also a contribution to the program from each class, either by an individual or a group. There were also reports from officers of the years' work. One item of special interest was an exhibition by the Junior class, portraying customs among the Chinese children, which fitted in appropriately with the study by the whole school of Chinese missions and people this year.

Rally day for the church brought many members and former members from out of town, and quite a number of Thorsby friends of the church from other churches, which had no service on the 5th Sunday.

Rev. J. E. Each preached a strong sermon from the text, "Why Cry ye unto Me, Speak unto the children of Israel that they go forward." Ex. 14-15.

Next Sunday night, Rev. Each will give another of his lectures accompanied with stereopticon pictures. The subject will be, "New thrills in old Shansi. Scenes in China." Opportunity will be given for an offering to meet expenses and whatever there may be above that will be devoted to missions. This lecture will be of special interest to those who met Miss Dizney, a missionary from China, in the district described in the lecture, who visited Thorsby about a year ago.

The Congregational ladies aid social will be held Thursday afternoon of this week at the home of Mrs. N. Laurell.

On rally day the oldest member of the home department of the Congregational Sunday school was 88 years old, and the youngest member of the Cradle Roll, was 14 hours.

On last Thursday a telegram was received from Blakely, Ga., announcing the death of a sister of mother Sutlive. Her son. Vinson Sutlive, immediately took his mother to their old home at Blakely, where she will remain for several weeks. Mr. Sutlive returned to Thorsby Saturday.

Rev. and Mrs. Each had as Sunday dinner guests Mr. and Mrs. Morris and son, William.

The Ladies Guild of Thorsby announce that they will serve a chicken-oyster dinner on election day. If weather permits, the vacant building adjacent to the town hall will be the place, otherwise comfortable quarters nearby will be secured. A plate of chicken or oysters will be served with etceteras for 25 cents. Serving will begin at 11 a.m.

The annual bazaar under auspices of the ladies guild of Thorsby will be held this year on Saturday after Thanksgiving day. The purpose of the bazaar is for the benefit of the Thorsby Institute and articles contributed for the sale, even by ladies who are not members of the guild, will be welcomed.

Circle No. 2. of the W. M. U. of Thorsby Baptist church will meet next week on Tuesday afternoon at the home of Mrs. D. H. Gentry.

Mr. and Mrs. C. L. Lawrence and Mr. J. A. Wallace returned home after spending a few days in Birmingham.

Rev. J. W. Jones made a business trip to Birmingham Monday.

Mr. N. Laurell of Birmingham spent the week end with his family in Thorsby.

The Sunday school convention of Chilton County Association was held last Sunday afternoon at Thorsby Baptist church. Only five churches were represented.

Mrs. Sam Pate gave a birthday dinner last Thursday afternoon, honoring Mr. Sam Pate, Mildred Gore and Julia Smith, whose birthday anniversary occurred on that date. Other guests were Mrs. Julia Smith, Mr. and Mrs. George Mims, Mr. and Mrs. T. P. Gore, Rev. and Mrs. W. P. Lowery, Mrs. D. H. Gentry, Mary Louise Bates and Hattie Porter. A bountiful dinner was served and everyone enjoyed the occasion.

Mr. and Mrs. Jerome Wilson of Isabella community spent Sunday afternoon with Mr. and Mrs. W. H. Wilson.

A number of friends enjoyed a quilting party at the home of Mrs. R. R. Franklin Monday afternoon.

Mr. and Mrs. Ira E. Sarber, accompanied by Mrs. Sarber's mother, Mrs. Martha Snyder, spent Monday at the Goddard home. Mrs. Snyder will spend the winter with her daughter.

Miss Alice Polk of Clanton, who has been sick for several days, returned Monday morning to take up her work at Thorsby Institute.

Mr. and Mrs. A. N. Laurell were dinner guests at the home of the Nortons last Friday. Previous to the dinner all enjoyed the Walter Damroach interpretation horn, by radio, from New York, where Mr. Damroach is conducting what he calls a music appreciation hour program, chiefly for instruction in good music for high school students over a wide territory. We have heard him estimate his audience at four million people. Tune in on WAPI at 10 a.m. for an hour of splendid music and instruction each Friday.

Miss Minnie Pearl Sims entertained a large group of young people with a party last Saturday night.

Miss Louise Robinson spent the week end in Clanton with Miss Mary Clyde Rogers.

The Ready Sunday School Class of Thorsby Baptist church with Mrs. Reinhardt as teacher, held their regular business and social meeting at the home of Mary Louise Bates Friday night.

Miss Gladys Smith was a guest of her brother, Glover Smith, Saturday night and of Miss Juanita Each Sunday.

Miss Weston Littlefield of Cane Creek spent the week end with Miss Elwyn Robinson in Thorsby.

Dr. G. W. Leslie and daughter, Elizabeth, spent Sunday with Mr. and Mrs. William Each.

Mr. and Mrs. Mack Gray spent Sunday in Wadsworth visiting Mr. Gray's mother.

Saturday night at the dining hall a Hallowe'en party was given. The living room was decorated with owls, witches, bats and black cats. Miss Leech, Mrs. Maddox, Helen Albert and Lorene McGlawn were the committee. Most of the party was in costume. Various games were enjoyed. Picture cookies were served as refreshments. Everyone had a fine time.

This week, Saturday, Thorsby Institute will have school. There will be one session.

A week from Saturday night another program will be given by the Helen Keller Literary Society. It will be a Thanksgiving program to which every one is invited.

November 26 will be the annual stunt night to which the public is invited. Admission is ten cents.

Miss Wilma Goodgame of Birmingham is spending a few days this week in Thorsby with her parents, Mr. and Mrs. Robert Goodgame.

Mrs. D. H. Gentry and Mrs. H. O. Bean spent Monday in Jemison visiting friends and relatives.

Miss Bertha Littleton of Birmingham spent the week end with Mr. and Mrs. Emmett Billingsley.

Messrs. Lloyd Howard and Paul Davis made a trip to Montevallo Sunday.

Mr. and Mrs. A. J. Robinson and children of Jemison spent Sunday with Mr. and Mrs. Jim Mims.

Mr. Louie Wolf of Birmingham visited Miss Effie Lou Nugent last Wednesday evening.

Miss Edna Raybon and Miss Katheryn Lenoir spent the week end in Birmingham with Miss Lenoir's grand parents, Mr. and Mrs. Sam English.

Miss Roberta Marcus of Clanton visited relatives and friends in Thorsby Sunday.

Mr. and Mrs. Burns Goodgame of Clanton spent Sunday afternoon in Thorsby with Mr. and Mrs. Robert Goodgame.

Mr. and Mrs. Jim Honeycutt of Birmingham spent the week end in Thorsby visiting friends and relatives.

Miss Mary Ruth Nix spent Saturday and Sunday in Collins Chapel community visiting Miss Cuba Littleton.

Miss Myradine Martin spent a few days last week with Miss Sarah Fike at Marbury.

Mrs. Jim Nix visited her sister, Mrs. O. F. Bates, in New Salem community during the week end.

Miss Eleanor Vines of Ensley spent Saturday night and Sunday with her mother, Mrs. Henry Vines.

Mr. and Mrs. Clyde Meade, Mr. and Mrs. J. O. Johnson and daughter, Edith, visited Miss Esther Johnson in Birmingham Sunday.

Miss Theresa Bosworth of Selma spent the week end with her cousin, Miss Christina Bosworth.

Miss Pauline Leslie of Oak Grove community was the Sunday dinner guest of Mr. and Mrs. Wilbert Marcus.

Mr. and Mrs. Tom Kemp, Mr. and Mrs. Devaughn Strock, Mr. and Mrs. Donald Merchant and families spent Sunday at Centreville with Mr. Merchant's parents.

Mrs. R. R. Franklin entertained the young matrons sewing club last Thursday afternoon. Those who were present were as follows: Mesdames Earl Marcus, C. M. Gray, J. L. Mixon, Grover Bice, Julius Smith, Sidney Davenport, Webb Parrish and Varney Wyatt.

Misses Lillian and Louise Fitzpatrick returned to Ensley Monday after spending a few days with their grand parents, Mr. and Mrs. G. F. Harper.

Dr. and Mrs. Odom of West Point, Ga., spent Thursday night in Thorsby as guests of Mr. and Mrs. J. H. Goddard.

Miss Lois Thompson spent the week end in Clanton with her grandmother, Mrs. J. F. Goodgame.

Mrs. Frank Thompson has returned from Dadeville after spending a week with her mother.

Mrs. C. M. Williams and daughters, Martha and Charlene, and Mrs. H. L. Thompson spent Thursday in Birmingham.

Mr. and Mrs. Nels Peterson entertained a few friends last Friday evening. Those present were: Mr. and Mrs. Charlie Howard, Mr. and Mrs. Ernie Hanson, Mr. and Mrs. A. E. Reagan, Mr. and Mrs. Edward Howard. Different games were enjoyed after which a plate was served.

Mrs. M. D. Billingsley's children gave her a surprise birthday dinner Sunday, celebrating her 76th birthday. Those present were: Mr. and Mrs. Johnnie Billingsley, Jane and Brady, Jack Jenkins, Mr. and Mrs. Marvin Davenport, Mr. and Mrs. M. S. Smith, Mrs. Hattie Johnson, Mrs. Lelia Martin and family, Mr. and Mrs. N. L. Martin and daughter, Lola.

FROM J. N. SCOTT, JEMISON

Well, I have thought for some time that Mr. Hoover was a great man, and had made us a great president. I believed he carried a great influence among our people, and I now believe that he has made us as good a president as we have ever had in the White House.

I realize that the Democrats have him charged with every disaster that has struck the United States since he became president. They want to make it appear that he is to blame for the people not having jobs. Yes, the Democrats have him charged up with the bad conditions of the foreign countries too. They are out of jobs over there as well as here.

So I have been made to wonder if all this could be charged against our president's management. Then I said no, he couldn't have caused the drougths to come in the different parts of the United States last year. Neither could he be blamed for the storms that hit our country in different places this year.

Then I thought over the conditions of the State of Alabama; that it must be almost in bankruptcy; that our school teachers have not got all their pay for last year's work and are teaching now on a credit. What is the matter?

Two years ago we had plenty of money to pay them off with every month. I guess the Democrats of Alabama have got Mr. Hoover charged up with the bad conditions of the State of Alabama. But I want to say to the Republican voters of this county and elsewhere that President Hoover is not responsible for the conditions in which we are placed today. Neither are we Republicans responsible for the bad conditions of the State of Alabama.

But we Republicans of Chilton County are responsible for the conditions of Chilton County. Why? Because we have had the management of the county's business for the last twenty years or more. But I am sure each of us feel proud of the condition of our county, as all State Examiners give us the honor of being in the best condition of any county in the State. This I feel proud of, and I am sure the rest of the Republicans of the county feel the same way.

So, I ask all to be careful and let us not make a mistake by staying at home or splitting our ticket. I want to say let us vote straight. Why leave off Hoover and vote for Roosevelt? That would not do us any good. The Democrats will carry Alabama as usual anyway. So I ask the Republicans to stay together and hold our county together. Let us not make a serious mistake because of some frivolous things. Mistakes cause a lot of trouble sometimes and the loss of a lot of money.

In conclusion, I want to urge every Republican in Chilton County to be sure to go to the polls on November 8th, and vote the straight Republican ticket.—Yours truly, J. N. Scott, Jemison.

LEE KELLEY DIED FROM AN ACCIDENTAL SHOT

Lee Kelley, age 19 years, died last Saturday afternoon in Central Alabama Hospital, from wounds received when accidentally shot with a 22-rifle.

Reports of the accidental shooting say that young Kelley with a rifle in hand, stopped in the road to talk to a friend who was on a truck. As he attempted to set the stock of his rifle on the running board of the truck, the hammer of the gun sruck something and discharged the bullet into the side of his face. It ranged upward into his head, lodging in the brain.

The deceased was the son of Mit Kelley. He lived in the northwestern part of Chilton County. He is survived by his wife and two children.

Burial was at Providence, Beat 16, Sunday, in charge of Martin. The funeral was conducted by Rev. M. J. Parrish, assisted by Rev. W. W. Robinson. The Kelleys lived in Beat 16 prior to moving to the northwestern part of the county.

LOST A PORCH CHAIR

Mr. C. Fenn Jones reports that one of his porch chairs has been missing since Hallowe'en night. It is the supposition that the chair was carried away by serenaders.

Mr. Jones says he does not mind the boys having fun; and he would not care so much for the chair being taken away, if they had only hid it where he could find it after a reasonable amount of searching.

If anybody happens to notice a stray chair about their premises, Mr. Jones would be glad to know it so he might determine if it belongs to his porch.

Arthur Johnson, Jr., from the University of Alabama, spent the week end here with his parents, Dr. and Mrs. Arthur Johnson.

BAKER SCHOOL NEWS

Next Saturday and Sunday are our regular preaching days at Liberty Hill, as we have changed from the second to the frst Sunday of each month. Everybody come and be with us.

Miss Mary Lois Culp was the guest of her cousin, Miss Lloyd Culp, Sunday.

Miss Lucille Carroll was the week end guest of Miss Ruth Gray.

Misses Ruth Williams and Louise Jons spent Sunday afternon with Misses Pauline and Bernice Cox.

A large number enjoyed the tacky party given at the home of Misses Ruth and Hazel Gray last Saturday night.

Miss Caudell Chapman was the week end guest of her brother, Mr. Robert Chapman.

Several young people of the Highland community spent a few enjoyable hours with Misses Dessie and Gladys Wyatt Saturday night.

Miss Evion Littlejohn was the guest of Miss Virginia Eubanks Saturday night.

Miss Gladys Wyatt was the guest of Miss Mildred Coe Sunday.

The P.-T. A. met last Frday afternoon. The officers are: President, Mrs. Sarah Bates; vice-president, Miss Olene Mims; secretery and treasurer, Mr. Vernon Baker. The P.-T. A. will meet again the 11th of November.

Our basket ball team played the Concord team last Friday afternon. Although the score shows the game one-sided, 13 to 0 in favor of Baker, the players of both teams played well. The Concord boys did some excellent pass work, but seemed to have real trouble in making goals.

Willie Jackson for the Baker boys did some fine work at standing guard. Leonard Hand, center, got nearly all the tips. He also did some good shooting. Thornton, Coe, Culpepper, and Littlejohn played well also.

These two teams play again next Friday afternoon at Concord.

IN MEMORY

On Monday morning, October 24th at 7:15 o'clock, the death angel visited our community and bore away the beautiful spirit of Mr. Dock Broadhead. Uncle Dock, as he was called, was born July 24, 1856. In December 1878, he was married to Miss Elizabeth Headley, and to this union was born two sons and two daughters. One daughter, Mrs. Dora Galmond, preceded him to his grave several years ago. During these fifty-three years of married life he has been a faithful husband and father, ever doing his duty toward his home and family.

About fifty years ago Uncle Dock united with the church, and has been a faithful Christian man ever since. For the past several years he has been an active member of Mt. Nebo church.

He is survived by his aged wife, two sons, Sammie and Luther Broadhead; one daughter, Mrs. J. C. Culp, two grandsons, S. L. and Zolan Broadhead, all of Clanton, another grandson, Davis Galmond of Sylacauga, two brothers, L. B. Broadhead of Maplesville and Joe Broadhead of Oklahoma, besides a host of other relatives and friends.

Weep not, dear wife and children; our loss is surely heaven's gain. It does seem that when death comes to claim its own, it picks for those nearest and dearest to us, but we must remember that when we go to gather flowers, we pick for the prettiest flowers. So it is with God. We are all flowers of God, and He wants the prettiest and best, so as to make heaven a prettier place day by day. God knows that with those near and dear to our hearts up there we will strive harder to reach that beautiful home after we have filled our mission here. So let's not grieve because Uncle Dock is gone, but strive harder to meet him at the Golden gates of Heaven.—A Friend Loyd Culp.

DID NOT VILLIFY JACKSON

Editor Union-Banner:

I wish you would please say through your paper that the report that I had some bad things to say about Mr. J. H. Jackson is absolutely untrue. I have not villified Mr. Jackson or any other candidate from either party, and anyone who says that I have is mighty carelessly handling the truth. Thanking you, Mr. Editor, for publishing this for me, I beg to remain. Yours very truly.—J. M. Mims, Clanton, Ala., Route 7.

FIRE DESTROYED TWO HOUSES

Last Friday morning the home of Mr. Andy Jones, near West End, on the Selma Highway, was destroyed by fire. As there was no water available for use of the fire fighters, the fire had a free range, and completely destroyed the house. A vacant house belonging to Mr. D. D. Hand, next door to the Jones home, was also burned.

VISITORS FROM SYLACAUGA

Last Saturday Mr. and Mrs. O. A. Baker, of Sylacauga, visited relatives near Clanton. With them were Rev. and Mrs. Woods, who have had charge of the Mignon Methodst Church for the past four years. They returned to Sylacauga Saturday afternoon, as Rev. Woods was to deliver his farewell sermon last Sunday.

County Farm Agent's Notes

Compiled by C. E. Stapp, County Farm Demonstration Agent for Chilton County.

LAYING HENS NEED GOOD WINTER FEED

Auburn, Ala., Nov. 1.—Laying hens require adequate and proper feeding each day of the year, and they need especial attention in the fall because of cold weather and also because egg prices are higher. On feeding in fall and winter, Prof. G. A. Trollope, head of the poultry department at Auburn, said that "the laying flock requires a daily feeding of scratch grain which may consist of whole or cracked corn, or may include proportions of wheat or oats. However, oats are fed to better advantage and when incorporated in the mash.

"Sometimes the physical condition or maturity of the flock may warrant feeding scratch grain twice daily. This is especially true of early-hatched pullets that have been in production some time and have a tendency to become light in weight after a few weeks' production. Heavy feeding of scratch grain will keep them in better physical condition and may prevent the unnatural pullet molt.

"A good palatable dry mash should be kept before laying hens continuously. If the flock is not producing satisfactorily a daily feeding of moist laying mash ration may be mixed with water or milk to a crumbly, moist consistency. Feed in separate troughs to avoid waste."

Prof. Trollope then emphasized the importance of green feed. Rape, oats, Austrian peas, rye, and wheat planted in the fall provide green feed during the winter and early spring. Each of these does better planted in the early fall, but planting made in early November should help the poultryman who has not provided his supply of green feed. Italian rye grass is good.

FARMERS ARE BUSY WITH WINTER WORK

Auburn, Ala., Nov. 1.—Following harvesting of crops progressive farmers are now turning their attention to saving what they have made, to improving their farms, and to taking care of their buildings and eqiupment. Jobs on the farm are (1) killing insects in corn and other stored grains; (2) eradication of rats and mice; (3) terracing of land to prevent erosion; (4) proper storage and repair of farm machinery; and (5) repairing buildings, fences, gates and other things.

Home orchards, too, are receiving attention. New plantings are being made while old trees are being pruned. Spraying will be done.

Insect control in corn and other stored grain is very important in the south half of Alabama where corn weevils are numerous and very destructive. County agents are assisting farmers in fumigating their corn after it is stored in the crib. This is done at a small cost but at a big saving.

Terracing is being emphasized. J. B. Wilson, extension agricultural engineer at Auburn, says that fall is an ideal time for terracing. County agents are receiving many requests from farmers for terracing help.

Attention to farm machinery is important. It deteriorates rapidly if left out in the weather. Storage and repair in the fall will carry it through winter without damage and ready for use in the spring.

Attention is focused also upon cotton, much of which is in the weather on the ground, and unprotected.

How Doctors Treat Colds and Coughs

To break up a cold overnight and relieve the congestion that makes you cough, thousands of physicians are now recommending Calotabs, the nauseless calomel compound tablets that give you the effects of calomel and salts without the unpleasant effects of either.

One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish,—no danger.

Calotabs are sold in 10c and 35c packages at drug stores. (Adv)

NEWS IN BRIEF

Building permits increased rapidly in Alabama during the early fall, but most of this was for public buildings. This, unfortunately, is not accpeted as a criterion for better business.

An Associated Press dispatch says that Soviet, Russia, has found in the lowly dandelion a rubber substance equal in quality to natural rubber. This announcement is based upon official information following scientific investigation.

Marked increase in the consumption of cotton in Alabama in September is reported by Prof. H. L. Macon of the department of economics of the Alabama Polytechnic Institute, Auburn. September was the biggest month in cotton consumption since 1929.

For the third consecutive year the southern farmers have reduced the total acreage planted to cotton which is the first time in 30 years for this to be done. On the other hand, the acreage was increased consecutively for five years, 1922-1926, inclusive

The National Industrial Conference reports significant advances in business activities in September over August. Gains extended into different kinds of business. Developments caused the National Industrial Conference to conclude that they are a "probable base for ultimate emergency from the current depression."

Fall of the year is an ideal time for planting or transplanting ornamental shrubs. If bought from nurseries or taken from the home lawn or from neighbors' lawns fall planting is desirable for plants to become established during winter and ready for growth the following spring and summer.

Glenn Sessions of Collins Chapel was a visitor to Clanton Monday. He was accompanied by his wife and children.

STRAWBERRY INSPECTION

County Agent, Stapp makes the announcement that all strawberry growers who have good plants and are going to offer them for sale during the next six months should let him have their names at once. Mr. Stapp states that plants offered for sale have to be inspected by the State Plant Board and that the representative from there wants to make all inspections in Chilton County at one trip in order to cut expenses.

Mr. Stapp states that he may not be able to get the inspector here more than once, and for that reason he requests that all growers who expect to sell strawberry plants to please let him have their names also the name of the association through which they will ship.

The inspector will be in the county the week of November 7th.

FARM AND GARDEN QUERY BOX

(By K. C. Davis, Knapp School of Country Life, Peabody College, Nashville, Tenn.)

Q.—You have told us how to store sweet potatoes. May Irish potatoes be stored in the same kind of place?

A.—No. Irish potatoes do not want a warm, dry place at curing time as do sweet potatoes. Get U. S. Farmers' Bulletin 847 F, from your Congressman. This gives a number of ways. One of the simplest is to store the potatoes in a heap covered with cornstalks and soil deep enough to keep them from freezing. They should be kept rather moist instead of dry and rather cold instead of warm. Just above freezing is the best temperature. A good cold cellar keeps Irish potatoes very well. This is a good time of the year to store the crop for winter.

Q.—What green feed can be provided for pigs in winter if they are fall litters?

A.—In all southern states we can readily grow winter grain, such as rye or wheat. This can be mixed with crimson clover or winter vetch or with Austrian peas. These should be thrifty before the pigs are turned on for pasture. Fall litters of pigs usually thrive better if they have plenty of green feed. The gain in weight which they make from this green feed costs very little as compared to the gain from grain.

Q.—What size of septic tank is recommended for the average family of five persons? How is it arranged?

A.—A septic tank which is to destroy all waste from the kitchen sink and bathroom drain, and allow only clear water to pass on, is a hole in the earth walled with concrete or other waterproof material. The inlet pipe is supplied with an elbow reaching below the surface of the liquid to prevent agitation of the surface. The skum where the bacteria are rapidly decomposing the waste materials. This tank may be either round or rectangular. It should have a capacity of about 150 cubic feet of liquid space for a family of five or six persons. And about 12 cubic feet for each additional person. The top of the tank may be covered with concrete or with heavy timbers and then covered with earth. The outlet pipe should extend to the garden or to some place where the water may be used for irrigation of flower beds or other plants.

ALABAMA TURKEY CROP 15 PER CENT GREATER

The Alabama turkey crop is 15 per cent greater than last year, reports F. W. Gist, statistician of the department of agriculture. Forty-eight per cent of the Alabama crop will be ready for the Thanksgiving market, 45 per cent will be ready for the Christmas market, while 7 per cent will not be ready until a later date. The latter figures are the same as those given a year ago.

The United States crop is also 15 per cent larger than last year, Gist said.

STORRS PROTESTS WAREHOUSE RULING

Seth P. Storrs, state commissioner of agriculture, has asked 300 Alabama warehousemen to join with him in a protest against the ruling of the U. S. Department of Agriculture requiring that all seed loan cotton be stored in federal licensed public warehouses or with cooperative associations.

Commissioner Storrs said "great injury is being done to the state bonded warehouse which the federal reserve bank of Atlanta recognizes as second to none in the United States. The ruling should be amended to allow the cotton to be stored in any warehouse in Alabama."

"I have been doing everything possible to get the ruling amended but up to the present time have not been successful," he wrote the warehousemen. "I have corresponded with all of our representatives in congress and both representatives and senators have been working on the matter.

L. C. Ross was excused from jury duty in the Circuit Court this week on account of the illness of his mother who lives in Athens, Ala.

Mr. and Mrs. Hoag, of Miami, were visitors in Clanton last week. Mr. Hoag is auditor for the Shakleford Motor Co., and in this capacity makes regular visits here in connection with Clanton Motors, local Ford dealers.

GRADE OF CARRYOVER COTTON IS BETTER

According to a report of the bureau of agricultural economics recently issued, F. W. Gist reports that 72.5 per cent of the carryover of American cotton on August 1st of this year was white cotton of middling and better grade, compared with 61.4 per cent of the carryover last year. Of this carryover the total amount tenderable on contract was 92.8 per cent, compared with 88.7 a year ago.

Of this year's carryover 66.9 per cent was under one inch in staple length, whereas last year 73.8 per cent was under one inch. Correspondingly, 33.1 per cent of this year's carryover of 26.2 per cent was of equal length. These figures indicate a considerable improvement both in grade and staple length of the present carryover that of a year ago. Incidentally, the carryover on August 1, this year, was 9,882,000 bales, as compared with 6,369,000 bales a year ago, this carryover representing the amount of cotton available in the United States.

GATHER WALNUTS NOW FOR SPRING PLANTING

Montgomery, Ala., Nov. 1.—Landowners desiring to establish Black Walnut on otherwise unused land should gather the nuts at the present time, says J. M. Stauffer, forest inspector in the service of the Alabama commission of forestry. Very satisfactory Black Walnut plantations may be made by direct seeding. While individual trees may grow thriftily on comparatively poor land, for a considerable stand of closely spaced trees quite fertile soil is required. Ordinarily extensive plantations should not be attempted on lands not capable of producing at least thirty-five bushels of corn to the acre.

A successful method of handling the nuts preparatory to placing them in the ground in the spring is to place a layer of nuts upon the ground, cover it with sand, then place another layer of nuts and cover this with sand, and so on until all of the nuts are stratified, as the process is called. Then the entire pile should be covered with leaves and straw upon which sand is heaped to a depth of two or three inches.

In the spring the nuts may be planted quite early. Care must be exercised in removing the nuts from stratification in order to avoid breaking off the sprouts of such as may have germinated. The nuts should be placed in holes about three inches deep, one nut to each hole, and covered with soil to a depth about one and one-half inches to two inches. The holes should be spaced about four feet each way. This close space is used with view to removing every other tree at some later period when root competition may become a serious factor.

SUPPORT THE REPUBLICAN TICKET

To the Republican Voters of Chilton County:

There seems to be some confusion in our party. I hope you people that claim to be Republicans will stand pat and vote as you have always done. If you did not get your choice in the primary, take the other people's choice and stand by them. I will support the ticket as I have always done. Be sure to go vote and get all of our people out.—Yours for the ticket, J. Dudley Collins.

CHICKEN SUPPER

There will be a chicken supper at New Salem church Saturday night, November 5, 1932. Plates will be sold for 15c. Proceeds go to the church. Come and get a nice chicken supper for 15c.

John L. Gore of Union Grove was in Clanton Tuesday.

Central Singing Society

Next Sunday afternoon the society will meet at Concord at 2 o'clock. Remember that all singers at all times have a cordial invitation to attend any and all meetings of the society. The singing at the courthouse last Sunday afternoon was excellent; our society was well represented, and we are proud of the part they took in making the singing a success.

UNION GROVE

Those who are interested in the cemetery at this place are requested to meet Friday morning, November 4th, to clean off the cemetery and church yards. Bring necessary tools to work with. Remember the date, Friday, November 4th.

Mr. and Mrs. John Gilbert and children of Birmingham spent the past week end in Clanton with Mrs. Gilbert's mother, Mrs. J. M. Curlee.

PATES CHAPEL

Mr. and Mrs. Rascoe Maddox of Thorsby visited Mr. Alex Maddox and daughter, Hazel, and Mr. and Mrs. E. J. Hayes.

The mother and sister of Mr. J. M. Raniwater, of Bessemer, visited Mr. and Mrs. J. M. Rainwater, in this community, Sunday.

A surprise party was given in honor of Miss Emily Pate Saaturday night at the home of her parents. Games and music were very much enjoyed by the young people of this community. Those present were Misses Marjorie Price of Clanton, Jewell Wilson, Zemma Hayes, Mildred and Martha Hayes, Lorene and Lucille Cleckler, Minnie Porter, Carrie Bolton, Maude Wallis, Emily Pate. Messrs. Eugene and Erastus Cleckler, Ervin Pate, Eve Dawson, Lee and Pink Hayes, Harvey Devenport, Lawrence Pitchford of Birmingham, Richard Bolton, Lee and Ernie Childress, with Messrs. Steve Pate and Ernie Childress as musicians.

Miss Minnie Porter returned home after an extended visit with relatives and friends in this community.

Mr. and Mrs. Newman Hayes and Mr. Dan Hayes and Mrs. Ben Childress from Loxley have been visiting friends and relatives in this community this week. They returned home Sunday morning.

Mr. Marvin Champion, who has been visiting up here returned to his home at Loxley Sunday.

Mr. and Mrs. Chester Maddox and Messrs. Alex and Enoch Hayes attended the singing at the Clanton courthouse Sunday.

Next Saturday night and Sunday, November 5th and 6th, will be preaching days at Pates Chapel, with Rev. M. Lockhart in charge; starting Saturday night at 6:30 and Sunday at 10:00. Everybody come and be with us. We will guarantee you a good sermon.

Mr. and Mrs. Bob Randall, nee Miss Esther Farley, of Nashville, Tenn., returned home last week after spending a few days with the latter's parents, Mr. and Mrs. J. B. Farley, of Lay Dam Road.

The Banner and Post, 1 year for $3.

GRIST MILL

The Grist Mill at the Will Plier Place is being operated by Mr. Edwards. He will appreciate the continued patronage of the people of this section

EASTERN DISTRICT W. M. U.

Clanton Baptist church is preparing for hundreds of visitors Thursday and Friday, November 3rd and 4th. A meeting of the W. M. U. of eleven associations in eastern Alabama will convene at that church, beginning Thursday afternoon at one-thirty, and closing at four o'clock for the afternoon session. The night sessions begin at seven o'clock and close at nine. Friday morning the meeting begins at nine o'clock and closes with a luncheon at which the W. M. U. of Unity Association acts as hostess.

All visitors are invited to spend Thursday night in Clanton. Mrs. E. E. Upchurch is hospitality chairman.

Every Christian is invited and every Baptist is urged to take advantage of this unusual opportunity to hear some of our outstanding speakers. See last week's issue of this paper for the full program.—Mrs. S. J. Ezell, district vice president.

C. M. BILLINGSLEY WRITES

Editor Union-Banner:

Please allow me a small space in your valuable paper to say a few words in regard to Mr. C. L. Wilkins, who is now a nominee on the Republican ticket for a member of the county board.

First: I would like to say that I have known Mr. Wilkins for a number of years and have found him to be an upright, honest, Christian man. In his community in time of trouble and need he is at his deeds, helping others, service with a smile. So dear people, let's all gve him our support and influence and try to make him winner in the out-come.

Mr. Wilkins believes in the people electing a county superintendent. He says that the people's wishes are his wishes. Mr. Wilkins is now serving as trustee of Enterprise School, and is always ready and willing to do his full share in cooperating with the patrons and looking out for the welfare of their children. And I believe Mr. Wilkins will do the same, as I have stated above, in helping cooperate and serving the people and helping to give each child his or her share of education.

In conclusion, dear voters, let's all give him our support in the November election and cooperae with each other, and try to make our county and schools prosperous. Respectfully, I remain.—C. M. Billingsley. (Paid political adv.)

GILBERT COBB McNEILL

Mr. Gilbert Cobb McNeill, age 64 years, died at his home in Jemison last Sunday morning. He is survived by his wife, Mrs. Lelia McNeill; two sons, W. B. and J. H. McNeill; one brother, Dr. R. B. McNeill, of Jemison; one sister, Miss Elizabeth McNeill.

Funeral services were held Monday at Cobb cemetery, conducted by Rev. R. M. Honeycutt. Burial was in charge of Spigener.

D. S. ROBINSON WRITES

Editor Union-Banner:

Please allow space in your paper to say a few things.

I want to say first: I endorse Mr. J. E. Dorminey's letter of October 20. Because he lines up with the minds and resolutions of the mass meeting held at Clanton, October 1, of mhich I was selected as a member of a committee with R. J. Jackson to see some of the members of the Board of Education of Chilton County and ask them if they would agree to the resolutions of the people at the mass meeting and adopted. As I understand, all the nominees of the school board to be voted on November 8th, are in favor of the people in a majority to petition to the board of education, by vote, for the superintendent of education. But, Mr. S. J. M. Webb, when the resolutions of the people was read to him he said no, I won't agree to the people voting, they have no right to make laws, I will appoint by law and gave Article 7. Section 138 page 58.

Now voters, I do not want to write a long letter. You only wanted one answer and Mr. Webb answered no while the other nominees yes.

Now, Mr. S. J. M. Webb, you said in your explanations that you began by asking, are you all straight, upright and Christian men? They answered yes. Now, Mr. Sidney J. M. Webb, you know that is not so. You know you did NOT ask any such question.

Now, you write in your explanation that you suggested that they petition the board for the man they wanted as superintendent of education and you would give it careful consideration. Now, Brother Webb, you know you did not make any such statement to us as committee of, and for the people. I notice you say you are always glad to help on any question in which the interest of our boys and girls is at stake, and not the interest of some defeated and disgruntled politicians.

Now voters, you hear or see what Mr. Sidney Webb calls your committee in the above. You also hear Mr. R. J. Jackson's reply. If the writer had left Mr. Jackson off it would have been alright, but he said politicians. So far as I am concerned, no person has ever heard me murmer or note any dissatisfaction as to my defeat. It is alright, let the people rule and not someone who wants to stay in office as the writer of Mr. Webb's explanation, as I see it.

I could say more, but excuse me. I remain loyal to my people.—D. S. Robinson.

FOR WILKINS

Editor Union-Banner:

Please give me space in your paper to say a few words to the voters in regard to Brother C. L. Wilkins for a member of the county board of education. I have known Brother Wilkins a long time, and have had a lot of dealings with him, and I have always found him to be a straight man in business. And know him to be as good a school man as I have ever worked with.

So I don't think anybody will make a mistake to vote for him. But for me I shall vote the entre Republican ticket straight, and don't see how any true Republican can do any thing else. Yours for success.—C. B. Huett. (Paid political adv.)

CLANTON METHODIST CHURCH

We are drawing to the close of this conference year. Let every member of the Methodist church, and all those who are friendly toward us, do all you can to help us toward a good report. The pastor has done faithful service in Clanton and in Chilton County, and now is the time that he would like to have expressions of appreciation in a way that will drive the wolf from the door.

Our services next Sunday, Sunday school at 9:45 and preaching at 11 a.m. Preaching Sunday night at 7 o'clock. We are pleased to see many strangers in our congregation every Sunday. Come and worship with us, but do not leave until we know you.

We only have two more Sundays for this year and let's make much of them. The pastor will preach next Sunday afternoon at Isabella at three o'clock. This will be the last service for this church for this conference year.

PLEASANT GROVE

Next Sunday is our regular preaching day. This will be the last appointment for the conference year and we will elect new church officers for the coming year. Let's show our appreciation to Brother Stewart for his good work by attending next Sunday.

Mrs. M. C. Henley visited her sister, Mrs. Joe Grooms, of West End, Clanton last Thursday.

We regret to learn that Mrs. Sanders has been worse for the past week.

Mr. M. K. Headley spent Saturday night with his brother, Mr. Walter Headley.

Mr. and Mrs. Relius Headley visited Mr. and Mrs. Walter Headley Saturday night.

Misses Morene Headley and Thelma Stewart spent a few hours with Miss Inez McKee Saturday night.

Mrs. C. W. Blackwell and children dined with Mrs. G. W. Stewart Sunday.

Mr. and Mrs. Mack Durbin visited Mr. and Mrs. John Jackson of Liberty Hill Sunday.

Miss Ruth williams is spending a few days with relatives of Liberty Hill community.

Mr. C. W. Blackwell dined with Rev. Payton Sunday.

Mr. and Mrs. M. C. Henley and children, Douglas and Edna, spent Saturday night with Mrs. Henley's parents, Mr. and Mrs. John Jackson, of Liberty Hill.

Mr. T. G. Headley visited in Fairview community Saturday night.

Miss Norene Headley dined with Miss Thelma Stewart Sunday.

Rev. Stewart filled an appointment at Concord Sunday.

Mr. Cyrill Williams spent Tuesday night of last week with Mr. T. J. Headley.

Clyde and Earl Headley visited Zolan Broadhead of Mt. Nebo community Saturday night.

Mr. and Mrs. Cyrus Hayes of Clanton visited the latter's parents, Mr. and Mrs. H. Headley, last week.

We were glad to have Messrs. Parnell, Ratliff and James Burnett of Antioch community visit in this community Sunday night.

Mr. Johnson Maddox visited in Mt. Nebo community Sunday afternoon.

CITIZENS FOR WILKINS

Editor Union-Banner:

We, the undersigned citizens of Enterprise, in Beat 6, do hereby recommend C. L. Wilkins, the nominee one the Republican ticket for member of board of education, to the voters of Chilton County. And do hereby ask all of our friends to be sure to go and carry all you can and vote for him. We feel like we know him to be the man for the place. We have known him a long time and have found him to be truthful, honest and a good worker in school, church and in our community. We are sure he will be fair to all. He has an interest in the children, and he will do all he can to help us poor people:

W. W. Broadhead, E. B. Stroud, W. Y. Keel, B. L. Taylor, D. E. Patterson, W. L. Chandler, Mrs. W. L. Chandler, W. C. Chandler, E. P. Edwards, Emmett L. Edwards, C. B. Huett, Jasper Edwards, C. M. Billingsley, C. W. Gray, L. P. Cagle.

J. J. Deloach, W. W. Stroud, L. L. Brigance, J. S. Kelley, Mrs. Eula Stroud, N. O. Stroud, C. C. Gray, Mrs. C. C. Gray, H. E. Pierce, Fannie Pierce, Corine Brigance, J. W. Hathcock, R. G. Chandler, L. A. Wright, J. E. Moore, Whitt Moore, A. E. Wilkins, S. S. Brigance, G. W. Moore, R. L. Moore, Perlia Moore.

R. N. Wilkins, Mrs. N. B. Wilkins, O. O. McCrory, P. M. Moore, A. J. Wilkins, Susan Moore, C. C. Vinson, P. M. Hill, W. K. Johnson, M. L. Billingsley, G. Silas, J. D. Yeargan, A. L. Pierce, E. B. Tucker, C. C. Tucker.

MRS. LAURA MASON WEBB

Mrs. Laura Mason Webb, age 46 years, died at her home in Isabella community Monday night, October 31. Burial was at Mulberry cemetery Tuesday afternoon at three o'clock, in charge of Spigener. The funeral was conducted by Rev. G. G. Williams and Rev. Buford Lawrence.

Mrs. Webb is survived by her husband, Sidney J. M. Webb; one son, O. M. Webb, of Russellville; one daughter, Miss Avoleen Webb, at home; six brothers, D. O., A. R., A. B., Malcolm, G. E., and E. M. Manning; two sisters, Mrs. Jeanette White and Miss Lona Manning.

CARD OF THANKS

We wish to take this means of thanking those of this community who so willing rendered their services to us during our recent bereavement. Also Dr. Hayes who was so faithful and did all he could to save the life of our dear husband and father. May God's richest blessings abide with each of you is our humble prayer.—Mrs. Lizzie Broadhead, Mr. and Mrs. S. L. Broadhead, and family, Mr. and Mrs. J. C. Culp.

Y. W. A. MEETING

The Y. W. A. had its regular business meeting Thursday evening at 6:15. The following officers were elected: Gladys Williams, president; Vivian Grya, vice president; Gertie Fiquette, secretary; Julia Ruth Hester, assistant secretary; Annie Mae Foshee, reporter; Odine Thomas, pianist; Carrie Foshee and Ruth Sessions, social committee.

The following members were present: Maggie Rollins, Ruth Sessions, Celestia Boockholdt, Carrie Foshee, Mary Lee Pyron, Vera Jones, Bernice Williams, Odine Thomas, Gladys Williams, Gertie Fiquette, Julia Ruth Hester, Vivian Gray, Annie Mae Foshee, Mrs. Mullins and Zora Guy.

Our next meeting will be Thursday, November 10. We want every member to be present.

IN MEMORY

On Wednesday afternoon, October 19th, the death angels visited the home of Mrs. Walter Poole and bore away the sweet spirit of a dear loving wife, mother and grandmoher, Mrs. W. S. Cox, to that beautiful home above. Grandmother has suffered heart trouble for the past several years, but during the years of suffering and pain she bore it with patience 'tll October 19th, when the dear Lord sweetly whispered, my loved one, come home.

Grandmother was the daughter of Mr. John McKee. She was born in 1860. In 1879 she was married to Rev. W. S. Cox. They have lived very peacefully together for 53 years. Grandmother was one that loved home. She stayed at home, attened to her own business, molested no one and was considered one of the community's mainstays for a long time.

Her neighbors would ask her for advice and her opinion, that her word would do to depend upon. She was an energeic worker, a highly reputable citizen, a true Christian, a woman without reproach, highly honored and respected among her neighbors.. Grandmother was faithful and zealous. Even before her conversion, she lived up to a high moral standard. She was true to her friends and church. Her friends were numerous, who bore testimony that a good true woman had passed away.

Her last serious illness was of only a few days duration, but she was sustained by a Christian belief and seemed to have no doubt of her way being clear. How lonely we feel since grandmother has left us. There is a vacant chair in her home that can never be filled. Her sweet smiles we will see here on earth no more, but how sweet it will be resurrection day for grandmother to appear before us with snowy wings in the beautiful beyond.

Oh what a consolation it is to know that grandmother is feasting on the manna and drinking at the fountain that never will run dry.

Lord help us all to live so that when our work is finished here, that Thou wilt say "Well done, cme up higher and live with grandmother and many other precious ones, where there is no more heart-aches or pain, but all is happiness."

Grandmother leaves to mourn her loss, a husband, Rev. W. S. Cox, and eight living children. Messrs. C. B., Joe, John and William Cox of Clanton, S. C. of Chavies, Clarence of Hackleburg. Mrs. Walter Poole of Clanton and Mrs. J. M. Roper of Deatsville. Thirty-two grandchildren; 6 great grandchildren and a host of friends and relatves.

The body of the deceased was buried at Concord Thursday, October 20. The funeral was conducted by Rev. Ezell and Rev. Lowery.

The pallbearers were: Messrs. Earle Robinson, W. T. Cox, John McKee, Reedie Taylor, Crit Jones, and J. D. Williams. Honorary pallbearers were Mrs. W. T. Cox, Misses Ruth, Louise, Sallie Jo, and Willie Be Cox, Gladys Roper, Lucille, Mary Charles and Clara June Cox, and Mrs. J. D. Williams.—A granddaughter, Mrs. Rubye Cox Williams.

Wallace Jones, salesman for Moore & Handley, spent the week end here with his mother, Mrs. Willie P. Jones.

Misses Maggie Shaw, Elsie Busby, Messrs. Fred and Pratt Busby spent Sunday here with relatives.

COMMON SENSE SHOULD WIN

Mr. Coolidge can and did talk to his fellow Americans about their presidential choice with an effectiveness that only one other great American, Al Smith, possesses. Though poles apart in origin and diction the two speak the same language. It is the language of America. Mr. Coolidge talked it the other night and he convinced with it.

If the Republican campaign had started on such a note six weeks ago, we would be in situation far different from the one we are in today. If the spirit of common sense can still win for Herbert Hoover, Mr. Coolidge's speech should be at once adopted as the campaign phrasing of it.—New York Post.

The theater business in New York is said to be picking up. The comedians probably draw a good many former stock market speculators who want to see other fellows make fools of themselves.—Dayton Daily News.

Maybe in a few years Uncle Sam can save the expense of holding elections by just letitng the Literary Digest do it.

Viewing the sizable figures involved in savings by the energetic Mayor McKee in New York, it must be said that he had a golden opportunity.

NATIONAL AFFAIRS

(By Frank P. Litschert)

Those of our international statesmen who think that our tariff is too high and that prosperity will suddenly and magically return to us if we turn over our great American market to the cheap labor of Europe and the cheap agricultural products of South America, Canada and Australia ought to receive a great deal of enlightenment from the hearings which are being held in Washington on the subject of dumping. According to the charges, which seem to be well substantiated, many foreign nations are now engaged, in spite of our protective tariff, in the practice of dumping on our shores large consignments of commodities below the cost of production. The hearings are being held by Captain F. X. A. Eble, U. S. Commissioner of Customs, and if the practice of dumping is proven it is expected that Secretary of the Treasury Mills will be asked to bar the products from American ports.

In all, there have been sixty complaints of dumping recently which is five times as great as the number of complaints ever filed at one time before. One of the conditions which has helped bring this about is the system of greatly depreciated currencies abroad, which enables the foreign employer to grind down the wages of his employees to a greater degree than ever before.

One of the most flagrant cases of dumping is said to be that engaged in by Japan in the grass and rag rug manufacture. The once flourishing American grass and rag rug industry, it is said, has been virtually wiped out by this competition from Japan. Some of the appeals received in connection with this demoralized industry are described by Captain Eble as pathetic. In part, the commissioner said:

"While the large industrialists can afford to come to Washington to present their cases, there are many employers throughout the nation who cannot do so. Many owners of small factories employing from 25 to 500 hands have felt the pinch of foreign competition and have failed without registering a complaint." It is further stated that the American grass and rag rug industry which formerly employed around 150,000 workers has been so hard hit by the Japanese imports produced by laborers being paid from fourteen to fifteen cents a day, that there are only two factories left in the United States. It is said that it costs these American factories which pay American wages, six dollars to produce a rug that the Japanese offer for seventy cents. It is to be remarked further that the American homeowner who buys this cheaply made Japanese rug, which has put the American industry out of business, does not benefit from this cheap imported price. By the time the rug is offered to the consumer it costs him almost as much as the American rug would cost him. The great margin of benefit goes to the importer and the other hands through which the Japanese rug passes.

The industry is cited as only one example Captain Eble says that the complaints came from industries all the way from steel to tuna fish and that the industries involved, and which are being throttled by foreign dumping, ordinarily employ several hundreds of thousands of men at good American wages. Hearings will be held for other industries too, such as incandescent lamps, manganese, calf leather uppers, porcelain, paper, wood pulp, toys and steel.

Doubtless we will hear little if anything about the evils of this dumping by our free trade friends. They are too busy spreading the flase propaganda about our present protective tariff.

COUNTIN' 'EM JUST A LITTLE EARLY!

It was rather a coincidence, but last Wednesday evening we noticed a hot editorial in the Chilton County News directed "To the Republicans of Chilton County." On the evening's mail we also received our Birmingham Post and Montgomery Journal. The Chilton County News allowed: "We will give you the names of Republicans of national fame who . . . are turning their backs on the Republican party and who have pledged their support to Gov. Roosevelt,—Senator Borah, Senator Norris, Senator LaFollette, Hiram Johnson and others." But the above named two dailies contained something like these words from Senator Borah: "The greatest speech in Hoover's interest was made by Al Smith at Newark last night when he was attempting to speak for Roosevelt. When an outstanding leader of a great political party comes out and refers to the liberty-loving and God fearing American people as an 'aggregation of bigots' then there should be doubt in the minds of our people as to where they should go."

Of course our neighbors did not intend to run into conflict and thereby mislead their good friends, the Republicans of Chilton County, but they were just simply guilty of the ago-old charge of "counting their chickens before they hatched." It is true that some of our Republicans are a little sore with the administration, but so long as the Democrats have to submit to the leadership of such men as Al Smith, Republicans can rest assured that sooner or later our "chickens will come home to roost."

MORAL ECHOES

(By D. W. Haskew)

One day at noon the farmer completed the plowing of a ten-acre cut of corn. The tall, rich stalks stood up as high as his head and the farmer was delighted. Everything pointed to a rich harvest. Late that afternoon there came up a heavy rain and much wind. The field of corn was left lying flat on the ground, like a log had rolled over the entire plot of ground. The farmer looked on with dismay. Bright and early the next morning the entire force of that farm was in that field of corn straightening it up as best they could. Many stalks were broken off, many more were torn up by the roots, but the farmer lifted the most of it and braced it with dirt. The yield was not what it would have been without the storm, but by putting forth an effort to save his crop he was able to fill his barn. As parents, do you have a promising family? When your children are young your heart fills with gratitude. You may expect the storm of the world to sweep over them, and some of them will be laid low. When you find that your hopes have been blighted, do not give up. Without delay get among those fine boys and girls and straighten them up. Blessed is the family over which the storm of the world never blows.

I stood beside an old oak tree, and observed that the lichen that grew upon its body and limbs had no signs of life. This fern-looking growth had parched because there was no moisture in the air. A short time after this the rain was in abundance and this fungus plant growth was green and flourishing. There was moisture in the air and the dead had come back to life. We do not have to travel far to find church members who have forsaken the house of God. They never go where there is to be had the life-giving power of the Spirit, and like the lichen, they die on the body of the church. The spirit of God moves through his church to bring life and growth to all alike, but if we live in the blistering ways of sin, we are sure to die even if our names are on a church register. The soul that shows signs of life is the soul that lives in the moist atmosphere of the spirit.

A countryman visited a shipyard where great ocean steamers were being constructed. For hours he looked on as the workmen toiled away at their task. He knew that something unusual was being built and finally he nudged his companion saying, "That there thing is not being built for here." A few days later he returned to the ship yard to witness the launching of that ocean steamer. Everything was ready, the signal was given and the ship started to moving down the runway. As she glided down and settled into the water the some old countryman slapped his pal on the back saying, "I told you so, Sam, that thing was not made for here." This world is just God's ship yard where he is making men and women for another world. The Trinity is putting too much into human life for it to be made for this world alone. When the job is complete and we glide down into the ocean of eternity, then we will know that we are "Not made for here." This mortality will put on immortality. The reason why our loved ones leave us is because they are made for another world. Some day we are going to sail the eternal sea for we are not made for here.

When I was a boy I was playing with some mud and wax that I had scraped from a bee gum. Out of the mud I made a ball and placed it in the blazing sun. I also made a ball out of the wax and placed it beside my mud ball. The hot sunshine beamed upon each ball alike. The rays of the sun made my mud ball almost as hard as a rock, while the same rays falling from the same sun melted the wax ball. Often we wonder why it is that some people grow hard and harder under the touch of Providence, while others melt and respond to the rays of God's sunlight. The same touch of Providence will melt one heart and harden another. Pharaoh's heart was made out of mud, while the heart of Israel was made out of wax, and that is why one was made harder and the other softer under the touch of God.

I was in the home of a Christian woman a few days ago who was the humiliated owner of a modern bathing suit. She related to me her first venture before the public clad in her new garment. Said she, "I bought me one of these things and got into it and ventured into the water. I was never so shamed and humiliated in my life. After a period of misery and shame I got back to the clothes that I should never have discarded, and when I was properly clad I felt like I was due the world an apology. No sir, I'll never be caught in one of those things again as long as I live." How I do wish that we had more of that old-time modesty. In these fast days there are things to be seen at public bathing places that no human eye should ever see, and yet the public is not only risking one eye on the sights, but both eyes are wide open. Blessed is the woman, blessed is the man who has human modesty. This virtue is rarely ever seen at public bathing places.

The MAN in the MOON

Looks Over All—
Overlooks None.

bil got his ainser

Well, folks, I have "bil's ainser" to "bob's leter" all ready to give you this week, but it is rather long, as Bill had a lot of good common sense to write his brother, and as space is a bit shy and there is so much other material which I consider better to fill my column with until I have decided to leave it off. Bill had his "trubbles" all right, but so have I.

Grady Taylor's Dogs

While riding around last Sunday afternoon, I passed the home of Grady Taylor. Noting a new pen of some kind across the road from his house, I stopped, thinking he might have some kind of wild animal penned up there. But no, it wasn't a wild animal, but a pen of dogs. I asked him if he had so many that he had to keep them penned up to keep track of them; he replied that he only had five, at present, but that he intended building up his supply pretty soon. Imagine a fellow with five dogs and planning for more. Who said "depression"? Depression or no depression, a hunter will have his dogs, though.

Claud Baker's Shoes

Claud Baker, the city mail carrier, takes the cake when it comes to making shoes last. Believe it or not, he has a pair of John C. Roberts brand shoes which he says he bought in the spring of 1924 and has been wearing ever since. That's over eight years ago, and the shoes look good for another two years at least, at that rate. Ten years wear from a pair of shoes—now how is that for making them last? I think something or somebody deserves a medal of some kind for that record. No, Claud didn't do his daily trips around his mail route all of these years in those shoes. He says they have been his "Sunday" shoes. What a man! And what a pair of shoes! Jess Baker called my attention to these shoes, and had me to listen to their record. He would do a thing like that, though—you see Jess sells this John C. Roberts brand right here in Clanton. This isn't meant for an advertisement for Jess, though—just an item I thought you might be interested in hearing about, since all I can hear about right now in some way deals with economy. That's a record in it, I think.

Ridiculous and Insulting

The most ridiculous piece of propaganda I have noticed lately appeared on the front page of The Chilton County News of last week in the form of an editorial. And, too, in that such an appeal is made to the Republican voters, especially, with all the fancy but worn out trimmings concerning the well known "white supremacy", I consider it a direct insult to the good sense of the Republicans of Chilton County that the writer of that article addresses them and offers such an appeal, in the face of some comparative facts which they, as well as the Democrats of Chilton County know are true and correct. He begins by feigning great feeling for those Republicans "who allowed themselves to be misled" in the past and voted the Republican ticket. And then he forges ahead to name a bunch of rank radicals who have, in the past, cast their lot, PARTLY, according to their view, with the Republicans, but who, lately, have turned to the Democrats—some disgruntled, defeated candidates, and some disappointed plum hunters. The intimation that our Republicans might have little enough sense to be misled by such men, I repeat, and emphasize, is a direct insult to their intelligence. He asks: "Why should Chilton County be a Republican county, when it is in the center of one of the states of the famous solid South'"? In other words, he asks, that if the apple is rotten, why not have a rotten core, too? Why—indeed? We find ourselves citizens of a county operating on a cash basis, despite the fact that the last bunch of Democratic county officers we had left the county over $200,000 in debt. Our county warrants are worth 100 cents on the dollar. We are citizens of a county with a solid and firm foundation—a county run by Republicans and along Republican ideas and principles, if you please. And what of the State of Alabama's affairs? We find, too, that we are citizens of a state the financial affairs of which are in such a muddle that nobody seems to know in just how bad shape we really are. Alabama can not meet her pay rolls—Chilton County has not missed one yet, nor is she in any immediate danger of missing one. We hear nothing but more STATE taxes — no new county taxes. We hear of new STATE bond issues —we have no need for new county bond issues—we are now setting aside money and every year to pay for bond issues we were forced to float under Democratic rule. We live in a state in a bankrupt condition — a Democratic state, mind you, run by Democrats along Democratic ideas and principles—and I didn't add "if you please", either, because I don't think many people in Alabama are very well pleased with the way things have been going in Alabama lately. Is that not cause enough that our Republican voters continue to cling to their Republican ideals and principles? Is that not good reason that the rest of Alabama take a lesson out of Chilton County's Republican method book? Is that not good reason that Alabama's Democratic counties come to us, rather than that we go to them? Will a sane person go to a sinking ship, to sink with it, for the sake of sentiment, or will he remain on solid ground and invite others of that ship to come to him, and save themselves as well? I think this issue is clearly defined, and I give our voters credit for more good, common, everyday horse sense than to be misled by such foolishness.

The Tide Turns

A few days ago I could hear lots of Republicans bemoaning the looks of things. I heard numbers of them say: "Roosevelt is going to win". Not that way now, though. Republicans everywhere are getting back their smiles of hope. Quite a few Democrats, are in the same boat, too. "F. D.'s" high tide has washed far up on the rocky shore, and is now (and has been, for the last several days) settling back to its natural level. On the contrary, as Roosevelt's tide settles back, Mr. Hoover's big wave rolls shoreward, timed to perfection, to reach its zenith just about November 8th. Sane, thinking people are waking up to the fact that promises have been made by Roosevelt which no one short of a master magician could possibly fulfill.

VOTE FOR AMENDMENT NO. 3 SO SHERIFFS MAY SUCCEED THEMSELVES

A lot of people have gotten it in their heads to vote against everything that looks like an amendment; but we would like to advise our people to take special note of Amendment No. 3, which provides that Sheriffs of Alabama may succeed themselves as other county officials—not of course that their terms be extended but that they be allowed to enter their names for re-election to succeed themselves.

We can see nothing harmful about this amendment being adopted; in fact, we believe that the law of only one term has become intiquated if it ever had any value to start with. In the case of other officers the voters generally feel that if they have made good the first term are entitled to another whack at it. And usually good officials do better the second term than they do the first, on account of the fact that they already know how to run the office. This should be true with sheriffs the same as with other officers.

PERHAPS HENRY WOULDN'T CARE

In the Thomasville (Ga.) Press we read that Matt Bullard, of Baxley, Ga., wired Henry Ford the following message:

"If you criticise Roosevelt or the Democrats again, I'll tar, feather and burn my Ford car. The South has helped to make your millions. You are very unappreciative."

Such outbursts of political degeneracy as expressed by this Georgia Democrat can do nothing but hurt the South. While Southern Democrats are admittedly strong for Roosevelt and the Democratic cause, it must be admitted that few of them are so rabid as Matt Bullard. We doubt very seriously if Matt would carry out the threat he makes. Ford cars are not built on politics. They are not run on politics. Few of them will ever be burned for politics.

It is not likely the telegram evoked as much as a chuckle or a frown from the face of Mr. Ford. Doubtless he thought if Matt Bullard wants to act a fool and burn his Ford let him do it. When he has time to cool off after the election, and Hoover has finished up the job of bringing prosperity back to this country, Matt will then buy another Ford.

With the experience of last year to benefit from, every publisher will agree that it is going to require earlier Christmas copy this year to arouse the buying spirit of the public. The earlier Christmas shopping appeals are presented this year the sooner the buyers will begin shopping. Why not suggest to the public that they begin early and "purchase a little for Christmas each week?"

Our idea of nothing to worry about is whether the earth is ten billion years old as Dr. Einstein asserts. If we are to believe the prophets of gloom it won't last much longer anyhow.

It's little use. New Jersey elected an "economy legislature" and then the members voted themselves $51 de luxe swivel chairs and $24 card tables!.

The secretary who fined Premier Mussoline for some kind of a medal. Or had he his rifle at a national tournament seems in line fro some kind of a medal. Or had he made sure the Duce had fired all his cartridges.

Mayor Cermak says Chicago will be the safest city in the world by the time the fair begins there next summer. There doesn't seem to be any reason for anybody to be afraid of the Chicago Cubs, anyhow.

The voting machines in New York will contain blank rolls of paper for those wishing to register a protest vote on election day. But that is a little too much like going tiger hunting with blank cartridges.

One farm expert advocates a hundred million dollar ferilizer loan to help the farmers. Doubtless he will be followed by another expert who will advise the farmers not to raise so much as they are now producing.

25 YEARS AGO

News Items as published in The Union and in The Banner, Issues of October 31, 1907

Clanton's first lyceum number was presented at the courthouse last Saturday night.

There seems to be a financial crisis ahead. Our local banks have posted notices limiting withdrawals to individuals to $5 per day.

Prohibition carried in Jefferson County last Monday with 2,000 majority.

Dr. V. J. Gragg left Monday for Los Angeles, California, where he enters the Physicians and Suregons College.

Mr. J. H. Patton of Jemison was in Clanton Monday.

Married this week—Jesse Durham and Miss Minnie Wells, Forney Ellison and Miss Lula Cofer, A. J. L. Dennis and Miss Ola Sims, J. R. Dennis and Miss Bettie Lee Kicker, Wyatt Malone and Miss Emaline Crawford.

W. H. Smith of Goodwater has been visiting his parents, Mr. and Mrs. Patrick Smith, for the past week.

Our County Ticket

As this is the last issue of the paper before election day, I want just a few words in regard to our county ticket. We have on our Republican ticket men and women of proved character and ability. As lifelong Republicans, believing whole-heartedly in Republican ideals and principles, they merit the like whole-hearted support of every true Republican voter in the county. Let no one, within or without the party ranks deter you from that duty which is really and truly yours. By all means, VOTE! Otherwise, you are shirking your duty—duty to your party, yourself, and your fellow partisans. —Man in the Moon.

REYNOLDS WILL SPEAK AT MOBILE FRIDAY NIGHT

Judge L. H. Reynolds will speak at a Republican rally in Mobile Friday night of this week. He agreed to make the Mobile engagement when a delegation of South Alabama Republicans called upon him last week.

In a prominent front-page article in its issue of last Wednesday, The Mobile News printed the following comment upon the appearance of Judge Reynolds to champion the Republican cause in Mobile:

"The Republican county campaign committee has completed all details for a final rally to be held in St. Joseph Street, Bienville Square, Friday night, November 4th. A large attendance from all parts of Mobile and Baldwin Counties is anticipated because of the appearance on that occasion of Hon. L. H. Reynolds, Judge of Probate of Chilton County.

"Judge Reynolds has been presiding over the Probate Court in his county for more than twenty years, and during the Coolidge administration was a candidate for the United States Senate on the Republican ticket from this state. He is well known throughout the northern part of the state as a forceful platform speaker who leaves no room for doubt in the minds of his audience in presenting his subject.

"His pleasing personality and long years of public service is assurance to those attending the rally of an intellectual treat. It is not generally known that Judge Reynolds lives in a county that enjoys a high credit rating among bond buyers, as it operates on a strictly cash basis, and in bringing about this happy condition he, by adhering strictly to the adage, 'public office is a public trust,' contributed his part in bringing about this result."

We take pleasure in reprinting this comment upon Judge Reynolds by the Mobile News. His many friends in Chilton County will be pleased to see him accorded this recognition, which he so thoroughly deserves.

WE DON'T CHANGE GENERALS IN THE MIDST OF BATTLE

We don't change horses in the middle of a stream, servants in the midst of a party, generals in the height of a battle.

The best argument for the retention of President Herbert Hoover in the White House and the election of a Republican Congress, all aside from reasons that President Hoover and his party have a definite program for bringing the United States out of the doldrums and are now putting it into effect with favorable results that already are appreciable, and that we have no knowledge of what Governor Roosevelt and his party would do if they were in power.

To put in a Democratic administration would be trading a real program of national relief for a doubtful experiment.

While this depression came on all over the world the Republican party was only in control of this nation. But it is the job of that party to pull us out of the hole that we dropped into while it was in power.

No thinking person who reads the newspapers and the magazines but believes that the president, and the Congress under the president's direction, have done everything they know how to do to help the country. Now as the good effects of the policies they have inaugurated are just beginning to be felt would be a poor time to throw them overboard and try persons and a party inexperienced in handling the nation's affairs during a depression, and having no announced policy for the betterment of things that the voters can bite into.

Thinking people know that the bad times of the last three years are not due to President Hoover nor his party and most of them realize that conditions, bad as they have been, might have been far worse except for the astuteness, the intelligence, the common sense and the head of our government. Times might have been as bad, for instance, as they have been in Australia, England, Germany and in other nations less favored than ours. And Mr. Hoover was not President of England, Germany, Australia nor any other country than the United States.

Keeping the nation in the hands of the Republican party in this crisis is just a matter of self-protection. It offers to us the only way out of which we can be even reasonably hopeful.

IT JUST SOUNDS WELL IN PRINT

Governor Roosevelt's plan to "place a million men at work on reforestation," sounds well in print, but it is pointed out that even if it were possible to do so, a million men would reforest everything reforestable so quickly that they would be out of jobs almost before they knew they had begun.

New York is our most populous state and it is also among the greatest in area. There Governor Roosevelt is conducting his experiment in tree planting, and yet, so it is said, his plan is giving employment to exactly 279 men. Surely, New York should be able to use a greater number than 279 out of the proposed million for the whole United States. If that is all that New York state can employ upon this worthy kind of job, would Governor Roosevelt expect the other forty-seven states to give work to the remaining 999,721?

That would put upon the other states an average labor load of 21,271 and a fraction men each, which, we submit, would be an oversupply.

There are many suggestions to prevent hoarding but the most likely one is to rub our money with garlic.

It is only fair to point out that the automobile official who committed suicide in a moment of despondency had just read about the new planet which travels through space at the rate of 800,000 miles a minute.

When Charles Darwin was visiting the country house of a friend, the two boys of the family thought they would play a trick on the scientist. They caught a butterfly, a grasshopper, a beetle and a centipede and out of these evolked a strange composite insect. They took the centipede's body, the butterfly's wings, the grasshopper's legs and the beetle's head and glued them carefully together and presented it to Darwin for identification. Darwin looked at the bug and then at the boys.

"Did you notice whether it hummed when you caught it boys?"

"Yes," they answered.

"Then," said Darwin, "it's a humbug."

George (from the next door)—Mrs. Jones, may I use your telephone?

Mrs. Jones—Certainly George, is yours out of order?

George—Well, not exactly, but Sis is using it to hold up the window, ma's cutting biscuits with the mouthpiece and baby's teething on the cord.

—dragging feet? yes—

just a sign of that "tired feeling"

—a "run-down condition" where a tonic is needed . . . then pause and reason what may be the cause of this condition. You know . . . that red-blood-cells and their hemoglobin are necessary to carry oxygen from the lungs to all parts of the body . . . that when these blood-cells are decreased the body is weakened. Then why not build them back and breeze along in step with your strong, healthy friends?

This is now and has been the function of S.S.S.—proved by scientific research and by millions of users over decades. A truly time-tried blood tonic. Start a course of S.S.S. today and note the happy results. Two convenient sizes at all drug stores. The larger size is more economical. Don't permit anyone to "switch" you in your determination to gain better health and more strength by restoring your red-blood-cells. © S.S.S. Co.

S.S.S. builds sturdy health

A National Landslide for Goodyears!

1932 Tire Ticket

X GOODYEAR for National Leadership

FOR PASSENGER CARS

X Goodyear Airwheel for super soft cushioning

X Goodyear Double Eagle for super tire service

X Goodyear Heavy Duty All-Weather for extra endurance

X Goodyear Standard All-Weather for most motoring needs

X Goodyear Heavy Duty Pathfinder for extra low-cost endurance

X Goodyear Standard Pathfinder for quality at thrift prices

X Goodyear Speedway for great value at small cost

FOR TRUCKS and BUSES

Goodyear All-Weather

Goodyear Pathfinder

Tire Users vote the GOODYEAR ticket straight—again in 1932 as for 17 years!

By a plurality of MILLIONS, the car owners of America have elected Goodyear their FIRST-choice tire! Every year since 1916 Goodyear Tires have carried the country in steadily increasing popularity.

Why buy any second-choice tire when a GOODYEAR—the first choice—costs no more?

DIEF'S SERVICE STATION

Clanton, Ala.

IN MEMORY

The death angel visited the home of Mr. H. C. Vines on the 15th of October and carried from their midst their dear and loving mother, Sally Vines. We loved her, oh we loved her, but God loved her best, and carried her home to heaven where she will be at rest.

Our mother suffered for many years, but God, through his infinite grace saw fit to take her out of this world of sorrow and suffering. Our dear mother left 5 children to mourn her loss. But, sisters and brothers, let us live as mother did and be ready to meet mother when the Lord comes or calls for us. Our mother was laid to rest at Concord cemetery with Martin in charge. Rev. P. A. Lynch conducted the funeral services.—Mrs. Ida Lee Friday.

Mr. E. H. Freeman of Mt. Creek was in Clanton on business Tuesday.

WHY VOTE SOCIALIST?

To the Voters of Chilton County:

The voters are being told that they are "throwing away" their vote when they vote for Norman Thomas and also told that the best way to secure the things they want to secure is to get the old parties to bring them about, rather than vote the Socialist ticket. It does seem strange that the people who do not want the Socialists to succeed in their purpose should be so anxious to point out to them the best way for them to succeed. Under the circumstances one cannot help questioning the soundness of their arguments.

When a citizen votes he indorses the platform of the party whose candidate he votes for and indorses the means by which the party proposes to deal with the problems facing the country. His duty is not to vote for the one he thinks the most others will vote for, but rather to vote for the one he thinks is right. Now in what regards do the Republicans and Democrats differ? Someone may suggest the tariff as one such question, but to do so is to entirely disregard the facts. Roosevelt promises, if elected, to help the farmer. And how? The September 14, 1932 issue of the Mobile Press has the following front page headlines: "Roosevelt Proposes to Give Farm Relief by Tariff."

The plain, honest fact is that to all practical purposes the program of both the Republican and Democratic parties are the same. This is recognized by the leading business and financial interests of the country as is proved by the following quotation from the October 19, 1932 issue of Commerce and Finance which is published at 95 Broad Street, New York City. Under the heading, "Presidential Elections and Business," in this issue we read: "The truth seems to be that financial uneasiness based on the coming election cannot be said to have displayed itself. Traditionall, 'business' and Wall Street are apt to dislike the prospect of a change, and Mr. Hoover is probably the favorite of the conservatives; yet the present equanimity is exhibited while the Wall Street betting odds are being quoted around 2 to 1 in favor of Mr. Roosevelt. Something may be ascribed to the facts that no single and hotly controverted issue is at stake, that both party platforms are sound on vital currency questions, and that both candidates are men of high personal character, conservative instincts and practical experience."

Read that again, Mr. Voter, and show it to your friends. Between the two old parties there is "no single issue at stake." Both candidates are of "conservative instincts." The platforms of both parties are "sound on vital currency questions" for Wall Street.

So much for the Republican and Democratic parties. Now, what about Socialists? The problem facing us today is one of distribution. The problem of production has been largely solved. We can easily produce all we need to consume. But people are not allowed to consume it. Why? It is because the means of production and our financial institutions are owned by a few and their tax which they call "profit" and "interest" is so large that after those contributing to its production have bought all they can, there is such a big surplus left that the owners cannot use it all and so it can not be sold. In this way we get our surpluses which cause periods of industrial paralysis like we are now experiencing. As long as these agencies of production and distribution are privately owned and operated for profit we will continue to have want in the midst of plenty, whether we have Republican or a Democratic president.

It is a recognized and undisputed fact that the enormous increase of production by mechanical means and scientific processes is one of the largest factors causing the present industrial crisis. This hould not be so, for inventions and scientific discoveries that help to increase the productive capacity of human labor should enable the human race to enjoy the higher standard of living made possible by these agencies. If they were operated for use insted of for profit, this result would follow. Modern production means and processes represent the accumulated experience and discovery of humanity through all ages. They are by their nature and of a right ought to be public property. The same must be said of the natural resources which the Creator placed here and which furnish all the raw material from which all commodities are produced. These public properties are now owned by a few, and normal production is permitted by these owners only when these owners can make profit by doing so. As long as this condition exists we will be faced by the problems of unemployment and want even though our combined industry has created an abundance of the things necessary for life, liberty and the pursuit of happiness.

The Socialist party, recognizing the public nature of these agencies, are going to restore the ownership of them to the people and operate them for use instead of for profit. I say are going to, for the people are beginning to awaken to the fact that though we at present have more than two political parties, there is only one paramount issue facing us. That issue is whether we shall sacrifice the advantages of our accumulated industry, scientific discoveries and inventions by letting a few men own the means of production and have them operated for the profit of these few owners; or whether we gain our economic freedom by restoring these things to their rightful ownership and operate them for the benefit of everyone. This would enable those contributing to production to buy all that was produced and thus prevent an unsalable surplus.

The voters are finding out that the bogey stories that used to be told about the Socialists are not true and they are getting to be less shy of them just because some of their proposals are new. In spite of the efforts of both old parties to prevent it, the Socialist party will poll enough votes this year to establish its place as a major political party. It will enable them in the coming elections to challenge the old parties with a reasonable hope of gaining control.

Those who hesitate to vote for a person who they think will not be elected should remember that a big Socialist vote will do more than anything else to make the old parties do something for somebody besides the owners of the big industries and financial institutions, for they will see the handwriting on the wall when they see the voters waking up to the real issue.

Vote Socialist and help repeal unemployment. You have nothing to lose and everything to gain.—Orville H. Mastin.

EASTERN DISTRICT W. M. U. MEETING

An event that should be of unusual interest to our town and every Christian in Chilton County, and particularly every Baptist woman is the district meeting of the Alabama Baptist W. M. U. Delegates from eleven associations are expected.

The women of the Clanton Church are opening their homes to these visitors. It is hoped and believed that Clanton will give them a royal welcome.

The speakers on the program are unusually fine. Indeed, it is a meeting that we are not often privileged to attend, therefore, every one urged to make every effort to be there. Miss Susan Anderson is a recently returned missionary from Africa and a wonderful speaker. Dr. Gartenhaus was educated to become a Jewish Rabbi, but was converted to the Baptist faith and is now the only Southern Baptist Missionary working among the Jews. He is the Paul of our generation. Those coming to spend the night are urged to write Mrs. E. E. Upchurch, Clanton, Alabama.

The program is as follows:

Afternoon Session

1:00 p. m. Opening; Organization.
1:45. Devotional, Dr. S. J. Ezell.
2:00. Vice-President's and Superintendent's hour.
2:45. Prayer; Song.
2:50. Stewardship report, Mrs. Tom S. Christian.
3:05. Address, Rev. Jacob Gartenhaus.
3:30. Special music, Int. G. A., Clanton.
3:35. Mission study report and demonstration, Mrs. E. J. Duncan.
4:00. Season of directed prayer.

Evening Session

7:00. Song; Prayer.
Devotional, Miss Susan Anderson.
Special music.
7:35. Young peoples' counselor and associational young people's hour.
8:00. Address, "Extension Thru People's Work," Miss Kathleen Hagood.
8:30. Song.
Address, Rev. Jacob Gartenhaus.
9:00. Season of directed prayer.

Morning Session

9:15. Opening song.
9:25. Devotional, Miss Florence Thomasson.
9:45. Personal service report, Mrs. A. O. Green.
9:55. Address, "Launch Out," Miss Wilma Bucy.
10:25. Song and prayer.
10:30. White Cross report, Mrs. J. C. Hughes.
10:40. Address, Miss Susan Anderson.
11:20. Scholarship report, Mrs. Glenn Bradley.
11:30. Margaret fund.
11:35. Reports of committees.
12:00. Prayer.
12:10. Launching out Luncheon.

Hospitality Chairman, Mrs. E. E. Upchurch; Music, Miss Mary Ellis; Registration, Miss Lydia Williams and Mrs. John Deramus; Luncheon, November 4th, W. M. U. of Unity Association.

John H. Martin, one of the old-timers from Beat 2, Jemison, was among the visitors at the opening of circuit court here Monday morning.

SAM JOHNSON WRITES

Editor Union-Banner:

Please allow me space in your next issue for the following:

Fellow voters and citizens of Chilton County. On Tuesday, November 8th, we will be called upon to do our duty toward our government, state and county, to express our wishes through the ballot. As it is the duty of every citizen to go to their respective polling places and cast their votes for the betterment of our government.

Now, dear voters, let us try to summarize just how much our present Democratic government has done for us citizens in the past. Our state has been under Democratic rule ever since the Civil War. Now let us look back on their accomplishments. What have they done for us? If you will be fair in your own mind, you can readily see where conditions have been getting worse, financially, as well as morrally worse now in fact than it has ever been before. What is the answer? Graft and boodle.

All we can hear from our present politicians in power is tax and more tax and bond issues. Where is all this money going? It surely isn't going out for payment of our state indebtedness. We owe our school teachers their hard earned salaries. When that is mentioned, all they tell us is there is no money to pay them, but there seems to be plenty of money to pay our governor and his aides, and also plenty to pay our legislators; and another thing, there is plenty of money to take care of our state convict department. Which is of the most importance, our school children or our state convicts and politicians?

Now, fellow voters, think this over and you can readily see that the time has come when we are forced to take the reins into our hands and make a change, and the only way we can do it is through the ballot. I was in conversation last week with certain men who have just been released from convict camp No. 4 at Montgomery and they tell me that at camp Kilby and camp four they made 75,000 bushels of corn at a cost to the state of about three dollars a bushel. Where is the economy there? It would be better for every one of us, if our state would let our convicts sit in their cells doing nothing and buy their corn from the law abiding farmers of our state, and the state could save thereby an enormous amount of money, and at the same time it would provide a means for our farmer to sell his surplus corn, peas, etc., and help this state prosper.

I was talking to one of our good Democrats the other day and he said some folks and Republicans are so straight that they leaned way back, and I can truthfully say that there are any number of our Democrats trying to be so straight that they leaned back so far that they fell on their backs, and are now lying there hollering, "Hoover is the cause of this, that, and everything."

Now, voters, remember in our Democratic state our teachers are not getting their pay, but in our government, which is Republican, as any government employee will testify, they are getting their pay regularly.

I attended a meeting recently at the courthouse in which certain politicians wanted a certain bill passed in the legislature. When one of our school teachers got up and asked where they were going to get their pay from, no one answered. They ignored her question. But not only the teachers' money we are wondering about, but where is the money coming from that is sadly needed by our wood cutters, cotton- and pea-raisers. Can you answer that? But our straight walking Democrats are yelling taxes and bond issues until we are sick of hearing them yell.

Vote No on them, for it is only the same old scheme to raise more graft and boodle for our politicians to add to their already fat bank accounts. Now, fellow voters, let us all stand together and go the polls on Tuesday, November 8th, and show our grafting politicians that Chilton County is at least one county in Alabama that is tired of grafting and boodling politicians. Let's all stand by our Grand Old Party, by voting the straight Republican ticket.—Sam Johnson, Clanton, Ala.

ELECTION OFFICERS

Following is the list of election officers appointed to conduct the General Election in Chilton County on Tuesday, the 8th day of November, 1932:

Beat 1—Managers, Ben Vines, O. R. Mullins, J. L. Burnett; clerks, S. R. Powers, Miss Ruth Jones; returning officer, Ellis Ellison.

Beat 2, Box 1—Managers, J. N. Scott, Walter McNeil, J. D. Sutley; Clerks, Mrs. Nora Wells, Mrs. A. A. Conway; returning officer, W. H. Robinson.

Beat 2, Box 2—Managers, W. P. Cofer, Madison Hayes, John H. Martin; clerks, R. F. Langston, W. R. Clements; returning officer, C. W. Scott.

Beat 3—Managers, C. B. Lenoir, O. O. Calfee, C. H. Giles; clerks, Howard Oden, W. F. Deshazo; returning officer, D. O. Manning.

Beat 4, Box 1—Managers, G. O. Foshee, Raymond C. Smith, M. Lockhart; clerks, Frank Callen, Jim T. Daniel; returning officer, W. H. Gillespie.

Beat 4, Box 2—Managers, B. F. Higgins, L. E. Diefenderfer, C. C. Marcus; clerks, Mrs. W. E. Martin, M. F. Jones; returning officer, W. H. Hayes.

Beat 4, Box 3—Managers, P. T. Hinkle, Zack Lowery, J. L. Scroggins; clerks, P. D. Wilson, Mrs. Maggie Scroggins; returning officer, Emit Wilson.

Beat 4, Box 4—Managers, J. Mat Johnson, J. W. Franklin, H. A. Harris; clerks, Tom M. Parrish, Miss Libbie Dykes; returning officer, Roy Traywick.

Beat 5, Box 1—Managers, H. T. Williams, Herbert Freeman, E. L. Jones; clerks, Will Gulledge, A. M. Jones; returning officer, L. D. Hughes.

Beat 5, Box 2—Managers, Frank Hudson, W. S. Clark, Charles Cooper; clerks, B. J. Baldwin, J. A. Raines; returning officer, C. P. Jones.

Beat 6, Box 1—Managers, B. M. Deason, Eugene Mullins, Jim Cox; clerks, L. C. Keen, J. R. Owens; returning officer, W. H. Dobbs.

Beat 6, Box 2—Managers, E. B. Tucker, M. F. Lett, W. Y. Keel; clerks, Stanley Davis, J. E. Moore; returning officer, C. B. Huett.

Beat 7, Box 1—Managers, J. W. Foshee, J. E. Wallace, Clint Cobern; clerks, J. B. Hicks, R. C. McGee; returning officer, J. R. Bearden.

Beat 7, Box 2—Managers, W. M. Oden, Percy Kelly, Denson Sewell; clerks, Fred Oden, M. S. McGee; returning officer, Ben McAfee.

Beat 8—Managers, Frank Reynolds, Wade Harris, Hardy Harrison; clerks, Joe Davis, Grady Houston; returning officer, A. B. Jones.

Beat 9, Box 1—Managers, Jim Bosworth, E. N. Bentley, Zeb Lockhart; clerks, George Murrah, E. R. Piper; returning officer, J. H. Benson.

Beat 9, Box 2—Managers, Leonard Lowery, Ed Lenoir, Phil Childress; clerks, Mrs. Charlie Howard, C. C. Peterson; returning officer, R. W. Scott.

Beat 10—Managers, Bennie Dennis, William H. Thornton, L. T. Grant; clerks, O. T. J. Smith, D. S. Robinson; returning officer, O. L. Devaughn.

Beat 11—Managers, John S. Dennis, Johnnie Robinson, W. M. Cleckler; clerks, Dalton Giles, Jesse Retherford; returning officer, W. M. Heath.

Beat 12, Box 1—Managers, P. M. Cleckler, C. F. Hilyer, W. J. Vinzant; clerks, J. P. Bean, W. H. Dobbs; returning officer, P. M. Martin.

Beat 12, Box 2—Managers, J. N. Glasscock, R. T. Robinson, G. L. Glasscock; clerks, Marvin Martin, Bob Sawyer; returning officer, E. F. Conway.

Beat 13—Managers, Clarence H. Vest, W. G. Shaw, W. G. Glass; clerks, B. B. Armstrong, H. E. Harrell; returning officer, W. G. Conway.

Beat 14—Managers, H. H. Armstrong, J. A. Ward, L. G. Posey; clerks, Fleetwood Rasberry, Z. J. Jones; returning officer, Clyde Cofer.

Beat 15, Box 1—Managers, G. W. Williams, W. W. Klinner, Homer Ratliff; clerks, J. A. Crane, Walter Kendrick, returning officer, W. J. Moatts.

Beat 15, Box 2—Managers, Sam Henley, M. F. Wagoner, W. B. Cooper; clerks, V. C. McKee, Grady Culp; returning officer, M. L. Milford.

Beat 16—Managers, J. M. Parrish, S. J. Nations, J. Mid Mims; clerks, C. H. Robinson, E. Robinson; returning officer, J. L. Easterling.

EXPRESSES APPRECIATION

Mr. and Mrs. J. A. Jones of West End asks The Union-Banner to express their thanks and appreciation for the splendid help extended them after their home was destroyed by fire last week. Neighbors and friends have been very kind to them by donating necessary articles to them and their family.

Razz Langston, of Jemison, rural mail carrier, was a visitor to Clanton Monday of this week.

INSIST ON Genuine BAYER ASPIRIN

Because ....

The Bayer cross is not merely a trade-mark, but a symbol of safety.

The name Bayer tells you that it cannot depress the heart.

The tablet that's stamped Bayer dissolves so quickly you get instant relief from the pain.

BAYER

There's no unpleasant taste or odor to tablets of Bayer manufacture; no injurious ingredients to upset the system.

Tablets bearing the familiar Bayer cross have no coarse particles to irritate throat or stomach.

BAYER

NEW MANAGEMENT

— of —

Sunlite Bakery

We will appreciate the cooperation of all the Clanton people and Merchants. Our service will be to satisfy. Our intention is to give fresh delivery on time, with quality bread and cake. —Thanking you all.

J. H. Broadhead Garland Foshee Grady Taylor

They've Never Tasted a Tonic!

THESE are *not* patent medicine children. Their appetite needs no coaxing. Their tongues are never coated, cheeks never pale. And their bowels move just like clockwork, because they have never been given a habit-forming laxative.

You can have children like this—and be as healthy yourself—if you follow the advice of a famous family physician. *Stimulate the vital organs.* The strongest of them need help at times. If they don't get it, they grow sluggish. Dr. Caldwell's syrup pepsin is a mild, safe stimulant.

When a youngster doesn't do well at school, it may be the liver that's lazy. Often the bowels hold enough poisonous waste to dull the senses! A spoonful of delicious syrup pepsin once or twice a week will avoid all this. It contains fresh laxative herbs, active senna, and pure pepsin, and does a world of good to any system—young or old. You can always get this fine prescriptional preparation at any drug store. Just ask them for Dr. Caldwell's syrup pepsin.

Get some syrup pepsin today, and protect your family from those bilious days, frequent sick spells and colds. Keep a bottle in the medicine chest instead of cathartics that so often bring on chronic constipation. Dr. Caldwell's syrup pepsin can always be employed to give clogged bowels a thorough cleansing, with none of that painful griping, or burning feeling afterward. It isn't expensive.

DOOMED BATTALION

The screen's greatest thrill is here. The world sat in amazement before "All Quiet on the Western Front." It was the most remarkable, most gripping picture of its year. It won every motion picture decoration and honor that a highly competitive industry could offer. It was unusual, it was authentic, it was real.

The world has waited two years for another thrill like "All Quiet". It has not waited in vain. In "The Doomed Battalion," which will open at the Wedesonian Treatre on Friday and Saturday, November 11th and 12th, a motion picture public jaded with sex, sophistication and gangsters is promised the opportunity laid bare in the awesome turmoil of battle. "The Doomed Battalion" is an authentic chapter of the Great War, never before told, never before attempted. It is the first pocturization of the titanic struigle on the Italian front where success meant the capture after a year of super human effort of one mountain peak. Where on the western front, the front line moved back and forth over fifty and one hundred miles of territory. No man's land on the Italian front moved scarcely a mile.

"The Doomed Battalion" is a chapter from the life of a unique battle organization. It was conceived by the Austrian command and placed in charge of Luis Trenker, then a well-known moutain guide, now one of Germany's most popular moving picture stars. It consisted of sportsmen and mountain climbers. Trenker himself wrote the story and, while the picture was photographed in Universal City, the actual war scenes were filmed on Mount Lagazoi between northern Italy and the Austrian Tyrol. In the picture it is called Collalto.

Trenker was born within two hours ride of this mountain and on it was fought one of the most bitter and long-drawn out engagements of the entire world war. Its culminating scene is a terrifying dynamite blast in which the entire top of the mountain is blown off. The blast was set off for the purpose of destroying the heroic garrison which had held out for so long against every attack launched by the Italians.

Against this tremendous military background is thrown a pulsating human drama of love, honor and patriotism entrusted to Luis Trinker, Tala Birell and Victor Varconi in a remarkable love triangle.

"The Doomed Battalion" was directed by Cyril Gardner, and was photographed by Charles Stumar and Sepp Allgerier. The scenes on Collalto alone took four months and are undoubtedly the most difficult and spectacular scenes to photograph that have ever been brought to the talking screen. In sheer photographic terror, these scenes rival "Shanghai Express." In majestic beauty and gradeur, they rival "Tabu." "The Doomed Battalion" is a soul-searching and eye-filling motion picture production.

CAUGHT

Whoever says that the vogue, if it can be called that, for Western pictures on the screen is passe, will have to alter his opinions when he sees "Caught", Paramount's splendid talkie based on the life and adventures of Calamity Jane, at the Wadesonian Theatre, Friday and Saturday, November 4th and 5th.

Richard Arlen, who is starred in the picture, is seen as a lieutenant of a calvary detachment sent out to police the mining and cattle towns of the 80's where boom conditions have brought their attendant disorder and outlawery.

Louise Dressler that grand actress, is seen as Calamity, the stogey-smoking consort of badmen, the proprietress of the combination dance-and gambling-hall, and the leader of the vicious band of cattle rustlers who terrorize the community.

Into this scene comes Frances Dee as Kate Winslow. a beautiful girl from the East who has lost all her money and decides that she'll become one of Calamity's gang.

The arrival of Arlen and his soldiers bring a temporary cessation of intrigue and gives Frances a new, less bitter viewpoint—for she falls in love with this clean and atheletic young officer.

But there is trouble, soon enough. A new and violent outbreak of the rustlers results in Arlen's capture and imprisonment in Calamity's dungeon-like cellar. Out of this anti-climax comes the event which, amid a resounding tornado of gunsmoke, changes danger to serenity for the two lovers.

Edward Sloman, the director, has made a thrill-packed document in celluloid from this great, red-blooded story.

The cast is an extraordinary good one. The work of Miss Dressler as the leather-lunged and incorrigible virago of the wild west surpasses her notable achievement as the long-suffering wife in "Lightenin'."

SERVICES AT JEMISON

Rev. A. Y. Napier, a missionary to China for the last twenty-five years, will conduct services at the Jemison Baptist church Saturday night at 7:00 p.m. and Sunday at 11 a.m. and 7:00 p.m. He will show pictures on the work in China at one of the evening services and he has some very interesting curios which he will show and explain at one of the services. A cordial invitation is extended to everyone to be present.

CHILTON COUNTY MINUTES

Mr. S. J. M. Webb, clerk of the Chilton County Baptist Association, asks The Union-Banner to inform all people who may be interested that the minutes of that association will be turned over to the printers just as soon as he is able to get all the copy together. Mr. Webb's wife has been in very bad health for the past several months and died this week. This has prevented Mr. Webb from giving much time to preparing the manuscript for the minutes. He asks his brethren and sisters to be patient with him; he will get the minute out just as early as he can.

Foursquare Church

(F. E. Clements)
Pastor

Regular services as follows:
Sunday—all day for the Lord.
Sunday school, 9:45, a class for all.
Morning worship, 11:00 a.m.
Crusaders, 6:30.
Evangelistic service, 7:30.
Thursday, 7:00 p.m., mid-week service.
Saturday, 2:30 p.m., children's church.

TEN EARS IN ONE

We have had four ears of corn in one shuck and even six ears in one shuck, but now Mr. E. J. Vinson of Friendship, now comes with something outstrips either—in fact it exactly equals both the others combined. The ear of corn he presents has ten ears under one shuck, that is if there ever was a shuck on it. Some of the cobs are no bigger than a tooth-pick and have only two or three grains of corn, but they are ears right on.

MRS. STAPP NO LONGER WITH WELFARE DEPARTMENT

Editor Union-Banner:

Will you please give me space to call to the attention of the people of Chilton County that I am no longer connected with the welfare work in Chilton County. I feel that the majority of the people of the county know this, but I am still getting letters every day from people appealing for help.

I do not have time to answer these letters, and I will appreciate it if my friends over the county will pass the word out that I am no longer connected with the welfare work. I will also appreciate my friends advising any who may criticise me for not answering their letters that I am no longer in the work and that I do not have time to answer their letters.

I am always glad to do what I can to help people in distress, but I am teaching school now and practically all of my time is taken up with school work.—Thanking you for this space, I am, yours very truly, Mrs. C. E. Stapp.

CLASSIFIED ADVS.

FARM FOR SALE—60 acres, good dwelling and new barn, located 9 miles southwest of Clanton on Billingsley Road. For particulars apply to Mrs. Lovie Poole, C. B. Cox, or W. S. Cox, Clanton, Ala. 11-3-2tc

WANTED—Man with car for Chilton County. Represent nationally known line, which meets with instant response. Liberal commission. Earn up to $30.00 per week. Address, J. B. S., 601 South Lawrence St., Montgomery, Ala. 1tch

FARM FOR SALE—I have for sale a 458-acre farm, red chocolate loam soil. The land is level and very fertile; will sell cheap or trade for smaller farm. You can use a riding cultivator on this farm.—W. A. Reynolds. 10-27-2tch

WANTED TO TRADE—I have a 1928 model Chrysler Roadster 58, good condition, will swap for a good mule.—A. A. Raines, Verbena, Ala. 1tpd.

The Banner and Post, 1 year for $3.

REYNOLDS LETTER

(Continued from Front Page)

County will stop and think on their way, they will not be fooled into such a course of Democratic politicians.

Under a Democratic administration our property taxes in Alabama in 1918 were $7,832,939. It took 52,000 bales of cotton that year to pay our taxes. In 1931 our property taxes were $36,000,000, and it took 1,208,931 bales of cotton to pay our taxes that year. To make it plainer, we may say in 1918 it took 6½ per cent of Alabama's cotton crop to pay our property tax. In 1931 it took 85 per cent of Alabama's cotton crop to pay our property taxes.

Voters, are you thinking of the future of our state and county when you go to the polls and vote a Democratic ticket? It seems to me if there ever was a time when taxes should be reduced, instead of raising them, it is now. The people can not pay the present taxes, much less having them raised. Are we going to keep on giving the Democrats in Alabama free hand in raising our taxes and spending our tax money in a reckless manner until our people lose their homes by having them sold to meet the tax payments? I beg you most earnestly and most sincerely to think about this question before you vote a Democratic ticket in Alabama and Chilton County.

There are thousands of Democrats I know, who are not satisfied with the Democratic administration of our state government. But I can not understand why those Democrats who know the utter hopelessness of the Democratic course in Alabama, will continue to follow it and support it and even have the nerve to come out and ask Republicans to join them in electing Democrats to office again. I commend them to the sounder, shorter and more sensible course of quitting the Democratic party who has betrayed every interest of Alabama and help us elect Republicans. If about fifty thousand Democrats in Alabama would just vote the Republican ticket one time, you would soon see the Democratic politicians wake up and give the people some relief when it comes their turn to do so.

The leaders in the campaign for the income tax and the twenty million dollar bond issue are doing everything in their power to intimidate school teachers by telling them if they don't vote for the income tax and the bond issue, they will not get any pay for their services. Yet the Constitution of Alabama levies a special tax for schools, and The Birmingham News on its front page Sunday morning said that nearly two million dollars paid into the school funds of the state by the tax payers has been diverted from the school funds. The News backs up this statement by Mayer W. Aldridge, a certified public accountant. The school teachers have performed their duty well, and many of them actually need their money; but the Democratic administration of Alabama has taken the money that belonged to the school teachers and spent it for something else, according to he biggest Democratic newspaper in Alabama.

I want to ask have you heard any Democratic speakers or writers trying to defend the Democratic administration in Alabama? I heard Mr. Fitts speak in Clanton a short while back, and he did not even mention the Democratic administration in Alabama. But at this time leading Democrats in Alabama and in Chilton County are asking Republicans to vote for Democratic candidates for office.

Let me go back to our national campaign for a few more words before I close. It seems to me if there ever was a president who deserves re-election upon his record, it is President Hoover. If it were not for politics the whole civilized world would have long ago turned to Mr. Hoover as the man most able and best fitted by training and experience to lead us out of the world-wide economic calamity which has engulfed every country on the globe. He has saved the United States from many of the most serious results of this calamity.

Hoover, as president, inherited a war debt which cost this country 33 billion dollars; and in addition a war debt of eleven billions which Mr. Wilson loaned to Europe during the World War without any security. The Democrats are now blaming Hoover for not collecting the debt which Europe owes the United States.

President Hoover is making the greatest political fight that has ever been made in this country. He has grown in statesmanship and ability through his years of experience. The New York Times very appropriately says of him, "He is every inch a President."

I call attention to the fact that so far as I have been able to see, not a single opponent of President Hoover has specified a single instance where he has failed at any time to take advantage of every opportunity to help the distressed people of the United States. He has been on the job and he has made the only recommendation or suggestions for relief. On the other hand he had to watch the treasury to keep Mr. John Garner, the vice presidential candidate on the Democratic ticket, from passing measures that would inflate the currency and destroy the value of our money. He has had to watch and protect our gold reserve while eighteen other nations of the world went down in distress and were forced to give up the gold standard.

Mr. Hoover almost alone has protected and defended the United States Dollar. If he had not vetoed and prevented the passage of the five billion dollar pork barrel appropriations of the Democrats. I believe our conditions would be many times worse than they are today. We have not seen any panic at all compared with what we will see if Roosevelt is elected president.

Just a few words on our county affairs. I ask the Republican voters to think over the past seriously and honestly before you vote against the Republican nominees. I expect to make only one cross mark on my ballot November 8th, and that will be under the elephant. By doing so, I believe I will be voting for the best interests of all the people of Chilton County, Alabama, and the United States.

Voters, do you know that Chilton County ranks as one of the best-managed counties in Alabama? You have a splendid courthouse; a new and up-to-date jail, all paid for. You have fifty steel bridges in your county and many wooden bridges built of creosote lumber. All of them are paid for and your county has money on hand to pay cash for all operating expenses.

Your Commissioners Court at all times has tried to do what the people of the county want done. The people stated agitation for a Farm Demontrator. The court submitted the question to the people, and a majority voted for it. They employed Mr. Stapp for the job. Some time later complaint was made to the court that the county did not need a farm demonstrator. The court again submitted the question to the people and a majority again voted for the farm demonstrator. The services of the demonstrator have, therefore, been continued.

The Commissioners Court was urged to put on an all-time health unit at a cost of about $5,000 a year. This question was submitted to the people, and a majority voted against it. The Court did not put on the health unit, but abided by the will of the majority in this matter. I ask you if you do not agree this was the proper manner in which to settle these questions? The Court had the right under law to act upon all these matters, regardless of what the people might have wanted, but we chose first to find out what the people wanted, and then be governed accordingly.

We have had a Republican primary and a majority of the Republicans have nominated our Republican candidates. I urge every Republican in the county to go to the election next Tuesday and make a cross mark under the elephant, because I believe that will be the best and safest course for the future interest of Chilton County, Alabama, and the United States.—Yours very truly, L. H. Reynolds.

GENERAL MEETING OF PEOPLES TELEPHONE COMPANY IS TO BE HELD ON ARMISTICE DAY HERE

An enthusiastic meeting of a few patrons of the Peoples Telephone Company was held at the courthouse last Friday afternoon. It was decided by those present to have another general meeting on Friday afternoon, November 11th at 2 pm.

A resolution was passed urging all lines to hold meetings of their phoneholders between now and that time, and that a report be made from each line at that general meeting. All representatives of various lines present agreed to see that such meetings be held of their phoneholders, and an order was issued the secretary to mail out cards to directors of all lines calling their attention to these suggestions. It was also ordered that this notice be published in both county papers, and that all phoneholders and any others interested in the company take notice. It is hoped that a large attendance be present at the meeting of November 11th.

There is a good chance for the Peoples Telephone Company being reclaimed and put back into service for the rural people of the county. And the people are beginning to realize what they will miss if the company is let to die. The way to keep it going is to lend it your support. You can best do that by meeting with the other patrons of your line and then attending the general meeting on the above date.

SUNDAY SCHOOL CONVENTION

Program of the District Sunday School Convention to be held at Milton Baptist church, November 5th, 1932 follows:

2:30—Devotional, by L. M. Chandler.

2:40—"The Duty of a Superintendent in the Rural Sunday School" by Prof. Carl Grouby.

3:00—Reports.

3:10—Why make Monthly Reports?

3:15—"Why Grade the Sunday School?" by Rev. J. M. McKay.

3:35 — "Using the Bible in the Sunday School." Mrs. J. H. Bruce.

3:50—General discussion.

4:00—Adjourn.

Everybody is urged to attend this convention. Your presence will be appreciated.—W. J. Patrick.

POPLAR SPRINGS

Rev. Joe L. Hand will begin a meeting at Poplar Springs next Sunday night. Services will be held each day at 11 and each night and continuing for a few days.

Everybody is invited to attend.

SUNLITE BAKERY CHANGES

Mr. Snow of Meridian, Miss., who installed the Sunlite Bakery some months ago, has sold out the business to Messrs. Grady Taylor, Harmon Broadhead and Garland Foshee, all of Clanton. These gentlemen will operate the business in the future. They ought to make good in the business, inasmuch as they are all well experienced business men. We hope the new owners as well as the Sunlite Bakery meet with the hearty cooperation of the people of the town and territory around.

In making the announcement of the new management, Mr. Taylor said: "We will operate two bread trucks and will work all the small towns over the county. We will go as far south as Prattville and as far north as Calera.

"There is a little special attraction which we wish you would mention through The Banner. About the middle of every week we intend to bake a nice cake with some lady's name on it. On Saturday afternoon of that week that lady may get the cake by calling for it. We want to urge all the ladies of this vicinity to watch our windows."

Mr. Frank Massey will still be connected with the business. The cooking will be done by Mr. Stewart, a well - experienced culinary artist. These new managers promise to give the very best service within their power. Some new equipment will be added within the next few days.

CONCORD—BILLINGSLEY NEWS

Many hearts in this community were made sad last Thursday when they heard of the death of Mr. J. Bob Deramus, of Haynes. The many friends pray God's blessings upon the bereaved ones in their sad hour of sorrow.

The singing society will meet at this place next Sunday afternoon at 2:00 o'clock. All singers are invited to attend.

Mr. and Mrs. Olin Culp were visitors to Mt. Nebo community Saturday and Sunday.

Mrs. T. L. Williams and daughter, Allie, were the all-day guests of Miss Alice Williams Sunday.

Mr. and Mrs. R. H. Dickinson, of Montgomery, were visiting in this community Saturday.

Mr. and Mrs. Ocie Williams spent Monday night of this week with their mother, Mrs. Emma Williams.

Mr. T. J. Deramus is visiting relatives at Adams this week.

The surprise party at the home of Miss Clara Delle Sims Saturday night was attended and enjoyed by a large crowd.

Mr. Carson Williams, of Haynes, and sister, Miss Bessie Williams, of this place, were visitors to Isabella community Sunday.

CIRCUIT COURT IN SESSION AT COURTHOUSE THIS WEEK

The Circuit Court of Chilton County is grinding on the Civil Docket at the courthouse this week. Judge F. Lloyd Tate of Wetumpka has charge of the proceedings. We are not running a report of the disposition of the cases inasmuch as none of very much interest to the peofle in general have been disposed of this week.

Below is a list of those serving on the petit jury:

Festers T. Atkinson, Art R. Wilson, Jeff W. Satterwhite, Erby E. Littleton, John Q. Wade, Jesse C. Jones, Astro Wright, Frank Nelson, J. D. Haggard, Ed W. Miller, Jesse J. Hayes, H. B. Deal.

M. Clarence Childress, W. Abner Cox, Moses E. Donovan, E. Spann Jones, E. Newt Tracy, B. Frank Higgins, Osmond Grant, John Lee Davis, Oliver E. Edwards, Walter P. Lenoir, Fred Oden, T. Leonard Lenoir.

Walter M. Lawley, Robert Gore, Horace G. Popwell, Sam Curry, Jr., Chas. O. Bell, Charley Bates, Robert W. Littlejohn, Frank C. Mastin, A. Perry Robinson, Sam A. Henley, Oscar S. Robinson, H. M. Dykes.

Tom Driver, H. Calloway, J. B. (Bud) Littlejohn, Hoyt Freeman, Joseph A. Davis, Alphus Littlejohn, John H. Martin, John F. Poole, J. Ocie Maddox, Will M. Wright.

G. M. WYATT QUITING

On November 1st G. M. Wyatt, better known as "Mon," severed his connection with the Woco Service Station. The business in the future will be in the charge of Elwyn "Doodle" Gore.

Mr. Wyatt is giving up the business on account of ill health. He has not been able to give his full time to his business since he had pneumonia three years ago. For this reason he has concluded to rest up a while. He has been in the repair and auto service business for the past ten or fifteen years.

BED SPREAD SET GIVEN AWAY

The Womens Missionary Society of Walnut Creek church will give away a bed spread set, consisting of a bed spread and curtains on next Saturday afternoon at 5 o'clock. The things are now on display at Chicago Sales Company, and they will be given away there Saturday afternoon. All are asked to stop there and see them and ask about the particulars.

Mrs. J. P. Hayes attended the flower show in Montgmery last week.

All Republican County Candidates Win

Close Vote In The County Between Roosevelt and President Hoover

ROOSEVELT VOTE SET NEW RECORD

Hoover Wires Congratulations To Peoples Choice For President

By a popular and electoral plurality that may establish a new high record, the people have elevated Franklin D. Roosevelt to the presidency. The Republican reverse, one of the greatest in this generation for any party, apparently has put both senate and house into the hands of the Democrats by wide majorities.

President Hoover, watching the mounting returns turning with increased favor to his opponent in 41 states, sent Gov. Roosevelt, shortly before midnight, Tuesday, this telegram:

"I congratulate you on the opportunity that has come to you to be of service to the country."

The President-elect shortly before had told workers in the New York party headquarters:

"I hope all of us will do what we can to restore this country to prosperity."

The Roosevelt sweep, sending him to the White House as the third Democrat to sit there since the war between the states, carried to victory many a minor candidate for state and congressional office and rocked some of the principal Republican strongholds in the country.

The Roosevelt-Garner ticket was acclaimed on a platform advocating repeal of the eighteenth amendment and immediate modification of the Volstead law to legalize the manufacture of beer and wine. How completely or how soon this program might be put into effect, if at all, hung however on the congressional and senatorial elections.

The retunrs show a large number of candidates whom wet or dry organizations had classified as for repeal or revision had been elected to the new House, which meets 13 months hence. Five of seven senators who had been definitely elected are recorded for repeal.

From the outset the vote tabulating, all indicators pointed toward Roosevelt's election. And when New York, with her vital block fo 47 electoral votes was listed in the Democratic column, Republican hopes were shaken.

The South, successfully invaded by Hoover in 1928, was once more solidly Democratic. In addition Roosevelt was amassing commanding leads in many key states and leading narrower margins in others.

When the President conceded that the day was lost, Governor Roosevelt was leading in all but 7 states, with an electoral count of 442. The Hoover states at the time were Michigan, which had been wavering back and forth through the compilation, Pennsylvania, Connecticut, Vermont, New Hampshire, Maine, and Delaware.

GENERAL MEETING OF PEOPLES TELEPHONE COMPANY IS TO BE HELD ON ARMISTICE DAY HERE

An enthusiastic meeting of a few patrons of the Peoples Telephone Company was held at the courthouse last Friday afternoon. It was decided by those present to have another general meeting on Friday afternoon, November 11th at 2 pm.

A resolution was passed urging all lines to hold meetings of their phoneholders between now and that time, and that a report be made from each line at that general meeting. All representatives of various lines present agreed to see that such meetings be held of their phoneholders, and an order was issued the secretary to mail out cards to directors of all lines calling their attention to these suggestions. Mr. and Mrs. Grady Reynolds and their sons, Grady Jr., and Morgan, were in an automobile wreck Sunday night near Coopers. Their Chrysler car was badly damaged but none of the occupants were hurt seriosuly. The machine struck a telephone pole when the driver, Mr. Reynolds, attempted to steer through a close place to avoid hitting a parked car and a pedestrian on the highway.

A BIRTHDAY DINNER

At the home of Mr. and Mrs. Charlie Williamson, November 6, a delicious dinner was served to the family in memory of Mr. Williamson's 65th year.

About 12:00 o'clock the table was prepared in which the color scheme was green and yellow. This was a very beautiful table. Mr. Williamson was seated at the table and several pictures were taken in different poses. About 12:30 o'clock the family gathered around the table to enjoy the dinner.

In this family there are thirty grand children and two great grandchildren. To see this table you would have said there was no depression. Then in the afternoon pictures of the family were taken. I believe this was the happiest family I have ever seen. It was a surprise to Mr. Williamson, but he enjoyed the day.

About 4:00 o'clock the family began to separate, which they hope to meet again very soon. We hope the older years to him will be more brighter and happier than ever.—A Friend.

CLANTON GRAMMAR P.-T. A.

Following is the program for the P.-T. A. meeting to be held at the Clanton Grammar School on Armistice Day, November 11, 1932:

Song, America.

"In Flanders Field," by a pupil of fifth or sixth grade.

Address, "Patriotism in time of War and in time of Peace," W. M. Wyatt.

Song, "The Star Sprangled Banner."

Business meeting.

Republican Majority In County Is 250 To 600

Mrs. Calloway for Treasurer Leads the Republican Procession With 600 Majority Over Smith

Without the loss of one the Republican ticket in Chilton County was carried through to a complete victory in the general election of Tuesday.

According to incomplete and unofficial returns brought in by returning officers Tuesday night and Wednesday morning, it is shown that majorities of Republican candidates in the county will run from 250 to 600.

For County Treasurer, Mrs. Gertrude Calloway defeated Louie Smith by a majority of 592 with two boxes not reported.

For County Commissioner of the Third District, the majority of J. C. Atchison over Davis was 456 with one box not reported.

For County Commissioner of the Fourth District, Charley Duke ran ahead of J. H. Jackson by a majority of 418 with one box not reported.

For members of the County Board of Education S. J. M. Webb and C. L. Wilkins, Republicans defeated G. W. Edwards and C. R. Foss, Democrats, by a majority of about 274 with two boxes not reported.

The vote for President in Chilton County indicates a small majority in favor of Roosevelt. With three boxes not reported the vote for Roosevelt is 1555 and for Hoover 1432, giving a majority of 123 for Roosevelt. Estimates on the complete vote for President indicate that the difference between the candidates will be very small in the county with a possible small majority for Roosevelt.

Tabulation of incomplete and unofficial returns showing the vote received by each of the candidates is printed in this paper.

FLYING SHERIFF ASSISTS IN SEARCH FOR BANDITS

Selma, Ala., Nov. 5.—Sheriff M. C. Tucker, piloted by his flying deputy, Odell Garrison, took off from Legion Field here at 9 a.m. today to cooperate with the sheriff of Chilton County in the search for a bandit who robbed the Columbiana Savings Bank of between $15,000 and $16,000 at 7 a.m. Saturday.

In a fast plane and armed with rifles, Sheriff Tucker and his deputy planned to scour the countryside in search of the bandits who escaped in a light model automobile. Police and county officers were on the lookout for the pair here Saturday.

CLANTON METHODIST CHURCH

We hold our last services next Sunday for the conference year. We are wondering how many Methodist people, to say nothing about people of other denominations, have not attended a service at this church in two years. We want to see you all present next Sunday.

If you have no church home, come and worship with us.

Sunday school at 9:45, preaching at 11 a.m. Young peoples services at 6:15 and preaching at 7 o'clock Sunday night. We are calling upon all who will to come up to the help of the Lord in this time of depression. We want to conclude this year's work in a creditable manner.

Mr. and Mrs. Claud Baker celebrated the twenty-second anniversary of their weeding last Sunday. They had as their guests Rev. W. P. Mims and wife, E. V. Mims and family, Mrs. Ella Mims and Mrs. Mary J. Mims. Everyone enjoyed the occasion, especially the fine dinner.

Mr. W. P. Crump, of Tampa Fla., was in a very serious automobile accident near Tampa last Wednesday. His condition is reported very serious, and he is not expected to live, according to information given out by relatives in Clanton. Mr. Crump is the husband of Naomi Moore, daughter of Mr. and Mrs. J. W. Moore of Clanton.

First Time In Many Years Chilton Gives Majority For Democratic President

While the Republicans of Chilton County were piling up a majority as high as 600 for some of the County Republican candidates, they about-faced on the national ticket and voted what now looks like a majority of about 100 for Roosevelt and Garner, the national Democratic candidates for president and vice president.

This is the first time in many years that a Democratic candidate for President has been able to get a majority of the votes in Chilton County.

In the general election of 1928 the majority of President Hoover over Al Smith in Chilton County was 1784.

Following is the tabulation of incomplete and unofficial returns for the county in the Presidential vote:

For President

CHILTON WINS FROM ISABELLA

Jesse Frank Foshee is Shining Star of Game Played Here Friday

Chilton County High School flashed a strong offensive in turning Isabella High School here Friday in a game that proved to be a one-sided affair.

In the first quarter Jarrel Burdette alternate captain and quarterback snagged an Isabella pass and raced fifty yards for the first counter of the game. The next score came when "Gabby" Tiffin ploughed through the Isabella line for 25 yards and a touchdown. James Arnold swept the Isabella end for a beautiful fifty-five yard run to goal for the longest run of the game. Nearly every Isabella player made an attempt to stop this spinning mass of humanity, but to no avail.

The next score came from an improvised lineman, Jesse Frank Foshee, sloshed off tackle for 50 yards for his first touchdown of the game, and not satisfied he repeated the feat of scoring 6 additional points. James Arnold added another 6 points from Isabella's 15-yard line to end the affray. The defensive work of Foshee and Tiffin was also a feature of the game. The right end and quarterback were stars for Isabella in their defensive work.

The following is the outcome of the Chilton County schedule thus far:

Chilton County 0, Ramsey Tech 27.
Chilton County 0, Selma 6.
Chilton County 6, Shelby County 0.
Chilton County 13, Autauga Co. 6.
Chilton County 0, Centreville 24.
Chilton County 25, Dallas County 0.
Chilton County 37, Isabella 0.

The Chilton team journeys to Montevallo Friday, November 11. It is hoped that a large crowd of supporters will make the trip with the local team. The following Friday the Tigers take on Holtville on the local field.

Miss Mollie Hannon and Mrs. P. D. Wilson visited Montgomery Saturday.

Report of Social Service Commission of Southern Baptist Convention

Gambling

The disposition to take hazards at games of chance and tests of skill is no new thing. One of the pronounced frailties of man has ever been the sin of gambling. For contestants to contribute to a common fund or purse to be awarded the winner or to play the "pari-mutuel machine" constitutes gambling and is to be condemned.

One of the most popular and demoralizing forms of gambling is race-track gambling which includes betting both on horses and dogs. Recently several children in this fair State in which we met, Florida the beautiful, have through local option, legalized race-track gambling. This will bring to this State a lawless element from all parts of the world.

It is commonly reported that in some instances members of our churches particiate in this evil. If this be true, pastors and churches, should not cease to condemn this evil and make diligent effort to win these members from their error. Relentless war should be made upon gambling in all its forms until, as far as possible, every phases of it has been wiped out.

Mob Violence

It is a source of gratitude to be able to report that there were eight fewer measures of mob violence during 1931 than during 1930.

Records compiled in the Department of Records and Research of the Tuskegee Institute, show that there were thirteen persons lynched in 1931. This is eight less than the number, twenty-one, for 1930, two more than the number, eleven, for 1928, and three less than the number, sixteen, for 1927. Ten of the persons lynched were in the hands of the law. Seven were taken from jails, one from a hospital and two had been released on bail. One of the victims was hanged and his body burned.

There were fifty-seven instances in which officers of the law prevented lynchings, seven of these were in Northern and Western States and fifty in Southern states. In forty-five of the instances the prisoners were removed or the guards augmented or other precautions taken. In the twelve other instances, armed force was used to repel the would-be lynchers. A total of eighty-eight persons; eighteen whites, sixteen men and two women, and seventy negro men were thus saved from death at the hands of mobs.

Of the thirteen persons lynched, one was white and twelve were negroes. The offences charged were; murder, 5, attempted rape, 5; wounding man, 3.

The state in which lynchings occurred and the number in each state are as follows: Alabama, 1; Florida, 2; Louisiana, 1; Maryland, 3; Missouri, 1; North Dakota, 1; Tennessee, 1; West Virginia, 2.

While we are gratified that the number of lynchings was smaller by eight we are grieved and our civilization is shamed in the fact that during the year thirteen human lives were snuffed out by a method contrary to all of the guarantees of the Constitution and laws of the land, in a manner that threatens the very foundations of government.

All except three were within the bounds of our convention. The prophets and the people of God, all who believe in human justice, must unsparingly condemn this brutal and lawless crime till it is stamped out and our civilization is saved from its blight.

It will be observed that in fifty-seven instances mob murders were prevented by the diligence and faithfulness of officers. The same thing probably could have been done in the other instances. Let both officers and citizens do their duty.

ARMISTICE PROGRAM

The Parent-Teachers Association of Clanton Grammar School will have its next meeting at the school building at 2:30 p.m., on Friday, November 11. A special program will be rendered in recognition of Armistice Day. All members of the association and patrons of the school are urged to attend the meeting.

IN MEMORY

Mrs. Isabelle Lawley was born June 13, 1877. She was the oldest child of Thos. W., and Rebecca Ann Moatts.

She united with the Methodist Protestant church at Walnut Creek when she was about 13 years old, and she remained a loyal member until her death. On December 21, 1892, she was united in marriage to George Samuel Easterling. To this union five children were born, three of whom are still living. Mr. Easterling died July 23, 1903.

In 1907 she was married to Hiram W. Lawley. And to this union two children were born, one of whom is still living. Mr. Lawley preceded her to the grave by a number of years.

Mrs. Lawley was a kind loving mother and a devoted Christian. She had many friends because she had lived in various places, as both her husbands were preachers.

She was almost an invalid for nearly a year before her death, but she bore her affliction with all the patience that any one could. She never seemed to fret or worry over her condition, and was always cheerful when any one went to see her. She was thoughtful of others, putting others before herself. She bore her sufferng until Sunday, October 23, 1932. Just as the daylight was fading away, and the night shadows began to fall, an angel came and bore her spirit away to await the resurrection day, when she hopes to meet all her children, loved ones and friends in an unbroken circle around the throne of God.

The funeral was conducted at Walnut Creek on October 25, by the pastor, Rev. P. A. Lynch, assisted by Rev. T. C. Cassady, of the Capitol Heights Methodist Protestant Church Montgomery, Alabama, with E. J. Brand of the Spigener Funeral Home in charge.

The pallbearers were Mr. R. J. Sumner, and her nephews, Adolphus and Clay Moatts, J. E. and Clarence Easterling.

She leaves to mourn her loss, her children, Dewitt and Leonard Easterling and Mrs. Sammy Easterling Johnson of Clanton, Mrs. Ora Mae Lawley Willis of Montgomery, her mother, three sisters, and five brothers bsides a host of other relatives and friends.

Our loss is heaven's gain and we should live so that we too, could say, "I am ready," as she so bravely told us before her departure from us. Weep not, dear doved ones, but prepare to meet her in a better world some day, where there is no grief, heartaches or pain.—A Friend.

CANDY DRAWING

There will be a candy drawing at Verlie Thacker's home Saturday night, November 12th. Games will also be played. Come and bring someone with you.—Lera Burnett.

Mr. and Mrs. Horace L. Retherford woll return to their home in Tarpon Springs, Fla., this week, after spending several days on a visit to relatives in Clanton.

Ruben Willis of Montgomery was a visitor to Clanton Tuesday.

W. O. Rich of Birmingham was a visitor to Clanton Tuesday.

Reynolds Flays Dems In Speech At Mobile

Condemns State Administration for High Tax, Extravagance and Machine Rule

(Taken From Mobile Register, November 5th)

Charging Democrats with failing to present a definite program for relief of the country, and assailing the record of the Democratic party in Alabama and the present Democratic legislature as proof that President Herbert Hoover should be re-elected and Alabama depart from the one-party system, L. H. Reynolds, probate judge of Chilton County, last night addressed a medium-sized audience attending a Republican rally in Bienville square.

He was heckled from the audience at intervals, and at times engaged in repartee with persons in the crowd.

The heckling drew from William H. Armbrecht, who was chairman, an invitation to the hecklers to come to the platform "so that the audience may see the difference between the mental and physical make-up of a Republican and a Democrat." He also challenged any Democrat in the assemblage to share 20 minutes debate with him on any issue of the campaign. His challange was not accepted.

In concluding the meeting he apologized to Judge Reynolds for the "conduct of the hecklers," declaring that "they did not represent the true gentlemen of Mobile who have at times accorded a visitor the courteous attention to which he is entitled."

While Judge Reynolds extolled the record of President Hoover, his address was devoted principally to a criticism of what he termed "misadministration of the Democratic party in Alabama." He charged that governmental extravagance in the state during the long period of years Alabama has been under the Democratic rule has wiped out the state's credit.

"When you vote November 8," he urged, "I want you to judge your party by what it has done in your own state. Judge them by the results they have achieved. They are men of the same party which is seeking the presidency by the election of Governor Roosevelt.

He challenged any one in the audience to show where the Alabama legislature has appropriated one dollar for relief of the people in the present stringency, assailed failure of the state to pays its school teachers, attacked the administration of the health department and said old soldiers will not receive their pension money, not because they have increased in number, but because the money "has been used for other purposes in spite of a constitutional provision fixing its disposition."

He declared the legislature has put additional burdens on the people; and he urged defeat of the income tax amendment, stating that its adoption will put power in the hands of the state to take away every dollar the people have.

"If the Democratic legislature had the interest of you people at heart," he continued, "it would have done everything in its power to reduce taxes."

At this juncture a heckler yelled: "Let's elect Hoover to the legislature."

"You couldn't do better." Judge Reynolds retorted.

"The situation in your state is bad" he continued. "Russia was in no worse condition when the revolution came. Agriculture is the foundation of wealth in this country. High taxes is the greatest burden our people in Alabama have to bear. When you stagnate the progress of agriculture, you cripple the prosperity in your state. Your Democratic legislature has done nothing to reduce your burden."

He then launched into an exposition of President Hoover's record, stating that he had spoken at length on Alabama because it was ruled by the same party which was seeking to achieve the presidency. Touching on the stock market crash, he blamed the liberality of the laws of New York of which the Democratic nominee is governor.

"President Hoover is making the greatest political fight in history," he said. "It has become popular when mentioning him to mention distress and the depression. The Democrats of Alabama are trying to place on Mr. Hoover the blame for this world-wide condition."

He quoted from issues of the New York Times and the Montgomery Advertiser, both Democratic newspapers, statements that the chief executive is unjustly held responsible for conditions, and declared that he had inherited a $33,000,000,000 debt because of the World War, which he said was created by the late President Woodrow Wilson.

He then read a list of the relief legislation passed by President Hoover and said Mobile will get $1,000,000 for relief through the Reconstruction Finance Corporation.

"Yet they say Mr. Hoover has busted the United States," he continued, "that he has administered the greatest extravagance of any man who ever sat in the president's chair. If you want to examine a record of extravagance, you want to examine the record of your own Democrat Governor Miller. You can't point to a single relief measure today but what came from President Hoover.

"The United States government appropriated $225,000,000 for roads and $5,000,000 of that came to Alabama by suggestion of President Hoover. Why didn't Alabama get it? Because the law provides that the state must match it. What did President Hoover do? He arranged to loan the $5,000,000 to Alabama, and today you are turning loose millions in your state for roads and every cent of it came to you through President Hoover."

"For the last 25 years every governor you have had in Alabama has been a Democrat, and all of them have promised you retrenchments. The conditions that prevail today have caused the Democrats to beg the Republicans of Alabama to vote against bond issues and added expenses. If Alabama could cooly give a big Republican vote at this election it would bring your state into great notice. It isn't the tariff you need to talk about, its a job—"

"Can Hoover get us one?" a heckler called from the audience.

"He could come nearer to it than anybody," answered Judge Reynolds.

"That's the best joke you've told," the heckler retorted.

Stop Getting up Nights

Physic the Bladder With Juniper Oil

Drive out the impurities and excess acids that cause irritation, burning and frequent desire. Juniper oil is pleasant to take in the form of BUKETS, the bladder physic, also containing buchu leaves, etc. Works on the bladder similar to castor oil on the bowels. Get a 25c box from any drug store. After four days if not relieved of "getting up nights" go back and get your money. If you are bothered with backache or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get you regular sleep. Alred Drug Co., and Upchurch Drug Co., says Bukets is a best seller.

Judge L. H. Reynolds, David Hall Arant and T. E. Wyatt went to Mobile Friday and returned Saturday.

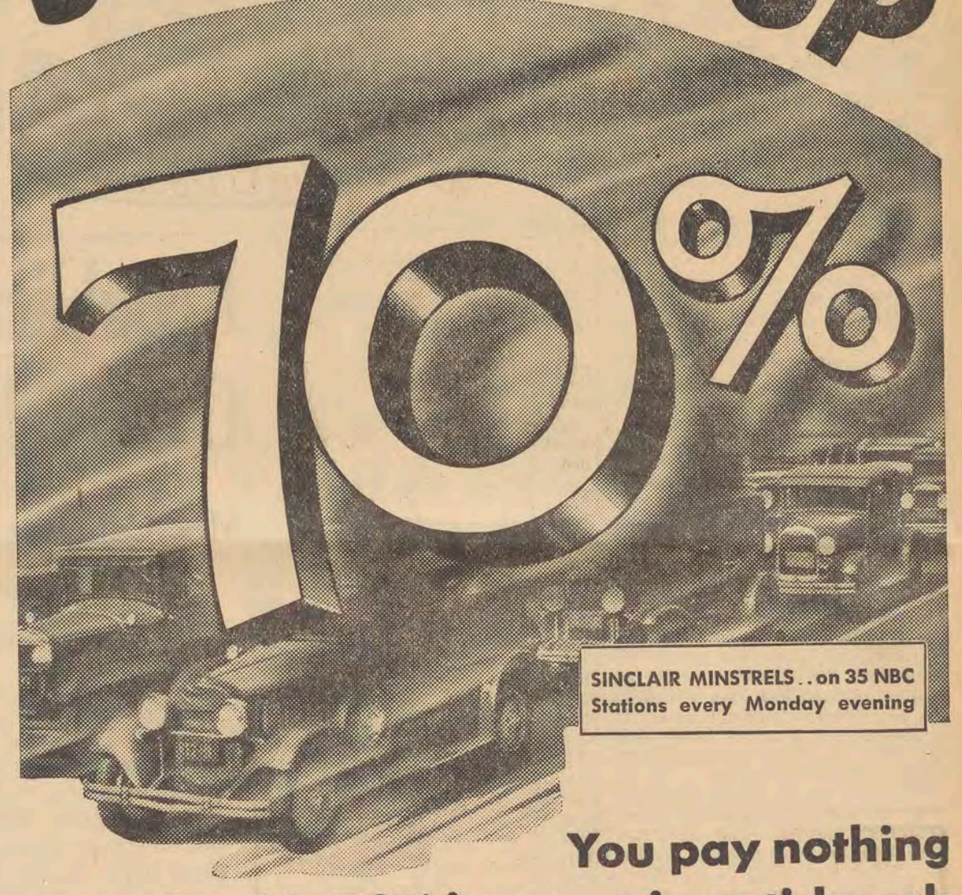
STEPPED UP 70%



You pay nothing extra for this 70% increase in anti-knock . . . the result of $18,000,000 in refinery improvements

Here are the facts. We have just spent $18,000,000 to give you—at no extra cost—a new Sinclair Regular Gasoline with 70% higher anti-knock. *The new Sinclair Regular is actually superior in anti-knock today to some premium gasolines selling at several cents more per gallon.*

But not in anti-knock alone has this new high-test motor fuel been improved. For split-second acceleration in traffic, and power on hills, you'll find the new Sinclair Regular meeting your every demand! Use this amazing gasoline for 30 days and see how much better your car performs—how much easier it is to handle.

NOTE: For best results use either SINCLAIR OPALINE MOTOR OIL or SINCLAIR PENNSYLVANIA MOTOR OIL. Both have been de-waxed and also freed from petroleum jelly at as low as 60° F. below zero.

CARD OF THANKS

Please give me space to thank the people of Pates Chapel community for the pounding which they recently gave me. I will not attempt to mention the items, but I will assure you that every article was appreciated. May God bless every one who contributed, is my prayer.—Pastor, M. Lockhart.

Marian Marsh scored so well in her first featured role under the RKO-Radio banner in "Strange Justice", produced by J. G. Bachman, that she has won the choice assignment of leading lady for Joel McCrea, usually Constance Bennet's vis-avis, in "Sport Page."

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

(By REV. P. B. FITZWATER, D. D., Member of Faculty, Moody Bible Institute of Chicago.)
© 1932, Western Newspaper Union.

Lesson for November 13

MAKING A LIVING

Deuteronomy 24:14, 15; Amos 5:6-15; Mark 6:34; Luke 12:13-21; Luke 19:1-26; II Thessalonians 3:6-13; I Timothy 6:6-16.

GOLDEN TEXT—I beseech you therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service. Romans 12:1.

PRIMARY TOPIC—Jesus' Idea of Being Rich.

JUNIOR TOPIC—The Right Way to Make Money.

INTERMEDIATE AND SENIOR TOPIC—Right Ways of Earning Money.

YOUNG PEOPLE AND ADULT TOPIC—The Christian Spirit in Business.

I. Treatment of Hired Servants (Deut. 24:14, 15).

1. Oppression forbidden (v. 14). The man who hires out is usually poor. The employer should not take advantage of his condition.

2. Foreigners to have the same treatment as fellow countrymen (v.14). Those who fear God will accord the same treatment to foreigners as to their own countrymen.

3. Servants to be promptly paid (v. 15). The laborer was to be paid at the end of the day. The credit system in these times is greatly to be deplored.

II. Ill-Gotten Wealth (Amos 5:11-13).

1. By oppression of the poor (v. 11). The rich built magnificent houses of the proceeds extorted from the poor. They took the bread out of the mouths of the poor by high rents and taxes—a picture of the conditions of our own day. The prophet assured them that God would interpose saying that they built houses and planted vineyards, but they would not be privileged to live in them nor to drink of the wine thereof.

2. By affliction of the just (v. 12). This they did by taking bribes. Many are today living in luxury from the proceeds derived from bribes.

3. By turning aside the poor in the gates (vv. 12, 13). Because the poor had no money to hire advocates, they were turned aside. It is difficult today for the poor to get justice in the courts.

III. Jesus, the Carpenter (Mark 6:3).

While Joseph lived, doubtless Jesus assisted him in the carpenter trade. He is therefore known as the carpenter.

IV. The Rich Fool (Luke 12:13-21).

Many today are seeking gold and forgetting God. Those who are concerned with getting riches while neglecting God are displaying utter folly. Observe,

1. His increase in goods (v. 16). His riches were rightly obtained, for the ground brought forth plentifully. It is not sinful to be rich. The sin is sometimes in the use made of riches.

2. His perplexities (v. 17). His land was producing more than his barns would hold. He did not know what to do about it. Had he personally held right views of life and a sense of stewardship to God, he would have seen that his barns held enough for himself and a surplus for the poor.

3. His fatal choice (vv. 18, 19). He chose to enlarge his barns and to give up his life to ease and luxury.

4. The awful indictment (vv. 20, 21). God called him a fool. Riches furnish neither contentment in this life nor a guarantee of continuance of life. It is not only foolishness, but madness to forget God while heaping up riches.

V. Reward for Laborer (Luke 19:16-23).

When Christ ascended on high, he gave gifts to men (Eph. 4:7-12). At His return to the earth, He will summon his servants to give an account of their stewardship. He will give rewards for faithfulness (vv. 16-19) and will impose judgment and condemnation upon the faithless.

VI. The Man Who Will Not Work Should Not Eat (II Thess. 3:10).

Growing out of Paul's teaching concerning the coming of the Lord, a tendency to idleness developed at Thessalonica. Earnest attention to present duties, is the Scriptural attitude toward the Second Coming of Christ. Those who will not work should not eat. This is the right principle governing all charitable work.

VII. Peril of Working for Money (I Tim. 6:6-11).

Those who are working for money fall into temptation and a snare, and are exposed to many foolish and hurtful lusts. The obligation is to flee these things and follow after righteousness.

No Comfort There

"When a sinner is dying, he finds no comfort in counting the hypocrites in the church."

True Happiness

Happy are they who have learned the art of abiding within the inviolable protection of the eternal God, the shield on which all arrows are bunted, all swords turned aside, all sparks of malice extinguished.

Fountain of Blessing

Change of circumstances should not affect a Christian's joy. He should be independent of life's sorrows and losses. Then he becomes also a fountain of blessing in the world.

Dr. and Mrs. T. H. Neighbors of Goodwater came over Tuesday to cast their ballots in the election.

DAT BLOOMIN PREACHER

All Ah know is Whut de Bible say Bout Hit.

This Week's Blossom:

All ob our Ills is Laid at de door ob pollyticks, but "moralticks" is whut is gnawin at de vitals ob dis country today.

Turn to de book ob Exodus, 4th chapter an in de 2nd verse, you will fin dese words: "What is that in thine hand?" A farmer will not send a hand to de field wid no tools to work wid. If de farmer didnt hab no tools, he wouldn't have no use fur a hand. No carpenter foreman is gwyn to send a carpenter on top ob a house widout de proper tools to do de job. Every real mechanic equips himself wid de tools necessary to perform de work in hand.

How could a doctor examin yoah lungs widout his stethoscope? Or how could he take yoah temperature widout a thermometer? Sometimes de proper tool is not to be had. In a case like dat a resourceful man will think out a way to do de job wid whut he has. Now, all ob dis is to git before you de one outstandin fac in de tex, an dat is dat Moses didn't feel dat he wuz properly equiped to do de job whut de Lord had picked out fur him.

The God ob de children ob Israel had appeared to Moses as he walked up de hillside wid his father-in-law's sheep. All dat Moses had in his hand wuz a rod, or shepherd's crook, an when he begin to make excusses de Lord sed de language ob my tex: "What is that in thine hand?" An right dar de Lord proved to Moses dat he had in his hand de very thing dat would convince de chilren ob Israel, and also Pharaoh, dat he, de Lord, had sont him.

Dar is no doubt in my mind ob Moses's resourcefulness. De truble wid him wuz dat he didn't want to go an de reason wuz dat he wuz afraid to go back to Egypt, because he had killed a man an had rund away. Moses wuz astonished at de actions ob dat rod when de Lord told him to cast it on de ground so much so dat he "fled from before it." De Lord had turned dat rod into a snake an somehow de head ob dat snake wuz turned toward Moses or he couldn't have fled frum before it.

Now de tryin time cum when de Lord told him to put forth his hand and take it by de tail, which he did, an it became a rod in his hand. Now whut I want to git over to you is dat if we want to do a thing bad nuf we can always find a way.

Ah watched a small boy once tryin to bridle a mule an de mule held his hed up so high dat de boy couldn't put de hed stall over his ears. De boy wanted dat mule to ride, so he thought ob a way. He went an got a wisp ob hay an put it down in front ob de mule an when de mule started to eat it de boy slipped de bridle over his hed. Now if dat boy's pa had sont him to catch out de mule, dat boy would have ben yellin till yit dat de mule wouldn't let him bridle him.

We is got lot ob church folks today dat is always sayin I caint when da really means, "I dont want to." One will say I cant pray in public, another will say, I cant conduct prayer meetin, still another will sa I jes cant go to church. Ah feel dat if all ob dem would jes be honest an truthful bout it an say, I dont want to, da would git shamed ob da selves rite away cause when da say "I cant" dat sounds like an excuse, but if da say "I dont want to" de church would kno dat da wuzent interested.

One time ur neighbor ob mine cum by my house an axed me to go possum huntin wid him an Ah tole him dat Ah couldnt go, dat Ah didnt want to leave mah folks by da selves, an he sed hat his wife an daughter would stay wid um. An din Ah sed Ah didnt feel very well, an den he decided to stay wid me till bed time an not go possum huntin. An we got to talkin bout eatin possum, an Ah tole him dat Ah didnt lak possum, an rite straight he say Ah knows now why you didnt want to go possum huntin, its cause you dont lak um. An he wuz rite bout it.

We can always fin a way to do whut we wants to do but when it cums to something dat we dont want to do we can always find some excuse. My Christian friends, Ah cum to you today an ax you, "What is that in thine hand," stid ob some church members singing "When the roll is called up yonder I'll be there," de should sing when the roll is called up yonder I'll be makin excuses. May Ah pursuade you to use whatever talent dat you may have fur de Lord an his cause. De churches is sadly in need ob all de help dat da can git. Jes look round an see what you's got in yoah hand an den determin to use it to de very bes ob yoah ability. Ise gwyn to close now, but fust let me sa to de teachers ob our Sunday schools do like some other teachers has done an git yoah whole class to join our B. B.'s. I have decided to extend de time to December 1st. All who sends in their names durin November will receive their certificates by January 1st, 1933.

We are gwyn to put on a little contest after Christmas an some one ob de members is gwyn to win a prize. Ah will tell you more bout it later. May de good Lord bless every one.—Elder Blossom, care of Union-Banner.

PATES CHAPEL

The people of Pates Chapel were very much disappointed Saturday night. It was our regular preaching night, but had to be postponed on account of the pastor's wife, Mrs. M. Lockhart, being sick. But he filled his appointment Sunday and we had a real good sermon, taken from the book of Acts, 1st chapter and 8 to 10th verses. His subject was "The Supreme need of today in Presence Power and Holy Spirit." It was enjoyed by all. Those out of the community attending preaching Sunday were Mr. and Mrs. Herchel Maddox of Thorsby and Mr. and Mrs. Grady Sewell and baby of Clanton.

Mr. and Mrs. B. O. Blow were Sunday dinner guests of Mr. and Mrs. Tommie Maddox.

Rev. M. Lockhart had dinner with Mr. and Mrs. Steve Pate and family Sunday.

Our Sunday school is progressing fine. Everybody come and help us out. It starts at 10:00 o'clock every Sunday morning.

Misses Maude Wallis and Ruby Maddox spent Friday night in Pleasant Grove community with Mr. and Mrs. Arthur Maddox.

Miss Zemma Hayes was the dinner guest of Miss Emily Pate Sunday.

Misses Zemma Hayes and Miss Maude Wallis and Messrs. Eve Dawson and Lee Hayes visited Mr. and Mrs. Grady Sewell of Clanton on Sunday afternoon.

Mr. and Mrs. Grady Sewell and baby had dinner with Mrs. Sewell's mother and father, Mr. and Mrs. Walter Maddox Sunday.

Geneva Mitchell, Martha Mattox, Kathleen Clare and Eric Wilson are in "Strange Justice," directed by Victor Schertzinger for RKO-Radio release, featuring Marian Marsh, Norman Foster, Reginald Denny, Irving Pichel, Richard Bennett, Nydia Westman and Thomas Jackson.

TIME COUNTS

when you're in PAIN!

Insist on genuine *Bayer* Aspirin; not only for its safety, but its *speed*.

Take a tablet of Bayer Aspirin and some other tablet, and drop them in water. Then watch the Bayer tablet dissolve—rapidly and completely. See how long it takes to melt down the other.

That's an easy way to test the value of "bargain" preparations. It's a far better way than testing them in your stomach!

Bayer Aspirin offers safe and speedy relief of headaches, colds, a sore throat, neuralgia, neuritis, lumbago, rheumatism, or periodic pain. It contains no coarse, irritating particles or impurities.

Prophecy Corner

Conducted By

L. A. BUTTERFIELD

Here is a brief prophecy concerning Egypt: "I will make the land waste and all that is therein, by the hand of strangers. . . . There shall be no more a prince from the land of Egypt." Eze. 30: 12-13.

This was a prediction that each succeeding year rendered less likely to continue true, for if the nation remained worth governing, there was likely to arise in Egypt, as in other conquered nations, a strong man from among themselves who would overthrow the foreign rules and regain the throne. This happened again and again in Roman history, but never once in Egyptian history. Further, consider the fact that never elsewhere in the history of the world has any nation been subject so long without once governing herself.

Never once in all the past twenty-five hundred years has Egypt been under the rule of her own prince, but always without even a solitary exception, she has been a subject nation, ruled by strangers, Persians, Greeks, Romans, Byzantine Greeks, Sarcens, Turks, French, and now the British, strangers, always strangers, as predicted.

These prophecies which we have been considering week by week with their wonderful fulfillment proves beyond all question that the Bible is more than the prophet of man's mind. It is the vioce of our God speaking to us through the medium of His prophets.

The story is told of an old Fijian chief and an English earl—on infidel—who visited the Fiji Islands. The Englishman said to the chief:

"You are a great chief, and it is really a pity that you have been so foolish as to listen to the missionaries, who only want to get rich among you. No one nowadays would believe any more in that old book which is called the Bible; neither do men listen to that story about Jesus Christ; people know better now, and I am sorry for you that you are so foolish."

When he said that the chief's eyes flashed, and he answered:

"Do you see that great stone over there? On that stone we smashed the heads of our victims to death. Do you see that native oven over yonder? In that oven we roasted the human bodies for our great feasts. Now you! You! You! If it had not been for these good missionaries and for that old book, and the great love of Jesus Christ, which has changed us from savages into God's children, you! you would never leave this spot! You have to thank God for the gospel, as otherwise you would be killed and roasted in yonder oven and we would feast on your body in no time."

Yes, my friends, the word of God is quick and powerful, and sharper than any two-edged sword. It is working miracles in human hearts every day, and it will work miracles in your life if you will only let it become a part of your very being.—L. A Butterfield.

CARD OF THANKS

We wish to take this means to express our appreciation and to thank each individual for the kindness shown and the help rendered during the illness and death of our beloved wife and mother. We also appreciate the many flowers that were sent, and only wish we could see each person and thank them for every flower, and every kind deed done.—S. J. M. Webb and Children.

SPECIAL! Large 12-oz Bottle, $1.25 Val.

By Special Arrangement With the Manufacturers we make this SPECIAL INTRODUCTORY Offer for a Short Time Only.... **99c**

Nature's Own Secret of Health Revealed

Science Discovers That Good Health Depends on Supplying the System with Necessary Minerals and Vitamins.

Medical Science has discovered that the human body is made up of a very limited number of essential elements. All of these are found in the Mineral kingdom and in foods in their natural state. To be exact, the healthy human body is composed of eleven Minerals and when these are present, in balanced proportion, we enjoy good health.

PROPER FOODS ESSENTIAL

Unfortunately, few of us give any thought to balancing our diets, according to their Mineral content, and therefore we must pay the penalty. A deficiency of these elements brings on Indigestion, Gas, Bloating, Constipation, Headaches, Nervousness and a host of other ills. We soon lose strength, go from bad to worse and become disgusted with life itself.

NEW WAY TO HEALTH

For many long years, Physicians and Chemists have been trying to combine, in proper proportion, the eleven essential Minerals with necessary Vitamins. They realized that the preparation must be easily assimilated and supply the system with these elements so necessary to health.

SCIENCE TRIUMPHS AGAIN

Fortunately, for all mankind, this tremendous undertaking has met with success! Science has perfected a most remarkable formula, known as LEE'S MINERAL COMPOUND. This preparation supplies the system with the eleven essential Minerals, in combination with Vitamins. It is not, in any sense of the word, a "patent" medicine but is more in the nature of a FOOD VITALIZER. It assists Nature, by restoring a proper balance of the Mineral Content of the body and good health follows as a natural result.

BIG SURPRISE AWAITS YOU

You who are blue, down cast and depressed over your loss of health. You who have tried many medicines and treatments with little or no relief—take new heart and cheer! Prepare yourselves for the most joyous surprise of your lives.

MAKE THIS 10 DAY TEST

Convince Yourself!

Stop dosing yourself with "patent medicines," harsh purgatives, oils and cathartics for just 10 days. Go to your nearest Druggist and secure a bottle of LEE'S MINERAL COMPOUND. Take it regularly, and watch the results. You'll be amazed at the feeling of renewed strength and vigor that soon appears. No narcotics or alcohol to "boost you up" but a natural method of restoring health and energy.

For Sale by Upchurch Drug Co., Clanton, Ala., and other good Drug Stores Everywhere. Or send $1.00 to Lee's Laboratories, 365 Peachtree Arcade, Atlanta, Ga., for a large bottle, postage paid.

THORSBY SECTION

(S. E. Norton, Manager)

Franklin-Each Wedding

A charming event of Friday evening, November 4th, was the marriage of Dr. Horace Franklin to Miss Alta Each, which was solemnized at eight p.m., in the house which was to be the future home of the groom and bride on Summit Avenue in Thorsby. Rev. J. E. Each, father of the bride, officiated, using the ring ceremony. Only members of the two families and a few intimate friends were present. The new home was given a charmin effect with is decorations of large yellow chrysanthemums and wonderfully beautiful pink dahlias.

The bride and groom entered from the rear and stood in the archway between the living room and dining room. The bride looked lovely in a silver costume. The groom wore a neat brown suit, and both seemed happy. After the ceremony a salad course was served. Later in the evening when friends called to greet the young couple, frappe was served. This popular young couple had been honored at a number of prenuptial affairs. Saturday afternoon, October 15th, Mrs. William Each entertained at her home with a shower for the bride elect. The following Monday evening, October 18th, Mr. V. J. Sutlive entertained the groom elect at his home with a stag party.

On Sunday, November 6th, Mr. and Mrs. Ben Franklin and daughter, Dorothy Vaughn, gave a dinner in their honor. One of the guests was Mrs. D. Z. Merchant, grandmother of the groom, who is 84 years old. Dr. Horace Franklin is the very popular young doctor of Thorsby, where he was born and reared. He graduated from the Chilton County High school in 1924. He received his B. S. degree from the University of Alabama in 1928 and his M. D. degree from the University of Kentucky at Louisville in 1930, took a course in Intern work at Hillman Hospital in Birmingham and has practiced in Thorsby since 1931, in which he has been so successful that the citizens of Thorsby hope he will make it his home and field of operation for many years.

One of the nice things about the marriage of Dr. Horace Franklin and Miss Alta Each is the cozy home they have secured, within a few hundred feet of the home of the bride's parents, Rev. and Mrs. J. E. Each. Mr. E. N. Dyrhovd, of Thorsby, who built and owns the cottage, has put into it about all the conveniences of a modern city home, and finished it off as neat as a new pin. Whatever is lacking has been thought of and provided for, so that it might be put in later. The house is of one story with a cellar and an attic. The outside finish is of brick veneer. The interior contains a living room in front. Next comes the dining room and back of that a good sized kitchen. Off the living room, also the dining room there are good size bed rooms and between them, with a communicating door from either, is a commodious and well funrnished bath room.

Every room in the house is well lighted with windows and electric lights. The house furnishings are intended for use and comfort, nothing fussy or flashy but very neat and in good taste, and to top off with, we noticed both a telephone and a good radio to keep in touch with the world outside. We congratulate this young couple on having a nest so well feathered, and wish them joy in it.

If Miss Phillips and her choir at the Congregational church keep up the good work they have begun they will soon establish a reputation for doing things worth while. Last Sunday morning they gave "Handel's Largo. A grand, but somewhat difficult piece of music, which they rendered in a way that indicated splendid team work, and a sympathetic understanding of this noble music.

A two-cell Flash Light Complete for 39c at Wyatt Drug Co.

Last Sunday morning Rev. Each preached an "Armistice Day" sermon portraying the evils of war, with a graphic illustration of its costs in human lives and misery, and its overwhelmning expenses, which puts a mortgage on men, women and children for generations to come. In the evening he delivered an illustrated lecture on China, to a packed house full.

Next Sunday morning there will be preaching at the usual morning hour. Mr. Each will not preach in Thorsby Sunday night.

Mr. Lewis W. Johnson has returned to Ft. Benning, Ga., to resume his duties there after spending three months with his parents, Mr. and Mrs. Johnson at Thorsby.

Byron, little four year old son of Mr. and Mrs. N. Johnson, has been very sick for several days with tonsilitis.

Mrs. Spurgeon Calloway was hostess to the Lazy Daisy bridge club Wednesday in Clanton. Those present were Mesdames R. R. Franklin, E. L. Pate, Flem Higgins, Earl Marcus, J. L. Mixon, Mack Gray and the hostess. Mrs. T. L. Robinson and Mrs. C. M. Gray won high score.

Mrs. Curtis Billingsley and little son, Allen, of Clanton, spent Friday with her parents, Mr. and Mrs. Bob Martin.

Saturday, Thorsby Institute had school and expcts to have it again November 19th.

Monday morning at chapel, under the auspices of the demcracy class of Thorsby Institute, the platforms of three political parties were represented by three students; Lois Thompson the Socialist party, J. T. Faircloth the Democratic party, and Carl Ekblad the Republican party. Edna Lee Wilder presided.

Next Saturday night at 7:30 o'clock the Helen Kellar Literary Society will hold an open meeting. Thanksgiving will be the theme. There will be music by the girls chorus and the trio. Poems will be given by Christine Dopson, Ruth Cosby and Ruth Higgins. "The Origin of Thanksgiving" will be told by Jene Billingsley. The closing part of the prgram will be a pageant.

Coty Face Powder and bottle of Perfume, Both for $1.00 at Wyatt Drug Co.

Miss Marguerite Davison was a visitor at chapel Tuesday mrning and led the student body in singing negro Spirituals.

Thorsby Institute Honor Roll, First Term 1932-33

First, no grade below 85, general average of 90 or above: Hal Broadhed, Carl Ekblad, Ruth Foss, Jack Higgins, Conradine Pate, Linnie Bell Reinhardt, Mary Louise Reinhardt, Lois Thompson.

Second, no grade below 75, general average of 85 or above: Helen Albert, Jane Billingsley, Lucille Cockrelle, J. T. Faircloth, Edith Foss, Guy Higgins, Milton Higgins, Helen Kendrick, Kathleen Langston, Katheryn Lenoir, Arleta Pate, Phares Raybon, Elwyn Robinson, Raymond Sammons, Conway Thornburgh.

Third, perfect attendance: Helen Albert, Carlyn Albert, Hilliard Baggett, Mary Louise Bates, Foster Bean, Willo Dean Bean, Brady Billingsley, Hal Broadhead, Charres Cleckler, Lucille Cockerelle, Cora Connatser, Velma Creel, Christine Dopson, Juanita Each, Lucille Each, Carl Ekblad, J. T. Faircloth, Edith Foss.

Ruth Foss, Dorothy Franklin, Lawrence Gerald, Bill Gray, Thomas Hays, Dulcie Hays, Windell, Hays, Guy Higgins, Jack Higgins, Milton Higgins, Ruth Higgins, Helen Kendrick, Kathleen Langston, Katheryn Lenoir, Hellen, Lowery, Gladys, Martin, Minnie Pearl Mims, Nannie J. McDaniel.

Lorene McGlawn, Arletta Pate, Conradine Pate, Ida Lou Pate, Jack Peterson, LeRoy Peterson, Richard Peterson, Elma Roof Pitts, Mary Sue Porter, Ruth Primm, Phares Raybon, Linnie Bell Reinhardt, Elwyn Robinson, Gladys Smith, Leo Spivey, Conway Thornburgh, Edna Lee Wilder, Mary Sue Smith, Preston Shaw.

Mr. and Mrs. Horace Jones, from Jasper, spent Sunday in Thorsby with Rev. and Mrs. J. W. Jones.

The following attended the Eastern District meeting of W. M. U. last Thursday and Friday: Mrs. Lelia Martin, Miss May Woods, Mrs. E. R. Piper, Mrs. G. F. Harper, and Mrs. J. W. Jones.

The Y. W. A meeting will be changed from Wednesday until Friday, November 18, on account of the councillor being away from home. All members are urged to be present.

Mrs. Roberta Childress spent a few days last week in Clanton with Mr. and Mrs. Willie Bean.

Circles No. 2 of Baptist W. M. U. met with Mrs. D. H. Gentry Tuesday afternoon.

Mrs. R. R. Franklin and Mrs. J. L. Mixon spent Saturday in Montgomery shopping.

The young matron sewing club met at the home of Mrs. J. L. Mixon Friday afternoan.

Mrs. Turner Gamble is reported to be on the sick list this week.

Dr. and Mrs. O. E. Wilson, of Birmingham, and Mr. and Mrs. Lewis Culver, of Marbury, Mr. and Mrs. Howard Garrett, Mr. and Mrs. H. Thompson visited Mrs. C. M. Williams Sunday.

A group of young people enjoyed a party Saturday night at the home of Brady and Jane Billingsley.

Miss Alice Simpson gave a party Thursday night in honor of her cousin, Forman Eastburn of Birmingham. Those present were: Conradine Pate, Lois Thompson, Christine Bosworth, Ralph Pate, Mary Ruth Nix, George Nix, Edgar Richard, Doris Freeman, Hubert Reinhardt, Lloyd Howard, Thomas Phalin, Leo Spiey, Celia and Lawrence Gerald, Gladys Martin, Edith and Ruth Foss, Letha Mae Martin, Paul Davis, Herman Robinson, Orville Freeman, Ella Howard, Verlon Goodgame, Edna Lee Wilder, Kendall Franklin, Briggs Hodgens, Katheryn Lenoir, Jane and Brady Billingsley, and Robert Johnson.

Mrs. Sidney J. Gentry and little daughter, Emma Jean, of Birmingham, spent the latter part of last week with Mrs. D. H. Gentry and Mary Louise Bates.

On Thursday, November 3 Miss Loutisha Bean was surprised by a party of her friends. The evening was spent in playing games which were enjoyed by all. Those present were Misses Edna Childress, Clara Hayes, Lucilla Hayes, Troula Marcus, Jessie Martin, Lola Martin, Ruth Turner, Lena Barrett Williams, Carlton Collins Jack Collins, Charles Childress, Wendell Hayes, John Lessly, Tom Lessly, Cecil Marcus, Lester Pate, Russell Sutley, and Mr. and Mrs. Herchel Hayes.

Miss Kathleen Sorrell, of Birmingham, is making an extended visit in Thorsby with her aunt, Mrs. Henry Vines.

Mrs. D. H. Gentry and Mary Louise Bates, with Mrs. Sidney J. Gentry and little Emma Jean, of Birmingham spent Sunday night and Monday with Mr. and Mrs. O. F. Bates in New Salem community.

Mr. and Mrs. R. R. Franklin and Peggy Mims were luncheon guests of Mr. and Mrs. J. L. Mixson Monday.

Mr. and Mrs. J. M. Mims, Mrs. R. R. Franklin, Peggy Mims, and Mrs. C. M. Gray spent Friday in Jemison with Mrs. A. J. Robinson and family.

Mr. and Mrs. Oscar Farrington, Mr. and Mrs. Roy Farrington, of Bessemer, were the guests of Mr. and Mrs. W. H. Goodgame Sunday.

Mrs. C. M. Gray had a quilting party Monday afternoon.

Little Oleta Bice has been very ill with tonsilitis.

Mr. J. Bice is worse than he has been for some time, being confined to his bed most of the time.

Quite a few friends of Mrs. Grover Bice spent the afternoon with her Thursday, quilting.

Miss Clara Hayes has as her guest Miss Ruth Turner of Birmingham.

Three bars Woodbury Soap, tube of Facial or Cold Cream a $1.00 value, both for 75c at Wyatt Drug Co.

Miss Clara Hayes had as her guest Sunday Miss Ruth Turner, Fred Merchant and Hussell Sutley.

Mr. and Mrs. Herchel Hayes spent the week end with relatives in Jemison.

Miss Lola Wambem returned home last Sunday week after spending four weeks with her sister, Mrs. B. R. Allen, in Columbus, Ga. Mrs. Allen came home with her and is now spending a few weeks with her parents, Mr. and Mrs. A. L. Wambem.

Mr. and Mrs. A. L. Wambem had as their guests last Monday and Tuesday, Mr. Luther Peeler of Phoenix City.

Messrs. Andrew Carlton and Fletcher Ponder, from Dadeville, Alabama, and Misses Mortie Fincher and Helen Boker, from Montevallo College, spent a while Sunday night with Mr. and Mrs. Frank Thompson.

Mrs. W. H. Raybon attended the Eastern District meeting of the Baptist W. M. U. at Clanton last week, spending the night with Mrs. Jose Askins.

Mamie Robinson of Jemison spent Monday with Louise Robinson.

Mr. and Mrs. Leonard Lowery and family spent Sunday afternoon in the New Salem community.

A number of the Eastern Stars gave Mrs. W. H. Wilson a surprise party on Saturday. Refreshments were served and an enjoyable time was spent by all.

A Complete line of Fountain Syringes, hot water bottles, ice caps, etc., at Wyatt Drug Co.

The Banner and Post, 1 year for $3.

The Doomed Battalion

Chilton County Post of the American Legion invites everybody to see "The Doomed Battalion," a great World War picture that is being shown at the Wadesonian Treatre in Clanton Friday and Saturday of this week. It is one of the greatest thrillers that has come out of picturization of the World War.

The picture will be shown Friday night, Saturday afternoon and two times Saturday night. Mr. Wade has very graciously offered to split the proceeds of the program with the Legion, and the money the Legion makes will be used to carry out its program of relief to distressed and suffering people in this county.

The public is cordially invited to patronize this picture. The members of the Legion will appreciate your help and cooperation. Every ex-soldier in the county is requested to come to the show Friday night, as there will be a special program in celebration of Armistice Day. Bring your friends with you, too.

THE DEVIL'S 23RD PSALM

Ellis Cleckler, of Clanton, Route 2 has composed another chapter to the Bible, which he calls The Devil's Twenty-Third Psalm, as follows:

King Alcohol is my shepherd. I shall be in want. He maketh me to lie down in mudholes. He leadeth me beside harlots. He damneth my soul. He leadeth me in the paths of wickedness for his taste's sake. Yea, though I walk through the valley of the shadow of death, I will hold to the bottle; for the devil is with me. His rod and his staff they guide me. Thou preparest me an empty table before me in the presence of my humble wife and children. Thou anointest my head with bruises. My demijohn runneth over. Surely misery and shame shall follow me all the day of my life, and I shall dwell with demons and devils in hell forever.

STATE NEWS PARAGRAPHED

A Resume Of The More Important Events Of Interest Condensed To An Epitomized Form

Sunday movies were in effect in Birmingham Sunday for the first time in more than 13 years.

Florida and Louisiana contractors were low bidders on Alabama's two latest federal aid highway projects in Lowndes and Dallas County.

G. C. Giles, Birmingham city detective, was severely beaten over the head by one of three Negroes he attempted to arrest at a filling station.

The college orchestra at Florence State Teachers College is rapidly taking form under the direction of Miss Florence Crowl, of the music department.

More than 6,000 tons of cast iron pipe were awarded to Birmingham manufacturers in contracts let by Middle and Far Western cities, it was announced.

The Louisville & Nashville Railroad has been authorized by the Alabama Public Service Commission to discontinue four passenger trains serving Birmingham.

With administration leaders and others high tax advocates in the saddle again, the House voted, 48 to 35, to plaster an additional tax of one cent a gallon on gasoline.

The annual convention of the Southeastern Livestock Association opened in Montgomery for a two-day study of methods to improve the industry, which will close with a livestock show.

Approximately 140 teachers attended the Lawrence County Institute at Moulton. A number of school trustees and members of various parent-teacher organizations also were in attendance.

Privilege licenses will be reduced in Athens for the coming tax year and will gradually be completely eliminated if plans of the present city administration can be put through successfully.

Physicians from approximately 15 counties of the state held sessions at the Alabama Hotel, Anniston, for a district meeting of the Northern Division of the Alabama State Medical Association.

The Limestone County Medical Society and a citizens' committee have sent a petition to the Legislature urging that as liberal an appropriation be made for public health work in the state as possible.

The attorney general's department received notice that the United States Supreme Court had upheld its contention that the Alabama Bridge Corporation was an arm of the state and could not be sued.

Mrs. F. C. Basenberg was elected director of the third district, Alabama Federation of Women's Clubs, at the annual convention at the First Christian Church in Birmingham. She succeeds Mrs. B. B. Baker.

A $25,000 trust fund for the education of Alabama youths was provided in the will of the late Warner O. Parmer, native Alabamian, who died May 23, 1932, according to Shaler C. Houser, treasurer of the University of Alabama.

As the defense slowly unwound its case in Jefferson County Criminal Court, four witnesses testified that in their opinion John R. Boyle, Jr., charged with murder in the slaying of his mother, Mrs. Jessie Ann Boyle, was of unsound mind.

A total of 3,000 containers of meats, vegetables and fruits was canned by 17 members of Snowdoun Woman's Club during the 1932 season, according to a report made at the fortnightly meeting at the home of Mrs. J. C. Walter in Ramer.

Judge Leon McCord, of Montgomery, Democratic National Committeeman for Alabama, has appointed Dr. Charles T. Whelan, of Birmingham, as "vice director for Democracy of North Alabama" to urge the voters to go to the polls on Nov. 8.

With construction of Tuscaloosa's filter plant at Riverview completed, the plant will be turned over to the city as soon as the contractors have made the final test. The city's present water supply will be more than doubled by the new equipment.

Basing its action on an exhaustive sub-committee report, the Senate prisons committee closed its hearing and decided not to recommend a legislative investigation of the Oct 16 riot at Speigner Prison in which one convict was killed and 22 wounded.

Dr. J. N. Baker, state health officer, said that effective Nov 1, the Department of Health would abandon five of its eight laboratories in the state as a part of a retrenchment program made necessary by contemplated reductions in the department's appropriation.

More Thorsby News

Golden Wedding at Thorsby

Many friends of Mr. and Mrs. E. N. Dyrhoved, an aged couple living on a farm one-half mile north of Thorsby, assembled at the home Tuesday afternoon, November 8th, without previous notice to assist them in celebrating the 50th anniversary of their wedding day. The visit was a complete surprise, the more appreciated because wholly unexpected.

Mr. and Mrs. Dyrhovd were born in Norway and were among the pioneers of Thorsby, where they arrived and settled about thirty years ago, and both are among the substantial Scandinavian citizens of this thriving town. A bountiful supply of refreshments was provided by the guests. A short program was presented, including scripture reading and prayer by grandpa Foss, followed by an address of congratulations in English by C. A. Peterson, which was intepreted into Scandinavian by Mr. Foss, and responses by Mr. and Mrs. Dyrhovd, in an effort to express their appreciation of this visit from their Thorsby friends.

Those present were: Mr. and Mrs. Conrad Carlson, Mr. and Mrs. C. R. Foss, Mr. J. L. Foss, Mr. and Mrs. M. J. Soberg, Mrs. H. M. Gerald, Mrs. Johanna Lefstead, Mrs. Fred Howard, Mr. and Mrs. A. N. Laurell, Mr. and Mrs. C. A. Peterson, Mrs. J. M. Bosworth, Mrs. Carl C. Peterson, Mrs. C. S. Howard, and son, Loyd, Mr. and Mrs. Ernie Hanson, Mr. and Mrs. Frank Nelson, Mr. and Mrs. J. O. Johnson. Grandpa Turnquist, Mr. Borg, Mrs. Anna Villadsen, Mr. Helland, Mrs. Carl Grenn, Mrs. A. E. Reagan, Mrs. Martin Peterson, Miss Caroline Skinnis, Mrs. K. A. Ekblad and daughter, Astrid.

The dinner served by the Ladies Guild of Thorsby was greatly enjoyed by many who came out to vote on election day. And having a surplus of provisions, the service was extended to include a five o'clock supper.

Many expressions of appreciation of the fine quality of everything served were heard. A friend of Mrs. Norris at Birmingham donated the Dixie Club Coffee, with instructions how to prepare it, and the Ladies of the guild desire to express appreciation of the gift and also for the use of the building from Mr. E. N. Bentley, and all others who in any way contributed to the success of the occasion.

Mr. and Mrs. Ben Franklin had as dinner guests Sunday Rev. and Mrs. Each with their daughters, Juanita, Lucille and Marie, Mr. and Mrs. William Each, Mr. and Mrs. Horace Franklin, Mr. and Mrs. R. R. Franklin and daughter, Peggy Mims.

Miss Jewel Lawson entertained a few of her friends Saturday night at the home of her parents, Mr. and Mrs. J. O. Lawson. Those present were Misses Mae and Lois Parker, Nell and Edna Tracy, Messrs. Eason Parker Charles Sunberg, Edwin and Ivar Johnson, Ernest Robinson, Grady Tapscott and D. C. Robinson.

Mrs. T. W. Robinson and son, Henry, are spending some time with Mr. Robinson in Birmingham. During their absence, Miss Jennie Robinson will stay with her aunt, Mrs. Bob Smith.

Miss Ruby Wright of Pleasant Grove spent last Wednesday with Mr. and Mrs. D. L. Ward. When she returned to her home she was accompanied by her grandmother, Mrs. G. A. Wright, who will spend a few days with her.

Mr. J. D. Wright of Birmingham will spend the winter with his sister, Mrs. D. L. Ward in Thorsby.

Miss Lucille Hayes of Jemison is spending a few days with Misses Loutitia and Willdean Bean.

Misses Roberta Marcus and Aileen Foshee of Clanton visited friends in Thorsby Saturday and Sunday.

MORE FINE SPECIMENS

More fine specimens of farm products keep coming in almost daily. We already had one fine potato specimen, which measured some 19 inches in length. However, Leonard Easterling brought in one which topped this one by an inch.

One day this week Will W. Jones, of Clanton Route 5, brought in a collard which weighed 11½ pounds, and measured 40 inches across.

INJURIES FATAL TO DOTHAN ATTORNEY

Dothan, Ala., Nov. 4.—B. G. Farmer, Sr., 74, widely known South Alabama attorney, died today of injuries suffered a week ago in an automobile accident.

Mr. Farmer practiced law here for many years and in addition to his legal connections was prominent in political circles.

He was injured while returning from a Florida fishing trip with Dr. Henry Green, also of Dothan, who received a severe shoulder injury. Their car overturned after striking a calf in the highway, pinning Mr. Farmer beneath the wreckage.

Surviving are his widow, two daughters and four sons, one of whom is clerk of the U. S. District Court here.

Marion Giles of Beat 11 died last Sunday.

Mrs. Napoleon Johnson visited in Tuscaloosa last week.

Mr. Curry Thomas and Miss Bessie Thomas visited Kellyton last Sunday.

Mrs. Horace Jones has returned to Jasper after having spent several days as the guest of her parents, Mr. and Mrs. T. C. McSwain.

Mr. and Mrs. W. E. Huddleston visited Tuskegee Sunday.

Mr. and Mrs. Joe Venable visited Millbrook Sunday.

Landlady—(discussing the world's troubles)—I suppose we must be prepared for anything these days.

Boarder — (Eyeing his helping)—Yes—or at any rate for hardly anything.

Boy—Do you know, dad, that in some parts of Africa a man doesn't know his wife until he marries her?

Dad—Why single out Africa?

W. C. Grimes from Jemison Route 1 was in Clanton Wednesday.

LUBITSCH SCORES WITH CHEVALIER IN PICTURE

"One Hour With You" Gives Promise of Making New Box Office Records

Once again, Ernst Lubitsch, the master craftsman of cinematic productions, scores a hit in "One Hour With You."

Like Babe Ruth in baseball, all Lubitsch needs is "a chance for a play" and he puts it over to the back seats—for cheers.

With Maurice Chevalier and Jeanette MacDonald teamed together for their best work, assisted by players of excellent past performance, and Ernst Lubitsch's discerning eye and hand at the controls, there's little wonder that Paramount's "One Hour With You" scores heavily and that picture fans pack the seats.

In the Nation's great motion picture industry Ernst Lubitsch has a record of directorial accomplishment that is unsurpassed. Recently, after many weeks of arduous work he completed "Broken Lullaby," pronounced by critics one of the best pictures of the year, and perhaps the greatest metaphysical picture drama of the decade.

Immediately after the completion of "Broken Lullaby," Lubitsch became the director of Maurice Chevalier's latest picture, "One Hour With You," with Jeanette MacDnald playing the feature feminine role. This picture is a comedy-drama with musical interludes and is similar in type and dramatic action to "The Love Parade" and "The Smiling Lieutenant." These pictures reflected Lubitsch's outstanding directorial genius, in which Maurice Chevalier in the stellar roles delighted millions of theatre-goers.

When a youth in his teens, Lubitsch decided to become an actor. He was successful. Then stagecraft interested him and he became a successful director. Then the new medium of dramatic expression—motion pictures—was just gaining prominence. Its possibilities intrigued his imgination and he turned his attention to the silver screen and the camera with surprsing results. Becoming asciated with UFA films in Germany, he produced "Passion" and "Deception," which gave him an international reputation.

"One Hour With You," which comes to the Wadesonian Theatre for Wednesday and Thursday, November 16th and 17th, is the latest starring vehicle of the inmitable Maurice Chevalier, who is again supported in the leading feminine role by Jeanette MacDonald, who shared honors with him in "The Love Parade."

"STRANGE JUSTICE" FINDS PRODUCTION TRIO UNITED

"Strange Justice," produced by J. G. Bachman for RKO-Radio Pictures to be shown at the Wadesonian Theatre, Monday and Tuesday, November 14 and 15, reunited a famous trio of the silent days of films.

J. G. Bachman, producer, Victor Schertzinger, director, and Merritt Gerstad, camreaman, worked together in more than a score of pictures.

They screened a number of Richard Dix, Ruth Chatterton and Emil Jannings starring vehicles. Recently, when Bachman organized an independent company to produce a series of features for RKO he employed many of his old time associates.

"Strange Justice" a story of modern follies and conspiracy, features Marian Marsh and Norman Foster.

REGULAR PRICES

AGAIN! LEADERSHIP IN MOTOR FUEL VALUE

We've Done It!--It's Here!
THE NEW TOP CYLINDER LUBRICATING Improved WOCO-PEP

Thousands of motorists have paid a premium for anti-knock gasoline. Thousands have paid for Top Cylinder Lubricant to put into the gasoline for *greater performance.*

Now, we lead the field again in value giving to Alabama motorists with *Improved* WOCO-PEP—Alabama's favorite Motor Fuel—with the finest, *carbonless* lubricant added *at no extra cost!*

Think of getting and maintaining new car performance—new power, speed and even *greater* WOCO-PEP mileage . . . Dependable Top Cylinder Lubrication that reduces oil consumption and costly repairs—*super* premium performance at no *premium cost.* That's what you get with *Improved* WOCO-PEP.

Top Cylinder Lubricating *Improved* WOCO-PEP is *now* Golden Color distinctly symbolizing its great value—This for your protection and easy identification. Hundreds of Bue-and-White *Courtesy* WOCO-PEP Stations in Alabama await you today with this startling *new* and greater value!

Why Woco-Pep Lubricated Motor Fuel

The special carbonless lubricant added to WOCO-PEP does not replace regular crankcase oil—it improves and completes the lubricating system of your car. This lubricant, blended in exact proportion for performance, protects the valves, pistons and upper cylinder walls and reduces dangerous wear. It seals the cylinders and so prevents leakage of gasoline in the crankcase. Therefore with *Improved* WOCO-PEP you will have less carbon, you will use less oil, and you will use less motor fuel.

Economize with *Improved* WOCO-PEP and get more power and speed at the same time!

Quick Facts About Improved Woco-Pep

Includes carbonless top cylinder lubricant.
Increases mileage.
Higher anti-knock value.
Adds actual horsepower.
Reduces wear on pistons, valves, cylinders.
Reduces scoring.
Decreases oil consumption.
Improves hill climbing.
Reduces carbon.

MORE for your MONEY

Benzol, a product of Alabama's great Iron and Steel Industry, when blended with high quality gasoline, gives wonderful performance and value as thousands of Alabama motorists know.

Each year, for 14 years, millions and millions of gallons, in fact the *majority* of all Alabama Benzol, has been purchased by the Wofford Oil Company to give you greater WOCO-PEP value.

And now, *in* addition, comes Top Cylinder Lubrication, — another step *away ahead* in value and better motor performance for you.

Annual Red Cross Roll Call November 11 to 24

CHILTON COUNTY IS ASKED TO ENROLL 750 MEMBERS

Committees Named To Solicit In Every Section of the County

The Red Cross Roll Call Membership Campaign for Chilton County has been completely organized under supervision of S. J. Ezell, chairman of the membership committee. Starting with a united and comprehensive effort on Friday of this week, the army of Red Cross solicitors will carry to every corner of Chilton County the opportunity that is afforded our people to enroll as a member of the Red Cross.

Membership Committees have been set up at Clanton, Jemison, Thorsby, Verbena and Maplesville. The following chairmen are in charge of the campaign at those places:

Clanton, S. J. Ezell; Jemison, Dr. A. A. Conway; Thorsby, E. R. Piper; Verbena, S. L. Gibson; Maplesville, Dr. H. M. Nix.

It is planned that the committees at these centers, with their organized workers, will make their solicitations cover the territory surrounding the centers. Booths will be provided on the streets of the towns, and workers will be in charge of those booths each day from Armistice to Thanksgiving. The people who visit the towns during the Roll Call period will thereby have a chance to enlist as Red Cross Members.

In the outlying districts of the county, key men and women have been selected to have charge of the work in their respective communities. They will not be called upon to organize the communities upon such a large scale as the larger centers listed above. But they will use such means and methods as they may choose to assure themselves that every person shall have a chance to join the Red Cross.

Following is the list of chairmen selected for the different communities in the county:

Mitchell Dam, John Hollis; Lay Dam, Sam Powers; Collins Chapel, Perry Gore; Enterprise, C. L. Wilkins; Cooper, Hugh Taylor; Isabella, Earle Thomas; Union Grove, P. R. Robinson; Stanton, Mrs. Mildred Burnett; Shoults, Paul Oden and C. T. Walker; Sardis, Rev. J. D. Deason; New Cedron, C. D. Foshee and Bob Owens; Providence (13) Willie Shaw.

These community chairmen and any workers they may secure, will receive membership dues and list the names of the members, turning in the names and the amounts at the office of C. E. Stapp, in Clanton. From Mr. Stapp's office proper membership cards will then be issued and returned through the community workers to the members thus enlisted.

Chilton County is asked to enroll 750 members of the Red Cross during the period from Armistice Day to Thanksgiving. In view of what we have seen the Red Cross do for the suffering and homeless people of our county following the storms of last spring, it is universally agreed that Chilton County will be very ungrateful indeed if we fail to furnish the number of members asked of us.

Remember this when you ask a man or woman to join: The Red Cross did not fail us last spring when hundreds of our people were dnstressed and suffering, their homes demolished by the storm. We must not fail the Red Cross now.

The Red Cross memberships are: Annual, $1; Contributing, $5; Sustaining, $10; Supporting, $25.

Fifty cents of each membership goes to the support of the national Red Cross service. The balance is retained in the treasury of the local chapter for use in our own local measures of relief.

The person who joins for $1 is just as much member of the Red Cross as the person who pays a higher membership fee; but those who pay the higher fees—$5, $10, $25—provide more money for the support of local Red Cross work.

It is vitally important this year, because of demands for greatly increased service by depressed economic conditions that all who can do so enroll with the higher membership fees.

We have many people who can afford to give this more substantial support to the work in our local community, and we believe they will be glad to do so.

Chilton County is asked to enroll 750 members during the Roll Call from Armistice Day to Thanksgiving. Every person in Chilton County will have an opportunity to join. Let us not fail to meet our quota.

The Red Cross did not fail us when we needed it last spring. They will not fail us if and when we need it again. Let us not fail the Red Cross now.

"During the past year the Red Cross has carried a great load in the national burden. It is serving at the same time to give relief from drought, from flood, from storm, from unemployment. It daily demonstrates that fine sense of service and devotion which expresses the heart of the American people." —President Hoover.

PROBATE JUDGE URGES SUPPORT

Says We Must not Fail to Rally to Roll Call of Red Cross

To The People of Chilton County:

I welcome the opportunity of urging each and every person who can do so to enlist as a member of the Red Cross during the Roll Call campaign from Armistice Day to Thanksgiving.

In view of what our people have seen done by the Red Cross here in our county since the storm last spring, I do not feel that it is necessary to present any argument setting up reasons why the Red Cross is worthy of our fullest and sincerest support. That is obvious to every citizen of our county. We have seen it with our own eyes.

I wish to call to your attention the fact that when our people were in sore distress, the Red Cross was the first to come to the rescue. Emergency relief measures were instituted and carried out fully and systematically. Permanent rehabilitation was followed to a full culmination that brought restoration of many homes that had been destroyed. Over forty thousand dollars was spent by the Red Cross in administering its program of relief to our people.

This was the answer of the Red Cross to our call of distress. Now the Red Cross asks Chilton County to enroll 750 members in the organization. Can we afford to fall short of their request? I say we must respond fully and wholeheartedly.

The Red Cross did not fail us. It has never failed to respond to the emergency call of distressed people everywhere. If we should have another disaster, the Red Cross would be on the job to help us out. The relief program of the Red Cross depends upon and is financed by memberships of the people of the country.

I want to urge every man, woman and child in Chilton County who can possibly do so, to enroll as a Red Cross member. — L. H. Reynolds, Probate Judge.

The Banner and Post, 1 year for $3.

Join the Red Cross and Help The Distressed and Needy

Shall We Pay Our Debt to Red Cross

Chilton County Owes Its Whole-Hearted Support To Organization Which Came To Our Rescue In Time of Distress Following Tornadoes

The Annual Red Cross Roll Call gives to Chilton County this year an opportunity for our people to show in what measure they appreciate the splendid manner in which the Red Cross came to the rescue of our distressed storm sufferers last spring.

The response of the Red Cross to our emergency was prompt and complete. Over forty thousand dollars was spent in relief for our distressed people. This fund provided through the Red Cross, came to our people to relieve their suffering and to rebuild their homes.

Now, the Red Cross is asking the people of Chilton County to provide 750 memberships in the Roll Call from Armistice Day to Thanksgiving. Out of every membership 50 cents goes to the National Red Cross to provide funds for doing such work as they did in Chilton County last spring. There will be storms, floods, disasters of some kind somewhere this year. The Red Cross will go to the rescue of the suffering, just as they came to us. We should be glad of the opportunity to have a small part in the great Red Cross program.

The people of Chilton County would be most ungrateful and unappreciative if they failed to furnish the number of members that are requested of us. We owe our fullest cooperation and support to the Red Cross. Will we pay our debt? We must not fail.

The Annual membership is $1.00. Out of this, 50 cents stays with the County Chapter for local relief work and 50 cents goes to the National Red Cross for national and international relief work.

The Contributing membership is $5.00. Out of this, $4.50 stays with the County Chapter for relief work and 50 cents goes to the National Red Cross.

The Sustaining membership is $10.00. Out of this $9.50 stays with the County Chapter for local relief work and 50 cents goes to the National Red Cross.

The Supporting membership is $25.00. Out of this, $24.50 stays with the county chapter for local relief work and 50 cents goes to the National Red Cross.

Within Chilton County there are many people who must have help this winter in order to provide for themselves and their families necessary food and clothing. A contribution through membership in the Red Cross is the most effective and systematic manner in which one may contributed toward taking care of such local needs.

The money that stays in the funds of the County Chapter will be administered by a group of local people who will see that every penny that is spent goes to a worthy cause.

She—Henry, dear, we have been going together now for more than ten years. Don't you think we ought to get married?

He—Yes, you're right, but who will have us?

ROLL CALL CHAIRMAN HAS CHARGE OF DRIVE PLANS

Join!

$42,000 SPENT IN RED CROSS RELIEF

In Chilton County Following Tornadoes Here Last Spring

The people of Chilton County are to be called on to express their appreciation of the work done in this county by the national Red Cross last March, relieving hundreds of suffering people in the path of the tornadoes.

This opportunity will present itself this week, when the Roll Call of the Red Cross for Chilton County opens in full swing tomorrow, headed by Dr. S. J. Ezell as chairman.

The national Red Cross expended something over $42,000 right here in Chilton County last March, aiding those families who lost their homes and property when this county was swept by the devasting tornadoes. Very little of this amount, hardly $1,000 came from the local chapter of the Red Cross, as the amount in the treasury at that time was very small.

The Roll Call Campaign, beginning tomorrow, November 11th, Armistice Day, and carrying on for several days here should get a splendid start. Dr. Ezell has been busy making these plans, and organizing his committees.

Only a part of the money in this campaign goes to the National Red Cross headquarters. If a person contributes one dollar, only fifty cents of that goes to the National Headquarters to help out in their extensive work over the country. Even if someone should give five or ten dollars, only fifty cents of each contribution will go to the National Headquarters, and the remainder remains in the local treasury, with C. Fenn Jones of Clanton as treasurer of the local chapter.

The people of Chilton county by all rights, should rally full-strong to this appeal for funds for the local chapter of the Red Cross. It does not take full investigation to show the people here that with winter coming on, there are numerous cases right at our doors, cases that unless something is done right away for them, death will probably be the result. And if not death, considerable suffering on the part of many residents, that could be easily averted with a small amount of aid.

The Red Cross Button

Each person contributing to the campaign here will be given a Red Cross button, signifying that he or she has done her part toward aiding the helpless and needy of our county. Wear the Red Cross button. Help the needy of our county through an agency that is thorough and painstaking in its work.

Never before, until last March, has Chilton County been forced to call on the national Red Cross for help. But when the call did go out, help came immediately, and the more fortunate people of the county were spared much worry and trouble. Now is your great opportunity to show your appreciation to this great organization. Heed the call for funds in the campaign which opens tomorrow.

The Banner and Post, 1 year for $3.

Every Person Will Have Opportunity to Sign For Membership

Some days ago I reluctantly accept the chairmanship of the putting on of the Roll Call for the Red Cross in our county, November 11 to 24.

State headquarters has asked our county for 750 memberships. In view of what the Red Cross did for our stricken county last March, it seems to me this is a modest request, and one that every citizen should lend his efforts to securing. The Red Cross mothered our destitute in our greatest need and spent approximately $40,000 in the relief of our storm sufferers.

Surely gratitude calls for our hearty support in this hour of universal need and destitution. Of each dollar membership, fifty cents goes to the National Headquarters and fifty cents goes to our local county chapter for relief in our county. If five, ten or twenty-five dollars is given for a membership, fifty cents goes to the National Headquarters and all the rest goes to our local county relief work.

Many of us should give at least five dollars. It is the only fund we have to care for the great need in our county. In the name of our poor, in the name of our suffering, and in His name, I beg you to do your best in these trying times. Let there be no slackers in this noble work. — Yours for the needy, S. J. Ezell, chairman Roll Call.

MAYOR SMITH IS STRONG SUPPORT

MAYOR'S PROCLAMATION CALLS ATTENTION TO THE ROLL CALL

This year the economic emergency lends special importance to the annual Roll Call or membership campaign of the American Red Cross.

The Red Cross is the recognized relief agency throughout the nation. It is chartered by congress, headed by the president of the United States and accorded cooperation of the federal government. In the unemployment crisis it has borne a great relief responsibility. It has been the authorized medium for distribution of farm board wheat and cotton to those in need of flour, livestock feed and clothing. Its volunteers have been unstinting in devotion to the task of collecting and distributing supplies, and in production of finished goods from materials. Hundreds of thousands of gardens have been planted from Red Cross seed. In 2,200 communities Red Cross Chapters have participated in unemployment relief work.

"To unemployment have been added 95 disasters calling for Red Cross assistance in the period of one year. Drought in the Northwest, tornadoes in the Southeast, floods in the central South and a variety of other catastrophes have entailed mighty burdens on the organization.

Notwithstanding all the manifold special calls, such regular Red Cross services as life saving, first aid, public health nursing and home hygiene, assistance to veterans, and Junior Red Cross have been carried steadily forward.

Our debt of gratitude is great. Our present and prospective dependence is impressive. Everyone who is able to take out membership, as a good citizen and a patriot should do so.

As Mayor of Clanton, I, therefore, proclaim the Red Cross Roll Call, November 11 to 24, a matter of prime civic duty, and urge our citizenship to lend its heartiest support.—J. Lee Smith, Mayor.

"This one is one me," shouted the guy at the breakfast table as he got his second bite of grapefruit.

Diner—Were you the young lady who took my order?

Waitress—Yes, sir.

Diner—You're still looking well. How are your grandchildren?

Completely bald man—Can you restore my hair?

Barber—Well, hardly, but how about a nice simonizing job?

INTER-RACIAL RELATIONS

(The two items below are taken from the twenty-fourth annual report lof the Social Service Commission of the Southern Baptist Convention, 1932.)

Somewhat closely related to mob violence is the more general subject of inter-racial relations. More and more must we cultivate and maintain a proper spirit of kindness and justice between races. Racial antipathies, often finding expression in fractions and injustice, seem to be a universal and inevitable human experience. They are not limited to any particular races, countries or regions. When different races seek to dwell together in equal numbers these antipathies express themselves frequently in war. When the numbers are very unequal the weaker race has to suffer injustice. In this country we have many race problems. One of these, the relation between the white race and the negro race, surpasses all others in magnitude and importance—especially here in the South. That the negro race has to suffer injustice many times in the courts of the land and in other ways, we all know. Here is one striking example. During the past year a negro boy stole one copy of a newspaper from a news stand. He was sent to the county road for thirty days. The paper, copy of which was stolen, uttered no protest against flagrant injustice but was constantly heckling the sheriff and other public officials for their efforts to enfore the Constitution and laws both of the state and nation, and was constantly offering sympathy and encouragement to bootleggers and rum runners. We must cultivate inter-racial good will, we must demand equal and impartial justice for all.

Marriage and Divorce

Your commission has repeatedly reported on the matter of marriage and divorce. In spite of the distressingly large number of hasty and ill considered marriages and the appalling number of diverces we must not lose sight of the fact that nearly ninety per cent of the marriages prove to be happy and permanent and a corresponding percentage of the homes of our land are exemplifying and magnifying the simplicity, beauty and permanence of the martial relation as God intended it should be. The home is the very foundation of all that is best in our social order. We rejoice in the permanency of marriage and the stability of the home as indicated by the figures. These homes do not regale the public with streamer headlines but they are our joy and strength.

Marriage has both a religious and a civil aspect. Religiously marriage is simply the union of two lives and destines upon the basis of absolute and unquestioning love. The form of ceremony by which this union is consummated and made public is of small moment, if the union is genuine and to be maintained in the fear of God. The Roman Catholic church holds that marriage is one of the "sacrements of the church" and that the church has exclusive authority and control over it, being free even to declare void a marriage duly and solemnly celebrated by authority of the state. Baptists, along with all other non-Catholic Christians and citizens, freely recognize the authority of the state over marriage as a matter related to and involving public morality. Marriage then is a civil matter. The state has power and authority to say what classes of persons shall marry and what shall not. This applies to race, age, physical and mental health and all matters affecting the peace and happiness of those who enter the marriage relation, their probable offspring and the public. To deny or question the right of the state in this matter would be to take the position of the Vatican, or to favor "common law" marriage.

The thing most needed now is better laws regulating and restricting marriage. Only so can hasty, ill considered and unseemly marriages be prevented and the number of divorces be reduced. Religiously there is no ground for divorce with the implied right of marriage; civilly there are many. As we cannot hope to reach the ideal in the affairs of the state, as citizens we shall have to accept for a long while, maybe always, conditions far below the ideals in the laws regulating marriage and divorce. But as citizens it is our privilege and duty to seek to bring about better conditions.

Some states have been enacting better laws of late and are to be commended. This is especially true of North Carolina. Your commission heartly commends all such efforts and would again express the conviction that we must strive for greater uniformity in the laws regulating marriage and divorce even if it requires some form of federal action. The chief fear of federal control intermarriage of races not now permitted in most states might be legalized. In the judgment of your commission the fear is unfounded. Only a very small number of states now legalize or fail to forbid inter-racial marriages. If the time comes when marriage shall be controlled by federal authority it is perfectly safe to assume that inter-racial marriage will be prohibited.

The most shameful spectacle witnessed in modern times is the contest between different states for easy marriage and divorce laws so that the number of marriages performed and the divorces granted can be commercialized. Against all such perversion and prostitution of things moral, sacred, even deeply religious in their very nature, every prophet of God and every agency of His kingdom should cry aloud and spare not.

25 YEARS AGO

News Items as published in The Union and in The Banner, Issues of November 7, 1907

J. Lounie Smith died at the home of his parents, Mr. and Mrs. Patrick Smith, in Clanton last Saturday morning. He had been suffering with consumption for the past three years.

Cleve Lowe is on a trip out on the Gulf of Mexico.

Miss Martha Dupree is convalescing from a seige of sickness.

Chilton County paid her Superintendent of Education last year $731.45. The County now pays all his expenses.

Rev. W. S. Cox filled his regular appointment at Union Point last Saturday and Sunday.

Judge and Mrs. S. M. Adams have removed to Calera.

Married this week—Enel Snow and Miss Essie Honeycutt, J. M. Cox and Miss Nezzie Sarbar, C. C. Edwards and Miss Addie Gothard, A. T. Headley and Miss Julia E. Connell.

MORAL ECHOES

(By D. W. Haskew)

During the Civil War two brothers enlisted together and went away to fight for the stars and stripes. In one of the battles the younger brother fell mortally wounded. A minnie ball had torn its way through his body and he fell at his brother's side. They were in a charge together, but the living brother dropped by the side of his dying brother and kissed him. He fixed him in a comfortable position and as he rose to go he kissed him again. The dying brother and soldied then spoke clearly, "This is glorious." Bending over his brother he asked, "What is glorious?" The dying boy, with a smile playing over his face replied, "It is glorious to die looking up." The brother tarried a moment while tears fell from his eyes, and then his brother added, "I see Jesus and Heaven." Suurely it is glorious to die looking up, but if we are to have that joy, we must live looking up. It is the upward look that counts in life and in death.

Well do I remember those olden days when we had "log rollings." Their precious memory will linger until the setting of the sun of my life. The new ground would be cleared, and all the fallen timbers on the cultivated fields would be out into lengths. Then the invitation would go out to all the neighbors "We are rolling logs on Thursday, we want you to come and help us." Early Thursday morning the strong men of the community would gather, each man carrying a hickory handstick on his shoulder. With a "whoop" the man would tackle the job, and all day long there was the sound fo a song and the echo of piling logs. The handsticks would go under a heavy log and the youngest of the strongest men would line up on each side. At a given word bending back would slowly pull the horseshoe out, and then slowly the men would walk away to the heap. In those old time "log rollings" every man had his hand on the stick and carried his load. His load was all that he could carry. That is the kind of dedication that we need in the church today. We wonder why it is that things are dragging in church life. It is because too many church members are out whooping, yelling and criticizing, while only a few have their hands on the stick. If you want to see things move in your church, or in your community, select the end of a handstick, put a horseshoe in your back, and then lift with all your strength. You are not required to carry more than you can, but you are required to carry all you can. I heard my father say at a log rolling, "Idle hands will roll no logs today."

On a large plantation all available help was summoned to gather the harvest. I rode up to the farm house near the noon hour and found the overseer in a rage. He had two fine mules hitched to a Jersey wagon and the team came to the barn just as I rode up. The body of the wagon was filled with ears of corn, all that the mules were able to pull, but on top of that corn were perched five big negro men. The overseer did not even try to control his temper when he saw those lazy negroes riding an over-loaded team. He swept the top of the wagon clean with his horsewhip, and with language that could be understood he informed those negro bucks that if he ever caught them riding an overloaded team again that death might be in the air. I saw a sight that day that I have seen repeated in church life over and over again. In all of our churches we have members who have "hopped" the church for a ride to heaven. They are too lazy to even walk along and do nothing but walk, and so they have piled up on the load that others are carrying. Before this old gospel wagon rolls up to the heavenly gate, St. Peter is going to ride up, and the devil's chaff will be whipped from the harvest load. You are deceiving yourself if you think that you can "hop" the church for a ride up to heaven. Only the members who are pulling in the harness will be admitted into the gate.

A negro boy of eighteen years was employed as jonitor and delivery boy in a drug store. He had all the characteristics of his race. One morning his boss came in and spoke to Rastus in a gruff manner. All the morning the boss was glum and cross, and about mid afternoon, Rastus decided that he was about to lose his job. He was given a package to deliver. Two blocks away he went into another drug store and asked if he might use the phone. Having permission he called up the boss and this one sided conversation was heard: "Is dis you Mr. Jones? Mr. Jones, don't you needs a good colored boy to work for you, to carry bundles, sweep floors, wash windows and sich? You says you is got a good boy. Yassah, goodbye." On leaving the store the owner having heard the conversation and needing a boy, stopped him saying, "Rastus, you are just the boy I need, and I will hire you." Rastus laughed and said, "Why, boss, I'se got a job." "Why, I thought that I heard you phoning Mr. Jones about a job?" said the proprietor. "I did boss, but I works for Mr. Jones and I was kinder checking up on myself." Then with a big grin he added "Mr. Jones says dat I am giving perfec satisfaction." It is time for some of the folks in this section to "check up on yourself" in your church life. Better call up heaven, the Great Boss, and see if you are giving perfect satisfaction.

The MAN in the MOON

Looks Over All—
Overlooks None.

Calm After the Storm

As I sat down to peck out the contents of this column this week, the boss up and asks if it will be about politics. Right off the bat, like that. I almost answered "Sure;" then I remembered that the election will have come and gone by the time the readers get a chance to scan these lines. That does make it a little hard to fill this old column without having any politics to fall back on. Right at this time it looks like the Republicans will repeat, so far as the county is concerned. However, our Demmy friends are feeling mighty swanky over their chances of elect-Mr. Roosevelt. You never can tell, though. They could be fooled as bad as the other old rooster which looked out at the bright full moon about three o'clock in the morning, as it lighted the old earth so brightly that the rooster thought it was day. He hopped off the roost, flapped his wings, and crowed lustily. I little later his bright moon set and he was left in the darkest darkness he could remember. He had "crowed too early." That could happen again. Seems funny, though, not to be cocking and priming the old political gun, doesn't it?

Who Will Be Champ?

As this is being written, the closing match of the local golf club's championship series is being played; at least that is the plan. Jack Hayes was to furnish opposition for W. E. Huddleston in the finals. So it will be Mr. HAYES or Mr. HUDDLESTON so far as followers of the "pasture pool" game is concerned, for the next year. And that's a good name for it too—"pasture pool"—with red bugs on hand to furnish the "scratches".

Getting to the Root

Every once in a while I hear somebody berating state and county officials for "not doing anything about it" when violations of the prohibition law are reported to them. Now, that is very much like getting rid of a big tree which might be cluttering up the landscape. Suppose there was a tree standing out in your front yard, which shut off your view of the road, and you wanted that tree removed. You wouldn't climb up and take out the top, and then come down, taking off the several limbs as you got to them, would you? No! You would begin digging around the root, and pretty soon you would be able to bring the whole tree down, limbs and all. It is just that way with this prohi business. If the officers take the first little limb they come to, they haven't helped the cause much. But if they wait a bit, and dig around a little, and in that way find the distiller, or the wholesaler—the root—they have cleared up the whole situation at one time, even if it has taken a little longer to get set.

The Street Speech

After all, there will be a little politics, this week. Were you on the street and listened to the speech the lady made last Saturday? If you were, and remained to hear it all, I want you to come around and let me know it. I have asked quite a few if they listened to it, and so far I have not found a single person who waited to hear it all. Invariably, the answers run something like this: "Yeah, I listened in a few minutes, but I decided the didn't have much to say that was worth anything, so I left." That is a fair sample of the answers. Many people have made statements like this without being questioned about it—both Democrats and Republicans. Inasmuch as the speaker was an avowed Catholic of the first water, I just wonder if she brought us poor benighted Protestants here in Chilton County the blessing of "Pappy Pius" or any of his "Right Reverend fathers" from the Birmingham district. Or maybe she brought along a little bottle of holy water to sprinkle on the heads of her zealous followers. If you waited to hear it all, you maybe got a chance to let a little of this fall on you. And, in that case, I know you feel great. And now I'll let you in on a little secret. A flock of polecats have denned up in a place I know of, and I can't think of anything better to clear them out with than to get someone who was able to listen to ALL of that speech to go in on them and drive them out—anyone who could stand all of that stuff she had to say, and get a kick out of it, wouldn't mind a little trick like cleaning out a polecat den. That would be pie for them. When you make application for the job, please bring proof that you stayed to listen to ALL of the speech—I want only "stink-proofers" on this job—want it well done. The line for applicants form at my right—and don't crowd—I think there will be plenty of room.

A New Name For It

Thanks to our great Alabama legislature, we Alabamians have a good right to give gasoline a new name. I notice we may call it "taxoline" now. In fact, it merits that name in Alabama more than it does gasoline, in that more of the retail price we pay for it goes for tax than anything else. The crude oil producer get a little, the refiner gets a little, the wholesale oil man gets a little, and the retailer gets a little—but all of these cuts of the the price added together total 14 cents. The other seven cents goes for taxes of one kind or another. Now, ain't that sump'n? Yep, I reckon "taxoline" is the proper name for it. I almost forgot something. In naming all who get "a little" out of the gas racket, I forgot to mention the poor consumer, who foots the whole bill. He, too, gets "a little"—but "very little" at the price we pay now. No one can afford much of it just now.

Glimpses

"Happy" Conway comes in with his bread wagon—that's my idea of a good job—driving a bread wagon—especially during tight times. Leonard Gentry's bantam Austin standing out in the rain—its a wonder he wouldn't put it in his pocket until the shower is over. And there's "Doodle" Gore in front of HIS place of business, the Woco Pep station on the corner—good for "Doodle"—I like to see a guy with spunk enough to step out on his own—he merits his share of the patronage of gasoline users. J. Mell Martin in a new Dodge—whew! The eve of election day—worried candidates and interested voters—I'll be glad when it's all over. And now I vote. Ain't it a grand and glorious feelin'?—Man in the Moon.

First Freak — Where's the India Rubber man today?

Second Freak—He broke a blood vessel last night, so he's down getting it vulcanized.—Awgwan.

Uncle and niece stood watching the young people dancing about them.

"I bet you never saw any dancing like this back in the ninties, eh, uncle?"

Once—but the place was raided.

A MESSAGE TO PARENTS IN BEHALF OF OUR SCHOOLS AND OUR CHILDREN

This message is addressed to mothers and fathers in connection with the purposes behind a nation-wide movement known and designated as American Education Week. Each year at this time parents, citizens, teachers and children join in a tribute to the common schools. Children in some measure hold the ideals their parents have for them in health, in home in learning, and in character. Do you work as hard to make a success of your child's life as you do in your business? Your child's school is your ally. Every day it does something for your child. A sound schooling is the richest legacy you can leave him.

Did you ever stop to think what the life of your child would be like without the common school? How he would spend his days, what friendships he would make; how he would make that important transition from the simple home life to the more complicated life outside; where he not only learns to read and write, but the thousands and one other matters that determine his ability to get on in the world?

Your child's school seeks to do all for their children what the best and wisest parents would do for their children had they the time. The aim of the modern school is to help every child achieve health and safety; worthy membership; mastery of the trades, technics and spirit of learning, citizenship and world good-will; vocational and economic effectiveness; wise use of leisure; ethical character.

The school provides a safe physical environment for your child. We have a clean, comfortable building with proper light, heat and ventilation. The school teaches correct health habits. Playgrounds and supervised play provides healthful recreation.

The school is educating your child for worthy home membership. It gives your child training in reading, music, conversation and recreation, which enriches home life. The school maintains the atmosphere of cooperation and unselfishness which is essential to proper home relationships.

The school is giving your child possession of the tools of learning. The most important are our system of letters, symbols, numbers, maps, our mother tongue, our dictionaries. He learns to read rapidly with understanding. He learns to think. He acquires sound habits of study.

The school is preparing your child for the responsibilities and privilege of citizenship. By taking part in the simple relationships of the school he comes to understand the spirit of fairness, justice, intelligence and good will. He learns the importance of honesty and cooperation.

The school gives your child the fundamentals needed in every occupation — reading, writing and mathmetics. Courses are given to help the child find the trade or profession in which he is most likely to succeed because of his interest and ability.

The school seeks to teach your child how to use his leisure time. He is encouraged to pursue worthwhile interest, to learn games for healthful recreation, to make daily play a source of joy and strength.

Good character is the supreme objective of education and of life. In school worthy standards of conduct are emphasized. The school is building character in your child by helping him to achieve physical, mental, and spiritual fitness.

Our schools are the greatest contribution of democracy to civilization. The future of democracy and the future of the common schools are one and inseparable. What the school is today democracy will be tomorrow. The school is democracy's greatest gift to civilization.

Let us cherish and improve our schools. Let us set the child in our midst as our greatest wealth and our most challenging responsibility. Let us know that the race moves forward through its children, and dedicate ourselves anew to the welfare of childhood.—(Contributed.)

The annual dues derived from Roll Call finance the American Red Cross in its unemployment and disaster relief activities and in its health, first aid, life saving, veterans and Junior Red Cross Work. The membership campaign occurs November 11 to 24.

Four million adults and 6,775,00 juniors can't be wrong. Join them in support of the American Red Cross! Memberships are invited during Roll Call, November 11 to 24.

Business efficiency in disaster relief is the result of long experience in ministering distress. The American Red Cross set a new record when it considered cases of 3,412 families, tornado victims, in 43 counties of Alabama, Georgia and Tennessee in 10 weeks.

More than 6,775,000 school children are members of the American Junior Red Cross. Although they do not solicit memberships in the senior organization which conducts its annual Roll Call November 11 to 24, they cooperate in the distribution of announcement material, in doing routine office tasks, in supplying youthful speakers, and in many other ways.

The President of the United States is president of the American Red Cross. This is the accepted national relief agency, non-sectarian, non-political, the humanitarian emissary of all the people. As a good citizen, join by taking out membership during the annual Roll Call November 11 to 24.

Safeguard this community by taking membership in the Red Cross, November 11 to 24. It means safeguarding of health, greater safety of life and limb, service to veterans, protection to victims of disaster, relief activities.

As a part of the relief extended to drought-stricken and other agricultural sections, 315,-000 packages of garden seed have been distributed by the American Red Cross in the last 6 months. Membership support accorded during the Roll Call. November 11 to 24, keeps the Red Cross ready for every disaster emergency.

The annual roll call, or membership campaign of the American Red Cross will be held November 11 to 24, Armistice Day to Thanksgiving.

The American Red Cross which was known as "The Greatest Mother" during the war, continues to serve veterans and service men and their families. It extends counsel, financial aid and other forms of help, smooths out home problems, assists recovery of the sick and disabled. Red Cross Roll Call this year is from November 11 to 24.

Football is probably called the "pigskin game" because of the many rooters it has.

The permers at the circus must have been inspired by acrobatic spirits of ammenia.

The Man on the Corner

Some Sights He Saw—
and Some He Saw Not.

Armistice Day Brings Recollections

By the time you read this the election will be a thing of the past. We shall welcome the opportunity to turn our thoughts to more serene subjects. The first thing to engage our attention is Armistice Day, which falls on Friday of this week. Armistice Day is in celebration of the end of the greatest military conflict of all ages. It happens this year to come at the end of what has been the greatest political war in many years. The day should, therefore, have a double significance this time.

Fourteen Years Ago

Fourteen years ago the eleventh day of November brought more joy and gladness and celebration than has ever been witnessed on any other single day in the history of the world. Those of us who were in the war have an indescribable recollection of the feelings that possessed our hearts when we came face to face with the fact that the war was ended, and we were assured that henceforth we should have our faces turned away from hardships, battles, bloodshed, death, and back towards home, loved ones, peace and happiness. It was the greatest thrill in the lives of millions of men. Somehow I envy the person who did not experience that thrill as only a soldier could. But as thrilling as was the experience, and as much as I cherish it, I must say it cost a terrible price. I don't want to buy another one.

An Armistice Day Tribute

From the Chilton County Jailhouse comes a poem entitled "An Armistice Day Tribute to our Hero Soldier Dead and our Mothers." It came from Andy Gerber, who has been in confinement for several months. I do not know whether Andy wrote it, or copied it from some other author. But it is a composition of very fine thought, and I want to use it in our column:

Who is it can smile with heart breaking
the while
When the soldier bids loved ones farewell?
Whose heart is it grieves when the patriot
leaves
With an anguish that no tongue can tell?

It's only the mother, for man knows no
other
Whose soul feels the weight of such woe;
Who can smile and look brave and thru
lonely hours save
The torrents of tears that must flow.

Whose heart is it that knows wherever he
goes
He'll be true to his country and flag;
That he'll fight the good fight and die for
the right,
With never a boast nor a brag.

It's the mother whose breast as a babe he
caressed,
And who watched o'er his childhood with
joy;
Tho the years may have flown and to manhood he's grown,
But to mother he's always "My Boy."

Who is it can yearn for the soldier's return
When the trumpet of war calls no more;
When victorious he sees his proud flag kiss
the breeze
Of his own, his beloved native shore?

It's the mother whose face like the halo
of grace
Hovered near him to cheer him afar.
Angels envy her joy as she welcomes her
boy,
Triumphant, returned from the war.

Who is it shall kneel at the graveside and
feel
The full woe of a soldier-boy dead?
Who shall measure such loss, who shall
carry the cross,
And yet live when his spirit is fled?

It's the mother who'll wait at death's golden gate,
Where sorrow and parting shall cease;
And she evermore with her boy as of yore,
Shall be crowned in the Kingdom of Peace.

Always ready and where needed: that is the American Red Cross. Instant and efficient humanitarian service mark the work of the official national relief agency. Join during Roll Call, November 11 to 24.

More than 2,200 chapters of the American Red Cross have participated in unemployment relief in their communities. Their annual Roll Call, November 11 to 24, supplies the dues to finance the continuation of this and other services.

WHAT THE LEGISLATURE DID

The special session of the Legislature of Alabama came to a close last Saturday night, We have heard many expressions from people who say they would like to read a condensed and definite statement of just what was done by the special session. On Sunday the Montgomery Advertiser published a summary of the legislation enacted, as follows:

Provisions for paying State debt of $20,-000,000 by a bond issue amendment to be voted on November 8.

Provision for financing and retiring proposed $20,000,000 bond issue by an income tax amendment to be voted on November 8th.

State employees salary cutting legislation designed to save approximately $250,000 a year.

Passage of budget control act which automatically prevents the state from having a deficit in the future.

Passage of State comptroller act, included in budget system, which will modernize State bookkeeping so that the condition of the State's fiscal affairs will be known daily.

Passage of act extending sales tax to smoking tobacco and other tobacco products which is expected to yield $300,000 a year.

Passage of acts tightening regulations concerning tobacco products and gasoline sales which will serve to diminish bootlegging in these products in the future.

Passage of tax on national and state banks designed to net the state treasury approximately $200,000 a year.

Legalizing near beer throughout the state and Sunday amusements in Mobile, Montgomery, Birmingham and Gadsden.

Passage of two acts regulating motor carriers on the public highways which will result in less maintenance cost for the highways and less danger to the public.

Passage of appropriation bill which will lop approximately $700,000 from the annual expenditures of the State.

—when you require a tonic

. . . when you feel "tired out" . . . "all run-down" . . . "sluggish" . . . "listless" . . . "no appetite"—it is then time to pause and consider what may be the cause of this condition. If you suspect an organic or functional trouble of a serious nature consult a physician at once.

But if your vital organs are sound and you have thru overwork, worry, unbalanced diet, working conditions, "bad air," lack of proper exercise, unconsciously reduced your vitality and resistance, then restore your vital red-blood-cells and their hemoglobin content so that your blood and tissues may have the oxygen to purify and strengthen your body.

For decades S.S.S. has been the preferred tonic for restoring hemoglobin to the red-cells of the blood. Start to rebuild now. You will surprise yourself. S.S.S. is on sale at all drug stores in two convenient sizes—the larger is more economical and is sufficient for a two weeks' treatment. © The S.S.S. Co.

S.S.S. builds sturdy health

County Farm Agent's Notes

Compiled by C. E. Stapp, County Farm Demonstration Agent for Chilton County.

WINS STATE HONOR AND RIGHT FOR TRIP AND SCHOLARSHIP

Chicago, Ill., Nov. 7.—Miss Gene Sheppard of Milstead, Macon County, has been named winner of state-wide honors and an Elgin watch for excellence in the 4-H Canning Project, announces the national committee on boys and girls club work. Miss Bessie Fleming, specialist in 4-H club work of the state extension service, Alabama Polytechnic Institute, Auburn, Alabama, was in charge of the contest.

With this award goes the privilege of competing for a trip to Chicago and for a college scholarship. These prizes are offered by Kerr Glass Manufacturing Corporation of Sand Springs, Oklahoma to encourage thrift and healthful foods for rural young folks.

Two 4-H girls in each of the four extension sections of the United States will be awarded trips to the national 4-H club congress in Chicago to be held this month. The three scholarships which will be awarded at the Chicago show have values of $300, $200, and $100 and will go to the three highest scoring of the eight sectional winners.

The girls will be ranked on their achievement and record books, also on a narrative which they will be required to write on their 4-H experience. This is the fourth year the Kerr people have sponsored contests to stimulate national interest in home thrift and healthful living.

NEWS IN BRIEF

The Alabama Economic Review, published by the Alabama Polytechnic Institute at Auburn, reports an improved undertone of business.

It costs very little to fumigate corn in the crib to kill weevils and thereby prevent their damage to corn but much is saved if it is done. County agents are conducting demonstrations and giving instructions as to how it should be done for the most effective results.

Lamar County farmers have planted this fall more than 100,000 pounds of winter legume seed of which 90 per cent was Austrian peas and the remainder hairy vetch. Three hundred of these farmers expect to save Austrian pea seed next spring.

To prevent the spread of the pink boll worm shipments of cotton and cotton products from six north Florida counties has been restricted by Federal quarantine. Alabama and all other cotton-producing states are interested in this quarantine.

By the end of this year the farm population of the United tates will be close to thirty-two million people, according to official estimate by the U. S. Department of Agriculture. This will place it close to the peak farm population of 32,077,000 as of January 1, 1910. A net increase of 263,000 persons in the farm population for the first three months of 1932 was estimated.

HARDWOOD RESEARCH PROJECTED FOR SOUTH

Montgomery, Ala., Nov. 7. — Pursuant to requests of the Hardwood Manufacturers' Institute and the Memphis Lumbermans' Club, the U. S. Forest Products Laboratory, located at Madison, Wis., has arranged to throw varied specialized groups of its man power to research in southern hardwood lumber, according to Mr. John B. Cuno, a member of the industrial investigation staff of the laboratory. Mr. Cuno was a recent visitor at the office of the State Commission of Forestry, having come to Alabama recently to begin work in this section.

The program includes four objectives: first, to provide consuming industries with scientific information on working machining characteristics of the different southern species; second, to find out whether there is any better way of seasoning hardwoods than that now used, particularly in the case of oak; third, to determine the dividing line in the size and grade of logs that pay their own way in logging and milling under typical sothern hordwood conditions, and fourth, to determine the extent to which the properties of the more variable woods are governed by the growth conditions surrounding the individual tree rather than by the characteristics of the species as a whole.

The cooperation of the industry that will be sought in the selection of the necessary test material will be to meet these abjectives, according to Mr. Cuno. It is planned to have the results of the above work available to the industry within twelve months.

LIVESTOCK BOOSTED FOR ALABAMA FARMS

Auburn, Ala., Nov. 7.—Livestock are gaining a more important position on Alabama farms. More herds of beef cattle, dairy cattle, hogs and sheep, and flocks of poultry are to be kept properly, fed properly, and managed properly to obtain better results.

Evidence of the above conclusion was revealed at a recent meeting of farmers, bankers, business men, and agricultural workers in Montgomery held for the sepecific purpose of bringing about livestock developments in Alabama. The slogan is "More and better livestock on more and better farms kept by more and better farmers."

Bankers are sponsoring it through the agricultural Committee of the Alabama Bankers Association. M. L. Robertson, Cullman banker, is chairman of this committee. Business men are sponsoring it.

County agents are giving a lot of their attention to it, as they have in the past. The goal of their demonstrations is to improve the quality, to bring about better feeding of homegrown feeds, and to establish practices of better management.

It was pointed out that livestock have several distinct advantages on Alabama farms. They add cash, they produce an income each week, soil is improved, labor is used more efficiently, there is less dependence upon cotton, and the farmer becomes a better farmer by learning to like animals.

In the current movement for promoting livestock there is none of the ballyhoo feature. The goal is to produce high-quality animals and animal products at a low cost, thus leaving the producing proposition to make money even when prices are low.

How Doctors Treat Colds and Coughs

To break up a cold overnight and relieve the congestion that makes you cough, thousands of physicians are now recommending Calotabs, the nauseless calomel compound tablets that give you the effects of calomel and salts without the unpleasant effects of either.

One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish,—no danger.

Calotabs are sold in 10c and 35c packages at drug stores. (Adv)

Two young singers will represent Alabama in the southern finals of the 1933 Atwater Kent audition which will be broadcast from station WSB in Atlanta on November 10 and 11. They are Miss Minna Peebles Johnson, Montevallo; and Ernest Castleberry, State School for the Blind at Talladega.

FALL PLANTING OF FRUIT TREES OKEY

Auburn, Ala., Nov. 7.—The decline in the value of money crops and the increase in the demand for making the farm self-sustaining has turned more attention to home orchards to produce fruit for home and for sale.

And fall is the preferred season for planting fruit trees. Early winter is about as good. If the trees are planted at these seasons the soil settlesaround the root and the trees are ready to start growing the following spring. Another advantage is that nurserymen have in the fall a better supply of trees.

But an ordchard should not be planted, said Julian Brown, extension horticulturist at Auburn, unless the planter has resolved fully to take care of it. Fruit trees need good soil the same as cotton, corn, and other crops. They need cultivation and fertilization.

"In brief," said Mr. Brown, "an orchard must be treated as any other cultivated crop. In addition to good soil, fertilizer, and cultivation, fruit trees require pruning and spraying. If they are not sprayed, insects and diseases will prevent the production of good fruit.

The home orchard need not be very large. A small area planted to trees properly selected and then receiving proper attention, should make all the fruit an average family will need. Varities of different fruits from the earliest to the latest should be included in the home orchard.

The Extension Service at Auburn has a belletin entitled "The Home Orchard in Alabama." It is used by county agents in conducting demonstrations and also in giving farmers information about orchards.

STATE TO HAVE 4-H CONTESTANT IN NATIONAL STYLE DRESS REVUE

Chicago, Ill., Nov. 7.—A prize educational trip with all expenses paid to the eleventh national club congress starting here the last of November has been awarded to Miss Dorothy James of Northport, Tuscaloosa County. The annuoncement, made by the national committee on boys and girls club work, states the award was for excellence in dress modeling. Selection of this enterprising young club member was made in competition with many hundred contestants in the state by Bess Fleming, specialist in 4-H club work of Alabama.

Miss James will be the state's representative in the national 4-H style revue, which will be brilliantly staged in one of the city's great banquet halls, with 4-H bands playing, and before 1,200 delegates and 4-H leaders of the nation. She will model a tailored wool dress of her own making in competition with other state winners in this class, and if she scores the highest she will win a three weeks educational tour of shrines of American history in July 1933. These prizes including county, state and national awards are provided by the Chicago Mail Order Company as an incentive to excellence among 4-H clothing club members.

Contests in modeling four types of dresses made by club members will be held at the revue. They are cotton or linen school dress, tailored wool dress, semi-tailored silk or rayon dress and informal party dress. A national winner will be chosen from the class winners, to whom will be awarded a solid gold medal of honor. Gold wrist watches will be awarded the second and third high scoring contestants in each of the four classes.

The many friends of Uncle Jim Mims were glad to see him again Monday attending to his duties at the Commissioners Court. For several weeks he has been in a hospital at Greenville for medical treatment.

MARTHA HAZEL DISON

On November 10, 1910, God placed on this earth a little flower. This little flower grew into the name of Martha Hazel Dison. She was so sweet and kind to every body she met. Four years ago she became the wife of Pete Smith of Randolph. One year later she joined Shady Grove Baptist Church. She lived a pure sweet life.

On Saturday night at 7:00 o'clock, November 5, 1932, God saw fit to call her from this earth to live with Him in heaven. She leaves to mourn her loss, little Myrtle, three years old, Charles Elmore, 12 days old. Also her father, T. B. Dison, sister, Mrs. W. H. Anderson, all of Clanton, and a host of friends.

Weep not dear loved ones, our loss is heaven's gain. She was laid to rest in New Cedron cemetery at 3:00 o'clock Sunday evening, November 6, 1932, with Martin & Sons in charge. Rev. B. Lawrence conducted the funeral.

We certainaly thank Dr. Gragg and the nurses of the Central Alabama Hospital, and Dr. S. J. Ezell for what they did; also everyone who lent a helping hand or spoke a cheerful word for her; also for the beautiful floral offering. May God bless each and everyone is our prayer. By her brother and sister.—W. H. Anderson and wife.

NOTICE PARDON OR PAROLE

Notice is hereby given that the undersigned, Earbie Wyatt, who was convicted in the circuit court of Chilton County in August, 1932 for manufacturing whiskey and sentenced to the penitentiary for a term of one year and one day, will make application to the State Board of Pardons for pardon or parole.—Earbie Wyatt.

AUTOMOBILE RACING SUNDAY

Montgomery, Ala., Nov. 8.—What every indication points to being the greatest auto race meet ever conducted in the State of Alabama will be held at Alabama State Fairground's half-mile track Sunday afternoon, November 13, when nearly a score of outstanding race drivers will compete in a seven-event program totalling 100 laps of motor madness.

From far-off California to the Carolina coast, from Canada to Florida the race stars have entered for the only big-time races held in the state this year.

The splendid field of drivers is topped by Sig Haugdahl, world's dirt track champion of Daytona Beach, Fla., and that sterling Italian pilot, Roberti Saulti of Pennsylvania; Bill Chesterfield of Hamilton, Ontario, Canada; Lew Wallace of Indianapolis and Ted Cunningham of St. Petersburg, Fla.

LEW WALLACE

Others in the benzene battles will be Al Brown, Hal Hartz, Lee Sarles, Leon De Voo, Red Burman, Billy Jones, Crash Walker, Speed Gough, Freddie Fraquar, Billy Winnae, Harper Clancy, Wesly Argyle and Chick Smith.

Montgomery will become the autum Indianapolis of the South and should the races meet the expected success, it is likely two additional races will be run during the winter season.

Events will start shortly after two o'clock with real competition slated at two-thirty p.m. The 25-lap feature race will be the longest event ever run on the Montgomery track, conceded to be the fastest auto race course in the South.

Nominal admission charge will be 50 cents to adults and 25 cents to children, said to be the lowest gate admissions ever listed for "big time" auto racing.

Bill Breitenstein, former Birmingham newspaperman and winter resident of Greenville, Alabama is promoting the affair in cooperation with the state fair and the city of Montgomery.

East View News

There will be a fruit supper at the home of J. A. Dobbs, one and one-half mile west of Cooper, Thursday night. There will be string music also. The supper will be arranged by the ladies aid. The proceeds will go to the church. The charge will be 10 cents per couple for supper.

Mrs. A. C. Nelson was hostess last Thursday afternoon at entertaining the Congregational Ladies Aid. An election of officers was held. Mrs. O. B. Nelson president, Mrs. C. M. Mims vice-president, Miss Gulma Traywick secretery, Mrs. J. A. Dobbs treasurer.

Refreshments were served to the following: Mrs. Sallie Strength, Mrs. S. P. Smith, Mrs. O. B. Nelson, Mrs. J. A. Dobbs, Mrs. Otis Coggins, Mrs. Riley Culpepper, Mrs. C. M. Mims, and Mrs. A. C. Nelson.

The next meeting will be held Thursday afternoon, November 17, at the home of Mrs. C. M. Mims.

There will be preaching here Saturday and Sunday and Sunday night.

Dr. W. K. Bloom, of Washington D. C., Dr. Y. P. Ensminger, of Demorest, Georgia, and Miss Marguerette Davison, of Thorsby, will be here Monday night, November 21, for the services. You are cordially invited to attend.

Mr. W. A. Cox and family spent Friday night with Mr. Bobbie Johnson and family.

Mr. and Mrs. O. B. Nelson were the Sunday dinner guests of Mr. and Mrs. C. M. Mims.

The Christian Endeavor adopted the following resolution:

After making an extensive study of alcohol and its harmful effects on our sane mind and body, we, as a group of Christian Endeavors, do hereby pledge ourselves in the name of our Lord and Savior, Jesus Christ, to refrain from drinking anything that contains alcohol. We further more pledge ourselves to the full support of the enforcement of the prohibition law, and we will do what we can to help free those who have become enslaved to the habit of strong drink.

This pledge is sealed by our signatures: Silas Nelson, Lee Nelson, Buck Griffin, O. B. Nelson, Odis Traywick, Kermit Gray, Andrew Nelson, Mrs. J. R. Griffin, Mrs. Sallie Strength, Mrs. Minnie Nelson, Herbert Nelson, Howard Traywick, Elmer Summerlin, Gulma Traywick, Irvin Hudman, Mrs. O. B. Nelson, Otis Coggins, Mrs. S. P. Smith, Mary Sue Smith, Emma Dean Smith, S. P. Smith, Howard Smith, A. C. Nelson, Mrs. A. C. Nelson, and J. Y. Nelson.

EDITH CULPEPPER LEAD SCHOOL

A clipping which comes to us from The Chatterbox, weekly publication of the George Washington High School, Danville, Va., says:

"With an average of 97.28 Edith Culpepper, of the 8-B class, led the entire school in scholastic standing for the second semester, February to June, 1932."

The following poem by Virginia Culpepper, of the 7-A class, is also clipped from The Chatterbox:

A Lament

'Rithmetic, old 'rithmetic,
"Math" they call it here.
But, heck, no matter what it is,
To me it brings no cheer!

They give you loads of work to do,
To make your brain grow bright.
You work on it till Judgement Day,
And the blamed thing's still not right.

Call it number work, or 'rithmetic,
Mathmetics or geometry.
If you think I know the stuff,
You'll find out differently.

Edith Culpepper, 14, and Virginia Culpepper, 12, are the daughters of C. H. Culpepper, formerly of Chilton County, but for several years past residing in Danville, Virginia. Mr. Culpepper is superintendent of the Danville Knitting Mills, one of the leading hosiery mills of the South.

Hubert Farley—at Farmers Hardware Co.

Central Singing Society

The Central Singing Society met at Concord last Sunday afternoon with a small attendance both as to singers and listeners. However, the singing was rather good. Prof. O. L. Devaughn, the chairman, presided.

The singing next Sunday afternoon will be held at Providence beginning at 2 o'clock. The public is cordially invited.

UNITED SINGING SOCIETY

Mr. A. H. Glasscock of Jemison was in Clanton Monday morning and related to the Union-Banner a very favorable report of the singing at New Salem last Sunday afternoon. Mr. Glass said that there were lots of directors and a big class. The interest was tip-top and the singing was very fine.

The United Singing Society will meet next Sunday afternoon with Union Grove. Mr. Glass and the other pushers of that society extend a cordial invitation to all singers and lovers of music to attend.

NOTICE OF APPLICATION FOR PARDON

Notice is herby given that the undersigned, who was convicted in the Circuit Court of Chilton County in September, 1932, on a charge of manufacturing whiskey and possession of still, and sentenced to one year and one day to one year and one month in the penitentiary, will make application for pardon or parole.—Boone Posey. 11-10-2tpd.

Only $7.50

CHICAGO SALES CO.

Reedie Taylor, Mgr. The Big Store on Main Street Clanton, Ala.

MT. PLEASANT

Our school is justly proud of its recent addition to the faculty. Mr. Carl Glasscock comes to us in a most needful time. Our enrollment has long justified the fifth teacher and for this reason we feel that Mr. Glasscock can greatly assist the other members of the faculty in putting over a most constructive program. He will take charge of the fifth and sixth grades and assume all coaching responsibilities for the boys' atheletics. Mr. Glasscock is a capable young man; well versed in athletics, having starred in both baseball and basket ball during his high school and college career. He is a graduate of Jemison high school, 1930 class, and has done his college work in Jacksonville and Troy State Normal. Mr. Johnson and Mrs. Wright are now doing departmental work in the Jr. High grades.

Miss Gertie Lee Lowery spent the week end in Sylacauga.

Beginning next month an honor roll system will be in effect. All students making first and second honor roll will have their records published in both county papers.

Mr. Johnson and Mr. Glasscock are sponsoring an entertainment which will be given at the school building next Saturday night at 7:30. A small admission of ten cents will be charged for everyone participating. A number of games and contests will be played. Plenty of music, fun and frolic will add to the evening's festivities.

The purpose of the entertainment is to raise money by which new athletic equipment can be purchased for the school. A large number is expected to share the evening pleasures. A fine cake is to be given to some pretty girl who happens to be lucky enough to poll the largest number of votes.

The Parent-Teachers organization will be called to meet soon to discuss ways and means of adding more new working material to the class rooms. The unusually heavy enrollment has demanded most of the teachers' time But now that the County Board has furnished us with additional help, the P.-T. A. can resume activities and earnestly devote more time to making our school rate higher in attendance, added equipment, school loyalty and general community welfare.

Our principal, Mr. R. B. Johnson, spent last Saturday with Messrs. J. A. Culp, Dewey Oates and Lee Caton on an all-day squirrel hunt on Mulberry swamp. They reported fairly good luck and a day of real recreation and good sport.

Mrs. Wright has the larger girls completing the sales of a candy deal. She plans to organize a volley ball team as soon as the necessary playing material can be purchased.

We are glad to see Hubert Duke back in school after being absent, due to illness. He is a member of the Jr. I class and play the guard position on the basket ball team.

Cecil Traywick, popular member of the Jr. III class, has entered school.

Miss Grace Smith, charming daughter of Mr. and Mrs. J. M. Smith, of Thorsby, paid the school a pleasant visit last week.

The Thorsby Institute basketball team suffered a crushing defeat at the hands of the Mt. Pleasant team last Friday evening on the local court. The game was rather one-sided throughout. Although the Institute boys rallied several times during the last half to pull the count closer but the home team had rung up such a large lead during the first half that the Thorsby boys could not register enough to tie the score, which stood 28 to 19 at the final whistle.

On next Friday, November 11, the Mt. Pleasant boys will go to Baker Jr. High for their first Jr. High match game. Coach Vernon Baker, has molded a swift little team to represent the Baker school and this game should prove highly interesting. Be there and pull for your favorite team. Mr. Glasscock and Mr. Baker were rivals on Jemison High School and Chilton County High School teams respectively several years ago. Now they are both coaching Jr. High school teams. You should see this game and note their ability to turn out a winning team.

We regret very much to learn of our old school mate, J. P. Culp, being sick. He was a popular member of the Jr. III last year, also the basket ball team, which won the county championship. He is a member of the Sr. I class at Isabella, where he was establishing a good mark until he became ill several days ago. His school mates and teachers unite thier wishes for a speedy recovery for him.

Our attendance for the first month which closed last Friday was very good. The rating was over 92 per cent.

Mrs. J. E. Minor was a visitor to our school last Friday. Quite a large number of parents visit our school from time to time. The principal and teachers extend to everyone interested a most cordial invitation at any time most convenient for them to visit. We hope every parent can pay us at least one visit this year.

People who live in these apartment buildings don't know anything about each other, I hear, said the man from the country.

No. replied the flat dweller, but you can't have cabbage for dinner without everybody else in the building finding it out.

CLASSIFIED ADVS.

FOUND — Last Wednesday afternoon, ladies fountain pen and pencil, in front of Chicago Sales Co., can be had by calling at The Union-Banner office and describing same.

ISABELLA NEWS

The chapter held its regular meeting in the agriculture building, Monday, November 7. The meeting was called to order by the president and all business was attended to. After which the following program was given: "Profit With Turkeys" by J. P. Poole and "Where Have Our Forests Gone," by Daniel Owen.

A meeting of the executive cmmittee was called Tuesday for the purpose of planning a chapel program, to be given by the chapter, Thursday, November 17th.

School News

Isabella plays its first foot ball game at home Friday at 3:00 o'clock, with the strong Verbena aggregation. Isabella played Chilton County High School last Friday without scoring a single time. Clanton made a good many scores. We hope every body that will, will come Friday to see the game. Admission is going to be very reasonable and it will be an opportunity for many thrills. Follow the crowd!

The play "Miss Adventure" given last Saturday night was very successful. We had a good crowd and everyone seemed to enjoy the play. It is to be given again November 18 or 19, probably at Thorsby or Verbena. Don't miss it! You will have barrels of fun! Watch for advertisement.—Reporter, Elizabeth Mims.

ISABELLA PLAYS VERBENA

The Isabella football boys will meet the fast Verbena eleven on their own grounds at Isabella on Friday afternoon of this week at 3:00 o'clock. This is the first game of the season on the home grounds and the team should be in good shape for the game. We are expecting a large crowd to get in behind the home team at this time. Charges of admission will be 10 and 20 cents.—M. W. Mims.

AUCTION SALE

Packard automobile will be sold at public auction in front of my store Saturday, November 12, at 2 o'clock p.m. The highest bidder for cash gets it.—W. W. Fox, auctioneer.

Foursquare Church

Services for the week:

Sunday, all day for the Lord.

9:45 a.m. Sunday School, a class for all.

11:00 a.m. Morning worship.

6:30 p.m. Evangelistic service.

Wednesday 2:30 p. m. Dorcas Society.

Thursday 7:00 p. m. Mid-week service.

Friday 7:00 p.m. Crusaders.

Saturday 2:30 p. m. Children's Church.

FORESTRY DEMONSTRATION

Mr. C. E. Stapp reports that Mr. Lyle Brown, extension forester, of Auburn, and Mr. Williams, extension forester, of Washington, will be with him Friday afternoon, November 11, at 1:30 to give a demonstration in thinning and care of woods.

This demonstration will be held on the Rockett place, just north of Cooper. All interested in the care of woods and woods growth are urged to be present.

Mesdames Clara Muillins and M. A. Gore visited Birmingham last week.

PLEASANT GROVE-JEMISON

Messrs. Guy Hatcher, Erchel Spivey and Bascomb Morgan spent Sunday in Thorsby.

Mrs. Adair is visiting her mother and father, Mr. and Mrs. Skein, at Asheville, Ala.

Mr. Wilson Clements spent the week end in Oneonta.

Mr. and Mrs. J. E. Connell spent Saturday in Clanton. They attended the wedding of Mr. Carroll's sister, Miss Lela Carroll.

Miss Willie C. Clements visited Miss Lois Robinson Thursday night at Collins Chapel.

Mr. and Mrs. C. M. Wells and family had as their guests last Wednesday night Miss Frances Bruce and Mr. Maurice Jones of Clanton.

Mr. and Mrs. Jim Wright and family had as their guest Mr. Wright's mother, Mrs. Wright, of Thorsby.

Mr. and Mrs. Maurice Smith and baby have returned to their home after visiting Mrs. Smith's mother, Mrs. Anderson of Oak Grove.

REFUGE NEWS

We are glad to say that the health in this community is very good at present. Mrs. Elizabeth is much improved.

Our Sunday school was rather small Sunday on account of the rainy weather. Don't forget, and everybody come back next Sunday.

Our community received quite a surprise October 21 when the wedding of Mr. Lee Minor and Miss Pouline Easterling was quietly solemnized at the home of Rev. M. Lockhart with only a few friends present. Mr. Minor is the son of the late William Minor of this community. Miss Easterling was the beautiful young daughter of Mr. Charlie Easterling. They have many friends who wish them many happy years of married life.

Every body come to Sunday school nert Sunday and bring someone with you.

Mesdames Arthur Willis and Earl Gore visited Tuscaloosa recently.

MRS. OMAR REYNOLDS RECEIVES FIRST CAKE GIVEN BY BAKERY

According to announcement last week, the Sunlite Bakery placed a cake in its window, bearing the name of someone in Clanton. The person whose name appeared on this cake was to be given the cake free. Mrs. Omar Reynolds received the cake last week. Another cake will be given away this week. Turn to the adv., being carried this week in the Union-Banner. Then watch the windows of the Sunlite Bakery. If your name is on the cake which will be displayed there, it's yours. Watch close; you might be the lucky one.

MRS. STAPP NO LONGER WITH WELFARE DEPARTMENT

Editor Union-Banner:

Will you please give me space to call to the attention of the people of Chilton County that I am no longer connected with the welfare work in Chilton County. I feel that the majority of the people of the county know this, but I am still getting letters every day from people appealing for help.

I do not have time to answer these letters, and I will appreciate it if my friends over the county will pass the word out that I am no longer connected with the welfare work. I will also appreciate my friends advising any who may criticise me for not answering their letters that I am no longer in the work and that I do not have time to answer their letters.

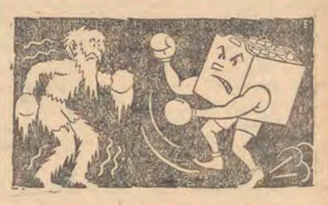
I am always glad to do what I can to help people in distress, but I am teaching school now and practically all of my time is taken up with school work.—Thanking you for this space, I am, yours very truly, Mrs. C. E. Stapp.

U. S. COURT OPENING AT OPELIKA NOV. 14

The regular term of the United States District Court for the Opelika division will open Nov. 14 with the criminal docket and the trial of W. A. (Tobe) Betts, former sheriff of Lee Coutny with 12 other defendants on a charge of conspiracy to violate the prohibition law, District Attorney Arthur B. Chilton announced Friday.

Court will continue in Opelika to November 22. The District Attorney also announced that the Grand Jury had been summoned to assemble in Montgomery on November 28.

Charges of conspiracy to violate the prohibition law followed an extensive investigation in Lee County by special agents of the department of justice. Other defendants in the case are J. W. Martin, Sr., Silas Eason, Dan Walden, Grady Long, George Royal, Rufus Gunter, Louie Alred, Joe Welden, Boykin Smith, Ed Frazier, John Ratcliff and Jess R. Ford.



Is He Equal To the Job?

MR. Storage Battery must perform some heavy labor these cold mornings, getting your motor going. IS HE EQUAL TO THE JOB? If he seems the least bit weak, bring him in for treatment, right away. Remember this also—only a fully-charged battery is safe from freezing!

PHONE COMPANY ELECTS OFFICERS

Central Fees Remain Same As Last Year and Are Now Due and Payable

At the meeting of the phoneholders of the Peoples Telephone Company at the courthouse last Friday, officers were elected for the coming year. All of the present officers were retained and two additional members of the Board of Directors were elected namely, R. E. L. Ward of Lomax and C. B. Huett of Enterprise. Jesse Baker is president, T. E. Wyatt secretary, and the other members of the board are E. H. Mims, John Jackson and James M. Robinson.

It was decided at the meeting to continue to operate the central, inasmuch as quite a bit of encouragement was offered toward payment of central fees. The interest in the system generally seems to be picking up as compared with a year ago. The meeting went on record as strongly recommending the rebuilding and repairing of lines, putting in new batteries, etc. If all phoneholders will do these two things, then 95 per cent of the hinderance to getting service will be removed. The way to go at this is for some influential man on each line to go around and notify the other people on that line that they will meet a certain day and work the line. And make the thing imperative; don't ask them "Will you come?" but tell them to be there; and everyone be there and with the determination to work. Don't be afraid that you will do more than the other fellow, but try to do more than your part. The central operators are going to do their part of the work and more too if the people will only half way do theirs. Now, people, show your colors by jumping into this telephone business and let's get it back on its feet again. Seven years ago the Peoples Telephone Company was the best thing of its kind in Chilton County. A man could go to his phone and talk to nearly anybody in the county. A system like that is really worth something to a county. Well, we can have it back if everybody will do their part.

The Board of Directors met Monday afternoon and considered bids for the operation of the central another year. It was decided to keep the same operators—Mr. and Mrs. C. R. Copelan. These people have done fine work since they have been here, and we believe they will continue to do good work. The central fee was set the same as last year—$2.50 for residence phones and $3.00 for business phones.

The Board of Directors has decided that in case a residence phoneholder desires to pay less than a full year, he may pay $1 and get his receipt for four months service. At the end of that four months he may pay another dollar and get another four months receipt. This of course will have to be done three times a year and will amount to $3; but there are very likely some who had rather pay one dollar three times a year than to pay $2.50 once a year. And still there are those who had rather pay all at once and save fifty cents. This only applies to residence phones. Business phones are straight $3 a year and must be paid all at once.

November 1st was the beginning of the phone year, therefore central fees are due now. The directors on all lines are asked to urge payment of dues as hastily as possible.—T. E. Wyatt, Secretary.

CLOSING OF SCHOOLS IMMINENT

Last Saturday County Superintendent Lawrence attended a meeting of county and city school superintendents in Montgomery. The prospects of the schools of the state being forced to close for lack of funds was the object of consideration at the meeting.

According to a statement of Mr. Lawrence upon his return from the meeting, the schools in several counties of the state have already been forced to close. Other counties will close their schools this week, he said. Still others will be able to proceed only a few weeks longer with their programs.

Chilton County is more fortunate than many of the smaller counties, said Mr. Lawrence. Present prospects, he said, indicate that we will be able to carry our schools on to the end of the first half of our term. Unless something happens to alter the situation, it is apparent that the closing order will apply to all schools in the county at the end of the half term. There probably will be an exception in the case of the schools at Lay Dam and Mitchell Dam, owing to the support which is received by these schools directly from the Alabama Power Company.

CARRIED EVERY ALABAMA CO.

Governor Roosevelt, Democratic president-elect, carried every county in Alabama in the election of November 8. This is the first time within the recollection of the present generation that every county in the State gave a majority for a Democratic candidate for president.

Winston County's vote was the closest, Roosevelt receiving 1006 and Hoover 1005, a staggering majority of one vote for the Democratic candidate.

Roosevelt's total in the state was 207,604. Hoover's total vote was 34,650. Norman Thomas, the Socialist candidate for President, received 1,472 votes in the state. Only 7 votes in Alabama were cast for William D. Upshaw, the Prohibition Party candidate for president.

HURRICANE DEAD PLACED AT 2,500

Bodies Are Piled In Heaps And Burned With Gasoline

Camaguey, Cuba, Nov. 13. — The death list in the City of Santa Cruz del Sur, virtually wiped off a sand spit on the southeast Cuban coast by a tidal wave last week, was placed at 2,500 persons today by secretary of Interior Zurbizarretta.

Due to its open position, Santa Cruz was the most severely stricken of the many points where a tropical hurrican left a trail of wreckage from the north coast of South America, more than a week ago, to the Bahamas where it was spending its force today.

At least 80 persons were reported killed and more than 300 injured when the hurricane struck the Cayman Islands. Jamaica and the Bahamas were less seriously affected.

Gasoline was sought by the Cuban government for cremation of more than 1,000 bodies reported piled in pyres at Santa Cruz. Dr. Zurbizaretta said more than 700 bodies were buried there Friday.

Many others were believed carried out to sea by the ten foot wall of water. Only a few telephone poles were reported still standing in the city which had a population of 3,500.

Refugees have been pouring in here from Santa Cruz and relief work was being rushed in the area. An army of physicians from Havana and elsewhere were inoculating thousands of people against disease and ministering to hundreds of injured.

The train which carried Dr. Zubizaretta on an inspection trip delivered food at every little hamlet for hundreds of persons scattered in the wasted fields. Miles of cane fields were levelled and it was estimated the 1933 sugar crop from Camaguey provice would be at least 400,000 bags under what was expected.

The sailboat Eulilia Pinero arrived here yesterday with 20 sailors who had been shipwrecked on the coast. Another sailboah, the Neuva Choncha Santa, also had floundered and only one of its crew of nine were saved.

GARNER CASE IS CALLED MISTRIAL

Withdrawn From Jury When Mrs. Franklin Fainted On Witness Stand

The case of Ernest Garner, charged with murdering William Anderson Franklin, his brother-in-law, came to a sudden halt last Thursday when Mrs. William Anderson Franklin, testifying for the state, fainted and collapsed on the witness stand.

When the collapse of the witness happened, she was carried from the courtroom by attendants. Judge Tate declared the incident which happened in the presence of the jury might unduly influence the jury, and therefore withdrew the case from their consideration and declared a mistrial. Garner was readmitted to jail to await the time when his case shall be called for another trial.

A special venire of jurors had been summoned to try this case. All of Thursday morning was consumed in qualifying the jury. Immediately after the noon recess the jury was struck and the trial of the case was begun.

Mrs. Franklin was the first and only witness placed upon the stand. She related the story of incidents that preceded and led up to the killing of her husband by his brother-in-law, Ernest Garner. As the witness was being examined by defendant's attorney, Percy M. Pitts, she fainted and collapsed.

Have You Joined the Red Cross .?.

Remember:

The Red Cross donated $40,000.00 to the storm sufferers of this county last Spring. What would we have done without this help? We should have a thousand members in Chilton County. Will you be one of them?

Roll Call Ends Thursday, Nov. 24

ALA. POWER CO. HELPS SCHOOLS

Payment of Tax Took Care of Payroll of Teachers for Last Month

Again the Alabama Power Company has proven that it has a very commendable interest in the schools. This time the beneficiary of their kindness is the schools and school teachers of Chilton County.

Some days ago someone suggested to Superintendent Lawrence that the Alabama power Company might be willing to pay a part of their county tax in order to help the schools out of an emergency. With joy in his heart over the prospest, Mr. Lawrence, together with Tax Collector W. G. Culp, communicated with company officials about the matter.

They received favorable encouragement. After a few days of negotiation, the matter was concluded, and Mr. Culp received payment of the Alabama Power Company taxes in amount sufficient to meet a month's payroll of the school teachers of the county.

Payment was made to the teachers last Saturday, according to Mr. Lawrence. They were given checks to cover their salaries of the past month in full. This is the first full month's pay the teachers have received at one time in many months. The total amount of money released to the teachers of the county on this payroll was about sixteen thousand dollars.

There are still several months back pay due the teachers, on account of the lack of funds coming from the State's educational obligations to the county.

NEW FORD CARS LEAD IN SALES

The V-8 Stands Ahead of All Competitors For The Fourth Month

For the fourth consecutive month since volume deliveries of the new Ford V-8 began, Ford led all competitors in September in sales of passenger cars, commercial cars and trucks.

In these four months, Ford passenger car sales were 39.93 per cent greater than those of its nearest competitor, while Ford commercial sales were 27.40 per cent in excess of sales of that competitor.

Ford's total passenger car sales for the four-month period was 150,831 units which compared with 107,788 for its nearest competitor, while Ford commercial car and truck sales totalled 25,632 units as against 20,120 for that competitor.

For the year to date, despite the fact that Ford was virtually out of the market for five of the nine months, Ford sales of all units, both passenger and commercial, totalled 260,580, as against 340,627 for its nearest competitor.

Ford passenger car sales in this month totalled 26,432 units, or 32,3 per cent for all makes, as against 21,659 or 26.4 per cent of all makes, for its nearest competitor. Ford commercial car sales were 2,305 unagainst 1,861 units, or 40.4 per cent, its, or 50 per cent of all makes, as for its nearest competitor, while Ford truck sales were 3,703 units, or 35.5 per cent, as against 3,445 units, or 33.0 per cent for its nearest competitor.

Red Cross Annual Roll Call Being Pushed In Every Part Of County

Although a complete report from all the working centers and the communities of the county could not be had in time for publication this week, it is being shown by what is in, that the people of Chilton County are showing their appreciation of the Red Cross by becoming members.

The Red Cross Roll call of Chilton County opened last Friday, with Dr. S. J. Ezell as chairman of the campaign and C. E. Stapp as chairman of the local chapter.

An intensive drive is being conducted throughout the county, with workers busy every day in Clanton, Maplesville, Thorsby, Verbena and Jemison seeking members.

Chilton County has been given a quota of 750 members by the National Red Cross, the organization that gave this county such a helping hand last March. Chilton County must reach the goal.

Accept Corn, Syrup

Mr. Stapp advised a representative of The Union-Banner Tuesday that they will accept corn, syrup or any staple produce from farmers who are not able to contribute money. Memberships are one dollar, but a person may give more. If corn is given, it will take two and one-half bushels, and thre gallons of syrup. These should be brought to the office of the Farm Bureau, on main street.

In this week's issue of the Union-Banner there is published a list of those who have become members of this Roll Call. It will be noted that several families have become one hundred per cent members, meaning that every member of the family is a member of the Red Cross.

Workers Not Paid

Some questions have been asked about the ladies who are soliciting memberships. It must be clearly understood that these ladies are not being paid one cent for their work. They are giving their time and efforts to this cause, realizing that Chilton county owes it to the Red Cross. These workers over the county are to be commended for the unselfish spirit in which they have entered this work.

Ends November 24th

The Roll Call will end Thursday, November 24th. Farmers, merchants, business men, professional men and in fact everyone should become a member of the Red Cross in Chilton County. Give a dollar, or more.

THANKSGIVING SERVICE TO BE HELD AT PLEASANT GROVE

Mr. W. J. Best and Rev. Johnson of Pleasant Grove were in Clanton Tuesday and asked the Union-Banner to announce a Thanksgiving service at Pleasant Grove to be held at 11:00 o'clock on Thursday, November 24th. A special sermon appropriate for the occasion will be preached, and all people who can are urged to attend. All are asked to bring some kind of thank offering, such as canned fruit, and other non-perishable foods. Some of the offerings will be given the pastor and some will be given the needy of the community. Especially the other two churches of the Chilton Circuit—Concord and Antioch—are urgto be well represented. Of course, anybody who can come is invited.

SEVENTEEN SENT TO PENITENTIARY

Sentences Imposed By Judge Tate In Court Here Last Week

As a result of disposition of criminal cases in the Circuit Court of Chilton County last week, seventeen prisoners were delivered to the State prison transfer agent by Sheriff Gillespie last Saturday to serve sentences imposed upon them by the court.

Following is the list of those sent off, with the time they are to serve and the charges upon which they were sentenced:

Ethel Reed, negro, burglary and grand larceny; one year and nine months to two years and three months.

Sam Trott, white; manufacturing liquor; one year and one month to one year and seven months.

Thomas Littlefield, white; manslaughter; ten years.

Allen Pate, white; manufacturing liquor; one year and one month to one year and seven months.

Ross Ford, white; manufacturing liquor; one year and six months to two years.

The above are the state prisoners who will serve sentences for the State of Alabama. Following are county convicts who will serve sentences for Chilton County:

Willie Briers, negro; petit larceny; 118 days.

Leonard Townsend, negro; carrying concealed pistol; 54 days.

Horace Cook, negro; violating prohibition law; 74 days.

Alfred Youngblood, negro; carrying concealed pistol, 84 days.

Earle Pierce, white; abusive language, 169 days.

Keener Roper, white violating prohibition law; 111 days.

Henry T. Nobles, white, violating prohibition law; 83 days.

Murrah Martin, white; violating prohibition law; 80 days.

Harvey Latham, white; violating prohibition law; 82 days.

Allen Brown, white; violating prohibition law; 101 days.

Ed Thomas, white; violating prohibition law; 80 days.

Burl Pierce, white; disturbing religious worship; 133 days.

J. C. ATCHISON THANKS VOTERS

Editor Union-Banner:

Please permit me to express through your paper my appreciation for the fine vote I received in the election November 8th.

To my host of friends in this county and elsewhere who voted for me, I wish to say that mere words can not express my feelings, but I will say that I deeply appreciate every thing that was done and said in my behalf to help me roll up such a good majority, which has made me rejoice, and my friends smile pleasantly when we think of the victory that we have won in the county.

I fully realize that victory for us has meant disappointment for many others, and I shall not forget to sympathize with those who were defeated and cannot rejoice with me.

I wish to again pledge faithful and my most efficient service to the entire citizenship of our county, and when I can serve any of you, I shall be glad to do so, if it is in my power to consistantly act. I have tried not to incur the ill will of any one and I feel that I shall have the cooperation of nearly all, and I invite the friendship and hearty cooperation of every person in the county. Let us all work together and make a success, and get our county out of the strain of depression and not allow ourselves to get into the embarassing position that many occcupy at this time in many other counties. I am, Yours for success.—J. C. Atchison.

TOM LITTLEFIELD GETS TEN YEARS

Disposition of Many Other Cases In Circuit Court Last Week

After adjournment over Tuesday on account of the election, the criminal division of the Circuit Court of Chilton County, with Judge Tate presiding, took up its docket Wednesday morning, continuing to Saturday. The following cases were disposed of:

Allen Brown, charged with violating prohibition law; jury and verdict of guilty; sentenced to hard labor 20 days for fine and 81 days for cost.

Dewey Parrish, charged with burglary and grand larceny; defendant plead guilty; sentenced to one year and one month to one year and seven months in the penitentiary; sentence suspended and defendant placed on probation for two years pending good behavior.

Earle Pierce, charged with abusive language; jury and verdict of guilty; fined $10 and sentenced to hard labor 10 days for fine and 68 days for cost.

Enoch Easterling, charged with violating prohibition law; plead guilty and fined $50.

Harvey Latham, charged with violating prohibition law; plead guilty and fined $50; sentenced to hard labor 20 days for fine and 62 days for cost.

Robert Jones, charged with resisting officer; held under bond of $300.

Oscar Sanders, charged with violating prohibition law; plead guilty, and continued to next term of court.

Hosey Payton, charged with assault to murder; plead guilty to assault with weapon and fined $50.

Percy Payton, charged with assault to murder; plead guilty to assault with weapon and fined $50.

Ross Ford, charged with manufacturing whiskey; plead guilty and sentenced to one year and six months to two years in the penitentiary.

Bill Little, charged with abusive language; nol prossed.

Murrah Martin, charged with violating prohibition law; plead guilty and fined $50 and cost; sentenced to hard labor 20 days for fine and 60 days for cost.

Robert Bolane, charged with grand larceny; plead guilty and sentenced to penitentiary for one year and one month to one year and seven months sentence suspended and defendant placed under probation for two years pending good behavior.

Andy Gerber, charged with burglary and grand larceny; jury and verdict of not guilty.

Manuel Dubose, charged with manufacturing whiskey; plead guilty.

Ernett Garner, charged with first degree murder; case witndrawn from jury and mistrial ordered on account of witness, Mrs. Franklin, wife fo deceased, William A. Franklin, fainting on witness stand.

Thomas Littlefield, charged with first degree murder; by agreement defendant plead guilty to manslaughter and accepted a sentence of 10 years in penitentiary.

Sam Trott, charged with manufacturing whiskey and possession of a still; plead guilty; sentenced to penitentiary for one year and one month to one year and seven months.

Allen Pate, charged with manufacturing whiskey and possession of a still; plead guilty; sentenced to penitentiary for one year and one month to one year and seven months.

BIG TIME AT SUNLITE BAKERY TONIGHT AT 7:30

Messrs. Broadhead, Foshee and Taylor, of the Sunlite Bakery, are promising a big time for their friends at 7:30 tonight. They are going to give them an oyster supper at the bakery, and the affair promises to be a real treat to those who attend.

A new delivery truck has been added to the equipment, and Mr. Taylor says that they are getting along well with their business. Mrs. Milton Smith got the free cake given away last Saturday. Watch the windows as you may be the lucky one this week.

SEVEN ARRESTS MADE

The Circuit Court here last week reduced the population of Sheriff Gillespie's "white house hotel" by seventeen, who were sent to the penitentiary.

But the sheriff has already started to filling up the "vacant chairs" again. Since court closed a total of seven arrests were reported up to Monday evening, as follows:

One for burglary and grand larceny; three for assault with intent to murder; one for assault and battery; one for violating the prohibition law; one for carnal knowledge.

The jail register Monday evening showed twenty-four under confinement.

County Farm Agent's Notes

Compiled by C. E. Stapp, County Farm Demonstration Agent for Chilton County.

HEALTHIEST 4-H GIRL IN STATE IS NAMED

Beautiful blue-eyed blond farm girl in Lee County in which Auburn is located, is the 4-H health champion for Alabama in 1932. She is Dolly Meadows of Salem, Rte. 2, Alabama.

Dolly is 17 years of age and physicians who examined her report her to be very close to normal in every way. As the state champion she will be one of the five 4-H club girls to represent Alabama in the national club congress in Chicago, November 27-December 3. There she will compete with other state winners for the highest national honor.

Beautiful, pleasing, courteous, enthusiastic and alert are adjectives which describe Dolly. And she is expected to make a high score in the national contest.

Dolly has been in 4-H club work four years under the direction of Miss Mary Bailey, home demonstration agent for Lee County. The first year she was in foods work, the second in home improvement, and the third in cooking. The fourth year she again selected foods.

"I like foods best," she said, "because it is something we have to think about three times a day."

Dolly says that intelligent eating and wise exercising have contributed to the condition of her health. She eats plenty of vegetables produced in the home gardens, eggs, drinks milk, and eats other foods produced on the Meadows farm. She helps with the cooking and with house work the same as other smart and alert farm girls.

SPRAY FRUIT TREES

Auburn, Ala., Nov. 14.—One reason why the fruit trees in Alabama fail to produce fruit is because scales and other insects infest them. One good winter spraying will kill most of them, say county agents who are giving information as to how and when to spray for best results and the lowest cost.

RED SQUILL KILLS RATS

Auburn, Ala., Nov. 14.—W. A. Ruffin, extension entomologist at Aubur, is oustpoken and very active in his war on rats, which can be killed, he said, at a very low cost by using red squill. One package of red squill, which costs less than a bushel of corn, will save several barrels, Ruffin said. Cooperation among farmers in using it on a community basis is more effective.

ALABAMA COTTON CROP SMALLEST SINCE 1923

The United States cotton crop is forecast by the U. S. Department of Agriculture at 11,974,000 bales, which is an increase of 522,000 bales over the forecast of a month ago, reports F. W. Gist, statistician for the department of Agriculture.

Alabama's crop is forecast at 860,000 bales which compares with 1,420,000 bales last year and 1,475,000 in 1930 "This will be the smallest total crop produced in this state since 1923 when slightly less than 600,000 bales were produced" Gist said.

"The probable yield per acre in Alabama is forecast at 136 pounds which compared with 200 pounds of last year and a ten year average of 158 pounds. This yield is the smallest since 1923 and is due to the very small amount of fertilizer used this year and to the weevil damage which was heavier than the state has ever experienced in recent years," he said.

The Banner and Post, 1 year for $3.

HOLLY MAY BE GROWN FOR PROFIT

Montgomery, Nov. 14.—Of all the trees native to the South that are used for ornamental planting, the American holly seems to be the most neglected, says J. M. Stauffer, State Forest Inspector of Alabama. Species that are exotic to the state and even to America find favor on southern lawns, although the best of these can hardly compare in beauty of foliage and fruit, symmetry of form and sentimental appeal with our native holly. It seems odd that this should be true in view of the fact that during the holiday season large quantities are shipped to outside markets and considerable quantities appear for sale locally. In some parts of the country people are planting the trees in plantations or groves in order to produce annually on a paying basis commercial quantities of evergreens for an indefinite period, gathering the prunings or trimmings of the new growth in much the same manner as the fruit grower harvests his crops.

According to Mr. Stauffer, one of the chief disadvantages in transplanting small holly trees or planting the seeds is the fact that the trees are disecious and only rarely monoecious. By the former term is meant that the male and female flowers are found in different trees. This results in only the female tree producing berries. This characteristic is of great moment since a female tree will not bear flowers until it attains an age of from five to twelve years. In planting the seed it is generally safe to figure that one out of ten will be a berry producer. These two characteristics are perhaps largely responsible for the lack of favor in which this species stands. However, the painstaking amateur gardener or the experienced professional has very little difficulty in reproducing the female tree by means of cuttings, layering or gratfing, the parent tree, of course, being a berry producer.

WOMEN DO CLOTHING WORK

Mobile, Ala. — Home demonstration club women and 4-H club girls in Mobile County are now doing clothing work. Mrs. Louise M. Riley, home demonstration agent, has conducted 31 home demonstrations in clothing with 1,400 women and girls present.

CURB MARKET SALES BIG

Montgomery, Ala., — Montgomery County sellers on the curb market in the City of Montgomery received $6.-852.72 during October, according to Mrs. Mamie Thorington, home demonstration agent. The market was open 13 days during the month. Sales included 2,034 dozen eggs for $610.00.

WHY HENS DON'T LAY

Auburn, Ala., Nov. 14.—If hens are not laying, their failure is due to poor breeding, or poor management, with the added probability of diseases, which good feeding and good management help prevent. H. R. Bailey, extension poutryman at Auburn, say that each flock should be culled to get rid of inferior birds and those that are kept should be fed and managed properly, including good housing. At present prices of eggs and feed poultry production is a good business, Bailey added.

CARD OF THANKS

Mrs. Lula Giles and children desire to express our thanks to our friends for their assistance and comfort to us during the recent sickness and death of our husband and father.—Mrs. Lula Giles and children.

GIRL WINS CHICAGO THIP ON 4-H HOME PROJECTS

Chicago, Ill., Nov., 15.—The dream of a 4-H Club girl came true when Miss Dolly Meadows, Salem, Lee County, was awarded a prize educational trip with all expenses paid to the National Club Congress in Chicago, November 25-December 3, which will be attended by 1200 4-H delegates and leaders. Her selection by Miss Bess Fleming, State Agent at Alabama Polytechnic Institute, Auburn, Alabama, is just received here by the National Committee on boys and girls club work.

The award was made on the record of the club girl in home economics projects the past year and her standing as a club member. The trip is given by Montgomery Ward & Company to encourage girls to become proficient in home making through 4-H projects, and has been made in every state for a number of years. Contestants are required to submit full records of their work as a basis for awards.

Miss Meadows plans to make the trip to Chicago with the state delegation, where they will enjoy a great round of sightseeing besides attending the regular contests and other events, at which national champions in various 4-H projects will be chosen. One of the thrills will be the parade of state delegations with 4-H bands and led by nine horse hitch of ton draft horses in the great amphitheatre of the International Livestock Exposition. Other events are visits to the Coliseum Poultry Show, Lincoln Park Zoo, musems, institutes, great mercantile and manufacturing establishments, meat packing houses, banquets and tours of the city.

WINS ENGLISH TEST

Student Who "Prepped" In China Is Best at Auburn

Auburn, Ala., Nov. 10.—In a standardized English test which sought to measure the literary background and expertness in grammar given freshmen at the Alabama Polytechnic Institute, the highest score was made by J. H. Williams, 17, who prepared for college at the Shanghai, China, American school. Williams has registered in the electrical engineering course.—Birmingham News.

J. H. Williams, who is more commonly known by his first name of James, or James Hobson, is the son of our Rev. J. Toy Williams, who for a number of years has been missionary to China. The grandmother of the boy lives in Clanton, as well as an uncle, Mr. T. L. Williams, the local manager of the Alabama Power Company.

James Hobson has a number of friends in Clanton besides his relatives. Some of the good ladies of the Clanton Baptist Missionary Society have arranged to send him a box of cake, fruit, etc., every week or so. We understand that he will spend the Christmas holidays with his grandmother here.

FARM AND GARDEN QUERY BOX

(By K. C. Davis, Knapp School of Country Life, Peabody College, Nashville, Tenn.)

Q. We are troubled with moles digging up the yard. Should these be killed, and how is it accomplished?

A. If moles are working in the grass, they need not be destroyed; but, if they are working in flower beds, particularly where bulbs are growing, they may do considerable damage and should be killed. They are really insect-eaters and do more good than harm if working in grass. Field mice and shrews follow the mole runways and do more damage than the moles themselves. A good plan is to pound the soil down or to roll it with a heavy roller. Early in the morning a tine of a pitchfork may be run at the end of the tunnel and the mole may be caught. An abundance of strong lime scattered along the runways tends to keep the moles away. Mole traps may be set in the runways. These are very successful. A diligent dog may be used to follow the moles and catch them.

Q. Please suggest good methods of transplanting wild plants to a garden for a "wild border."

A. Late fall is a good time to go through the woods and mark plants which you would like to take up. Ferns can still be recognized and many wild flowering plants may still be known by their leaves. Put sticks by these or otherwise mark them. When the leaves have died down, take a spade and transplant the plants with all the roots possible. Move each clump without disturbing the roots any more than necessary. A few hours of this kind of work in the fall will be well rewarded.

Q. In making a self-feeder for pigs, what rule is followed for trough space?

A. For large pigs of fattening size allow sixteen inches of space for three or four pigs, and allow five times this much for thirty pigs.

MARKET FOR MILK

Auburn, Ala., Nov. 14.—One important fact about dairying is that every farmer in Alabama can sell milk at some price any day of the year. This is why dairying should be a more important part of Alabama agriculture, the county agents are insisting. By keeping a few good cows, producing feed for them, and providing good shelter and giving good management, dairying is a profitable business even with low prices of dairy products.—F. W. Burns, Auburn.

CHURCH OBSERVANCES TO MARK THE CLOSE OF CELEBRATION

The George Washington Bicentennial celebration will be brought to a close on Thanksgiving Day, November 24, in the same manner in which it began on February 22—with religious services in honor of George Washington in all the churches of America.

The United States George Washington Bicentennial Commission estimates that more than 75,000 churches will participate in separate Thanksgiving bicentennial exercises.

In many towns and cities, the commission reports, churches of all denominations will hold joint commemorative Thanksgiving Day exercises in honor of the father of his country.

The reports from the religious societies of America indicate that every church of the land will participate in this closing tribute, either by holding separate bicentennial exercises or by joining with the other churches of their community in a combined celebration.

The bicentennial celebration has been going on in all parts of the world for the past nine months. More than 700,000 separate committees, representing the schools and churches as well as civic, fraternal and patriotic societies, have been actively engaged in honoring the memory of George Washington on the two hundredth anniversary of his birth. Every state, city and town in the United States has participated. Besides, the celebration has been carried out in all our territories and dependencies as well as in seventy-eight foreign countries.

The records of the United States George Washington Bicentennial Commission indicate that to date more than one million separate bicentennial programs have been held in all parts of the world.

This unprecedented celebration — the greatest tribute ever paid to a national hero—will come to an official close with observance of simplicity and respect. A united nation will show its reverence and admiration for its founder.

The commission announces that it has prepared special booklets to assist organizations in arranging their Thanksgiving Day celebration programs. More than 25,000 of these booklets have already been distributed. In addition the commission had prepared a book of sermons made up of contributions from the leading clergymen of the various denominations of America. These sermon books have been distributed primarily to churches in small cities and towns where facilities for research are not abundant. Copies may still be procured by writing to the United States George Washington Bicentennial Commission in Washington, D. C.

Mr. and Mrs. Orman E. Edgar of East Lake, announce the birth of a son whom they have named Robert Neil. Mrs. Edgar was formerly Miss Gladys Elaine Hand.

GOOD NEWS

One reason the American people are so happy over the election result is that it means the beginning of the end of national prohibition. The one big thing no amount of figure juggling can observe is that the country has gone wet with a bang. A wet president and a wet congress elected on a wet platform.

The reason for the wide spread rejoicing is not—as some of the professional drys would have us believe—because a bunch of drunkards want to get back their liquor. There is no question of increasing the flow of alcohol. There is as much liquor, certainly more hard liquor, consumed today than in pre-prohibition days. Anyone who wants it now can get it, and without the added expenses of a tax.

Obviously, therefore, this sweeping tide of popular revolt against prohibition is driven by something far more fundamental than personal thirst. Indeed it sweeps along many men and women wets who do not drink and do not want to drink.

The explanation is that Volstead modification and 18th Amendment repeal mean the majority of American citizens great reform—a moral and social reform, a political reform, and economic reform.

A moral reform because it will remove the incentive for stealth on the one hand and spying on the other which has been making us a nation of snoopers or hypocrites.

A social reform because it will protect youth from the present unregulated and spectacular liquor traffic and because it will remove the bootlegging industry as a major cause of rackets and crime.

A political reform because it will restore personal liberty to the individual, restore autonomy and police power to the states, and wipe out a source of corruption of government and courts. More, it will remove a political issue which for a decade has artificially cut across and obsecured essential economic issues, dangerously delaying party realignments, election mandates and governmental action on bread and butter problems.

A fiscal and economic reform because it means more employment and a market for farm products, because the government needs the upward of a half billion dollars in annual revenue obtainable by taxing the now tax free liquor industry.

Of course the people are happy—because the election has brought them the prospect of a beer tax in this congress and a hard liquor tax in the next congress which will relieve part of their own burden.

That is good news for all.—Birmingham Post.

ONE CENT PER MILE
EXCURSION FARE
— FOR —
THANKSGIVING DAY
between stations on L. & N. R. R. and to many other destinations in the Southeast.

Tickets Good leaving on trains of November 22nd and 23rd and forenoon November 24th. Return limit November 28th. Children of 5 and under 12 years of age, half fare.

UNIVERSITY NEWS

University, Ala., Nov. 15.—Papers read before the second meeting of the Alabama Research Council were by the following: Prof. Henrietta Thompson, of the school of Home Economics; Dr. W. V. Holloway, of the department of Political Science; and Dr. Marcus Whitman, of the department of Economics.

University, Ala., Nov. 15—The University of Alabama Male Glee Club will open its twenty-eighth season Friday evening, November 18, with a concert in Morgan Hall auditorium.

University, Ala., Nov. 15—A. J. "Dad" Elliot, eminent Y. W. C. A., worker, has been the principal speaker at a group of the various schools at the University of Alabama during the past week.

University, Ala., Nov. 15. — While Mr. Roosevelt defeated President Hoover by a popular vote of 608 to 250 at the straw vote conducted by the University Roosevelt-Garner Club Johnny Cain, University of Alabama fullback and All-American polled one vote. Others receiving votes rere: Will Rogers, Andy Gump, Rudolph Nebbs; Eddie Cantor, William Foster, and Norman Thomas.

University, Ala., Nov. 15.—Prof. Baskin Wright, of the Political Science Department, was the principal speaker at the annual banquet given by Blue Key, honorary service fraternity, for the newly elected members.

University, Ala., Nov. 15. — Four school records were broken in the swimming meet held recently by the Girl's Physical Education Department. They were broken by Frances Ingalls, Montgomery; Harriet Finnel, Tuscaloosa; the Alpha Gamma Delta relay team; and Lucille Pruitt, Anniston.

Prophecy Corner

Conducted By

L. A. BUTTERFIELD

In the last part of the fourth verse of Daniel twelve you will find this prophecy: "Many shall run to and fro, and knowledge shall be increased." This prophecy was given to make possible the identification of the specific period of time designated in the first part of the verse by the "time of the end."

It has been within our own time that rapid transportation has had its astonishing development. Today we look up into the heaven and see the great airships passing from one end of the continent to the other, or gliding over thousands of miles of water, airplanes that leap across the continent in one day and commercial planes that bind great cities and nations together by regular routes of travel.

We look on the water and see the gigantic ships, containing enough people to populate small cities, cleaving the waters with amazing speed.

We look on the earth and see the trains and the busses hurrying here and there, bearing tens of thousands of human beings from city to city, at a rate of speed which would have been incredible a few years ago. Under great cities, in the subways, and under broad rivers in the tubes and tunnels, are hundreds of thousands hurrying about like moles. In addition to all this we find on the highways of the United States at the present time more than 26,000,000 cars and trucks carrying a vast multitude who are going away from here to get to there.

It all seems so common and ordinar. We take it for granted. We are used to it. It seems as if it had always been going on. But, really, it is wonderful, it is amazing. It is extraordinary.

For nearly sixty centuries, from the creation of man till about a century and a half ago, the fastest means of conveyance at the command of man was the horse and buggy. The limit of speed was the speed of a horse. What a change the past few years have brought.

A hundred years ago such a thing as a railroad, as we know it today, was unknown and incredible. In 1825 Mr. Nicholas Wood, in his work on railways, said, "Nothing could do more harm toward the adoption of railways than the promulgation of such nonsense as that we shall see locomotives traveling at the rate of twelve, sixteen, eighteen and twenty miles an hour."

In 1828, a debating society made request of the school board in Lancaster, Ohio, for the use of the schoolhouse for the discussion of the question as to whether or not railroads were practical. Their request was denied and the following reasons were given by the board.

"You are welcome to use the school to debate all proper questions in, but such things as railroads and telegraphs are impossiblities and rank infidelity. There is nothing in the word of God about them. If God had designed that His intelligent creatures should travel at the frightful speed of fifteen miles an hour, by steam, He would have clearly foretold it through His holy prophets. It is a device of Satan to lead immortal souls down to hell."

And that was the opinion of many only 104 years ago. Surely we must be living in the "time of the end."

Next week we shall consider the increase of knowledge mentioned in this prophecy as being characteristic of this age.—L. A. Butterfield.

Wofford Oil Company Announces New Motor Fuel

Top Cylinder Lubrication Added to Woco Pep New Economy Feature in Motor Fuel.

D. L. GILLAND
V. Pres. Wofford Oil Co.

Birmingham, Ala.—Speaking of the new Top Cylinder Lubricating Improved WOCO PEP announced by the Wofford Oil Company of Alabama this week, D. L. Gilland, Vice President of the Company brought out the fact that in the past 14 years the Wofford Oil Company has pioneered many features that are today standard practices among leading gasoline marketers. He recalled the days when WOCO PEP instituted the higher type station service rather than merely filling gasoline tanks. He cited the fact that Mr. G. T. Wofford, President of the Wofford Oil Company, was a pioneer years ahead in the motor fuel field in presenting a Benzol Blend, anti-knock motor fuel at regular prices. He stated the fact that the Company is constantly searching for new and better products and types of service. In this connection the Wofford Oil Company has been conducting a survey for months to determine trends in motorists needs and wants. Among other things discovered was the need for better lubricating of motors. This led to an investigation, experimentation and a decision to market a lubricating motor fuel.

Mr. Gilland stated that the anti-knock rating of the Improved WOCO PEP is so high thousands of motorists in Alabama will prefer it to a premium priced motor fuel, both for their cars and their pocketbooks since this Improved WOCO PEP will be sold in the Alabama territory at no advance over regular prices.

"In order that this new Top Cylinder Lubricating Improved WOCO PEP may be easily and quickly identified by the motoring public, it has been given a new color—GOLDEN—which distinctly symbolizes its greater value.

"The Alabama motoring public has depended on the Wofford Oil Company for these many years for an economical motor fuel with the premium qualities, such as WOCO PEP has always had, and in announcing this new Improved WOCO PEP we feel that our friends in Alabama will not only appreciate this step forward but will accept it in the same fine spirit that they have accepted all other of our improvements in the past.

Wofford Conservative

"Through the thorough and effective coverage afforded by Alabama newspapers the message about this new motor fuel will reach practically every motorist in the State over-night. Backing up this tremendous advertising campaign the hundreds of Blue and White Service Station Operators will be on the alert to give information about the new Improved WOCO PEP. Each Station Operator has been supplied with a brief outline of the advantages of this new product in the form of a "Quick Fact" card, which will be given to interested automobile owners.

"The Wofford Oil Company is fully appreciative and grateful to the Alabama Motoring Public for the splendid patronage accorded in the past and cordially invites a call from you at one of our many Service Stations to learn first hand more about this Improved Motor Fuel," concluded Mr. Gilland.

Is Alabama Company

The Wofford Oil Company, an Alabama concern employing approximately 1,500 heads of Alabama families, is one of the largest tax payers in the State and a major purchaser of Alabama Products.

This Company, it was stated, follows the policy of Mr. G. T. Wofford, its President, and buys each year several millions of gallons of Benzol produced by the Steel and Iron Industry in Alabama, for use in WOCO PEP motor fuel.

STANTON NEWS

Lonnie May Burnette entertained a large crowd at her birthday party Saturday night. Everyone took part in the program. The birthday supper was served at a campfire by a spring. The following attended the party: Elizabeth Thrash, Dixie Abrams, Emma Rea Gay, Annice Huff, Ollie Gladys Burnett, Annie Hambrick, Allen Cook, E. B. Huff, Glenn Woolley, Rush, Vernie and Douglas Burnette, Anglis Chambers, Shermon Motley, Buck Gay, Henry Lee Motley, Numon Abrams, D. B. Fox, Junior Huff, Ben Bell, Aubrey Hambrick, and Dyer Schurter.

Glenn Woolley left Sunday for Pensacola, Florida.

Mr. and Mrs. W. H. Stewart and Miss Sarah Woolley left Sunday for Montgomery.

Mr. and Mrs. J. L. Burnett went to Clanton Monday on business.

Lonnie Mae Burnette, Junior Huff, Rush Burnette and Annice Huff went to Montgomery Sunday and visited Mr. and Mrs. L. V. Burnette.

A large crowd attends the B. Y. P. U. every Sunday night at the Stanton Baptist Church.

How Doctors Treat Colds and Coughs

To break up a cold overnight and relieve the congestion that makes you cough, thousands of physicians are now recommending Calotabs, the nauseless calomel compound tablets that give you the effects of calomel and salts without the unpleasant effects of either.

One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish,—no danger.

Calotabs are sold in 10c and 35c packages at drug stores. (Adv)

CARD OF THANKS

We desire here to tender our hearty thanks to our neighbors and friends for their kindness to us during the recent illness of our little child. Their great kindness helped us so much in bearing this burden.

We also heartily thank the nurses and doctors at the Central Alabama Hospital for their kindness, as well as our other friends in Clanton. You cannot know how much we appreciate your kindness. Again we thank you all.—Roy Waldrop and wife, Randolph, Ala.

Mr. and Mrs. Bernie O. Johnson of Clanton announce the arrival of an eight and one-half pound boy on November the ninth, whom they have named James Edwin.

Mr. and Mrs. T. L. Thompson and son, Tom, Jr., have returned to their home in Selma after a brief visit to Mrs. Lonze Parrish.

Mr. and Mrs. J. E. Robinson and James Robinson of Havana, Fla., were the week end guests of Mr. and Mrs. W. C. Robinson.

CHILTON HIGH VS. HOLTVILLE FRIDAY AFTERNOON

Chilton County High will take Holtville into camp Friday afternoon (tomorrow) at 3:15 sharp. Holtville has a good record for the current season and some good football is on tap for followers of the sport. Remember the time and place—3:15 p.m., at the high school park. Admission, 10 and 25 cents. Be there for the kick-off!

ODD --- BUT TRUE

CHILTON TIGERS DEFEATED MONTEVALLO THURSDAY

The fighting tigers of Chilton County High School crushed a heavier team of Montevallo High School last Friday 27 to 0. The local boys gained a twenty-one to 0 lead by the half and only tallied six pints in the second half.

The Monteallo boys tried fiercely to get going, and only once did they get closer than the 30 yard line. On a pass that was knocked into another Montevallo player's hands resulted in their reaching the fifteen yard line. But the tigers began to sharpen their claws and the advancing failed. Then while Clanton played heads-up football, one could hardly pick the stars in the game. The Chilton team did not have to open any tricks, only using line playing with Foshee Tiffin, Arnold, and Burdette alternating for the yardage. The Chilton team showed some good blocking and line charging.

The locals will close a very successful season Friday, November 18, when they meet one of the hardest teams in the state from Holtville. Coach "Tubby" Williams has the best team ever produced at Holtville High, and a battle is expected when these tigers and bull dogs meet. The game last year ended in a scoreless tie. The locals are playing inspired football, and are determined to make the last game another victory. This will close the season for Chiton High and a record-breaking crowd is expected to be present. Holtville is bringing quite a number of fans.

Isabella High School

ISABELLA F. F. A. NEWS

The regular meeting was called to order Monday, November 14 in the agriculture building. After discussing the annual banquet, the following program was given: "Buyers Want Quality," by Will L. Martin. "Nichols Terrace," by Wilbert Conway.

Some of the boys met in the agriculture building Tuesday at the National Farm and Home Hour and listened to the program being given at the National F. F. A. Convention in Kansas City. The program consisted of various band selections, talks made by the winners of the F. F. A. oratorical contests, and a talk by the national vice-president. In his talk he stated that "future farmers" will "build agriculture."—S. L. Broadhead.

Isabella High School News

The students of Isabella High School are getting down to real studying. Some work is being done in the library this week—classifying books and magazines.

Isabella was proud of the game Friday with Verbena, on Isabella's ground. The score was 39 to 0 in favor of Isabella. The game was well attended by supporters of the home team. After the game, the Verbena boys were invited to share lunch with the Isabella boys. Sandwiches and hot chocolate were served. Isabella plays Verbena again Friday, at Verbena.

The home economic club girls gave a party Friday night in the home economics department. Plenty of amusement was rendered by well planned games. After the games, the guests were served tomato salad, crackers, celery, and hot chocolate. Every one enjoyed the party very much.

The play "Miss Adventure" is to be given at Stanton, Saturday night, November 19th. If you want to laugh and laugh and laugh, BE sure and come.

The cast is as follows:

Sue, Betty, and Peggy, young college girls, Agness Peters, Elizabeth Mims, and Lora Dean Chambers; Samson, janitor at Miss Primm's school, S. L. Broahead; Miss Primm, who conducts a school for girls, Ruby DeShazo; Josephine Carter, lead, Pauline Durbin; Sarah Ann Haskins, Lorene Lecroy; Rebecca Haskins her daughter, Louise Cox; Albert Brown juvenile lead, R. C. Veazey; Cyrus Abit of rural romance, Homer Morgan; Mrs. John Tyle Sarter, Willie Mae Lenoir.

NOTICE TO WOMEN OF AMERICAN LEGION AUXILIARY

A telegraphic roll call of all Departments of the American Legion Auxiliary will be conducted from national headquarters in Indianapolis, Indiana, November 19, Mrs. J. N. Smith of Fearfield, membership chairman of the Department of Alabama has announced. Each Department will respond to the roll call with the number of members it has enrolled for 1933. Mrs. Smith is eager to have all members of the local unit enrolled before November 19th in order that the full strength of the unit can be included in the response of the Department of Alabama. The roll call will be held during the annual conference of Department presidents and secretaries of the Auxiliary, November 19 and 20.

IN MEMORY OF MAMIE SANDERS

Mrs. Mamie Sanders died on November 12. She leaves to mourn her loss, her husband, John Sanders, and six children, Gladys, Hugh and Otis Sanders, of Clanton Route 7, Mrs. Nora Coggins, Clanton Route 7, Charlie Sanders, of Louisiana, and Walter Sanders of Fayetteville. She had one sister and three brothers, Mrs. Ada Mims, of Clanton, Route 3; Joe Ray, of Clanton; Horace Ray, of Birmingham; Willie Ray, of Dadeville.

The family wishes to thank the people of Pleasant Grove community for their kindness toward us during her sickness and death. We also want to thank Dr. Gragg for his kind attentions.

She was laid to rest at Shiloh cemetery. Pallbearers were Jim, Arthur, Claudie and Elbert Mims, Johnson Maddox, Albert Headley, and Jack Jones. Spigener was in charge. The funeral was conducted by Rev. A. C. Nelson.

May God richly bless each and every one who lent a helping hand toward us, is our prayer. — Her husband and children.

CHICKEN AND OYSTER SUPPER

There will be a chicken and oyster supper at the Jemison High School auditorium Friday night, November 18, under aspices of the P.-T. A. Proceeds will go to buy a circulating heater for the auditorium. Plates will be only 25 cents each. Every body come and hep us.

Mrs. J. Renfroe Mullins is visiting relatives in Huntsville this week.

Mrs. Haskew has returned to her home at Grove Hill after spending several days with her son, Rev. D. W. Haskew.

FOR SALE

MONTHLY S. S. MEETING AT COOPERS NOVEMBER 27TH

To All Churches That Are in the Chilton County Association:

Our next monthly Sunday School meeting will be held at Chestnut Creek Church, Cooper, Alabama, at 2:00 o'clock in the afternoon, the fourth Sunday of this month, November 27, instead of the first Sunday in December, on the account of the regular singing for that evening, which I did not think of when the announcement was made at Thorsby for that date.

Please make your arrangements to be with us on this date, especially the superintendent and all officers of the Sunday School.—L. D. Hughes. 2t.

East View News

The ladies aid of Mt. Creek Union Church will put on a play here Friday night, before the fourth Sunday, November 25. The name of the play is "First Aid to Ladies Aid." They will furnish quartets and string music. The admission will be 10 cents. Proceeds to go for the churches. Lets not forget that Dr. Bloom and others will be here next Monday night, November 21.

Dr. Bloom will bring us a wonderful message. Every one is cordially invited to come and hear Dr. Bloom.

The work of a new paint job has begun on the parsonage. This will add much to the beauty of the property. We wish to express our thanks to all who gave their time and labor on finishing the well at the parsonage.

There was not any preaching here Sunday evening on account of the pastor being called to conduct the funeral of Mrs. Mamie Sanders. She had been ill for several weeks. She was the wife of Mr. Johnnie Sanders the mother of 6 children and was 53 years of age, and the sister of Mrs. Zora Dobbs and Mrs. Ida Henson of East View.

She was a faithful member of Shiloh Baptist Church, where her baby was laid to rest.

Mrs. Edna Mims was the all-day guest of Mrs. Carrie L. Nelson Monday.

The fruit supper at Mr. J. A. Dobbs' last Thursday night was enjoyed by a large crowd.

The congregational ladies aid will meet next Thursday afternoon at the home of Mrs. Charlie Mims. All members are requested to attend if possible. The ladies will meet at the church next Monday evening, to prepare the church for the service Monday night.

Uncle Bob Grant of Coopers was in Clanton Monday.

Mrs. Tom Rockett has returned to home from a Birmingham hospital, very much improved.

METHODIST PROTESTANT CONFERENCE HELD AT BIRMINGHAM

The Alabama Conference Methodist Protestant Church, closed its 104th anual session at New Merkle, near Birmingham, last Friday. Dr. T. C. Cassady was returned to the Capitol Heights Church, Montgomery, for his eleventh year.

Rev. C. W. Walton was re-elected as president of the Conference. Dr. Cassady was re-elected secretary.

The 1933 conference will be held at Union Church, near Selma. The conference this year passed resolutions announcing a firm stand on all moral issues and Sabbath observances. Prohibition was endorsed, and the denomination pledged its best efforts to prevent the repeal of the 18th Amendment.

Among the appointments of the conference, the following will be of interest to adherents of the denomination in Chilton County:

Macon Circuit, P. A. Lynch; Cullman Circuit, L. B. Headley; Coosa Circuit and Rockford Mission, James Goree; Mt. Carmel Circuit, G. B. Golden; Clanton Circuit, J. W. Hightower; Verbena Circuit N. H. Culp; Talladega and Leeds half-station, J. H. Lembrick; Chilton Circuit, J. H. Johnson; Covington Circcuit, G. W. Stewart; in Westminster Theological Seminary, J. R. Helms; missionary to Japan, A. H. Lynch; superannuates, E. M. Bell, W. C. Conner, F. A. Gibson; deceased, C. D. Messer.

LIBERTY HILL

The singing society of this place met Sunday afternoon and a splendid singing was rendered. The directors were: J. W. Lowery, chairman; Cornelius Hand, Hiram Littlejohn, Dr. J. B. Williams, D. T. Melton, Houston Melton, Leonard Culp, Dolpheus Harris and Reuben Devaughn. Pianists were: Gertie Lee Lowery and Leonard Culp.

We were intending to elect new officers for our society but it was rather late when we got around to all the directors, so everybody that can, be present next second Sunday afternoon, and we will elect new officers. Everyone be thinking about who you want to be elected and be there to elect them.

We were very glad to have the visitors from various places with us Sunday afternoon, and extend to them a cordial invitation to visit us again.—Secretary.

PLAY AT STANTON

"Miss Adventure," A play in three acts, is to be given at Stanton, Saturday night, November 19th, at 7:30 o'clock. The play is to be put on by the Senior Class of Isabella. Prices will be very reasonable. Don't miss it!

CLANTON, ALABAMA

THORSBY SECTION

(S. E. Norton, Manager)

Sunday, November 20th, Sunday School at 9:45 a.m. Special thank offering service, with sermon by the pastor at 11 o'clock. Christian Endeavor meeting at 6:30 p.m. and a song service at 7:15 p.m. The midweek meeting Wednesday will be a union meeting at the Baptist Church at 7 o'clock p.m. These monthly meetings do much to foster a spirit of Christian fellowship between the Christian people of Thorsby.

This year the usual union Thanksgiving service in Thorsby will be held at Thorsby Baptist Church at 10 a.m. Thanksgiving day. People have a lot to be thankful for in spite of hard times, and this will be an opportunity to manifest some interest in the matter. Make your plans for Thanksgiving dinner so they will not interfere with attending this service. You may also be sure of an opportunity to make a contribution for the benefit of the poor.

Enrollment of members in the Red Cross for Thorsby and vicinity will begin this week. Thorsby people have recently had an illustration of the value and efficiency of this organization, which obtains its funds chiefly from members. It is a means of relief work in which every body should have a part. The annual membership fee is one dolar, and it is hoped that the people of Thorsby will be ready with their membership fee, so as not to waste the time of the canvassors.

The Lutheran Ladies Aid Society will meet this week, Thursday afternoon, at the home of Mrs. Harold Olson, former home of Dr. Leslie. You are cordially invited.

The Thorsby P.-T. A. meets this week, Friday at 3 p. m., in the public school building. On account of Thanksgiving day, the meeting will be this week instead of the last Friday of the month. The teachers have prepared a special Thanksgiving program, and there will also be an installation of officers for the ensuing year.

A few friends surprised Mrs. M. J. Soberg Monday afternoon, the occasion being her birthday anniversary. Mrs. J. E. Each also had a birthday anniversary and several friends gathered at her home in the evening to help her celebrate.

Mrs. E. W. Butler is still on the sick list.

Coty Face Powder and bottle of Perfume, both for $1.00 at Wyatt Drug Co.

Mr. and Mrs. R. D. Gibbons and daughters, Mabel and Dorothy Jean, of Verbena, visited Mr. and Mrs. C. D. Gibbons Sunday.

Mrs. C. D. Gibbons and son, Farrell, left Sunday for an extended visit with her parents, Mr. and Mrs. G. M. Baker, who live West of Clanton.

Mrs. H. O. Bean spent Sunday night and Monday in New Salem community with Mr. and Mrs. Lawrence Hayes.

Mr. and Mrs. E. R. Piper and Miss May Wood accompanied by Mr. and Mrs. G. F. Harper spent Sunday afternoon in Montevallo.

Mr. and Mrs. Broadus Connatser of Clanton spent Sunday in Thorsby with Mr. Connatser's parents, Mr. and Mrs. S. M. Connatser. They are planning on spending the winter in Clanton.

Mr. V. H. Sutlive spent the week end near Blakely, Ga., with relatives. Returning Sunday afternoon he was accompanied by his mother and Mary Maude Knight, who will make her home with Mr. and Mrs. V. H. Sutlive.

The Young Matrons sewing club met with Mrs. Earl Marcus Friday afternoon.

Mr. and Mrs. S. J. Davenport spent part of last week visiting relatives in Haynes and Vida.

Mr. and Mrs. W. H. Wilson and daughter, Frances, spent Sunday in Wilton visiting relatives.

Rev. and Mrs. J. W. Jones and daughter, Evelyn, are attending the Baptist State Convention in Montgomery this week.

Three bars Woodbury Soap, tube of Facial or Cold Cream a $1.00 value, both for 75c at Wyatt Drug Co.

Mrs. Anna Villadsen spent a few days last week in Birmingham visiting relatives and friends.

The O. E. S. spend the day social will be held with Mrs. J. H. Goddard on Tuesday, November 22. The public is cordially invited.

Rev. and Mrs. J. E Each and daughters, Juanita and Lucile, with Master J. T. Faircloth and Mr. and Mrs. Charlie Peterson were Sunday guests of Mr. and Mrs. Carl Peterson.

Miss Mary Ruth Nix was guest of Miss Cuba Littleton in Collins Chapel community Sunday.

Mr. and Mrs. R. R. Franklin and little daughter, Peggy Mims, spent Monday in Jemison with her mother, Mrs. J. R. Robinson.

Mr. and Mrs. S. M. Pate and sons, Ralph and Calvin and daughter, Conradine, spent Sunday in Birmingham visiting Mr. and Mrs. J. L. Harris.

Miss Katherine Lenoir spent the week end in Birmingham with home folks.

A two-cell Flash Light Complete for 39c at Wyatt Drug Co.

Mrs. R. H. Bean and daughter, Henrietta, of Collins Chapel community visited Mr. and Mrs. Clyde Mead during the week end.

Lotus and Horace Bean of Collins Chapel community spent Saturday night and Sunday at the home of Mr. and Mrs. Burba Bean.

Messrs. Willie Scott and Robert Morgan of Montgomery spent Sunday with Mr. and Mrs. R. W. Scott.

Circle No. 2 of W. M. U. of the Thorsby Baptist church met Tuesday afternoon at the home of Mrs. R. W. Scott.

Mr. and Mrs. Tom Kemp of Clanton visited Mr. and Mrs. Donald Merchant Sunday.

Mrs. S. C. Wood of Texas visited friends in Thorsby during the week end.

Miss Jewell Wilson spent the week end with Miss Lillie Cooke and Miss Zemma Hayes of Pates Chapel community was also a visitor of Miss Cooke.

Mr. L. E. Moody and Mrs. I. S. Gerald spent the week end in Thorsby with Mrs. H. M. Gerald. Returning Sunday afternoon they were accompanied by Mrs. Moody, who spent last week with her mother.

On Thursday Mr. and Mrs. Goddard entertainde at a six o'clock dinner, Mr. and Mrs. H. O. Bean, Mrs. D. H. Gentry and Mrs. Roberta Childress. After a bounteous repast of roast chicken and other good things the evening was spent in social conversations.

Mr. Sam Goddard has sold his property in Thorsby to Mrs. Jerome Wilson.

Mrs. W. H. Wilson and Mrs. J. H. Goddard spent Monday afternoon in Clanton on a shopping tour.

Mrs. M. J. Primm and Mrs. W. H. Raybon went to Birmingham Friday afternoon to visit Mr. and Mrs. Roy E. Raybon and Mrs. P. D. Killingsworth for a week.

Senior B. Y. P. U. folks, please remember next Friday night for study course. Every member is urged to be present.

Mr. and Mrs. William Each were Sunday dinner guests of Dr. and Mrs. H. G. Franklin.

Mr. and Mrs. O. W. Miller, of Clanton, visited Mr. and Mrs. Green Burnette Sunday.

Mr. Fonza Shaw and Miss Erceal Hedler, of Billingsley, were guests of Mr. and Mrs. M. E. Willis Sunday afternoon.

Mr. and Mrs. A. A. Jackson spent the week end with friends in Tuscaloosa.

A complete line of Fountain Syringes, hot water bottles, ice caps, etc., at Wyatt Drug Co.

The Ladies Guild Bazaar will be held Saturday, November 26th. Further particulars next week.

Mr. and Mrs. Willie Bean and children, of Clanton, spent Sunday with Mr. Bean's parents, Mr. and Mrs. A. Z. Bean in Thorsby.

Mr. and Mrs. David Robinson, Henry Robinson and Clyde Robinson and wife, from Birmingham, were Sunday dinner guests of Mr. W. V. Robinson of Thorsby.

Miss Willodean Bean spent Wednesday night with Miss Lucille Hayes in Jemison.

VATCHEL LINDSAY VISITS HOME OF THOMPSONS

Vatchel Lindsay visited the Union-Banner office the other day and reported a most pleasant and interesting visit to the new home of Mr. Thompson, built of native rock, east of Clanton.

Vatchel states that comfort predominates in this beautiful country home built entirely by Mr. Thompson, who is the father of Leo Thompson, manager of the Clanton Laundry. There is running water in the kitchen bathroom and bed rooms, the water being pumped from a sparkling branch by hydraulic action.

Mr. Thompson plans also to soon have electric lights installed in the home, generating the current from a wheel of his own making.

CARD OF THANKS

We wish to ask the Union-Banner to express our thanks and appreciation for the help at the general working, woodcutting, carpenter work, and quilting, done at my house last Monday. The accomplishment of the day will mean much to us in the future. —Mrs. Arthur T. Headley and children.

Thorsby Institute

The Helen Keller Literary Society gave its second program Saturday night, November 12. The theme of the program was Thanksgiving. The "Origin of Thanksgiving," was given. This was followed by other Thanksgiving recitations. The glee club sang a Thanksgiving song, and the trio sang, "Thank God for a Garden." One of the most beautiful and impressive numbers was a Thanksgiving Pageant, consisting of the Thanksgiving of an ancient Jewish family; the Pilgrims and Indians representing the first Thanksgiving in America; the farmer of today followed by groups of girls representing the seasons and the boy scouts and girl scouts. In the last scene the entire group appeared on the stage. An angel entered and asked a blessing upon all. The program was given under the direction of Miss Helen Jenkins. Miss Klinglehoefer and Miss Leach assisted in costuming.

Miss Phillips, piano teacher, gave a very interesting and educational musical program at chapel Tuesday morning. After a short talk on Russian music she played two compositions; Melody in F, by Rubenstein and Prelude in C minor by Rachmanioff. She gave an explanation of the Russian folk song, "The Volga Boatman," which was sung by the girls glee club. Each Tuesday Miss Phillips gives us a program that is both enjoyable and helpful in the understanding and appreciation of good music.

School will be in session at Thorsby Institute next Saturday, November 19. There will be only one session, beginning at 8:30 and closing at 1:10. All credit courses will meet and will be given the regular forty-five-minute period.

The annual stunt night will be held on Saturday night after Thanksgiving. The public is cordially invited. Admission will be ten cents.

Mr. and Mrs. W. V. Robinson made a business trip to Sylacauga Monday.

SHIPMENT OF FISH IS RELEASED IN WATER

A shipment of fingerling bass and bream from the state fish hatchery was liberated in the streams of Chilton County during the last few days. Many local sportsmen were present and assisted. The plantings were made under the direction of the district game warden and an assistant from the state hatchery.

One of the considerations in making consignments is the promise by local sportsmen to help protect the streams in this vicinity from seining, dynamiting, poisoning and other illegal methods of taking fish.

The fish were received from the state hatchery at Eastaboga near Anniston, through the efforts of E. E. Upchurch and J. Mell Martin, being brought in here by truck. The hatchery consists of eleven ponds, five of which are 100 feet wide by 600 feet long. The other six ponds vary in size and shape. In addition to this plant, the department of game and fishedies has control of Oxford Lake from which it secures both bass and bream. A total of 750,000 fingerling were produced and distributed last year, these fish going into every county of Alabama, according to a statement by I. T. Quinn, commissioner of game and fisheries of Alabama.

While this is an exceptional production, it is not nearly sufficient for restocking the numerous streams of the state. As a comparison, Wisconsin last year produced 377,746,000 fish. Wisconsin, however, like most states, has many hatcheries, while Alabama has only one.

Fishermen hope the day is not far distant when Alabama will have many more hatcheries. With the natural advantages offered in this state, Alabama should be one of the most important fishing states in the union.

These local sportsmen were present and assisted in the planting: Dr. E. E. Upchurch, J. Mell Martin, V. J. Gragg, and Red Rutherford.

Rev. D. W. Haskew left Wednesday for Troy, Alabama, where he will attend the annual conference of the M. E. Church.

Lesson for November 20

STEWARDSHIP OF MONEY

Deuteronomy 8:7-18; I Corinthians 16:1-4; II Corinthians 8:1-15; II Corinthians 9:1-15.

GOLDEN TEXT—And he said unto them, Take heed, and beware of covetousness: for a man's life consisteth not in the abundance of the things which he possesseth.—Luke 12:15.

PRIMARY TOPIC—Sharing God's Gifts.

JUNIOR TOPIC—How to Use Money.

INTERMEDIATE AND SENIOR TOPIC—The Christian's Use of Money.

YOUNG PEOPLE AND ADULT TOPIC—The Christian's Use of Money.

I. Wealth is from God (Deut. 8:7-18).

What we possess is God's gift.

1. The natural resources from which wealth is gained were prepared by God (vv. 7-17). This is true whether it be the fertile soil which produces our products, or the minerals, which are hidden away in the earth.

2. Ability to get wealth is from God (v. 18). The resources hidden away are valueless until seized upon and changed into usable commodities by man. The failure to recognize divine ownership of ourselves and possessions has wrecked the world. The sure way back to prosperity is to give recognition to God.

II. Obligation of Regular and Orderly Giving (I Cor. 16:1-4).

1. Everybody should give (v. 2). "Let every one of you lay by him in store." Giving of one's means should be engaged in by every believer. It is a grace which reacts to the benefit of the giver.

2. Giving should be systematic—every week (v. 2). The giving of small gifts weekly is easier than of larger gifts at less frequent intervals.

3. There should be proportionate giving (v. 2). "As God has prospered him." No one is obliged to give that which he does not have.

4. The impelling motive (v. 2). "The first day of the week." The first day of the week is designated because it is the day memorializing the resurrection of Christ. The reality of Christ's resurrection is the dynamic for Christian giving.

III. Examples of True Christian Giving (II Cor. 8:1-5).

The liberality of the Macedonian churches exhibits practically every grand principle and motive which enters into the giving which has God's sanction.

1. The source of true giving (v. 1). This is said to be the grace of God, by which is meant that the disposition to give freely of our money has been created by the Holy Spirit.

2. They gave from the depths of their poverty (v. 2). Their limited means did not cause them to stint in their giving.

3. Their willingness surpassed their ability (v. 3). God's gifts are reckoned by the degree of willingness, not by the amount given.

4. They were insistent upon being allowed the privilege of giving (v. 4). Christians ought to be taught that to share in the work of the Lord by giving money is their high privilege.

5. They first gave themselves to the Lord (v. 5). The only right method of raising money for the Lord is first to induce men and women to give their lives to the Lord, and then to give their possessions.

IV. Emulation in Giving Urged (II Cor. 8:6-15).

Moved by the generosity of the Macedonian churches, Paul desired Titus to commend to the Christians the same grace.

1. Not as a command (v. 8). Giving should be spontaneous.

2. As a proof of the sincerity of our love (v. 8).

3. As the completion and harmony of Christian character (v. 7). The Corinthian church abounded in spiritual gifts such as faith, knowledge, and utterance, but the grace of liberality was needed for the harmony of their lives. The stingy man is not symmetrical in character.

4. The self-sacrificing example of Christ (v. 9). Christ's example of self-denial and sacrifice is the supreme example of love.

5. The true principle of acceptable giving is a willing mind (vv. 1-12). God does not estimate the value of a gift on the ground of its intrinsic worth, but the underlying motive prompting it.

6. Because of a common equality (vv. 13-15). Every Christian should give something. The law governing the gift is his ability.

V. Inducements to Give (II Cor. 9:6-7).

1. The volume of reaping is based upon the sowing (v. 6).

2. There should be a heart purpose (v. 7).

RANDOM THOUGHTS

Hate kills everything that it touches.

* * *

In every sea of trouble Christ calms the waves.

* * *

The whole of human life is of interest to Christ.

* * *

God's great purpose in wanting men to give to him is that he may be enabled to give more abundantly to them.

Willie G. Shaw of Beat 16 was a visitor to Clanton Monday.

REV. JOHNSON HERE

Rev. J. S. Johnson, the new pastor on the Chilton Circuit of the Methodist Protestant Church, stopped off here this week on his way back from the Conference. He spent a couple of days looking over his new field and meeting the people. Last year Brother Johnson was located in Geneva County.

"From what I have seen, I am well impressed with my new location," he said, "and I believe I am going to have a pleasant situation."

Rev. Johnson and his wife will live in the Pleasant Grove community west of Clanton.

Messrs. Stewart Armstrong, Rufus Miller and Clarence Hand went to Montgomery Sunday to see the automobile races.

POPLAR SPRINGS

We have just closed a few days revival at this place, which, I am sure, was enjoyed by every one that attended. Rev. J. L. Hand, from Climax, Georgia, did the preaching. A revival in the winter time seems out of season, but I have never been to a better one in the summer than the one we have just closed.

Our Sunday School and B. Y. P. U. are progressing fine. We had some visitors from Maple Springs Sunday night, which we were very glad to have and they have a welcome back at all times.

Last Sunday we organized a singing class. The following names are the officers that were elected: chairman, W. M. Devaughn; assistant chairman, Floy Devaughn; secertary-treasurer, Miss Gladys Wilson. This class meets every Sunday morning at 9:30 o'clock and every Sunday evening at 6:00 o'clock, in order to have 30 minutes to practice before services. Everybody who can sing is especially invited to attend and also join our class. We would be very glad to have other churches to come any time they can. We wish to thank Mr. Devaughn for his kindness in helping organize this class. We feel that it is going to be a great help to this community.

Every body always has a hearty welcome to our church at any service.—Secretary-Treasurer.

SNIDER CHILD BURIED

The infant child of Mr. and Mrs. W. E. Snider, of Clanton, Route 5, was buried at Jackson's Chapel Tuesday, November 15.

WALNUT CREEK

Rev. P. A. Lynch who has been pastor of Clanton Circuit for the past five years, will preach his last sermon here on next Sunday night, November 20. He has been assigned to Macon Circuit, a new field of labor for the coming year, and he and his family will reside near Notasulga, Ala.

Rev. J. W. Hightower of Hissop, Ala., former pastor on Coosa Circuit succeeds Rev. Lynch as pastor of Clanton Circuit.

MARION F. GILES DIED

Marion F. Giles, age 66 years, died November 7 at his home in Cane Creek community. Burial was at Mineral Springs November 9 with Martin in charge.

Don't GET UP Nights!

Physic the Bladder With Juniper Oil

Drive out the impurities and excess acids that cause irritation, burning and frequent desire. Juniper oil is pleasant to take in the form of BUKETS, the bladder physic, also containing buchu leaves, etc. Works on the bladder similiar to castor oil on the bowels. Get a 25c box from any drug store. After four days if not relieved of "getting up nights" go back and get your money. If you are bothered with backache or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep. Alred Drug Co., and Upchurch Drug Co., says that BUKETS is a best seller.

LUBRICATING MOTOR FUEL IS HERE

More Miles Woco Pep KING OF MOTOR FUEL Less Carbon

Sensational Is This News of Improved Woco-Pep With Dependable TOP CYLINDER LUBRICATION Added

WOCO-PEP has always been a favorite and leader in value in Alabama, but never before have we, or any one else, been able to announce such a marvelous improvement in Motor Fuel as this.

What is it?—Briefly, it is a new and greater performance for your car—new and greater *practical* economy for your purse—new and greater power—increased speed and results in substantial economy.

***Improved* WOCO-PEP, with high anti-knock rating and *special carbonless lubricant* permanently blended with this motor fuel serves to seal this power within your cylinders, protecting them against wear and wastage—That's Top Cylinder Lubricating *Improved* WOCO-PEP.**

Improved WOCO-PEP is sold at the price of regular gasoline—no premium price added.

Distinctly symbolizing its greater value, *Improved* WOCO-PEP is *now Golden Color*—for your protection and easy identification.

Get it today! Enjoy new performance—totally new economy—A Blue-and-White *Courtesy* WOCO-PEP Service Station is near you.

Why Woco-Pep Lubricated Motor Fuel

The special lubricant added to *Improved* WOCO-PEP does not replace regular crankcase oil—it improves and completes the lubricating system of your car. This lubricant, blended in exact proportion for performance, protects the valves, pistons and upper cylinder walls and reduces dangerous wear. It seals the cylinders and so prevents leakage of gasoline in the crankcase. Therefore with *Improved* WOCO-PEP you will have less carbon, you will use less oil, and you will use less motor fuel.

Economize with *Improved* WOCO-PEP and get more power and speed at the same time!

Quick Facts About Improved Woco-Pep

Includes carbonless top cylinder lubricant.
Increases mileage.
Higher anti-knock value.
Adds actual horsepower.
Reduces wear on pistons, valves, cylinders.
Reduces scoring.
Decreases oil consumption.
Improves hill climbing.
Reduces carbon.

MORE for your MONEY

Benzol, a product of Alabama's great Iron and Steel Industry, when blended with high quality gasoline, gives wonderful performance and value as thousands of Alabama motorists know. Each year, for 14 years, millions and millions of gallons, in fact the *majority* of all Alabama Benzol, has been purchased by the Wofford Oil Company to give you greater WOCO-PEP value. And now, *in addition*, comes Top Cylinder Lubrication,—another step *away ahead* in value and better motor performance for you.

Top Cylinder Lubricating

Improved TRADE MARK REG. Woco Pep KING OF MOTOR FUEL now Golden Color

Printed once each month in the hope that the people of Chilton County may read it and become better acquainted with your school system.

Chilton County School Page

When you have read this page, pass it on to your neighbor and ask him to read it. Help the schools to become better able to train the youth of our county.

HONOR ROLL OF COUNTY SCHOOLS

Schools Not Listed Had No Pupils Above 90 or Failed To Get Their Reports In

Baker—First grade, Ethel Durbin, Sallie Eubanks, Kimball Burke, Geraldine Thornton; second grade, Margie Nell Cox, Jewell Moore, William Lowery, Claude Blackwell; fourth grade, Morris Driver, Catherine Cox, Naomi Culp; fifth grade, Elizabeth Culp; sixth grade, Kenneth Durbin; Jr. III, Mary Lois Culp, Pauline Sisk.

Pilgrim Rest—first grade, Pauline Abbott, J. T. Abbott, Jr., Walton Kendrick, Jr.; third grade, Alma Abbott, fourth grade, Eva Crane; fifth grade Daisy Chandler.

Concord A — second grade, Annie Lee Miner, Delene McDowell, Minnie Easterling, Hillman Miner; fourth Annie Pearl Devaughn, Omie Easterling; Jr. II, Leatris Moore, Richel Lynch, Houston Robinson, Annie Brown.

New Cedron—fifth grade, Ethel Mae Johnson.

Freeman—sixth grade, Vernon Miskelley, Audie Warren.

Cross Roads — first grade, Offie Blankenship, Junior Scott, Thula Bell Price; second grade, Earl Price, Earl Collins, Junior McGrady, Margaret Honeycutt; third grade, Grady Collins, Dora Lee Price, Marjorie Wattey; fifth grade, Mary Edith Lowery, Dollie Price, Rose Lee Price; sixth grade, Martel Blankenship, Evie Watley, Euell McGrady.

Mars Hill—first grade, Kathleen Broadhead, Melvin Scott, Luther Porter, Lorene Robinson; second grade, Hazel Leach; third grade, Carlton Duren, Bill Porter; fourth grade, Elenden Scott, Fulton Duren; sixth grade, Vester Scott, Cecil Scott, Cletus Langston.

Jackson Chapel — first grade, Lodis Deece Ellison, Fred Price, Naomi Stephens; second grade, Paul Smith, Carl Traywick; third grade, Luby Burnett, D. T. Stephens, Jr.; fourth grade, Mary Ruth Snyder, Thurman Caton; fifth grade, Myrtice Traywick, Elsie Traywick; sixth grade, Hilda Smith, Louise Caton, Ruby Jones, Dorothy Rush.

Refuge—first grade, Horace Miner, Wilma Esaterling, Katherine Mims; second grade, Vera Nell Mims, Naomi Mims; fifth grade, Vester Powell, Mildred Easterling.

Shoults—first grade, Charles Bearden, Maggie Mae Lawley, Charlie Lawley; third grade, Annie Lee Williams; fourth grade, Doris Lawrence; fifth grade, Augusta Williams.

Providence A—first grade, Leonard Bates; third grade, Audrey Bates, Agnes Bates, fourth grade, Clifton Bates; fifth grade, Elberta Paton.

Fairview — third grade, Nina Floe Headley; fifth grade, Charles Edwards; sixth grade, Fred L. Hosey.

Culp—first grade, V. J. Wyatt, Mary Pearl Culp; third grade, Gertie Mae Culp.

Enterprise — first grade, Delene Traywick, Jettie Ruth Nelson, Maybaline Ray, Pauline Chadwick, Ruth Mae Durbin.

Mitchell Dam — first grade, Ellis Stanley; second grade, Margaret Sharp; third grade, Bobby Newton; fourth grade, Bernice Sharp.

Stanton—first grade, Pauline Ratliff, Liah Mae Hayes, Howard Harrison; second grade, Harold Carter, Eloise Friday, William Ruddick; third grade, Lanern Lenoir, Jackson Walker, Martin Giles; seventh grade, S. J. White, Jr., Thomas Gaddy; eighth grade, Catherine Schurter, Ethel Rea Dyer; ninth grade, Sara Moore, Marna Davis.

Jemison — first grade, Billie Joe Varden, Oleene Dennis, Raymond Waldrop, John Farmer, Adolph Smitherman, Leo Wright, Bernice Scott, Mary Hazel Randall, Frances Crowson; second grade, Billy Hawkins, Willie Frank Merchant, Frances Robinson, Jewell Carroll; third grade, Estelle Gaines, Louise Cooper, Virginia Campbell, Vernelle Franklin; fourth grade, Welford Horton, Harley Eugene Marler, Fay Matthews, Mary James Patton, Doris Jean Smith; fifth grade, Jimmie Collins, Audelle McCarty, Frances Matthews, Opal Pruitt, Edith Robinson; sixth grade, James Littlejohn, Roy Satterwhite, Arnold White, Homer Webb, Lorene Davenport, Thelma Barnett, Preston Thrash.

Jr. I, Juanita Allen, C. W. Wells, Edna Daniels; Jr. II, Melba Patton, Parlee Henson; Jr. III, Vesta Smith, Mary Frank Wells; Sr. I, Willie C. Clements, Earnie Lee Robinson; Sr. II, Mildred Caldwell, Frances Killingsworth; Sr. III, Lorene Shirley, Ruth Glasscock.

Maplesville — first grade, Venice Chism, Ruth Chism, Dora Fisher, James Latham; second grade, Jack Hampton; fourth grade, Alter Ruth Honeycutt; fifth grade, W. E. Cobern.

Verbena — second grade, Dorothy Anderson, George Boyd, Calvin Wilson; third grade, Willie Nell Culver, Mary Frances Scott, Margaret Eiland, Clarice Skinner, Paul Hughes, James Metcalf; fourth grade, Arthur Davis; fifth grade, Mabel Gibbons, Eugenia Newton, Lawrence Howard, Judson Strock, Jr., Mary Ellain Manning; High school, Evelyn Caffey, Emma Patterson, Etta Belle Sharp, Margie Grant, Geraldine Hollis, Agnes Kelley, Helen Dubose, Elsie Dennis, Serena Mitchell.

Clanton—first grade, William Giles, Jr., Roy Moates, Herbert Newell, Jr., Nelle Johnson, Clint McGuire, Jack Thomas, Leonard Jacks, Eddie Jacks, Charles Irene Jones, Lucile Potts, Lorene Barnett Mary Frances Griffin, Lillie Mae Hughes, Jean Donovan, Annie Kate Gore; second grade, Katherine Dale, Janette Hand, Mary Dean Hand, Marzelle Henley, Edward Sewell, Dorothy Blalock, Rubye Tippett, Blanche Taylor, Essie White, Melrose Wyatt, Joe Frank Higgins, Flem Higgins, Jr., Eric Hart, Jr., Ervin Lande, Lamar Teel; third grade, Joe Venable, Frances Smith, Cora Clements; fourth grade, Norman Harris, Bernice Lowe, Ann Ross, Mary Wyatt; fifth grade, Annie Cordelia Smith, Blanche Thomas, Sarah Elizabeth Venable, Mary Ethel Easterling, T. J. Rasberry, Emma Frances Britt, Kenneth Thompson, Doris Newell; sixth grade, Olive Rainer Elmore, Mildred Maddox, Theda Wyatt, Hazel Nivens, Nell Rockett, Nell Jones, Annie Pearl Honeycutt, Mildred Gore, Mary Lou Frazier, Ed Goodgame, John White Plyler, Mary Culver.

Smith—third grade, Foy Guins; fourth grade, Douglas Rockwood, Gordon Smith; sixth grade, Central Cast, Lorene Finley.

Concord B—first grade, Ola Mae Moses, Lois Whitman; second grade, Irene Moses.

County Line—first grade, Lucian Gandy; second grade, Ailene Fisher.

Pates Chapel—second grade, Edna Pruitt, Icyie Blow, Willodean Pate, Erman Cleckler; third grade, Leone Cleckler; fourth grade, J. V. Blow, Roscoe Maddox, Annie Mae Ray, Rubye Maddox, Zelma Hayes, Ivy Hayes; fifth grade, Mae Belle Caton, Lena Caton; sixth grade, Ida McCary.

Minooka—first grade, Loye Mae Bowden, Viola Warrell, Mary West; second grade, Eunice Price; fourth grade, Sarah Freeman, Mildred West; sixth grade, Eva Glass, Odessa Hammonds.

Shiloh—first grade, Clifton Cleckler; second grade, Effie Wilson.

New Harmony—first grade, Oliver Headley, Ella Dean Headley; third grade, Harold Cooper; fourth grade, Rupert Headley, Veanard Lee Taylor; fifth grade, James Cooper.

Oak Grove — first grade, George Tatum, second grade, Lawrence Tatum; third grade, Louise Cobb; fourth grade, Willie Jean Honeycutt; fifth grade, Ruth Cobb, Gene Gwin; sixth grade, Willie Frank Northcutt, Clara Glass, Viola Deese.

Thomas Jr. High—first grade, Reuben Cleckler, Duie Dennis, Wilbert Edwards, Eugene Kelley, Willie James Wyatt, Lucile Driver, Charles Patterson, Gene Aldridge, Lois Blalock, Hazel Mims, Morris Patterson; second grade, Douglas Cox, J. L. Thornton, Bonnie Wilson, Corene Coggins, Elizabeth Dennis, Lafarish Guy; third grade, Rolene Kelley, Lois Dennis, Myrtice Mitchell; fourth grade, Clara Wilson, Louise Blalock, Margie Nell Mitchell, Allie Mae Moore, Ruth Vinson, Katie Crew; fifth grade, Esther Lee, Ivy Lee McDowell, Bonnie Guy, Pearcie Mae Driver; sixth grade, Lula Popwell, Mary Parrish, Murrell Glenn; Jr. I., Ester Lou McDowell; Jr. II., Clive Aldridge; Jr. III., Kathleen Blalock, Ruth Minor.

Cooper—first grade, June Rockett, Otis Grant, Howard Bullard, Estell Huett, Frances Jones, Ara Lee Mims; second grade, Douglas Almand, Calvin Grant, Ezell Lewis, June Clements, Flora Morris, Lavolia Smith; fourth grade, Avolene Taylor, Lance Smith; third grade, Hugh Miller, Hulette Miller, Leo Smith, Carol Clements, Louise Griffin, Maye Hilyer, James Minor; Junior II, Ennis Dupree.

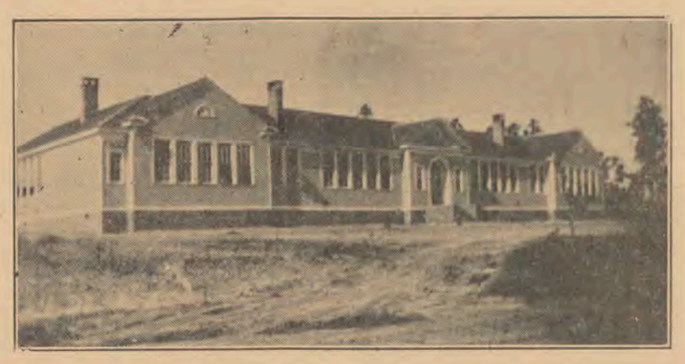
Riddles

1. I have a mad son. What Alabama county am I?—Jack Alford.
2. In what county do they drink a lot of coffee?—T. J. Rasberry.
3. What county is the result of a mosquite bite and two thousand pounds?—Sam Johnson.
4. I am a county in Alabama. When you speak of a baby you think of me. What county am I?—Wilton Gillespie.

(Note. The following are the names of the counties in answer to the riddles. They are not in correct order. Can you get them?)

Chilton, Bibb, Madison, Coffee.

Our New School Building



History of the Mt. Pleasant School

(Written by Jr. III Class)

In 1904 a one-room school building was erected three miles north of Clanton on the old Birmingham and Montgomery highway. The oldest man in the community, Mr. Jesse Culp, named the school Mt. Pleasant. Miss Bessie Ellis taught the first two terms. Mr. Houston Massey, John Thomas and Walter Foshee were the first trustees.

Mr. Wiley Foshee donated one acre of land for playground and such games as batter-cat, Bom, Bom, Bom, London bridge is falling down and town ball were enjoyed by the pupils and spelling matches were also enjoyed by all.

The first school enrolled approximately thirty-five pupils and only five grades were taught.

In 1906 Miss Naomi Williams was principal.

In 1907 to 1909 Mr. R. A. Smith was principal.

In 1910 Mr. Jim Daniel was elected principal of the school and served until 1914. During his first term, the school was made a two-teacher school by stretching a curtain across the center of one room. His sister, Amy, was assistant.

From 1914 to 1917 Mr. John Dye was principal and Herbert Lowery was the assistant teacher. In 1917 Mr. George Lewis was principal and his sister, Lela, was his assistant.

In 1922-23 Mr. Walter Martin was principal. Pearl Owen was his assistant and the third room was added during his session. Eight grades were taught.

From 1924 to 1926 Mr. Ellie Daniel was principal. During his principalship the fourth room was added and the Littlejohn School, a one-teacher school, was consolidated, making Mt. Pleasant a Junior High School.

In 1926 to 1927 Mr. Harlem Daniel served as principal.

In 1928 Mr. R. B. Johnson was elected principal and is still serving.

On December 28, 1928, the building was destroyed by fire. The people came together and appointed the following citizens to draw up plans for replacing it with the new, modern building that we now have. The committee was composed of the following: Monroe Foshee, chairman; W. B. Crowe, J. D. Price and C. N. Eiland. It was through their untiring efforts that the beautiful building was made possible. It is electrically equipped to receive the rural electrical service which the Alabama Power Company will soon make available.

Mrs. Katie Eiland donated five acres of land for the present site and playground.

A Parent-Teacher organization was created in 1928. It has, for the last four years, contributed generously toward making the building attractive and fully equiped with maps, globes, pictures and charts. Through the efforts of the P.-T. A. over one hundred dollars worth of new equipment was added to the school last year.

Since the establishment of this school, many prominent families have moved into this community. About eighteen families were represented when the first school was held, which is quite a conrtast to the eighty-two families represented now.

The first school enrolled approximately thirty-five pupils; since that time the enrollment has grown to two hundred and twenty-five. Three busses transport about one hundred and twenty pupils to the school each day.

The present Board of Trustees is composed of the following outstanding citizens: Lee A. Popwell, J. E. Minor and Joe A. Logan.

The faculty for the present session is as follows: Mr. R. B. Johnson, principal; Mrs. M. A. Wright, Carl G. Glasscock, Miss Celia Baldwin and Miss Lera Bean.

Carl G. Glasscock was recently added to the faculty and has been placed in charge of the boy's athletics, and is teacher of the fifth and sixth grades.

Mt. Pleasant School News

The entertainment given at the school building last Saturday night was declared highly successful. Over thirteen dollars was raised, which will be applied to the Boys Athletic Club .New suits will be flashed on the court next Friday, when the Baker Junior High team will play the locals. The new suits will be quite in contrast with the present black and gold. The jerseys will be scarlet red, while the trousers will be black with red stripes.

Miss Everee Smith, the attractive daughter of Mr. and Mrs. E. C. Smith, won the pretty girl cake at the recent school social. She won over her closest competitor, Miss Merle Aldridge, by a two-thousand majority. A very lively contest was staked between the school boys, who were backing Miss Smith, and outside boys who were supporting Miss Aldridge. The victor was not known until the last two seconds—up until that time the lead was constantly shifting from one to the other. The cake, which was baked by Mrs. George Adams of Jemison, was very beautiful and brought over nine dollars.

A very interesting and instuctive program was presented at chapel exercises last Friday morning by the third and fourth gardes, featuring Armistice Day. Songs and recitals were dedicated to the memory of those brave American boys, who so willingly gave their lives that the world might be made safe for democracy. Several visitors were present to witness the program; Mr. Glasscock will have charge of chapel next Tuesday.

Examinations covering the first month's work were completed last week. Report cards will be given out the latter part of this week.

The P.-T. A. will be called for next Tuesday afternoon, November 22, for their initial meeting. We want all the old members to be present and for each one to bring at least one new member. The P.-T. A. has done a wonderful work for this school, even though the membership has been small. This school covers such a wide range of territory and we are aware of the fact that many of the parents who live on the outer rim of the district are handicapped in not being convenient to the meetings. But this does not elminate them from joining. They can possibly send some one to represent them, send in their dues, and can make arrangements to attend at least one or two of the regular meetings. This work is vital to the best welfare of the school and community and we fervently wish to see it continue.

On last Friday eveninng Coach Glasscock lined up his basketball boys and drove down to Baker Jr. where his team won a sweeping victory from the Baker team. Burnett, who is altenate captain, led his mates in turning back the home team 49 to 7. The game started off as though it was going to develop into a "nip and tuck'" affair, but after about six minutes of play the visitors began to clip off some fast pass work which seemed to throw the Baker boys off balance. The game was far more interesting than the score indicates, for Coach Baker's team just kept on hammering and driving at the Mt. Pleasant defense until the final whistle. We frankly admit that they are a game little bunch, and deserve our commendation for their real sportsmanship over last year's team. They come to Mt. Pleasant next Friday at 3:10, and we wish to have a large crowd out pulling for the home team. For we feel that this game will be far closer in score than that of last Friday. The Mt. Pleasant team is mostly new players this year. Namely: Julius Traywick, Hubert Duke, Lige Turner, Chester Jones, Earl Melton, Vernon Collins, and John Edmond Childress.

On next Thursday morning at 8:00 o'clock, the Liberty Hill Quartet, composed of Messrs. Zackie Lowery, Hiram Littlejohn, Leonard Culp and Herschel Lowery, will present a song program of sacred, classical, popular and negro spiritual songs. These boys are really good, for they have been with us before, and we know a tip top program is in store for next Thursday. A cordial invitation is exended to everyone who wishes to hear these popular singers.

A birthday dinner was given at the home of Mr. and Mrs. Sloan Parker last Sunday. Those attending were Mr. and Mrs. Joe Traywick, Jack Parker, Fletcher Parker and Miss Mary Will Smith.

We are sorry to learn of Mr. Charles Edward Wilson being ill. The school hopes he is soon on the road to recovery.

JEMISON SENIOR THREE NEWS

The following is a list of the class officers: President, Charles Durbin; vice president, Lorene Shirley; sec-treas., Vonzelle Atkinson; prophet, Loyd Edwards; historian, Alton Cobb; testator, Ruth Mims; orator, Sadenia Glass; poet, Ruth Glasscock; sponsor, Miriam Harvey; flower, rose; color, pink and white; motto, "A man's reach should exceed his grasp or else what's a heaven for?"

The Senior class of the Jemison High school has a larger enrollment than ever before. The enrollment is twenty-one. We have planned to raise money by a school supply store, a play, and a tie party. We are going to leave a set of books for the school library. On Thanksgiving we are going to give a special program; also one on Washington's birthday. Our class is looking forward to two parties and a banquet in the school auditorium.

Senior Class History

Six years ago we entered Miss Haynes's room, feeling very important having become Junior I's. The class consisted of twenty-five, eleven of whom are Seniors. Others have dropped out of school or have fallen behind.

The second year Miss Haynes was still our home room teacher. Our main subject was social studies, which we did not digest so easily. Two new students entered our class as Junior II's.

When we were Junior III's we were in Miss Gerald's room. During this year we gained knowledge of Algebra. Two other students came to us as Junior III's.

In September, 1930, we entered Senior High School and Miss Newell was our home room teacher. Geometry was the obstacle, but we enjoyed the work with Mr. Vaughn. During this year some of the boys and girls made the basket ball teams. Six students entered our class this year.

In 1931, we entered our Senior II class, becoming more dignified and set in our ways, as we were now in the senior room, with Miss Harvey as our home room teacher. Our class remained the same in number this year. Our minds were dominated by English literature—especially Chaucer, through the teaching of Miss Jessie. During this year our boys and girls helped gain for the school a name in athletics.

This brings us to our dignified year in Senior III Class, with Miss Harvey as our teacher. We lost one senior which made us number twenty-one. In our English we studied "Idylls of the King" until we all felt as though we had become knights of the chivalric age. We will surely not forget about the force pump, which Mr. Peterson so faithfully explained in our physics.

Our hearts are both glad and sad when we think of leaving our high school. We are sad because we had to leave the things we loved behind, but we are glad because we will now be able to do something in a bigger way for our Alma Mater.

(In next month's School Page there will be a report from the Senior III Class of the Verbena High School.)

STUDYING ABOUT ALABAMA

At the close of a study of Alabama, the fifth grade pupils in the Clanton Grammar School showed much interest and showed also that they had gained much from the study of Alabama as one of the Southern States. They took up a study of the other Southern states as a whole.

In Alabama

The sun shines bright
In Alabama.
There are men of might
In Alabama.
The cotton is trim and neat,
The sugar cane is sweet
In Alabama.
The rivers give aid
In Alabama.
The trees provide shade
In Alabama.
Cattle roam the hills,
Water turns the mills
In Alabama.
Coal and iron are found
In Alabama.
Indians left mounds
In Alabama.
Mable quarries are here
To make things more dear
In Alabama.

—Sam Johnson.

Alabama

Alabama, you're my state.
Indians roamed you much of late,
Now, when I your beauty see,
I know I must be true to thee.
Beautiful flowers from you grow,
Beautiful rivers through you flow,
Wonderful minerals of every kind,
Within your borders we freely find.
Forests of hickory, cedar and pine,
Oaks and magnolia your surface line,
Golden fruits and harvests rare
Are found throughout my state so fair.

—Blanche Thomas.

A Poem On Alabama

Alabama, my southern home,
Where I love so much to roam,
I love each flower, bird and bee,
And every little forest tree.

Alabama has great wealth,
And places for better health,
It's advantages are great,
And it's a grand old state.

—Annie Cordelia Smith.

GROUP STUDY AT LAY DAM SCHOOL

Alabama College Extension Class Observes Demonstration In Teaching Methods

On Saturday, November 12, the Chilton County teachers who are enrolled in the Alabama College extension class spent a day of intensive study of classroom instruction. The work was under the leadership of Mrs. Madge Scarborough Mullins, Miss Ethel Mize and Miss Frances O'Neal, teachers of the Lay Dam school, taught the lessons as a basis for the group study after children had been dismissed.

The program was as follows:

1. Study lesson—first grade.

In this lesson the visiting teachers had opportunity to observe the work of the first grade on a new story for the first time. Miss O'Neal used the blackboard, sentence strips, the Play Fellows primer, and the Plymouth chart in teaching the lesson. The pupils showed keen interest and they were thoroughly able to transfer from blackboard to book and from sentence strip to book, etc.

2. A poem, "When Fairies Have a Picnic."—Third grade.

The pupils gained the maximum pleasure from the study of the poem as shown by their ability and enjoyment of reading parts of it and giving much of it from memory.

3. Music—all grades.

At the music period, the entire group of visiting teachers followed the primary children into Miss Mize's room where the music lesson was observed. The rhythm band which is the children's pride, is a great asset to the school. It was this type of music lesson that was observed. Two familiar songs were played, "Morning Bells," and "Long, Long Ago," and one new song was begun. The procedure in teaching the new song was of special interest to the observers.

4. Georgraphy: Western States—fifth grade.

This first lesson which was observed in Miss Mize's room was an introductory lesson to the Western States. The teacher had quite a collection of pictures of the West as well as a maximum store of knowledge gained from her own reading to give the pupils real interest to study the section. The pupils seemed to get much enjoyment as well as information from the study of the pictures in the geography textbook.

At the end of the period the class listed the questions that arose in their minds to find while studying this group of states. The teacher wrote these problems on the board. The children made their own assignments by deciding the problems which they wanted to work on for Monday's recitation period.

5. Geography, Italy—sixth grade.

The sixth grade pupils were working their fifth day in solving the problems they had set out to find about Italy. A short review took place and after that review, many interesting reports were given on the assignment for the day. The pupils had read the following references to find help in solving their problems: Carpenter's Geographical Reader of Europe, World Book, and the geography textbook.

6. Lunch.

The mothers served sandwiches and coffee. The money received from this sale was to go toward paying for the Weekly Readers which are in use in the school from the second grade through the sixth.

7. Conference.

The conference period was the period in which the lessons which had been taught were studied from the standpoint of "How could the lesson have been taught for it to have meant more to the child?" "Did every child get the most possible from the lesson?", etc.

Miss Mary Alice Boyd, visiting instructor from Alabama College, and teacher of the extension class, contributed much to the conference. She also went into the work of the regular extension class at the end of the conference.

The following teachers took part in the observation: Abney Brown, Edward Littlejohn, Jr., Charles Haggard, Alma Schurter, Elsie Conway, Dorothy Manning, Mrs. C. E. Stapp, Ruth Sessions, and visitor, Miss Reynolds, Bess Thomas, Olene Mims, Mary Clements, Ola Rogers, Lucille Taylor, Ruth Dennis, Icie Bell Cobern, Mrs. Everie Tippett, Mrs. Clara Tippett, Mrs. Myrtle Taylor and the teachers of Lay Dam School, Misses Ethel Mize and Frances O'Neal.

MT. PLEASANT ITEMS

If plans materialize the Mt. Pleasant basket ball team will go to Calera next Saturday night, November 19, to meet the swift dribblers from Helena, Ala. Definite announcements will be made later.

Mr. Johnson and Coach Glasscock made a business trip to Clanton last Monday evening.

Miss May Francis Bruce was guest to Miss Mary Will Smith the past week end.

SABBATH OBSERVANCE

The observance of one day in seven as a day of rest and worship is of the utmost importance. In the matter of Sunday legislation we must be careful to discern between the civil and religious phases of the sabbath. We must not even to the least degree invoke the arm of the state in the interest of religion. The state can legislate on this question only to provide a day of rest and quiet for man and beast and as a means of protecting citizens in the exercise of their natural and inalienable right to worship. Beyond this the state cannot go. On the other hand the state has no right to allow the day set apart by the state as a day of rest and set apart by the religious people as a day of worship to be commercialized and destroyed. The most of the states have adequate laws; let them be observed and enforced, and let our people be diligent and faithful that Sunday as a civil day of rest shall not be destroyed, and let all our Baptist people "Remember the Sabbath day to keep it holy." It is very noticable and significant that the same element of the press and public which are fighting for the return of the liquor traffic are constantly talking about "blue laws" and contending for a wide open commercialized Sunday. Many of this element would just as readily contend for licensed legalized gambling, or prostitution. There are no lengths to which certain immoral and lawless elements will not go to break down our civilization and debauch the masses in order that the baser passions may be indulged and the greed of grafters be satisfied.

Boy Scouts

Scouting is generally and properly recognized as one of the best means of building character and training boys for good citizenship. It has in it a distinct appeal to the gang spirit, the love of adventure and of uniformity and drills, characteristic of boy life. Its fundamental principles are of the best and its ideals are of the highest. When a scout troop is properly officered and led it cannot but appeal to the highest and best in boys just at the time that they most need the right kind of development. When organized under the auspices and control of a church a troop can be made a real factor in holding the boy to his church because the church thus shows its interest in him and makes provision for the proper expression of his expanding life and the wise direction of his restless energies. As far as possible, in the judgment of your commission, each of our Baptist churches should sponsor a Boy Scout troop. Churches of other denominations are widely sponsoring troops. If we fail we shall not only lose one of the best means of developing and training into right channels the boy life of our congregations and increasing the interest of our boys in our churches but we shall also lose the keen church interest of many boys to churches of other denominations.

Prohibition

In recent issues of our Southern Baptist prohibition papers there were published resolutions adopted by the Baptist Pastors' Conference of Knoxville, Tenn., on prohibition. The preamble to these resolutions is so incisive and timely that your commission quotes it almost in full and gives its heartiest and most unreserved approval, as the Convention itself will be glad to do:

"For more than a half century the church has stood for temperance, and has opposed the liquor traffic, illicit or legalized. By education and otherwise, it has, by cooperating with other agencies, and by the aid of patriotic citizens, placed the Eighteenth Amendment in our national Constitution — outlawing the manufacture and sale of intoxicating beverages—resulting in national prohibition. For more than ten years prohibition has been in effect. As a national policy it stands or falls as on its merits. We cannot argue its merits or demerits here. Since the adoption of national prohibition the advocates or liquor have done all in their power to break down the law for the enforcement of the Eighteenth Amendment, and are seeking to nullify and modify it so as to reestablish the legal sale of intoxicating liquors.

"The liquor interests have never obeyed any law that sought in any way to regulate their nefarious business. They have never willingly accepted any limitation placed upon them for the protection and welfare of the community as a whole. It is not within the ingenuity of the human mind to devise a liquor law that will be satisfactory to the liquor interest. There has never been a law placed on the statute books of any nation with reference to liquor that the liquor forces will not undertake to break it down, to violate it, to undermine it and to corrupt the officials charged with its enforcement. They fought local option; they fought the county unit; they fought statewide, and they fought national prohibition. And now twelve years later the liquor forces are at our doors boasting of their contempt for the fundamental law of our land and trying to bluff the American people with threats of civil war if they are not permitted to have their way.

"The nation has never witnessed a darker, more diabolical, underground conspiracy to destroy law and dethrone righteousness than is now being carried on by "The Association Against the Eighteenth Amendment." This Association is financed by a large number of millionaires and has all the money it can possibly spend for purposes of propaganda. At present it is working along three lines: first to break down and discredit the character of every preacher and reformer in the country who opposes them. . . Second, they have tried to convince the people that law enforcement is a failure and an impossible undertaking. And third, they have tried to create a political situation that will enable them to make up the issues of the presidential election. . . . The issues has been boiled down to good citizenship versus bad citizenship, to law versus lawlessness, to prohibition versus the saloon, and there can be but one answer for all Christian and moral leaders."

How to get oil from unused wells used to be a real problem in the industry. Now the principal question seems to be how to keep the oil in the wells.

An American woman has gone to Russia to seek aid there in having her son released from a prison in the United States. Maybe it could be arranged to send the son from the American penitentiary over to a Siberian prison camp.

Bill Rogers, in flying over South America, said railroad trains were not running because high tariff between the countries had killed of foreign trade, and that he saw herds of fat cattle in the fields. But if Uncle Sam ever reduces his tariff on meat products those fat cattle will start right for the United States.

Throwing corn on Hallowe'en used to be expensive business but nowadays it is about as cheap as throwing gravel.

A young man down in Texas met a young woman at a soda fountain one morning. By afternoon, she was wearing his fraternity pin and by night they had eloped to Oklahoma and been married. Who says the modern soda fountain isn't as dangerous as the old fashioned bar room?

One sign which ought to be put up at every American port of entry is one containing just three words "No dumping allowed."

Up to thise time the free traders have overlooked a bet in not blaming the London jobless riots on to the Smoot-Hawley tariff.

Reports from London are to the effect that efforts are being made to find a suitable bride for the Prince of Wales. There are are thousands of them in America nice enough for the job.

MORAL ECHOES

(By D. W. Haskew)

Not long since it was discovered in Connecticut that the state was sown down with bootleg sweatshops. The owners of these establishments would set up shop overnight, and haul in cut goods from New York, and then employ women and girls at the rate of from sixty cents to one dollar and forty cents per week. The finished products would then be trucked back to New York and sold at extremely low prices, but the operators were filling their pockets at the expense of the health and brawn of young women. On discovering this form of injustice every newspaper in the state set up a howl and the next legislature of Connecticut will be flooded with bills to regulate the wages to be paid the workers in sweatshops. It is strange to see how readily the big dailies snapped up that form of injustice and cried it down and yet how reluctantly they take issue with the whiskey business, whether it be legal or illegal. No sweatshop ever produced half as much injustice to womanhood and brought half so much suffering to our women as the whiskey dealers and drinkers. We would have no prohibition problems if our big dailies would cry down its evils with as much spirit as they cry down the evils of the sweatshop. There must be a "negro in the woodpile" that keeps them from doing it.

It was clear and a cool night and the radio was at its best. At one of the broadcasting stations an artist sang these words, "How I wish that I could bring back the color to the hair of that old daddy of mine. How I wish that I could take the heartaches from his soul." Doubtless that song set in motion many a heart throb. In the room where I listened was a person in middle life and with a quivering voice he said, "Thank God, I have never caused my father to grieve, and my way of living has never brought to him one hurt of the heart." Talk about treasures, but there is no treasure of more value than to have an assurance that you have never grieved your parents. We have seen fathers and mothers with gray hair and we have seen them with hurting hearts, and all because of the troubles caused by the conduct of their children. If a young man reads this, if a young lady should see these words, let me ask you, "Are you turning the hairs on your parents head gray, are you hurting their hearts by the way you live?" Blessed is the child who causes his parents no trouble. Good children are a blessing from the Lord.

I went into the office of a public official. Hard by his place of business there were other rooms for rent. My voice rang out in greetings to my friend and it was heard by the inmates of another room where a game of pool was being played. There was a general scuffle and flurry and silence followed. A solid wall was between the rooms, but still the men engaged in the pool room preferred not to play while my voice could be heard in the next room. Can you tell me why that was? Why is it that men will slap their hands over their mouths to keep from using a "cuss word" when a preacher can hear? Why is it that women will blush and apologize when the pastor "butts into a bridge party?" Why do the wicked flee when no man pursueth? I believe that some folks are ashamed of some things they do. That makes them hopeful.

When one man reported that he had missed his big turkey gobbler and had gone in search of him and had found him sitting on a nest full of eggs, another person came forward with a story that put it over the first gobbler. Said this person, "I was on my back porch and seeing my big gobbler sitting down and standing up in a briar patch a short distance away, I decided to investigate what he had in mind. On coming near, I discovered that he had made a nest and had collected a dozen gourds into it and was doing his dead level best to cover all of them." Both stories are true "turkey tales" and they go to prove that we are near a new age. Our women are coming to the front and there is just no telling what is going to happen. The gobblers have caught the spirit of the new age, and it will not be long now.

There was the grinding of wheels and the roaring of a sliding train and soon our coach was still on the track. We climbed to the ground and walked ahead to see what had stopped us in the night hours. Down the track was a big freight mogul stretched by the side of the track like a crippled greyhound, while its box cars littered up the way of travel. That mogul was a thing of power, but it was off the track and it was as helpless as a boulder on the hillside. It was made for a track and off that track it was useless. Man is made for a track. He fits into the straight and narrow way, but if he gets off that way he is useless. Remember that you belong on the road that runs toward heaven and that you are a thing of power as long as you stay on the right track, but when you get off that track, you become useless to yourself and useless to the world.

The MAN in the MOON

Looks Over All—
Overlooks None.

Let's Be Good Sports

The big election has come and gone, and we have lost. But, judging from the big landslide, when I say WE, it seems I do not cover much territory—it seems that nearly all of us won, so far as the presidential end of the matter is concerned. Though, also judging from results, the people were not nearly so tired of Republicanism as they were Hoover. People had gotten the idea in their heads that Hoover was the cause of it all, and there was no way of changing that. To back this contention, one has only to notice the comparative vote right here in Chilton County—while Hoover was losing this normally Republican county by some 100 votes, the Republican ticket was carrying by from 250 to 600. That shows who the voters were gunning for—Hoover. Oh, well, there's no use crying over spilt milk. After all, maybe Roosevelt can bring back good times—the Lord knows I hope so. But, to do so, with any measure of success, he must have the cooperation of the people, something Mr. Hoover never had, from the day he took office. But there is nothing to do but take our defeat with a smile. That's what it takes to make a good sport. I am a hard loser—I hate to lose. I imagine there are many more in the same boat. But we can be hard losers without being bad sports. We have waged a clean hard fight, and lost. Now, let's be good sports and do everything we can to help bring back prosperity, even though we do have to help the Democrats in doing so. That is the only logical procedure. Any otherd would make Benedict Arnolds of us all. After all, the next presidential election is only four years off, and that gives us plenty of time to get our guns all well oiled and loaded.

And Now, What Next?

I notice a headline in one of the Alabama dailies to the effect that we are waiting to see "What the next tax attempt will be." It seems that they are quite sure that our Governor Miller and his cohorts will make a new attempt at some unheardof tax, and that we are to sit back, take like easy, and just wait until the new tax appears, so that we can vote it down. It seems there is no doubt a new attempt will be made to figure out some kind of tax; the only question is—what will it be? Oh, well, there are quite a few little items not taxed yet. Not so very many, though.

A Strange Campaign

It was a strange campaign which swept Mr. Roosevelt into the highest office in the land. This campaign, though, proved more than adequate to fulfill the job set out for it. Never before has such a majority been amassed as a result of a campaign based on misunderstanding, prejudice, and the wholesale desire for "a change". Quick to take advantage of this discontent among the people, it was very easy to lead them to believe that Roosevelt and the Democratic party couldn't hurt things—that "it couldn't be worse"—and this made it a ripe condition for a promising campaign, one in which all kinds of promises were made and believed. A cure-all was promised, and like a drowning man catching at a straw, the bait was taken in, hook, line, and sinker, and the suckers went all the way under the bank with it. Now, the job these folks have before them is to find their way back out from under the bank without getting the line afoul of a lot of snags and roots which they didn't notice as they went in. It is like a fish trap—the fish doesn't notice that he is going through an intricate series of "snares", until he tries to find his way back out again. The going in is easy and unobstructed, but getting out is another matter latogether. Let those who were trapped into voting for Roosevelt, now try to find their way out into the clear again. Some job.

Ashamed

What is the matter with Mr. Roosevelt, that his picture is pushed over to the back page of the Democratic "party organ" in its last week's issue? Are they ashamed of him, already? Must be, else they would have put him on the front. And as for old Garner, he didn't even rate a picture.

Our Museum

If the Union-Banner had started a museum of freaks of nature some ten years ago, we would have an interesting exhibit by now. Better late than never, though. In the future, if you find anything out of the ordinary, shoot it to us, as we are going to make preparations to keep these oddities. Somebody tells us that the natural preservative for anything in the animal kingdom is alcohol, and for anything in the vegetable kingdom it is vinegar, so we will get a supply of these two and be all set to keep your queer specimens. And some of these days we will have an interesting collection for our visitors to look over.

Heard Here and There

"Roosevelt made us a good president before, and I don't see why he can't do it again." "What a landslide—I read where Roosevelt beat Hoover by 6,000,000 ELECTORAL votes." "Well, Roosevelt took his seat this morning, and I notice cotton is already going up." "Say, I went to vote last Tuesday, and they left both the presidents off my ticket—I guess I didn't vote for any president."

What Will the Harvest Be?

A great part of the population of the United States is of foreign birth already. Now, in case the Democrats let down the immigration walls and invite the overflow population of the world to our country, as their party principles call for, what will the condition be? And, when this overflow has created its inevitable condition of unrest, more unemployment, and general discontent, how ripe will the harvest be for communism. And if all these things come to pass, as it surely must, with the riff-raff of the whole world pouring in on us, will not America find herself in the same condition as Russia did a few years ago, and when her government was overthrown? Then we'll see if "things couldn't be worse.—Man in the Moon.

One reason why romance lasted longer in the old days was because a bride looked much the same after washing her face.—Hot Sands.

At the Cincinnati University they are said to be experimenting on the feeding of glue to chickens. We have eaten some boarding house chicken which tasted like it had been on a glue diet for years.

An automobile engineer predicts future operation of automobiles by a single dial on the steering wheel. Parents hope for the day when they can be operated by remote control from home.

The hunger march on London proves that the dole system of settling the poverty question is not as satisfactory as a lot of our radicals would have us believe.

Remember the good old days when a lot of us thought the women would never be able to do anything in politics.

The big red letter day in politics is coming when a Republican President finally does something that Senator Norris approves of.

Cheer up. In about twenty-five weeks we can begin to look for spring.

Wonder what becomes of all the straw that is used every four years in taking the straw votes?

OUR EXPORTS AND IMPORTS

(From the address of Congressman B. S. Snell in Springfield, Mass., October 18.)

"In a recent report of the United States department of commerce, we find that while the values of our exports and imports declined by approximately one-third in the year 1931 over 1930, yet the actual volume of imports only decreased 10 per cent and the volume of exports 20 per cent.

"In other words, in the face of the vehement declarations on the part of our tariff critics that the Hawley-Smoot act is making it possible for other nations to sell to us, and thereby putting it out of their power to buy from us, in point of actual fact, other nations are selling their products to us in volume sufficient to enable them to buy from us if they so decide.

"At this point let me call your attention to another important condition. To day, on account of the depleted currency in the whole world outside of the United States, some nations on some products are paying little or no tariff at all. This condition also materially affects articles on the free list, and it especially affects all New England. But the Democrats in the last Congress refused to rectify the situation because they felt that such action, in a measure like this, would be recognizing the protective tariff policy of the Republican party.

"Is the columnist in?"

"No."

"Well, just throw this poem in the wastebasket for him, will you?"

Delta—Here's some candy for you. Sweets for the sweet.

Kappa—Thanks. Here are some nuts.

It's a good thing hens don't know how much masons get for laying bricks.

NATIONAL AFFAIRS

(By Frank P. Litschert)

Efforts are now being made in Europe for an international assault on the world-wide depression. A preliminary meeting of economic experts of the major nations of the globe was held at Geneva recently to blaze the trail for the international battle against the forces of depression which were unleashed after the unnatural post-war boom had run its course. Possible movements to be taken on a world-wide scale have been discussed in this meeting, with a view, later in the winter, of summoning a world-wide effort to stop inroads of the depression.

A great deal of ground remains to be covered before any definite plan can be adopted by all the nations for attempting to restore normal economic conditions. The reason is that the great nations do not agree exactly on what ought to be done, just as the so-called financial experts of our country are not in agreement on what ought to be done in America. As a general thing the experts in the United States believe that a concerted effort should be made to restore prices of raw materials, which would in turn it is claimed, increase the buying power of the world, resulting in the opening up of the factories with resultant higher wages and more employment. It is the theory which was in mind when the Reconstruction Finance Corporation and the Home Loan Bank system were inaugurated. It was believed that these stablizing influences would halt the course of deflation and lay the foundation for a rise in commodity prices.

The French do not agree to this view. Perhaps it is because their problem is different and they have never enjoyed the high wage scale and the high standard of living which is prevalent in the United States. The French government is said, by foreign writers, to believe that deflation should be permitted to run its course, reducing manufacturing costs and merchandising costs until things are thoroughly deflated. It is believed by those who back this plan that this and this only will lay a solid foundation of recovery, although it is admitted that the course is a ruthless and heartless one and will mean many more failures and much more suffering before it is completed. German financiers are said to incline toward the American ideas of combatting the depression, while the British, as is by no means usual, are for the adoption of a middle course, or at least have not yet made up their minds whether to back the French or the American economic ideas.

Uncle Sam will, of course, be a party to this conference, and the average American will be of the opinion that it will behoove Uncle Sam to watch his step carefully. For the conference will not be merely one of adopting either the American or the French theory of what ought to be done. Many other questions are to come up, among them the questions of restoring the value of silver, of the war debts and of tariffs. Doubtless there will be a pretty solid lineup against the United tates on the question of the war debts and of the tariff, although the debt problem may be settled before the conference is called. Uncle Sam will be fortunate if he can steer clear of the questions of tariff. Doubtless the European nations, together with Argentine and some of the others, will be anxious for an agreement which will revise the American tariff downward. They will promise Uncle Sam all sorts of things, including greater markets abroad, for a return chance to invade the rich American market. But since the American market now absorbs more than ninety per cent of our production, it would be well to go slow in trading this ninety per cent market at home for a ten per cent market abroad which might not be worth anything for the reason that it is easily possible that the lowering of our tariffs would close our factories entirely, and render them unable to compete with cheap foreign production either at home or abroad.

The Man on the Corner

Some Sights He Saw—
and Some He Saw Not.

Beat Eleven Gets the Rag

Cane Creek, Beat 11, takes the rag off the bush, as the saying goes, in the recent election. There were only two Democratic votes polled in the Beat, out of a total of 60. Two of the Republican voters joined the Roosevelt presidential band wagon, giving him a total vote of 4 in the Beat. With only two voters on their side our Democratic friends could not even hold an election at Cane Creek if they did not have the Republican neighbors to help them. It takes six voters to serve as election officers in order to hold an election.

Three Cheers for the Alabama Power Co.

Again the Alabama Power Company has done a big favor for Chilton County. When it was called to the attention of the company officials that a part payment of the company's tax in Chilton County right now would help out our school situation, it was only a very short while until a good sizeable check amounting to several thousand dollars was in the hands of the county tax collector. It made possible the payment of last month's school payroll in full. I frequently hear it said with much gratification that Chilton County is better off on the school situation than most counties of the state. Every time I hear it, I feel like saying "Yes" and we have only the Alabama Power Company to thank for this good fortune."

Coming Across for the Red Cross

The response of our people to the appeal of the Red Cross in the Roll Call has been splendid, but there are many more needed to sign up before we reach our quota of 750 in the county. Up to this time there are something over 200 signed up by the Clanton workers. Reports have not been received from the other places in the county. "They are hard to get," say the solicitors. I know that is true, because none of us have any needless money throwing around. But I tell you Chilton County must not fail to meet the request of the Red Cross. We have enough people who can spare a dollar to make up our quota. We simply must get in touch with those people and go over the top. We must come across for the Red Cross.

Deputy Norris is a Sleuth

"The fellow who broke into Frank Culpepper's store the other night left his name and address on a window through which he entered." This was the statement of Deputy Sheriff Norris Tuesday night. "I got it right here too," he added. I thought what a fool burglar, and out of his pocket Norris pulled photographs of finger prints which the burglar left on the glass. "That is a waybill that will take me right to the door of the guilty man," said the deputy. "I have as good as got him right now, only I have got to go slow and watch every step." Mr. Norris is something of a fingerprint expert. He has studied the trick quite a bit. A friend suggested that Norris would soon be qualified to join the force of Hawkshaw, the dectective.

Making Excuses

The solicitors who have been working in the Red Cross membership campaign can give you some interesting examples of excuses folks make for delaying (in reality refusing) to enlist. One prominent well-to do farmer (one of the "tight" kind) tells them to wait till next week. If a storm should visit him like it did many people last spring, I wonder if he would want the Red Cross to wait till "next week" before they came to his rescue. Suppose everybody had waited until next week or the next month after the storm. What would have been the consequences? Another more or less prominent man in Clanton tells them he must think it over a while; he recalls that the Red Cross relief organization here last spring had in it two or three sorry good-for nothing fellows who took a lot of things for themselves that were given for the aid of the suffering. I wonder if the fellow who made that excuse did as much service for the cause as the "two or three sorry-good-for-nothing fellows" he referred to. No excuse will fill the bill in meeting the appeal of the Red Cross. The only thing that will balance your account is to give what you can; or if you can't give for the reason you haven't the means to spare, be a man and say so—gut give your full moral support to the cause.

"How are you going along at school, Henry?" asked the father.

"Fine," answered the son. "I have learned to say 'thank you' in French."

"Good," came back from the father, "That's more than you ever learned in English."

We are pleased to report that radio singers are apparently recovering from the worst part of their former fearful dread that the river wanted to come up to their doors.—Nashville Banner.

Workmen in Detroit working on the docks have found an unfinished tunnel to Canada which was started and abandoned fifty years ago—a long time before the rum runners would have had any use for it.

The French say they have an army plan which would please all nations. Must include a clause for having Uncle Sam to pay for the upkeep of the world's military agreements.

25 YEARS AGO

News Items as published in The Union and in The Banner, Issues of
November 14, 1907

Mr. Wash Heflin, Misses Hixie Gore and Nola Fiering of Pinedale took a walk to Union Point Sunday.

A spelling bee was held at the courthouse Friday night. C. Fenn Jones won the booby prize and Mrs. Gamma Anderson was awarded a nice box of candy for being the best speller.

Commissioners Court was in session all last week and paid out around $6,000 for current expenses.

Dr .and Mrs. W. G. Curry of New Decatur are visiting their son, T. A. Curry, in Clanton.

Married this week—James W. Mitchell and Miss Fannie L. Cobb, W. A. Green and Miss Murillo Johnson, Jno. B. Bates and Miss Mary L. Moore, Calvin P. Jones and Miss Mollie E. Jones.

REFUGE NEWS

We had a good crowd out at Sunday School last Sunday in spite of the cold weather. There were services Sunday and Sunday night.

Mrs. Elizabeth Minor is slowly improving.

The infant baby of J. E. Easterling died November 9th and was buried at Wainut Creek Church.

Mrs. Ruth Lockhart visited Mrs. T. B. Easterling Monday of this week.

Every body come back to Sunday School next Sunday. Those that were not there last Sunday, won't you come next Sunday and fill that vacant seat? For no one can do that for you. We know that the hard times are discouraging, and we have the blues, but listen, then is the time when we should draw nearer to God. For as the song goes "Take Your Burden to the Lord and Leave It There."

Don't forget our preaching day, every fourth Sunday at 11:00 o'clock. Our pastor, M. Lockhart, always has a splendid message for us. If you don't believe it, come and visit us and we will show you, for we will gladly give you a hearty welcome at Refuge.

NOTICE OF SALE OF LANDS

State of Alabama, Chilton County; in Probate Court of Chilton County, Alabama. In the matter of the petition and application of W. W. Cobern, as guardian of G. W. Cobern, a non compos mentis, to sell lands of said non compos mentis to pay debts and for the future maintenance and support of said non compos mentis and his family.

Notice is hereby given that in pursuance of a decree made and entered in the above stated cause on October 28, 1932, the undersigned, as guardian of G. W. Cobern, a non compos mentis, will sell the herinafter described property situated in Chilton County, Alabama, during the legal hours of sale on the 15th day of December, 1932, at public outcry to the highest bidder for cash or in the alternative for one-third cash, one-third of the purchase price payable in one and two years, with 8 per cent interest from date, secured by a mortgage providing for the usual terms of foreclosure.

Said property being situated in Chilton County, and described as Lot No. 13 in Block "A" of the Dennis plat of Mt. Creek, Alabama, in Chilton County, Alabama, as the same is recorded in the office of the Judge of Probate of Chilton County, and said plot of land being further described as being recorded in Record No. 193 at page 62 in the office of the Judge of Probate of Chilton County, Alabama, and being the same lot heretofore owned by Bessie Martin; 1 lot of land in Chilton County, Alabama, described as follows: I vacant lot in the Southeast corner of the Northwest Quarter of the Southeast Quarter of Section 17, Township 20, Range 16 and being in Mt. Creek, Alabama, and being the same land described in Record 193, at page 60 in the office of the Judge of Probate of Chilton County, Alabama. One plot of land in Chilton County, Alabama, as follows; 2 acres on the West side of the Southwest Quarter of the Southwest Quarter, Section 16, Township 20, Range 16, and being the same lands heretofore owned by Lizzie Norris and being described in Record 193 at page 59 in the office of the Judge of Probate of Chilton County, Alabama. One parcel of land in Chilton County, Alabama, described as: 8¼ acres of land in the Southwest Quarter of the Southwest Quarter of Section 16, Township 20, Range 16, described as follows: Beginning at the Southwest corner of said Section, thence running in a northerly direction along said section line 121 yards to a stob, thence north 86½ degrees E. 330 yards to a stob, thence South 3½ degrees E. 121 yards to the South boundary line of said Section, thence in a westerly direction along said section line 330 yards to point of beginning, being the lands formerly owned by Cora and William Youngblood.

This the 14th day of November, 1932.
W. W. COBERN,
Guardian.

MRS. MARTHA SMITH DIED

Mrs. Martha Smith, age 22 years, died November 5th, at Central Alabama Hospital in Clanton. Burial was at New Cedron November 6th, Martin in charge. The deceased was a daughter of T. B. Dyson, and wife of Pete Smith.

Central Singing Society

If it does not rain and everything works out right, the Central Singing Society will meet with Maple Springs church next Sunday afternoon. It has been 4 months since the society met at this place as something was wrong the last time it was their turn down there. So everyone make a special effort to attend next Sunday afternoon and lets try to have a good singing at this place.

Chilton County's representatives at the state singing convention in Birmingham last Sunday were: Mr. and Mrs. W. G. Culp, Newt Gray, Jesse C. Jones, Raymond Duffey, Joe Mims, Marion Easterling, Gresham Lowery, Mrs. Annie Bean, Mr. and Mrs. T. E. Wyatt. They all reported a splendid time.

Nature's Own Secret of Health Revealed

Science Discovers That Good Health Depends on Supplying the System with Necessary Minerals and Vitamins.

Medical Science has discovered that the human body is made up of a very limited number of essential elements. All of these are found in the Mineral kingdom and in foods in their natural state. To be exact, the healthy human body is composed of eleven Minerals and when these are present, in balanced proportion, we enjoy good health.

PROPER FOODS ESSENTIAL

Unfortunately, few of us give any thought to balancing our diets, according to their Mineral content, and therefore we must pay the penalty. A deficiency of these elements brings on Indigestion, Gas, Bloating, Constipation, Headaches, Nervousness and a host of other ills. We soon lose strength, go from bad to worse and become disgusted with life itself.

NEW WAY TO HEALTH

For many long years, Physicians and Chemists have been trying to combine, in proper proportion, the eleven essential Minerals with necessary Vitamins. They realized that the preparation must be easily assimilated and supply the system with these elements so necessary to health.

SCIENCE TRIUMPHS AGAIN

Fortunately, for all mankind, this tremendous undertaking has met with success! Science has perfected a most remarkable formula, known as LEE'S MINERAL COMPOUND. This preparation supplies the system with the eleven essential Minerals, in combination with Vitamins. It is not, in any sense of the word, a "patent" medicine but is more in the nature of a FOOD VITALIZER. It assists Nature, by restoring a proper balance of the Mineral Content of the body and good health follows as a natural result.

BIG SURPRISE AWAITS YOU

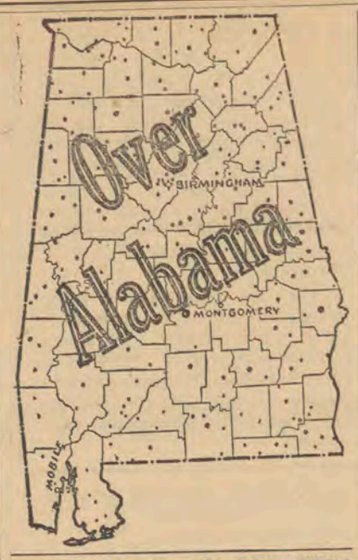
You who are blue, down east and depressed over your loss of health. You who have tried many medicines and treatments with little or no relief—take new heart and cheer! Prepare yourselves for the most joyous surprise of your lives.

MAKE THIS 10 DAY TEST

Convince Yourself!

Stop dosing yourself with "patent medicines," harsh purgatives, oils and cathartics for just 10 days. Go to your nearest Druggist and secure a bottle of LEE'S MINERAL COMPOUND. Take it regularly, and watch the results. You'll be amazed at the feeling of renewed strength and vigor that soon appears. No narcotics or alcohol to "boost you up" but a natural method of restoring health and energy.

For Sale by Upchurch Drug Co., Clanton, Ala., and other good Drug Stores Everywhere. Or send $1.00 to Lee's Laboratories, 365 Peachtree Arcade, Atlanta, Ga., for a large bottle, postage paid.



STATE NEWS PARAGRAPHED

A Resume Of The More Important Events Of Interest Condensed To An Epitomized Form

The election returns show that with the exception of Winston County, the Democratic ticket had swept the state, forcing into the Democratic column such Republican strongholds as DeKalb, St. Clair and Franklin Counties, also the defeat of Tax and Bond issues.

Dallas County shows from 32 boxes 932 for the income tax and 1,364 against; 630 for bond issue and 1,421 against.

Etowah County out of 50 boxes shows 499 for the income tax and 5,121 against; 326 for the bond issue and 5,175 against. The R. F. C. also went down in defeat with 1,760 to 3,.50.

Fayette County, on the opposite side of the state from Etowah, out of 23 boxes defeats the income tax by 264 to 1,421. Bond issue 148 for and 1,421 against; while the R. F. C. is defeated 1,194 against and 259 for.

Jefferson County defeated the income tax and bond issue almost two to one, while the R. F. C. carried with a small margin.

Lamar County which borders on the Mississippi State line, went 799 for the income tax and 1,484 against; 574 for the bond issue and 1,641 against. The R. F. C. was also defeated almost three to one.

Marion County complete returns show all three issues as follows: Income tax, for 680, against 1,665. Bond issue, for 537, against 1,779, and the R. F. C. 525 for and 1,678 against.

Montgomery County gave the income tax a more favorable vote than most of the other counties, however it was defeated by a vote of 3,753 to 5,242. The bond issue was defeated 3,470 to 5,336, and the R. F. C. received 4,473 for and 3,657 against.

Tallapoosa County defeated the income tax 1,560 to 1,696; the bond issue 1,223 to 1,947, and the R. F. C. 952 to 1,556.

Tuscaloosa County defeated the income tax and bond issues almost two to one, while the R. F. C. received a very close decision of 2,494 for and 2,583 against.

Limestone County in the Northern part of the State defeated all issues two to one.

Conecuh County also defeated all issues almost two to one, the voting against these issues were not as heavy as most of the other counties.

Five Jefferson County officials formally take over the duties of the offices to which they were elected in the general election in a brief inaugural ceremony in the assembly room of the County Commission.

Thomas R. Walker, Wylam, was acquitted when tried on a charge of arson in the Bessemer Division of Circuit Court.

The Alabama Public Service Commission received two petitions from motor freight carriers and set them down for hearing here Nov. 18.

Stirking a rapid pace, Gov. Miller signed his name to 68 bills of the special Legislature, and sent them to the secretary of state's office to be listed among Alabama's laws.

Indefinite closing of all schools in Lee County was ordered by Supt. M. C. Whitten and the County Board of Education. Financial conditions was given as the cause for the action.

With approximately $500,000 in the state's general fund, the prospects of state employes receiving their back salaries for the months of August and September was regarded as bright.

Four employes of the state securities commission were released in a reorganization of the department authorized by an act of the recent Legislature which became law with Gov. Miller's signature.

Thomas E. Knight, Jr., attorney general of Alabama, said that he would not oppose a change of venue in the retrial of the seven young Negroes whose death sentences for alleged attacks on two white girls near Scottsboro, Ala., were reversed by the U. S. Supreme Court.

The various departments of the Bessemer High School gave a short demonstration at the joint luncheon meeting of the Bessemer Lions, Kiwanis and Rotary Clubs at the second lunchroom in celebration of American Education Week.

The Montgomery Council of Parents and Teachers in a formal statement charged that "bootleggers" sold liquor to high school students on an excursion train which bore a large delegation from Montgomery to the Lanier-Dothan High School football game at Dothan.

Sid Gibson of Verbena was a business visitor to Clanton Monday.

DAT BLOOMIN PREACHER

All Ah know is Whut de Bible say Bout Hit.

This Week's Blossom:

—o—

Bible sa, Isaiah 11:16: "And a little child shall lead them." Ah sa: "Dat time is here now."

In Jeremiah 7th chapter and de 26th verse is de tex. Yet they harkened not unto me, nor inclined their ear, but hardened their neck: they did worse than their fathers. It seems dat Jeremiah lived an prophesied about 612 years B. C. Ef you wil take de time to read de 7th and 8th chapters ob his prophecy you can see dat de God ob de Jews wuz watchin his chillun an knowed evy crooked step da made. You will also find dat God wuz grieved wid their actins, an wuz so interested in their well-being dat He sont Jeremiah to call for true repentance to prevent de Jews captivity.

Jeremiah tells us dat de children gathered wood and the fathers kindlet the fire, and the women would knead thir dough to make cakes to the Queen of heaven, and to pour out drink offerings unto other Gods, that they may provoke me to anger. Dar is jes two things bout de scripture given above dat Ah want to call yoah tention to, and dat is: first, God wuz watchin and ob course knowed all bout whut wuz gwyin on an wuz sure dat their idolatry, if continued, would finally lead to their captivity.

De nex thing dat Ah want to notice is dat de whole family wuz concerned. De chiluns, de fathers, an de mothers. It is bad nuf when de fathers ob a country lives in rebellion an walks contrary to God's law, an worse still, when de mothers join them in their sinful acts. But when both fathers an mothers, so far forgot God an His law to teach their chiluns de things dats rong, de country is gittin in an awful condition.

De chilluns got de wood, de fathers kindled de fire an de women baked de cakes, all ob de family engaged in de thing dat wuz wrong.

De tex sa dat da "harkened not unto me nor inclined their ear, but hardened their neck." Ah am shoah dat ole Jeremiah wuz in real earnest when he talked to these people. He, no doubt, prayed dat they might hear dat they might incline their ear an hear whut God had to sa to them. He could see whut their idolatry would lead them to. Church-folks, do you think dat de preachers ob dis country is jes makin out lak they is interested in you? Do you think dat de pastors ob de churches in dis country never prays fur you only when he is fillins his pintment? When yoah pastor stands in de church an warns you an begs you to put away yoah sinful ways an lissen to whut he sa, he feels des lak he is sayin jes whut God wants him to sa. An effen ur pastor aint interested nuf in his church tur pray an preach ginst rong doin he aint fit to be ur pastor.

Now you mought want to ax me why Ah keeps on bout de way de people lives. I'll tell you why: Ah could name ur deacon ob a Baptist church rite now whut will fly up an cuss things black and blue when he gits mad, an Ah knows some others dat will tell you anything in de worl when you knows it aint so. An it aint hard to fin men who blong to de church whut gits drunk as often as da goes ur fishin.

De las part ob my tex sa "they did worse than their fathers." Let these an all others, who dont care how they live, jes look back to their chilehood days an think bout how their daddys an mammys lived. Can you remember how they made you go to Sunday School an how particular your daddy wuz about you playin ball an gwyin rabbit huntin on Sunday? An when you look back on those days you will gree wid me dat we, as a people, is lots worse than our fathers wuz. Cant you remember how, when de preaher went home wid de family to spend de nite, how your daddy would git de family bible at bed time, call all ob his chilun roun de fire-side an ax de preacher to read an pray befo da went to bed. Can't you remember how your neighbors would cum in on Sunday nite an have prayer meetin, an how da would talk bout de goodness ob God, an how da loved Jesus an His Church.

Yes, mah friends, when we think bout all ob these things we is bound to decide dat we is wus today than our fathers wuz. They didnt have to fight bean beetels an potato bugs. They didnt have to spray their orchards in order to have a good crop ob fruit.

Folks, less git back to de Lord's messengers as da bring to us fresh fum de Lord de thing dat He wants us to do, an den make up our minds to do it. O, how Ah wants us to git back whur our fathers wuz.

Ah mus close now. Who will jine me in tryin to git our people back on de rite track.—Elder Blossom.

CARD OF THANKS

As relatives of Mastin Smith and wife of Randolph, Ala., we wish to say to Dr. Franklin and nurse, and the other people of Thorsby that we cannot express to you our thanks and appreciation for your kindness to Mr. Smith and wife when their child died in Thorsby November 7th. Language fails to give you our thanks for your interest in their welfare in that hour of need. Your kindness was unbounded, and you have our best wishes. Again we thank you.—Mrs. Omer Redden, Mrs. Angie Dawson.

J. H. JACKSON THANKS VOTERS

Editor Union-Banner:

Will you please give me a small space to thank the people who supported me in the race for commissoiner. Although I was defeated, yet I felt that we was more than victorious in the nation.

Listen friends, if you remember, I undertook to interpet some prophecies the first of this year. I predicted this prophecy to fulfill the last of October. After investigating the length of our solar year, I find it expires on or near election day. Now friends, if you remember that I said, I did not look for Christ to come back in person, but would come in power and in glory, and would take from the hands of the oppressor the kingdom, and etsablish righteouness.

So if this be the fulfillment of this prophecy, there remains a little work yet to be done in Chilton County.

Hoping to meet you at the political battlefield two years hence, and remain until all this prophecy be fulfilled.

Yours for a new heaven and new earth, wherein dwelleth righteousness.—J. H. Jackson.

PATES CHAPEL

We had a wonderful wedding in this community last Friday night, that of Miss Augustine Pitchford, daughter of Mr. and Mrs. Cleveland Pitchford, and Mr. Roy Pruit. They were married at Rev. Honeycutt's. They are making their home in the Pleasant Grove community. We all hope them a long and happy life.

Mr. Lawrence Pitchford returned to his home in Birmingham Sunday to see relatives, and was taken sick and had to stay. His brother, Mr. Leonard Pitchford, returned with Mr. A. R. Pitchford's car. Mr. Tommie Maddox and Roy Simms accompanied him home.

Mr. and Mrs. Roscoe Maddox and Mrs. Fairbank of Thorsby visited Mr. and Mrs. A. Maddox and family, Mr. and Mrs. Wilbert Maddox, Mr. and Mrs. E. J. Hayes and Mr. and Mrs. C. A. Maddox Sunday afternoon.

Mrs. Hesteranne Merchant and little daughter, Helen, of Thorsby, spent the week end in this community with relatives and friends.

Mr. and Mrs. Walter Maddox were dinner guests of Mrs. Tommie Maddox Sunday.

Mr. Tommie Maddox visited his brother, Joel, of Bessemer, Sunday and he returned home with him for a few days visit in this community.

Mr. Oather Maddox of Pleasant Grove community visited in this community Sunday.

Miss Lucile Cleckler, accompanied Mr. and Mrs. Grady Sewell of Clanton to Birmingham Saturday to stay with them a while. They have been transferred to Birmingham cotton mill.

Miss Jewell Wilson of near Thorsby visited Miss Zemma Hayes Sunday.

Mr. Arthur Pitchford has been on the sick list the past week, and has a real sore foot. We all hope him a speedy recovery.

Mr. Arley Miskelly has returned home after an extended visit to relatives in Prattville.

Mr. and Mrs. Maurice Smith and little daughter moved last Monday to Waugh Alabama.

Mr. J. W. Atchison from near Selma is visiting friends and relatives here.

Messrs. Grover Garner, I. N. Waldrop and Allen Waldrop marketed syrup in Birmingham last week.

Miss Velma Price spent last Friday in Birmingham.

The Intermediate Sunday School Class opened Sunday School last Sunday, rendering a very interesting program. Albert Morgan made an excellent talk on the lesson.

Group No. 1 of B. Y. P. U. had charge Sunday night rendering an excellent program. The intermediate B. Y. P. U. is stadily growing.

The cottage prayer meeting this week will be held in the home of Mr. Greene Cofer. Everybody is cordially invited.

MARS HILL

Hurrah for Mars Hill, she has come to life again. Our B. Y. P. U. is getting along nicely, and Sunday School too. We sure do thank the people of this community for helping us get our stove pipe and lamp fixed so we can have our B. Y. P. U. and singings and be comfortable.

So next Sunday is our regular singing evening. Every body come and bring some one with you.

We want to state through your valuable paper some facts regarding the election of a new pastor, Brother Durbin. We are sorry it caused some members to resign from our B. Y. P. U. and Sunday school. We hate to have this come up in our B. Y. P. U. Hope the Lord will be with us in every undertaking and He has been so far, and we are sure thankful. So after Thursday night we are going to have our singing every Thursday night as we have had. So everyone come and take a part that will. You are welcome at any time.—A Reader.

FIDDLER'S CONVENTION

The P.-T. A. of Cooper School is planning a fiddler's convention, Wednesday night before Thanksgiving; also planning for a quartet to render some numbers. The proceeds will go toward a building fund, which we hope to have in the future. Admission 5 cents and 10 cents.

The Banner and Post, 1 year for $3.

BAKER SCHOOL NEWS

A number of our pupils attended Sunday school at different churches Sunday.

The Mulberry B. Y. P. U. rendered a very nice program at Liberty Hill Sunday night

We were very glad to have two of our old class mates, Misses Mytice Carroll and Pauline Cox, visit us last Friday

Misses Pauline Sisk and Nina Lee Lockhart of Highland community attended the singing at Liberty Hill Sunday afternoon

Miss Mary Lois Culp had Misses Marietta Foshee and Letha Bonnet as her guest Sunday.

The Jr. III has organized a class club. The name of the club is "The Fanum." The officers are as follows: President, Mary Lois Culp, vice president, J. L. Littlejohn, secretary and treasurer, Pauline Sisk.

Miss Mildred Cox was the guest of Misses Gladys and Dessie Wyatt Sunday.

We rae very glad to learn that Clyde Bradberry, popular member of the Jr. II class, is back with us after several days absence, due to illness.

Most of the candy has been sold which we are selling for the benefit of the school.

The P.-T. A. of Baker School met Friday afternoon and will meet again December 2, 1932. We want a large crowd present as this is the time we have decided to give away our quilt.

The school is planning to stage a play some time in November. Watch for further date in the papers.

The Mt. Pleasant boys came over to our school last Friday afternoon and played the home boys in a game of basket ball. The score was 49 to 7 in favor of Mt. Pleasant. The game at the beginning was very interesting but the Mt. Pleasant boys soon began to run up the score. Next Friday afternoon our boys will go to Mt. Pleasant.

COTTON GINNED IN CHILTON

Prior to November 1, 1932 there were ginned in Chilton County 10,605 bales of cotton. Up to the same time last year there were ginned a total of 17,822 bales. This report comes from the Bureau of Census at Washington.

HOME DESTROYED BY FIRE

The home of Tom Robinson, in Collins Chapel community, was totally destroyed by fire last Thursday. All members of the family were in Clanton when the fire occured.

Neighbors in the community succeeded in saving only a very little of the contents of the home. It is not known how the fire originated.

C. C. H. S. NEWS

National Book Week Observed at C. C. H. S.

The national fourteenth Book Week will fittingly be observed this year, November 13 to 19 inclusive. The week has made a permanent place for itself on the educational calendar. Throughout the country, parents, teachers and children themselves, recognize in the Book Week an opportunity each year to discover new pleasures and new awards which come from reading and owning books.

Present day educators realize the great importance of cultivating in young people the habit of reading as a definite contribution to happiness as they grow up. They emphasize the school library as a valuable part of school life and encourage children to build library collections of their own. The special exhibits and programs for Book Week merely serve to point the way to new book discoveries and emphasize the fun of year-round reading.

Book Week originated in 1919 when four great organizations; American Book Sellers Association, Boy Scouts of America and National Association of Book Publishers combined their efforts in the interest of children's reading material. This week is supported by such educational bodies as the National Congress of Parent-Teachers Association, General Federation of Women's Clubs, and the National Education Association of America.

Young America's Book Parade

A program presenting some of the most familiar characters in literature has been planned for C. C. H. S. This program will be presented in the auditorium Thursday, November 11. Pupils from the various classes will be appropriately costumed to represent the various characters. One scene from Mark Twain's "The Adventures of Tom Sawyer," will be dramatized by the boys from the junior one class. This program will be presented with the purpose of creating and stimulating interest in good reading material.

Armistice Day Observed Last Friday At Chapel Period

In memory of Armistice Day, November 11, 1932, the school came together in the form of a chapel program to celebrate this national event. The students sang in unison "Keep the Home Fires Burning." The next number was an appropriate selection from the Bible after which the National Prayer was offered. Mr. Little gave a short talk on "Why We Went to War." Two poems were contributed, "In Flanders Field," by Hayes Marcus, and America's answer by Joe H. Johnson. The glee club sang, "Old Glory," as a conclusion to the program.

TEEL FAMILY REUNION

The family and friends of Mr. Tom J. Teel gathered in a reunion, celebrating his 86 birthday last Sunday at the home of his son-in-law, Rudolph Moates, near Clanton. Mr. Teel was 86 years old on Armistice Day, November 11th.

A total of about 100 relatives and friends joined in the celebration. An improvised table made of bales of cotton was arranged in the yard. Upon this table was spread a bounteous dinner brought by the people who attended. Two huge birthday cakes formed the center of the table. One of these was brought by Henry Teel. The other was prepared by Mrs. Birdie Teel McNeil. The cake held 86 candles, each of which was set in a red rosebud.

The grandchildren of Mr. Teel presented him with a new suit of clothes. Many other gifts were brought by various relatives and friends.

The following relatives and friends registered their attendance:

Will Teel and son, Edgar, and wife and daughter, Mary Sue, of Birmingham; Charley Rush and family, of Sylacauga; Rev. Alex Murphy, of Elmore; Robert Teel and wife, and Ruth and Loyd; Walter Teel and wife, Emma, with children, Myrtle, Durwood, J. L., and Billie; Mr. and Mrs. Jesse Teel, with children, Roland, Aubrey, Lamar and McErwin; Edna McEwen and Evelyn Mooney; Henry Teel and friend from Alex City; John Teel and family, of Marbury; Mrs. Callie Teel, Birdie, Peggy, and Tom Frank; Bill Duke and family; B. Duke and family; John Parker and family; Jim Smith and family; Mrs. Rebecca Moates; Mrs. Pharoah Mims; Mrs. Katie Eiland; Mrs. Mary Thompson; Mrs. Lake Thompson and family; Miss Lona Thompson; Dock Zimmerman and family; Mr. and Mrs. Arthur Thompson; Jim Thompson and family; Mr. and Mrs. Jeff Blankenship; Caby Moates; Alfred Moates; Curtis Moates; Mrs. Ellen Marcus; John R. Popwell; Ely Moates; Charley Barrett and family.

NEGRO WOMAN FOUND DEAD

Coroner J. Mell Martin was called to the southwestern part of the county Monday, near Poole's Cross Roads, to investigate the death of an old negro woman. Her body had been found in a small branch or creek, where she apparently had drowned.

Upon investigating the matter Mr. Martin found that the old woman was subject to having epileptic fits. She had been traveling alone along a road or path. Circumstances indicated she had been seized with a fit when she was crossing the branch and fell into the water and drowned. The verdict of the coroner was accidental drowning.

FIRST TIME IN 44 YEARS

Franklin D. Roosevelt, Democratic candidate for president of the United States, carried Chilton County in the election of November 8, by a majority of 134 votes.

This is the first time a Democratic candidate for president has carried Chilton County in 44 years.

The last time such a thing happened was in November, 1888, when Grover Cleveland, Democrat, received 968 votes, and Benjamin Harrison, Republican, received 392, a majority of 576 for the Democratic candidate.

C. D. DUKE THANKS VOTERS

Editor Union-Banner:

Please allow me space to express my thanks to the people for their splendid vote given me on November 8, 1932, and electing me Commissioner of the Fourth District. Words cannot express my thanks to you. I feel like I will never be able to show you how much I appreciate your confidence shown in me. It will be my aim never to betray that confidence. Now I realize I will be your servant for the next four years and will try to serve you to the very best of my ability. My purpose is to be a servant of all the people. I did not get the Democratic vote of the county, I did not expect that, but now as the election is over and I am the choice of the majority of the people I realize I am a servant of the Democrats of the county the same as I am the Republicans. So I wish to say to one and all when I can serve you call on me, I will give you the best I have.

May I ask, that we, as a people, all put our shoulders to the wheel and push on to better times and greater progress.—Yours to serve, C. D. Duke.

MRS. CALLOWAY THANKS VOTERS

Dear Friends:

I want to thank each and every one of you who cast your ballot for me which gave me the office as County treasurer for another term. I hope I can prove myself worthy of the confidence you have placed in me and I assure you that I shall always be ready to serve you in any way that I can.

This office has been furnished by the county for the convenience of the ladies and I want you to visit with me whenever you can, for I shall always be glad to have you.

Again thanking you for your support, I am.—Gratefully yours, Mrs. Gertrude P. Calloway.

PLEASANT GROVE NEWS

This community was saddened last Saturday morning when the grim reaper came and carried from our midst Mrs. Sanders. Mrs. Sanders was a devoted Christian woman, loved by all who knew her. She had been in ill health for some time and suffered intensely.

Miss Thelma Stewart accompanied her father, Rev. G. W. Stewart, to Birmingham to attend the conference last week.

Misses Olean and Nellie Mae Williams, Mr. Albert Headley, Mr. and Mrs. Reuben Henley, Mr. and Mrs. Stanley Cooper, spent a few enjoyable hours Saturday night with Mr. and Mrs. J. W. Best.

We were very glad to have our new pastor, Rev. Johnson, preach for us Sunday night.

We are very sorry to learn that Mrs. G. W. Stewart and baby are on the sick list, and wish for them a speedy recovery.

Miss Norene Headley, Mr. Harold Bates and Miss Ruth Williams of Liberty Hill visited Miss Inez and Mr. Cecil McKee of Fairview Saturday night.

Mrs. Joe Grooms of West End, Clanton, visited her sister, Mrs. Carrie Henley, Sunday and Sunday night.

Mrs. Carrie Henley spent Monday with Mrs. G. W. Stewart.

Miss Norene Headley spent Saturday night with Miss Ruth Williams of Liberty Hill cimmunity.

Mr. M. H. Headley and little son, Earl, visited Mr. and Mrs. C. W. Blackwell Saturday night and Sunday.

Misses Ruth and Willie B. Cox, Inez McKee, Messrs. Cecil McKee and Henry Bates spent a few hours with Miss Norene and Mr. T. J. Headley Sunday afternoon.

Clydie Headley visited Zolan Broadhead of Mt. Nebo community Saturday night.

Zolan Broadhead and S. A. Williams spent Sunday with Clydie Headley.

Christian Endeaver met Sunday night with a large crowd. We invite everyone back again.

NOTICE TO PROPERTY OWNERS

Notice is hereby given that the assessment roll of book containing descriptions of property, and subjects of taxation, located in the Town of Clanton, Alabama, for the town or Municipal taxes for the tax year of 1932, has been made by the town clerk of Clanton, Alabama, and returned to the town council as provided by Sec. 2124 of the Code of Ala. 1923 and an ordinance duly adopted by the Town Council of the Town of Clanton, Alabama, on the 15 day of November, 1932, levying a tax of 5 mills on each dollar's worth of taxable property in said town, for said year. That the assessment of said tax has been completed in accordance with the requirements of said section and ordinance and that the mayor and council of the Town of Clanton, Alabama, will meet in the office of the clerk of the Town of Clanton, Alabama, on the 29th day of November, 1932, to hear and determine objections to the assessment of said tax, and finally determine and pass the assessment of said taxes.

Witness our hands this the 16 day of November, 1932.

J. LEE SMITH,
Mayor.

C. H. PIPES, Clerk. 1tch

HOOVER IS RANKED AMONG THE IMMORTALS BY HIS CHAIRMAN

Washington, Nov. 13. — President Hoover was pictured Saturday by his campaign chairman as "one of our greatest chief executives" who was beaten only by forces of fate beyond human control.

Chairman Sanders, of the Republican national committee, issued a statement saying the final election figures would show "that no defeated candidate in history ever received as great a popular tribute as did Herbert Hoover last Tuesday."

"No successful Democrat, prior to this year," Sanders added, "ever received victory by a popular vote even approaching that given the President in defeat."

Sanders' statement was issued as the slowly drifting in returns developed a striking similarity betweent the popular vote by which Hoover was defeated in 1932 and the total by which he was elected in 1928.

With about 8 per cent of the nation's polling precincts still missing, the Associated Press tabulations showed the popular vote for Franklin D. Roosevelt was 21,081,540 and for Hoover, 14,929,660.

Four years ago Hoover received a total of 21,392,190 votes to 15,016,443 for Alfred E. Smith, his Democratic opponent. His plurality was 6,375,747 as compared with Roosevelt's of 6,151,880.

Quoting from Associated Press returns, Sanders said, "it is apparent that President Hoover's total will be enormous for a defeated candidate, and that the plurality by which he lost may be the smallest in any nationlal election since 1916."

"The vote given the President," Sanders added, "is a vote of confidence in his ability and approval of his masterful administration during the most trying times in the nation's history.

"It shows that even with a public disgrutled over hard times, with virtually every non-Republican faction in the country united against him, with some so-called Republican factions and individuals working against him for personal political gain, Herbert Hoover and the principles of the Republican party supplied a popular appeal that brought approximately fifteen million to the polls to tell the world by their ballots that they believed in him and his administration.

"Despite a three-year onslaught never before faced by any public official or political party, Herbert Hoover has received from his countrymen a beautiful tribute in appreciation of the great battles he has fought in their behalf."

Adding that the President is "honored and respected by millions of loyal American citizens," Sanders said he "may well be proud of this public response to his record."

CLANTON BAPTIST CHURCH

The intermediate B. Y. P. U. will have complete charge of the evening service at the Baptist church, Sunday, November 20. Miss Jewel Taylor, president of the union, will preside.

Members of group one, led by Miss Elizabeth Eubanks, will present a Thanksgiving program, entitled, "Lest We Forget." Those included in the cast are Elizabeth Eubanks, Dan Smith, Frances Rasberry, Helen Moore, Westley Danforth, Mary Armstrong, Agnes Powell, Hal Broadhead, Gladys Martin, Bill Hodges and Kermit Jones.

The public is cordially invited to attend this service at seven o'clock Sunday night.

JACKSON CHAPEL NEWS

Misses Rubye Traywick, Ethel Traywick and Gladys Bell were the guests of Miss Eulene Scott Sunday.

Miss Eunice Garner of Maplesville was the guest of her sister, Mrs. Earl West, last week.

Mrs. Annie Scott spent the week end in Maplesville with her daughter, Mrs. Preston McGee.

Mr. and Mrs. Elvin Traywick spent Saturday night with Mr. and Mrs. David Scott and family.

Misses Ruby Traywick, Eulene Scott, Eunice Garner and Nolier Baker were visitors at Jackson Chapel school Friday afternoon.

Mr. and Mrs. Henry Miller were the guests of Mr. and Mrs. E. C. Traywick Sunday afternoon.

Mr. and Mrs. Floyd Little were the guests of Mr. and Mrs. W. L. Sanders Sunday.

Mr. Wallace Jones and family spent Sunday with Mr. Jones's sister, Mrs. Eva Powell.

Miss Edith Bell, and Miss Mytice Traywick spent Sunday afternoon with Miss Eleanor Sanders.

Miss Elsie Traywick spent Sunday with Louise Caton.

Mr. G. S. Snyder moved his family from this community Tuesday to some place below Clanton. We will miss him very much.

Mr. Elton Robinson spent Sunday with Carl Sanders.

The P.-T. A. of Jackson Chapel will meet Friday afternoon, November 18. The time of the meeting has been set up one week, due to the fact that our president could not be present, and also there will be no school the 24th and 25th. There are several things to be discussed at the next meeting, and there will also be a program that you will enjoy. Every member is urged to be present, and visitors are cordially invited.

FOR SALE OR TRADE—200 acres of timbered land, three small tracts, all in Chilton County. Will trade for car. Terms, write or see me.—B. M. Connatser, Clanton, Ala. 1tc

UNION-BANNER WILL BE A DAY EARLY NEXT WEEK

On account of next Thursday being Thanksgiving and conseqeuntly no rural mail will be delivered that day, The Union-Banner will be mailed out on Wednesday of next week instead of Thursday. Everybody concerned will please take due notice and be governed accordingly—W. M. Wyatt and T. E. Wyatt.

LEGION GIVES NEW THOUGHT ON THE FIGHT AGAINST DISABLED

Publicity is being given to the national Economy League and its attempt to organize business men of the country in a drive in the coming session of congress to curtail by some $450,000,000 the benefits now being paid veterans of the World War, and other wars.

"We wonder if the business men of this community have given thought to the amount of money that is brought into this community each month as a result of the sums paid to World War veterans," R. D. Woodson, post commander of the American Legion here said today. "We will let the others answer for themselves, but for the World War, the disability compensation amounts to $204,620,000 and disability allowance $104,277,000. The difference is that the larger figure is for disability connected directly with the veteran's war service, and the smaller sum is not. The total for these two items is $308,897,000 per year, which amount is what is received by veterans and spent by them for the necessities of life, etc.

"The population of the United States is 122,775,046, according to the census. Therefore, for every man, woman and child in America the above sum of $308,897,000 means if properly divided down, about 20 cents per capita. Now, this is not what it cost them—far from it. It is what they receive indirectly through these veterans. The cost comes out of the federal taxes, largely from the federal income tax paid by 42,000 persons who have annual net incomes of more than $6,000,000,000 per year. In 1928, their net incomes, or profit, per month per capita, means, on an totalled $6,309,000,000.

"In a city of 10,000 this 20 cents average that the World War disabled veterans of that community received from the government $2,000 per month, or $24,000 for the year. In a city of 5,000 it would be $1,000 per month.

"As a matter of cold fact, the amount is much larger, because such disabled veterans naturally reside in towns and cities. A careful survey made recently of a typical American city of about 20,000 population (Inglewood, California) revealed that the disabled veterans residing there receive approximately $10,000 per month. If that ratio would hold good throughout all towns and cities, then the one of 10,000 population would get $5,000 per month or $60,000 per year.

"Does this money mean anything to the merchants, to the doctors, the dentists—yes, and to the bankers, school teachers, taxpayers and laborers? Of course it does, because they would miss that money each month and year. It could easily be the difference between profit and bankruptcy for many firms.

"Then there is another side to the story. Many of the veterans have no other means of supporting their families than the small sum they receive from the government. Take this means of support away from these veterans and what is going to happen?

"They are almost certain to become wards of the city, and county. Remember, the veterans are paid out of federal taxes, and not from local and state taxes. Their pay comes from the huge profits of federal income tax payers. But if they become burdens on their local communities, then they affect the average American home owner and business man.

"Besides they fought for the federal government and it is a federal problem, not a state or local liability."

GLENN-LEDBETTER

A wedding of surprise and interest to the people of Verbena was solemnized at the Methodist church last Sunday evening, when Mr. William R. Ledbetter and Miss Zelma Glenn, both of this vicinity, were united in marriage. This popular young couple sought to completely surprise their many friends, but as usual the news was told and a large crowd came early to the church to witness the ceremony and greet the happy couple. Rev. J. M. Metcalf read the vows which made them man and wife, using the beautiful ring ceremony.

The bride is a daughter of Mr. and Mrs. C. G. Glenn, Mountain Creek, Route One, and a very charming young lady, and very active in Christian work. The groom is the son of Mr. and Mrs. B. J. Ledbetter of Verbena, and one of the most popular young men of the community. The many friends of the young couple join in wishing them a happy and prosperous life together.

Mr. and Mrs. Ledbetter will continue to reside in the Verbena community.—J. M. Metcalf.

SMITH THANKS THE VOTERS

To my supporters in the election of November 8, 1932:

I wish to thank each and every one who supported me in the recent election for County Treasurer. I surely appreciate your vote. Sincerely yours, —W. Louie Smith.

HOOVER MAKES A HEAVY SLASH

New Federal Budget Reduces Appropriations To The Tune of $550,000,000

Washington, Nov., 21.—Summoning his cabinet for its first extraordinary meeting, President Hoover Saturday slashed the huge fedaral budget to an extent that he believes will reduce appropriations by $550,000,000.

After the chief executive had taken this special action to clear the way for foreign debt consideration early next week, a formal statement was issued that at the cabinet meeting "reductions in appropriations for the fiscal year beginning July 1 were settled at about $700,000,000."

"This will, however," the White House explained, "be offset by certain increases in uncontrollable items such as interest and amorization on the public debt and tax refunds to the extent of about $150,000,000. . . .

"The administration is determined to present a balanced budget."

The increase in fixed charges, it was explained, could be attributed to the government investments in the Reconstruction Finance Corporation and Federal Land Banks of about $1,000,000,000, which, it was added, will "ultimately return to the treasury."

As the cabinet officers left the executive offices one by one Saturday morning, few would speak in detailed figures. In the statement, coming several hours after their departure, it was said that such figures are "never given out until the president's budget is communicated to the congress."

Meanwhile, from Capitol Hill, came reiterated expressions of an adament attitude against the recreation of the War Debts Commission and against an extension of the moratorium. Should this view prevail, a demand by the United States for payments due on December 15 would be the only course available.

Both Mr. Hoover and President-elect Roosevelt, when they sit down together over the debt problem at the White House next Tuesday, will have as a common ground an expressed belief against cancellation of the war obligations.

Hoover Favors Firm Demands

From high administration quarters has come word that the chief executive is definitely opposed to another one-year moratorium, and favors instead a more rigid attitude toward foreign debtors than any wholesale suspension of the payments due on December 15.

How far Mr. Hoover will go in his discussion with Mr. Roosevelt of the requests of Great Britain, France and Belgium for renewed debt obligations, neither he nor his aides have disclosed. Nor has any intimation bee given of how big a part disarmament will play in the conversations.

It was learned Saturday that Dr. Julius Curtis, former German foreign minister, conferred while here with Chairman Borah of the senate foreign relations committee. He had previously paid calls upon the president and Secretary Stimson.

The chief executive has said repeatedly that the question of German reparations must be entirely divorced from any American consideration of the war debt question.

Senator Watson (Republican, Indiana), one of the twelve congressional leaders called by the president to his parley on debts next Wednesday, said in Indianapolis Saturday he could count only four avenues out of the debt tangle, a three-year moratorium, revival of the debt commission, cancellation and repudiation.

France Blamed for Requests

"Repudiation," he said, "has been discussed in European circles. I doubt, however, that they will go that far. France could pay if she would, for she has the world's largest gold reserve. She has leagued the other smaller nations into the present policy of delay. England wishes to pay and will pay if she can."

Secretary Mills in telling newspaper men Saturday that the special cabinet meeting had concerned itself only with budget matters, added that both he and the president "will be all pepped up" on war debt matters by next Tuesday. He will participate in the parley with Mr. Roosevelt.

The treasury secretary said he hoped that Professor Raymond Moley, who will sit with the president-elect, "will do some pepping too." Mills and the New York governor have known each other since they were "knee-high" he said.

The cabinet session Saturday morning was the second in two days devoted principally to slashing the budget down closer to the level of federal income. The federal deficit already has passed $700,000,000 and is still rising.

CHILTON COUNTY LAUDED

—o—

"All Republican County candidates Win," is a headline in The Union-Banner, a weekly newspaper published at Clanton, Chilton County, Alabama. And the paper states that every candidate on the Republican county ticket was a winner in the election held on November 8th, majorities ranging from 250 to 600. Hurrah for Chilton County, Alabama. We're thinking of taking up our residence down there where they keep their heads cool and stay with the ticket.—The Norwood (Mo.) Index.

SINGING AT COURTHOUSE ON THURSDAY NIGHT, NOV. 24TH

There will be another union singing at the courthouse in Clanton tonight, Thursday, November 24th. Services will begin promptly at 7 o'clock and last for about two hours. Evreybody come and bring your new song books. Every book that can be scrapped up will be needed. Remember the hour, 7 o'clock, and do not be late, especially those who have a supply of books.

NO MORE TAXES ARE NECESSARY

Statement From R. J. Goode Representative From Wilcox County

"Since there is a general feeling of uncertainty, despondency and despair on account of the situation which exists after the recent session of the legislature and failure of the bond and income tax amendments at the polls, it seems that the people of the state should be given a clear understanding of the situation.

"I believe, first, that the people of the state should know that no additional taxes of any kind are necessary to meet the situation and that the present tax revenue is entirely sufficient to continue operation of our schools and other essential activities of the state. I believe that the minds of our people should be set at rest and at ease on this matter and that further agitation for new and additional taxes should cease.

"In the second place, the people of the state should know that it is entirely practical, reasonable and feasible to fund our present outstanding indebtedness from current revenue without further taxation. The situation only requires that there be a proper allocation and adjustment of the present revenue to meet the emergency.

"There is but one simple question involved,—that is, whether the people of the state are willing to temporarily discontinue new capital outlays for expension in order to fund our debt and keep our schools running; or, whether they wish to take the other alternative of closing the schools or be further burdened with new and additional taxation.

"Our schools and all other departments, except two, have taken drastic reductions in appropriations or income, while these two departments have not only taken no reductions but have had substantial increases for their operation. It seems reasonable to assume that the people of the state in order to keep the schools open and to prevent burdens of taxation, would insist that the highway department and the convict department be required to practice some economies.

"It is my opinion that the legislature should be called into extraordinary session immediately; that a warrant act, similar to the one passed by the House of Representatives during the last, session be enacted; that the necessary revenue for funding the warrants be provided from the present income to the highway department; that the general fund be relieved of all expense of the convict department; that the convicts be required to work on our highways both for maintenance and for matching federal aid; and that the legislature then adjourn.

"The adoption of this program would work no real hardship on anyone. It would provide a means by which the holders of state warrants would have their claims valorized without discrimination; it would enable our schools to contine in operation; and it would provide adequately for all necessary mantenance of present highways,—all without new or additional taxes of any kind.

"Comparison of the present available revenues with existing appropriations shows conclusively that the present emergency can be met by a proper allocation of current income and that there is no need of additional taxes."

Alabama Baptists Strong For Retention of Prohibition Statute

Alabama State Convention Declares War Against All Movements Directed Toward Repeal of the National Prohibition Laws. Methodist Conference Joins Crusade

Montgomery, Ala., Nov. 17.—A call for a state-wide rally of prohibition forces at Birmingham on December 6 was issued Thursday by the Alabama Baptist State Convention which adopted a resolution inviting other denomination to join in a fight against modification of the national and state prohibition laws.

The resolution expressed the hope the movement would spread to other states. It was prepared by a committee headed by L. H. Anderton, Birmingham attorney, who said this date was chosen to coincide with the convening congress.

Regional Rallies

"It was the judgment of the committee," Mr. Anderton said, "that definite action should be taken in Alabama on the day Congress opens its lame duck session."

The convention proposed to formulate an organization "which shall oppose all men or measures" seeking to repeal or modify the prohibition statutes. After the organization has been perfected at Birmingham, the plan calls for regional rallies at strategic points in the state and establishment of branch organizations in each congressional district to wage the campaign.

Methodists Invited

Following adoption of the resolution by a rising vote, the convention directed the committee to visit the Alabama Conference of the Methodist Episcopal church, South, which opened a centennial meeting at Troy, Ala., Thursday and enlist that body in the movement. Similar invitations will be extended other denominations in the state.

Other members of the committee were Dr. L. O. Dawson, of Howard College, at Birmingham; D. C. Cooper, of Oxford; Dr. L. E. Barton, of Montgomery, and S. J. Ezell, of Clanton.

"We recommend that the Alabama State Convention hereby urge and pledge our wholehearted support to the plan to unite in one cooperative body all organizations, citizens and forces that will uncompromisingly fight every move of the liquor interests to manufacture or sell or deliver to the American people intoxicating liquor (including light wines and beer) to the end that the quantity of intoxicating liquors consumed by the American people may be reduced to a minimum, which organization shall oppose all men or measures that advocate or tend toward a different result," said the resolution.

Spirited Meeting

The action followed a spirited meeting Wednesday night at which a resolution was adopted condemning liquor traffic as "immoral, lawless, economically wasteful, debauching to society and murderous in its results," and pledging the convention's support to the Volstead Act.

The resolution adopted Thursday follows:

"We, your committee today appointed to recommend to the convention a plan for quickly and effectively opposing the plan of the liquor interests to repeal the eighteenth amendment and to modify the Volstead act, respectively recommend that the Alabama State Convention hereby urge and pledge our wholehearted support to the plan to unite in one cooperative body all organizations, citizens and forces that will uncompromisingly fight every move of the liquor interests to manufacture or sell or deliver to the American people intoxicating liquors (including light wines and beer) to the end that the quantity of intoxicating liquors consumed by the American people may be reduced to a minimum, which organizations shall oppose all men or measures that advocate or tend toward a different result.

Patriotic and Righteous Force

"We further recommend that such organization have as its distinctive object so far as organization and effectiveness are concerned to establish immediately in Alabama and in each other state in the union where possible, through local leadership, an active militant, statewide organization with branches in each congressional district of the state composed of every patriotic and righteous force that will dedicate itself to the defeat of men, laws and measures which tend toward legalizing or encouraging the manufacture, sale or distribution of intoxicating liquors.

"We further recommend that this organization shall always operate in a cooperative capacity and shall not endeavor to supplant or interfere with the work, or any cooperative body, but on the contrary, shall endeavor to build up and strengthen those cooperative forces.

Destructive Program

"We do hereby express it as our conviction that we who are interested in the physical, mental and moral welfare of humanity are called upon by all that is high and holy to fight every move of the liquor interests by converting the blood of humanity into coin for their own selfish purposes and do therefore beseech the Methodist conferences now assembled at Troy, Ala., and other Christian bodies and every other force for righteousness in Alabama to join with us in our determination to defeat the destructive program of the liquor interests.

"To this end we recommend that a general state-wide conference of all forces in opposition to the repeal of the eighteenth amendment and the modification of the Volstead act be called on the first Tuesday in December, 1932, in the assembly room of the Tutwiler Hotel in Birmingham, Ala., for the purpose of organization."

Reports were read during the morning by N. J. Bell, of Montgomery, as the representative of the Judson College board of trustees; the Rev. W. D. Ogletree, of Oxford, on home missions, and Dr. Norman W. Cox, of Mobile, on evangelism.

Have You Joined the Red Cross

.?.

Remember:

The Red Cross donated $40,000.00 to the storm sufferers of this county last Spring. What would we have done without this help? We should have a thousand members in Chilton County. Will you be one of them?

Roll Call Ends Thursday, Nov. 24

STOCK DIVIDEND ODERED PAID BY POWER DIRECTORS

Birmingham, Ala., Nov. 17. — The Board of Directors of the Alabama Power Company has declared the regular quarterly dividends on its preferred stock, paybale January 2, 1933, on the seven and six dollar stock to stockholders of record on December 15, 1932; and payable February 1, 1933 on the five dollar stock to stockholders of record on January 15, 1933.

These dividends will aggregate approximately $585,000.00 and checks will be mailed for same on December 31, 1932 for the Seven and six dollar stock and on January 31, 1933 for the five dollar stock.

CHEVROLET HAS LED THEM ALL

World's Largest Builder of Automobiles Four Out of Six Years Says Polk

For four out of the past six years Chevrolet has sold more cars than any other manufacturer. The leader for 1932 expects to present an entirely new car early in December. And according to advanced information, the buying public may "expect big things of Chevrolet," world's largest builder of automobiles, four out of the past six years.

The leader can accomplish what others dare not try. They can bring out a new car without having to be virtually out of the market for five months out of nine.

Chevrolet says "Watch the leader for greater dependability and economy, even more brilliant performance, newer, more modern style, new standard of comfort and convenience, new peaks of value, all based on the largest number of mechanical improvements ever made in a new Chevrolet."

REV. COCHRAN IS COMING HERE

Rev. Haskew Goes to Lafayette Street Church In Dothan

By appointment of the Methodist Conference in Troy last week, it is announced that Rev. R. P. Cochran will come to Clanton as pastor of the Methodist church. He will succeed Rev. D. W. Haskew, who goes to the Lafayette Street Methodist church in Dothan.

Other appointments of the Conference in which the people of Clanton will be interested are as follows:

I. W. Chalker goes to Ozark; L. H. S. Chappelle, Wetumpka; C. C. Wilkerson, Camden; L. B. Green, Lowndesboro; J. T. Ellisor, Verbena; T. G. Jones, Brundige; J. M. Metcalf, Girard; E. A. Childs, Troy.

J. H. WILLIAMS MADE DEPUTY STATE BANK SUPERINTENDENT

Montgomery. — J. H. Williams, of Decatur, has been appointed deputy state superintendent of banks as the successor of Dent F. Green, Montgomery, who has resigned to accept the vice presidency of the Alabama National Bank here.

The appointment of Williams, a state bank examiner the last two years, was announced by H. H. Montgomery, state superintendent of banks. Green, a former state superintendent of banks, assumed his new duties Monday.

J. Harvie Williams is a former Chilton County citizen, being a brother of T. L. Williams, local Alabama Power representative.

FIDDLERS CONVENTION AT COURT HOUSE FRIDAY NIGHT, DEC. 2ND

The Pilot Club of Clanton will sponsor a fiddlers convention at the courthouse in Clanton on Friday night, December 2nd, beginning at 7:30 o'clock. The proceeds will go half toward paying on the piano at the courthouse and the other half goes to the Pilot Club and will be donated to the Red Cross. Both these are worthy causes and deserve the support of the people of the county.

A cash prize will be offered the best fiddler. Other prizes will be given to those who compete. Anyone wishing further information about the contest may communicate with W. G. Culp or Mrs. C. E. Stapp, both of Clanton.

Mrs. Hance Alred was a visitor to Montgomery Tuesday.

Reuben Foss of Thorsby was a visitor to Clanton Tuesday.

THANKSGIVING PROCLAMATION

Governor Miller Urges People of Alabama to Give Special Thoughts

Governor Miller Saturday urged the people of Alabama to "give a special thought to the principles on which our government was established and give thanks to God for all the blessings which He has bestowed upon us" on Thanksgiving day, November 24.

A general holiday has been declared at the capitol, with special programs and dinners arranged for the inmates of the prisons. The governor's proclamation follows:

"Our forefathers came to America in search of God and not of gold. They endured great hardships in their efforts to establish a government where every person could worship God according to the dictates of his own conscience, where church and state would be forever separated and where a government of the people could be established with right principles. They showed their appreciation of the blessings of their heavenly Father by setting aside one day in the year as a special day of Thanksgiving.

"We especially need in these times, which try men's souls, to study principles of our government and especially to return to our God.

"I, B. M. Miller, governor of the state of Alabama, do hereby proclaim that Thursday, November 24, 1932, be observed in the state of Alabama as a day of patriotic thought and of Thanksgiving and praise of God. Let all of our people display the American flag, give a special thought to the principles on which our government was established and give thanks to God for all the blessings which He has bestowed upon us."

PRODUCE ACCEPTABLE FOR RED CROSS MEMBERSHIPS

Attention is called to the fact that people may pay their Red Cross memberships with farm produce, such as syrup, corn, and other non-perishable products.

Mr. C. E. Stapp, county chapter chairman, has arranged for storage of goods so collected, and the same will be used in the relief program of the local chapter during the winter.

There are doubtless many people in the county who will be able to give produce much better than they can spare the cash. All who are in such a situation are urged to bring in what they can. It will be the same as cash in supplying the needs of the poor during the winter months.

SCHOOLS CLOSED FOR HOLIDAYS

All the schools of Chilton County will be closed Thursday and Friday of this week for Thanksgiving Holidays. Work will be resumed again next Monday morning.

TWIN GIRLS

Born, twins, to Mr. and Mrs. John Johnson of Maple Springs community, Sunday night, girls, weighing 7½ pounds each.

FOUR NEGROES IN AUTO SMASHUP

Officers Found Twelve Gallons of Booze In Car And Arrested Men

A Chevrolet automobile belonging to Lelia Wood, well-known negro woman of Clanton, was horribly wrecked at Strasburg Sunday night when it left the highway and plunged into a telegraph pole alongside the railroad tracks. Four men were in the car at the time of the accident. One of them, Dock Gamble, suffered a broken leg. Another one of the occupants, Robert Davis, joined the bird gang, and got away. The other two, Fred Deramus and Freeman Reese, were arrested when officers of the law appeared upon the scene and found twelve gallons of whiskey in the car. Gamble was brought to the hospital in Clanton.

It is understood that Lelia Wood had loaned her automobile to Freeman Reese to take a trip with his family. Instead of taking his family on the contemplated trip, it appears that Reese gathered the other three boys together and set out upon a mission that ended with the destruction of the car and the entanglement of the whole party in the net of the law.

IMPROVED UNIFORM INTERNATIONAL

SUNDAY SCHOOL Lesson

(By REV. P. B. FITZWATER, D. D., Member of Faculty, Moody Bible Institute of Chicago.)
©, 1932, Western Newspaper Union.

Lesson for November 27

STEWARDSHIP OF LIFE

Mark 1:16-20; Acts 26:12-19; I Corinthians 9:16-27.

GOLDEN TEXT—And this they did, not as we hoped, but first gave their own selves to the Lord, and unto us by the will of God. II Corinthians 8:5.

PRIMARY TOPIC—God Choosing a Worker.

JUNIOR TOPIC — Following the Leader.

INTERMEDIATE AND SENIOR TOPIC—Serving God Where We Are.

YOUNG PEOPLE AND ADULT TOPIC—Living as God's Stewards.

By stewardship of life is meant the recognition of the fact that our personal being, including all of our powers, faculties and possessions—all that we have and are—belongs to God.

I. Four Fishermen Called to Stewardship (Mark 1:16-20).

1. Who they were (vv. 16, 19). Simon and Andrew, John and James; two pairs of brothers. It is usually wise to engage in the Lord's service in groups. This is not only desirable for effective testimony, but for needed fellowship on the part of the workers, and protection of the witnesses.

2. From what they were called (vv. 16, 20). These men were fishermen.

3. To what they were called (v. 17). They were to become fishers of men. The qualities which made them good fishermen were patience, courage to face the storm at night, and perseverance which led them to toil all night though no fish were caught. These qualities would make them good fishers of men.

4. The cost of obedience to Christ's call (vv. 18, 20). Obedience to Christ's call meant sacrifice and painful separation. It was to give up all business interest and leave their father.

5. Their reward (v. 17). Their names have become immortalized. Christ promised one hundred fold in this life and eternal life in the world to come.

II. Paul's Call to Stewardship (Acts 26:12-19).

1. His manner of life (vv. 1-12). In his defense before Agrippa he showed that he had been in the strictest accord with the most rigid sect of the Jews. He possessed the same hope of a coming Deliverer and reminded them of the fact that formerly he was most bitterly opposed to Christ.

2. His supernatural conversion (vv. 13-15). He declared that Christ had appeared and revealed himself to him on the way to Damascus.

3. Commissioned by Christ (vv. 16-18). He was sent to the Gentiles.

a. To open their eyes, which had been so awfully blinded.

b. To turn them from darkness to light.

c. To turn them from the power of Satan unto God.

d. That they might receive forgiveness of sins.

e. That they might obtain an inheritance among the saints.

4. His consecration (vv. 19-23). As soon as he received his commission, he rendered instant obedience.

III. Paul Impressing Stewardship Upon the Corinthians (I Cor. 9:16-27). The Corinthians were an intemperate and dissolute people. The surest and most effective way to combat vice is to inculcate virtue.

1. Paul's own life and example (vv. 19-23). Though free from all men he made himself servant unto all. He most rigorously limited himself in order to gain others for Christ.

2. The Isthmian Games (vv. 24-27). Paul uses these popular games to illustrate the need of self-control. He showed that man was redeemed for a purpose. Those who would apprehend that purpose must possess a definite motive. He shows:

a. Life is a race (vv. 24-25). In order to win a prize there must be self-denial, and definite self-exertion. The Christian obtains life by contact with Jesus Christ through faith (John 3:16; John 3:35; John 5:24). This life must be possessed before he can begin the race. While he gets salvation, (life) at the beginning, God places before him definite rewards as incentives for exertion. The Christian believes for salvation but works for rewards. As the racer in these games abstains from everything that might hinder him, so the Christian will make any sacrifice in order to win. If the heathen would practice such self-denial for a garland of laurel, certainly the Christian should turn from all bodily indulgences to obtain the crown of righteousness which fadeth not away.

b. The Christian's life is a fight (vv. 26-27). His efforts are not merely beatings of the air. He has a real antagonist. In order to win success, his body must be kept in subjection. The believer has a severe struggle with his carnal nature.

The Natural Thing

We should seek to make our lives straight, and true, and healthful, and beautiful, because that is what they were meant to be; just as a tree grows upright, and broad, and leafy, because it is the natural thing for it to do.

Light to Our Path

"The word of God is not only a lamp to our feet and a light to our path, but exhorts us to courage and victory."

B. L. Cobb of Jemison was a visitor to Clanton Monday.

County Farm Agent's Notes

Compiled by C. E. Stapp, County Farm Demonstration Agent for Chilton County.

GOOD REASONS NAMCED FOR GIVING THANKS

Auburn, Ala., Nov. 21.—With many things for which to be thankful, farm people of Alabama have come to another Thanksgiving day. The year through which they have passed has brought many trying experiences, but, on the other hand, it has brought many blessings.

A retrospection of the year reveals that farm women and girls have distinguished themselves by their preservation work. Vegetables, fruits and meats have been preserved on a larger scale than ever before. These food products are being consumed during the winter. Alert farm women and girls have saved enough for themselves plus a surplus for sale.

Other food products—such as dried peas and beans, sweet potatoes, Irish potatoes, syrup, and nurmerous other things to eat—are now held in farm pantries, smokehouses, and cribs for winter needs. There is also shelter for protection and wood for fuel, thereby giving a feeling of safety and satisfaction not enjoyed by unemployed urban people. But farm incomes for the year have been low.

Farm operations during 1932 have been conducted on a low cost basis. This has helped the economic situation, although prices of farm products have been low. They continue low but farmers will try to meet them by reducing expenses, improved operations, better products and balanced operations.

BRIEF NEWS NOTES

The total area planted to cotton in the South in 1932 was 36,611,000 acres against 27,175,000 in 1902, or thirty years ago. American cotton growers have reduced for three consecutive years the acreage planted to cotton.

Most of Alabama farmers will be thankful on Thanksgiving day for food and feed for themselves and families and their animals; for shelter to protect them; for fuel to warm them; and for other blessings received during the year. The economic cloud has been dark since 1929, but promises a little improvement.

By the overwhelming majority of 416 to 68 the British House of commons passed the Ottawa tariff agreement which committed Great Britain to a five - year policy including an elaborate system of duties on foreign goods and preferences to the dominions, except the Irish Free State.

A feeling that business in general has "hit bottom" and is now beginning to rebound was expressed by J. D. Pope, economist for the college of agriculture, Auburn, after attending a meeting in Atlanta for economists of southern states, together with a few from Washington. "Gradual improvement is expected," he said.

Anglo-American war debts due the United States on December 15 total $95,000,000, according to a press dispatch from London. Of this amount $30,000,000 represents payment on capital and $65,000,000 represents interest. Total British debt funded, $4,600,000,000, of which $202,000,000 has been paid on the principal of the debt and $1,149,700,000 has been paid as interest. The total amount paid by Great Britain to the United States thus far is $1,351,700,000.

WINS LIVESTOCK CONTEST

Chicago, Ill., Nov. 21.—To Woodie E. Houston, Jr., of Linden, Marengo County, has come new and high honors in 4-H work, announces the national committee on boys and girls club work. He has just been chosen the Alabama state winner in the national 4-H meat animal livestock project contest by a committee of state club officials headed by Mr. T. A. Simms, state club agent at Auburn.

The boy was first chosen the outstanding livestock club member in his county, for which he won a gold medal of honor. Winning the state contest gives him a $50 gold watch. He is now eligible to compete with other state winners in this argicultural section for an education prize trip to the national club congress to be held in Chicago November 25 to December 3rd, in connection with the international livestock exposition.

Should the 4-H boy win a Chicago trip he will be eligible to compete for agricultural scholarships, also provided in the contest by the sponsor, Mr. Thomas E. Wilson, prominent livestock breeder and meat packer. Three scholarships valued at $300, $200, and $100 are awarded to the three highest ranking sectional contestants.

MT. PISGAH CHURCH NEWS

On the 4th Sunday in November every body is requested to be present in the church conference, in order to revise the church register. Sunday School hour for that date is set at 9:30 o'clock. Revising hour 10:30. and preaching at 11 o'clock by the pastor, N. H. Culp. I have been requested to announce this church notice by the board of stewards. We hope that every member will be present on that date. With thanks I remain, pastor in charge.—N. H. Culp.

Mrs. E. L. Hansen and Mrs. Bill Murphy of Lay Dom were visitors to Clanton Monday.

TREE RELATIVES OF COMMON PLANTS

Montgomery, Ala., Nov. 21. — That the common but beautiful verbena of our flower gardens should have a close relative that is a gigantic forest tree is one of the apparent anomalies of nature, points out Colonel Page S. Bunker, Alabama state forester. However, the teak, one of the most important timber trees of the world, belongs to the family Verbenaceae which also contains the familiar verbena.

The plant world, according to Colonel Bunker, has various families that comprise fairly closely related forms of marked differences in habit of growth. Often a single family contains herbs, shrubs and trees. Even the shrinking violet has tropical relatives that attain the stature and other qualities of trees. The structural similarities upon which the determination of relationships depends are not always superficially apparent, but close examinations by scientists reveal these characteristics unmistakbly.

Among other apparently odd relationships are some of those found in the potato family which contains certain small trees as well as the humble Irish potato, while the Catalpa tree is closely related to the common trumpet creeper.

The grape has a near relative in the Jeea, a small forest tree of West Africa; the grass family includes the bamboo trees, while the dragon tree of the Canary Islands belongs to the same family as the lilies. The ordinary four o'clock vine has a tree relative in the Zapallo of South America.

AGRICULTURAL CREDIT CORP.

The Montgomery Branch of the Regional Agricultural Credit Corporation for the fifth land district is now open and ready for business at 20 Commerce Street, Montgomery, Ala.

The law permits the corporation to make loans on livestock and, in proper season, crop production loans. Full and adequate security must be offered by the borrower.

The rate of interest is 7 per cent and loans cannot be made for a period beyond 12 months.

It is quite possible that the people in your section may be interested in availing themselves of the opportunity offered by the Agrucltural Credit Corporation.—Yours very truly, Montgomery Chamber of Commerce.

ALABAMA FARM NEWS

Twenty trench silos have been made and filled this fall by Tallapoosa County farmers. Two others have been made and will be filled later, reports county agent, F. N. Farrington. The ensilage in these silos will be fed to dairy cows and to other farm animals.

Low prices for milk have not retarded dairying in Hale county. Interest in cows unabated, said County Agent J. L. Lawson. Farmers realize that a few cows bring a steady income each month and that they can produce feed for them. More than 1,000 Hale County farmers are now selling either milk or butterfat each week. It is a big help to farmers; also to merchants and bankers.

Winter legume seed to the tune of 260,000 pounds have been planted this fall by Autauga County farmers. Both hairy vetch and Austrian peas were included. The amount was the largest ever planted in this county.

The demonstration farm which is located at Athens has made a splendid showing this year. Yields reported by County agent J. T. Belue, superintendent of the farm, show an average of 50 bushels of corn per acre and more than a bale of cotton.

Clay County Farmers are now thrashing their largest and best crop of soybeans. They will save them for seed for their own farms with some for sale. County agent F. M. White is hopeful that soybean seed will become an important money crop for Clay County farmers in addition to a hay crop and soil builder.

Albert Scarborough, a farmer of Blue Springs in Barbour County has turned inventor. He was the first farmer in the county to make a trench silo and to make the ensilage to fill it. With 50 cents in money, 9 gallons of gasoline and one-half quart of oil he made 15 tons of silage in one day.

REGULAR SERVICES FRIENDSHIP

Next Saturday night and Sunday are regular preaching times at Friendship. The pastor, Rev. Bean, will preach at 6:30 Saturday night and Sunday night, and at 11 o'clock Sunday morning. As is usually the custom, a short conference will be held Saturday night following preaching. The singing society meets at this place Sunday afternoon at 2 o'clock. The public is cordially invited to all these services.

Clark Polk, son of Mr. and Mrs. W. M. Polk of Clanton, arrived home Wednesday afternoon from the Southern Military Academy, Greensboro, Alabama, to spend the Thanksgiving holidays.

UNIVERSITY NEWS

ALABAMA PLAY VANDERBILT

University, Ala., Nov 21. — Faced with meeting one of the strongest teams in the South and admittedly the best at Vandy in a number of years, The Alabama Crimsons are preparing to upset the dope bucket if possible and send the Commodores back to Nashville on the short end of the score when clash Thanksgiving day in Birmingham.

Alabama will enter the game with several cripples. Since the Tennessee tilt last month the injury jinx has persisted in pursuing the Tidesmen. Cain is slated to play but may not be his old crashing self, due to his bad knee. Godfree alternate captain and aggressive leader in the line, may not play any more football for Alabama. His knee, which held up during most of the season, seems to have definitely collapsed. Don Hutsen, flashy soph end, is on crutches and out for the rest of the season.

But in spite of these injuries Tide fans are hoping that Alabama will be "right" on Turkey Day and provide one of the season's upsets by halting the rush of Vandy for conference honors.

Vandy is undefeated this fall but has tied two contests. Only Alabama stands in its way to an undefeated season. Alabama, on the other hand, has lost to both Tennessee and Georgia Tech. But the Tidesmen are determined to show their backers that they can play football with the best of them, and if they can show the stuff that they did against the Vols they may surprise people on next Thursday.

Dr. W. W. Cort, professor of helminthology, Johns Hopkins University, spoke of the hookworm problem in an address to the medical and premedical students at the University of Alabama.

Nineteen women students in the school of home economics, accompanied by Miss Henrietta Thompson, of the clothing department, and Miss Alice Williams, head of the art department, will visit the cotton exhibits in Birmingham on November 23.

Dr. Willard S. Ford, head of the department of school admistration, University of Southern California, at Los Angeles, and who is on leave to study the education situation in the United States, recently visited the University of Alabama.

Approximately one hundred delegates from six states will gather here for the Dixie conclave of the Pi Kappa Phi fraternity on December 2 and 3.

The first local appearance of the University of Alabama male glee club took place Friday evening in Morgan Hall Auditorium under the direction of Tom Garner.

Seventeen members of Tau Omega Chi, local fraternity, went to Baton Rouge, La., for the formal induction into Theta Xi, national organization.

Aptitude tests for admission into medical schools of the country, including the University of Alabama, will be given at all the colleges of the state December 9, according to Dean Stuart Graves of the Medical school.

The surprise presentation of the new honorary cadep colen of the university R. O. T. C. and an excellent musical program will be the features of the annual military ball to be given here December 12.

County Commissioner, Joseph E. Cobb, Jemison, was in Clanton Monday morning bright and early. He was all diked out in his overalls preparatory to doing some road work.

Promise Boys Rare Thrills

American Boy-Youth's Companion readers are due for a rare adventurous thrill in 1933, according to word just received from America's favorite boy's magazine. Boys will welcome the news that a modern Robinson Crusoe story, in which two boys and a man battle with savages and build a civilization with their bare hands, is on the way!

In this story the three heroes escape into the depths of the Amazon jungles; there they are stripped and left to die by hostile natives; and there, from the natural abundance of the jungle, they build their fortress. From advance notices, it's a story readers will never forget!

Other good things, we learn, are on the way in the American Boy-Youth's Companion for 1933. Adventures in all parts of the world; stories of school and college; helpful stories of the professions; sports interviews with famous coaches and players; vivid articles on travel and science.

We suggest the American Boy-Youth's Companion as an ideal present for that son, nephew, cousin, and neighbor. It's character-building, imagination-stirring present that renews itself every month of the year. An attractive gift card bearing your name will be sent to the boy if you request it. Subscription prices are only $2.00 for one year or $3.00 for 3 years. At the latter rate the magazine costs only a dollar a year. Mail your order direct to the American Boy-Youth's Compaion, 550 W. Lafayette Blvd., Detroit, Mich. Service on your subscription will start with the issue you specify.

Central Singing Society

One of the best singings in this section for several months was held at Maple Springs last Sunday afternoon. The class was exceptionally large, in fact there were more people singing than there were listening. Prof. J. B. Hammonds of Elmore County was present, and he with his wife and daughter sang two special numbers. O. L. Devaughn presided. Not all the directors could be used.

The society meets next Sunday afternoon at Friendship. It is hoped that a large crowd will attend at this place, and let's have another good singing.

HONOR ROLL LAY DAM SCHOOL

(Intended for last week)

First grade, George Bates, Jr., Doris Hudson, Ruth Jones, Sarah Petty, Bobby Nell Renfroe; second grade Edker Edwards, Oran Marcus, Billy Woodson, Bess Hayes, Peggy Sorsby; third grade, Mabel Wood; fifth grade, Evelyn Renfroe, Frances Wood, Stuart Woodson; sixth grade, Cecil Martin, Woodrow Blalock.

Judge L. H. Reynolds spent a few days in Troy last week attending the Methodist Conference.

If You GET UP Nights

Physic the Bladder With Juniper Oil

Drive out the impurities and excess acids that cause irritation, burning and frequent desire. Juniper oil is pleasant to take in the form of BUKETS, the bladder physic, also containing buchu leaves, etc. Works on the bladder similiar to castor oil on the bowels. Get a 25c box from any drug store. After four days if not relieved of "getting up nights" go back and get your money. If you are bothered with backache or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep. Alred Drug Co., and Upchurch Drug Co., says that BUKETS is a best seller.

PLAY AT BAKER SCHOOL

"Mrs. Tubbs of Shantytown," a play in three acts is to be given at Baker Junior High School Thursday night, November 24, at 7:30 o'clock. There will be very good music between acts. Admission 10 cents for children and 15 cents for adults; a couple for 25 cents. Don't miss it.

NOTICE OF SALE OF LANDS

State of Alabama, Chilton County; in Probate Court of Chilton County, Alabama. In the matter of the petition and application of W. W. Cobern, as guardian of G. W. Cobern, a non compos mentis, to sell lands of said non compos mentis to pay debts and for the future maintenance and support of said non compos mentis and his family.

Notice is hereby given that in pursuance of a decree made and entered in the above stated cause on October 28, 1932, the undersigned, as guardian of G. W. Cobern, a non compos mentis, will sell the herinafter described property situated in Chilton County, Alabama, during the legal hours of sale on the 15th day of December, 1932, at public outcry to the highest bidder for cash or in the alternative for one-third cash, one-third of the purchase price payable in one and two years, with 8 per cent interest from date, secured by a mortgage providing for the usual terms of foreclosure.

Said property being situated in Chilton County, and described as Lot No. 13 in Block "A" of the Dennis plat of Mt. Creek, Alabama, in Chilton County, Alabama, as the same is recorded in the office of the Judge of Probate of Chilton County, and said plot of land being further described as being recorded in Record No. 193 at page 62 in the office of the Judge of Probate of Chilton County, Alabama, and being the same lot heretofore owned by Bessie Martin; 1 lot of land in Chilton County, Alabama, described as follows: I vacant lot in the Southeast corner of the Northwest Quarter of the Southeast Quarter of Section 17, Township 20, Range 16 and being in Mt. Creek, Alabama, and being the same land described in Record 193, at page 60 in the office of the Judge of Probate of Chilton County, Alabama. One plot of land in Chilton County, Alabama, as follows; 2 acres on the West side of the Southwest Quarter of the Southwest Quarter, Section 16, Township 20, Range 16, and being the same lands heretofore owned by Lizzie Norris and being described in Record 193 at page 59 in the office of the Judge of Probate of Chilton County, Alabama. One parcel of land in Chilton County, Alabama, described as: 8¾ acres of land in the Southwest Quarter of the Southwest Quarter of Section 16, Township 20, Range 16, described as follows: Beginning at the Southwest corner of said Section, thence running in a northerly direction along said section line 121 yards to a stob, thence north 88½ degrees E. 330 yards to a stob, thence South 3½ degrees E. 121 yards to the South boundary line of said Section, thence in a westerly direction along said section line 330 yards to point of beginning, being the lands formerly owned by Cora and William Youngblood.

This the 14th day of November, 1932.

W. W. COBERN, Guardian.

L. H. REYNOLDS

Mother of 7—Still Young

THE woman who gives her organs the right stimulant need not worry about growing old.

Her system doesn't stagnate; her face doesn't age. She has the health and "pep" that come from a lively liver and strong, active bowels.

When you're sluggish and the system needs help, don't take a lot of "patent medicines." There's a famous doctor's prescription for just such cases, and every druggist keeps this standard preparation. It is made from fresh laxative herbs, active senna, and pure pepsin. Just ask for Dr. Caldwell's syrup pepsin. Take a little every day or so, until every organ in your body feels the big improvement.

The next time you have a bilious headache, or feel all bound-up, take this delicious syrup instead of the usual cathartic. You'll be rid of all that poisonous waste, and you haven't weakened the bowels. You'll have a better appetite, and feel better in every way. The constant use of cathartics is often the cause of a sallow complexion and lines in the face. And so unnecessary!

Would you like to break yourself of the cathartic habit? At the same time building health and vigor that protects you from frequent sick spells, headaches, and colds? Get a big bottle of Dr. Caldwell's syrup pepsin today. Use often enough to *avoid* those attacks of constipation. When you feel weak and run-down or a coated tongue or bad breath warns you the bowels need to be stimulated. Give it to children instead of strong laxatives that sap their strength. It isn't expensive.

THORSBY SECTION

(S. E. Norton, Manager)

There will be a community Thanksgiving service at 10 o'clock a.m., Thursday, Novemmber 4th, at Thorsby Baptist Church. It is hoped that this union service will be attended by all who care to join in a church service on that day. There will also be an opportunity to contribute to an offering for the poor in and around Thorsby.

For many years it has been customary for the people of Thorsby to make provision for a good Thanksgiving dinner at the poor farm. This year will be no exception, whatever our folks wish to contribute by noon Wednesday of this week, at Thorsby Institute, Thorsby Public School, or at G. F. Harper's store, where they will be called for by some one from the poor farm.

Arrangements have been made to hold special meetings of one week at Thorsby Congregational church, beginning Monday morning, Nov. 28 and continuing over Sunday December 4th. There will be two services each day, except Saturday, at 10 a.m. and 7 p.m. Rev. Wiliam T. Morgan of Independent Congregational church of Birmingham, will do the preaching. Dr. Morgan is a preacher of ability and forceful speaker. The people of Thorsby and vicinity are invited to attend these meetings and hear him.

There will be regular preaching services, morning and night, at Thorsby Baptist Church next Sunday. In the evening the pastor will preach on "Three Characters," and they all live in Thorsby.

A general meeting of the W. M. U. of Thorsby Baptist Church was held Tuesday afternoon at the church.

The Eastern Star, spend-the-day social will be held Wednesday, November 30th instead of November 22nd as announced last week. With Mrs. J. H. Goddard as hostess. Proceeds will go to the Red Cross. Public invited.

Miss Mary Ruth Nix visited Mrs. Jack Nix at Cane Creek during the week end.

The Ladies Guild Bazaar

This annual affair will be held Saturday, November 26th, at Thorsby Town Hall. Articles of different kinds will be for sale. All good values and at reasonable prices. Get your Christmas gifts here. Coffee, cakes and sandwiches will be served during the afternoon at the usual price of 10c per plate. Sale of articles begins at 1 o'clock p.m. sharp.

Fountain pen and pencil set for $1.95 at Wyatt Drug Co.

The Congregational Ladies Aid Social will be held at the home of Mrs. C. E. Lucas, Thursday afternoon, December 1st. All are cordially invited.

Mrs. Burt Higgins and Mrs. C. F. Faro, of Mt. Vernon, Ohio, celebrated their 53rd birthday anniversary last Thursday, November 17th. They had as their guests, Mr. and Mrs. F. O. Higgins and Mrs. C. M. Berry, of Deatsville; Mr. W. B. Higgins, of Maplesville; and on Friday, Mr. John Hickman and Mrs. Joseph House and daughter, Frances, from Montgomery.

Mrs. Mack Gray went to Deatsville to spend two days with her mother.

A surprise party was given at the home of Miss Clara Hayes last Thursday night. Several were in attendance and reported having enjoyed a good time.

Mr. and Mrs. G. W. Mims were Sunday dinner guests at the home of Mr. and Mrs. S. M. Pate.

Mr. and Mrs. M. J. Soberg will spend Thanksgiving with kinfoks at Wylam.

Mr. and Mrs. Arthur Gentry and son, L. C., of Autaugaville, were Sunday dinner guests of Mr. and Mrs. D. Gentry. They also visited Mrs. D. H. Gentry in the afternoon.

Mrs. John Rowell invited several of her friends to a quilting party last Tuesday evening. They worked till a late hour, but as the quilt was completed they planned to spend Thursday evening in the same way. Refreshments were served. Those present were Masdames Ben Davenport, Eugene Davenport, Bob Davenport, Davis Cleckler, S. P. Franklin, Arthur Honeycutt, E. E. Porter, H. L. Walker, and Grandmother Walker of Brimingham.

Mrs. Julius Mullins, of Clanton, spent last week with her aunt, Mrs. J. G. Billingsley.

Mr. and Mrs. F. B. Jordan, of Shelby, and Dr. D. M. Jordan, of Texas, were visitors at the home of Mrs. D. H. Gentry Monday morning.

Miss Jennye Robinson spent the week end with her parents, Mr. and Mrs. T. W. Robinson in Birmingham.

Mr. W. H. Raybon and son, Phares, spent Saturday in Birmingham. Phares returned Saturday night, accompanied by his grandmother, Mrs. Martha Primm.

Mr. Raybon remained in Birmingham on account of illness of his son, Mr. Roy Raybon.

What might have proved a bad fire was discovered by Fred McCain at four o'clock Monday morning while on his way to work. The blaze was in Leonard Lowery's Barber Shop, of unknown origin and soon extinguished.

Coty face powder with perfume, both for $1.00 at Wyatt Drug Co.

Stunt night will be next Saturday night at 7:30 o'clock in the auditorium of the Thorsby Institute. Each class puts on a stunt. Every one is invited. Admission 10 cents.

A week from Saturday at 3 o'clock, Miss Helen Phillips will present her music pupils in a recital. This is open to all who enjoy music.

Miss Frances Wilson spent Friday night in Montevallo with Miss Ruth Stanley.

Misses Ella Howard, Christina Bosworth and Frances Wilson, with Mr. W. H. Wilson attended the musical program in Montevallo last Saturday night.

Dr. and Mrs. E. R. Odom of West Point, Georgia, visited Mr. and Mrs. J. H. Goddard Friday night.

Mrs. M. E. Willis and Mrs. S. J. Davenport entertained a number of friends with a quilting party last Wednesday afternoon.

Master Jack Goodgame spent the week end in Clanton with relatives.

Mr. and Mrs. Jerome Wilson, of Isabella community, spent the week end in Thorsby with Mr. and Mrs. W. H. Wilson.

Mrs. Ellen Rawlinson is improving after several weeks of illness at the home of her daughter, Mrs. Burt Higgins.

Mrs. Lulia Wallace of Birmingham is visiting her son, Mr. J. C. Wallace in Thorsby.

One package Kotex, one pkg Kleenex, 75c value, for 49c at Wyatt Drug Co.

On Tuesday night the congregational folks, to the number of eighteen, surprised Mr. J. H. Goddard with a visit and song service, which he enjoyed very much. Come again, good people, you are welcome any time.

Misses Lessie May and Louise Burnette of Elmore spent the week end in Thorsby with Ruth Higgins and Mrs. Roberta Childress.

On Saturday night the Thorsby Masons, assisted by the Eastern Stars, as cooks and waitresses, served an oyster supper to the members and a few invited guests.

Mrs. A. A. Jackson spent the week end in Coosa County with her mother.

Miss Myradine Martin spent Saturday night with Miss Everee Smith.

Mr. Jim Jackson, of Tuscacloosa, is visiting his cousin, A. A. Jackson, for a couple of weeks.

Mrs. A. A. Jackson and some friends visited Mrs. C. D. Gibbons at Clanton Friday aftrnoon.

One pound chocolate malted milk, one mixer, a one dollar value, both for 49c at Wyatt Drug Co.

Mr. and Mrs. Nels Peterson had as Thanksgiving dinner guests Mr. and Mrs. Edward Howard and children.

Mr. J. W. Sorrell is expected to be home early this week after a two-week's stay at the U. S. Veterans Hospital in Tuscaloosa, Alabama.

UNDER GOVERNMENT CONTROL

Clanton, Ala.

Report of Social Service Commission of Southern Baptist Convention

RECOMMENDATIONS

We recommend the adoption of the following resolutions:

1. That we deplore and condemn the salacious and immoral features characteristic of most of the motion pictures now being presented on the screen.

2. That we urge all parents to exercise the greatest care and diligence that children and young shall be kept away from the theatres when objectionable on questionable pictures are on exhibition.

3. That we approve the Brookhart Bill (S. 3770), which is now before the United tates Senate, proposing to prohibit compulsory block-booking and blind-booking, whereby producers have compelled exhibitors to show their pictures without the right of choice; and that we give our support to any other legislation intended to prevent the exhibition of unclean pictures.

4. That we condemn all forms of gambling; that we deplore all existing legislation and every proposal for the enactment of legislation to legalize gambling in any form, especially race track gambling, one of the most prevalent and one of the most corrupting forms of this evil; and that we urge our Baptist editors, pastors and people to use all their influence and power to have all such existing legislation repealed and to prevent the enactment of all other such laws whenever and wherever proposed.

5. That we commend the Boy Scout movement as one of the best means for building character and training boys for good citizenship; that we recommend that as far as possible and practicable our Baptist churches sponsor scout troops, and that the Social Service Commission be authorized to represent the Convention in relation to scouting as in relation to other social service matters. That in giving this approval of scouting we do not in any way condone or approve Sunday hikes or anything else that would take boys from church services or that would desecrate the Christian sabbath.

6. That we reaffirm our approval of the Permanent Court of International Justice and our belief that the Senate of the United States ought to, without further delay, ratify the Protocol of the Court, by which approval our government could and would have official representation on this court, and that we again urge all of our people to bring all reasonable and proper influence to bear on their senators to secure prompt and favorable action.

7. That we oppose the continued large expenditure by the Government for military and naval equipment; that we oppose military training in the schools and colleges, whether denominational or state; and that we favor full and complete disarmament as rapidly as can possibly be accomplished, except such armament as may be absolutely necessary for police duty within our own territory and on our own borders. Moreover, we reaffirm our hearty approval of the international agreement to renounce war as a national policy and our gratitude at growing conviction among Christians of the incompatibility of war with the ethical principles of our Lord Jesus Christ.

8. That we reaffirm our devotion to the Eighteenth Amendment to the Constitution of the United States and to its supporting legislation as the greatest and most beneficent piece of social, economic and human welfare legislation ever enacted by any free people.

9. That we reaffirm our purpose, repeatedly expressed, as citizens to support for President of the United States and all other important official positions only such candidates and nominees as believe in and support prohibition as the established policy of our governments, both state and national, and that we will seek the defeat of any candidate or nominee who may oppose prohibition regardless of any party affiliations and labels.

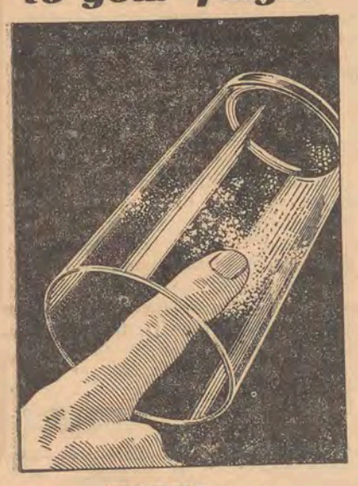
10. That we respectfully suggest to the ministers of our churches and to the teachers in the schools of our land that they consider the probable ultimate effect of the growing and excessive use of tobacco by our boys and girls with a view to arriving at some kind of co-operative measure by which some of our young people, at least, may hope to escape the experience of an habitual slavery to tobacco.

11. We recommend the National Congress of Parents and Teachers as it presents the very vital value of child study through systematic and organized parent education. We believe that child welfare as set forth in the Children's Character by the recent White House Conference should receive very careful study by our people.

Unanimously adopted and respectfully submitted.

ARTHUR J. BARTON, Chairman,
W. W. GAINES, Secretary.

ROUGH
to your finger



means . . .
ROUGH IN YOUR
STOMACH

It's easy to say they're all alike—and easy to prove they are NOT.

Dissolve a genuine Bayer Aspirin tablet in water, pour it off, feel the fine powder that coats the glass.

Do this with some other tablet; see what coarse particles are left! They feel as sharp as sand, even to your finger. How must they affect those delicate membranes which line your throat—your stomach?

For immediate relief from headaches, colds, sore throat, neuralgia or neuritis, lumbago, rheumatism, there's nothing like Bayer Aspirin.

It cannot depress the heart.

CLANTON, ALABAMA

Independent Democratic Voters Association Will Be Organized in Alabama

Mr. W. B. Leedy, of Birmingham, is authority for declaration that the Independent Democratic Voters Association will be organiezd in every county, city, town and precinct in Alabama. The statement further says "the association is in perfect accord with the Economy League, only it goes a few steps further. Besides being for strict economy in the operation of public affairs, it intends to actively enter into politics.

The Association, it is said, will submit to our citizens a concrete plan to reduce the cost of government, pay our honest debts, and restore Alabama to her people. A guarantee is made to do this with the present income of the State, and without raising taxes.

The statement of Mr. Leedy says the Governor threatens another special session of the Legislature; so immediate organization is necessary, he says, to protect the State against a wild an unwarranted tax spree. "This session is going to be called," he says, "and only the combined power of the voters and a revolution of ballots will accomplish our purpose and protect us from an insane and destructive increase in taxation."

The Independent-Democratic Voters Association, Inc., Mr. Leedy says, will use its efforts to have the following measures enacted into law, if the legislature is called into extra session prior to 1935. If such special session is not called, it will endeavor to select men for the next legislature who are pledged to support these measures:

1. Amend that section of the 1901 Constitution that provides for re-apportioning representation according to population every ten years, making this provision mandatory, requiring immediate re-apportionment and each ten years thereafter.

2. Initiative Refrendum and Recall: Such measure is the only protection against insane and foolish legislation; office holders proving incompetent or unfaithful to their trust; diversion of funds and criminal waste or extravagance.

3. Reduce the poll tax to one dollar and provide reinstatment of voters on payment of two years' tax. Change registration laws requiring books to be opened for registration, ending five days before each election and opening twenty-one days prior to said closing date.

4. Permit elective officers to succeed themselves. Ample protection against the building-up of political machines as provided under the Initiative Referendum and Recall, and at the same time conscientious and efficient officials may be rewarded with another term.

5. Abolish the deficiency judgement. This law is not only forcing many of our citizens into bankrupcy but sweeping away the life savings of many others.

6. Reduce the legal rate of interest to 6 per cent.

7. Permit the seperate assessment of property, or payment of taxes on a specific piece of property (without being forced to pay all taxes due) covered under a blanket assessment with other property.

8. Provide for the monthly, quarterly, semi-annual, or annual redemption of property sold for taxes or municipal assessment.

9. Permit the authrized authority collecting state, county and city taxes to transfer the tax lein to an individual but limiting the rate of interest to 6 per cent.

10. Provide for the monthly, quarterly, semi-annual- or annual payment of taxes as the tax payer may elect but notice of his choice shall be given prior to September fifteenth of each year.

11. Provide for the publication of a full statement of the financial affairs of the state, each county and each incorporated town or city not later than February first of each year. This statement to give in detail all expenses, source of revenue, as well as the name of each employee, the amount he is paid and the duties he performs.

12. Provide for similar statement to be published by each institution supported wholly or in part by the state, county, town or city.

13. Provide for a modern and uniform system of accounting in each county and an audit each year.

14. Provide for a modern and up-to-date system of accounting by the state and an audit each year.

15. A bill giving the Governor power, in case of financial crisis, to reduce the salaries of state officials and employees on a pro-rata basis according to the salary paid. But when this provision is used it must apply to every official and employee alike.

16. Provide that not less than 5 per cent of the state's gross income be set aside each year and used solely to pay present existing endebtedness, and when these obligations have all been retired, exempt homesteads from taxation up to a value of $3,000.00 and to further reduce all advalorem taxes from time to time as rapidly as the state's income and financial condition will justify.

17. Abolish the offices of Tax Collector, Tax Assessor, and County Treasurer (or offices serving similar purposes) and create the office of County Comptroller. This official to assess all property, collect all licenses and taxes, and the funds of all other departments to be turned over to him daily together with a complete statement. This office to have charge of all financial affairs of the county, the receipt and disbursement of funds and be entirely responsible therefor.

18. All state, county and city officials handling public funds must give bond provided by a licensed bonding company permitted to do business in this state by the insurance commissioner, and represented by an agent in this state.

19. Provide that all gasoline taxes paid to the state for the use by the state for highway purposes only and for the retirement of outstanding highway bonds.

20. Abolish County Road Commissioners (or like bodies) and put all of their functions and duties, together with the duties of county road construction and maintenance in the State Highway Commission or whatever authority has charge of state highways. This not to include street or road construction or maintenance in incorporated towns except as the state may assume the burden of partial construction or maintenance in incorporated territory as now provided by law.

21. Revise the State Highway Commission Act (having the North Carolina Act in mind) in such from that a retired U. S. Army Engineer or some suitable and competent engineer handle the whole matter of highways in the state. This will not require a Constitutional Amendment.

22. A bill making it a felony and cause for removal from office, to divert funds.

23. Provide a fine of from $10.00 to $100.00 and removal from office for using state funds, stamps, stationery, gasoline, motors or trucks or other supplies in the interest of the passage of any measure or the election of any official or for any other purpose than official business.

24. To provide much needed revenue, amend the State Prohibition Laws, if and when the congress of the United States shall amend the Volstead Act, to permit the legal sale of such beverages in Alabama as are permitted under the amended Volstead Act. If and when the people of the United States vote to repeal the 18th Amendment, to repeal the Alabama State Prohibition Laws.

Mrs. Margaret Mendenhall, Miss Elizabeth Mendenhall, Mrs. F. O. Garthright, Mrs. C. W. Summerville and baby of Prattville, and Mr. Emanuel Block of Montgomery, were guests of Mr. and Mrs. Nels Peterson Sunday.

Mr. and Mrs. J. E. Pate went to Selma Monday to visit their son, Hollis, who was seriously injured by an accident while at work.

A two-cell flashlight complete for 39c at Wyatt Drug Co.

Mr. and Mrs. S. M. Connatser, Mr. and Mrs. Joseph E. Each, and Juanita and Marie Each were dinner guests of Mr. and Mrs. Wm. Each Sunday.

Mr. and Mrs. Ben Franklin and daughter, Dorothy Vanyen, were dinner guests of Dr. and Mrs. H. G. Franklin Sunday.

NOTICE TO EDWARDS HEIRS

There will be a meeting of the Edwards heirs at Clanton, Ala., November 26, at 10 o'clock a.m. People from Nashville, Tenn., and Birmingham, Ala., will be there to tell us what is being done about our estate in New York, and to help anyone to get their claims ready. If you can't finance your claim, come and someone will finance for you. Bring all the old Bibles and records that you have that will help on your genealogies. You will never have another chance like this.—G. W. Edwards.

How Doctors Treat Colds and Coughs

To break up a cold overnight and relieve the congestion that makes you cough, thousands of physicians are now recommending Calotabs, the nauseless calomel compound tablets that give you the effects of calomel and salts without the unpleasant effects of either.

One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish,—no danger.

Calotabs are sold in 10c and 35c packages at drug stores. (Adv)

WILKINS WRITES TO VOTERS

To the Voters of Chilton County:

Will you please allow me to say to you that I certainly do appreciate the confidence you have in me by giving me your vote and placing me as a member of the Board of Education. I want to say I feel like a man I heard of that got married. He said before he got his wife that she was all he needed, and then when he got her he needed everything else. So, now, I feel that I will have to have your help.

I hope to have the prayers and the cooperation of the people of Chilton County, and then, above all, the spirit of the Lord to guide me. I shall endeavor to do my best to serve the people in a way that will be acceptable to God, who has all power in heaven and earth. Will you please remember that I am at your service? —C. L. Wilkins, Verbena, Ala.

Concord-Billingsley

Our new pastor, Rev. J. S. Johnson, preached at this place Sunday and Sunday night. Everyone seemed to enjoy the message fine.

Mr. and Mrs. G. B. Jones and Mrs. Weldon were the all day guests of Miss Alice Williams Sunday.

Rev. Johnson and Mr. T. L. Williams were the dinner guests of Mr. and Mrs. W. H. Little Sunday.

Miss Bessie Williams returned to her home Sunday morning after two weeks visit to her aunt, Mrs. J. Bob Deramus, of Haynes.

A wedding of much interest to their many friends, was that of Mr. Carson Williams of Haynes and Miss Winnie Giles of Isabella community, which was solemnized at the home of Mr. and Mrs. E. B. Mills of Billingsley. Rev. A. S. Bentley performed the ceremony Sunday afternoon. The happy couple will make their home in the Haynes community. Their many friends wish them a long and happy life together.

Misses Bessie, Jettie and Bertha Williams spent a short while with their aunt, Mrs. E. A. McLean, of Adams Sunday afternoon.

Miss Clara Delle Sims visited Mrs. J. P. Williams Sunday afternoon.

Mr. Clarence Williams attended preaching at Adams Sunday afternoon.

Characteristics of Pilgrims

Gems from Hebrews 11:8-16:

Obeyed the call, verse 8.
Never settled down, verse 9.
Looked for an eternal city, verse 10.
Had telescopic vision, verse 13.
Acknowledged their faith, verse 13.
Never turn back, verse 15.
Longed for a better land, verse 16.
Died in the faith, verse 13.

Services for the week:

Sunday, all day for the Lord.

9:45 a.m., Sunday school, a class for all.

11:00 a.m., Morning worship.

6:30 p.m. Evangelistic service.

Wednesday, 2:30 p.m., Dorcas society.

Thursday, 7:00 p.m. Mid-week service.

Friday, 7:00 p.m. Crusaders.

Saturday, 2:30 p.m., Children's church.

THANKSGIVING SERVICE

A morning service of Thanksgiving will be sponsored by the Fidelis class of the Baptist church from seven-thirty to eight o'clock Thursday morning. Special music has been arranged by members of the class. The public is cordially invited to join in this service of worship and Thanksgiving.

Quick Action Counts and BAYER has it!

Insist on genuine *Bayer* Aspirin! Not only for its safety, but for its *speed*. The tablet stamped Bayer dissolves *at once*. It gets to the seat of pain without delay. It is many minutes faster than any imitation you can buy, and time counts when you're in pain! For quick relief of headaches, colds, sore throat, neuralgia and rheumatism, periodic pains, and other suffering, stick to the tablets of Bayer manufacture. All druggists.

Genuine BAYER ASPIRIN
does not depress the heart

Red Cross Annual Roll Call Being Pushed In Every Part Of County

Although a complete report from all the working centers and the communities of the county could not be had in time for publication this week, it is being shown by what is in, that the people of Chilton County are showing their appreciation of the Red Cross by becoming members.

The Red Cross Roll call of Chilton County opened last Friday, with Dr. S. J. Ezell as chairman of the campaign and C. E. Stapp as chairman of the local chapter.

An intensive drive is being conducted throughout the county, with workers busy every day in Clanton, Maplesville, Thorsby, Verbena and Jemison seeking members.

Chilton County has been given a quota of 750 members by the National Red Cross, the organization that gave this county such a helping hand last March. Chilton County must reach the goal.

Accept Corn, Syrup

Mr. Stapp advised a representative of The Union-Banner Tuesday that they will accept corn, syrup or any staple produce from farmers who are not able to contribute money. Memberships are one dollar, but a person may give more. If corn is given, it will take two and one-half bushels, and thre gallons of syrup. These should be brought to the office of the Farm Bureau, on main street.

In this week's issue of the Union-Banner there is published a list of those who have become members of this Roll Call. It will be noted that several families have become one hundred per cent members, meaning that every member of the family is a member of the Red Cross.

Workers Not Paid

Some questions have been asked about the ladies who are soliciting memberships. It must be clearly understood that these ladies are not being paid one cent for their work. They are giving their time and efforts to this cause, realizing that Chilton county owes it to the Red Cross. These workers over the county are to be commended for the unselfish spirit in which they have entered this work.

Ends November 24th

The Roll Call will end Thursday, November 24th. Farmers, merchants, business men, professional men and in fact everyone should become a member of the Red Cross in Chilton County. Give a dollar, or more.

RED CROSS MEMBERSHIP

The following memberships in the Annual Red Cross Roll Call had been turned in by workers at the County Chapter office up to Tuesday night of this week:

THANKSGIVING PROGRAM AT SOUTHERN MILITARY ACADEMY

The Southern Military Acaremy at Greensboro will close Wednesday afternoon for the Thanksgiving holiday with a special program in which all the cadets of the institution will participate. The program will include a short play and a number of brief talks by student leaders and members of the faculty. The Academy will reopen on Monday morning, November 22nd; cadets will be required to be in the barracks the Sunday evening before. Faculty members will remain at the school during the holidays in preparation for a material increase in the school roster on Monday.

This unexpected addition to the ranks of cadets has made it necessary to increase materially the facilities of the school for their accommodation. The transfer of daily records of new students; the organizing of new classes and numerous other details will make it necessary for the officers of the institution to remain at Greensboro at this time. The cadets will be issued uniforms and rifles, and assingned to their living quarters in the barracks Monday morning. President J. M. Malone said today that he wished to make it clear that by transfer of daily records the students would be able to resume their studies where they left off. "Everything," Mr. Malone said, "will go forward with military precision, exactly as though the new cadets had never transferred from old schools to S. M. A."

Officials of the Academy also added that new cadets, entering after Thanksgiving holidays will be immediately eligible for athletic competition and will enter into the academy life without difficulty.

MRS. MARY VIRGINIA LAWRENCE

Mrs. Mary Virginia Lawrence, age 59 years, died last Thursday morning at the home of her son, Rev. Buford Lawrence, in Clanton. While her health had been failing for several months, she was seriously sick only a few days prior to her death.

Upon a visit to the home of her son on Saturday morning, she was seized with a chill. She went to bed and grew steadily worse until she died Thursday morning.

The funeral was conducted by Rev. J. W. Jones at Jemison Baptist Church Saturday afternoon. He was assisted by Rev. G. G. Williams and Rev. S. J. Ezell. Burial was at Pine Hill Cemetery, Jemison, with Martin in charge.

Mrs. Lawrence was the wife of J. W. Lawrence, who died at Jemison on July 3, 1923. She is survived by three sons, Buford, J. A. and C. W. Lawrence, all of Clanton; four daughters, Mrs. Lillie Burnett and Mrs. Drucilla Mims, of Collins Chapel; Mrs. Mattie Hardy, of Montgomery; and Miss Dalene Lawrence, of Jemison.

PATES CHAPEL

The singing society met Sunday afternoon. We had a real good singing. The officers were elected Sunday; they are as follows: Chairman, Eugene Cleckler; secretary and treasurere, Miss Maude Wallis. Our singing evening is every third Sunday. We want everybody to come and help us out. We much enjoy the company from other churches.

Mr. and Mrs. M. L. Maddox and three children, Alvin, Hazel and Warner, with Mr. James Deloyd and Miss Sara Bonnar visited relatives and friends of this community Sunday.

Mr. and Mrs. D. Mims of Liberty Hill visited Mr. and Mrs. I. Pate and family Sunday and attended the singing Sunday afternoon at Pates Chapel.

Little Miss Rubye Maddox spent Saturday night and Sunday with little Miss Helen Merchant of Thorsby.

Miss Emily Pate had as her Sunday dinner guests Misses Mildred and Martha Hayes, Lorene Cleckler, Carrie Bolton, Maude Wallis and Mr. Eve Dawson.

Mrs. Steve Pate visited her sister in Jemison Sunday afternoon.

A new building is being erected in this community on the Jemison road.

Mr. and Mrs. Archie Cleckler and three children, Leon, Leatrice and Ermon, were Sunday dinner guests of Mr. and Mrs. E. J. Hayes.

The people of this community are very sorry to report that Mrs. Lum Hayes is in a serious condition. We all hope her a speedy recovery.

Our regular preaching days are the first Saturday and Sunday in each month, starting on Saturday night at 6:30; Sunday morning at 10 o'clock. Everybody come and be with us. We have a mighty good preacher, Rev. M. Lockhart, of Refuge community. To know him is to love him.

The W. M. U. will meet at the church next Saturday evening at 2:00 o'clock. Visitors are cordially invited and especially we want all the members to be present.

Miss Lorene Cleckler spent Saturday night with Miss Martha Hayes.

Mr. and Mrs. E. C. Hayes and little daughter visited Mr. and Mrs. Tommie Maddox Sunday afternoon.

H. B. OLIVER WRITES ABOUT TEACHERS TAKING HOLIDAY

Editor Union-Banner:

The teachers of this county, perhaps other counties of the state, have been ordered to dismiss Wednesday evening, next, until the following Monday, and no pay will be allowed for Thursday and Friday, the former a legal holiday throughout the United states.

If the county superintendent and their office force, as well as the state superintendent and his army of employees would voluntarily do as much as the teachers are ordered to do, it would be worth while and in line with the principle of real economy, not the "economy league" that has attempted to prevent the State of Alabama from paying its debt and stopped public schools throughout the state.

It is all right to speak of "loyalty" and "sacrifices" of the teachers, which sometimes looks like pure flattery but demands continue. It is unfair and unjust.—Yours truly, H. B. Oliver.

WE ARE THANKFUL

For a kind Providence and the confidence of many loyal friends which has made possible for us the continued sound position of this Bank in the financial structure of this cummunity.

Our gratitude is overwhelming—and our abiding hope is that we may be able to continue to serve you with renewed fidelity. We are glad to join with each and everyone in this expression of our gratitude at this time, the season of universal Thanksgiving.

MERRILY WE GO TO HELL"

Fredric March, a newspaper reporter, meets Sylvia Sidney, heiress to millions, at a house party. Slyvia finds herself fascinated with March. She permits him to kiss her and she gives him her telephone number.

The following morning March phones Sylvia. They go for a ride in Sylvia's car and March parks on the Lake Shore road. Without any preliminaries he kisses her. Then March, an egoist, tells her about the one girl he has really loved, Adrianne Allen, co-ed at college, who is now on the stage in New York. As for Sylvia, he says—"I think you are swell."

March eventually proposes marriage. Her acceptance again brings forth the expression, "I think you're swell, Sylvia."

Married, Sylvia tries to turn him from his devil-may-care habits that are ruining their lives, but to no avail.

March finally loses his job. The blow has its sobering effect and he writes a play that is later produced in New York. Sylvia is somewhat annoyed to find that Adrianne Allen is cast for the leading part. The premiere of the play proves a great success and Sylvia joyfully rushes backstage. To her horror she finds March maudlin drunk. The following night he is picked up from the gutter. Sylvia, heart-broken, decides to leave him, and returns to Chicago.

Later the show arrives in the Western city. After the first performance March puts on a wild party. Sylvia is exasperated. Later, looking for her husband, Sylvia finds him in the pantry holding hands with Adrianne. Mockingly, March looks at Sylvia, then kisses Adrianne who smiles tantalizingly. "Bravo" flashes Sylvia, "and from now on you'll have plenty of opportunity," then dashes to her room.

In her room Sylvia finds herself strangely cold, but surprisingly clear-headed. She slips into outer clothing and dashes from the house. At Charlcie's she finds the party preparing for a moonlight swim. She joins them and quickly dons a bathing suit. About to plunge in, her old friend Dick cautions, "Don't swim out too far." "Why not? It's a good idea," she answers, and strides out. "Come back!" they all cry. But there is no answer. Dick glimpses her head in the moonlight, and with powerful strokes tries to reach her.

Later, March arrives flustered. "What's the matter?" "Your wife is dying," replied Dick, icily, "and you killed her." After a long time the doctor lets him enter the room where they have taken her. He sits by her on the bed quietly. After a time, he says, "Forgive me, I love you dearly." And then, "I need you to help me." Weak arms seek his neck. They are reconciled at last.

"ORPHAN ANNIE" IS COMING HERE MONDAY AND TUESDAY

Pilot Club Brings Popular Comic Strip Picture to Clanton

Have you ever seen Little Orphan Annie, the little girl, who with her dog, "Sandy," brings gladness and tears to the hearts of thousands of people every day?

Little Orphan Annie and her dog, Sandy, who appear daily in the funny papers of many newspapers over the world have made thousands and thousands of admirers and friends, and now Little Orphan Annie is coming to Clanton, and bring her dog, Sandy.

She is scheduled to arrive here next Monday, and stay through Tuesday night, November 28th and 29th. She will be at the Wadesonian Theatre Monday night, Tuesday afternoon and Tuesday night.

The Pilot Club of Clanton is sponsoring this show of Little Orphan Annie. The proceeds from the show go to the club to aid in any way possible the work of the Red Cross and other charitable work in the county that is being done by the club.

Don't miss this showing of Little Orphan Annie, the red-headed little girl who fights her way through and around all obstacles. For the remainder of the show program, see it elsewhere in this issue of The Union-Banner.

MONTHLY S. S. MEETING AT COOPERS NOVEMBER 27TH

To All Churches That Are in the Chilton County Association:

Our next monthly Sunday School meeting will be held at Chestnut Creek Church, Cooper, Alabama, at 2:00 o'clock in the afternoon, the fourth Sunday of this month, November 27, instead of the first Sunday in December, on the account of the regular singing for that evening, which I did not think of when the announcement was made at Thorsby for that date.

Please make your arrangements to be with us on this date, especially the superintendent and all officers of the Sunday School.—L. D. Hughes. 2t.

THE CLOSE OF THE BICENTENNIAL CELEBRATION SOON

The world-wide George Washington Bicentennial Celebration is being brought to an official close today with Thanksgiving services in the churches in honor of the father of his country. The United States George Washington Bicentennial Commission reports that Thanksgiving services are being held by the churches of all denominations in every city in America and in the large cities abroad.

For the past nine months, since February 22, millions of people in all corners of the world have participated in what was the greatest celebration in honor of a national hero.

The commission is now busily engaged compiling detailed records of the celebration. While these cannot be available for several months, the highlights of the celebration are here set down.

Active work of the commission, with President Hoover as chairman and Congressman Sol Bloom as associate director, began some two and a half years ago. Plans were mapped out for a nation-wide celebration and not for a world's fair or a geographical event.

Cooperative commissions were appointed in every state, city and practically every town in America. Besides, committees were appointed among civic, fraternal and religious bodies as well as in the schools.

More than 700,000 separate and distinct commissions and committees functioned actively during the celebration period.

A conservative estimate by the commission claims that more than one million different celebration programs took place during this nine months period.

The commission has distributed, without charge, more than 12 million pieces of literature in assisting local committees. Historical pamphlets, plays and pageants, music, educational pamphlets, etc., have been published and distributed from the commission's headquarters in Washington.

Nation-wide educational contests, in the elementary schools, high schools and institutions of higher learning have been conducted by the commission. More than two million American boys and girls have participated in these contests.

The commission has distributed to the schools of America more than one million large - sized lithographed copies of Gilbert Stuart Athenaeum portrait of George Washington.

Every library in America received a copy of the commission's special flag chart showing all the flags used in the revolution. Every postoffice has received a large poster of Wakefield, Washington's birthplace.

More than one million copies of the George M. Cohan song, "Father of the Land We Love" were distributed. This song was written for the commission by Mr. Cohan as his personal tribute to our first president.

A special bicentennial quarter dollar was minted and put in general circulation. A special medal was also minted which the commission awards for meritorious service in connection with the celebration.

Our postoffice issued a series of twelve George Washington stamps to commemorate the celebration.

The definite writings of George Washington are now compiled and published. This is the most comprehensive undertaking on George Washington ever attempted. Twenty-five volumes will be required to complete this work.

Wakefield, the birthplace of George Washington, has been restored and turned over to the government as a national shrine.

More than thirty million George Washington memorial trees have been planted since Ferbuary 22.

The commission collected practically all of the famous George Washington portraits which have been exhibited in the Concoran Gallery of Art of Washington, D. C., during the celebration. This is the first time that these famous portraits have been gathered under one roof.

Abroad, 78 countries have participated in the bicentennial celebration. This was a spontaneous movement, without official invitation from our government.

Twenty-six foreign cities have named streets, parks and squares for George Washington. In Germany alone four cities have renamed thoroughfares for George Washington.

The government of Poland issued a special postage stamp in honor of the bicentennial celebration.

In Vienna a new municipal apartment house was named after George Washington.

The above includes but a few of the highlights of the celebration. In every state, city and town in America commemorative observances were held. Plays and pageants were produced, bicentennial trees were planted, contests were conducted, meetings and parades were held.

The commission in Washington hopes to gather all the reports of bicentennial events from all over the world. Those responsible for these events should send complete reports immediately to the commission. These will be published in memorial volumes of the celebration and will be deposited in the leading libraries of America. Undoubtedly these volumes will be valuable addition to the Washingtonia now available.

H. C. JUNKERMAN
DENTIST
THORSBY, ALABAMA

The three-payment tax bill approved by Gov. Miller for Jefferson County cannot be put in "practical operation," even though its legality is upheld, in the opinion of tax officials.

Plans for the first free deer hunt in Alabama have been perfected by I. T. Quinn, commissioner of game and fish, to be held in the Alabama National Forest on Nov. 22, 23, 24.

Dividends amounting to more than half a million dollars will be paid on preferred stocks, held mostly in Alabama, according to announcements from two Birmingham corporations.

C. M. Konkle, of the Federal Dry Docks Company, Kearney, N. J., has been named auditor for the Tennessee Coal, Iron & Railroad Company, succeeding F. B. Winslow who retired Nov. 1.

Mr. and Mrs. H. P. Gay, Birmingham, were injured in Troy, the latter possibly seriously, when an automobile in which they were riding plunged down an embankment on the Troy-Dothan Highway.

A half century in the mercantile field in Montgomery was brought to a close with announcement by Theo. Mayer, president, that Alex Rice, Inc., will close its business and liquidation of stock begin at once.

With resumption of operations at ore washer No. 5 of the Sloss-Sheffield Steel & Iron Company, 50 men returned to work. This unit of the company, located near Russellville, has not been operated since May.

A fox, caught by W. H. Hawkins near the Terminal Station, Birmingham, without the aid of horse or hounds, was sold by Watkins for $5. Anti-rabies treatments for bites inflicted by the animal may cost considerably more.

The little city of Troy had completed preparations for the centennial session of the Alabama Conference, Methodist Episcopal Church, South, that opened for a five-day meeting under the guiding hand of Bishop W. N. Ainsworth.

Life on the farm in Alabama, popularized by the depression, will have its advantages this Winter, says F. W. Gist, state and federal agricultural statistician, who reports that well-stocked larders and full pantries will offset any lack of cash.

A call for a state-wide rally of prohibition forces at Birmingham Dec. 6 was issued by the Alabama Baptist State Convention which adopted a resolution inviting other denominations to join in a fight against modification of the national and state prohibition laws.

R. L. HUFFMAN HERE WITH THE CHURCH OF CHRIST

Rev. R. L. Huffman, formerly of Evergreen, has come to Clanton where he will be located permanently as minister of the Church of Christ. Mr. and Mrs. Huffman will live on Second Avenue South, in the Gowan addition.

Temporary announcement of services at the Church of Christ is made by Rev. Huffman, as follows:

Bible study at ten a.m. each Sunday. Preaching service at eleven. Sunday night worship at 7:30.

A cordial invitation to all the people is extended to join in worship at the Church of Christ.

Ready for business, the Montgomery branch of the Fifth District Agricultural Credit Corporation opened its doors with a capital and surplus of $10,000,000.

Birmingham and Jefferson County were granted a loan of $123,774 by the Reconstruction Finance Corporation for direct relief during November, it was announced.

Gov. Miller appointed Clyde H. Vann, of Roanoke, to fill the unexpired term of the late Judge Sam Brewer, of Opelika, as judge for the fifth judicial circuit.

J. C. Ford was retained as county agent and Miss Josie Walker, welfare worker in Fayette County, with over a 600 majority when the voters carried the questions to the polls.

EAST VIEW PLAY CALLED OFF

The play that had been announced to be here Friday night is called off. Some of the parties that had part in the play are sick and cannot take their part. There will be no play here Friday night.—A. C. Nelson.

If he could only sing wouldn't the giraffe make the ideal crooner?

Personally we don't blame the Democrats for doing a lot of celebrating now and we are for it. You must remember they only get a chance to shout about every sixteen or twenty years.

Somehow or other we always feel that the fellow who doesn't take his coffee with the main course of his dinner is trying to high-hat us.

A Michigan man who went into his bathroom to take a shower and turned on the cold water and found it was boiling hot. On investigating he discovered the house on fire. Nothing like a good shower bath as a fire alarm.

Now that the monkey business is over for two years let us hope we can get down to some real business.

Having registered their protest in September, Maine Republicans got down to their reuglar custom of voting Republican again in November. Unless the world is coming to an end the other Republican states can be expected to do the same thing in due course of human events.

NATIONAL AFFAIRS

(By Frank P. Litschert)

The national election for 1932 has come and gone and it is now possible to get a fairly clear view of the causes bringing about one of the greatest Democratic landslides in the history of the country. There is a well known saying that coming events cast their shadows before, and with this in view it ought ot have been easy to predict months ago just what was going to happen. The result is plainly a case of victory for the outs against the ins. The principal cause for bringing this about was the depression. The straws showing which way the wind was blowing constituted the elections which have been held in other nations since the world-wide depression engulfed civilization three years ago.

Elections since 1929 have resulted almost unanimously in favor of the outs, no matter where these elections were held. The labor government lost out in Great Britain because of the depression. In Germany, Herr Bruening was defeated because he could not bring back prosperity over night, while in France the conservatives were turned out of office because France could not finally escape the world-wide catastrophe. In many instances governments were overturned by force and violence. This happened in Spain and in several of the Latin-American countries, and in each instance the change of government, whether violent or otherwise, was caused by the hard times and the depression.

The only governments of importance which have not changed hands are those of Soviet Russia and of Italy. In these two nations the reins of authority are held in dictatorship and there is, especially in Russia, no adequate expression of the popular will through suffrage. Now the United States has no dictatorship and wants neither dictatorship nor revolution. As a result the people waited to express their discontent at the polls, and naturally the result was the turning out of the party in power. The best evidence that the American government is a thoroughly Democratic one is that this change was made without violence. The losers accepted the result with good sportsmanship just as the result is always accepted by the losing party in the United States. The winners have assumed the responsibility in a sober and serious way, realizing the serious obstacles to be overcome. The losers have generously offered to cooperate with the voctors in any constructive measures designed to help the economic situation ni America. This is as it should be and reflects the true American spirit.

In congratulating Governor Roosevelt, President Hoover said: "In the common purpose of us all, I shall dedicate myself to every possible helpful effort." In replying Governor Roosevelt said: "I join in your gracious expression of a common purpose in helpful efforts for our country." There is here no gloating by the victors and no sulking by the vanquished. In these expressions the two leaders typify the spirit of the rank and file of their followers. It gives us one of the reasons why America has grown so great and so secure in its political institutions of ordered liberty and free government.

Now that the election is over there will be a settling down to serious business of pulling Uncle Sam out of the trough of the depression. The first gains in that direction were made in mid summer. There was a slackening a few weeks ago due to the uncertainties of the campaign, but now that the issues have been decided we ought to move forward again. Certainly we will move forward if the statements of the leaders of both parties are followed by specific conduct of the same kind, and these doubtless will be so followed. Business is now ready to go ahead. The losers are ready to help the winners. The philosophy of the Republicans was well summed up on the day following the election by Will H. Hayes, former Postmaster General, now head of the great moving picture industry, when he said:

"The principle business of Republicans now is to help make good the promise of early employment and prosperity made by both parties. In a war the army is loyal whoever is in command. The depression is on the run. We will finish the fight now. Everything else is chores." That is the right spirit. It is the true American spirit which has won every battle in which th epeople of our country have been engaged, whether it was military or economic.

THE MODERN DR. JEKYLL AND MR. HYDE

Another modern version of Dr. Jekyll and Mr. Hyde is found in the attitude of some of our church folks of the present day relative to the question of repeal of the national prohibition laws.

We see them in the dual role of whooping it up for the Democratic candidate for president and repeal a few weeks ago; and now they are invoking their clerical dignities will all power possible in opposition to repeal of the liquor regulations.

As expressed by Judge Reynolds last week at the Methodist Conference in Troy, the denominational organizations seem to be warming themselves for a regular old-time fight on the prohibition question, but it appears they are a little too late.

Many of those who are now girding themselves with the cloak of the church in the determined effort to prevent repeal of the Eighteenth Amendment are somewhat in the predicament of the fellow who labored diligently to lock the stable next night after his horse was stolen.

MR. GOODE'S PLAN

Representative Goode has already made himself powerfully felt in the movement to stabilize the finances of this state. But he has made Alabamians additionally grateful by reason of his clarification of the status of our fiscal affairs in the statement issued Saturday. On the basis of his figures, the way is now clear to a solution of the problem which has been bedeviling us.

First of all, Mr. Goode urges thoughtful citizens not to believe that the bottom has fallen out of things. There is no occasion for despondency, he makes plain, although there is ample ground for a sober and earnest attack upon the question of setting our financial house in order. There is no occasion for despondency, he contends, and there is no occasion for new taxes. All that we need do to get rid of confusion and frustration is to understand the situation and to act accordingly.

It is "entirely practical, reasonable and feasible to fund our present outstanding indebtedness from current revenue," Mr. Goode argues, if the state "is willing to temporarily discontinue new capital outlays for expansion." He presents, in other words, a choice between keeping our schools going and arranging to pay our debts on the one hand, and leaving these things undone while the highway and convict departments enjoy larger appropriations than they have had, on the other hand.

When the issue is presented in this fashion, there can be no doubt as to the people's preference. They want economy in all departments of our government. They want the schools to keep open, even if the building of new highways must be postponed. They want the state's debts paid, even if the convict department has to get along without an extra half million from the general fund. And necessarily they want the administration to take the steps necessary for the effectuation of the plan as projected by Mr. Goode.

An extra session called promptly could enact legislation providing for the valorization of warrants by drawing upon the present income of the highway department for the funds required and by relieving the general fund of the claim now held upon it by the convict department. This program "would work no real hardship on anyone," says Mr. Goodee, and it would not interfere with the maintenance of highways. On the positive side, it would make the state's warrants negotiable and assure the operation of the schools.

No one can read the statistics he offers without wondering why the Miller administration willed Mr. Goode's warrant bill during the recent special session. No one can intelligently ponder the significance of these figures without concluding that the representative from Wilcox has struck upon the road to salvation, and that persistence in the refusal to harken to his advice would be indefensible.

Without a penny of fresh taxation, it is possible for the state to make sure of its operation in all essential respects. That is the Goode proposal. All that is required to effectuate it is to subject two pampered departments to the pruning process which has been imposed on everything else. The issue could not be more clearly defined. The people of Alabama are asked to choose between convicts and children, between limiting outlays on road building and arresting the orderly functioning of the state's life.—Birmingham Age-Herald.

THE REPUBLICANS AT LOW TIDE

"The Republican party, as it looks itself over, is as yet hardly able to recognize its own face in the mirror," observes Charles Willis Thompson in The Commonwealth. "Gone are all the old leaders, not only in the Senate but in the House, save only Representative Snell, of New York. In the country at large no one is left to assume any position of even partial leadership. The downfall too thoroughly discredited Hoover for him to do any leading in the next four years, and he could not do it even if he had not been so soundly thrashed; for Hoover is not a politician and cannot lead. Coolidge made his own choice as far back as 1927, and prefers his splendid isolation in Northampton. Nowhere is there a Republican governor, senator or member of the lower house who can be conceived of as a leader; and the same is true of Hoover's not very distinguished cabinet. . . ."

Does this mean that the Republican party is dead or dying? By no means. Republican candidates for the presidency have been worse drubbed than was Mr. Hoover, and the record of the Democratic party since the 'sixties indicates to what a low ebb a political organization's strength can fall and yet find some new source of power to make the party a dangerous competitor again. Nor must we fail to remember that Mr. Roosevelt's election was made possible by the large number of Republican votes which were cast for him. These do not represent a permanent conversion to Democracy. They are rather the only weapon outraged voters had at their command with which to punish the Hoover administration for its many sins.

There is much talk just now of Democrats entrenching themselves for at least a period of six years. That is possible, to be sure, but if it comes about, it will happen not so much because Democrats have wished it as because they have deserved it. Unless Democrats make a good showing in the next two years, they are likely to find that the congressional situation will have shifted considerably in 1934. Normally, Republicans would be making their way back to the Capitol by reason of the midterm elections. But the normal process could easily become pronounced, if the Democratic administration has not measured up. Whether it will do so depends on the leadership displayed by Mr. Roosevelt. Otherwise we may be sure that the G. O. P. will be recruiting a new and potent leadership for the battles ahead.—Birmingham News.

The MAN in the MOON

Looks Over All—
Overlooks None.

"Disgustus"—and "Doug"

Several people have advised me to "go after" Mr. Jackson and "Doug" for what they had to say about me last week. But no, I don't think that is the proper thing to do. In the first place, the article they were ranting about was never meant to cast any reflection on anyone, and the fact that it was misconstrued by Mr. Jackson, and rankly misquoted by "Doug" only shows their littleness. As for me, I admire the courage of a straight-shooting and hard-fighting opponent, but I have only contempt for ANYONE, opponent or colleague, who is so little that he cannot carry on a contest without resorting to low, mean personalities. And, viewing the whole affair in this light, I refuse to be drawn into a discussion where vituperation and inane statements are the sole stock in trade of my opponent. Too, I feel that the readers of my column, for the most part, know me well enough to understand and appreciate my position in the matter much better than they might if I should attempt to answer every upstart who might decide to take issue with the articles which appear from time to time in this column. And so the incident closes, so far as I am concerned.

The Literary Digest Poll

Yes, sir, you've got to hand it to The Literary Digest for accuracy in predicting results of national campaigns. For the third time in succession they have conducted "straw vote" campaigns and predicted results to a degree of correctness that it is really uncanny. In the campaign just closed, the Digest's poll was ONLY 99.6 per cent correct. That is very near perfection. I believe we might do as some paper suggested a while back—let the Digest carry on the election, and save the national treasury the expense of the job. It comes out right every time any way, so what is the difference?

Foreign Ideas

Some time ago several foreign newspapers, as well as societies of different kinds, offered all kinds of suggestions about how the American courts ought to handle the case of the eight Scottsboro negroes. Now they are coming forward with more "suggestions" as to how we might handle other matters of national prominence. Now, what I want to know is this: Where do these foreigners get off, telling America and American people how they should run this country? It seems to me they might take a few lessons from us, rather than try to teach us, inasmuch as we have grown from nothing to the strongest national power in the world in a little over 150 years, while some of those countries date their beginning back to some several centuries. Seems like the tail wagging the dog, or something.

More Taxes

I notice Governor Miller is expected to call the legislature back into session "as soon as funds are available with which to defray the expenses of such a session." Now what? More taxes? It seems that is all those fellows can think of, when they get their heads together. In fact, rumor has it that some kind of "sales tax" is expected to be enacted if and when they do meet again. Now, I wonder how the school teachers all over the state will feel when they read about this waiting "until funds are available." The teachers have been carrying on for some time without regard to expenses, salaries, or anything else. I believe they would appreciate a little hand-out, too.

Our Hornet's Nest

You will remember back a little while, when you studied U. S. History, that mention was made of Mecklenburg County, N. C., the citizens of which were so anti-British that they earned for their county the term "hornet's nest." While the rest of the country was paying enormous taxes to the mother country, old Mecklenburg folks didn't pay them. In fact, when the British governor's tax collector went in there to collect the taxes, the people gave him such a hot reception that, after a time, things got so warm that no collector could be pursuaded to go in. Tradition has it that they even went so far as to set up for themselves a separate government, long before the rest of the country rebelled. "Hornet's nest" was a good name for them. Now, every time I think of the way Chilton County's loyal Republicans show their grit and keep on electing their Republican county officers, it makes me think of that "hornet's nest" of Revolutionary days. No matter how much "white supremacy," "solid South", and other kinds of Democratic bunk and propaganda are shot at our people, when election day comes around, it's just the same old story all over again—"All Candidates on Republican Ticket Elected." In the past they have stepped off the straight and narrow pathway a few times and always wound up knee deep in the bog, and so they have come to the conclusion that the best way to keep on hard ground is to stick to the middle of the road and steer clear of the byways and hedges. When they look around them a bit, or happen to drive out of Chilton over any of the dirt roads, they doubtless pause long enough to pat themselves on the back for being sensible enough to "stick". Yep. I suppose they are right proud—considering that "dear old dyed-in-the-wool, lily-white Alabama" is on the verge of financial collapse, while Chilton County, Alabama's "hornet's nest" is on a cash basis. It's just too bad—for the Democrats.

C. C. H. S. Tigers

The Chilton County High School football team has just closed a fairly good season. They have won six and lost three, but the good part comes in when we consider that, for the most part, the team was made up of raw material, and so did the most of their losing while they were getting their first tastes of the game. After they had gotten their baptism of fire, they began "clicking"—and how. Clanton and Chilton County should feel proud of these youngsters. Chilton High has put out many good teams in the past—teams with more impressive records—bigger material, more seasoned teams—but she has never put out a team with more real fighting spirit than the Tigers of 1932. And, after all, that is really what counts. No matter if they did lose three games to heavier, more experienced teams, they have made all their opponents know that they are a bunch of fighters—fighters to the last minute. Next week I want to take up the individuals that went to make up the 1932 Tiger machine, and tell you something about each one. That ought to make good reading. Look for it.—Man in the Moon.

APPRECIATION OF PRESIDENT HOOVER

The following is an editorial taken from The New York Times, the leading national Democratic daily newspaper in the United States. It is indeed refreshing to find at least one prominent Democratic newspaper with the courage and fairminded spirit to admit that President Hoover is not responsible for everything in connection with the hard times which have come to this country within the past few years.

This editor is wise and just in his view of the services to his country and the world that have been rendered and to predict that he will not be forgotten except possibly by scheming politicians who could not use him for personal gain.

The Hoover Tragedy

For the president personally in his defeat there will be a feeling of kindness touched by the pathos of the political powers against which he has struggled in vain. The strong god circumstance was too powerful for him. He was held resopsible for the sins of others. Upon his individual head was wreaked the spirit of resentment and of vengance for events which neither he nor any other man in public office could control. It is true that he partly exposed himself to such attack by identifying himself with the wrong policies and foolish promises of his party four years ago; but to single him out as if he were the sole man accountable, the only one to bear the burden, the fitting target for the slings and arrows of outrageous fortune, was no doubt inevitable, as human nature goes—especially as the nature of the political animal goes—but distinctly and grossly unfair. Mr. Hoover was deserted by his friends as well as assaulted by his enemies. The campaign was going against him almost by default, until he stepped forward to assume the whole load of it. To the end he presented the pathetic spectacle of a man exerting all his strength against formidable and insurmounting obstacles. It was a clear case of an individual made to suffer unjustly for the mistakes and crimes of others.

Herbert Hoover ought to be remembered for his abilities, his successes as well as his failures. Through all the great crisis he certainly displayed great qualities. No president ever worked harder to escape from their troubles. Mr. Hoover also worked with rare intelligence. His grasp of facts was phenomenal. His adherence to what he believed sound principles was heroic. For fully three years he was compelled to pass through the furnace of political affliction, and came out of it to be sure, with certain defects and flaws revealed, yet with a large amount of the pure gold of statesmanlike talent, along with an undoubted and unsparing devotion to the public good.

Into his coming retirement the American people will follow him with respect. They will regret that he fell upon evil days wherein his unusual powers could not be rightly appreciated or made completely effective. There is a tragic element, as a stroke of fate, in this closing political career, in the presence of which people of delicate sensibilities can only, as Judge Holmes said, "stand in awe."

25 YEARS AGO

News Items as published in The Union and in The Banner, Issues of
November 21, 1907

Mr. J. T. Mullins of Clanton died Tuesday afternoon. He was 67 years of age.

Dr. and Mrs. E. A. Matthews visited Jemison Thursday.

Miss Nannie Duke has removed to the new state of Oklahoma.

Mrs. G. L. Phillips was called to Jasper last Friday to her father, Dr. W. H. Lamar, who died Saturday night.

Married—G. N. Durbin and Miss Iris Harris; Zack Lowery and Miss Jeanie Foshee; L. F. Broadhead and Miss Mamie Crim; Leonard Luster and Miss Evie Hilyer; J. M. Baker and Miss Florence Lockhart; Canley White and Miss Bertie Hatcher; C. J. Hall and Miss Nettie Boyd.

Mrs. L. A. Thornton died last Friday at the age of 75 years.

The infant child of Mr. and Mrs. S. S. Stanfield died last Saturday.

Rev. W. S. Cox and family are moving back to their old home in Union Point community.

Prof. W. Z. Dennis is teaching school at Union Point.

Kidnappers are not above cutting prices when, after demanding $100,000 ransom for a Chicago banker, they settled for $5,000.—Montgomery Advertiser.

MORAL ECHOES

(By D. W. Haskew)

Two neighbors lived side by side and often talked to each other from open doors. One of the women was a loyal church goer, and on Sunday morning she called to her good friend, "Is Willie going with me this morning to Sunday School?" The lady next door had a bright son the age of seven, and she replied to the question, "I do not know. Just wait until I ask him?" She asked Willie and he said "No", and he did not go. On Monday morning the Grammar school opened at eight-thirty, but Willie was not asked if he was going to the day school. Mother knew that long before Willie opened his eyes. He might say, "No," but mother and dad said "Yes." It looks strange to me why sensible parents will let their children have their own way about church life, and then demand obedience on educational lines. It does not show that the child is as much wrong as are the parents. Leave a child out of Sunday school and his chances for the chain gang have been multiplied many times.

An eccentric bachelor lived alone in his cottage. The glass window by which he sat looking out over his garden became soiled. He would fret much because the dust gathered on the window pane and obstructed his view. The dust grew thicker and thicker, until the eye could see but little on the outside. The old man became angry because he could not see, and to make it possible for him to see, he struck the window pane with a lightwood knot, knocking it out. Then the old man sat there looking through the broken pane, while the frosty wind gave to him his death cold. Why did he not wash the window and make it clean so that he could see? That would have answered every purpose and that would have saved his life. Laziness and lack of judgment are producing like results in the world today. Why not live the clean life and have our heats washed and made clean, and then we will preserve ourselves from many chilling winds that bring about soul death. That old bachelor was no more foolish than the young man who breaks and ruins his health in the ways of the flesh. It is the washed soul, the clean life, that gives a clear vision and that protects living.

Not long since a negro man was shot while up a tree pilfering the hen roost. The owner of the chickens heard a disturbance among his fowls, and carrying his gun he hurried into the back yard. Seeing a bulk among the limbs he shot, thinking that he saw a large racoon. At the crack of the gun the negro tumbled out. On finding out what he had done the man rushed the negro to the hospital, and had everything done within the skill of man to save his life. Just before dying the negro made this confession, "For thirty years I have made my living stealing chickens, and this is the first time I ever got into trouble." That goes to show that you can not play with sin and get away with it. "Be sure your sins will find you out." Whatsoever a man soweth that shall he also reap. You may make rum for thirty years, but it is coming out on you. You may be untrue to your companion for ten years, but it will not always be hid. It may take thirty years for your sin to create trouble for you, but be assured, trouble is on the way, it will find you.

At Jacksonville, Alabama, two men made a bet. It was mule against mule. The bet was on the election of Hoover and Roosevelt. The day of the election the two mules were put into the lot of a third party. On election day the Roosevelt man won a mule. In one of the Carolinas a man and a lady made a bet. The man bet his house against the lady's hen that Roosevelt would be nominated. He won a hen. What fools we mortals are. Am I right when I say that no one but a fool will go into the gambling business.

A story is told as to how Dr. George Stewart of First Church, Birmingham, tested out the sincerity of beggars. They would come to him by the score asking for help, and assurng him that they wanted to work. The good old doctor had a large pile of loose brick dumped on the rear of the churchyard. When a man would come to him with his hard luck story, he would be given the job of moving those brick and stacking them at another place. The wage was one dollar per day. If the man stuck to his job and worked all day he was paid a dollar at night. If he refused to work, or worked a few minutes and then quit, he was given nothing. About one out every ten stuck to the job and collected the dollar. We need something like that in this time when loafing and begging is in the air. If a man is out begging for a living, he is not worthy of being helped. If a strong, healthy man asks for food at your door, do not give him a crumb of bread until he has earned it. If you have nothing else that he can do, tell him to go into the back yard and dig a hole waist deep and then fill it up and you will feed him. If he refuses, then call the police. Promiscus feeding of hobos pauperizes them. Stop feeding the drifters and they will stop drifting.

The Man on the Corner

Some Sights He Saw—
and Some He Saw Not.

In the Land of Flowers

The many friends of Will Plier were glad to see him back in Clanton last week. He came up from his home in Lakeland, Fla., with a truck load of oranges which he said grew in his back yard. Mr. Plier sold his place on Yellow Leaf Creek, near Lay Dam, a few months ago, and set out toward the south. He hung up his hat in Lakeland, where he bought a home and a small tract of land on which to grow oranges, grape fruit and vegetables. "It is a land of paradise," said Mr. Plier. "We are delightfully located among pleasant surroundings and kindly people. The wonderful land of flowers and sunshine has given us a new hope and a new zeal. I wish we had gone there twenty years ago."

The Scramble for Tobacco Stamps

I met Joe Calloway in the back ally early Monday morning. He was hurrying along with his arms full of papers. I observed close enough to see he had a load of tobacco tax stamps. Joe was in the same fix as all the other tobacco dealers. Monday saw the first imposition of the state tobacco tax. Stamps had to be affixed to every package on hand in the stores. Inventory had to be taken of all goods on hand. It really got the boys in high for a while. By noon, however, all was in order, the stamps were attached, and the smokers were puffing away as usual, only every puff was a contribution to Alabama's deficit. Hurrah for Miller and the economy platform.

Shorty Mullins Gone Hunting

Monday morning was of the kind that is a charm to the heart of every man who enjoys hunting. Shorty Mullins arose preparing for an adventure in the wilds of Choctaw County. "I am going to kill plenty of squirrels," he said, "and maybe some other game, too. "I would kill a big buck, but I know it would be too hard on Bill Simpson to see me come back and park in front of Alred's with an antlered trophy swung on the side of my car. Old Bill would set right out and walk himself to death trying to get to Choctaw to repeat the performance. You know, I don't want to cause Bill that much disturbance of mind and exertion of body. So I guess I will not kill the deer; not this trip anyhow.

Back in the Ox Cart

Some years ago I told the story in this column about Uncle John Bates, of Beat 16, swapping his oxen for a Ford truck. I was wrong in one point of the story. He did not swap off his oxen. He just turned them out on the open range and kept them against the day when he might need them again. A wise anticipation it was. Times have changed since Uncle John got the Ford truck. He has hauled many a load of stove wood and pine with it, but things are different now. Rather than put out twenty-odd dollars to buy a truck tag, he parks the flivver, goes to the woods and ropes one of the steers, and on with his hauling. Resourcefulness becomes the inherent virtue of men who have been up against the hard places of life all along the way. The harder it is to live, the harder they fight to live.

Prophecy Corner

Conducted By

L. A. BUTTERFIELD

"Many shall run to and fro, and knowledge shall be increased." This was Daniel's prophecy of the "time of the end." Last week we considered the first part of this prophecy, and now we have the second.

It seems almost as if the human race had been asleep for six thousand years and then, just a few years ago, had been awakened into intense activity. And many of our fathers and grandfathers believed that in their day human progress had reached its limit. An interesting illustration of this was given in the Scientific American of October 16, 1915.

"Some one poring over the old files in the United States patent office at Washington the other day, found a letter written in 1833 that illustrates the limitations of the human imagination.

"It was from an old employee of the patent office, offering his resignation to the head of the department. His reason was that as everything inventable had been invented, the patent office would soon be discontinued, and there would be no further need of his services, or the services of any of his fellow clerks. He, therefore decided to leave before the blow fell."

This was almost exactly one hundred years ago. At the time there was no telegraph or telephone. Mail delivery was slow and uncertain. There were no electric cars, no subways, no elevated thains, no steamboats, no airplanes. The buggy was the very latest and most up-to-date means of rapid transportation.

Electric light were unknown, there was no illuminating gas, and not even a kerosene lamp. Light, when needed, was furnished by the old tallow candle.

No phonographs would have been found in the homes, and radio broadcasting and receiving was not dreamed of.

There were no sewing machines, no reapers, no threshers, no farm machinery, no electric sweepers, no electric irons. Housework and farm work were done by hand.

Newspapers, such as we have, were unknown. Such a thing as the wonderful octuple web perfecting printing press, which prints, pastes, cuts, folds, and counts newspapers at the rate of 96,000 per hour, or 1,600 a minute, was not within the wildest stretch of imagination.

Thousands of other time and labor saving devices have been invented in our day. Why is it that all these wonderful inventions have been crowded into the last century.

In this there is a lesson for the whole world. The prophecy of Daniel has been remarkably fulfilled before our very eyes. And the significance of it is that this is "the time of the end." This is the last time.—L. A. Butterfield.

THANKSGIVING

"Thanksgiving is an unique day. It celebrates no battle, places no flowers on a warrior tomb, nor commemorates the birth of any great men. There are no tears of bitterness, no rancor or recrimination, no eulogy for the departed dead, in the observance fo this anniversary. It is essentially American, and as Americans, we may observe its coming and be a better people for its presence. No nation has a day quite like it. Thanksgiving is a beautiful, holy, holiday; a day of gratitude and thanksgiving, and indeed we of Alabama have much for which to give thanks," stated Richard Hudson, executive secretary of the Alabama Tuberculosis Association.

"But tuberculosis takes no holiday. Somewhere in this nation of ours, 250 of our citizens have been gathered today in the embrace of everlasting sleep. Somewhere in the State of Alabama today, six of our homes have been visited by the Grim Reaper—indeed tuberculosis marches on."

We cannot not, we dare not, let up in our warfare against tuberculosis. It is a foe which has invaded our every stratum of life. It called Paganinni from his violin; Schiller from his plays; Keats from his poetry; Elizabeth Browning from her lover's side; St. Francis of Assisi from his devout and holy occupations; Chopin from the piano he immortalized; Thoreau from his nature studies; Artemus Ward from his wholesome humor; Robert Louis Stevenson from "Treasure Island." John Paul Jones from his ship; and Matthewson from the baseball diamond. These and scores have achieved in spite of handicaps, but there is nothing beautiful or romantic about the banishment of sickness."

On this Thanksgiving day, we join with millions of Americans and give thanks that there has been found a way to lessen this march of death. There are 150,000 Americans who would have this year answered the last call had there been as much tuberculosis this year as there was twenty-five years ago. I give thanks for those friends who have been saved the ravages of this disease.

And on behalf of every tuberculosis sufferer, I speak to you, who if he could, would raise his husky voice begging you to buy the seal of protection. I speak on behalf of the silent children who sleep the eternal sleep, who if they could speak, would plead with you to protect others from the disease of which they were such innocent victims. I speak to you on behalf of the boys and girls in preventoria who are getting a chance to live healthy lives. I also speak for those for whom there is no chance unless you create it for them, and I am most thankful that it is my privilege to speak for them. Indeed Thanksgiving should be a day of real thanksgiving for all of us.

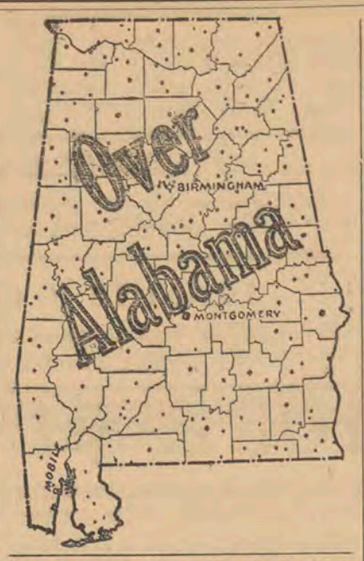
COLLINS CHAPEL

Editor Union-Banner:

Please announce in your paper that there will be a cemetery cleaning at this place Wednesday morning, November 30th. Every one that is interested bring tools to work with.—A. J. Davis.

Dr. and Mrs. S. J. Ezell and family are spending the Thanksgiving holidays this week with relatives and friends in South Carolina. They will return in time for regular church services next Sunday.

The Banner and Post, 1 year for $3.



STATE NEWS PARAGRAPHED

A Resume Of The More Important Events Of Interest Condensed To An Epitomized Form

The Varsity Show Club of the University of Alabama sponsored a "Cabaret Nite" which was attended by approximately 200 couples.

The Junior Red Cross of the Bessemer High School has been active during the term, and is preparing Christmas boxes for foreign students.

All four of Gadsden's motion picture theaters opened Sunday under the Jordan bill which became a law when Gov. Miller approved the measure.

Democrats from over the state met in the Municipal Auditorium, Birmingham, at 8 p. m. Friday in the largest political victory rally in Alabama's history.

Gov. B. M. Miller signed the Harrison bills giving the Alabama Public Service Commission enlarged power in the regulation of public utilities in Alabama.

A jury in Tuscaloosa Circuit Court after 30 minutes' deliberation acquitted Solicitor Ed DeGraffenreid of a charge of arson, in connection with a fire in his home on Sept. 81.

Under authority of the Edmundson act, Gov. B. M. Miller appointed Sam W. Hawkins, Birmingham, to succeed L. B. Cooper as chairman of the Jefferson County Board of Rgeistrars.

The Birmingham district entered November, not only with its early Fall gains in output holding, but with every indication of substantial increases during the month, many industrialists here believe.

Red Cross workers directed rehabilitation of the families made homeless by a tornado which killed one person, injured 20 and caused damage estimated at $50,000 at Cowarts, six miles from Dothan.

Women students at the University of Alabama took a prominent part in the homecoming program, the outstanding event being the sixth annual homecoming convocation of alumnae and women students.

The Baldwin County Bank, closed since last January, opened for business. The bank has a capital stock of $50,000 and a surplus of $25,000. Officials reported that substantial deposits have been made.

Alabama bankers — through their state committee on agriculture, of which M. L. Robertson, Cullman banker, is chairman—are now featuring two projects in agriculture. They are livestock and soil building.

Two children were drowned and four other members of the same family were rescued when a motor boat capsized within 25 feet of shore in the Warrior River at the mouth of Valley Creek, 25 miles from Bessemer.

The State Highway Department awarded the contract for the construction of a steel and concrete bridge over the Conecuh River just north of Troy to the Hagan Construction Company. Fayetteville, Tenn., on the low bid of $22,361.

In order that the post may have as many paid up new members for 1933 as possible when the national commander, Louis A. Johnson, comes to Florence on Nov. 3 and delivers an address to a mass meeting, the Florence Post No. 11.

Birmingham public schools are planning to cooperate again this year with the Birmnigham Community Christmas organization to provide toys for boys and girls of the community who otherwise might have empty stockings Christmas morning.

Forty-five young women will compose the roster of the Woman's Glee Club, University of Alabama, during the 1932-33 season, according to Director Tom Garner. The club this year is composed of an unusually large number of fine voices, he said.

Doffing his senatorial toga as a committee of the Senate was on the verge of opening a formal investigation of bribery charges against him, Elmer D. Jordan resigned as state senator from the Sixth District, and walked out of the Senate chamber as a private citizen.

Scott Roberts, of Anniston, president of the Alabama Cotton Mill Association, has been ramed chairman of the judges' committee for the spinning contest of the Cotton Exhibition here. Mr. Roberts will name two other judges to serve with him.

The American Legion is starting out on a new policy this year, and instead of waiting until a member of Congress is elected to find out how he stands on national defense, "the legion is going to be sure when a candidate throws his hat into the ring, that hat wears the Stars and Stripes."

DAT BLOOMIN PREACHER

All Ah know is Whut de Bible say Bout Hit.

This Week's Blossom:

—o—

Paul sa: "But when I became a man, I put away childish things." Ah sa: "Some folks aint nevah got grown yet."

De tex fur today is in Matthew, 13th chapter and de 47, 48, and 49 verses. "Again the kingdom of heaven is like unto a net, that was cast into the sea, and gathered of every kind. Which when it was full, they drew to shore, and sat down, and gathered the good into vessels, but cast the bad away. So shall it be at the end of the world: the angels shall come forth, and sever the wicked from among the just."

Dis chapter is made up ob parables, dar is seven ob em. You should study evy one uv um. One reason dat we dont git much outen ur sermon when we goes to church is because we dont study our Bibles nuf. Ef we would acquaint ourselves wid de contents ob de Bible, we would not only know whut de preacher wuz talkin bout, but it would enable us to know whut our God expects ob us as well as whut He requires at our hands, dats whut de Bible is fur. Ef you want to know somethin bout soil or fertilizer, or any thing elce, you git de literature on de subject an study it, dont you? God wants us to learn bout Him. An fur dat reason, He gib us de Bible.

One Sunday mawnin at church Ah axed ur little girl how de res ub her folks wuz. (None ob um was at church but her.) An she say, "days alrite Ah recon." Den she sa, "Daddy is gittin good now." An Ah axed her why an she sa, "Cause Ah seed him readin his Bible three times las week." Now dat showed to me dat he hadnt bin readin his Bible much. We ought to make it so dat our children will notice it when we dont read, in other words, de readin ob de Bible should be de rool stid ob de exception.

Ah guess Ah's sed nuff bout dat, so Ah will now talk bout de tex. Ah take it fur granted dat evy body knos whut a drag-net is. Its whut we calls ur seine. One man takes hold ob one end an another man takes hold ob de other an da drags de seine along, an when da thinks dat da has some fishes in it, da either brings both ends together in de middle ob de stream or da rush to de bank an pulls de seine up on shore. De tex sa "they sat down and gathered the good into vessels, but cast the bad away." Ah has hyard some preachers sa dat de Lord wuz talkin bout de church hyar in de world when He spoke dis parable. Dat is, da seemed to think dat de Lord ment dat de net wuz de church an de fishes wuz de members. But de nex verse, de 49th, shows dat He ment fur de net to represent de worl, and de good fishes to represent de chillun ob God an de bad fishes to represent de chillun ob de wicked one, an de separation ob de good fum de bad represented de end ob de worl.

Dar is no one better prepared to tell us jes how it will be when de end ob dis age is reached than our Lord, Jesus Christ. In de 25th chapter ob Matthew, He tells us how de seperation will be made. He tells us in dat chapter dat "when the Son of man shall come into his glory, and all the holy angels with Him, then shall He sit upon the throne of His glory: And before Him shall be gathered all nations; and He shall seperate them one from another, as a shepherd divideth his sheep from the goats." An Ah think dat dis parable is de truest picture ob de great seperation dat will take place dat our Lord left on record, cause hit likens de end ob dis age an de seperation ob de good fum among de bad in a very understandable way fur evybody in all parts ob de worl an in evy age ob de worl. Evy body knows how to catch fish. Ur parable usin de raisin ob cotton in Alabama ur sugar cane in Louisiania couldnt be understood by de people who live in de arctic regions ob de north. So you can see de great wisdom ob our Lord in selection fur dis parable de drag-net fur catchin fish. Now jes fur a moment think bout de men wid de net full ob fishes; da knowed whut kind ob fishes wuz bes tur eat. Dar da set on de bank atter da has drug their net thro de water, pickin out sich as da want, dat is, de good fish, an as da pick up ur bad one da cast it away, why? Jes because it wuznt fit to eat. Da couldnt us it, so da cast it away as worthless.

Some people argues dat God is too good to cast any body away an to support dat argument da sa dat God made evy body an dat makes evy body a child ob God an dat He aint gwyin to cast any ob His chilluns away. De devil is at de bottom ob all sich arguments an he does it to keep people fum believin in Christ. Many thousands hab gone to their graves believen dat God loved them so much dat He wouldnt damn them fur their sins. Sinner, let me ax you one question? Would you want to live in heben wid some people dat you is acquainted wid here? You no some body dat is so mean an sinful dat you dont want to be around dem here in dis life. Now if you cant stan them here how is you gwyin to make out wid um up younder? No, my friens, you is jes sayin dat to keep fum confessin your sins. You is ur shamed to go to God wid sich a cinful life as you has lived an ax Him to forgive you. But Ah wants to tell you dat He is ready to hear de cry ob ur sinner at any time. Jesus is ready an willin to save all dat will confess their sins an take Him as their savior.

Jes think, my friens, how would you like to be separated fum all ob yoah loved ones, an to no dat da wuz enjoyin heben an all dat heben is, while you is bein punished fur your sins in torment? Ah mus clos now. But fust let me ax you, which is you, ur good fish ur a bad one? Which had you rather be, ur good fish ur a bad one? By takin Christ you can change fum ur bad to ur good man, but dat is de only way it can be done. You cant decide within yoah self to be good an go to heben. May Ah beg you to git rite wid God an take yoah place wid all ob God's people an finally go home to heben? May de Lord bless you.—Elder Blossom.

IN MEMORY OF OUR DEAR MOTHER, MRS. LAURA WEBB

It was on October the thirty-first when the Lord called our dear mother away. Her delicate body was laid to rest in the cold ground, but her soul was heaven bound. Mother lived a life that stood the test, and now her soul is sweetly at rest. Her heart was full of love, for she told us she was going above.

She taught her children to do what was right and just, and in Jesus always to trust. In body she had to suffer an awful lot of pain, but it was for some noble purpose, and we know it was not in vain. Sickness and sorrow, it seemed that mother had more than her share, but her reward is a home where everything is bright and fair. Our part now is to prepare to meet her there.

Dear mother, to see you go, we could not help but cry, but there is a blessed hope that we may meet you in the sweet by and by.

A true mother's love is one of the purest ever known, so you have a wonderful friend if you only have a living mother.

We read of a city of jasper and gold that stands by a beautiful sea, but half of its wonders have never been told. How wonderful heaven must be. Our mother has gone to that beautiful land, and waiting for you and for me, with angels she sings on the glittering stand. How wonderful heaven must be.

If any of you have flowers to give mother, give them while she lives. When she has passed away, roses she cannot see, and praises she cannot hear. Give her flowers while she lives, trying to cheer her on; useless the flowers that you give after the soul is gone.—Her daughter, Avoleen.

HOBOES GRILLED IN THE DEATH OF AGENT

Sixteen hoboes, taken from a freight train in Montgomery early Friday following the fatal shooting of C. B. Graves, 52, special agent of the Louisville & Nashville Railroad, near Minooka, Thursday night, were grilled for hours Friday as Montgomery police and railroad special agents joined forces in an effort to find Graves's slayer.

R. C. Goad, chief special agent of the Decatur-Montgomery division of the Louisville & Nashville Railroad, returned to Birmingham shortly before 9 p.m. Friday and reported that although none of the suspects arrested in Montgomery had been identified as the slayer or connected with the shooting of Graves, they would be held in custody "for a while."

Mr. Goad planned to make a tour Saturday of the territory from Calera to Minooka to run down a few clews which he said had developed from the questioning of the suspects in Montgomery Friday.

Graves was shot when he surprised a band of hoboes on a freight train near Minooka, about 40 miles south of Birmingham, two bullets entering his body, one penetrating his spine and the other lodging in his chest. Rushed to Birmingham, the railroad officer died at a hospital here at 2:30 a.m. Friday.

Meanwhile plans for a federal investigation of the shooting of Graves, on the theory that the officer was shot in connection with his recent action in turning over to federal authorities in Birmingham of three hoboes found with 15 gallons of liquor, were dropped Friday afternoon by Sol W. Miller, deputy prohibition administrator.

Mr. Miller said the three hoboes were still in the county jail in Birmingham and could not have had a part in the shooting of the railroad officer.

Graves resided at 3223 North Twenty-Eighth Street. Before becoming a railroad agent 14 years ago, he had served as sheriff of Cullman County and later as chief of police of Cullman. — Birmingham Age-Herald.

THANKSGIVING SERVICE TO BE HELD AT PLEASANT GROVE

Mr. W. J. Best and Rev. Johnson of Pleasant Grove were in Clanton Tuesday and asked the Union-Banner to announce a Thanksgiving service at Pleasant Grove to be held at 11:00 o'clock on Thursday, November 24th. A special sermon appropriate for the occasion will be preached, and all people who can are urged to attend. All are asked to bring some kind of thank offering, such as canned fruit, and other non-perishable foods. Some of the offerings will be given the pastor and some will be given the needy of the community. Especially the other two churches of the Chilton Circuit—Concord and Antioch—are urgto be well represented. Of course, anybody who can come is invited.

SPECIAL! Large 12-oz Bottle, $1.25 Val.

By Special Arrangement With the Manufacturers we make this SPECIAL INTRODUCTORY Offer for a Short Time Only.... **99c**

Nature's Own Secret of Health Revealed

Science Discovers That Good Health Depends on Supplying the System with Necessary Minerals and Vitamins.

Medical Science has discovered that the human body is made up of a very limited number of essential elements. All of these are found in the Mineral kingdom and in foods in their natural state. To be exact, the healthy human body is composed of eleven Minerals and when these are present, in balanced proportion, we enjoy good health.

PROPER FOODS ESSENTIAL

Unfortunately, few of us give any thought to balancing our diets, according to their Mineral content, and therefore we must pay the penalty. A deficiency of these elements brings on Indigestion, Gas, Bloating, Constipation, Headaches, Nervousness and a host of other ills. We soon lose strength, go from bad to worse and become disgusted with life itself.

NEW WAY TO HEALTH

For many long years, Physicians and Chemists have been trying to combine, in proper proportion, the eleven essential Minerals with necessary Vitamins. They realized that the preparation must be easily assimilated and supply the system with these elements so necessary to health.

SCIENCE TRIUMPHS AGAIN

Fortunately, for all mankind, this tremendous undertaking has met with success! Science has perfected a most remarkable formula, known as LEE'S MINERAL COMPOUND. This preparation supplies the system with the eleven essential Minerals, in combination with Vitamins. It is not, in any sense of the word, a "patent" medicine but is more in the nature of a FOOD VITALIZER. It assists Nature, by restoring a proper balance of the Mineral Content of the body and good health follows as a natural result.

BIG SURPRISE AWAITS YOU

You who are blue, down cast and depressed over your loss of health. You who have tried many medicines and treatments with little or no relief—take new heart and cheer! Prepare yourselves for the most joyous surprise of your lives.

MAKE THIS 10 DAY TEST

Convince Yourself!

Stop dosing yourself with "patent medicines," harsh purgatives, oils and cathartics for just 10 days. Go to your nearest Druggist and secure a bottle of LEE'S MINERAL COMPOUND. Take it regularly, and watch the results. You'll be amazed at the feeling of renewed strength and vigor that soon appears. No narcotics or alcohol to "boost you up" but a natural method of restoring health and energy.

For Sale by Upchurch Drug Co., Clanton, Ala., and other good Drug Stores Everywhere. Or send $1.00 to Lee's Laboratories, 365 Peachtree Arcade, Atlanta, Ga., for a large bottle, postage paid.

EYES

Are yau bothered with headaches, nervousness, dizziness, or fatigued feeling? If so see BARSON, for it is probably caused by your eyes. I will do your work and guarantee you the best of eye comfort. Special attention given to children.

SUNLITE BAKERY ENTERTAINED FRIENDS LAST THURSDAY HERE

The Management of the Sunlite Bakery in Clanton entertained a large number of their friends at an oyster supper at the Bakery last Friday night.

A large table was arranged at which the guests were seated. Fried oysters, hot coffee and buns were served.

C. E. Stapp acted as toastmaster. Several citizens and business men responded to the opportunity to say a few words of encouragement to the management of the Sunlite Bakery.

Everybody had a good time. Music was furnished by the Carter Orchestra of Clanton.

Every person in attendance had an opportunity to inspect the plant and equipment of the bakery. This was especially enjoyed. It is considered a distinct advantage for Clanton to have such a modern and up-to-date bakery plant.

The Sunlite Bakery is being operated under the management of Grady Taylor, Garland Foshee, and Harmon Broadhead. These are hustling young business men of Clanton, and their plans contemplate a bakery service that the people of Clanton, and surrounding territory will be proud to patronize.

Not only will the Sunlite Bakery serve the immediate vicinity of Clanton. They will put on trucks that will make deliveries of their products to all nearby towns and communities.

The announcement was made Tuesday morning that Mr. H. L. Crim, of Calera, formerly salesman for Check Bread, will be with the Sunlite Bakery, making a regular route daily with his truck.

OFFICERS HAD RUSHING BUSINESS DURING PAST WEEK

The office of Sheriff Gillespie reports a rushing business during the past week. Nineteen arrests were made, as follows:

One for burglary; three for manufacturing liquor; six for violating the prohibition law; three for assault to murder; one for practicing medicine without license; three for transport-liquor; one for assault and battery; one for seduction.

The jail register Tuesday morning showed a total of 35 prisoners in confinement.

POPLAR SPRINGS

Our singing at this place is progressing nicely. Though the books are new, everybody seems to have a singing spirit.

Sunday school and B. Y. P. U. are doing nicely also. We invite everybody who wish to come and join us and we always welcome all visitors.

We are going to enroll all who will join our singing class which sings thirty minutes before Sunday school, and thirty minutes before B. Y. P. U. We would like for all the singers who can to come and join us. If you can't come in the morning, come at six o'clock in the evening. — Secretary-treasurer.

BAKER SCHOOL NEWS

The basket ball game between Baker and Mt. Pleasant was not carried out last Friday on account of bad weather conditions. Our boys will meet the Mt. Pleasant boys on the latter's court Wednesday afternoon.

The play, "Mrs. Tubbs of Shantytown," is to be given at Baker Junior High school Thursday night, November 24. Winston and Alton Culp, Reuben Chasteen and others will be here and furnish the music between acts. The characters are as follows: Mrs. Tubbs, the sunshine of Shantytown, Annie Lee Bates; Miss Clingie Vine, her lady boarder real genteel, Caudell Chapman; Mrs. Ellen Hickey, a neighbor who hates to gossip, Mamy Lois Culp; Maydelle Campbell, the pretty young school teacher, Lucille Carroll; Simon Rubbels, the corner grocery man looking for a wife, Alton Culp; Tom Diordam, a young census taker, Vernon Baker; Queenie Sheba Tubbs, Lucille Culp; Methasalem Tubbs, A. J. Chasteen; Billy Blossom Tubbs, Horace Baker; Victoria Hortensia Tubbs, Julia Thornton; Elmina Hickey, Lenell Eubanks; Same Neighbors children, Blanche Jones, Sally Eubanks and Willie Ordell Kelly; Mrs. Tubbs' son, Julius Foshee.

TEMPLE CHURCH—CONCORD

The people of this community have been very busy this week eating the scraps of their fat hogs and saving the remainder for better prosperity.

Our school is progressing nicely. Are now building a new room which will be completed in the next few days.

Brother Willie Thirman from Illinois, has been campaigning this week with much interest at the Temple church. Many hearts have been encouraged and we cordially invite them back. The Sunday School is progressing nicely.

Rev. Thurman's message for Sunday at 11 o'clock was found in second Corinthians, 1:2. His subject was Deliverance. Many hearts were made glad for the great deliverance through our Lord.

Again the message for 7:30 o'clock Sunday night was found in Gal. 6:7. A deceived world and a Christly message. God is not mocked; whatsoever a man soweth that shall he also reap. Many hearts were crushed. They will be here this week. Everybody invited to come and hear him.—Rev. C. J. Moates.

THE UNION GROVE B. Y. P. U. PUTS ON A PROGRAM AT FRIENDSHIP

Under the able leadership of Mr. P. M. Martin, the Baptist Young Peoples Union of Union Grove came down to Friendship last Sunday night and put on their regular program as outlined in the Quarterly. Group No. 2, Miss Winnie Kate Robinson captain, had charge of the program.

The general subject under consideration was, "No Respector of Persons, Race or Color." The following topics were discussed by the parties named: "Of One Blood," Winnie Kate Robinson; "Noah's Prophecy," Thomasine Dorminey; "Jesus and the Samaritan Woman," Pearl Chandler; Song, "Helping Just a Little," Edna Robinson and Thomasine Dorminey; "Peter's Lesson on the Housetop," Jesse Dorminey; "Paul's Message to Philemon," Nellie Barnett; "Whosoever Will May Come," Auline Barnett.

At the close of the program a few words of welcome and encouragement to the young people were spoken by the pastor, Rev. Bean, H. F. McCary, J. D. Collins, Manse Hughes and T. E. Wyatt. A cordial invitation was extended to Union Grove to put on another program at Friendship some time in the future. The evening was thoroughly enjoyed.

COUNTY BOARD OF EDUCATION TO MEET FRIDAY

The regular monthly meeting of the Chilton County Board of Education will be held Friday of this week.

The new member of the Board, Mr. C. L. Wilkins, who was elected on November 8th, will take the place of W. J. Billingsley, whose term has expired.

It is understood that the Board in its meeting Friday, will take up and definitely settle the matter of when the schools of the county will have to be closed.

MT. PLEASANT TO PLAY JEMISON

On next Friday night, November 25, at 7:30, the Mt. Pleasant Junior High School basket ball team will meet the Jemison High School Junior team at Jemison. This is the first time these two teams have met in several years, and a real peppy game should be played. Both teams are anxious to get at the other—hence everybody anxious to see two teams match wits and athletic skill can't afford to miss this whizzer. Remember the date and be there. Next Friday night at the Jemison High Sschool building.

CARD OF THANKS

To the Editor:

I wish to express through the columns of your paper the appreciation of myself and the family to all those who recently showed every kindness and assistance possible during the illness and death of my mother, Mrs. J. W. Lawrence. It is hard to realize how good people can be to you until you have had such an experience as we have had.

Again thanking everyone for their sympathy and assistance, I am, gratefully yours,—B. Lawrence.

VIRGINIAN WOULD TEACH FREE

Miss Annie Laurie Rogers, of Norfolk, Va., who says she is 41 and employed, has written Dr. A. F. Harman, State superintendent of education, volunteering to come to Alabama and teach until the middle of June "free of charge."

Miss Rogers wrote Dr. Harman that she read press dispatches saying many schools were expected to close in the state within the next two or three weeks, and being of Alabama stock, she offered her services without cost to some school or county.

"Furthermore," Miss Rogers wrote, "I believe I could bring you 50 trained teachers who would be willing to pay their railroad expenses and teach free of charge until the middle of June."

She said she was employed in o foreign consul's office, possessed an A. M. degree from Columbia University, had taught in the mountain districts of North Carolina and in Missouri and "just love to teach."

"Do give us a chance to serve our country in need," she wrote.

At the same time Dr. Harman reported he had received a letter from Hubert Griffin, of Chapel Hill, N. C., who wrote "I am not having as much success at barbering now as I have had in past years," and stated that he would be willing to teach in a rural school in Alabama for "my board and room." He said he had never taught school before but had "passed a fraction of my senior year at Furman University," and held a high school teachers certificate. Griffin said he would like to cut hair as a sideline.

Alabama Baptists

(Continued from Front Page)

Mr. Bell reported Judson "in a much better position generally" than the college was two years ago, and acting on the report of Dr. Cox, the convention voted to expand its activity in the field of evangelism.

J. W. Beagle, of Atlanta, representing the home mission board of the Southern Baptist Convention, addressed the convention on missionary work among the Indians. Alumni of the Southern Baptist Theological Seminary at Louisville attended a luncheon at which Dr. W. O. Carver, who holds the foreign missions chair at the seminary, was guest speaker.

Report for Howard

W. A. Berry, of Birmingham, reported for Howard College at the afternoon session and this report was followed by a discussion of Summer activities and Baptist student work.

The convention adopted a resolution to enable Howard College to refinance its floating debt, estimated to be between $275,000 and $300,000 at a lower rate of interest.

Mr. Berry reported that the Howard endowment fund had net earnings of $30,007.98 during the year and that over a period of 27 years the earnings totaled $448,168.10.

He said that all of the endowment funds were in use and that the last audit disclosed a surplus of $900 in the bank. No losses have ever been sustained on any of the investments, he said.

Prof. T. R. Eagles, of the Howard faculty, reported to the convention that the members of the faculty had accepted a 25 per cent cut in salary and Dr. T. V. Neal, new president of the institution, described a new system of registration whereby small children may be registered and their tuition be paid by the time they become eligible for college.

He reported that Judge and Mrs. O. D. Street, of Birmingham, recently had adopted a child and enrolled it at Howard under the new plan to enter college when it becomes 18, years of age.

Dr. A. Hamilton Reid, of Birmingham, made his second appearance before the convention at the night session, submitting a report on Sunday school work. James F. Sulzby, Jr., of Birmingham, reported for the Baptist young peoples' union, and Dr. John L. Hill of Nashville, delivered the evening address. His subject was "Claiming and Developing Your Own People."

Baptists in Four Other States Oppose Prohi Law Change

Baptist State conventions in Tennessee, Arkansas, Georgia and South Carolina went on record Thursday in opposition to any change in the prohibition laws and the Baptists of Alabama issued a call for a meeting in that state of prohibition forces to form an organization "which shall oppose all men or measures" seeking any revision in the national or state acts.

Tennessee Baptists meeting in state convention at Jackson decided to protest any effort to repeal or modify the national prohibition laws. Copies of the resolution will be sent to President Hoover, President - elect Roosevelt and members of the Tennessee delegation to Congress.

The South Carolina Baptist Convention launched a movement of "protest against any and all" efforts to repeal or weaken the state or national prohibition laws and declared itself in support of "improvement and enforcement" of all prohibition laws. A special report called on the president and the presiden-elect of the United States, the governor of South Carolina and state and national legislators to oppose the repeal.

The Georgia Baptist Convention in Macon went on record as opposing repeal or modification of prohibition laws and urged congressmen and senators to stand behind it. The report said the law had done "great good."

BISHOP CALLS ON CHURCH TO FIGHT EVILS OF TODAY

Beer Sale As The Depression Cure Is Condemned at Methodist Session Held at Troy

Troy, Ala. Nov. 17. — The curious spectacle of persons urging the sale of beer as a means of ending the depression, while others cry for bread, was pictured Thursday to the Alabama conference, Methodist Episcopal church, South, by Bishop W. N. Ainsworth, Birmingham, as the centennial session of the conference opened.

The address threw the conference into motion, and followed two days of preconvention work in studying the records of ministers in the Alabama conference with a view of making pastorate assignments for the coming year.

"Some people say "sell beer and end the depression," Bishop Ainsworth said, "while others are crying for bread. The church does not propose to retire into a theological heaven and let this present day world alone.

"The Kingdom of God is a kingdom of righteousness. It is the business of the church to proclaim the mind of Christ for every human action, whether personal, social, industrial or political.

God's Will in Society

"It is the business of the church to organize and set up the will of God in human society.

"When bad men conspire, good men must also combine and the followers of Christ must meet the enemies of righteousness on every side.

"The age-old fight and spirit of Methodism must be called forth today."

Following Bishop Ainsworth's address, the official roll call of the conference was taken and the delegates recessed for luncheon as the guests of the Troy Methodist church.

Reassembling after luncheon, the conference held its first business meeting and heard the annual reports of standing committees.

Thursday night a concert was planned, featuring a negro choir from the St. Paul church at Tryo.

More than 400 persons jammed their way into the church to hear Bishop Ainsworth's address, and the registration list was expected to be considerably increased before the close of business Friday.

Church Problems

Although the Birmingham leader touched briefly on the subject of national prohibition, his opening address was centered mainly around the problems facing the Methodist church in combating the evils of the present day.

Enunciating the "power of prayer," Bishop Ainsworth advocated Christian living and religious fidelity as a means of solving present day problems, and then turned to a discussion of the major projects planned by the Methodists during the coming year.

Through a last - minute program change, the observance of Christian education night was reset for Friday night, with laymen's night replacing its place on the original program for Saturday night.

Among speakers scheduled for addresses on Saturday night are Dr. G. L. Morelock, Nashville, general secretary of the board of lay activities for the last ten year, and S. H. Blan, Montgomery, conference lay leader.

Although the meetings of Bishop Ainsworth and his "cabinet" of presiding elders to discuss assignments of pastorates for next year were interrupted Thursday by the routine business of the conference, the probable assignments continued to hold the chief interest of delegates.

The Banner and Post, 1 year for $3.

SAFETY FIRST

THE PUBLIC should be prudent in seeking relief from pain. Take nothing which does not have the approval of the medical profession.

BAYER ASPIRIN will never do you any harm, and almost always brings the desired relief. But remember that the high medical endorsement given Bayer Aspirin does not apply to all tablets for relief of pain.

THE DOCTOR is careful to specify *Bayer* Aspirin for these important reasons:

It has no injurious ingredients. No coarse particles to irritate throat or stomach. Nothing to upset the system. Not even any disagreeable taste. The Bayer process insures a pure, uniform product.

INSIST on the tablet you know to be *safe*. And the one that has *speed*. Bayer tablets dissolve so quickly, you get immediate relief from your headache, neuralgia, or other pain.

WAR VETERANS PLAN BIG RALLY

Will Be Held At Courthouse In Clanton Tuesday Night, Dec. 6

The American Legion is sponsoring a county-wide rally of all World War veterans in every county in the state. At each rally there will be an outstanding Legionnaire who will address the veterans concerning issues that will be of interest to them. Special stress will be made on the payment of bonus and holding all veterans legislation as it now stands. The National Economy League's accusations and false figures of veterans payments will be answered.

The rally for Chilton County will be held at Clanton on December 6 at 7:30 p.m. All veterans are urged to attend this meeting and become acquainted with those things that are of vital interest to them at this time.

This rally on Tuesday night, December 6th, will take the place of the regular monthly meeting of Chilton County Post, which would fall on Monday night, December 5th. All members of the Post are urged to be on hand at 7 o'clock, so the business of the meeting may be dispensed with in time for the visiting speaker who will address the ex-service men at 7:30 o'clock.

Every ex-soldier in the county is vitally interested in this meeting. Come and urge your buddies to come.

The public is invited to attend.

The Chilton County unit of the Legion Auxiliary will also postpone their regular meeting Monday night and hold it Tuesday night at 7:00 o'clock. All ex-soldiers are urged to bring their wives to the Auxiliary meeting.

KEMP-MUNROE ENGAGEMENT

The engagement of Miss Ophelia Anne Munroe, of Sylacauga, to be married to Mr. John Richard Kemp, of Clanton, was made recently. The date of the wedding will be announced later.

Miss Munroe is the charming daughter of Mr. and Mrs. J. T. Munroe, of Sylacauga. She has many friends and acquaintances in Clanton. Mr. Kemp, otherwise known as Dick, is the son of Mr. Tom Kemp, merchant, of Clanton.

STATEWIDE DRY FORCES TO MEET

Will Form Organization To Oppose Repeal of the 18th Amendment

On the opening day of congress in Washington a mass meeting of all the united dry forces of Alabama, consisting of Methodists, Baptists, Presbyterians and other denominations, together with the W. C. T. U., Anti-Saloon League, the Young People's Prohibition Movement, Allied Forces, Parent-Teachers Association, Y. M. C. A., Federation of Women's Clubs and other moral forces will convene in Birmingham for the purpose of formulating plans for a state-wide organization to oppose the modification or repeal of our national prohibition laws. Organizations will be formed in each congressional district of the state.

This day was selected because it is the opening day of congress and it also follows the first Sunday in December which has been selected by the national W. C. T. U. as the day of prayer for the preservation of the 18th Amendment and the protection of our country from the return of beer and wine.

The meeting will be opened with prayer and one person representing each denomination and other cooperating dry organizations will appear on the platform. Besides these one representing each congressional district will be present and presented to the meeting. A constitution and by-laws will be incorporated. All persons interested in the preservation of our prohibition laws are urgently invited to be present.

COMMISSIONERS COURT WENT TO MAPLESVILLE MONDAY

The Court of County Commissoners of Chilton County went to Maplesville Monday to hold a hearing in the case of assessments of lands of Dr. C. N. Parnell.

Dr. Parnell has entered suit against the county seeking lower valuation of his property.

BAPTISTS SEND CAR OF PRODUCE

To all the Baptists of the Unity and Chilton County Assocations, please take notice that on Friday, December the 9th, 1932, the members of the two associations will load a car at Clanton, Alabama, with provisions for the Baptist Orphans at Troy.

We realize it is a needy time with us all but let us all do our little bits and thereby help those who have no one to look to but the Baptists of the state. They need just ordinary things to sustain life. What you use at home, they can use, just send them a small bit of it. Be sure you get it to Clanton on the 9th of December. Some brethren will be at the car to assist you in placing it in the car.

Remember, "It is more blessed to give than to receive." Any one, even though they are not Baptist, feeling disposed to contribute their gifts will be greatly appreciated.—Yours for the work, J. Z. Mims, moderator of Unity Association; J. W. Jones, moderator of Chilton County Association.

MASONS VISITED ORPHANS HOME

J. Z. Mims and Clay Marcus Urge Attendance At Grand Lodge of Alabama

Worshipful Master, J. Z. Mims, of Clanton Lodge, and Past Worshipful Master, Clay Marcus, visited the Masonic Home in Montgomery last Tuesday, November 22.

These men state that the Grand Lodge of Alabama will meet in Montgomery December 6 and 7, and they urge all Masons in Chilton County to attend, and take the opportunity of visiting the Masonic Home while in the city of Montgomery. They state that it will be worth the trip for each and every Mason to go and see the excellent conditions that prevail at the Home.

On their trip to the home last week Mr. Mims and Mr. Marcus carried a lot of packages that were given to inmates of the Home by the ladies of the Eastern Star in Clanton.

They stated also that a movement has been inaugurated among the Masons of Chilton County to get up a truck load of produce to be sent from Clanton on November 29th.

THANKS TO VOLUNTEER WORKERS IN RED CROSS ROLL CALL

C. E. Stapp, chapter chairman, and Sam Ezell, roll call chairman, wish to thank all the voluntary workers in the recent Red Cross Roll Call for their splendid work.

Mr. Stapp states that he is unable to report the complete results before next week, but indications are that Chilton County fell far short of its quota of 750 members. We all regret this, he says, because we were so anxious to show our appreciation to National Red Cross for their help of approximately $40,800.00 in our distress following the storm last March.

All workers in the Roll Call are urged to turn in their membership cards and money this week, in order that a complete list of members and account of money received may be reported through county papers next week.

Mr. and Mrs. C. E. Stapp spent the Thanksgiving holidays with homefolks at Aliceville and Vernon.

STATE'S DEBT TO HIGHER COLLEGES

Total of Fifteen Million Due To Different Educational Agencies

As of September 30, 1932 the state was indebted to educational agencies the sum of $15,536,353.13, distributed as follows:

Alabama College, Montevallo, $688,426.51; Alabama Polytechnic Institute, Auburn, $1,498,264.72; University of Alabama, Tuscaloosa, $755,891.84; Normal school and teachers colleges, $2,419,979.70; elementary high schools $10,173,790.36; total, $15,536,353.13.

This debt is divided as follows:

Outstanding warrants, $13,244,623.43; unpaid appropriations for which warrants have not been drawn, $1,362,500.00; debts incurred by the normal schools and teachers colleges in excess of appropriations, $929,229.70; total, $15,536,353.13.

Warrants outstanding on September 30, 1932 amounted to $16,948,043.64. This amount includes the warrants shown above in which are included the certificated warrants due the Chase National Bank in New York amounting to $4,305,731.05.

Local Red Cross Organizing To Extend Relief to County's Needy

Plans for Administering Program Are Outlined by C. E. Stapp, Chairman of the Chilton County Chapter Of the Red Cross

Mr. C. E. Stapp, chairman of the Chilton County Chapter of the American Red Cross, announces that he will devote the first ten days of December exclusively to relief work among the needy and destitute people of the county.

Last week Mr. Stapp mailed the following letter to 120 committeemen representing every beat in Chilton County:

Dear Sir:

The job of administering relief to the needy is a big one. It is my desire to help in this time of distress, but I want to help in a way that helping some will not hurt others.

I am writing to the hundred or more whose names appear on the attached list asking that they cooperate with me in every way possible in the distribution of food and clothing and work to those in need. I mention work because you might know of some one who has work to be done and can pay for same with produce. Mr. John Thompson advised me a few days ago that he had some light clearing for which he would pay ten bushels of corn per acre. Possibly there are others who can furnish work.

I am expecting another shipment of government flour within a few days, also a shipment of cloth and ready-made articles of clothing. I am anxious that those most in need get this help.

I am taking the liberty of requesting those who seek help to bring a recommendation from one or more of the men whose names appear on the attached list. Will you please help with this work, not only by checking on those who may ask you for a recomendation, but to the extent of filling out the enclosed sheets on any families you may know who are in distress.

There is a certain class of people who depend upon others all the time. During a time like this some of this class fare better than in normal times because they know how to take advantage of the situation and appeal to the emotion of those who are able to help. While this is all true, we have lots of people now who have never asked for help before, but due to the fact that they are unable to find work are in real needy circumstances. Some of this class will suffer beyond our realization before they will ask for help.

Following is the list of committeemen in the different Beats of the County to whom the above letter was mailed:

Beat 1—O. R. Mullins, Chas. Cox, Sam Powers, Tom McKee.

Beat 2—A. A. Conway, J. D. Sut-

(Continued to Back Page)

B. Lawrence Re-Elected Co. Supt. Of Education

Two Members Oppose Action of Board and Offer A Public Statement of Their Positions In the Matter At Last Friday's Meeting

At the regular monthly meeting of the Chilton County Board of Education last Friday, County Superintendent of Education, Buford Lawrence, was re-appointed for that office for another four-year term which begins on July 1, 1933.

Mr. Lawrence began his work as County Superintendent in 1925, and has served continuously since that time. When he has completed his present term and that for which he was re-appointed on last Friday, he will have served a total of 12 years in the office.

At the meeting of the Board last Friday, Mr. C. L. Wilkins, who was elected on November 8th, took his place as a member of the Board, succeeding W. J. Billingsley.

C. C. Conway was re-elected chairman of the Board at the meeting last Friday, and S. J. M. Webb, vice chairman.

Acting upon the question of the present school term, the Board last Friday adopted a half term for all schools of the county. This means that the elementary schools and junior high schools will run for a term of three and one-half months; the senior high schools four and one-half months. Under this ruling, all schools that opened in September will close December 16, and all schools that opened in October (including senior high schools) will close January 20.

Two members of the Board, W. L. Sanders and C. L. Wilkins, opposed the re-appointment of Mr. Lawrence as superintendent last Friday on the grounds that they favored submitting the question to a vote of the people of the county. Both of these gentlemen have written letters to the public through The Union-Banner, explaining their positions in the matter. Their statements are printed below:

W. L. SANDERS WRITES

In regard to the recent election of County Superintendent, I wish to state my views and vote.

In the first place, I don't believe the superintendent should be appointed by the county Board of Education. Thrity-nine of the sixty-seven counties in the state don't believe in the superintendent being appointed by the board. In the legislative session of 1931, there were twenty-two counties decided that it was wrong for the County Board of Education to appoint the county superintendent, and they repealed that law, making the superintendent elective by the people.

This law would have been passed for Chilton County if it could have had just representation in the state senate. Senator Duncan, of this district, said in action that it was right for the people of his home county to elect their superintendent of education, but that Chilton County citizens did not deserve this right, so the bill was killed in the senate.

There are many reasons why I am against the county board appointing the county superintendent, but will not take the space at this time to explain them. It looks like if the three members of the board that elected the superintendent wanted to be fair with the people they would have let them know at least one month before the election was to be held. I want to say to those that expected to become a candidate for the office of superintendent that I am sorry that you didn't have any notice of the election of this official, much less a chance to qualify.

I'm sure you didn't think the board would be so hasty in electing this official, as we had until next May.

I would have let you know about this election but I didn't know it myself until the minute they were ready to take the vote. I cannot see how the three members that elected the county superintendent can feel justified in their action, and can meet the people with a clear conscience after electing an official, whom the people must pay, without letting them know, or even the members whom the people elected, know about the election.

The motion to elect the county superintendent was as follows: Mr. Webb moved that the board appoint Mr. B. Lawrence as county superintendent for four years, which term shall begin July 1st, 1933. Mr. Yates seconded the motion. Mr. Webb, Mr. Yates and Mr. Conway voted in the affirmative. Mr. Wilkins and I. W. L. Sanders, voted in the negative.

I want the citizens of Chilton County to know that I am standing behind my campaign promies, and when I get to where I cannot be a servant of the people I will try to be big enough to resign to someone that will.

I hope to see the time when every citizen in Chilton county can go to the polls and cast their vote for the county superintendent of education, which will mean a greater cooperation of the people towards the schools. This letter may be the means of killing the future cooperation that I might get with the board, but it is my conviction, and must go to the people. — Respectfully, W. L. Sanders.

FROM C. L. WILKINS

Editor Union-Banner:

Please allow me to say a few words to the citizens of Chilton County.

I met with the Board of Education last Friday for the first time as a member of same. I feel like I am due you this letter, as I am sure you would like to know what was done by the Board.

First, the Board was called into session by Mr. Conway, the chairman. Then we had four speakers, one of

(Continued to Back Page)

PAY YOUR CENTRAL FEE NOW

Everybody says, "Yes, we cannot do without our telephone," but when it comes time to pay off, people do not consider the thing so urgent. Or is it that they want the service right on but want to wait as long as possible to pay off?

The Board of Directors would like to give service and not have to bore people with the need of paying fees, but these two things are inseparable. No pay, no service. Mr. and Mrs. Copelan must have some money if they stay in Clanton and operate the business. They have agreed to take some fees in various kinds of produce that people have, but some money is absolutely necessary. And it will not do any good after the operators have been forced to go elsewhere to make them something to eat and wear.

So, the Board of Directors are compelled to urge the payment of fees just as hastily as possible. Pay up your central fees now and get rid of it; the operators need the money.

PROF. PETERSON WRITES TEACHERS

Says Every Dollar Available Will Be Used To Pay Teachers

To the School Teachers of Chilton County:

The County Board of Education desires to allow the teachers an opportunity to make up the Thanksgiving holidays and any other days that may be declared holidays in the future.

The situation is as follows: The schools of Chilton County should run a half term; otherwise, they should never have been started, because the pupils cannot receive credit for less than a half term's work. The county funds lack a few days of being sufficient to run a full term. For this reason it was necessary to declare two holidays for Thanksgiving without pay for the teachers and with the present financial status, an opportunity cannot be given to make up these two days, however the county board wants every teacher in the county to know that if funds become available the teachers will have an opportunity to make up the holidays. The county board wants the teachers to know that every dollar available for paying teachers will be used that way and it is the earnest desire of the County Board of Education to run the schools every day that is practical. — J. A. Peterson, president County Teachers Association.

BEAN WILL PREACH AT MAPLE SPRINGS SUNDAY

Rev. J. Robert of Clanton will preach at Maple Springs next Sunday, December 4th, at 11 o'clock. Rev. Bean as well as the people of that community who have invited him urge that the people of the community furnish him a good attendance.

CHILTON COUNTY MINUTES READY

The Minutes of the Chilton County Baptist Association for 1932 have been printed and are now ready for distribution.

Clerks of the various churches are requested to call or send to The Union-Banner and get the number of copies allotted to their churches. If you wish them sent by mail, send ten cents to cover postage and packing.

SWIFT COMPANY BUYS CHEVROLET

Over A Thousand Cars Purchased In the Past Year

Detroit, Mich., Nov. 28.—An example of how great American business organizations are maintaining their service at a high standard of efficiency despite general business conditions is shown in the purchase by Swift and company of more than 1,000 new Chevrolet Six cars and trucks for the twelve months period ending October 1st.

These Chevrolets, delivery of which were made throughout the year, are being used in every state in the union at the various Swift branches and subsidiary companies to expedite delivery of the company's numerous food products.

At present there are approximately 2,500 Chevrolets in the fleet equipment of Swift and Company. This ranks them as one of the largest operators of Chevrolet fleets in the United States.

EXPLOIT COOSA TIN DEPOSITS

Million Dollar Concern Will Operate Tin Mines Near Goodwater

Greenville, S. C. Nov. 26.—Plans for organization of a $1,000,000 corporation, engineered and financed by Greenville citizens, for development of a huge tin deposit near Goodwater, Coosa County, Ala., were announced today by O. R. Rudisail, who will head the new concern.

Rudisail said options had already been secured on 1,000 acres of land in Coosa County. He said tests by Birmingham chemists had "revealed what is believed to be the largest tin mine in North America."

"Development of the Goodwater line," Rudisail said, "Will enable the United States to compete with England. At present this nation is largely dependent upon Cornwall, England mines for its tin supply.

"We have already secured the necessary money for developing the project as it is to be put up entirely by Greenville persons. Under present plans, we should begin operations in 60 days."

Rudisail, a native of North Carolina, formerly was connected with a tin mine in Lincoln county of that state. He has lived in South Carolina for the last several years.

Rudisail said experts had told him that the tin supply would not be exhausted for 25 years and should be worth $50,000,000.

COUNTY AGENT WILL HOLD A SERIES OF MEETINGS

Soon after December 10th, County Agent, C. E. Stapp, will begin a series of meetings throughout the county for the purpose of discussing the present economic conditions and outlook for 1933.

A schedule of these meetings will appear in next week's issue of this paper. Mr. Stapp will appreciate it if you will take note of the dates and places of these meetings when they are announced, and help him to get a good representation of the citizens of your community to attend.

MORE COUNTIES CLOSE SCHOOLS

Terms Are Ended Because of Lack of Funds to Pay Teachers

Montgomery, Nov. 24.—Thanksgiving brought protracted vacations to 30,000 school children in four more Alabama Counties Thursday.

Lowndes, Conecuh, Tallapoosa and Pickens county schools closed Thursday, bringing the total number of counties in which schools are closed to 15.

The Baldwin county board of education has announced schools there will close in the immediate future. Hale county schools will close December 2.

Orders have been issued at Huntsville that Madison county schools will close after running three months. This means that most of the schools will close immediately, but some will run until Christmas, due to the fact that extended vacations have been given for crop gathering.

In Escambia county, the board has decided to operate the schools indefinitely. Public schools at Enterprise, Coffee county, have been enabled to remain open by an agreement of the city to guarantee teachers their living expenses.

FIDDLERS CONVENTION AT COURT HOUSE FRIDAY NIGHT, DEC. 2ND

The Pilot Club of Clanton will sponsor a fiddlers convention at the courthouse in Clanton on Friday night, December 2nd, beginning at 7:30 o'clock. The proceeds will go half toward paying on the piano at the courthouse and the other half goes to the Pilot Club and will be donated to the Red Cross. Both these are worthy causes and deserve the support of the people of the county.

A cash prize will be offered the best fiddler. Other prizes will be given to those who compete. Anyone wishing further information about the contest may communicate with W. G. Culp or Mrs. C. E. Stapp, both of Clanton.

A mens chorus, consisting of twenty or thirty voices, will sing special sacred selections at intervals on the program.

BOB EVANS---FRUIT STORE

I wish my friends and former customers to know that I have again opened up my fruit store on Main Street, in the building next to Alabama Power Co. office.

You are invited to come to see me when you want to buy the best of any kind of fruit—Apples, Oranges, Bananas, Grapefruit, etc.

I will have a very excellent line of fruits for Christmas, and my farmer friends are invited to come to see me before you buy.

BOB EVANS—CLANTON

County Farm Agent's Notes

Compiled by C. E. Stapp, County Farm Demonstration Agent for Chilton County.

4-H CLUB GIRLS WIN TRIP

Chicago, Nov. 28.—Eva I. Cawley of Blythe, Georgia, and Gene Sheppard, of Milstead, Alabama, have each won a prize educational trip to the 11th national club congress to be held here November 25 to December 3, for superior records in their canning projects, announces the national committee on boys and girls club work. The girls were judged by a committee of state club leaders headed by Mr. R. A. Turner of the U. S. Department of agriculture.

Each girl previously had been named 4-H canning champion of her state and county in a contest sponsored by the Kerr Glass Manufacturing Corporation, which awarded the trips to eight outstanding state champion girls in the nation. The three highest scoring are to receive scholarships at agricultural colleges, awards to be announced later.

Miss Cawley is 18 and completed 8 years of canning projects the past season besides gardening, nutrition, clothing and records. The total value of her products and prizes won on them is placed at $1,934.65. This past year her canning products were valued at nearly $900.00. Her garden project is said to have stimulated her neighbors to grow enough vegetables to supply their own table and to can and sell some, as well as to learn how to combat insects. Her ambition is to become a home demonstration agent. She lives with her parents on a 120-acre farm.

Miss Sheppard is 17 and has been enrolled in 4-H club for 7 years. Canning has been a specialty. The past season she put up 704 pints of food, making a total of 2,926 for her club career. The value of her products and the prizes she has won in 27 competitions is placed at $345.00. The girl belongs to the Shorter 4-H club of 21 members, which was the first in the county to introduce pressure cookers and sealers. Her aim is to attend the Alabama Polytechnic Institute. She lives with her parents on a 120-acre farm, and helps to sew for her family comprising 13 members.

Two girls of the eight sectional winners each canned more than 3,000 pints of food in their club projects. The total of the 8 is 15,718 pints, an average of 1,965. Their records are cited by the judge, Mr. Turner, as evidence of what 4-H training is doing to promote thrift in farm homes. "Practically all of the 550,000 farm girls enrolled in 4-H clubs are carrying on projects which help their families to live well and healthfully, and thus maintain morale in these times," said Mr. Turner. "Many of the girls help entire communities to become more thrifty by canning according to a family budget."

Total value of products and prizes of the 8 girls in their club careers is given as $5,722.26. This is based on 15,718 pints of food preserved, and prizes won in 919 exhibits and contests. The 8 girls average 16 and three-eighth years in age, they have been in club work an average of 6¼ years, and all live on farms which average 103 acres. All are soon to graduate from high school, or have done so.

ALABAMA FARMERS ARE IN LEAD WITH LEGUMES

Alabama farmers are leading the nation in the growing of winter legumes — hairy vetch and Austrian winter peas—for soil improvement.

Seth P. Storrs, commissioner of agriculture, has compiled statistics showing that of the 8,000,000 pounds of winter legumes planted in the southeastern states this year, Alabama farmers planted over 4,000,000 pounds, or about one-half of the total tonnage. Georgia farmers came second with over 2,000,000 pounds and Mississippi farmers third with about 1,250,000 pounds.

FARM CREDIT BANK OPEN FOR BUSINESS

The Alabama branch of the fifth district agricultural bank is open for business and is ready to consider application for Alabama farmers for loans.

Seth P. Storrs, commissioner of agriculture advises farmers who are interested in obtaining loans or in receiving detailed information about the bank to write Jesse B. Hearin, manager, 20 Commerce Street, Montgomery.

SOME GEESE TO SPARE

Mr. Cary Cleckler, of Clanton, Rte. 5, says he has more geese than he needs. If anybody wants to buy a few to put in your strawberry patch, Mr. Cleckler would like to get in touch with you.

COTTON GINNING REPORT

The government report of cotton ginned in Chilton County is 11,487 bales from the crop of 1932, prior to November 14, 1932, as compared with 18,893 bales ginned to November 14, 1931.

ALABAMIAN WINS SCHOLARSHIP

Chicago, Nov. 28.—Miss Gene Sheppard of Milstead, Macon County, Alabama, is the winner of a $200 agricultural scholarship in the National 4-H Canning Achievement Contest, announces the nation committee on boys and girls club work, which conducted it in cooperation with the state's club leaders. The girl was one of eight national winners selected from over 100,000 contestants.

Miss Sheppard also was awarded a prize educational trip to the 11th national club congress to be held here November 25 to December 3 in connection with the International Livestock Exposition. Her awards were given by the Kerr Glass Manufacturing Corporation of Sand Springs, Oklahoma which sponsored the contest to promote home thrift among housewives.

The girl has been enrolled in club work seven years, specializing in food preservation. This past season she canned over 700 pints, bringing the total for her career to 2,926 pints. Total value of her products, and her prizes won in 27 competitions is placed at $345. She is a member of the shorter 4-H Club, the first one in the county to introduce pressure cookers and sealers. Her report is certified by Miss Lida Jones, Home agent.

Late reports from Mr. W. P. Cdump of Tampa, Fla., who was seriously injured in an automobile wreck a month ago, say that he is out of the hospital and is able to be about his home. He will be completely recovered soon.

Mrs. David Ashburn, Jr., nee Miss Elizabeth Crump, of Tampa, Fla., arrived in Clanton last Sunday to spend two or three weeks with relatives here, Prof. and Mrs. J. W. Moore and Mrs. R. W. Taylor.

Boys Offered Best Stories

Bad times are good times for magazine readers, according to the editor of youth's favorite magazine, THE AMERICAN BOY-YOUTH'S COMPANION. More people are writing than ever before, he states. and finer adventure, more gripping yarns, more downright reading thrills are due the magazine subscriber than ever in history.

THE AMERICAN BOY-YOUTH'S COMPANION in 1933 will be loaded from cover to cover with great experiences. For adventure, the reader will travel with the Royal Canadian Mounted through forests and mountains, penetrate to the military posts of Borneo; ride with calvary in India, plunge into the Amazon jungle.

There'll be character-building stories of the professions, of school and college life. There'll be articles on sports, travel and science, that take boys to the Orient, that explain the mysteries of ocean liners and air transports. There'll be stories that satisfy the boy's wholesome appetite for fun and thrill, and his keen desire to learn.

THE AMERICAN BOY-YOUTH'S COMPANION costs just $2.00 a year or $3.00 for three years. In other words, when you subscribe for three years, the magazine's savings enable them to give you a subscription for only a dollar a year! It's the ideal gift for that boy you're interested in, be he son, nephew, neighbor, cousin, or son of your business associate. And an attractive gift card bearing your name will go to him if you request it. Send your order direct to THE AMERICAN BOY - YOUTH'S COMPANION, 550 West Lafayette Blvd., Detroit, Mich. Service on your subscription will start with the issue you specify.

FARM AND GARDEN QUERY BOX

(By K. C. Davis, Knapp School of Country Life, Peabody College, Nashville, Tenn.)

Q.—I have sown new grass seed over my lawn and it has come up thick where the bulbs used to be.. Will this prevent the bulbs from growing next spring?

A.—No, bulbs such as crocus, narcissus, tulip, and others that usually grow in grass will come up through the new grass very readily. The sod will not be heavy, and the new grass will not retard the growth of the bulbs at all. The resulting effect should be beautiful.

Q.—Does it pay to put lime in the compost heap to rot the manure more readily?

A.—When making a compost heap in the fall, place a layer of manure over the space which you wish to cover,—say ten feet long and three feet wide. Then place a layer of straw or leaves on that and a layer of soil about two inches thick on top of the leaves or straw. Such waste as tomato or potato stems can be used in place of leaves or straw. Lime may well be sprinkled on next to the leaves, straw or stems, but it should not be placed next to the manure. When manure and lime come together, it causes amonia from the manure to escape into the air. This is a serious waste. For the same reason lime should not be spread on poultry manure or droppings in the poultry house or elsewhere.

Q.—Do you recommend weaning of beef calves in the fall? How is this done?

A. — If beef calves do not wean themselves when the cattle are on pasture, they can best be weaned by putting a paddle over the calf's mouth with nails projecting through the paddle. Put a ring as if for leading, through the calf's nose. Then fasten a wooden paddle about four inches wide in front of this. Have a six-penny nails reach forward through the paddle. This will cause the cow to fight the calf away when it attempts to nurse. Provide a trough or pen where the calves can enter but the other cattle cannot reach. In this pen put some feed such as bran mash or other grain to provide the calves with plenty of feed beside the weaning pasture.

VALUE OF VITAL STATISTICS

The benefits of registering births and deaths must be obvious to all forward looking citizens and to business and professional groups generally. The first aim of government is to safeguard the rights of citizens. Birth registration is essential for establishing proof of citizenship and of identity, for settling definitely questions of right to enjoy civil and property rights, where questions of age and descent are involved, the right to attend school, to enter employment, to marry, to receive passports, to serve in the civil and military arms of government, to enjoy bequests and the proceeds of insurance. All of these are more or less dependent upon adequate proof of birth and parentage.

Death certificates have an equally important bearing upon the civil rights of dependents and descendants of the deceased. Possibly the most important use of birth and death certificates is that made by public health officials. Birth records tell them how fast the population is increasing and where to concentrate their efforts to save infant life and to control preventable diseases. The information on death certificates has been used to suggest ways and means of combating epidemics, of controlling tuberculosis and other misfortunes of our population which can be controlled. The reports dealing with automobile fatalities and deaths due to fires are particularly helpful in showing national as well as local trend.

Alabama was admitted to the Death Registration Area in 1925 and the Birth Registration Area in 1927. This means that in the state taken as a whole, 90 per cent of the births and deaths are reported. This percentage is not registerd in all counties. While the doctor or midwife is responsible for reporting a birth, in the case of deaths, in case no undertaker has charge of the funeral, the family becomes responsible for the report. There is a local registrar in every beat. It is the duty of the family to see that a report of the death is made to the local registrar and a burial permit secured before burial. The fact that this is not generally understood has resulted in the failure of many deaths to be reported. The Bureau of Vital Statistics requests that the people of Chilton County cooperate with the local registrars in seeing that every birth and every death occuring in Chilton County is reported. The following citizens are registrars for Chilton County:

Beat 1, Mrs. Delbert Brand, Clanton, Ala., Rte. 5; Beat 2, Mr. B. L. Cobb, Jemison; Beat 3, W. T. White, Maplesville, Rte. 1; Beat 4, Mrs. V. J. Gragg, Clanton; Beat 5, Mrs. W. A. Gulledge, Verbena; Beat 5-A, Miss Mary V. Henderson, Mt. Creek; Beat 6, Mrs. V. J. Gragg, Clanton, Ala., Beat 7, Mrs. C. N. Parnell, Maplesville; Beat 8, J. A. Sample, Plantersville; Beat 8-A, Mrs. C. N. Parnell, Maplesville; Beat 9, Mrs. Charlie Howard, Thorsby; Beat 10, Mrs. Jamie Moore, Cooper; Beat 11, Mrs. Delbert Brand, Clanton, Rte. 5; Beat 12, Mrs. Delbert Brand, Clanton, Rte. 5; Beat 13, Mr. W. G. Shaw, Calera, Rte. 1; Beat 14, Mr. Z. J. Jones, Jemison, Rte. 1; Beat 15, Mr. J. A. Crane, Pletcher; Beat 16, Mr. J. W. Clackler, Clanton, Rte. 1.

PAPER WOOD CUTTING REQUIRES JUDGMENT

Montgomery, Ala., Nov. 28. — The cutting of moderately small pines for paper wood is justified under forestral practices providing that the cutting is done with discrimination and judgment, according to the Alabama State Commission of Forestry. Timber is grown to be used, points out the commission, and it is not always material whether it is cut in a single large amount at the end of a long period or in several smaller amounts at shorter periods. Thus the timber owner may wait until the trees are thirty years of age and then market a yield that will bring $60.00 per acre or, under favorable circumstances, he may sell two fifteen year old yields over the same period, each bringing approximately $30.00 per acre.

Which of such methods is the better depends largely upon current circumstances as well as upon the principles of long time investment. While the price received for small size material may be lower than that received for the same cubic wood contents in larger trees, during a period of economic depression the lesser amount received may have much more purchasing power per dollar than the large amount during normal times. The time elapsing from the starting of a young timber stand until it is cut according to a definite plan is known as the rotation period. Short rotations have their place in forestry as well as long rotations, and if intelligently applied may yield fully as substantial profits.

The timber owner, however, owes a great deal to himself nad cannot evade the responsibility of using good judgment and common sense in cutting short rotation material such as poper wood. The larger trees require less labor and expense per cord to cut and market and usually bring a better price than the small sticks. Ordinarily the latter should be left to add to their growth before being cut. However, should it be deemed necessary to make a fairly clean cutting, from three to five trees per acre shoud be left as seed trees. All of the merchantable part of each tree cut should be removed. This applies especially to the stumps. There is little excuse for cutting paper wood to a stump height of more than six inches.

FAMOUS FERTILIZER CONCERN MOVES OFFICES TO ATLANTA

Atlanta, Ga., Nov. 28.—Announcement has been made here by President John E. Sanford, of Armour Fertilizer Works, that the general offices of the Armour Fertilizer works will be moved from Chicago to Atlanta, between now and the first of the year.

Adequate office space has been leased in the Walton Building and as soon as it is ready for occupancy the general office staff will be transferred from Chicago to Atlanta.

The Armour Fertilizer works is one of the largest fertilizer manufacturing concerns in the United States, operating from New England down the Atlantic Coast through the Middle West into Texas.

The company has twenty-five manufacturing plants, located at Chicago, Ill., Cincinnati, Ohio, Jeffersonville, Ind., Sandusky, Ohio, Nashville, Tenn. Searsport, Maine, Carteret, N. J., Baltimore, Md., Norfolk, Va., Columbia, S. C., Navassa, N. C., Greensboro, N. C., Atlanta, Ga., Augusta, Ga., Columbus, Ga., Albany, Ga., Montgomery, Ala., Jacksonville, Fla., New Orleans, La., Houston, Texas, Columbia, Tenn., Marysvale, Utah, Bartow, Fla., Matanzas, Cuba, and San Juan, Porto Rica; and in addition division or sales offices at Chicago, Ill., Cincinnati, Ohio, Sandusky, Ohio, Nashville, Tenn., Presle Isle, Maine, New York City, Baltimore, Md., Norfolk, Va., Columbia, S. C., Wilmington, N. C., Atlanta, Ga., Greensboro, N. C., Albany, Ga., Montgomery, Ala., Jacksonville, Fla., New Orleans, La., Havana, Cuba and San Juan, Porto Rico.

President Sanford, who is in Atlanta, in speaking of this move said, "the bulk of the business enjoyed by the Armour Fertilizer works is in the South, and in view of the highly competitive conditions now confronting the industry and likely to confront it for some years to come, it seems desirable to have the executive officers near the company's customers, that they may keep in touch with their problems and be in position to render the best possible service. The fact that most of the company's plants are in the south and fairly close to Atlanta is another reason for the move, and it is expected that supervision of operations will prove more economical and that the contacts with operating heads and executive heads will be more frequent.

Much of the wholesaling of fertilizer materials takes place in the south and Atlanta has always been regarded as the center of the fertilizer business. It seems very proper, therefore, that the Armour Fertilizer works, one of the largest companies in the fild, should have its headquarters in Atlanta.

Most of the Armour executives are southern men, and they are very happy over the company's decision to move south. All of them, with their families, will be brought to Atlanta, and clerical and stenographic help will be recruited as required."

MEMORY OF MRS. J. D. SANDERS

On November 12 Mrs. J. D. Sanders closed her eyes in an endless sleep. For several months her health had been failing. All that loving hands could do, was done, but the death angels beckoned, calling her to that beautiful home above. Those that knew her loved her best. She was kind to all she knew. God in His love saw fit to release her of her suffering. Although she never murmered against her suffering, she has from us forever gone but not forgotten. In that home is a vacant chair that can never be filled, although we can see her smiling face still. So weep not loved ones for her, for she is at rest from the pains and troubles of this world.

She leaves to mourn her loss a husband, six children and several grandren, as follows: Mr. Charlie Sanders of Louisiana; Mr. Walter Sanders of Sylacauga; Mrs. Houston Coggins of Clanton Route 7; Hugh, Otis and Gladys, all at home. The remains were laid to rest in the Shiloh cemetery on Sunday, November 13, with Rev. A. C. Nelson officiating. E. J. Brand of Spiginer Funeral Home was in charge.

She has gone but not forgotten. Never will her memories fade. Sweet thoughts will ever linger around the grave, where she was laid.—Mrs. O. D. Deavers.

If You GET UP Nights

Physic the Bladder With Juniper Oil

Drive out the impurities and excess acids that cause irritation, burning and frequent desire. Juniper oil is pleasant to take in the form of BUKETS, the bladder physic, also containing buchu leaves, etc. Works on the bladder similiar to castor oil on the bowels. Get a 25c box from any drug store. After four days if not relieved of "getting up nights" go back and get your money. If you are bothered with backache or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep. Alred Drug Co., and Upchurch Drug Co., says that BUKETS is a best seller.

The Banner and Post, 1 year for $3.

ANOTHER PRIZE EGG

Riley Scott brought in another prize hen egg Tuesday. It measured 8½ inches around the long way and 5 and three-quarter inches around the short way. Actual length of the egg was 3¼ inches. It was layed by a Rhode Island Red hen.

Uncle Tom Pyron has been sick for several days. He will appreciate a visit from any of his old friends who can call to see him.

Mrs. Dunn, from Garland, Ala., is the guest of her sister, Mrs. S. J. Kicker.

NOTICE OF SALE OF LANDS

State of Alabama, Chilton County; in Probate Court of Chilton County, Alabama. In the matter of the petition and application of W. W. Cobern, as guardian of G. W. Cobern, a non compos mentis, to sell lands of said non compos mentis to pay debts and for the future maintenance and support of said non compos mentis and his family.

Notice is hereby given that in pursuance of a decree made and entered in the above stated cause on October 28, 1932, the undersigned, as guardian of G. W. Cobern, a non compos mentis, will sell the herinafter described property situated in Chilton County, Alabama, during the legal hours of sale on the 15th day of December, 1932, at public outcry to the highest bidder for cash or in the alternative for one-third cash, one-third of the purchase price payable in one and two years, with 8 per cent interest from date, secured by a mortgage providing for the usual terms of foreclosure.

Said property being situated in Chilton County, and described as Lot No. 13 in Block "A" of the Dennis plat of Mt. Creek, Alabama, in Chilton County, Alabama, as the same is recorded in the office of the Judge of Probate of Chilton County, and said plot of land being further described as being recorded in Record No. 193 at page 62 in the office of the Judge of Probate of Chilton County, Alabama, and being the same lot heretofore owned by Bessie Martin; 1 lot of land in Chilton County, Alabama, described as follows: I vacant lot in the Southeast corner of the Northwest Quarter of the Southeast Quarter of Section 17, Township 20, Range 16 and being in Mt. Creek, Alabama, and being the same land described in Record 193, at page 60 in the office of the Judge of Probate of Chilton County, Alabama. One plot of land in Chilton County, Alabama, as follows: 2 acres on the West side of the Southwest Quarter of the Southwest Quarter, Section 16, Township 20, Range 16, and being the same lands heretofore owned by Lizzie Norris and being described in Record 193 at page 59 in the office of the Judge of Probate of Chilton County, Alabama. One parcel of land in Chilton County, Alabama, described as: 8¼ acres of land in the Southwest Quarter of the Southwest Quarter of Section 16, Township 20, Range 16, described as follows: Beginning at the Southwest corner of said Section, thence running in a northerly direction along said section line 121 yards to a stob, thence north 86½ degrees E. 330 yards to a stob, thence South 3½ degrees E. 121 yards to the South boundary line of said Section, thence in a westerly direction along said section line 330 yards to point of beginning, being the lands formerly owned by Cora and William Youngblood.

This the 14th day of November, 1932.

W. W. COBERN, Guardian.

Fifty and Fit

A MAN is as old—or as young—as his organs.

At fifty, you can be *in your prime.*

Why go along with "fairly good health" when you might be enjoying vigor you haven't felt for years?

There's a simple little thing anyone can do to keep the vital organs stimulated, and feel fit all the time. People don't realize how sluggish they've grown until they've tried it. The stimulant that will stir your system to new life is Dr. Caldwell's syrup pepsin. It will make a most amazing difference *in many ways.*

This famous doctor's prescription is a delicious syrup made with fresh herbs, active senna, and pure pepsin. It starts its good work with the first spoonful. That's all you need to drive away the dullness and headache of a bilious spell, and rid the system of that slow poison that saps your strength. It's better than a tonic for tired bowels, and unlike habit-forming laxatives you can take it freely or give it to any child. And it isn't expensive.

Get some syrup pepsin today, and take a little tonight. Don't wait until you're sick to give your system this wonderful help. You can *avoid* those spells of biliousness or constipation. A spoonful every now and then is better than constant worry about the condition of your bowels, or fear of auto-intoxication as you grow older. Dr. Caldwell's syrup pepsin protects the system. All druggists keep this preparation.

UNIVERSITY NEWS

University, Ala., Nov. 28.—Alabama Crimson Tide left for San Francisco Saturday morning where they will clash with the St. Mary's eleven on December 3.

The tide will be making its fourth trip to the West coast. They represented the south in the Rose Bowl of Pasedena in 1925, 1926, and 1930. They won two of these games and tied the third.

The 1932 Crimson Tide, although it has lost to both Tennessee and Georgia Tech this Fall, is rated just as high as the others that have gone to the West Coast and Alabama fans are in high hopes of victory over the Galloping Gaels of St. Mary.

Alabama brought its Southern conference season to a happy ending on Turkey Day with a glorious victory over the heretofore undefeated Vanderbilt eleven. Alabama went into the game the under-dog but, playing the best ball it has shown this fall, they crushed Vandy 20 to 0.

The Alabama team looked like a great outfit in beating Vanderbilt. The line played airtight ball from end to end and the backs never ran any harder. It would be hard to pick out stars as every man played great ball. Captain Cain ended his Southern career in a burst of glory. He scored the first touchdown and lead all backs in ground gaining, averaging over 4 yards every time he took the ball.

Alabama will have to be at its best to cope with the St. Mary's team, fans believe. The Gaels have played a very hard schedule and have dropped but one contest. They lost to the Fordham Rams in New York City.

Alabama will spend Tuesday in Los Angeles and arrive in San Francisco Wednesday.

Eighteen new members were initiated recently by the University of Alabama Quadrangle Club, a Christian organization, founded on the four square principle of spiritual, mental, social and physical development.

An exhibition of the paintings of A. L. Bairnsfather, prominent artist of Birmingham and New York, is now being held in Doster Hall. Thirty-six works, including portraits, industrials, marines, and interiors, are on display.

Seven new members were initiated by Alpha Epsilon Delta, national honorary pre-medical fraternity founded at the University of Alabama in 1926 and which now has nine active chapters.

Col. William Reed, R. O. T. C. officer for the Fourth Corps Area recently made his annual inspection of the R. O. T. C. unit at the University of Alabama.

President George H. Denny of the University of Alabama and Dean Stuart Graves, dean of the medical school, have returned from the East where they attended several meetings of interest.

A series of plays called "workshop" presentations are being inaugurated by the Alabama Blackfriars, student dramatic organization. They are given within the club with members and their guests as the only audience.

Quick Action Counts and BAYER has it!

Insist on genuine *Bayer* Aspirin! Not only for its safety, but for its *speed*. The tablet stamped Bayer dissolves *at once*. It gets to the seat of pain without delay. It is many minutes faster than any imitation you can buy, and time counts when you're in pain! For quick relief of headaches, colds, sore throat, neuralgia and rheumatism, periodic pains, and other suffering, stick to the tablets of Bayer manufacture. All druggists.

Genuine BAYER ASPIRIN

does not depress the heart

SCHOOL HEAD NAMED

Jasper, Ala., Nov. 27.—Prof. James S. Brown, superintendent of Carbon Hill City schools, was elected superintendent of Walker County by the County Board of Education at its annual meeting here Saturday. He will assume his duties December 1, and will fill the unexpired term of Dr. J. Alex Moore. Brown's salary was fixed at $3,000 annually with expense account of $900.

R. Jess Wilson was elected president of the board, succeeding James Nicol, Jr., with Mrs. Daisy Morris, vice president. Mrs. Morris and Tom Jefferson, newly elected board members, were sworn in for their six-year term officially beginning on November 25.

Locals

Mr. W. J. Billingsley, manager of the Peoples Cash Store in Clanton, expresses his appreciation of the splendid patronage that store has received in recent months. "Our store," said Mr. Billingsley, "is owned and operated by home folks. Money spent with us stays in Clanton. We want to help our town and our county and our home people. We stand ready to do this at all times and in any way we can. We invite our friends to come to see us, and we will continue to do our very best to serve you to advantage to yourself."

Mrs. Willie Longshore and children of Birmingham spent the week end with Mrs. John T. Ellis.

Dr. and Mrs. Latham of Birmingham have returned to their home after a brief visit to relatives here.

A party composed of Leroy Martin, Mrs. J. Mell Martin, the Misses Mildred and Janice Danforth, Mary Foshee and Clyde Jones spent Friday afternoon in Montgomery.

Aubrey Taylor of Auburn spent the Thanksgiving season here with his parents, Mr. and Mrs. Roland Taylor.

The many friends of little Miss Lois Rockett will be glad to know that she has returned after an absence of several weeks spent in the Magic City.

Sidney J. M. Webb, of Isabella, J. J. Johnson of Route 5, and O. R. Mullins, of Clanton, are in Montgomery this week on jury duty at Federal Court.

Mr. and Mrs. A. S. Prince and son, Wilbur, accompanied by Mrs. Irene Rasberry and Eloise Rasberry spent Thanksgiving in Alexander City with Mrs. Sallie Prince.

Master Marion Smith, Jr., of Birmingham, is the guest of his grandparents, Mr. and Mrs. W. W. Polk.

Mr. and Mrs. J. Q. Wade made a business trip to Montgomery Tuesday.

Mrs. W. E. Huddleston of Tuskegee is spending this week with her son and daughter, Mr. and Mrs. W. E. Huddleston, Jr.

Mr. and Mrs. S. A. Jones spent Thanksgiving holidays with Mr. and Mrs. D. E. Raney of Bessemer.

Misses Ethel Mae Jones, Delene Lawrence and Mr. and Mrs. C. N. Shaw spent Sunday at Tuscaloosa with Mr. Hugh Shaw, who is attending the University of Alabama.

Mr. and Mrs. Dan W. Parrish and son, David Lee, of Jordan Dam, Wetumpka, were in Clanton Sunday, visiting relatives and friends.

Ralph Jones, of Birmingham, spent Thanksgiving Day with his mother, Mrs. Willie Phillips Jones, in Clanton.

POPLAR SPRINGS

Everything is still progressing nicely, regarless of the cold weather. A large crowd attended preaching services, both Sunday morning and Sunday night.

Sunday being our regular preaching day Rev. W. P. Lowery, though he was almost unable to be there, delivered a fine sermon. And Rev. Charlie Haggard, a young preacher from Maplesville, delivered a wonderful sermon Sunday night following B. Y. P. U., which every one enjoyed.

We were indeed glad to have Bro. Haggard with us and we give him a hearty welcome back at all times. We also welcome all the visitors.

Our singing class is doing fine. All the new songs are becoming old or rather the class sings them like they were old. All singers are invited to come and jon us.—Sec'y-Treas.

Lesson for December 4

LIVING WITH PEOPLE OF OTHER RACES

I KINGS 8:41-43; John 4:5-10; Acts 10:30-35.

GOLDEN TEXT—Then Peter opened his mouth, and said, Of a truth I perceive that God is no respector of persons. Acts 10:34.

PRIMARY TOPIC—Telling a Foreigner of Jesus.

JUNIOR TOPIC—The God of All Nations.

INTERMEDIATE AND SENIOR TOPIC—Playing Fair with Other Nations.

YOUNG PEOPLE AND ADULT TOPIC—Following Christ in Dealing with Other Races.

The approach to the heart of this lesson is through the Golden Text. Paul on Mars' Hill declared, "God hath made of one blood all the nations of men for to dwell on all the face of the earth" (Acts 17:26).

I. Solomon Praying for Foreigners (I Kings 8:41-43).

The church has for its task the preaching of the gospel to lost men of all races. Christ came to seek and to save the lost (Luke 19:10).

II. Christ Dealing With a Foreigner (John 4:4-10).

1. Jesus must needs go through Samaria (vv. 4-5). Because of the growing opposition Jesus was obliged to leave Judea. He must "needs go through Samaria," not because there was not another way to reach Galilee, but in order to find this poor sinful woman and the needy citizens of Sychar.

2. Jesus testified to the woman (vv. 6-19).

a. A favor asked (v. 7). He tactfully made a request which appealed to the woman's sympathy. In introducing the conversation, he referred to that which was uppermost in her mind, water. This was the teacher's point of contact. He soon passed from a reference to earthly water to the water of everlasting life, in himself.

b. Jesus' tender dealing with the woman (vv. 10-15). He first appealed to her curiosity by declaring "if thou knewest the gift of God" (v. 10). He knew the deep unrest of the soul of this sinful woman. He knew that if she really knew him she would believe on him and be saved from her sins. He followed this appeal to her curiosity by a promise which directed her attention to her deepest needs.

c. The woman convicted of her sins (vv. 15-19). Before she could understand what the water of life was she must be convicted of her sin. She did not argue with him, but became a humble inquirer.

III. The Salvation of a Foreigner (Acts 10:30-35).

The Jews hated the Romans because they were under bondage to them. Peter, the head of the Apostolic group, was a Jew of strong prejudice. The time had now come for the removal of the wall of partition between the Jews and the Gentiles. Cornelius, a Roman soldier, was a devout and praying man, though not saved. Two visions were given:

1. To Cornelius (Acts 10:3-8). While engaged in prayer an angel from God instructed him to send to Joppa for Peter who would tell him what to do.

2. To Peter (Acts 10:9-16). Peter saw in a vision a certain vessel containing clean and unclean animals let down from heaven, and heard the command to arise, slay, and eat. This vessel let down from heaven and taken back again indicated that both Jew and Gentile were accepted on high. At the bidding of the Spirit, Peter went with the messenger, and in his sermon to Cornelius he set forth,

a. The basis of salvation—the death of Christ.

b. The scope of salvation—whosoever believeth on him.

c. The method of appropriation of the salvation—faith in Christ.

IV. All Nations Are of One Blood (Acts 17:22-28).

The way to bring peace among the nations is to make God known.

1. Paul's declaratoin concerning God (vv. 24-25).

a. The Creator of the universe.

b. His spirituality and immensity. Being essentially Spirit, heart worship of him is demanded, and being infinite, he cannot be confined to earthly temples.

c. His act of providence. He declared that in him we live and move and have our being.

2. Paul's declaration concerning man (vv. 26-28).

a. We are the offspring of God (v. 28).

b. Nations have their place by God's purpose.

c. Man should seek God. These truths concerning God and man as declared and received will remove racial and national barriers.

WORDS OF WISDOM

Death means birth into a fuller life.

* * *

The crown of all virtues is love or sympathy.

* * *

The best and purest of all joys is natural affection.

* * *

The profoundest fact of human life is that, for everyone, the real, the only true life is lived in the realm of the spirit.

Mrs. Alfonso Sanders spent the week end in Thorsby with her parents, Mr and Mrs. T. W. Robinson.

PATES CHAPEL

Mr. Wilbert Maddox carried Miss Hazel Maddox and Mrs. Roscoe Maddox to Birmingham Tuesday in Mr. Roscoe Maddox's car.

Misses Martha and Mildred Hayes, Lorene Cleckler, Mr. and Mrs. Riley Hayes and children spent Sunday with Mr. and Mrs. Charles Hayes.

Mr. and Mrs. Morris Rainwater and little son, Johnny, were Sunday dinner guests of Mr. and Mrs. Tommie Maddox.

Messrs. Lawless and Davis, insurance agents, of Birmingham, were the guests of Mr. and Mrs. Tommie Maddox Friday night of last week.

Miss Maude Wallis spent the night with Mr. and Mrs. Morris Rainwater.

Miss Emily and Mr. Macey Pate, Lee and Pink Hayes and Mr. Eugene Cleckler visited Mr. and Mrs. Morris Rainwater Sunday night, and were entertained by their little son reading, who was only 3 years of age. Mrs. Rainwater served candy. The night was much enjoyed by all.

Mr. and Mrs. Morris Rainwater were the Sunday dinner guests of Mr. Alex Maddox and daughter, Hazel.

Mrs. E. J. Hayes and Mr. Alex Maddox were Sunday evening guests of Mr. and Mrs. Tommie Maddox.

Our W. M. U. met Saturday afternoon at 2:00 o'clock, and we had a splendid meeting. Little Miss Rubye Maddox and her brother, Roscoe Maddox, rendered a beautiful little song, with Miss Hazel Maddox organist. The song was, "We are Praying for You." We will not have but one meeting next month, in December, and that one will be December 10th. We especially invite all visitors and members.

Next Saturday and Sunday will be regular preaching time at Pates Chapel. We want everybody to come. It will be December 3rd and 4th. It starts at 6:00 o'clock on Saturday night and at 10:00 o'clock on Sunday. Rev M. Lockhart, our pastor, will preach.

We are giving a singing practice at the home of Miss Hazel Maddox next Thursday night, December 1st. We invite all who will to come and join us.

Mrs. J. O. Maddox of Pleasant Grove community spent the day with Mrs. Tommie Maddox Monday of this week.

We are going to render a program at Pates Chapel schoolhouse between now and Christmas. Everybody look in Pates Chapel news for the date and we want all outsiders to come and help us out. What money is raised will be for the church and school.

TEMPLE CHURCH—CONCORD

The death angel visited Mr. L. W. Mims Sunday morning about four o'clock and took away the soul of little Sarah Nell. She was 19 months old. Was taken Friday night and died Sunday morning at four o'clock.

She was the only child they have. The little vacant place in that home no one can fill, but God has the little place prepared for her to fill.

She was laid to rest in the Temple cemetery with Martin in charge. Bro. Wilie Thurmond, from Illinois, conducted the funeral Sunday evening at four o'clock.

She leaves to mourn her loss, the little mother, Clara Mae, and its father and a host of relatives.

Opening service by singing the song "Rock of Ages." Prayer by Bro. Thurmond and then another song "Jesus Paid it All." His text was found in I This., 4:16. The message "The Coming of Jesus." The pallbearers were S. M. Devaughn, Jack Mims, Osie Mims, Ervin Mims.

Bro. Thurmond preached the closing sermon Monday night and is leaving for Florida.—C. J. Moates.

Boys and Girls Earn A Prize

Mr. W. H. Sartor, manager of the Fair Store, is offering a long list of valuable prizes, to boys and girls, or grown-ups, who earn them the "Brownbilt Club" way. The list of prizes includes: Steel Coaster Wagon, Roller Skates, Wrist Watch, Pen and Pencil Set, Flashlight, Scout Knife, Campers Axe, Football, Sled and forty other valuable articles.

You receive one point credit toward a prize for each dollar's worth purchased by you or a friend or relative whom you send there to trade. Call for a large circular fully explaining the plan.

The Fair

W. H. Sartor, Mgr. Clanton, Ala.

Central Singing Society

The singing last Sunday afternoon was held at Friendship, Prof. O. L. Devaughn presiding. The attendance was small both as to listeners and as to singers; however, the singing was fairly good. Among those directing were: S. V. Miller, R. M. Robinson, L. T. Grant, Ralph Grant, A. O. Boswell, Chester Wyatt, Rev. M. Lockhart and T. E. Wyatt. The singing was opened with prayer by the chaplain, R. M. Robinson, and dismissed with prayer by Rev. M. Lockhart.

The singing next Sunday afternoon will be held at Chestnut Creek, Coopers. The singers of the county and the public in general are cordially invited.

The singing at the courthouse on Thanksgiving night was somewhat a disappointment. The audience was large enough, in fact the court room was almost filled; but the class was not what it should have been. The greatest drawback to the singing was the scarcity of books. There will not be another singing at the courthouse until there is assurance of a better supply of books; and it is hoped that if we have another such singing, the leading directors of the county will lend us their support. When a big crowd gathers at the courthouse they expect real singing, and it is a sore disappointment to make a flash with a house full of anxious listeners.

PLAY AT BILLINGSLEY SCHOOL

The faculty of Billingsley High School are presenting "Light House Nan," comedy in three acts. The play is supported by probably the strongest cast ever to appear on a Billingsley stage. A real treat is in store for the audience. The play will be presented in the new Billingsley High School auditorium, Saturday night at 7:30 o'clock. Admission will be 10 cents and 20 cents.

How Doctors Treat Colds and Coughs

To break up a cold overnight and relieve the congestion that makes you cough, thousands of physicians are now recommending Calotabs, the nauseless calomel compound tablets that give you the effects of calomel and salts without the unpleasant effects of either.

One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish,—no danger.

Calotabs are sold in 10c and 35c packages at drug stores. (Adv)

SHERIFF'S SALE, PERSONALTY

The State of Alabama, Chilton County:

By virtue of an execution issued out of the Circuit Court of Chilton County, Alabama, and to me directed whereby I, as Sheriff of said County, was commanded to make the sum of one hundred ninety dollars, principal and interest, and Fifteen and forty one-hundredths dollars, costs of suit, the amount of a certain judgment and costs therein obtained at the July term, 1932, of said Court of said County, Alabama, in favor of Roberta A. Wilson against O. P. Kelley, I have levied upon and will sell to the highest bidder for cash, at public sale, between the hours of 11 o'clock a.m. and 4 o'clock p.m., at Kelley's Lunch Shop in Maplesville, Alabama, on the 12th day of December, 1932 all the right, title and interest of the above named O. P. Kelley in and to the following described personal property, viz:

STATE NEWS PARAGRAPHED

A Resume Of The More Important Events Of Interest Condensed To An Epitomized Form

Senator John H. Bankhead pledged his assistance in obtaining Muscle Shoals legislation at the next session of Congress.

Decisions were being awaited from Judge J. Russell McElroy on the constitutionality of bills creating two Jefferson County offices.

The dust of a thousand years has been shaken from skeletons unearthed on Hobbs Island, a narrow strip of land in the Tennessee River.

To the tune of $97,100, the state met the overdue October pay roll for employes who draw their salaries from the general fund of the state treasury.

A man held in Jefferson County jail has admitted, arresting officers said, taking part in the robbery several weeks ago of a bank at Town Creek, Ala.

Milestones in the life of Dr. Henry M. Edmonds will be unfolded before the Men's Organization of the Independent Presbyterian Church, Birmingham.

A 9-year-old youngster, whose attention was diverted from an approaching automobile, was knocked 30 feet by the car and seriously injured at Dothan.

The Junior Red Cross of the Bessemer High School has been active during the term, and is preparing Christmas boxes for foreign students.

All four of Gadsden's motion picture theaters opened Sunday under the Jordan bill which became a law when Gov. Miller approved the measure.

Democrats from over the state met in the Municipal Auditorium, Birmingham, at 8 p. m. Friday in the largest political victory rally in Alabama's history.

Gov. B. M. Miller signed the Harrison bills giving the Alabama Public Service Commission enlarged power in the regulation of public utilities in Alabama.

A jury in Tuscaloosa Circuit Court after 30 minutes' deliberation acquitted Solicitor Ed DeGraffenreid of a charge of arson, in connection with a fire in his home on Sept. 81.

Under authority of the Edmundson act, Gov. B. M. Miller appointed Sam W. Hawkins, Birmingham, to succeed L. B. Cooper as chairman of the Jefferson County Board of Rgeistrars.

The Birmingham district entered November, not only with its early Fall gains in output holding, but with every indication of substantial increases during the month, many industrialists here believe.

Red Cross workers directed rehabilitation of the families made homeless by a tornado which killed one person, injured 20 and caused damage estimated at $50,000 at Cowarts, six miles from Dothan.

Women students at the University of Alabama took a prominent part in the homecoming program, the outstanding event being the sixth annual homecoming convocation of alumnae and women students.

The Baldwin County Bank, closed since last January, opened for business. The bank has a capital stock of $50,000 and a surplus of $25,000. Officials reported that substantial deposits have been made.

Alabama bankers — through their state committee on agriculture, of which M. L. Robertson, Cullman banker, is chairman—are now featuring two projects in agriculture. Tney are livestock and soil building.

Two children were drowned and four other members of the same family were rescued when a motor boat capsized within 25 feet of shore in the Warrior River at the mouth of Valley Creek, 25 miles from Bessemer.

The State Highway Department awarded the contract for the construction of a steel and concrete bridge over the Conecuh River just north of Troy to the Hagan Construction Company. Fayetteville, Tenn., on the low bid of $22,361.

In order that the post may have as many paid up new members for 1933 as possible when the national commander, Louis A. Johnson, comes to Florence on Nov. 3 and delivers an address to a mass meeting, the Florence Post No. 11.

Birmingham public schools are planning to cooperate again this year with the Birmnigham Community Christmas organization to provide toys for boys and girls of the community who otherwise might have empty stockings Christmas morning.

Forty-five young women will compose the roster of the Woman's Glee Club, University of Alabama, during the 1932-33 season, according to Director Tom Garner. The club this year is composed of an unusually large number of fine voices, he said.

Doffing his senatorial toga as a committee of the Senate was on the verge of opening a formal investigation of bribery charges against him, Elmer D. Jordan resigned as state senator from the Sixth District, and walked out of the Senate chamber as a private citizen.

Scott Roberts, of Anniston, president of the Alabama Cotton Mill Association, has been ramed chairman of the judges' committee for the spinning contest of the Cotton Exhibition here. Mr. Roberts will name two other judges to serve with him.

The American Legion is starting out on a new policy this year, and instead of waiting until a member of Congress is elected to find out how he stands on national defense, "the legion is going to be sure when a candidate throws his hat into the ring. that hat wears the Stars and Stripes."

The Union-Banner $1.50 a Year

IN MEMORY OF MRS. WEBB

On the evening of October 31, 1932, a gentle voice crept softly into the home of Mr. S. J. M. Webb and silently said, "Well done thou good and faithful servant, enter now into the joys of thy Lord." Thus ending the long period of suffering so patiently borne by his devoted companion, Mrs. Laura Webb.

Mrs. Webb was the daughter of Mr. and Mrs. M. B. Manning. She was born in Coosa County, Alabama, September 10, 1886. Joined the church at Corinth, in Coosa County, in 1898, and lived a devoted Christian life, and has devoted much time to W. M. U. work as well as other Christian duties.

She was married to Mr. S. J. M. Webb December 17, 1905, to which union two children were born, Ocie and Avolene. She was a Christian wife and mother. She taught her children to do right.

The many friends of Mrs. Webb were saddened at her passing away but,

Thy will, not mine, be done.
Wonderful things of folks are said
When they have passed away.
Roses adorn the narrow bed over
the sleeping clay.

Praises are not heard by the dead,
Roses they cannot see,
Let us not wait till souls have fled
Generous friends to be.

Give them the roses while they live,
Trying to cheer them on.
Useless the flowers that you give
After the soul has gone.

Besides a husband and two children, she leaves behind an aged mother Mrs. M. B. Manning; six brothers; two sisters and a host of friends to mourn her loss, with the assurance that, "Our loss is heaven's gain."—A Friend, Mrs. A. J. Lecroy.

JITTERISH JINGLE

Indianapolis, Nov. 29.—A chap with a cold in his head,
To a gasoline station man said:
"Just give me a quart;
I'll take just a snort,"
Which he did and now he is—
Well, he isn't dead yet. Mike Girvin, the filling sation attendant, was fearful of a suicide attempt and called the police. Wiping off his mouth he explained, "It's the best remedy in the world for a cold."

It's no crime in Indiana to drink gasoline so the officers went their way and the cold sufferer went his.

Foursquare Church

(F. E. Clements)
Pastor

Seven gems from St. John 14:—
1. Future home, verse 2.
2. Future reunion, verse 3.
3. Future achievements, verse 12.
4. Future resources, verse 13.
5. Future companionship, verse 16.
6. Future legacy, verse 27
7. Future joy, verse 28.

Services for the week:
Sunday, all day for the Lord.
9:45 a.m., Sunday school, a class for all.
11:00 a.m., Morning worship.
6:30 p.m. Evangelistic service.
Wednesday, 2:30 p.m., Dorcas society.
Thursday, 7:00 p.m. Mid-week service.
Friday, 7:00 p.m. Crusaders.
Saturday, 2:30 p.m., Children's church.

SUNDAY SCHOOL CONVENTION

The monthly Sunday school convention of the eastern half of the Unity association will be held with Mt. Creek Baptist church, Sunday, December 4th, at 2:30 p.m. The program is as follows:

2:30—Devotional, C. D. Hughes.
2:45—Reports.
2:55—"Why Young People Should Attend Sunday School," Prof. Luther Little.
3:10—"The Value of a Graded Sunday School," G. C. Armstrong.
3:25—"The Church and The Sunday School," W. A. Glass.
3:45 — Pageant: "Relation of the Sunday School to the Church," by the Chestnut Creek Sunday school. Music will be furnished by Devaughn quartet.
4:00—Adjourn.

The following churches are asked to be represented: Providence, Concord, Clanton, Samaria, Verbena, Mt. Creek, Floyd, Pleasant Valley, Marbury, New Prospect, White Pond and Liberty.—H. A. Harris.

PLEASANT GROVE—JEMISON

Mr. and Mrs. Adair had as their guests Sunday, November 20th, Mr. and Mrs. J. E. Kay and Miss Mable Wheeler, all of Birmingham.

On November 17th Mr. and Mrs. I. E. Carroll visited Mr. and Mrs. G. L. Messer and family of Wetumpka. Mr. Messer has been ill for some time.

On Sunday, November 20th, Mr. and Mrs. Will Clements and family spent the day with Mrs. Clements' uncle, Mr. John Waldrop of Randoph.

Mr. and Mrs. T. P. Franklin had as their dinner guests Thanksgiving Mrs. Davis Dawson, Mrs. Thult Gibson, Mr. and Mrs. William Rasberry, Mr. and Mrs. Eddie Childress and little son, Alvin, Mr. and Mrs. Tommie Zuber, Mr. and Mrs. W. E. Miskelly, Mr. and Mrs. Paul Dawson and baby, Mr. and Mrs. B. M. Franklin and little son, Cecil, Mr. Clyde Champion and sons, Dalton and Sanders, Misses Ruby Wright, and Laurene Spivey, Messrs. Arly Miskelley, Henry Hatcher, Guy Hatcher, Erschel Spivey, and Ira Davenport.

Miss Mary Clements spent the Thanksgiving holidays with home folks.

Miss Ruby Abbott of Jemison was the guest Sunday of Mr. and Mrs. I. E. Carroll and family.

Mrs. Lee Sewell of Maplesville is visiting her parents, Mr. and Mrs. Major Foshee and family.

Rev. Miller filled his regular appointment Sunday. He came down from Birmingham Saturday night in order to hold a business meeting at the church. Accompanying him were Mrs. Miller and their daughter, Elizabeth.

The Junior Class had charge of S. S. Sunday, they gave the "Fair and Square" program.

Group No. 1 put on a very interesting B. Y. P. U. program Sunday night. After the regular program the whole Union put on a little playlet "The Standard of Excellence." At the close of the play Mr. Hughes sang "The Standard of Excellence."

OFFICERS OF AMERICAN LEGION AUXILIAR TO MEET ON SUNDAY

The fifth annual conference of Unit Presidents and Secretaries of the American Legion Auxiliary will be held in Montgomery, Sunday, December 4th, beginning at 9:30 a.m., according to announcement made here by Mrs. J. S. Hough, department president.

This conference will be held in connection with the American Legion's commander and adjutant conference. Every Unit in the state has been urged to send representatives, including officials and other members.

The morning session will be followed by a luncheon at noon and a short afternoon session. Each Unit will respond to a membership roll call with the percentage of its 1933 quota reached, and special recognition will be given the Unit having the highest percentage.

The state president will give a report on the conference of department presidents and secretaries held recently in Indianapolis, Ind., at which time plans for the year were outlined by the national organization.

MRS. EMMA A. McNEILL DIED

Mrs. Emma A. McNeill, age 71, died last Saturday at her home at Jemison. Burial was at Pine Hill Sunday with Martin in charge. The funreal was held at the Presbyterian church in Jemison, conducted by Dr. Broady, of Birmingham, assisted by Rev. S. J. Ezell and Rev. Lawrence.

Mrs. McNeill was the widow of the late M. F. McNeill, who died a few years ago. She is survived by three sons, Stanley, Silsby and Oscar McNeill, and one doughter, Miss McMae McNeill. She was the daughter of Tillman Whatley.

HELD TO GRAND JURY ON MURDER ASSAULT CHARGE

Noah Chadwick, 35, farmer, was bound over to the grand jury on $1,000 bond on charges of assult with intent to murder, and distilling, at a preliminary hearing here.

He is said to have fired at Deputy Sheriff James Gillespie during a raid on a still in Swift Creek swamp.

BAKER SCHOOL NEWS

We are sorry that brother Trice could not fill his appointment at the Highland church Sunday on account of illness.

Sunday is our regular preaching day at Liberty Hill. Everybody is invited to come.

Miss Lois Culp was the dinner guest of Miss Pauline Durbin Sunday.

Miss Pauline Sisk was the dinner guest of Miss Minnie Lee Lockhart Sunday.

Our P.-T. A. will meet next Friday, December 2. All who have chances on the quilt are urged to be present, as that is the time we have set to give away the quilt. The one who happens to have the lucky number will receive a beautiful quilt. Come, for you may be the lucky one.

The play, "Mrs. Tubbs of Shantytown," which was given at Baker on Thursday night, November 24, was a grand success.

Miss Caudell Chapman was the guest of her brother, Mr. Robert Chapman, Sunday.

Miss Gladys Wyatt was the week end guest of her sister, Mrs. Marshall Baker.

The girls of this school are planning to start to playing basket ball some time soon.

Jeff Ruffin has been sick with flu for the past few days. He is reported obout ready to get out again now.

YOU'LL GET RELIEF - OR YOUR MONEY BACK

Clothes for the Needy

Women volunteers sewing for the needy under direction of the Red Cross produced 296,000 garments last year, and will produce millions of garments in the winter of 1932-33. These will be from the millions of yards of cotton cloth distributed by the national Red Cross from the 500,000 bales of cotton turned over to the organization by Congress. Cloth was sent to all chapters requesting it, and later it was proposed to send some simple ready-made garments, including trousers, overalls, underwear, stockings and sox.

Huge Task of Nurses

Red Cross public health nurses, who work in hundreds of communities, are meeting the greatest demands in history for their services, due to the depression. Visits in maternity cases, protecting the health of infants and children, and aiding mothers in distress due to unemployment of the bread-winners have taken them into thousands of homes. The nurses made 1,357,000 visits to or on behalf of individuals, and inspected 949,000 school children. More than 58,000 adults were instructed in home hygiene and care of the sick.

Blind Readers Get Books

Books in braille for reading by the blind are made by women under Red Cross direction. Last year 2,813 such books were produced in single copy and 3,538 in double copies. Fiction, biography, history, economics and school books were among those printed in braille. The Red Cross gives them to libraies for free distribution to blind readers.

The three-payment tax bill approved by Gov. Miller for Jefferson County cannot be put in "practical operation," even though its legality is upheld, in the opinion of tax officials.

Plans for the first free deer hunt in Alabama have been perfected by I. T. Quinn, commissioner of game and fish, to be held in the Alabama National Forest on Nov. 22, 23, 24.

Dividends amounting to more than half a million dollars will be paid on preferred stocks, held mostly in Alabama, according to announcements from two Birmingham corporations.

C. M. Konkle, of the Federal Dry Docks Company, Kearney, N. J., has been named auditor for the Tennessee Coal, Iron & Railroad Company, succeeding F. B. Winslow who retired Nov. 1.

Mr. and Mrs. H. P. Gay, Birmingham, were injured in Troy, the latter possibly seriously, when an automobile in which they were riding plunged down an embankment on the Troy-Dothan Highway.

A half century in the mercantile field in Montgomery was brought to a close with announcement by Theo. Mayer, president, that Alex Rice, Inc., will close its business and liquidation of stock begin at once.

With resumption of operations at ore washer No. 5 of the Sloss-Sheffield Steel & Iron Company, 50 men returned to work. This unit of the company, located near Russellville, has not been operated since May.

A fox, caught by W. H. Hawkins near the Terminal Station, Birmingham, without the aid of horse or hounds, was sold by Watkins for $5. Anti-rabies treatments for bites inflicted by the animal may cost considerably more.

The little city of Troy had completed preparations for the centennial session of the Alabama Conference, Methodist Episcopal Church, South, that opened for a five-day meeting under the guiding hand of Bishop W. N. Ainsworth.

Life on the farm in Alabama, popularized by the depression, will have its advantages this Winter, says F. W. Gist, state and federal agricultural statistician, who reports that well-stocked larders and full pantries will offset any lack of cash.

A call for a state-wide rally of prohibition forces at Birmingham Dec. 6 was issued by the Alabama Baptist State Convention which adopted a resolution inviting other denominations to join in a fight against modification of the national and state prohibition laws.

COURT AT CLANTON

The regular term of non-jury circuit court will convene here December 5. Approximately 200 cases are scheduled for trial during the week. Judge F. Lloyd Tate will preside.

Smilin' Charlie Says-

"Some folks want t' live longer so's they'll have more time t' do th' things that keep them from livin' longer"

MT. PLEASANT

Health at this place is very good at present.

Our Sunday school is moving along nicely, for the time of year, but there is room for it to be better by more coming. Come on out folks and let's cooperate with our superintendent, and we will gain instead of lose.

We had a mighty good singing at this place Sunday. The singing was called to order at 2 o'clock, and J. E. Miner was appointed as chairman for the evening. Directors were as follows: A. H. Glasscock, Hiram Littlejohn, E. C. Traywick, E. L. Glasscock, Kermit Lowery, Floyd Little, Lenoard Culp, Houston Melton, W. L. Sanders and D. P. Melton. Organists for the afternoon were Miss Marie Eiland and Mr. Culp. The closing song was sung by the chairman, and was dismissed by prayer by Mr. D. T. Melton. Many thanks go out from this community for the good help that we have had from the different communities. It makes us feel like we have got some close friends yet. With many thanks to those who helped to make the evening a success, although we intended to give the announcement in the paper last week, but it's coming out a day early, we were too late. You are always welcome at this place, so notice for the next announcement and be sure and come. Thank the good old paper for this space.—A Reader.

Baldwin County has estimated that it will require approximately $1,000 per month to care for the needy and unemployed during the next five or six months, according to figures compiled by Probate Judge G. W. Humphries, who has so advised the state.

Vertus Frost, Walker County youth arrested a year ago wearing the shoes of the man whom he later confessed killing, was saved from death in the electric chair by an order from Gov. Miller communing his sentence to life imprisonment.

John R. Boyle, Birmingham attorney, charged with slaying his mother, Mrs. Jessie Boyle, will be kept under observation several weeks in county jail by Dr. W. D. Partlow, head of Bryce Insane Hospital, and other alienists who have examined him before they announce their findings.

RANDOM THOUGHTS

Hate kills everything that it touches.

Dick Kemp is out again after being laid up for a few days with an attack of flu.

Maurice Lande, of The Leader, has been sick with flu since last Friday. He will be able to get back to business the latter part of this week.

WEBB THANKS VOTERS

To the Editor:

I wish to take this opportunity to thank all those who voted for me in the recent election for member of Chilton County Board of Education. I assure you that to the best of my ability I will try to serve the entire county and invite you to counsel with me at any time to the end that we may be able to do that which is best for our schools. I am only one of the five members of the Board but in so far as my ability goes, I will be found doing the best I can.

I am sarry that I was unable to get out and canvass any. Because of the illness and death of my wife, I was unable to canvass a single day and I feel that the vote of confidence given me in the face of such circumstances is something to be proud of.

Again expressing my thanks for the support given me, I am, faithfully yours.—S. J. M. Webb.

Furniture Bargains

Without a doubt, I am offering this week the greatest bargains you ever saw in a number of items of Furniture. I am going to sell these things quick. Do not fail to come and look at them. Remember, cash talks loud to me.

NEW BUILDING AT SPEIGNER PRISON

Will Take Place of Barracks Destroyed By Fire Monday Morning

A temporary frame barracks, the construction of which is to begin at once, will replace the main cell buildings at Spigener prison, which was destroyed by fire Monday morning with a loss to the state of more than $100,000. Director W. F. Feagin of the State Board of Administration, annuncing plans for the temporary barracks, stated the cost of the structure has not yet been estimated, but that it will be a one-story building, conforming in a general way with barracks buildings built at the various cantonments during the World War.

Though it appears fairly certain that the fire which razed the costly structure at Spigener last Monday, was of incendiary origin, as the blaze broke through the roof in four or five different places simultaneously, the responsibility has not yet been fixed in the course of the investigation that is being conducted by Warden A. B. Smith and other prison officials. H. H. Stewart, assistant to the director of the Board of Administration, and who has been spending most of his time during the past two days directing the transfer of prisoners at Spigener to other prisons and seeing that they were adequately fed and housed, stated last night he knew of no definite clues as to the identity of the incendiary or incendiaries.

Mr. Stewart, who has been cooperating in the investigation during the time he could spare from his other duties, stated that to his knowledge no "suspected" convicts have been more confined or isolated in connection with the fire.

Warden Smith yesterday continued his questioning of prisoners who were in the building at the time the fire started. He said he had five convicts under suspicion but did not give their names. The warden denied that the fire was started by prisoners dissatisfied over a change shortening the hours of visitors on Sundays, stating that "downright meanness" on the part of some prisoners was responsible.

Mr. Feagin stated yesterday afternoon that as soon as report of investigation of the fire is submitted to him, it will be given to the press and public. Indications are it may be several days before this report is filed.

Work at the Spigener Prison cotton mill has continued without interruption, day and night forces of prisoners necessary for its operation being moved backward and forward from the prison at Wetumpka.

As soon as the temporary barracks building is completed and ready for occupancy, the 915 convicts confined at Spigener at the time of the fire will be moved back there, it is understood.

REMOVAL OF U. S. REGIONAL OFFICE OF VETERANS SET

Washington, Nov. 25. — Announcement was made Friday by the Veterans Administration that with the construction of a new wing to the Veterans Hospital at Tuscaloosa the regional office of the administration, now located at Birmingham, will be transferred to Tuscaloosa, while that part devoted to the examination of negro veterans will be transferred to the Tuskegee Hospital.

The change in the location of the regional office of the Veterans Administration is in accord with the original plans of that agency when the new hospital was projected for Tuscaloosa.

It was announced then that the hospital eventually would include facilities for the regional office now located in cramped quarters in the Federal Building at Birmingham.

The original units of the Tuscaloosa hospital were not designed for office space to house the regional office.

The hospitalization board, which comprises representatives of the Veterans Administration and the medical branches of the army and navy, Friday made public allocations of funds for extensions of several veterans hospitals. Included was $180,000 for an addition to the Tuscaloosa hospital, which will provide a new wing to that institution. The new building will have facilities for approximately 80 additional beds and will have room for the main part of the regional office. With its completion the hospital will be able to care for some Alabama veterans who are now housed in Florida and also for emergency cases from Eastern Mississippi and perhaps some from around Chattanooga.

The Vetreams Administration calculates that some economies in the regional office may be effected by its location at the Tuscaloosa hospital as certain medical examinations now necessarily duplicated will be reduced to a single examination. The medical staff of the regional office will be reduced when the change is made, but the exact number who will be dropped is uncertain. The clerical staff will remain practically unchanged in numbers.

Plans for the new building at Tuscaloosa are being drafted. It is hoped to have the contract awarded in January. Work will probably be completed next Fall at which time the transfer of the regional office will be made.

MR. OTTO JONES AND MISS ELIZABETH PARMER WED

The marriage of Miss Elizabeth Parmer of Montgomery to Mr. Otto Jones of Clanton was an event of widespread local interest to the many friends of these popular young people. The wedding was solemnized in Montgomery last Thursday morning.

After the ceremony the happy bride and groom left by automobile for a honeymoon trip to New Orleans and other points in the Gulf Coast country. They returned to Clanton Sunday. They will make their home in the Harris house, in the Gowan Addition.

The bride is a popular young lady of the Capital City. Mr. Jones is widely known as one of the most prominent young business men of Clanton. For several years he has held the responsible position of assistant cashier of the First National Bank of Clanton.

Upon their return to Clanton they have received the congratulations and best wishes of their many friends.

REFUGE

Saturday and Sunday were our regular preaching days. Our pastor, Rev. M. Lockhart, delivered some wonderful messages. Some may say that the messages were too plain, but the time has come when we should wake up.

Mr. Lester Powell, wife and mother were visitors at this place Sunday night. We give our visitors a hearty welcome at Refuge at any and all times.

Mrs. Elizabeth Minor is still on the sick list.

Mr. Virgil Minor and wife are the proud parents of a 10-pound baby girl, which arrived last week. They have named her Ensly Inez.

The Thanksgiving program was wonderfully enjoyed at this place last Thursday. It was arranged by our school teacher, Prof. H. D. Durbin, assisted by our pastor, Rev. M. Lockhart.

We also had a sermon by the pastor at 11 o'clock. His subject was, "Think and Thank." Every one seemed to enjoy the message. This brought us to the noon hour. A bountiful dinner was spread which indicated that the depression seemed as though it had taken its flight.

About 1:30 o'clock the service was resumed. About an hour was taken in an old fashioned experience meeting. This took our memories back to the days of old.

The service was concluded with an old fashioned spelling match. Both young and old participating. This certainly carried our memories back to the old school days. They who missed this service sure missed a treat.

It was decided at this meeting to make this an annual affair. The decision received unanimous vote.

The first service of this kind was held here last year. May we look forward to Thanksgiveing next year, and thank God for His wonderful kindness and mercy.

FIDDLERS CONVENTION HELD

A fiddlers convention was held last Wednesday evening at the Cross Roads schoolhouse at seven-thirty. It was sponsored by the P.-T. A. and the proceeds will be set aside as a building fund. Mr. Harris hopes to have a new building for the next term of school. The fiddling was greatly enjoyed by all. Mr. Dewey Blalock was awarded first prize by the judges, Dr. Marcus, Mr. Dennis and Mr. Clements. Interest was shown in voting for the two cakes.

Mrs. Bob Taylor was voted the bossiest woman, and Mr. Hugh Taylor was the ugliest man.

Much praise has been given the stores that made it possible for each fiddler present to receive a valuable gift. The donations were as follows: A & P gave 48-lb sack of flour; Clanton Cash Store, 24-lb sack of flour; Peoples Cash Store, 48-lb sack of flour; Taylor Grocery Co., 24-lb sack of flour; Chicago Sales Co., a shirt; Alred Drug Co., flashlight; Calloway Drug Co., hair brush; J. T. Rockett, Pocket knife; Jesse Baker, neck tie; M. A. Gore, 24-lb sack of flour; Cooper Mercantile, shirt; Cooper Produce, shirt.

An old time tacky party will be held next Friday night, December 11, at seven-thirty at Cross Roads schoolhouse. Everybody invited to come and be natural. Friday night at 7:30, December 11th.

H. C. JUNKERMAN
DENTIST
THORSBY, ALABAMA

IN MEMORY OF OUR DEAR AUNT, MRS. MAMIE SANDERS

On November 12, God called our dear aunt to go and rest in peace with Him. She suffered very much, but all was done that loving hands could do. So God knew best and took her to rest.

She leaves to mourn her loss, her husband, Mr. Johnnie Sanders, and six children, Mrs. Nora Coggins, Miss Gladys Sanders and Hue and Ottis Sanders, all of Clanton Route 7. Mr. Walter Sanders of Sylacauga, Mr. Charlie Sanders of Baton Rouge, La. Three brothers and four sisters; Mr. Joe Ray, Mr. Willie Ray, Mr. Horace Ray, Mrs. Ada Mims, Mrs. Zora Davis, Mrs. Ida Hinson, and Ruthie Higgins.

To know her was to love her, for she carried a smile of love and cheer. Let us not grieve dear loved ones, for she is at rest in peace with them where there will be no more sad and weeping eyes. Let us all live to meet her where there will be no more good bys.—Her Niece, Mrs. Ester Roper.

PLEASANT HILL

Sunday afternoon is the time for our regular singing at this place. It will begin at 2 o'clock. The public is cordially invited.—Secretary.

CHURCH OF CHRIST, CLANTON

Communion and Fellowship at 11:45 a.m., everybody invited to attend all services. Come!

The Banner and Post, 1 year for $3.

MELLOWED 80 MILLION YEARS

While brutes grew coats of mail in OKLAHOMA

MILLIONS of years ago Nature buried in Oklahoma certain priceless complex chemical compounds. Ages went by—long ages which saw the rise and fall of life in strange forms. And little by little, heat and pressure began to have its effect. Cambro-Ordovician crude oil was in the making!

Today the drills of Sinclair oil men have bitten deep into the soil of Oklahoma and tapped this treasure trove. Piped to the great Sinclair refineries and carefully refined and blended, Cambro-Ordovician crude oil becomes Sinclair Opaline Motor Oil, a product resulting from man's exhaustive care and Nature's 80 million years of priceless treatment.

Man's part in producing Opaline is all-important. In order that you shall have full value for your money, Sinclair not only de-waxes Opaline—it goes one step further and removes the non-lubricating petroleum jelly by chilling the oil down to as low as 60° F. below zero. An extra step taken by few refiners besides Sinclair!

Have the nearest Sinclair dealer change your oil to Sinclair Opaline according to the Sinclair Law of Lubrication Index. Notice how quietly your engine runs. Then, at the next draining period examine the used Opaline. Observe how it still holds its rich lubricating body—how little oil has been used up!

REMEMBER: Sinclair offers you your choice—Sinclair Opaline, made from the oldest Mid-continent crudes, or Sinclair Pennsylvania, made from the costliest Pennsylvania grade crude.

SINCLAIR OPALINE MOTOR OIL REG U.S. PAT. OFF.

THORSBY SECTION

(S. E. Norton, Manager)

Large congregations were in attendance both morning and evening at Thorsby Baptist church. Seven new members were received.

"The Ready" Bible class of Thorsby Baptist church held their regular monthly meeting at the church last Friday night. After a brief business meeting a social hour was enjoyed. Miss Mary Reinhardt gave a reading. Rev. J. W. Jones, the pastor, gave an inspiring talk on class activities, and the value and worth of young people to the church. Those present were, Misses Mary Louise Bates, Lennie Bell Reinhardt, Loutitia Bean, Doris Freeman, Willow Dean Bean, Lola and Jessie Martin, Helen Lowery, Evelyn Jones, Lois Thompson, Messrs. George Nix, Hubert Reinhardt, L. C. Lowery, Charles and Cecil Cleckler, Brady Billingsley, Rev. J. W. Jones and the class teacher, Mr. W. H. Reinhardt.

At Thorsby Congregational church Rev. William Morgan, pastor of the Independent Congregational church of Birmingham, began Monday at 10 a.m. a series of special meetings, followed by an hour of services, beginning at seven p.m. These meetings will continue through this week, except Saturday, at the same hour morning and evening, and will take the place of the regular morning and night services at 11 a.m. and 7:15 p.m., Sunday, December 4th. Rev. Morgan is a powerful preacher. His messages are inspiring and helpful to Christians, and the unconverted. He holds the attention of all who hear him. Don't fail to attend these meetings. The whole community is invited to attend.

Rev. Fred P. Ensminger made a brief visit to Thorsby Monday night and Tuesday morning. As superintendent of Congregational missions in Alabama, Tennessee, Georgia and West Florida, he in company with other officials have recently been on a tour of several stations and is now returning to his headquarters at Demorest, Ga.

Mr. and Mrs. Horace Jones and baby of Jasper spent Thanksgiving day with Rev. and Mrs. J. W. Jones.

The Baptist Womans Missionary Society will hold their week of prayer for Foreign Missions next week, beginning Monday, December 5th.

The get-together-meeting of the Baptist people of Thorsby has been called off on account of the meetings at the Congregational church.

Cecil Each of Birmingham visited home folks in Thorsby Sunday afternoon.

Howard-Sims Weeding

Miss Mabel Howard and Mr. Ed Sims of Thorsby were married on Thanksgiving day at 5 p.m. at the home of the bride and her parents, Mr. and Mrs. Fred Howard. The ceremony was conducted by Rev. J. E. Each, pastor of the Congregational church at Thorsby. Besides the members of the Howard family the guests were, Mr. and Mrs. Conrad Carlson and Mr. and Mrs. Harold Olson.

Delicious refreshments were served. Mr. and Mrs. Sims left for a short wedding trip and returned Saturday evening. The bride was born and reared in Thorsby, and has for several years been very popular among the young people of Thorsby. She has been engaged in business in Clanton for several years, and has won the respect and confidence of all who know her. We have not been informed as to the future plans of the young couple, but suppose "Miss De-Mabel" will continue to conduct her business as usual.

Misses Juanita and Lucille Each gave a possum hunt party Thanksgiving night, which was chaperoned by Miss Lillian McKee. Those who enjoyed the hunt were, Misses Lillie Bell Reinhardt, Mary Sue Porter, Edith Taylor, Minnie Pearl Mims, Ruth Higgins, Helen Kendrick, Helen Lowery, Mary Ruth Nix, Julia Pratt Johnson, Lena Barrett Williams and Messrs. T. C. Lowery, George Nix, J. T. Faircloth, Ivar Johnson, Horace Kendrick, Leon Taylor, Bill Gray, Oliver Lyon, Charles Childress, Wendel Hayes, Thomas Hayes, Claud Collins and Guy Higgins.

Miss Edna Childress and Mr. Foster Miller spent the week end in Atlanta, Ga. visiting Miss Bonnie Honeycutt.

Mr. and Mrs. Emmette Billingsley and Mr. and Mrs. Arthur Littleton and children, Inez, Walton and Amos, spent Sunday in Birmingham.

The Congregational Ladies Aid Society will meet this week, Thursday afternoon, at the home of Mrs. C. E. Lucas. A cordial invitation to all who would like to attend.

Saturday night was stunt night at Thorsby Institute. The Juniors were voted to have given the best stunts. One of these stunts represented a pipe organ with Charles Cleckler as organist. Quite a crowd was present.

Dr. W. T. Morgan, pastor of the Independent Congregational church, of Birmingham, spoke to the Thorsby Institute students at chapel Tuesday, and brought a very forceful message.

Next Saturday afternoon at 3:00 o'clock, Miss Phillips, music teacher at Thorsby Institute, will present her pupils in a recital. Everyone is invited to come. No admission will be charged.

Friday afternoon the last period, the seniors will have an Arbor Day exercise and plant a tree on the campus.

A week from Thursday, the second term examinations will take place.

Anyone wishing to register at the Thorsby Instiute ought to see about it soon. Numbers are limited. A registration fee of $1.50 or equivalent in provisions other than sweet potatoes, need to be paid at time of registration, if place is to be reserved for new students.

Mrs. H. L. Walker has been on the sick list for the past two weeks, but is better at this writing.

Mrs. E. L. Pate entertained the Lazy Daisy bridge club last Wednesday afternoon. Members present were as follows, Mrs. Mack Gray, Mrs. Grover Bice, Mrs. Earl Marcus, Mrs. Relius Franklin, Mrs. Tom Robinson and Mrs. J. L. Mixson. High score prize was won by Mrs. Relius Franklin.

Mr. and Mrs. H. L. Walker, Mr. and Mrs. Lee Pate and Mr. and Mrs. Earl Marcus were Thanksgiving dinner guests of Mr. and Mrs. Grover Bice.

Mrs. Lee Pate entertained the Young Matrons Bridge Club last Friday. After the games delicious refreshments were served Mrs. Grover Bice, Mrs. Grace Mixson, Mrs. Ric Franklin, Mrs. Mac Gray, and Mrs. Earl Marcus.

Mr. and Mrs. O. W. Miller of Clanton visited Mr. and Mrs. Varnie Wyatt Sunday.

Miss Roberta Marcus of Clanton spent Sunday with Mr. and Mrs. Wilbert Marcus.

Mr. O. D. Walker spent Friday and Saturday in Birmingham visiting relatives.

Mrs. Clyde Sims of Birmingham spent the week end in Thorsby with her daughter, Katheryn, at the Littlejohn home.

Mr. and Mrs. W. H. Wilson and daughter, Frances, entertained at 6:00 o'clock dinner the following: Mr. and Mrs. H. O. Bean, and daughters, Loutishia and Willodean and son, J. E.; Mrs. D. H. Gentry and Mary Louise Bates. A bounteous table of good eats were enjoyed by all present.

Mr. and Mrs. Marion Smith of Clanton have moved in the house with Mrs. Lelia Martin, mother-in-law of Mrs. Smith. They will make their home for the present there.

Mr. and Mrs. C. C. Peterson were luncheon guests of Mr. and Mrs. J. H. Goddard Wednesday, and also Mr. and Mrs. Charlie Howard and son, Lloyd, and daughter, Ella, for six o'clock dinner Wednesday.

Mr. and Mrs. J. H. Goddard had as their guests for Thanksgiving dinner Mr. and Mrs. C .E. Lucas.

Misses Edna Raybon, Effie Lu Neugent, Phares Raybon, and Rubye Raybon spent Thanksgiving in Birmingham. Mr. and Mrs. W. H. Raybon returned home with them after a two-week's visit with Roy Raybon and family.

Mr. and Mrs. W. H. Raybon and Mrs. M. J. Primm attended the funeral of Mrs. Philmore McNeil, which was held Sunday afternoon at Jemison.

Misses Ottis Merchant of Jemison and Lera Bean of New Salem community were the guests Saturday night of Misses Loutishia and Willo Dean Bean.

Mr. and Mrs. B. T. Franklin and daughter, Dorothy, with Willo Dean Bean, spent Monday afternoon in Clanton.

Misses Lillian and Louise Fitzpatrick of Birmingham were guests of their grandparents, Mr. and Mrs. G. F. Harper, for Thanksgiving Day.

Mr. and Mrs. Lloyd Maddox and daughter Mertis, and son, Clyde, spent the week end in Thorsby with Mrs. Maddox's parents, Mr. and Mrs. H. O. Bean.

Miss Edith Holley from Tallassee, Alabama, came by to see Misses Willo Dean Bean and Dorothy Franklin for a short while Sunday afternoon.

Miss Wilma Goodgame, of Birmingham, spent Saturday night and Sunday with her parents, Mr. and Mrs. R. H. Goodgame, returning Monday morning with Messrs. Herman Robinson, Marcelle Wilder and R. V. Robinson.

Misses Helen Phillips and Lillian McKee, of Thorsby Institute, spent Saturday in Birmingham.

Mr. and Mrs. Herbert Vines and little daughter, Margaret Ann, accompanied by Mr. Vines' sister, Miss Eleanor Vines, all of Ensley, spent the Thanksgiving holiday with Mr. John Sorrell and remained over for the week end.

Mr. and Mrs. C. R. Foss and family and Mr. and Mrs. A. E. Reagan and Mrs. C. R. Peterson and two daughters of Birmingham and Miss N. Turnquist of Selma, and Mr. C. A. Turnquist had Thanksgiving lunch with Mr. and Mrs. J. M. Bosworth and family.

Mrs. Karl C. Peterson and two daughters, Dorothy and Norma, of Birmingham, spent Thanksgiving with Mr. and Mrs. A. E. Reagan and other relatives in Thorsby.

Mr. and Mrs. Jerome Wilson of Isabella community spent Saturday night and Sunday with Mr. and Mrs. W. H. Wilson.

Miss Pauline Poole, of Birmingham, is spending a few days with her grand parents, Mr. and Mrs. R. W. Pate.

Miss Elwyn Robinson spent Sunday at Lay Dam.

Mr Roy Connatser, from the University of Alabama, spent the week end in Thorsby with his parents, Mr. and Mrs. S. M. Connatser.

Mr. and Mrs. S. C. Hayes and daughters, Media and Voncille, accompanied by Mr. German Bean, visited at the home of Mr. and Mrs. H. O. Bean Thursday.

Miss Elwyn Robinson spent Thursday in Clanton with Miss Pauline Littlefield.

Mr. and Mrs. J. L. Harris, of Birmingham, were the guests of Mr. and Mrs. S. M. Pate Thanksgiving.

Miss Esther Johnson, of Birmingham, spent the week end with her parents, Mr. and Mrs. J. O. Johnson.

Mrs. B. R. Allen returned to Columbus, Georgia, last Sunday after spending three weeks with her mother, Mrs. A. L. Wamben. Mrs. Allen was accompanied to Columbus by her mother, brother, Lee, his wife and little daughter and her sister Lola, and Mr. Clarence Taylor. Mrs. Wamben and Mr. Taylor returned home Monday, the rest remained in Columbus with Mrs. Allen.

NATIONAL AFFAIRS

(By Frank P. Litschert)

The question of debt cancellation has now been put squarely up to the United States by the European nations which owe us money. There is little doubt that the American people through their government will give a quick and decisive answer. This answer will be against cancellation. There can be little surprise that this is the case. When the people think of the amount of money which the supposedly hard-pinched European nations are spending each year for military preparations, they properly have little patience with the pleas of poverty which come from across the waters. Expressions of senators and congressmen in both political parties, leave little doubt that a proposition for cancellation would have little support in our national legislative body.

President Hoover very properly asked president-elect Roosevelt to consult with him about the whole debt question. Both candidates and both parties have expressed themselves as against cancellation. But president Hoover will go out of office on March 4th next, and the vexing debt question will be with us much longer. It was right and proper therefore that Mr. Roosevelt's views on the question be obtained so that there might be, if possible, consistent action in this administration and the next.

Certain Democratic statesmen have professed to believe that President Hoover has been "playing politics" in calling Mr. Roosevelt into conference on the matter of the foreign debts. Nothing could be further from the truth. About ninety-eight per cent of the American people are opposed to cancellation. If President Hoover had desired to play politics his course would have been clear. All he would have had to do would be to turn down the European proposals flatly without consulting anyone in the incoming administration. So unpopular is debt cancellation among the rank and file of our people that such action would have met with general approval. Furthermore it would have dumped into Mr. Roosevelt's lap the unpleasant task of later making any necessary arrangements which may have to be made in order to assume the continuance of debt payments, and any concessions to Europe, in this time of national financial stress, will not exactly be popular.

One Democrat the other day expressed to the writer the opinion that Mr. Hoover should not have bothered Mr. Roosevelt about this debt question. "Hoover got us into the mess, let him get us out of it," was his short if illogical statement. It is only necessary to remind him and any other critics of the administration who may have the same idea, that Mr. Hoover and the Republican party did not get us into "any mess" about foreign debts. The money we are now trying to get back was loaned to Europe by President Woodrow Wilson at a time when the new Senator-elect McAdoo of California was Secretary of the Treasury. Mr. McAdoo is very properly outraged at the idea of debt cancellation and says he is against it. This ought to set at rest the statements made by some European politicians that at the time he loans were made, the borrowers were given to understand, inferentially, that they would never be asked to repay the money.

The Republican party came into power in 1921 and since then a great deal of the administration's time has been taken up in trying to collect on these debts, not in trying to get us "in a mess" but in trying to get us out of one. Sound Americans, both Republicans and Democrats, are opposed to debt cancellation, and have a right to be. This is no time for partisanship, and President Hoover has shown this in asking for views of the incoming administration with hegard to our European debts.

MORAL ECHOES

(By D. W. Haskew)

I was standing on the line watching the two teams struggling for advantage on the football field. Each member of each team seemed to be doing his best and they were surely playing ball. Not much was said about any one player, until one of the boys got the ball into his possession and dashed by all interference and run the length of the field for a touchdown. While the boy was running voices were lifted, hats went into the air and the crowd surged forward in one roaring cheer. It must have been thrilling to run the full length of the field before a cheering multitude. Any man can do his best when there are no interferences and when the grand stands are filled with shouting cheers. After that run the youngster became the hero of the game and all lauded him as winner. Others played as hard and as well as he did, but their names were never mentioned. Somehow we shout when the runner has the ball, but we say nothing when there is a heavy thud and no gains. Oh, to be a runner with the ball in this game of life just for one touchdown. For once we would be glad to hear shouts of approval.

I had two neighbors and each one was the proud owner of a rooster. Things would go well on the fowl yard until those two roosters came near each other. As soon as they saw each other, each made a dash for the other and a full fledged flight was on. While I was in a home the man of the house said, refering to two dogs snarling nearby, "Those two hounds never see each other without wanting to fight." Not long since I heard a good lady say, "I get along with everybody in this town but Mrs. 'Snarloup.' I do not know why it is but everytime we see each other, our bristles go up and we are snapping and snarling like pesky pups." Wish that somebody would tell us why it is that some folks naturally rile up more than others. Some men get their bristles up at the very sight of each other. Some women go to snarling as soon as they are in each other's presence. "Those two hounds never see each other without wanting to fight."

I dreamed that all the preachers of all the churches came together in one great audienc and discussed moral conditions and church loyalty for days. It was the unanimous conclusion that men and women everywhere were sold to a soft standard of living, and that they no longer cared for the old standards of clean living and Sabbath observance. It was brought out that legislatures were repealing prohibition laws and opening all avenues for unrestricted pleasure, while the general public had become wild in its pursuit of the things known to destroy civilization. The assembled preachers then passed resolutions to go out of business and leave the world to itself. They ordered that every church be closed and that no more appeals be made for the world to live right. Never shall I forget the groan that went up to the Almighty when the ministry decided to quit its effort to make man better. The echo of that groan roused me from my sleep and I found myself saying "If all the preachers in the world quit, yet I will lift my voice on and on until the judgment day. I sometimes wonder why preachers do not quit when everything that has power concentrates its power to oppose the appeals of the gospel.

Late on a fall the army worm found its way into a growing hay field. The farmer was very much disturbed and wondered how he would save his hay. His neighbor gathered in and together they discussed methods of driving out the army worm. While they were talking the clouds grew dark in the north and in a few moments the wind was blowing and the atmosphere changed. The army worm became numb and fell to the ground. It did not freeze that night, but the change in the temperature killed the enemies of his hay crop. When you discover that there is an army of evil influences gathering into your life, into the life of your home, into the life of your community, the best way to drive out these enemies is to change the climate.

I saw where a hold up man at Hot Springs, Arkansas decided to end it all by committing suicide. He had robbed banks and pedestrians and was being closed in by the officers of the law. He saw trials and conviction and thinking to end it all he let a bullet into his heart. Did that end it all? He had made a terrible blunder by going into the highwayman's life, and now he was making another blunder by thinking that death ends it all. A bullet may crash through the brain and leave the body lifeless, but that does not end trouble. That is a sure method of jumping into the midst of trouble that will never end. There is but one way to end trouble and that is to live for Jesus, and then finally go home to Him. Death is the end of trouble only to those who are able to read their titles clear to mansions in the sky. We can end our troubles but not by the suicide way.

25 YEARS AGO

News Items as published in The Union and in The Banner, Issues of
November 28, 1907

"It begins to look as if the farmers will get 15 cents a pound for their cotton," said a prominent cotton man yesterday. The price now is 10½ cents.

There was a freight train wreck at Ocampo last Monday morning early. An engine and four cars were derailed and a negro brakeman, John Allen, was slightly injured.

Rev. J. W. Mitchell filled his regular appointment at Mulberry last Sunday.

Last Friday night eight prisoners, three white and five colored, made their escape from the Clanton jail. Two other prisoners declined to leave with them. As they were all charged with hoboing, the two that did not escape were released, and the officers are on the watchout for the eight who made their get-away.

Mr. Guy Gandy died at Oakmulgee on the night of November 22nd. He was 16 years old and the son of Mr. and Mrs. W. R. Gandy.

The special session of the legislature adjourned last Saturday. State prohibition after January 1, 1909 was carried, so we might begin to prepare to go dry.

Married this week:—Glaucus Durbin and Miss Iris Harris, O. C. Pate and Miss Ada M. Henley, H. L. Aldridge and Miss Meisa Allen.

We are glad to see Mr. G. W. Parrish out again after a severe illness.

A Thanksgiving dinner was given Thursday night at the Hotel Elliot; it was followed with a big dance at the school auditorium sponsored by the Clanton Social Club.

The infant child of Dr. N. S. Johnson died on Wednesday morning.

JUDGE LOUIS REYNOLDS HEARD CYCLONE AS IT PASSED OVER CHILTON—

Probate Judge Louis Reynolds, of Chilton County, was in Montgomery Wednesday and during the day visited the Capitol. By his looks one would never know Judge Reynolds is a Republican. He looks just like an ordinary man. One would take him for a Democrat in any company insofar as his looks are concerned. But he is a hard-boiled old Republican and it seems that they can't beat him for office in his county.

"Where were you when the cyclone passed on November 8th?" we asked Judge Reynolds.

"I heard it pass over, but it didn't blow me down," answered the Judge. "You see I was not up for office at this election."

"When do you reckon we are going to redeem old Chilton in county affairs, now that we have whipped you fellows soundly in national affairs?" we asked him.

To that question he merely smiled and said, "Not any time soon, my boy."

Accompanying Judge Reynolds to Montgomery was Grady Reynolds, former district attorney in Montgomery. Mr. Reynolds was one of the most popular men who ever held that post and made a record that will be pointed to in generations to come. Perhaps Grady is not so bad off after all. If he were still district attorney he would be wondering how long his job would last after Roosevelt assumed office in March. Not very long, we could promise him.

The Reynolds, father and son, have many friends in the Capital City who are always glad to see them. For Republicans they are not so bad.—Atticus Mullin in Montgomery Advertiser.

The MAN in the MOON

Looks Over All—
Overlooks None.

"Thar's Gold In Them Hills"

You have no doubt heard what the old prospector had to say some years ago, about a range of mountains—he said: "Thar's gold in them thar hills." And there was gold there, too. And now we have a parallel for that. I have noticed that some firm intends to spend around twenty million dollars putting in a complete mining and milling plant to take tin from the Coosa hills near Goodwater, and refine it. Hurrah for Coosa County. For years and years I have heard old Coosa County and her hills held up to ridicule—just because a lot of Coosa IS hilly. Now, wouldn't Coosa have the laugh on the rest of her near neighbors if she up and furnished a rich tin deposit. After all, though, I have heard that "he who laughs last laughs longest," and I'm hoping Coosa's big time has come.

One Way to Pay Debts

Here's a good one. The story goes that some firm got itself in a hole with a big bunch of creditors. One of these creditors was pushing its claim with more than the average force, asking for payment every few days. Finally they received this reply: "We are in receipt of your most recent demand for payment. We are, therefore explaining our method of payment of our creditors. If you will note it, carefully, we are quite sure it will save you much trouble and expense in the future. At the end of each month, we scrape together all available cash and set down the amount. Then we put the names of all our creditors in a hat, shake them up, and draw them out one at a time, paying as we draw. Now if a creditor becomes too persistent in demands for payment, we simply keep his name out of the hat. We hope this clears the situation, somewhat." How's that?

Speaking of Changes

Here a while back it seemed that everybody wanted a "change," in the nation, anyway. And—did they get it? What I want to know is this: Wouldn't those same fellows who wanted a "change" at Washington—wouldn't they like to see a change (several of them, in fact) down around Montgomery? And, too, if you'll pardon the copying of another campaign claim, things "couldn't be worse". And, while I am wondering about all this, I just wonder if there are enough good honest, conscientious Democrats in Alabama who will admit that htey went wrong when they put the present heads of the government in power, and will demand a change. Anyone may go wrong. The real test of sincerity comes when one realizes he has gone wrong. Will he continue his wrongs, or will he set about to correct them. The citizens of Alabama KNOW that the present state administration is a colossal failure—a complete reversal of the platform upon which it was placed in office. What will they do about it?

Donald Comer

And while we are having a little pow-wow over this Alabama state government business, I want to mention a likely candidate for governor next time. He is Donald Comer, son of the late ex-Governor B. B. Comer. I believe I speak the sentiment of thousands in Alabama when I say that B. B. Comer was one of the best governors Alabama ever has had. I know Mr. Donald Comer—very well—and I believe that, in him, are brought forward all those qualities of leadership and ability which made his father one of the greatest of Alabama's governors, in as great degree as the ex-Governor B. B. Comer, himself, possessed them. I wish the people of Alabama would think this over, and, when the chance presents itself, if Mr. Donald Comer should see fit to offer his services to them in the capacity of Governor, elect him. I believe they would never have cause to regret such action.

Roosevelt Asks for Relief

I see in one of the papers where Mr. Roosevelt is asking the next legislature for farm relief. I thought he was going to furnish "a new deal." But lo!—and behold! The very first card he draws is one that Mr. Hoover held all during his administration. And not only Mr. Hoover—we all held that card. The whole country has been asking for farm relief for some time, now, but it has never produced any relief for the farmer—not much. New deal! If that is a sample of the "new deal" he expects to issue when he goes into office, we can expect little from it. If we get a new deal, but draw the same old cards, are we in any better shape? Maybe I don't know my poker very well, but I always had an idea that the reason for a new deal was to try to draw some new cards—to better our hand. Does it make a better hand to have a new dealer deal out the same old cards and the same old hand? Somebody tell me?

Here's News

It has been said that if a dog bites a man, it's not news. But if a man bites a dog, that's news. From some far-away place comes the news that a boy decided to make news—so he bit his puppy. The pup, not to be outdone, and seeing his chance to make news, promptly turned on his young owner and bit him in return. And now they're both in a hospital—the dog is being tested for signs of rabies, and the boy taking treatment as a precaution in case the dog was mad. Maybe they were both mad. Now, where is that guy who made fun of that column head—"overlooks none?" Didn't miss that bit of "news" did I? And I'll confess, if it takes such to make news, it was the very first "news" item I ever noticed.

And the Football Team

I promised last week that I would give some information about the C. C. H. S. football team this week, but so far, I have been unable to gather some statistics that I would like to have in this conection, so I will carry this over another week, and try to get them for you. Too, I have about filled my space for this week, and I want plenty of room when I get to writing about those fellows—they deserve it. For next week, in addition to this, I have a good one for the folks who look out for the strange happenings—a statistical coincidence relative to the recent election. And there's one other major surprise coming next week. But, until then, so long.—Man in the Moon.

It is now predicted that before we are through paying for it the World War will have cost the country a hundred and twenty billions of dollars. But anyhow we paid our debt to Lafayette.

We notice that some of the big league baseball teams are following the national will as expressed on November 8, by changing their managers.

IMMIGRATION DWINDLES

The United Business Service makes the very interesting remark that "The very low number of immigrants to the United States during the depression is beneficial to the labor situation. Since December, 1930, the number of immigrant aliens has been less than the number of alien residents leaving the country. The exodus of aliens now exceeds new arrivals by more than 3 to 1. No marked change in this trend is likely for some time."

Here is something worth thinking over. The labor map of the United States is rapidly being changed. The work cut out for the American melting pot is not so strenuous as it used to be. Emigration is now greater than immigration. A part of the change is no doubt due to the depression. A number of aliens who have succeeded in saving a little money in the United States have gone home to live where they can live cheaper. A great many undesirable aliens have been deported through the vigilance of the labor department. The policy of the present administration in discouraging immigration at this particular time when we have more labor on hand than can be employed, has also been a factor.

The drying up of the itde of immigration has undoubtedly helped the American labor situation. The more foreign labor which comes to America, the more competition there is for the labor already here. Yet there are a great many economists who want to nullify this benefit to our labor by admitting free of duty the produce of foreign labor. What good does it do our American labor to keep out competitive foreign labor if we let in free the products of foreign labor? Nobody has yet been able to answer this question satisfactorily.

As a matter of fact the same internationalists in our country who favor free trade also favor free immigration. The two seem to go together and clearly prove that the internationalist is no real friend of American labor.

Of course if the shoe were on the other foot and Uncle Sam owed money to Europe, Europe would be eager and willing to cancel the debt. Europe is funny that way.

REPRESENTATION WITH TAXATION

(By Dr. V. J. Gragg)

Well, Thanksgiving day is over, is past, and to tell the truth, I just wonder who that eleven millions unemployed, hungry and poorly clad Americans who are tramping the highways and by-ways of our great country thanked for their condition.

In fact, I am wondering about several things, amongst them I am wondering about representation with taxation. In one way I am like Will Rogers. All I know is what I read in the papers and sometimes a little I hear over the radio. But I do wonder where we are going and how long it will take to get there.

It is tax, tax, tax, no matter whether you buy a box of matches or an automobile, it is tax right on, and before the last raise in tax, the gasoline shipped into Clanton cost more than the entire cotton crop of Chilton County, and I am reliably informed the same condition exists in the entire state, that is, the entire cotton crop of Alabama will not pay the gas bill expended in the state. Again the papers tell us that the entire cotton crop would not run the state government if it was turned over for that purpose "lock, stock and barrel." That being the case, and cotton being practically our only money crop, how can we hope to have food, clothing, money to meet medical and hospital bills, or to expend on schools, churches, improvement of our homes, farms, and many other such needs too numerous to mention?

Just as concrete examples, I will say that I heard a man who has heretofore been a prosperous farmer say that in the last two years he bought only one pair of overalls and one pair of brogan shoes for himself, and that all his family were without shoes on their feet; that he waited last year till the last day to pay his tax and further that he had no hopes of being able to pay tax this year. Another erstwhile prosperous farmer told me that he sold a milk cow three years ago to get tax money and sold two milk cows two years ago and three last year for the same purpose, but that he had no cows to sell and no money for tax this year.

Well, they tell us that it costs the state above 60 cents per pound to raise cotton and above $3.00 per bushel to produce corn with convict labor; but our law makers seem to think our farmers should be able to pay more tax and better tax while raising 5 and 6 cent cotton and corn at 25 or 30 cents.

And speaking of our law makers, I am sure we have some good men in the legislature, from me to do that. But collectively, don't Please don't think I am in the attitude of discrediting any one individually. Far be it you think they were the most complete failure you ever heard of in your whole life? Four or five good business men from any "hick town" in the state could have done more sound constructive legislation in one week than they have done in both sessions covering a considerable part of the entire year.

Poor old E. D. Jordan got caught for talking about accepting $250.00 "expense" money while others walked off with the thousands, yea hundreds of thousands of the unpaid teachers' money, still unpaid.

A newspaper account of a Montgomery grand jury's findings says that they report that the legislature was not worth the money. Surely there is no argument to that. I suspect most of them would themselves admit it without argument. Just think of two pieces of days per week with pay for seven full days per week for themselves, hundreds of clerks, messengers, pages, servants, and door-keepers. How does it strike you—fourteen door-keepers at $4.00 per day for seven days in the week to keep one door for a few hours, and they themselves getting $8.00 per day or $56.00 per week. True, they cut this to $7.00 per day near the end of the session and after wrangling over the cut long enough to more than add enough time to make up more expense than the reduction saved.

Another little secret right here. You just watch these boys. That's more money than most of them ever captured in such a short time, $56.00 for say about 6 or 8 hours. I say, you watch these boys when their money gives out. They will be gathering themselves together at Montgomery to have a good time and draw some more easy money that is being bled from the poor half-naked and half-starved tax payer and withheld from the equally unfortunate and unpaid school teachers and others to whom it is jusly due.

During the campaign when these boys were elected you heard lots about "old economy", "saving millions," and "kluxing the people's money." Well I suppose this is new economy, and they are saving the millions for themselves all right, and the people's money must be kluxed now, at least it has disappeared, diverted, and pay-rolled out of sight. And speaking of the legislative pay roll: Folks, you just ought to see whose names appear on that. I am told that many of these people never spent a day in the legislature and that some of them were even living out of the state while drawing this easy woney.

While it was, it seems, so impossible for the legislature to do anything to pay the teachers and keep the schools going, it was no trouble for them to borrow $250,000.00 and soon go back for more, to pay themselves and their families, friends, relatives, etc., every week as time rolled on, and the teachers and old confederate soldiers and their widows waited or took warrants that did not mean 100 cents in the dollar.

You know I sometimes wonder how these boys hold up their heads when they meet these hard-worked, unpaid teachers, and look on these boys and girls that are going to be forced out of school because they received no consideration at their hands, whatever, while they were taking care of themselves and their bunch on a most extravagant and wasteful cash basis.

Now, it is not necessary for me to call your attention to the fact that I am not writing this for political reasons; for, first an election is two years off, and, second, the Republicans are skinning us up at Washington, while the Democrats are skinning us down at Montgomery. Just as long as they can keep us fussing among ourselves about high tariff on one side and free trade on the other, or the good features of prohibition on one side and the merit of free liquor on the other, or any other question, that will keep us from realizing that we are being bled to death by taxation, our homes gradually taken away, our schools closed, our teachers going unpaid, and our children allowed to grow up without education, while their pockets are running over from easy pay roll, made so easy by this legalized robbery.

Now, I want to again say that I am not criticising any special individual. I believe our representative and senator are as good, or above the average legislator, but I am constrained to say, God help the average to see where he is forcing wholesale destruction on us before it is too late.

Again I ask, where are we going and how long will it take to get there, when every article, comparatively, that we buy carries with it a tax that is sapping away our very existence, yet brings no returns to the common people who pay it? Voter! taxpayer! Your vote is what they want, your tax is their burning desire. As long as you give them these, you are a fine fellow.—Just how much longer are you going to slumber?

The Man on the Corner

Some Sights He Saw—
and Some He Saw Not.

A Cold Job This Week

It has been rather cold on "Peckerwood Corner" this week. And not much doing to boot. I could not stay there long at a time. Did meet my old friend, Paul Ousley, there Tuesday. He said he has been in Clanton for the past two weeks, but I don't believe it. Paul is such a prolific talker, he couldn't stay in one place that long without most everybody finding it out.

Chilton County is Fortunate

Another proof that Chilton County is in a more fortunate situation than most counties of Alabama. Ours is one of the few counties that can borrow money from the Reconstruction Finance Corporation on its own hook. Our Commissioners have everything ready to get fifty thousand dollars to spend for the relief of our needy people. Last week they received an earnest appeal from other counties (who can not borrow as county units) to hold up the application of Chilton County and give them time to try to get Governor Miller to borrow for the whole State as a unit. Thereby, all counties could get a portion of the loan on the responsibility of the State. Chilton will wait a while to see if Governor Miller moves from his position already announced.

Fruit for Christmas

If you have a little bit of money to spend, you can get a mighty lot of fine fruit for Christmas. There are loads and loads of it in Clanton right now. Apples of the finest kind can be bought dirt cheap. Among the places where fruit is in special evidence are Buck Gore, on "Peckerwood Corner," Evan Parrish, down the line near the Postoffice, Bob Evans, right across the street next to Alabama Power Co. offices, and Uncle John Gore, around the corner on the highway back of Mullins & Moore. Then of course Christmas fruits will be found at all the grocery stores in abundance too. But where is the money coming from? Well, I am not going to tell you that. But I hope, by some good turn of fate, everybody will manage to get some money to buy the kiddies a little bit of Santa Claus.

Red Cross Roll Call Short

Cohen Stapp hints this week that the Red Cross Roll Call in Chilton has fallen far short of our quota of 750 members. I am sure that will bring genuine regret to the hearts of many of our citizens. Everybody was pulling for our county to measure up to the full number requested. Our voluntary workers have worked hard to get the call to every citizen. If we have failed, I am sure it is because so many of our people had to refrain from joining because they honestly did not have the extra dollar to spare.

Dr. Gragg Hot in the Collar

Dr. Gragg has broke loose on the politicians and tax gatherers. Like he is accustomed to do in surgery, he is dissecting the boys going and coming. A few whacks at the legislature like he makes this week will cause somebody to flinch, and pull another whiff of the ether. Read his letter this week on "Representation With Taxation." It is a remarkable reversal of the well-known slogan of the Revolutionary War. You will find it printed on this page. Don't fail to read it.

Whether You Like it or Not

The County Board of Education last Friday re-appointed Buford Lawrence as County Superintendent of Education for another four years, beginning the first of next July. Thus suddenly comes to naught the movement that was started before the General Election to bring about a vote of the people for superintendent. The action of the Board in re-appointing Mr. Lawrence will suit some people, and some will stoutly object to it. I suppose we shall see a prolonged discussion of the matter, which will bring no good to the school system. On the other hand, as one fellow remarked, since we shall have no schools in a few weeks, it looks like we might as well vacate altogether on the school officials, and shut down entirely until Alabama gets solvent once more.

"—my skin became clear...

—and you don't know what a happy day that was in my life." Then why not pause a moment and reason in a common-sense way the cause of many skin troubles. Such common ailments often result because of a lowered resistance below the skin surface—frequently due to lowered blood vitality.

Increase the red-blood-cells and their hemoglobin content and more of the life giving oxygen is carried to every part of the body—even to the skin. "Step up" the ability of the resisting cells to devour infectious pimple germs. Then you will have laid the foundation for a sounder physical condition.

S.S.S., in addition to being a valuable general tonic, has the special property of increasing the red-cells and restoring the hemoglobin content of the blood, when deficient. It is time-tested . . . tens of thousands of unsolicited letters of gratitude over several generations evidence its merit. Don't let anyone "switch" you in your determination to restore your red-blood-cells and their hemoglobin content. Two convenient sizes at all drug stores—the larger size is more economical. © The S.S.S. Co.

S.S.S. builds sturdy health

Prophecy Corner

Conducted By

L. A. BUTTERFIELD

We have this week a prophecy of Jesus Christ which He made just a short time before His crucifixion, concerning the city of Jerusalem. "When He was come near, He beheld the city, and wept over it, saying, If thou hadst known, even thou, at least in this thy day, the things which belong unto thy peace! But now they are hid from thine eyes. For the days shall come upon thee, that thine enemies shall cast a trench about thee and compass thee round, and keep thee in on every side, and shall lay thee even with the ground, and thy children within thee; and they shall not leave in thee one stone upon another; because thou knowest not the time of thy visitation." Luke 19: 41-44.

How terribly true it was! "How often," Jesus exclaimed, "would I have gathered they children together, even as a hen gathereth her chickens under her wings, and ye would not! Behold, your house is left unto you desolate."

In the year 70 the great climax of the national destruction and scattering was complete. When Titus took Jerusalem, thousands and thousands of Jews were destroyed in the seige; many were led away captive and sold into slavery. Some died by slow starvation, but the words of Jesus were fullfilled.

In 361 A. D., Julian the apostate came to the throne of Rome. At first professing Christianity, he afterwards apostatized; and when he apostatized, he determined that he would prove the words of the Nazarene false. Therefore proclamation was made for the rebuilding of the Jewish temple and the restoration of Jewish worship.

It is Ammianus Marcellinus, "a contemporary writer, of noble extraction, a friend and admirer of Julian, and his companion in arms; a man of affairs, learned, candid, and impartial; a lover of truth, and the best historian of his time, . . . a pagan professed and declared," who records the fulfillment. He tells us that Julian "committed the conduct of this affair (the building of the temple) to Alpius of Antioch, who formerly had been lieutenant in Britain. When, therefore, this Alpius had set himself to the vigorous execution of his charge, in which he had all the assistance that the governor could afford him, horrible balls of fire, breaking out near the foundations, with frequent and reiterated attacks, rendered the place, from time to time, inaccessible to the scorched and blasted workmen; and the victorious element continuing in this manner, obstinately and resolutely bent, as it were, to drive them to a distance, Alypius thought best to give over the enterprise." (Amm. Marc., lib. XXIII, cap. 1, quoted by the Rev. Mr. Warburton, from the Latin, and translated in his book, "Julian, or a Discourse Concerning the Earthquake and Fiery Eruption which Defeated that Emperor's Attempt to Rebuild the Temple at Jerusalem." Page 45.)

In the hands of the Moslem, Jerusalem has stood for centuries a mighty witness of the words of the humble and holy Nazarene. Where the temple stood, Mohammed is honored by a mosque. In the last war, it was taken by the British army, and it is now ruled by Britain. The few words of Jesus have been mightier than all the subsequent plans and power that have endeavored to make them to none effect. The child of God may rest assured knowing that Bible prophecy will always be fulfilled.—L. A. Butterfield.

WILLIE SANFORD DIED

Willie Sanford, age 37 years, died last Wednesday near Quincy, in Coosa County. The body was brought to Lomax and buried Thursday.

The deceased was a nephew of Mr. Walter Sanford, of Clanton. He was a World War veteran.

MRS. C. D. MESSER DIED

Mrs. C. D. Messer, widow of the late Rev. C. D. Messer, died at the home of her daughter in Tuscaloosa last Tuesday. Burial was at Verbena Thursday, with Spigener in charge. The funeral was conducted by Rev. Munro, of Spigener, assisted by Rev. P. A. Lynch and Rev. J. M. Metcalf.

The little 20 months old daughter of Mr. and Mrs. Lindsey Mims of Temple community died of diptheria Sunday morning at 2 o'clock and was buried Sunday afternoon at Temple cemetery, Rev. Willie Thurmond preaching the funeral. Martin had charge of the body.

Rev. Buford Lawrence was a visitor to Montgomery Monday.

Nature's Own Secret of Health Revealed

Science Discovers That Good Health Depends on Supplying the System with Necessary Minerals and Vitamins.

Medical Science has discovered that the human body is made up of a very limited number of essential elements. All of these are found in the Mineral kingdom and in foods in their natural state. To be exact, the healthy human body is composed of eleven Minerals and when these are present, in balanced proportion, we enjoy good health.

PROPER FOODS ESSENTIAL

Unfortunately, few of us give any thought to balancing our diets, according to their Mineral content, and therefore we must pay the penalty. A deficiency of these elements brings on Indigestion, Gas, Bloating, Constipation, Headaches, Nervousness and a host of other ills. We soon lose strength, go from bad to worse and become disgusted with life itself.

NEW WAY TO HEALTH

For many long years, Physicians and Chemists have been trying to combine, in proper proportion, the eleven essential Minerals with necessary Vitamins. They realized that the preparation must be easily assimilated and supply the system with these elements so necessary to health.

SCIENCE TRIUMPHS AGAIN

Fortunately, for all mankind, this tremendous undertaking has met with success! Science has perfected a most remarkable formula, known as LEE'S MINERAL COMPOUND. This preparation supplies the system with the eleven essential Minerals, in combination with Vitamins. It is not, in any sense of the word, a "patent" medicine but is more in the nature of a FOOD VITALIZER. It assists Nature, by restoring a proper balance of the Mineral Content of the body and good health follows as a natural result.

BIG SURPRISE AWAITS YOU

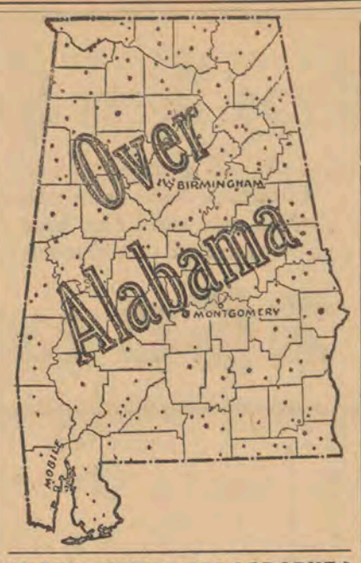
You who are blue, down cast and depressed over your loss of health. You who have tried many medicines and treatments with little or no relief—take new heart and cheer! Prepare yourselves for the most joyous surprise of your lives.

MAKE THIS 10 DAY TEST

Convince Yourself!

Stop dosing yourself with "patent medicines," harsh purgatives, oils and cathartics for just 10 days. Go to your nearest Druggist and secure a bottle of LEE'S MINERAL COMPOUND. Take it regularly, and watch the results. You'll be amazed at the feeling of renewed strength and vigor that soon appears. No narcotics or alcohol to "boost you up" but a natural method of restoring health and energy.

For Sale by Upchurch Drug Co., Clanton, Ala., and other good Drug Stores Everywhere. Or send $1.00 to Lee's Laboratories, 365 Peachtree Arcade, Atlanta, Ga., for a large bottle, postage paid.



STATE NEWS PARAGRAPHED

A Resume Of The More Important Events Of Interest Condensed To An Epitomized Form

Fire destroyed the D. D. Rice store in Guin. Several other business places were damaged.

All offices at the state capitol were closed Thursday in observance of the Thanksgiving holiday.

Mrs. Thomas J. McCage, Dora, was re-elected chairman of the Walker County Council of Federated Women's Clubs.

Approximately 5,000 persons were guests of Louis Pizitz at his annual Thanksgiving dinner at the store in Birmingham.

The State Department of Education was advised that schools at Fort Payne and Elba will close for an indefinite period.

A dynamite bomb was found in the "bull pen" adjoining the desk sergeant's office in Police Headquarters at City Hall, Birmingham.

A safe and sane, state sponsored deer drive was launched on Alabama's 15,000-acre national forest. More than 250 hunters joined in the sport.

Limestone County farmers met at the courthouse Saturday at a meeting called by the County Agent J. T. Belue to encourage more growing livestock.

A. B. Tucker, of the Alabama State Tax Commission, was named chairman of the Southern Gasoline Tax League at its organization meeting in Birmingham.

William M. Clemens, 58, former managing editor of The Birmingham News and a widely known newspaper man of great ability, died at his home in Louisville, Ky.

Eighteen new members have been initiated into the University of Alabama Quadrangle Club, a local Christian organization in its fourteenth year on the campus.

Calhoun County public schools will close their doors for the 1932-33 sessions on next Dec. 23, unless state funds are forthcoming to support the schools before that time.

A recent marriage of interest in North Alabama was that of Miss Margaret Clarke, daughter of the late Mr. and Mrs. Michael Clarke, to William Carl Hatchett, of Athens.

Walter W. Smith, 65, widely-known Alabama business man, was fatally injured when struck by an automobile near his residence at Fulton Springs, near Lewisburg, seven miles north of Birmingham.

Miss Lois Bender, 25, graduate nurse and employe at Cullman Hospital, was killed, and three other Cullman residents were injured, one seriously, when an automobile and truck were in collision.

The Coffee County High School and the Enterprise City School, with an enrollment of 800 children, will continue to operate on regular schedule until the close of the first semester and probably longer.

A state-wide conference of post commanders and adjutants, service officers, athletic officials and Americanism chairmen of the Alabama Department of the American Legion has been called here Dec. 4.

The Independent-Democratic Voters Association is being organized in Alabama to work toward "strict economy in public affairs and take an active part in politics," according to W. B. Leedy, Birmingham, head of the organizing group.

The Birmingham district should find a large market for its products in Cuba, Central and South America, Joseph Lallande, of New Orleans, general freight agent of the Southern Pacific Lines, said in addressing the Birmingham Traffic and Transportation Club at the Thomas Jefferson Hotel.

Headlong in its majestic sweep, Alabama rolled up a 20 to 0 score on Vanderbilt at Legion Field before a holiday crowd of nearly 20,000, outplaying the Commadore in nearly every department and giving an amazing demonstration of the power that most of us have felt the lads have had all along.

A delegation representing Dallas, Wilcox and Monroe Counties called on Gov. Miller and urged the establishment of a convict road camp between Selma and Camden as a means of maintaining the roads and bridges of that section.

Four Montgomery citizens, including Dr. A. F. Harman, superintendent of education, filed suit in Montgomery Circuit Court asking that S. H. Blan, state treasurer, be enjoined from the expenditure of current educational funds except for current educational purposes.

Mrs. M. L. White was shopping in the Capital City Tuesday afternoon.

DAT BLOOMIN PREACHER

All Ah know is Whut de Bible say Bout Hit.

This Week's Blossom:

—o—

Jesus sa: "If ye love Me keep My Commandments."

Ah sa: "Dats why lots uv um dont keep um."

De tex fur today is in Matthew, 7th chapter an de 22nd verse. "Many will say to me in that day, Lord, Lord, have we not prophesied in they name? And in thy name have cast out devils? And in thy name done many wonderful works?"

When mah ole frien an brudder, Wash Jackson, saw dat he mus die he sont fur me an when Ah wint in he sa, set down, Elder. An atter Ah set down he sa, Elder does you kno why Ah sont atter you? An Ah sa no, but Ah suposed dat you jes wanted to tell me good by, an also tell me how glad you wuz because you wuz gwyin to git outen yoah pain an go home to yoah reward, fur you has bin a member ob de church ur long time an so fur as Ah knoes you has bin ur good man an ur good husban to yoah wife an ur good daddy to yoah chilluns. An Ah tell you mah friens, dat Ah wuz honest bout it, cause Ah had knowed Brudder Jackson ur long time an had bin his pastor fur gwyin on seben years, an ob course Ah had a rite to think dat he wuz ur good man. And effen anybody had axed me bout him Ah couldnt hab sed nothin urginst him. An you dont kno how Ah felt when he tole me whut he wanted wid me. Ah sho wuz shocked plum ofen de Christmas tree to hear him sa whut he did. Des to think dat ur man ob a family an ur member ob de church an superintendent ob ur Sunday School, layin dar on his death-bed, an sont fur me to tell me dat he had bin mistaken all dis time. Dat when he jined de church, he thought dat he wuz converted, but befo three months had passed by he knowed dat he wuz not saved. An den he sa, Ah wuz shamed his pastor wood call on him to lead to let any body kno it, an dat when in prayer or when he got down on his knees to pray de openin prayer in his Sunday School he felt des lak he oughter be prayin fur his sef an ax de Lord to hab mercy on his own soul.

He went on to tell me how mean he wuz tur his wife. He sa, lots ob times when Ah stood up in church atter de sermon on Sunday an exorted de people to give heed to whut de preacher sed in his sermon. When we got home fum church mah wife wouldnt git her cook apron on befo Ah started fussin an quarlin. An An when she put up wid it as long as she culd she would sa, Wash Jackson, how kin you stan up in church an talk lak sugar wouldnt melt in yoah mouf an den cum home an fuss at me lak you does? You sholy aint got no ligion. An den Ah would go off out to de barn an wonder effen other people knowed as much bout me as mah wife did. But, Brudder Blossom, Ah thought dat effen Ah went on an done some good work fur de Lord dat it would be alrite. But now Ah has foun dat Ah wux jes sayin, Lord, Lord, but mah heart wuz fur fum Him. Den he axed me to call his wife in an atter she cum in he axed her to forgive him fur de way he had treated her. An she forgavé him an den he axed me to pray fur him. Atter de prayer he sed dat he wuz alrite an ready to go.

Now, ef we look at it jes rite, dis wuz no strange hapenin, fur it is possible fur people tur be mistaken bout their conversion. Dis is born out by de tex. Fur dont de Lord sa in de 21st verse "Not everyone that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father, which is in heaven." So you see dat takin dis scripture long wid de tex, ur person can either be fooled in his sef, or is tryin to fool others. In de case ob Wash Jackson, we see ur man dat at one time wuz fooled in his self. An atter he saw his mistake went on tryin tur fool de church an his pastor, but dar wuz one dat he didnt fool, or Ah mought say two. On wuz his wife an de other wuz de Lord.

Now rite hyar, let me sa tur you men ob de church, you mought hab yoah church an community fooled, but dat wife an them big boys an gals ob yourn aint fooled, cause ef you aint ur sho-nuf Christian its gwyin tur tell out on you in de home.

Ah has hyard lots ob young men sa, ef dar ever wuz ur Christian in dis worl, mah mother wuz one, but every fiew ever says dat bout da daddys. Why is dat? De other one dat aint fooled is de Lord. Ah wonder some times how men can think da has got de Lord fooled an feel dat da has "pulled de wool ovah His eyes." Ah hyard ob ur oman one time whut stood by de grave ob her ole man while his friens wuz throin dirt in to cover him up, an turnin to some women she sed, well he is gwyin now whur he cant fool nobody.

How can we no ef we is ur Christian? Ah'l tell you, look in your Bible at 1st John, 3:4, "We know that we have passed from death unto life, because we love the brethren. He that loveth not his brother abideth in death." Dar is ur peculiar love existing tween Christians whut de worldly people dont no nothin bout, an ef we want tur examin our selves at any time, ur see ef we is ur Christian, jes ax ourselves dis question, is my love fur de church an churchfolk greater an stronger an deeper than it is fur de worl? Accordin to de tex dar will be some folks at de judgement whut will try to put up de argument dat they had done many wonderful works, an fur dat reason da should be admitted into heaven. Them is de ones whut de Lord will sa to, "And then I will profess unto them, I never knew you: depart from me, ye that work iniquity."

How sad it will be fur some who think dat da is allrit an then find out dat da had missed de wark altogether. Let us examine ourselves an see ef we is in de faith

Ah will close now. May God bless every reader of my sermons an cause his face to shine on all ob his elect, is de prayer ob yoah most humble servant.—Elder Blossom.

The Banner and Post, 1 year for $3.

Vatchel Lindsey attended the singing at Mt. Pleasant schoolhouse last Sunday afternoon. Principal singers were Dave Melton, Kermit Lowery, Lige and Arch Glasscock, Hiram Littlejohn, and others. Johnnie Miner was chairman.

STANTON NEWS

Miss Emma Rea Gay spent the week end with Lonnie Mae Burnette.

Mr. and Mrs. Douglas Burnette, Rush Burnette, E. B. Huff, Emma Rea Gay, Lonnie Mae Burnette and Junior Huff went to Shoults Schoolhouse Wednesday night to a fiddlers convention and box supper.

Mr. E. E. Huff of Stanton went to Clanton Friday on business.

Mr. J. L. Burnette went to Plantersvile Tuesday night with Judge L. H. Reynolds to make a Thanksgiving speech.

Mr. and Mrs. V. L. Burnette and Mr. and Mrs. D. A. Burnette spent Sunday afternoon with Miss Maudie Honeycutt.

Mr. and Mrs. V. L. Burnette entertained a few of the young folks at their home Saturday night. The ones who were there were Mr. and Mrs. Douglass Burnette, Emma Rea Gay, Annice, E. B., and Junior Huff, Rush and Lonnie Mae Burnette, and Dyer Schurter.

Mr. Joe Davis went to Clanton Monday on business.

We are sorry to know that Tom Wooley has a sore foot and can hardly walk.

Carrie Huff spent Sunday afternoon with Lonnie Mae Burnette.

J. L. Burnette went to Clanton Friday on business.

J. L. Davis is going to preach next Sunday morning at the Stanton Baptist Church.

Norman Hall, of Stanton, spent Thanksgiving in Centreville.

Mr. and Mrs. Clyde Cook and Mr. Graham and Children of Selma spent Thanksgiving with Mrs. C. A. Cook and family.

WHO'S THE WISER?

FIRST MOTORIST: *"I buy new tires in the Spring."*

SECOND MOTORIST: *"Not for me! I buy new tires in the Fall."*

figure it out for yourself!...

IF your tires are pretty smooth right now, the slippery roads of fall and winter make the full grip of new Goodyears a sensible precaution. And new treads last about TWICE as long on cool roads as on hot summer roads. So Goodyears put on now still will be practically as good as new for next spring and summer. You'll be protected from skids and free from the expense or worry of tire trouble all winter. Better buy now!

Center Traction Means Safety!

SEE how Goodyear puts TRACTION *in the* center—big husky blocks of rubber—keen-edged—deep-slotted—to dig in, grip and hold. More stop! The All-Weather Tread is a big reason why millions more people ride on Goodyear Tires. Come in—we'll demonstrate!

B. Lawrence

(Continued from Front Page)

them a state representative of the vocational work, telling us how we might carry on the vocational work in the county by the Federal tax paying practically all of the expense of it. We decided to carry it on; and then we listened to Mr. Thomas and Mr. Montgomery, the vocational teachers, and we appreciated the program of their work for the year.

Of course, we enjoyed dinner at the Dixie Cafe, furnished by Mr. Lawrence, after which we met again at 1:30. A few bills for work done on truck bodies were voted to be paid. We had a few representatives from Vermont school asking us to grant them some money on their schoolhouse. After investigation we found that they had some money that we felt was theirs, and we gave it to them.

Then we voted for a president of the Board, and Mr. Conway was elected; Mr. Webb as vice president. Then Mr. Conway and Mr. Webb said it was time to appoint a superintendent. Mr. Webb nominated Mr. Lawrence for superintendent. I objected on the grounds that it was not the right time; also Mr. Sanders objected. Mr. Conway stated that it was. Mr. Yates moved that nominations be closed. Mr. Webb called for the question. The vote was Mr. Webb and Mr. Yates for Mr. Lawrence, and Mr. Sanders and myself against. The President, Mr. Conway, declared Mr. Lawrence the superintendent. Then we adjourned.

Now, I hope I have made this clear to you, but I am made to wonder if I voted the sentiment of my people, or did I vote against them? If I voted wrong, I am sorry, but I felt that my action was right; not that I did not like Mr. Lawrence, but because I thought so many people wanted to have a voice in the election of a superintendent.

There might have been a time when there was no dissatisfaction that we as board members could have gone on and voted and no one would have thought much about it. But as this one thing has been a disturbance for the past four years, I thought it best for us not to vote until we had given the people a chance to say what they wished.

Now, as I am only a servant of yours, to do your bidding as far as it is right, I will be glad to do your wishes if you will let me know them. If I should make a mistake, do not fail to let me know it so I may have a chance to correct it.

One more thing I should have told you. We voted for all junior schools to have a half term, and the high schools a half term, unless we get some help from the state.—C. L. Wilkins.

MISS MABEL HOWARD WEDS MR. ED SIMS

A wedding of a great surprise and of much interest to the people of this section, took place on last Thursday, Thanksgiving Day, when Miss Mabel Howard became the bride of Mr. Samuel Edgar Sims of Thorsby.

The ceremony was performed at five o'clock in the afternoon at the home of the Bride's parents, Mr. and Mrs. Fred Howard in Thorsby, by the Rev. Joseph E. Each, in the presence of the immediate families and a few friends.

The bride wore a pale blue crepe dress with gray shoes and accessories.

The lovely home was decorated for this occasion in pretty autumn flowers and colorful leaves.

Mrs. Sims is widely known throughout this section and has countless friends who will wish her much happiness. She has been affiliated with the business life of Clanton for a number of years, being proprietor of DeMabel's Beauty & Art Salon here, Clanton's popular beauty and art shop.

After a short wedding trip this popular couple returned to Thorsby where they will make their home. Mrs. Sims will continue to operate her widely known shop in Clanton. The Union-Banner joins the many friends of Mr. and Mrs. Sims in wishing them many years of happy life together.

WOMAN WANTS TO SELL QUILTS

County agent, C. E. Stapp, has received a letter from a lady in the county who wants to make and sell some quilts. The lady says she is in needy circumstances, but can make quilts, and desires to earn something that way if she can, rather than to have to become an object of charity.

According to Mr. Stapp, this lady will make quilts for $3 each; or if she can get an order for as many as ten, she will make them for $2.50 each.

The quilts are guranteed to be of first-class workmanship, and new cloth. If anyone would be interested in buying one or more good quilts, Mr. Stapp would be glad to put you in touch with this woman.

Her spirit in wanting to earn something instead of begging is highly commendable.

MRS. HARRIETT MATILDA VINSON

Mrs. Harriett Matilda Vinson, age 78 years, died last Thursday at her home near Cooper. Burial was at Chestnut Creek Friday with Martin in charge. The funreal was conducted by Rev. J. D. Hughes.

The deceased was the wife of I. J. Vinson, and was a daughter of S. M. Yates, Sr.

Mr. Stapp wishes to call the attention of the public to the fact that after December 10th he will not be able to give much time to the relief work, and that during the first ten days of December he will not have time to make any visits or make any investigations of cases. He will issue flour and clothing only upon recommendation of one or more of the above-named committeemen and get help of the public in administering this relief is sought and earnestly solicited by Mr. Stapp.

He says, "If you know of a family that can not get by without help from charity, please advise the head of such family to see one of the above-named committeement and get a written statement addressed to Mr. Stapp relative to the needs and conditions of the family." This is important, because it is upon such statements from the members of the relief committee that Mr. Stapp will act in extending help to the families.

Mr. Stapp further calls attention to the fact that lots of people who are really in need themselves have contributed of their means for the relief and comfort of those who are in worse conditions; and that these contributors want their contributions to go only to people who are in worse condition then they are. Mr. Stapp appeals to the honest and conscientious people of the county to help him carry out the wishes of such contributors by recommending only such families for help as can not get by without help from charity.

BOB EVANS IN FRUIT STORE

Mr. Robert W. Evans, perhaps better known as Bob, has again opened up his fruit store business in Clanton.

He is located on Main Street, next door above the Alabama Power Co. office. Mr. Evans has an unusually fine stock of apples and other fruits which he is offering to the trade at mighty low prices. The very finest Lookout Mountain apples, that used to sell for a nickel straight, are now going at two for a nickel. Prices on other fruits are likewise about half what they used to be.

Mr. Evans is proud of the large number of farmers in Chilton County who have traded with him in the past, and he invites them to come to see him again this season.

"I am going to have the finest selection of Christmas fruits ever shown in Clanton," said Bob, "and the fellow who buys before he sees me is going to be sorry of it."

TWENTY-EIGHT GALLONS LARD

Mr. E. J. Vinson of Friendship community killed a hog last week, and when the fat was cooked out he found that there were 28 gallons of lard. The hog was a Duroc-Jersey and weighed about five hundred pounds. The hog was so fat that he had been unable to see for several weeks. He would not stir from his wallow unless forced to.

SARAH NELL MIMS DIED

Sarah Nell Mims, age one a half years, died last Saturday night. She was the daughter of Mr. and Mrs. Lindsey Mims, of Temple community. Burial was at Temple cemetery Sunday with Martin in charge. The funeral was conducted by Rev. W. E. Thurmond.

JACKSON CHAPEL HAS A GOOD PLAN

Other Communities May Well Consider Such A Program

Some time ago Mr. W. L. Sanders in conference with Mr. Stapp and others, presented a plan for community relief that is believed to be good.

Mr. Sanders went to work in his community on the proposed plan. The following which was turned in to Mr. Stapp by Mr. Sanders will give you an idea of its possibilities:

We, the undersigned farmers of and in the vicinity of the Jackson Chapel district, feel that it is our duty to help in every way possible to relieve those in a destitute condition. We also feel that every man who is physically able should work for himself and family, therefore, we will create jobs for those whose families will otherwise suffer.

E. C. Traywick will give 4 days work and will pay in syrup or sweet potatoes; two gallons of syrup or two bushels of sweet potatoes per day.

T. J. Little will pay reasonable wages in produce for four days ditching.

Grover Jones will give four days work and will pay in meat, syrup, or potatoes. Will pay two bushels of potatoes, or two gallons of syrup, or 7½ pounds of meat per day.

J. O. Smith will give six days work and will pay in farm produce reasonable wages.

Houston Jones will furnish three days work and will pay in corn at the rate of two bushels per day.

H. L. Smith will furnish four days work and will pay reasonable wages in farm produce.

Possibly active people in other communities of the county can do what Mr. Sanders is doing in the Jackson Chapel community. Mr. Sanders and his committee are not only finding work but are finding the families who have the produce and are arranging for such families.

FIDDLERS GAVE FINE PROGRAM

Entertainment Was Sponsored By The Pilot Club of Clanton

The fiddlers convention at the court house in Clanton last Friday night, sponsored by the Pilot Club, was what might be termed a "huge" success. All the fiddlers were there that could be used in the allotted time, and their performances were excellent. The only strenuous thing about the affair was the judges making up their decision. It was hard for them to decide between the contestants, because they were all very good. The sacred songs sung by the mens chorus commanded the hearty applause of the audience.

The proceeds from the sale of tickets was $40.00, half of which ment to the local Red Cross, and half to help pay on the piano at the courthouse.

The arrangements committee is greatly indebted to Mr. Bolin and Mr. Blankenship of Wilsonville, Shelby County, and the other members of their band for the splendid music rendered. There were also some visitors from Elmore County who did some good performing. One of the Elmore boys carried away the first prize of $2.50 in cash.

JOE BEN DOWNS IS BARBERING

Joe Ben Downs is carrying an adv. in this week's Union-Banner telling the world that he is still in the barber business. He is administering hair cuts and shaves at his residence a mile south of Clanton on the highway. Mr. Downs says that he has every convenience down there that is found in town and his pirces are very reasonable. Look up his advertisement and see what he has to offer.

PRIZE WINNERS ANNOUNCED

The following prize winners have been announced in the conclusion of the circulation campaign of the Chilton County News:

1. Miss Leila Bell Smith, Chevrolet automobile.
2. Miss Cleo Broadhead, $150 cash.
3. Miss Zella Mae Bell, living room suite.
4. Miss Gertie Fiquette, Majestic radio.
5. Miss Edna Howard, diamond ring.
6. Mrs. Evelyn Christ, wrist watch.
7. Mrs. Claud Reynolds, cash commission.
8. Miss Annie Culp, cash commission.

THE ANTICS OF ANDREW

A farce comedy in three acts, entitled "The Antics of Andrew," will be presented at the High School auditorium in Clanton on Tuesday night, December 20.

The play is being produced under auspices of the Y. W. A. of Clanton Baptist church, and is being directed by Misses Bonnie Clyde Griffin and Sara Colley.

The cast of characters is made up of the following young people of Clanton:

Miss Vera Jones, Edwin Mullins, Chester Wingard, Arthur Burnett, Samuel Martin, Miss Gladys Williams, Miss Bernice Williams, Miss Carrie Foshee, Miss Ruth Sessions, and Tom Frank Teel.

These young people form a very talented and versatile group of characters, and their presentation of "The Antics of Andrew" promises to be one of the most interesting entertainments of the season.

RED CROSS ROLL CALL TOTAL 414

Largest Membership Ever Recorded In Chilton County

Final tabulation of memberships of the Red Cross in Chilton County for the annual November Roll Call has been made at the office of C. E. Stapp, county chapter chairman. The total membership as announced by Mr. Stapp is 414.

While this is far short of the quota of 750 for this county, Mr. Stapp and other leaders in the movement feel gratified at the result obtained. "We have every reason to believe," said Mr. Stapp, "That the people of Chilton County have made a noble response to the call of the Red Cross. We know that there are hundreds of people in the county who would have given freely and gladly, but they simply were not able to do so."

Mr. Stapp stated that there are some of the rural communities where workers were designated, and from which no reports have been received. It may be that there are some memberships yet to be reported from some of these communities.

If there are any committees which have not reported, they are urged to do so at once, so the chapter office may have a definite record of every member and the money so contributed.

JAIL FILLED TO CAPACITY

The Chilton County jail was filled to its capacity Tuesday night. In addition to the regular customers, Sheriff Gillespie had to go out with bench warrants and bring in several fellows who did not appear at court Tuesday when their cases were called.

When he got them all collected up and called the roll late in the night a total of 43 prisoners were ready for a place to sleep.

MISS LURLEEN MINER IS MARRIED TO MR. STREET

Miss Lurleen Miner, attractive and accomplished daughter of Mr. and Mrs. A. N. Miner, of Clanton, was married in Montgomery last Saturday afternoon to Sargeant Lawrence W. Street, of Maxwell Field, formerly of Washington, D. C. The wedding ceremony, attended by a few friends of the young couple, was pronounced by Rev. F. M. Barnes, pastor of the Clayton Street Baptist church.

After a brief wedding trip, Mr. and Mrs. Street will be at home in Montgomery. They will live at Maxwell Field when construction of residence quarters has been completed.

The bride is a lovely young lady, and has many friends and acquaintances in Clanton, where she was reared. She is a graduate of Chilton County High School and of Womans College in Montgomery. Mr. Street is with the United States Army Areonautical Tactical School at Maxwell Field.

WHEN DO WE CELEBRATE?

At glance at the calendar reveals that Monday, December 26th, is a red letter day. This means that the mail carriers will likely not go on that day—that the banks will be closed, Etc. But the above question has been asked regarding the merchants and other busines men of Clanton. Since Sunday is Christmas day, unless some other day is taken off, we will not know the difference from the ordinary so far as the closing of business is concerned. We feel sure that the stores will not close on Saturday; so the folks would like to know if Monday is going to be taken by everybody as a holiday.

PLANS BEING MADE TO KEEP COUNTY SCHOOLS RUNNING

Commissioners Court and Board of Education Will Have Joint Meeting Saturday To Discuss Details of Proposition

Friday afternoon of last week a gathering of citizens and a few school teachers met in a conference with Probate Judge Reynolds to discuss with him the advisability of calling the County Commissioners together to cnosider the proposition of the commissioners appropriating county funds to pay school teachers and thereby prevent the schools of Chilton County from closing.

As a result of this conference Judge Reynolds called the Commissioners to meet Monday afternoon to hear the appeal of these citizens and teachers. The matter was presented in all its details, and considerable discussion was brought out dealing with many phases of the school situation, the plight of the teachers, the destitute people of the county, the interests of the school children, and other things. Particular appeal was made to the Commissioners to cut their appropriations to public road work and help pay the teachers.

In expressing himself upon the question, Judge Reynolds stated that he believes the question of keeping our schools open is exceeded in importance only by the duty of helping take care of the hungry and needy, and further, in his opinion the county could afford to cut off some expense of working the roads and help out in the school emergency.

At the conclusion of the meeting Monday afternoon a resolution was adopted calling upon the County Commissioners and the County Board of Education to hold a joint meeting Saturday afternoon, December 10, to devise means of submitting to the voters of the county for their approval or rejection, the proposition of the Commissioners appropriating county funds to pay teachers.

In response to this resolution the Commissioners Court, at a meeting on Tuesday morning, adopted and ordered published the following statement concerning the joint meeting with the Board of Education next Saturday afternoon:

In conformity with a resolution adopted by a meeting of citizens before us Monday requesting a joint meeting of the County commissioners and County Board of Education next Saturday, December 10, to devise means of submitting to the people of Chilton County the question of voting upon the proposition of the Commissioners appropriating money out of the county funds to pay salaries of school teachers, we, the Commissioners Court of Chilton County, hereby declare that we will be glad to meet with the County Board of Education at that time to consider the proposition.

Further, the Commissioners Court would like for the citizens of Chilton County to have an opportuity to attend said meeting and express themselves upon any question relating to the proposition.

We recognize the fact that the proposal for the Commissioners to appropriate county funds to pay teachers is a new departure, and something we have never been called upon to do before. We feel that it is a question in which the full and free expression of the wishes of the people of the county should be heard.

At this time the Commissioners Court is confronted with a pressing problem of taking care of the destitute people of our county. We feel that we must carefully plan our public road work and use our road funds in order to meet the relief needs of the many people who must have work to earn money with which to buy food and clothing for their families.

Therefore, we feel that it would be well to have all interests represented in the meeting next Saturday. Not only the needs of the schools but every obligation of our county must be considered and safeguarded. We would like to have every interest of our county heard in all our considerations of public questions, and we stand firmly upon the proposition of discharging our duty in conformity with the wishes of the people.

Therefore, so far as we are concerned, we would ask that all who are interested in schools, relief work, road work, or any other phase of our county's interest, come to the meeting of the County Commissioners and County Board of Education at the courthouse in Clanton next Saturday, December 10, at 2 o'clock p.m. —Respectfully, L. H. Reynolds, judge of probate; J. E. Cobb, J. L. Burnett, A. P. Vinson, J. M. Mims, Commissioners.

The 1932 Tigers

When Coach Walker, of Chilton County High School, called for the first work-out this fall, prospects for a winning football team were not so bright. For the most part the fellows were light and inexperienced.

Building winning football teams, even in high school circles, has ceased to be a one-year affair, and as graduations last year took many valuable men from Chilton's squad, the outlook was anything but rosy.

In the first place, there was no "key man," that is, no outstanding player around which Coach Walker could hope to build a consistent winner. So far as this is concerned, however, I believe that fact has worked to advantage rather than disadvantage.

In the cases where teams are built around such a "key man" the members of the team naturally look to this key man for some kind of leadership, and when he is not on the playing field, these members are left very much in the same shape as sheep without a shepherd. On the other hand, where there is no key man, each player must be taught to look out for his own position and watch for the breaks in his own territory in greater degree than if some guiding hand were there for him, all the time, of course, doing all he can to work with other members of the team to make up a smooth-working machine.

This very fact, that a team of eleven men, all working together to form a "team," in ever sense of the term, is far more valuable than eleven stars, each striving to outshine the other rather than work with the others, I believe is one of the main reasons why the 1932 Tigers have proved out so well. They have worked, fought, lost and won, together. They were a team, not just eleven men.

Coach Walker has handled his lads tactfully. When they were due praise he has given it, unstintedly. And the boys have been big enough to accept it without letting it go to their heads. When he has seen fit to criticize their work, and admonish them, he has done that, too. And again the boys at all times proved big enough to accept this instruction in the spirit in which it was given, without any sign of resentment of authority.

All in all, Chilton's 1932 Tigers are a great team. There have been teams here which weighed more, had more experience, and consquently had more impressive records. But there never has been, and I believe, never can be, a team which can boast cleaner sportsmen and harder fighters than the Tigers of 1932. Our hats are off to Coach Walker and his team.

Below is given a table, showing the weights and ages of the players who made up this year's squad:

Name	Position	Age	Weight
T. Littlejohn	LE	19	150
N. Jones	LT	19	150
L. Alford	LG	19	140
D. Robinson	C	19	155

PAY YOUR CENTRAL FEE NOW

Everybody says, "Yes, we cannot do without our telephone," but when it comes time to pay off, people do not consider the thing so urgent. Or is it that they want the service right on but want to wait as long as possible to pay-off?

The Board of Directors would like to give service and not have to bore people with the need of paying fees, but these two things are inseparable. No pay, no service. Mr. and Mrs. Copelan must have some money if they stay in Clanton and operate the business. They have agreed to take some fees in various kinds of produce that people have, but some money is absolutely necessary. And it will not do any good after the operators have been forced to go elsewhere to make them something to eat and wear.

So, the Board of Directors are compelled to urge the payment of fees just as hastily as possible. Pay up your central fees now and get rid of it; the operators need the money.

HALT IS CALLED IN RELIEF WORK

Committee Is Discharged And A New Plan Is In Making

Last week I gave to the papers a list of committeemen in each beat who had been asked to help in making distribution to those who were unable to help themselves. The plan was all right, but just wouldn't work. Soon after the distribution began on Friday some of the committeemen were in a way, forced to recommend persons for help who could get by without it. I am not blaming any committeeman because I was put in the same position. When I saw how the distribution was going I had to call a halt.

For the relief of the committeemen who are being sought day and night for recommendations, this is to advise that those who were serving as committeemen are relieved of their responsibilities and are asked not to give any more written statements to those seeking help.

We are making plans now to handle the distribution in a different way and hope to be able to help all of the actually distressed cases and cut all cases that can get by without help.—C. E. Stapp.

ATCHISON TAKES OVER LOCAL SHELL AGENCY

Mr. M. Z. Atchison announces that he has procured the agency here for Shell petroleum products, and has purchased of Messrs. J. T. and J. D. Rockett the eqiupment which they have been using in the distribution of this line of products.

Mr. Atchison has had eight years experience in this kind of business, having spent one year in the work in Sylacauga and seven years in Clanton. The Shell filling station on 7th Street has been leased and will be under the direction of Mr. Atchison; it will be run by Foster Miller and Gurthie Johnson. Mr. Atchison will operate the gasoline and oil truck himself. Anyone wishing to reach him by telephone may call No. 38-W.

HELD TO GRAND JURY ON MURDER ASSAULT CHARGE

Noah Chadwick, 35, farmer, was bound over to the grand jury on bond on charges of assault with intent to murder, and distilling, at a preliminary hearing last week. The bond was $300 in each charge. Chadwick made bond and was released.

He is said to have fired at Deputy Sheriff James Gillespie during a raid on a still in Swift Creek swamp.

RE-OPENING OF CREAM STATION

Mr. Stapp has arranged for the re-opening of the cream station in Clanton on Saturday, December 17th. He states that the cream price is still low, but a good many people have indicated a desire to get a market for small amounts of cream.

Mr. Stapp advises that the number of people who bring in cream will determine whether or not the station will be able to continue operation after it is re-opened.

SINGING AT ALMSHOUSE

There will be a singing at the almshouse next Sunday afternoon, December 11th, beginning at 1:30. A portion of the United Singing Society will be there. All singers and lovers of music have an invitation to come, sing and enjoy a few hours with these old people who are deprived of the privileges of going about to the singings we enjoy. We ask those that have extra books to bring them along. The new books will be used. Remember the days are short and let's start early.—W. L. Sanders.

AGED NEGRO MAN SCARED TO DEATH

Unique Circumstances Results In Death of "Uncle Sam Taylor"

Old Uncle Sam Taylor, negro, of Mitchell Dam, who claimed to be a hundred years old, but was actually 87, was scared to death Monday morning, according to the verdict of Coroner J. Mell Martin, who investigated the case after Uncle Sam was found lifeless in the woods near his home.

The old negro and his companion lived on top of a hill near Mitchell Dam. He was a retired worker for the Alabama Power Company, and the only employment he engaged in recently was setting steel traps for animals in the woods nearby.

Monday morning he left his home to go see about his traps. He went into the woods where he had a trap set in a clay root on the side of a hill. As he crept through the woods and came up to the trap he was suddenly greeted by a furious dog that had been caught. The surprise and fright evidently caused the old negro to die suddenly. This was the verdict of Coroner Martin after he had investigated the whole affair thoroughly.

Some hours after Uncle Sam had gone into the woods his old woman got uneasy for his return, and went into the woods to find him. As she approached the place where he was, her attention was attracted by the dog. When she went to see about the dog, she found the lifeless body of the old man where he had fallen dead in his tracks when frightened by the dog.

Superintendent John Hollis, of the Mitchell Dam plant was notified. He immediatey called Coroner Martin.

He was buried by employees of the Alabama Power Company at the negro cemetery between Verbena and Mitchell Dam on Tuesday.

BIG RALLY OF WAR VETERANS

Trotter Jones and Pete Jarman Spoke in The Interest of Soldiers

The biggest meeting of ex-soldiers held in Chilton County since the World War was hel dat the courthouse Tuesday night. The attendance was enough to fill the assembly hall to capacity. Many of the soldiers were accompanied by their wives.

Beginning at seven o'clock, meetings of both the Chilton County Post of the American Legion and the Auxiliary Unit were held. These business sessions were concluded by 7:30, when all assembled together in the courtroom for a rally and a program of addresses by prominent figures in the Legion.

The first to address the gathering was D. Trotter Jones, of Montgomery, who is Adjutant of the Alabama Department of the Legion. Mr. Jones presented many very valuable and interesting points of the program of the Legion in the interest of the ex-service men.

Following Adjutant Jones, there was an address by Pete Jarman, who is past commander of the Alabama Department, and is now Secretary of State of the State of Alabama.. Mr. Jarman again proved himself to be one of the most powerful advocates of the Legion and every interest of the er-service men. His address was greeted with outbursts of cheers from his hearers.

Both speakers dwelt in detail upon the announced purpose of the National Economy League to take away from the World War Veterans the compensation which is now being paid to them. They denounced it as a scheme of the few millionaires of the country to shift from their own shoulders the burden of federal taxes, which in the end would put the care of World War Veterans back on the responsibility of the counties, the States, and the municipalities.

"We did not fight for our town, our county, or our State alone," said Mr. Jarman. "We fought for the whole United States. And the Legion believes the people of the United States will be willing to stand by us through peace times as they did when we fought for them in war."

MAN 86 MARRIED WOMAN 65

Dan Corley, age 86 years, and Mrs. Rebecca Dutton, age 65 years, were married by Judge Reynolds at the courthouse Wednesday morning. This was the second marriage of Mr. Corley and the fifth marriage of Mrs. Dutton.

County Farm Agent's Notes

Compiled by C. E. Stapp, County Farm Demonstration Agent for Chilton County.

THE TREE OF LIFE

Montgomery, Ala., Dec. 5. — Most primitive and ancient peoples believed in what they called the tree of life and selected some particular kind of tree as constituting the embodiment of the ideal, says Colonel Page S. Bunker, Alabama State Forester. The descriptions and other evidence pertaining to the specific identity of such trees in most cases are quite meager if not entirely lacking. In some cases however, tradition, fragments of ancient writings or circumstantial evidence may furnish clues to the particular species held in his esteem, according to Colonel Bunker.

The Black Pine of the islands and regions of the Mediterranean apppear to have been long venerated as the tree of life, although it had certain competition in the evergreen oak. Among the Persians the Haoma tree seems to have occupied this high position in the popular esteem, but was also rivaled by the Black Pine. The conception of a tree of life appears to be normal in primitive physchology, probably suggested by the extended age of trees as compared with the human span, the evidence of vitality displayed by its growing and reproductive systems and by the manifold ramifications of branches typifying the diversity of life forms.

BIRTHS AND DEATHS IN CHILTON DURING THE MONTH OF OCTOBER

The following births were reported to local registrars during October, 1932. These records were sent to the Bureau of Vital Statistics at Montgomery, where they will always be kept. Every child born in Alabama is entitled to registration. Parents of babies born in October whose names are not listed below should speak to their doctor or registrar about the report:

White Births

Mr. and Mrs. A. C. Brester, Oct. 1.
Mr. and Mrs. Benson Sims, Oct. 3.
Mr. and Mrs. Ted Hammett, Oct. 17.
Mr. and Mrs. U. S. Faries, Oct. 30.
Mr. and Mrs. Fred A. Mann, Oct. 11.
Mr. and Mrs. Hubert Farley, Oct. 6.
Mr. and Mrs. Emmett Wyatt, Oct. 5.
Mr. and Mrs. Edgar R. Baker, Oct. 16.
Mr. and Mrs. V. H. Sutlive, Oct. 29.
Mr. and Mrs. P. C. Honeycutt, Oct. 17.
Mr. and Mrs. L. R. Willis, Oct. 28.
Mr. and Mrs. Henry W. Marcus, Oct. 17.
Mr. and Mrs. Sidney Willis, Oct. 23.
Mr. and Mrs. U. D. Foshee, Oct. 15.
Mr. and Mrs. William Hill, Oct. 27.
Mr. and Mrs. Aaron Dennis, Oct. 3.
Mr. nad Mrs. Grady A. Lenoir, Oct. 22.
Mr. and Mrs. John H. Turner, Oct. 16.
Mr. and Mrs. Fonza Bates, Oct. 19.
Mr. and Mrs. Reuben Jones, Oct. 23.
Mr. and Mrs. Ivie Childress, Oct. 11.
Mr. and Mrs. Lisha Scott, Oct. 13.
Mr. and Mrs. Pete Smith, Oct. 19.
Mr. and Mrs. James M. Milstead, Oct. 12.

Garner Davis, Oct. 25.
Anna Mae Thomas, Oct. 28.

President Edward A. O'Neal of the American Farm Bureau Federation—and Alabama farmer of Florence—says that this country's internal debt situation should be considered if there is to be any review of war debts. He doubts also the feasibility of scaling down debts owed to the United States by foreign countries unless the countries give assurance that they will buy certain quantities of American goods.

A slight upward turn in the index number of wholesale prices in November was reported by the Bureau of Labor Statistics of the U. S. Department of Labor during November. On November 19 the figure had advanced from 64.0 on November 12 to 64.2.

C. E. STAPP ANNOUNCES SERIES OF MEETINGS OVER THE COUNTY

Mr. Stapp hopes to contact a large per cent of the farm population of the county at these meetings and wishes to discuss with them the present economic conditions and outlook for 1933.

The meetings are scheduled as follows:

Morganville schoolhouse, Dec., 19th, 1 p.m.; Corinth schoolhouse, Dec., 19th, 3 p.m.; Cooper schoohouse, Dec., 20th, 1 p.m.; Thomas Jr., schoolhouse, Dec. 20th, 3 p.m.; Enterprise schoolhouse, Dec. 21st, 1 p.m.; Greasy Ridge schoolhouse, Dec. 21st, 3 p.m.; Concord scholhouse, Dec. 22nd, 1:30 p.m.; Providence schoolhouse, Dec. 22nd, 3 p.m.; Refuge schoolhouse, Dec. 23rd, 1 p.m.;

Pinedale schoolhouse, Dec. 23rd, 1 p.m; Cane Creek schoolhouse, Dec. 28th, 1 p.m.; Flint Hill schoolhouse, Dec. 28th, 3 p.m.; Mullins schoolhouse, Dec. 29th, 1 p. m.; Mineral Springs schoolhouse, Dec. 29th, 3 p.m.; Jackson Chapel schoolhouse, Dec. 30th, 1 p.m.; Collins Chapel, schoolhouse, Dec. 30th, 3 p. m.; New Cedron schoolhouse, Jan. 4th, 1 p.m.; Popwell schoolhouse, Jan. 4th, 3 p.m.

Fairview schoolhouse, Jan. 5th, 1 p.m.; Baker schoolhouse, Jan. 5th, 3 p.m.; Culp schoolhouse, Jan. 6th, 1 p.m.; Isabella schoolhouse, Jan. 6th, 3 p.m.; Mt. Pleasnt schoolhouse, Jan. 6th, 7 p.m.; Shoults schoolhouse, Jan. 9th, 1 p. m.; Stanton schoolhouse, Jan. 9th, 3 p.m.; Sardis schoolhouse, Jan. 10th, 1 p.m.

Pates Chapel schoolhouse, Jan. 11th 1 p.m.; Pleasant Grove schoolhouse, Jan. 11th 3 p.m.; Freeman schoolhouse, Jan. 12th, 1 p.m; Mars Hill schoolhouse, Jan. 12th, 3 p.m.; Free Springs schoolhouse, Jan 13th, 2 p.m.; Oak Grove schoolhouse, Jan. 23rd, 1 p.m.; Center Hill schoolhouse, Jan. 23rd, 3 p.m.; Union Grove schoolhouse, Jan. 24th, 1 p.m.; Smith schoolhouse, Jan. 24th, 3 p.m.; Providence schoolhouse, Jan 25th, 1 p.m.; Oak Hill schoolhouse, Jan 25th, 3 p.m.; Minooka schoolhouse, Jan. 26th, 2 p.m.

Gen. Robert E. Wood, president of Sears, Roebuck & Company, speaking recently at the Southeastern Council meeting in Birmingham, declared that prosperity of agriculture is essential and basic for general prosperity and that "prosperity will come to all of us when the farmer gets some of it."

An egg a day in the diet supplies about ten per cent of the day's iron requirement, eight per cent of the day's protein and five per cent of the calcium and phosphorus, and some of the vitamins A and D.

FARM AND GARDEN QUERY BOX

(By K. C. Davis, Knapp School of Country Life, Peabody College, Nashville, Tenn.)

Q.—How can a dairyman determine the production of each dairy cow after the tests are made?

A.—It is impossible to determine the milk or butter fat production from the test alone. The weight of milk each day should be known, or it may be taken three times a month and multiplied by 10 for the month. The test may be made 3 times a month also, or only once a month will help. When the production of milk in pounds is known (suppose it is 600 pounds for the month.) Multiply this by the test which we may assume to be 5 per cent. This will give 30 pounds of butter fat for the month, which is equivalent to one pound a day. This would be a very fair production. From the value of this butter fat, subtract the cost of feed for the month. This result will give the income for labor during the month.

Q.—Many poultrymen have spoken of the importance of vitamin A in poultry feed. Please tell the importance of this vitamin and how it is secured.

A.—Vitamin A is absolutely necessary for egg production. When it is absent from the rations, growth ceases and there is falure of reproduction. The eyes are affected, sometimes causing the hens to go blind. There is often a marked nervousness, and sometimes paralysis of the legs and spasms occur. Poultry can get an abundance of vitamin A from green grass or other green leaves, from yellow corn, from green alfalfa or clover hay, and it may be fed in cod liver oil when necssary. Powdered milk made from skimmed milk or buttermilk has little or no vitamin A in it.

Q.—Does it pay to save small potatoes for seed and sell the large ones on the market?

A.—When you plant small potatoes, you usually get the same kind you plant. This is true of both sweet potatoes and of Irish potatoes. In years when prices are low, as now, it never pays to save the small stock for seed. The best way to secure good seed is to pick out the hills at harvest time, and sow seed from those hills which yield to a large number of marketable potatoes. Planting these tends to increase the yield next year.

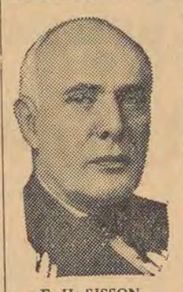
THE TAX MENACE A GROWING CRISIS

By FRANCIS H. SISSON
President American Bankers Association

NO danger, economic or social, more seriously menaces our life, happiness and prosperity than the rising tide of taxes which threaten to engulf us. This is not simply a problem of the depression. It has been developing for many years, growing more serious all the time. The depression merely brought it to a climax. Unless drastic steps are taken to reverse this trend the problem will not end with the depression. It will continue to weigh down and retard progress for an indefinite period.



F. H. SISSON

In city, county, state and nation the orgy of spending has run on. It is estimated that in the United States the total cost of all government is nearly five times what it was before the World War. Many localities have been brought to the verge of bankruptcy by their expenditures, while many have saddled their citizens with a debt burden that will darken their lives and hamper their progress for years to come.

The total cost of Federal, state and local government in the United States is estimated at forty-six million dollars a day. Based on national income in 1930, this represents about one-fifth the total income of our people, or about $110 for every individual in the nation. Total taxes in 1931 are estimated to have taken more than 22 per cent of the national income. **It is occasion for serious thought on the part of everyone when one day's income out of every four or five must be contributed to the maintenance of government machinery.**

Reductions Possible

United States Government expenditures were reduced one hundred and forty million dollars during the first quarter of the current fiscal year. The recent action of bankers in calling a halt to unnecessary expenditures of New York City as prerequisite to loans will reduce the cost of government in the country's metropolis, which is second in its expenditures to only the Federal Government. No state in the Union, in fact, no other government on this hemisphere, spends half as much as this one city. These savings in Federal and municipal costs are only the beginning of a movement needed throughout the country, if we are to be led out of depression into prosperity.

Unless the people can be made to realize that money for governmental expenditure can come only from their own pockets as taxpayers, casting depressing effects on both individual effort and general business, there is an imminent threat that we may be forced to meet economic difficulties similar to those that have so seriously handicapped other countries. The question is not primarily one of merely paring government salaries or shaving budgets, but rather of curtailing government activities for which we cannot afford to pay.

The idea that money for these mounting extravagances can be raised by following the slogan "Soak the Rich" is utterly fallacious, for such a policy will simply exterminate "the rich" and eliminate sources of revenue. It is also important to realize that corporate business in this country is in no position to withstand the effects of indefinite advances in tax rates. Current earning reports reveal that fact beyond shadow of doubt. The tax base must be broadened, and it therefore seems likely that Congress will be called upon to reconsider the sales tax, at least as a temporary measure to help meet a critical condition in the nation's finance.

Deposit 'Guarantee' Fails of Purpose

LOS ANGELES.—While the idea of the guarantee of bank deposits by some legally enforced plan seems to appeal to many people who give it casual thought, the fact is that it has not only failed in every instance in the eight states where the experiment was tried, but actually produced unsound banking and increased the number of failures, it was declared by the recent convention of the American Bankers Association held here.

"Guaranty of bank deposits carries an idea that naturally appeals to people in general on casual consideration," the declaration said. "However, in principle it is unsound and in practice it is unworkable. It has been tried in eight States and it has not only failed in every case, but it has resulted in increasing the number of bank failures. Taxing properly managed banks to make up losses of failed banks is not only unfair and unreasonable, but it weakens the whole banking structure. Again, guaranty of deposits places the incompetent and reckless banker on an equal footing with the able and conservative banker, which encourages bad banking at the expense of sound banking. We are therefore opposed to the passage of any law carrying a guaranty of bank deposits and believe that it is against the interest of the people of the United States to develop any such system."

Mr. and Mrs. W. A. Reynolds were in Birmingham last Saturday.

RELIEF FOR FARMERS IS A UNITED DESIRE

Auburn, Ala., Dec. 5.—Ten years ago when the farmers of America began persistent effort for economic equality they had very few sympathizers but now leading bankers and business men are marching hand-in-hand with farmers in their demands for equality for agriculture. Farmers are their best customers and troubles of agriculture are their troubles, they realize.

Concrete evidence of this was the address delivered by Gen. Robert E. Wood, president of Sears, Roebuck & Company, at the meeting of the southeastern council in Birmingham, November 29 and 30. Gen. Wood declared that prosperity of agriculture is essential for business prosperity and that business improvement cannot be expected until agriculture improves.

With the farm purchasing power dropping from year to year, sales of industrial products have declined, thereby adding to unemployment and to the present economic debacle.

"This condition," said L. N. Duncan, director of extension at Auburn, "proves that business men and farmers need to work together because the problems of one are the problems of the other. With farmers in position to buy they will go into market and buy, making business better for all."

It is understood from press dispatches that president-elect Roosevelt is giving first consideration to the agricultural situation with a view to enacting legislation for the economic welfare of those who live on farms.

LIVESTOCK REMINDERS

Fall pigs need mineral in addition to feed for proper development. Keep a mixture of charcoal, slaked lime and salt, equal parts by weight, before them at all times.

Mules at medium work should have one pound of grain and one pound of hay for each 100 pounds of live weight. Equal parts of corn and oats is an excellent grain mixture to use.

Eight hundred to one thousand pound beef cows can be wintered successfully with 30 pounds of ensilage, five to seven pounds of hay or hulls, and one pound of cottonseed meal per day.

Now is the time to get barn lots in condition for the winter months. Clean up all manure and fill in around gates and barn doors with rock or gravel. Also provide good drainage if possible to keep the lot dry.

The bureau of dairy industry has found that cows producing less than 225 pounds of butterfat per year cannot meet all costs of production including labor and overhead. Cull out your low producers and make your dairy herd profitable.

Alabama dairymen, as a whole, do not feed enough roughage. A 1000-pound dairy cow should receive 25 to 30 pounds of ensilage and 10 pounds of legume hay per day during the winter months. If ensilage is not available double the hay.

County Agent Gregory and the vocational teachers have just completed a Jersey bull association in Cherokee County. Several farmers in a community can own jointly a good bull much cheaper than each man alone. More counties need to follow Cherokee's example.

Twelve carloads of Alabama turkeys—largely from the Black Belt—were consumed on Thanksgiving tables in New York, Philidelphia and elsewhere. About 15,000 turkeys were marketed in this car. They netted the growers a little better than 13 cents, being handled by the Farm Bureau in cooperative sales. Additional sales will be made for the Chrismas trade.

SAVE MONEY

If you will come to my house, 2 miles south of Clanton, on the Highway, I will cut your hair for 15c, Adults or Children. I will do this work on Tuesdays and Fridays. I am equipped for the Business. I have 5 years experience in this line, and will give you good work. 12-8-4tch.

Joe B. Downs

UNIVERSITY NEWS

University, Ala., Dec. 5. — Twenty seniors in the University of Alabama College of Arts and Sciences were initiated into Phi Beta Kappa Monday, December 5. They were Sarah Bloodworth, Decatur; Curtis Bruce, Blue Mountain; Arthur Chenoworth, Birmingham; John Coley, Alexander City; Eleanor Collier, Tuscaloosa; Margaret Eddins, Tuscaloosa; Edward Friend, Birmingham; Helen Fuller, Tuscaloosa, Silas Garrett, Grove Hill; Dorothy Hudgens, Grand Bay; Mary Jones, Decatur; Clyde Kennedy, Mobile; Mary Merritt, Montgomery; William Moloney, Tuscaloosa; Moody Redd, Florence; Elizabeth Shirley, Tuscaloosa; Robert Teague, Montgomery; Jane Ward, Center; Bertram Miesel, Tuscaloosa; Annie Zeigler, Talledega. All are products of Alabama high schools.

At the initiation banquet, Dr. Clarence E. Cason, professor of journalism, was the principal speaker. Dr. Charles Barnwell conducted the ritual.

The Dixie conclave of Pi Kappa Phi fraternity was held at the University Friday and Saturday. About 100 members of the national fraternity were present. Among the outstanding was Albert Meisel, Supreme Chancellor. He delivered the principal address at the banquet given the night of December 3.

The state convention of the Y. M. C. A. met at Alabama Saturday and Sunday. Among the speakers were Dabney S. Lancaster, dean of men, University; J. Ward Nelson, state secretary of the Y. M. C. A., and Dr. M. L. Smith of the Birmingham-Southern faculty.

Grace Mandeville of Carrolton, Ga., won the prize in the fall horse show of the Women's Athletic Association of University of Alabama.

PROGRAM FOR THE P.-T. A. OF CLANTON GRAMMAR SCHOOL

1. Opening song.—P.-T. A.
2. Devotional.—Mrs. S. J. Ezell.
3. Christmas song.—By the children.

General topic for the meeting.—"What Makes a Successful P.-T. A?" (a) How and what the P.-T. A. can do to Help.—Mrs. Roberts. (b) The P.-T. A. Program for the Present Year.—Chairman Program Committee. (c) Is Membership in the National P.-T. A. Desirable?—Mrs. Stapp.

Business.

Adjourn.

Why GET UP Nights?

Physic the Bladder With Juniper Oil

Drive out the impurities and excess acids that cause irritation, burning and frequent desire. Juniper oil is pleasant to take in the form of BUKETS, the bladder physic, also containing buchu leaves, etc. Works on the bladder similiar to castor oil on the bowels. Get a 25c box from any drug store. After four days if not relieved of "getting up nights" go back and get your money. If you are bothered with backache or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep. Alred Drug Co., and Upchurch Drug Co., says that BUKETS is a best seller.

PIGS and SHOATS

I have some pigs and shoats for sale for cash, or on terms to reliable parties

FOR SALE OR RENT
A house and 20 acres of land on highway just north of Cooper. Garage and filling station in connection. Will sell cheap or rent

L. H. REYNOLDS
Clanton, Ala.

SOLUTION OF AGE-OLD PROBLEM IS DISCUSSED BY R. L. HUFFMAN

The problem of trisecting any given angle solely by Plane Geometry principles has been a puzzle to mathematicians through ages immemorial. Mr. Huffman states that nearly a year ago his attention was drawn to this problem, and attempting to solve it he studied about three months, and was almost persuaded to give up the attempt when he discovered his scheme for solution. When he had tested it out to the best of his ability he secured copyright on his drawing. Then he began to formulate his theoretical proof in the light of plane geometry and made several blunders and corrections before he was able to compile the principles of geometry to his satisfaction, as he now has them.

Since reading his final conclusion he has presented his solution and proof to a number of mathematicians. All who have examined his present proof expressed no adverse criticism and offered no proof to offset it, but several said the proof seemed good. One said that he would hate to undertake to disprove it.

Mr. Huffman has a statement from a prominent architect connected with the state who says this about the solution: "Following the method described and a copy of which is hereto attached, I have mechanically trisected a number of different angles, using various sized circles, and in each instance the problem worked out accurately, so far as mechanical means will permit." Mr. Huffman has reached a final conclusion to publish his drawing, solution and proof, and states one striking feature of it all is that the whole thing is simple.

PATES CHAPEL

Last Saturday night and Sunday were our regular preaching times, but we had to miss Sunday on account of our pastor's wife being sick. Of course we missed it but maybe he can stay with us next time. We all hope so.

Our Sunday school was small Sunday on account of bad weather. We only had twenty out, but we all decided that was what made it fair off, but it was just fine for our little crowd.

Mrs. Steve Hughes of Pleasant Grove community visited Mrs. Tommie Maddox Thursday evening; also Mrs. John Pruitt of this community. Mr. and Mrs. E. J. Hayes visited Mrs. Lum Hayes Sunday afternoon.

Mr. and Mrs. Ed Cook of Sylacauga spent the past week end at Pates Chapel with Ed's mother, sister and brother, Mrs. Nora Cook, Lillie and Clifford.

Misses Zemma Hayes, Emily and Macy Pate visited Miss Maude Wallis Sunday afternoon.

Mr. and Mrs. Chester Maddox and children, Katherine and Carl, spent Sunday with Mr. and Mrs. Tommie Maddox.

Next Saturday, December 10th, our W. M. U. will meet again. We urge all members to be present. We invite all visitors to come and be with us.

The third Sunday of this month will be singing afternoon at Pates Chapel. We want everybody to come help us out, December 18th. We invite all good singers.

Mr. and Mrs. John Pruitt of this community visited Mr. Pruitt's mother of Jemison the past week end.

Miss Lucille Cleckler who has been staying in Birminham with Mr. and Mrs. Grady Sewell, visited her mother and father, Mr. and Mrs. Archie Cleckler, the past week end.

There will be a singing practice at the home of Mr. and Mrs. Walter Maddox Thursday night of this week, December 8th. Everybody that can sing is invited.

Mr. and Mrs. Roscoe Maddox of Thorsby visited Mr. A. Maddox and family Sunday afternoon and carried Mr. A. Maddox and daughter, Hazel, back to Thorsby to church.

MARTHA AND AUNT SISTER

The above heading may sound silly and meaningless to some of our readers, but there are others who will know all about who it has reference to. Everybody in Clanton and the eastern part of the county used to know Miss Martha Dupree and her mother, familiarly known as "Aunt Sister." Miss Martha is now Mrs. William Bradbury, and she and her husband and mother live at 228 Herron Street, Montgomery. They are getting along reasonably well. Both are in fairly good health. They extend their greetings to their many friends in Clanton and Chilton County. They always like for their friends from up here to drop in and speak to them when they are in Montgomery.

Mrs. Monroe Wyatt underwent a serious operation at the Central Alabama hospital last Sunday. She is reported in a favorable condition at this time.

PREACHING AT MT. SPRINGS

Rev. A. C. Nelson of East View will preach at Mountain Springs next Saturday night, December 10th, at 7:00 o'clock. The public is cordially invited to attend.—Amoes Moates.

J. L. Johnson of South Alabama was a visitor to Clanton this week. Mr. Johnson has been gone from Clanton several years, during which time he has lived in Baldwin, Escambia, Covington, Wilcox and other South Alabama counties.

STATE NEWS PARAGRAPHED

A Resume Of The More Important Events Of Interest Condensed To An Epitomized Form

Yeggmen blasted their way into the safe of Wallace Long's store at Eldridge and escaped with 3,600 pennies.

Construction of 52 new buildings at Maxwell Field, government tactical training school, is expected to get underway shortly.

Masons, 1,000 strong, are expected to attend the annual communication of the Grand Lodge of Alabama which opens here Dec. 6.

General Gorgas Unit, American Legion Auxiliary, held its first meeting in the quarters in the Hillman Hotel, Birmingham.

En route to a funeral, Billie Carter, 19, and Charles Carter, 29, brothers, were killed instantly when their automobile overturned near Dublin.

Police were searching for a youthful bandit who held up the motorman and conductor of a Pratt-Ensley car at Pratt City, robbing them of $14.72.

State employes who draw their salaries from the general fund of the State Treasury, heard a familiar announcement—"There'll be no pay day."

Sheriff James F. Hawkins loomed as a possible strong contender for the office of United States marshal for the Northern District of Alabama.

Several Ensley High School teachers were confined to their homes recovering from injuries received in an automobile accident near Pulaski, Tenn.

Judge W. E. Harris, 60, former probate judge of Perry County, and a member of the Alabama Legislature, died at his home at Marion following a lengthy illness.

The Alabama Public Service Commission has ordered the Alabama Power Company to increase its retirement reserve fund for the year 1932 by $1,100,000.

Fire, believed by prison authorities to have leaped from a torch applied by disgruntled prisoners, swept the two-story frame cell house at Speigner State Penitentiary.

A bulletin urging prevention and treatment of influenza has been sent to Birmingham school teachers by Dr. James S. McLester, director of child health for city schools.

City Engineer A. J. Hawkins has been named a member of the Road Builders Council of Alabama, which is being organized by the American Road Builders Association.

The Alabama Public Service Commission authorized the Southern Railroad Company to reduce its rates from $2.81 to $1.90 per ton on scrap iron moving between Eutaw and Alabama City.

A total of 26 convictions were obtained during the third week of the Colbert County Circuit Court with Judge J. Fred Johnson presiding and Solicitor R. T. Simpson directing the prosecution.

Purchase of the bankrupt Lowe Manufacturing Company, operators of one of Huntsville's largest cotton mills, and the Lafayette Cotton Mills, Lafayette, Ala., was announced by Donald Comer.

Arguments before the Supreme Court of appeal of Willie Peterson, Birmingham Negro sentenced to death for the slaying of a Birmingham society girl in 1931, were continued until April, 1933.

Christmas paroles for Alabama's 500 most faithful state convicts—stretching from Dec. 1 to Jan. 15—were announced by Gov. B. M. Miller as a reward to long-term prisoners for outstanding prison records.

The Alabama Department of the American Legion will launch a membership campaign this month which includes county-wide mass meetings of ex-service men in every county in the state from Dec. 6 through Dec. 15.

Operation of both divisions of Municipal Court was resumed following a ruling by Judge J. Russell McElroy declaring unconstitutional an act of the recent Legislature consolidating the courts and creating the Inferior Court of Birmingham to take their place.

A "closed" conference of educational and legislative leaders of the state was held in the conference room of the State Department of Education but at its conclusion all the participants were silent as to what took place.

Gov. B. M. Miller has mailed to members of the Alabama Legislature a statement compiled by J. H. Hard, Jr., state comptroller, showing that the estimated present appropriations for the year 1932-33 will exceed the revenue for that fiscal year by $1,935,863.40.

F. A. Ellison and Dock Smith went to Guin last Saturday on business.

DAT BLOOMIN PREACHER

All Ah know is Whut de Bible say Bout Hit.

This Week's Blossom:

—o—

Jesus sa: "And these shall go away in everlasting punishment." Matthew 25:46.

Ah sa: "Evy body thinks dat means de other fellow."

De tex is in Matthew, 26th chapter an de 15th verse. It reads lak dis, "And said unto them, what will you give me, and I will deliver Him unto you? And they covenanted with him for thirty pieces of silver." Since dis ole worl fust started whirlin roun an man foun his sef settin on it he has figured a way to git somethin fur nuthin. He has tried to live an grow rich at de other fellow's expence. We is got men turday whut trades an traffics fur ur livin stid ob workin fur hit. Ah always figures dat kind ob men is nothin more or less than a parasite, des lak ur tick whut stiks his bill in ur cow an sucks her blood an lives on it. Ah feel lak dis country would be lots better off effen we could git rid ob some ob de human ticks whut is continually suckin de life blood ob de people ob dis country.

Der is nothin wrong in ur man selling to his neighbor sich things as his neighbor needs. We must hab merchants an dealers in sich things as we ourselves cant produce, but dar am ur big diffrunce betwixt ur legitimate dealer an ur man whut taks de vantage ob folks an charges them four prices jes because de poor man cant hep his sef. Now jes take de sewin machine whut de agent sells fur sixty-five dollars. De actual cost to produce it is only bout twelve dollars. Or an automobile dat sells fur eight hundred dollars, dont cost one hundred to produce. Er suit ob furniture whut sells fur two hundred an fifty dollars on de installment plan costs bout twenty-seven dollars to make. These are the things whut keeps de poor man down. The Ford Motor Co., had a contract wid de railroads tur pay him at de rate ob one hundred an twenty five dollars fur all Model T's lost in ur wreck. But it aint jes now started, dis ole worl ob man kind has ben da a way all long. Evy body tryin to git de vantage ob de other fellow.

Some ub em thinks da selves smart when da can beat de other man in ur trade. Dar aint nothin dat will stop sich underhanded practices but ur good dose ob ligion. Ah will guarantee dat no sho-nuff Christian is gwyin to cheat his fellowman knowingly. Cause he loves him an wants him to prosper as well as his sef. Fair exchange injures no one an is ur help to all, but dat spirit dat wants somethin fur nuthin is what plays havoc wid evy thing.

Now les see bout Judas. He pretended dat he loved de Lord an wuz numbered wid de other disciples. In fact, he wuz pinted as treasurer an carried all de money in ur bag. Ob course he nevha had no ligion. He hadnt nevah ben born ob de spirit. We know dat, cause ef he had bin, he would nevah tried to sell his Lord to de high priestes. Ur man axed me one time ef Ah thought dat Judas wuz saved. An Ah tole him dat ef he wuz saved he had to git saved between de time he hung hissef an de time when he got his last breath. It wuz not impossible fur him to be saved, but Ah dont expect to meet him in glory when Ah gits up dar. An ef Ah sould see him whin Ah gits dar, Ah dont think Ah will speak to him, cause Ah hates ur traitor wusser than Ah does ur rattlesnake, an dat is jes whut he wuz. Ob course he repented an went to de high priests an offered de thirty pieces ob silver back to um an when de wouldnt take it, he throwed it down in de temple an went out and hung his sef. Ah am sho dat ef axed de Lord to forgive him He done it. But why would Judas go an hang hissef after de Lord forgave him. He would hab to git forgiveness fur dat act befo he could go to heben. So Ah dont no bout Judas, he mought be baskin in de sunlite ob de presence ob de Lord now fur all Ah know. But it seems tur me dat ef Ah had betrayed mah Lord or sold Him into de hans ob His enemys Ah couldnt ax Him to forgive me, much less face Him in de judgment.

Ob course Ah wuz jes jokin when Ah sed dat Ah wouldnt speak to Judas ef Ah seed him in heben, cause ef de Lord can forgive any body any thing Ah can too. In fac, Ah likes to forgive but Ah wants them to show repentance an some sorrow fur their treatment ob me.

Now, mah friens, you who aint no Christian, does you no dat you is betrayin de Lord evy day, cause He gib His life to redeem you an save you fum yoah sins an you is sayin to de debil, Ah loves you better than Ah does de Lord. You is sayin to de debil I'll jine you in deafeatin de Lord, in His efforts to save de worl, I'll be one who will do all Ah can ginst de Lord. Now, whut difrunce is there twixt you an Judas? He betrayed de Lord fur thirty pieces ob silver an you is betrayin Him fur jes ur little sinful pleasures hyar in dis life.

De wust feature ob de whole thing is yoah soul which will live forever, somewhere is lost widout Christ. Wont you hear me an give yoah heart to Him rite now an stop helpin de debil ruin de worl wid sin, an causin de loss ob men's souls. Ah mus close now. May de Lord lead you by His spirit to give up your sinful life an take Him as yoah savior.—Elder Blossom.

TEMPLE CHURCH—CONCORD

Health in this community at the present is very good. We have had a few days pretty weather.

Our Sunday School was small on account of the weather Sunday morning. We have our preaching services twice a month. We expect to have a good service Christmas day.

Our schools are progressing nicely. Cooper played Concord Friday and the score was 6 to 8 in favor of Concord. Concord outsiders played Providence outsiders 41 to 7 in favor of Concord.

We have finished our new room and have moved in.

Sunday and Sunday night are our regular preaching days and nights at Concord. The pastor, Rev. G. G. Williams, delivered a good message.

Our Sunday School is progressing nicely. Our B. Y. P. U. meets every Sunday night.

Mr. W. G. Taylor and family were the guests of Mr. and Mrs. Melvin Mims Sunday.

Mr. T. G. Taylor and wife were the guests of Mr. and Mrs. S. M. Devaughn Sunday.

Mr. S. L. Baker and wife were the guests of Mr. Cleve Baker Sunday.

The Depression Must Be Over

I saw as they marched up the line to get relief from the depression. I saw they went puffing their pipes just the same as if taxes had not been raised. Hard times do not have any effect on the snuff and tobacco. I saw some of them march up to get cloth to keep the body warm, and to get flour to kill hunger, with about one-fourth of a box of snuff on their lips. Say, people criticise the paint and powder, but I don't know anything that looks any worse than men and women snuffing and puffing and begging for bread.

I was talking to a friend the other day about killing hogs. And he said he had no hogs to kill this time and he would have to eat Hoover hogs. I asked him what Hoover hogs were and he said rabbits. A new name for them.—C. J. Moates.

Prophecy Corner

Conducted By

L. A. BUTTERFIELD

The disciple of Jesus, desiring a glimpse into the future, asked the Savior, "What shall be the sign of thy coming, and of the end of the world?" Matt. 23:4. In response to this question the Lord gave them the wonderful prophecy contained in the twenty-fourth chapter of Matthew. One very brief phase of this prophecy we wish to consider at this time. In the seventh verse He said, "There shall be . . . earthquakes in divers places." Thus down the stream of time earthquakes were to be expected and their accompanying destruction was in some way to harbinger the advent of the "end of the world." The fulfillment of this prophecy is clear and its lesson profound.

The following table indicates the number of earthquakes occuring in each century of the Christian era. This information was obtained from the reports of the British Association for the Advancement of Science. The earthquakes listed are only those denominated as "destructive earthquakes." Such earthquakes as were not accompanied by structrual damage have not been included in this list.

Century	Number	Century	Number
First	15	Eleventh	53
Second	11	Twelfth	84
Third	18	Thirteenth	115
Fourth	14	Fourteenth	137
Seventh	17	Fifteenth	174
Fifth	15	Sixteenth	253
Sixth	13	Seventeenth	378
Eighth	35	Eighteenth	640
Ninth	59	Nineteenth	2119
Tenth	32		

The tremendous increase in the last century over all preceding centuries is certainly a marked fulfillment of the Savior's prophecy and a certain indication that the time of His second advent is rapidly approaching. Earthquakes are well adapted as precursors of the "end of the world" for they most certainly turn the attention of men and women to God and heaven.

The following description of an earthquake is given by Samuel Kneeland in his work, "Volcanoes and Earthquakes."

"The sensation is so beyond experience, and the feeling of powerlessness so overwhelmning, that, amid the crash, man looks hopelessly around, and can simply bow the head in silent, motionless despair, as if expecting every moment to be buried in the ruins. With cries and groans of the terrified people in the houses and in the streets, are heard the dull sounds of falling buildings, and appalling subterranean rumblings, and the thoughts of all are turned, where they always are instictively in times of unexpected, inexplicable disaster, Godward."—L. A. Butterfield.

Good Health Depends On Mineral Balance

Lee's Mineral Compound With Vitamins Builds Bodily Strength and Vigor by Supplying Needed Minerals and Vitamins

In the light of recent scientific discoveries, leading Physicians and Health authorities agree that the human race could be practically free from most ailments, and could live to a ripe old age if the system could be regularly supplied with a sufficient quantity of the essential Minerals and Vitamins.

DEFICIENCY OF MINERALS

The process of refining modern foods; bleaching of flour, rice, sugar, etc.; together with improper cooking takes out of our foods the very things that God intended we should have.

ACIDITY DESTROYS HEALTH

As the Mineral content of the body is lowered, slowly but surely the acid content of the system is increased until it finally reaches the point where the organs of assimilation and elimination cannot perform their natural functions. Our powers of resistance are lowered. Disease germs creep into the blood. The system becomes clogged with impurities. Various aches and pains appear, and before we realize what is taking place, we are on the very verge of a physical break-down.

AMAZING NEW FORMULA

Fortunately for humanity, science has found a way to prevent most of these conditions. After years of careful research and experimentation, a new and remarkable formula has been perfected. This preparation, known as LEE'S MINERAL COMPOUND is a scientific combination of the eleven most essential Mineral Elements of the human body combined with Vitamins. It is not, in any sense, a patent medicine but is more in the nature of a FOOD VITALIZER. By supplying the system with the necessary Minerals and Vitamins, it aids nature in quickly balancing the Mineral content of the body so that good health naturally follows.

BRINGS QUICK RELIEF

Stomach disorders, such as indigestion, hyperacidity, "heart-burn," gas, and bloating soon yield to this amazing natural compound. Constipation and attendant ills, such as nervousness, headaches, biliousness, bad breath and sallow skin, soon give way to a feeling of renewed strength and vigor.

MAKE THIS 10 DAY TEST

Convince Yourself!

Stop dosing yourself with "patent medicines," harsh pugatives, oils and cathartics for just 10 days. Go to your nearest Druggist and secure a bottle of LEE'S MINERAL COMPOUND. Take it regularly, and watch the results. You'll be amazed at the feeling of renewed strength and vigor that soon appears. No narcotics or alcohol to "boost you up" but a natural method of restoring health and energy.

For Sale by Upchurch Drug Co., Clanton, Ala., and other good Drug Stores Everywhere. Or send $1.00 to Lee's Laboratories, 365 Peachtree Arcade, Atlanta, Ga., for a large bottle, postage paid.

NATIONAL AFFAIRS

(By Frank P. Litschert)

Complacent Americans look at the election returns showing the comparatively insignificant vote of the Socialist candidates and declare that there is no danger of the United States going radical. They do not stop to think that socialism can come about through evolution much easier than through the ballott box. Communism swept over Russia when the communists comprised an apparently hopeless minority of the population—they are in fact still a minority.

If socialism comes in the United States it will come through a breaking down of our system of government due to federal burdens imposed on the people through regulation and high taxes. The danger is not an imaginary one. It is real and deserves the consideration of every American.

Henry Swift Ives, special counsel for the Association of Casualty and Surety Executives declaring the other day that profits and earnings are threatened with confiscation to meet the growing cost of government and that socialism is the only alternative unless the situation is corrected.

The extent to which taxation, national, state and local, is eating into business is evidenced in a recent article in the Tax Magazine by George C. Williams, himself an expert on taxation. In part, Mr. Williams says:

"If state and local taxes, which increased from $1,472,601,824 during the year 1921 to in excess of two billion dollars in 1930, or an increase of approximately fifty per cent in ten years, continue to increase as rapidly in the next ten years, it will not be long before the various governments will take all corporation earnings as taxes and in effect we will have government ownership of our corporations.

"During depression years, such as 1921, 1930 and 1931, the federal, state and local governments actually do take from our corporations all or nearly all of their net earnings as a result of collecting several billions of dollars as taxes which result in corporation deficits, leaving nothing for the stockholders.

"During the year 1930 all of our corporations had earnings of only $803,829,657 available to stockholders, yet during 1930 the federal, state and local governments received approximately $2,618,000,000. During 1931 it can be conservatively estimated, based on the published nine months' earnings statements of our larger corporations, that all the corporations in the United States will have a net deficit leaving nothing available for stockholders. Even though nothing will be left for stockholders out of 1931 earnings, the federal, state and local governments are increasing 1931 corporation taxes, expecting to collect even more than the $2,618,000,000 collected from corporations in 1930."

Here are some figures which ought to make the average American stop and think for a moment. These great corporations which are being taxed to death do not belong to the wealthy. Their securities are scattered all over the country, and are owned by people of modest means as well as the rich. And each holder of these securities is suffering financially because of the heavy taxes.

But that is not all. The owners of real estate, the farmer and the home owner, the small merchant who owns his business building, are paying as much in proportion as the corporations of the nations. Nobody can escape.

The only way to remedy the situation is not to find new people and new industries to tax, but to cut down public expense and so reduce the tax bill. Either that must be done or we will all be working for the government ten years from now.

We have a lot of things to be thankful for one of which is that we don't have to have general elections as often as Germany does.

Adolf Hitler ought to be known as W. J. Bryan of Germany in that he can take more lickings and come up smiling than any man we know of.

Life is just one thing after another. No sooner do we get the political orators quelled into submission for two years until we learn that European lecturers are coming to the United States by the train load. Here is hoping very few of them get on the radio.

When tenderloin was selling at fifty cents a pound we didn't buy it because we thought it too expensive. Now when it is less than half that we don't buy it because we haven't got the money.

Just between us, we believe that it will be better to have Mr. McAdoo in the Senate where he can't do much except talk than to have him Secretary of the Treasury.

Premier Herriot's idea of forming an international riot squad to rush out and quell disturbances of the peace in the European backyards is in somewhat too nebulous a state to be either approved or condemned.

Offhand, however it appears to be a clever move designed to give the League of Nations an army of vassals to enforce the wishes of that impotent body.

We cannot conceive that the United States will ever participate in such an international police organization to the extent of furnishing its quota of men to help preserve the peace in the eternally quarreling alleyways of Europe.—Ohio State Journal.

The only fellow who can do any good with frozen assets is the manufacturer of ice cream.

For centuries the Chinese were known as a people who would not fight. Now they are known as a people who will not do anything else.—Oklahoma City Daily Oklahoman.

SETTING A GOOD EXAMPLE TO YOUNG AMERICA

Charles Francis Adams, Jr., son of the Secretary of the Navy, and a senior in Harvard, reported at the Charlestown Navy Yard the other day as an ensign in the naval reserve and was assigned to the second battalion. Each Monday night, from now on, Ensign Adams will report for drill. After a period of time, when he has acquired sufficient knowledge, he will be accorded an examination and promoted. Eventually he may attain the rank of lieutenant commander or even commander, when in an emergency, he might be given the command of a small submarine chaser or similar naval ship.

What young Adams is doing every red-blooded youth in the country ought to be doing. If there is no room in the Naval Reserve for them, there is plenty of room in the Reserve Corps of the army. The knowledge these young men acquire in this way will never do them any harm and it may, some day, prove of the greatest importance to them and their country.—Portland Press Herald.

Some statesmen say that 2.75 per cent beer would be just slop and that eight per cent beer would be a violation of the Constitution. If Henry Clay were in the senate now, what a fine chance there would be for another Missouri compormise.

MORAL ECHOES

(By D. W. Haskew)

I was sitting in a swing in the back yard eating a slice of cake. A crumb fell from my hand and rested on a plank at my feet. I saw an ant that was in a hurry. I know that it was dashing here and there in search of food for itself and family. I blocked the path of the little runner with my finger and would turn it in its course. I did this time and again, trying all the time to direct the ant to the crumb of cake. After many efforts I succeeded in directing the ant to the food supply that I knew about. The ant became impatient with me because I was seemingly hindering it in its search, but when it found the crumb of cake, it lifted it in its arms and started on a wild run for its home. I could almost hear the words of gratitude coming from the ant as it thanked me for guiding it to its food supply. God is guiding us. He drops his finger before us and turns our course and ofttimes we become impatient. We cry our sad bosoms empty because we do not seem to have our own way. Above us is our God and He knows. Some day we will understand, and with happy hearts we will thank Him for guiding us to the place where the cake could be found.

Two Irishmen were digging a well. When the hole in the ground was fifty-five feet deep Pat and Mike got on a big drunk and ceased to dig for a week. After sobering up the two men returned to complete the well. Before going down to dig they put a lighted candle into a bucket and let it down to the bottom of the well. The candle went out, "Ah, Pat," said Mike, "there is fire damp in that hole and that means that it is a place of death." They got busy and swished it out with pine brush, and then the candle would burn to the bottom. If you want to know if certain conduct is safe for you suppose that you let your Bible down into that form of living and if its light will shine to the bottom, you can afford to enter. If the Christian light of your pastor will shine in the dance hall, playing Sunday golf, attending Sunday picture shows, conducting a mercantile business on Sunday, etc., you had better be careful how you let yourself into that way of living for there is death in that hole. When the light of your Bible and the Christian light of your pastor will shine to the end of the way, you may then know that all is well. Too many jump in places where the Christian religion will not shine, and to their sorrow they find out that there is death in that hole. It is a good policy to test before you risk your eternal life.

Many years ago I went fishing on a sail boat. The breezes carried us to the fishing waters, and we cast anchor and fished for the rest of the day. Late in the afternoon we lifted anchor and started back to camp fifteen miles away. A strong breeze carried us with speed for two miles and then it ceased to blow. There was a dead calm on the waters, and the boat stopped in its path. For four hours we did not travel. Darkness came on but the boat refused to move. About ten o'clock at night the wind set up and we moved off to camp. When people act on feelings they are just like that sail boat. If they get up on Sunday morning and their feelings blow toward the church they will likely make it to worship, but if they do not feel like it they come to a dead stop. There is no dependence to be put in folks who are creatures of feeling. A ship that sails by the power of steam and machinery will make fifteen miles an hour facing a gale. It is best to do things whether you feel like it or not.

A wife was suffering from malaria infection and she sent to the drug store for quinine. By mistake morphine was sent and the woman measured out an overdose. No sooner had she swallowed it than she realized that a mistake had been made. The doctor was called. The physician administered an antidote and then informed the distressed family that the only hope was in keeping the wife and the mother awake. When stupor set in the family would pick her up and walk her against her will, they had to even lash her with leather straps, pull her hair unmercifully and pinch her flesh blue, but they kept her awake. All the time she cried under the punishment and begged them to just let her sleep one moment. For her to go to sleep for one moment meant death. People wonder why I am eternally after them to attend church and Sunday school. It is because I know that when they take an overdose of indifference, they are likely to go to sleep, never to awake again. Your salvation depends on staying awake and sticking to your Christian duty. Some folks have already gone to sleep under the influence of an overdose of the devil's narcotics.

We returned to camp from a day of fishing. One man among us brought with him a long string of fish. He had no comments to make, but silently turned over his fish to the cook. This fellow was criticised because he did not have up-to-date tackle, and because he used bait that was not used by the other men. The noisy men in the camp were the fellows who had caught nothing. They seemed to know how all fishing should be done, but they had nothing to exhibit. The man who caught the fish had no suggestions to make, but he had results to show after his efforts. Lots of folks know how to run the world, but they have nothing to show what they have done. I like the man who can catch fish. I care but little for his tackle. Before you talk about running the world, show your string of fish.

The MAN in the MOON

Looks Over All—
Overlooks None.

Our Clean Slate

Again Alabama shows 'em HOW out on the Pacific Coast. People out West can't understand the jinx that the University of Alabama seems to hold over them, but they do know that it is still good. For the fourth time Alabama has gone to the West and are yet undefeated—three wins and a tie being the record so far. Coaches and teams in the West come in for a big cut of consideration as national champs in football every year. And lots of them out there are not so scared of other teams that may invade their territory. But, in the words of one sports writer: "Western champs can beat some Southern teams; they do not fear the best that the East, North, or the mid-West can send out to them; but when the name 'Alabama' is spoken on a Western gridiron, it seems that all concerned take the 'wilt' or something like that; they seem to just curl up and die—or, at least, their hopes of winning do. Alabama, through a series of tough breaks, seemingly super-human performances, and some of the best football any team has ever been able to display, has established some kind of jinx over the West. And so far we have been unable to shake it. Alabama has our number—that's all." And that's the way they feel about our boys out in the great open spaces. Alabama's feat of beating St. Mary's College last Saturday gives us some more of the best advertising to be had. And I hope they keep on feeling that way—as long as they feel that we can beat them, we can.

1932 Tigers

This week I am giving a few statistics and items of interest in regard to the 1932 C. C. H. S. Tigers, as promised in the last two issues. However, due to the length of the article, it does not appear in this column, but will be found eleswhere in the paper. Look for the heading "The 1932 Tigers."

Another Convert

A few years ago, when the local high school began putting out football teams, very few of our local sports followers had ever seen a football, not to speak of a football game. One by one, these guys were won over to the new game—new insofar as this particular neck-o'-the-woods was concerned. They would attend baseball games, because they had seen and played this game all their lives—they enjoyed it. But football—that was something else; the folks couldn't see much to that but a kind of free-for-all scramble. So, each year saw more and more people turning to football, and liking it. A few held out, though, and would have none of it. One very prominent man, for instance, whose name I will not mention, (just to save him lots of kidding"), has been one of the hardest of these hold-outs to convert. Time and again I have urged and begged him to attend football games with me, sure that once he had seen some football he, too, would like it. Always came about the same response: "Football? No! I would as soon attend a bull fight. That is the nearest nothing I can think of in the way of a game." However, he was at last persuaded to attend the Auburn-South Carolina game in Birmingham last Saturday, and came back converted into a red hot football fan. "I am sorry the season for football is over for this year," he told me. "Say, that IS a game after all, and I only wish I had found it out sooner. What a lot of fun I have been missing. Yes, I must confess I got a real kick out of that game Saturday, and I expect to see all the football I can next season."

Pitts and the Gas Tax

Some time ago Mr. Pitts, our representative in the legislature, came in for quite a round in this column in regard to his action on the gas tax legislation when it came before the House not so long ago. I have talked to Mr. Pitts about this matter, though, and he has explained the matter in detail to me. Finally, Mr. Pitts wants the people of Chilton County to know, (and, in justice to Mr. Pitts, I believe they should know), just how he stood on the measure which passed, and upon which you are now paying an additional cent per gallon gas tax. Mr. Pitts voted AGAINST that bill. And I want this known, too—if Mr. Pitts has come in for any undue criticism on account of my article in regard to his action in connection with the tax measure, I regret the same, and assure all that no such criticism was meant, insofar as I was concerned. I feel sure that our representative has the well-being of his constituents at heart, and would do nothing which he believed would be contrary to their best interests and desires. If any wrong impression of Mr. Pitts was created, I am glad to correct it.

Seeing the Light

I hope all of our readers read Dr. V. J. Gragg's article, "Representation with Taxation," in last week's issue. If you did not read it, hunt out your last week's paper and do so now. In this article Dr. Gragg has voiced the opinion of thousands of Alabamians. Would that others would have back-bone enough to come out in the open and admit the error of their ways in electing the present set of State officials, and ask for a "new deal" in the matter. Those State officers state that they are "doing all they can" to bring about better conditions in Alabama. If this be true, I wonder if such a statement is not open admission of incompetency, in view of the fact that every move they seem to make things worse. On the other hand, if they can do anything, it is high time they were about it, if for no other reason than that their own political heads are at stake. Even the Democrats, themselves, who put this regime in power, are tiring of the condition of downright slavery, by taxation, in which they find themselves. And, tiring of the heavy yoke, they are beginning to turn on their tormentors. People can be led into nearly anything, but they resent being driven into anything.

The Song Leader

I see by the papers, where Al Smith presided at a community singing not long ago. Of course Al would open the song service with "The Sidewalks of New York." The article didn't say so, but I imagine, inasmuch as Al was the big cheese at the affair, that several of the songs of "the good old days" were sung—like "Pass Around the Bottle," "The Little Brown Jug," "The Stein Song," and others of the kind. And, maybe, too, if he had thought he could have gotten away with it, he might have had the service opened and closed with "mass", conducted by one of his "Right Reverend Fathers," and rung in the blessing of "Pappy Pius" on the whole outfit for good measure. It would have been a fitting climax.—Man in the Moon.

THE R. F. C. COURSE JUSTIFIED

The Reconstruction Finance Corporation has been severely criticized in certain quarters for dilatoriness in authorizing self-liquidating loans in accordance with the provisions of the emergency relief act. Applications have been received, it is stated, calling for loans in excess of $1,000,000,000, but so far only $134,000,000 of advances have been approved, while technical and legal difficulties have held up actual advance on approved projects.

Instead of complaining, the taxpayers of the country ought to be applauding the endeavors of the R. F. C. to conserve the public money by refusing to endow enterprises that cannot pay their way. It is obvious that the millions requested by both public and private borrowers to finance the construction of bridges, roads, tunnels, water works, etc., cannot be disbursed safely without preliminary painstaking investigation of the legal, technological and financial aspects of each application.

The law states that a project shall be "deemed to be self-liquidating if such project will be made self-supporting and financially solvent and if the construction cost thereof will be returned within a reasonable period by means of tolls fees and rents or other charges, or by such other means (other than taxation) as may be prescribed by the statutes which provide for the projects." There is no mistaking the clear intention of the law not to waste the taxpayers' money by making fights under the guise of the productive loans. The only way the R. F. C. can make sure that the enterprise will be able to pay its way is to proceed with care and delberations and refuse to be stampeded by ill advised popular clamor into making hasty decisions.

Astronomers have recently detected signs that the inhabitants of Mars were endeavoring to attract the attention of the people of our planet. Perhaps they have a bond issue on sale.—Salt Lake City Deseret News.

Some one wants to know what George Washington would do if he were here today. Chances are he'd be kept busy trying to find a dollar to throw across the Potomac.—Miami Daily News.

Permission has been obtained to launch two new American ships with champagne. It seems a clever way to get the stuff, but what does one do with the ships?—Richmond Times Dispatch.

Excitement reigned at the football game in Old Home Town the other day when somebody actually had a half dollar for the referee to toss to decide the kick off.

Himalayan sheep can run 40 miles an hour. The lamb would have had to travel as fast as that to follow Mary nowadays.

Returns from Russia agree that the soviet is determined to carry out the five-year plan even if it takes 20 years to do it.

Just when we are losing hope for disarmamet we read that Bolivia and Paraguay are actually trying to do it to each other.

The public utility probe being conducted in Pennsylvania seems to be reasonably safe. Two men who are being investigated are both dead.

If Mr. Roosevelt wants his administration to be a real success he should appoint to his cabinet a Secretary of Agriculture who can give us two dollar wheat and five cent bread along with ten dollar hogs and ten cent sausage.

Remember the good old days when spending the evening in the kitchen making pop corn balls was considered real sport.

Let our legislators please remember that you can't tax the shirt off a man's back unless he has a shirt.

Every patriot in America, regardless of politics, will now hope that business gets back on an even keel and that we resume the march out of the depression that started last summer. If we keep our nerve and faith the march will continue.

"Go after business," sounds like good advice, until you remember where business has gone.

Now that the election is over let's get busy and settle the question of which is the best of the football teams.

Eighteen students have enrolled in Chicago in a course on advanced brewing. Isn't that the kind they have been doing in the cellars for the past fifteen years?

Married this week: R. V. Hand and Miss Ellen Moore, W. B. Taylor and Miss Jessie Wilson, W. A. Weldon and Miss Alice Culp, Wash Heflin and Miss Hixie Gore, J. A. Kelly and Miss Jennie Plott.

Miss Frenchie Bates of Cooper spent Sunday with Miss Martha Dupree and mother in Clanton.

The Man on the Corner

Some Sights He Saw—
and Some He Saw Not.

Stanley Gulledge Visits Here

Hurriedly I came up the alley one day last week. Over on the back porch of Aunt Mattie Mims's house I saw two gentlemen sitting liesurely in the sunshine talking things over. My way led me closer to them and their intense interest in each other caused me to give them another more inquiring glance. It was a conference between father and son. Stanley Gulledge was talking to his beloved old daddy, General J. W. E. Gulledge. I was glad to see both of them. It would take this whole newspaper to print the picture of the incident as it appeared to my mind. Stanley got shot accidentally over a year ago. He is just now able to get about. As soon as he could stir, he made a bee line for Clanton to see his father.

Was This a Pig or a Hog?

W. S. Clark of Mt. Creek said the other day he killed a pig eleven months old that dressed 454 pounds and turned out 20 gallons of lard. I would call that a hog.

Legion Post Gets Citation

At the Legion meeting in Montgomery last Sunday, Chilton County Post No. 6, received a swell little certificate signed by National Commander Henry L. Stevens, saying: "The National Americanism Commission of the American Legion: Chilton County Post No. 6, Department of Alabama, is hereby cited for worthwhile and outstanding service to its community during the period specified in the annual community service and Post activity report, 1932." When the award was read out by State Adjutant, Trotter Jones, Post Commander R. D. Woodson, arose and accepted the certificate amid a shower of cheers. This award cames to Chilton County Post in recognition of its outstanding service in the storm relief program the first part of this year. It is well-deserved by the men of the Legion in Chilton County. The Ladies of the Legion Auxiliary ought to have one just like it.

Shorty Wren Day in Montgomery

The annual conference of Post Commanders and Adjutants and Department Officials of the American Legion in Montgomery last Sunday was designated by Commander Ed Murray as "Shorty Wren Day." A very touching and altogether fitting program in honor of Edward C. (Shorty) Wren, was carried out. The memorial address was made by Pete Jarman. It was one of the most touching eulogies ever heard. Shorty's mother, wife and little girl were present. A wonderful occasion this was.

Here's A Trade for You

If you think Dewey Rockett aint some trader, just listen to this. He says, "I want to trade for 500 gallons of sorghum syrup. It must be sorghum, mind you. I will give a box of shells for 2 gallons of sorghum, and then I will turn around and give ten cents apiece for all the rabbits you kill with the shells." Don't ask me how I figure such a proposition out. I can't do it. I may not have the thing just right. But you see Dewey about that. I know one thing sure. He wants 500 gallons of sorghum.

Keep the Schools Open

There is under consideration now a proposition for our County Commissioners to appropriate enough money to pay teachers' salaries to guarantee the continued operation of the schools of the county. Let us hope that all details can be satisfactorily arranged and this objective be accomplished. It will doubtless be submitted to the people for approval or rejection, and surely there can be no doubt of the approval of our citizenship. I sincerely hope our County School Board and Commissioners will get together and find a way to proceed in keeping our children in School.

Electing a School Superintendent

Every time you mention any policy or any proposition about the school business, here comes the question of letting the voters of the county elect the superintendent of education. You may write this down in your little book: We are never going to arrive at any sort of cooperative and harmonious procedure in our school business until that right is placed back into the hands of the people. The longer it is withheld from the people, the worse will be our dissatisfaction. The best thing in the world for a person is the thing he is best satisfied and contented with. We had better have mediocre schools with people satisfied with and supporting them than to have the finest kind of a system with most pepole dissatisfied and kicking about something in connection with them.

I Saw A Football Game

I have always liked baseball. I have never cared for football. Some of my friends have wondered why. All I know is I was just funny that way. Attracted by the splendid record Auburn has made this year, I yielded to the invitation to see them play South Carolina in Birmingham last Saturday. The score was a tie 20-20. The first football game I ever saw. I believe I will like it when I learn more about it. It is a game tough on clothes. They almost tore every rag off one of the Auburn boys, but he stayed with 'em.

Some men say that they have more fun in being naughty than in being good, but even at that it's a lot more expensive.

It is now time for the statesmen of all parties to get together and bury old Man Depression under a landslide forty feet deep.

If Grover Cleveland were alive there is little doubt that he could send President Hoover a real message of sympathy.

Investors in public utilities who are unable to get their money back now know what a "holding company" is.—Memphis Commercial Appeal.

William Beebe, who went a half mile down into the sea discovered that we on the surface cannot appreciate a real depression.—Oakland Tribune.

A man arrested in Indiana had 20 watches in his possession. Shows how a person can get into trobule when he has too much time on his hands or in his pockets.

Well, if Mr. Roosevelt can solve the wet and dry problem, get Europe to disarm and pay its debts, and put the price of wheat up to $1.50 a bushel we will be willing to admit that at last we have a real miracle man.

In the good old days of 1929 it was two cars for every family and now it is two families in every car.

At All I.G.A. Stores

Mr. Noel Lee Johnson, Miss Theresa Bosworth and Miss Naemi Turnquist of Selma visited relatives in Thorsby Sunday night.

Mr. and Mrs. Frank Thompson have moved from the W. H. Townsend house to the Freeman cottage, next door to the Nortons' home, on Washington Street.

Mr. and Mrs. Turner Gamble have moved from the W. H. Townsend house to the Earl Mead house.

Mr. and Mrs. Malcom Manning have moved from the Earl Mead house to the W. H. Townsend place on Montgomery road.

It is now definitely known that the special meetings at the Congregational church will colse Wednesday night of this week.

Next Sunday morning Rev. Each will preach in the Congregational church at the usual hour. There will be no evening service.

Miss Mortie Fincher from Montevallo College and Miss Lulla Capel, from Tallassee, Mr. M. A. Carleton and Fletcher Ponder from Dadeville spent the week end with Mr. and Mrs. Frank Thompson.

THORSBY SECTION

(S. E. Norton, Manager)

The chief topic of interest to all Thorsby people at this time, is the epidemic of lagrippe and flu, fortunately in a mild form, which Dr. Franklin says is probably owing to the beautiful weather we have had for more than two weeks. Scarcely a family ha sescaped, often several have been afflicted at the same time, very few cases have developed pneumonia, and nearly all known cases have either recovered or on the mend. A roster of those in Thorsby who have had or have this affliction would include almost the entire community. But it is hoped that the worst is over.

In spite of these difficulties, the series of special meetings, which during the past week have been held under Congregational auspices, with Rev. Morgan, pastor of Independent Congregational church, Birmingham, as the preacher, have been wonderfully blessed, with deep spirituality and incerasing attendance.

Taking note of this fact, and also showing the spirit of fellowship and good will, Thorsby Baptist church officials offered the use of their church for the morning and evening services Sunday, which was accepted in the spirit which prompted the offer, and much larger audiences were present at both services than could otherwise have been accommodated. As at first planned these meetings were to have closed Sunday night, but in response to many requests, and owing to the unusual interest manifest, it was decided to continue two or three days this week. However it is not planned to continue them after Wednesday night of this week. For the remainder of the meetings the Congregational church will be used.

The meetings held Monday at 10 a.m. and 7 p.m. were very impressive, and about 30 people manifested a determination to "walk in the light." Mr. Morgan has been very successful in stimulating interest by individual work among the people, and helping them to see clearly "what they must do to be saved," and we predict that seed is being sown that will bear fruits of righteousness for many years to come. Mr. Morgan appeals to the reason instead of the emotions.

The W. M. U. of Thorsby Baptist church will have a parcel post sale at the Town Hall Saturday afternoon, beginning at 1 o'clock. Not any of the parcel post packages will cost you more than 25c and none less. Come everybody and buy real bargains at a low price.

There will be regular preaching services morning and evening at the Thorsby Baptist church Next Sunday, December 11th. Everybody invited.

Rev. J. W. Jones attended the Alabama State Executive Board meeting in Birmingham Tuesday and Wednesday.

Mr. Dick Kemp of Clanton visited Mr. and Mrs. Donald Merchant on Monday.

Mrs. C. M. Gray has been confined to her bed with the flu for several days.

Mr. and Mrs. O. W. Miller of Clanton spent Sunday in Thorsby with Mr. and Mrs. Green Burnett.

Mrs. Webb Parrish and little daughter, Billy Ann, spent Saturday with friends in Clanton.

Mrs. Lee Pate entertained the young matron's sewing circle last Friday afternoon. Those present were Mesdames C. M. Gray, Earl Marcus, Grover A. Bice and Webb Parrish, and the hostess.

Mrs. Varney Wyatt had a quilting party Tuesday afternoon.

Mr. and Mrs. William Wright and children and Miss Pearlie Hessler of Haynes, Ala., spent the week end with Mr. and Mrs. M. E. Willis.

Miss Rachael Peterson of Birmingham is visiting home folks, Mr. and Mrs. Carl C. Peterson. in Thorsby.

Miss Edith Johnson spent the week end with her sister, Miss Esther Johnson, in Birmingham.

Miss Verlon Goodgame is spending a few days in Birmingham due to sickness of her sister, Miss Wilma Goodgame.

Mrs. John Browder of Clanton spent Monday afternoon with Mrs. Emmett Billingsley.

Mr. Hugh R. Primm made a business trip to Calera and Siluria Monday.

Miss Effie Lou Nugent was the dinner guest of Miss Edna Raybon Sunday.

The W. M. S. of the Thorsby Baptist church is observing the foreign mission week of prayer this week.

The Y. W. A.'s will meet with Miss Lola Martin Saturday afternoon at 3 o'clock. A missionary program and election of officers will be held. All girls are urged to be present.

Letha Martin spent Saturday night with Myradine Martin.

The Eastern Star thanks the various ladies who have contributed to the relief work they are doing for the school children.

Martha Williams, who has been confined to her bed with flu the past week, is up some at present.

Mr. John Sorrell has returned home after spending several days in the veterans hospital at Tuscaloosa.

Mr. and Mrs. Wilbert Marcus spent the week end in Clanton with Mr. Marcus's parents, Mr. and Mrs. P. G. Marcus.

Miss Edith Jean Miller of Clanton is visiting Mr. and Mrs. Wilbert Marcus this week.

The first meeting of the W. M. U. for the week of prayer met at the home of Mrs. J. M. Nix.

Mr. Jack Nix returned home from the hospital in Tuscaloosa.

SINCLAIR GETS NEW DRESS OF FRESH PAINT

Kin Vinson, local distributor of Sinclair Gasoline, has been busy the past few days putting the Sinclair properties in a new dress of fresh paint. The big tank station alongside the railroad has been partially painted and expects to get the finishing touches right away.

At the same time the local Sinclair Station, operated by Preacher Bishop and Henry Miller, has been given a thorough painting. The Sinclair boys around Clanton are hustlers. They do not let any grass grow under their feet. They keep their properties as neat as a new pin, and when you go to them for service, you get it in jam up fashion.

Recently Mr. Vinson purchased a new Ford truck which he has equipped for making deliveries throughout the territory. New Sinclair retail dealers are being added every few days. An extensive advertising campaign is being carried on, and it really begins to look like Kin meant what he said when he took over the Sinclair business here: "I am going to put Sinclair on the map around Clanton and all over Chilton County."

METHODIST MISSIONARY SOCIETY ELECTS OFFICERS FOR NEW YEAR

On Monday afternoon of this week the following officers were elected for the new year:

President, Mrs. J. C. Jones; vice president, Mrs. Reid Mullins; recording secretary, Mrs. W. E. Huddleston; corresponding secretary and treasurer, Mrs. J. E. Edgar; junior superintendent, Mrs. L. E. Diefenderfer; superintendent social service, Mrs. J. Q. Wade; superintendent of supplies, Mrs. Bob Jones; superintendent Bible and mission study, Mrs. L. C. Warr.

Circle No. (1), Mrs. L. H. Reynolds, chairman; Mrs. Wade assistant; circle No. (2), Mrs. Marion Gore, chairman, Mrs. Edgar assistant; circle No. (3), Mrs. Clara Mullins, chairman; Mrs. Huddleston assistant; superintendent in charge of missionary voice, Mrs. Glennie Evans.

Quite a bit of influenza is reported at Mitchell Dam this week. Mrs. Hollis is said to be quite ill.

GLASSCOCK-WHITE

Mrs. William R. White announces the marriage of her daughter, Hortense, to Mr. Edward L. Glasscock, of Jemison, Alabama, on Friday, May the twentieth, nineteen hundred, thirty-two, Montgomery, Alabama.

Mrs. Glasscock is the elder daughter of Mrs. William R. White and the late Judge White. She is a graduate from the Troy High School and the Troy State Teachers College and is a member of Sigma Kappa Pi Sorority. For three years she taught successfully in the city schools of Mobile. Mrs. Glasscock is one of the younger artists of the city. She possesses a lyric soprano voice of rare quality and has wide popularity as a vocal soloist. Her charming manner and pleasing personality have won for her hosts of friends throughout the state.

Mr. Glasscock is the son of Mr. and Mrs. A. H. Glasscock of Jemison, Alabama. He received his education at Jacksonville and Troy State Teachers Colleges. Mr. Glasscock takes an important part in all school activities. He was president of the Y. M. C. A. and a member of the College Glee Club. He was popular with the faculty and with his fellow students.—Troy News.

RECKLESS DRIVER GETS HARD LABOR

Cases Disposed of By Judge Tate In Non-Jury Court

The following cases were disposed of by Judge Tate at the non-jury term of the Circuit Court Tuesday:

James M. Bell, charged with violating prohibition law. Trail and judgment not guilty.

Hillary Bolton, charged with violating prohibition law. Trial and judgment of guilty. Fined $50 and cost. Sentenced to hard labor 20 days for fine and sentence suspended for 18 months pending good conduct.

Tead Cassell, charged with abusive language; nol prossed.

J. H. Foshee, charged with operating truck with improper tag; nol prossed.

Dorsey Hughes, charged with violating prohibition law. Plead guilty and fined $100 and cost. Sentenced to hard labor 30 days for fine and 56 days for cost, and 30 days additional punishment.

Court was in session Wednesday continuing the disposition of non jury cases on the criminal docket.

Concord-Billingsley

Our singing society met Sunday afternoon. The singing was good. We had several visitors from Pleasant Grove. We were glad to have them and invite them back any time. The society meets the first Sunday in every month.

Our new pastor, Rev. J. S. Johnson, was a visitor to our community Sunday afternoon.

Mrs. Florence Williams visited Mrs. O. Y. Sims Friday afternoon.

Miss Clara Delle Sims visited Misses Esteen and Eula Mae Brown Sunday afternoon.

Mr. Houston Deramus of Stanton visited his aunt, Mrs. J. P. Williams, last Wednesday night.

Miss Mildred Stanford of Lawley is visiting relatives here this week.

Mr. T. J. Deramus returned to his home here after several days visit with relatives at Stanton and Selma.

Mr. Charlie Williams visited relatives at Stanton and Dixie last Monday and Tuesday.

Mrs. Mary Ann Lawrence of New Cedron visited in this community on Saturday.

Mrs. Wilt Brown spent Saturday afternoon with Mrs. O. Y. Sims.

INSIST ON Genuine BAYER ASPIRIN

Because ....

The Bayer cross is not merely a trade-mark, but a symbol of safety.

The name Bayer tells you that it cannot depress the heart.

The tablet that's stamped Bayer dissolves so quickly you get instant relief from the pain.

BAYER

There's no unpleasant taste or odor to tablets of Bayer manufacture; no injurious ingredients to upset the system.

Tablets bearing the familiar Bayer cross have no coarse particles to irritate throat or stomach.

BAYER

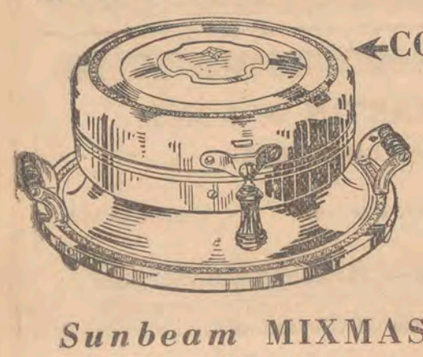
Here's What She Wants . . .

the kind of gift that has a great future!

SPECIAL CHRISTMAS TERMS

ELECTRICAL gifts will win first place with women. Partly because they're handsome, but mainly because they're so practical and helpful. From their very first day in the household and for years to follow they'll be in almost constant use and a source of comfort, convenience and enjoyment. Give something electrical and you can't go wrong!

on all Electrical Appliances



CORONA ELECTRIC WAFFLE IRON

$5.50 Cash — or $1 down—balance on special terms.

An easy-to-handle waffle iron that makes waffles almost by itself. Its aluminum grids need no greasing. Handy heat indicator adds the finishing touch. An ideal gift!

Sunbeam MIXMASTER →

$2.25 Down — balance on special terms.

If your wife hasn't one of these sturdy servants—look no further for her gift! Here it is! Takes a hundred kitchen jobs off her hands and that, dear sir, is just what the wife wants most!

LANDERS *Highboy* PERCOLATOR

$6.45 Cash — or $1 down—balance on special terms.

A real bargain is this handsome electric Highboy. Makes delicious coffee and is built for long, durable service.

O. D. Deloach, Manager

MT. PLEASANT

Our P.-T. A. organization held its first meeting on Tuesday, November 29th. Three committees were drafted by the president, Mrs. Frank Mastin, who was unanimously elected the first session. The committees were namely: Program committee, composed of Miss Celia Baldwin, chairman; Mrs. J. W. Gandy and Mrs. Clifford Wells; the hospitality committee is composed of Miss Lera Bean, chairman; Mrs. M. A. Wright and Mrs. R. E. Scott; the membership committee is composed of R. B. Johnson, chairman; Carl Glasscock and Mrs. Katie Eiland.

Twenty two members have joined thus far, but we hope to increase this number to thirty-five by the next meeting, which will be held on Tuesday, December 13th. The school extends a hearty welcome to all parents to become members of our P.-T. A. A program is being prepared for rendition at the next regular meeting.

Several of our school and classmates are being detained from school this week on account of severe colds. Among these are Delphin and Dolphin Popwell and Leonard Burnett. Teachers, classmates and schoolmates offer their good wishes for speedy recovery.

Miss Edna Gore spent the week end with Miss Kathleen Smith.

Mr. Robert Franklin, who has been serving with the U. S. Navy in China, has returned to spend a few days with his mother, who lives in Mulberry community. Mr. Franklin made a real nice talk to the third and fourth grades last Monday.

Our school again trimmed the fast stepping quintet from Calera. On last Wednesday night Coach Glasscock rounded up his players and drove to Calera, where they plastered a 21 to 14 defeat on the Calera boys. Sweeping into a large lead in the first quarter, the Mt. Pleasant lads coasted to their fourth straight victory against no defeat. It was without question the swiftest game the writer has witnesses between Jr. high school teams. The visiting team unraveled some uncanny pass-work, which the Calera boys seemed unable to cope with, for every point they made crip or foul shots. The game was played before a large and vociferous crowd of supporters, who were packed into the auditorium, pulling and cheering for their favorite team. A large truck and several private cars from Mt. Pleasant, Clanton, Jemison and Thorsby conveyed the enthusiastic fans who pulled for the Chilton County lads to come through with victory. The Mt. Pleasant team adorned in their flashy red suits, leaped into an 8 to nothing lead by the end of the first quarter, and at the half were leading 19 to 8; but the last half found the Calera boys settled down to an almost air-tight defense, coupled with a sudden outburst of long-range shooting, which pulled the count closer, yet they were never closer than six points of tying the score. Curtis Traywick, as usual, was the high-point man with thirteen, while Burnett, his running team mate registered six, and Collins, the lanky center, rounded out the twenty-one with a beautiful crip shot for two points. The writer failed to get the names of the Calera players, but all of them were outstanding in teamwork, especially during the last half. Their inability to shoot proved their downfall, for those chaps can handle the ball nicely and can pass the ball in rapid fire order. We plan to meet these clever little players in Clanton at an early date. Watch for further announcements to that effect. A fifth victory was added last Friday night when Coach Glasscock carried his team over to Maplesville, where they set the Maplesville High School back 34 to 26. The game was tied 26 to 26 when the regular period ended. An extra five minutes was played when the Mt. Pleasant boys rung up four field goals for the 34 to 26 win.

The following persons spent a delightful Sunday afternoon with Miss Gertice Riggins: Misses Jewel and Myrtice Cost, Gladys Turner, and Mrs. Hiram Littlejohn.

A Christmas tree exercise will be held on the afternoon that our school adjourns for holidays. The faculty members are arranging a short but interesting program, which will add joy and delight to the Christmas season. Oh yes, old Santa will be there, too. We hope he remembers all the little boys and girls, even if living conditions are far below normal.

Miss Zella Mae Bell, attractive daughter of Mr. and Mrs. C. O. Bell, won third prize in the subscription contest, sponsored recently by the Chilton County News.

Miss Nellie Rollins was the Sunday evening guest of Misses Myrtice and Jewel Cost.

Our attendance was rated higher the second month than the first, it being 93.89 per cent for November.

The faculty and Jr. II plans to give a reception in honor of the Jr. III class before the Christmas holidays. Several new contests and games will be introduced. Also prizes will be awarded to those who win.

Mrs. Wright, our social science and English teacher, was absent one and one-half days last week, due to an attack of malaria cold. Mr. J. G. Johnson, brother of the principal, supplied for her.

Examinations are over and we are all looking forward to getting our report cards. This is the first week of the third month and we are going to try to make our grades count more.. Each of us hope to make a half unit for this short term.

Mr. Johnson and Coach Glasscock attended the school meeting at Clanton last Monday afternoon. We all sincerely trust that the Commissioners Court and Hon. Probate Judge Reynolds can devise some plan whereby our county schools can extend our school term so that we will be able to make a full grade.

A large crowd of young people enjoyed a very pleasant evening at the home of Mr. and Mrs. C. O. Bell last Thursday evening, when they sprung a surprise party on their daughter, Miss Zella Mae Bell.

Our school has recently installed $20.00 worth of new shades in Mr. Glasscock's room. Also a water drain pipe leading away from the water cooler was installed.

Our first, second and third honor roll will be published next week.

On next Friday afternoon, December 9th, the crack team of "basketeers" from Maplesville will come to Mt. Pleasant for the return game. All who are desirous of seeing a good game of basketball between two real teams are urged to come to the Mt. Pleasant school court at this time. The game will be called promptly at 2:30 o'clock. Come see Maplesville's fast team work and skillful dribbling matched against Mt. Pleasant's crack shooting.

Dr. S. J. Ezell went to Birmingham Tuesday to attend a meeting of the Baptist State Executive Board, and the state-wide prohibition meeting.

COOPER SCHOOL NEWS

The P.-T. A. of Cooper school is planning a tacky party for Friday night, December 9, at Cooper Junior High School. There will be a number of quartets, readings, contests and games. Prizes will be awarded to the tackiest person. Everyone come dressed tacky and bring someone with you.

Don't forget the date and time, Friday night, December 9, at 7:00 o'clock. Come and have a good time with us.

Cooper met Concord on the latter's court in a thrilling basketball game. Concord defeated Cooper by a score of 9 to 6. Both teams played exceptionally well. There was a large number of basketball fans present. We hope to make a better score next Friday when we meet Baker on our court. The public is cordially invited to attend. This date should receive special attention because the girl's basketball team, of Cooper is planning to play the girl's basketball team of Baker on the same date, Friday, December 9, 1932 at three o'clock.

"Mrs. Briggs of the Poultry Yard," is the name of the play that is to be put on by the Jr. II class some time in the near future.

LEGAL NOTICE

State of Alabama, Chilton County, in Probate Court:

Letters of administration with Will annexed, upon the last Will and Testament of John Gafford Stearnes, having been granted to the undersigned, by the Probate Court of Chilton County, Alabama, on the 14th day of October, 1932, notice is hereby given that all persons having claims against said estate will be requested to present the same within the time required by law or same will be barred.

ESTHER M. COOLEY,
Administratrix of the Estate of John Gafford Stearnes, with Will annexed.
12-8-3tch

Central Singing Society

The Central Singing Society met at Chestnut Creek, Cooper, last Sunday afternoon. The class was reasonably large and the audience of listeners was above the ordinary. The singing was very good considering the scarcity of books. Prof. O. L. Devaughn, the chairman of the society, had the singing in charge. A program was arranged by two members of the committee—J. R. Robinson and A. O. Boswell.

Walnut Creek is the meeting place next Sunday afternoon, and 2 o'clock is the hour. The singings are usually good at Walnut, and we hope that next Sunday afternoon will be even better than usual. All singers and the public in general are cordially invited.

Lesson for December 11

THE CHRISTIAN USE OF LEISURE

Nehemiah 8:9-18; Zechariah 8:4-5; Matthew 11:16-19; Mark 6:30-32; I Corinthians 10:23-33.

GOLDEN TEXT—Whether therefore ye eat, or drink, or whatsoever ye do, do all to the glory of God. I Cor. 10:31.

PRIMARY TOPIC—Jesus Watching Children Play.

JUNIOR TOPIC—Pleasing God in Our Games.

INTERMEDIATE AND SENIOR TOPIC—The Best Way to Rest and Play.

YOUNG PEOPLE AND ADULT TOPIC—The Christian's Rest and Recreation.

The topic of today's lesson is rather a strange one to attempt to set to the texts selected by the lesson committee. By leisure is meant freedom from one's regular occupation. The instructed Christian gladly uses his leisure in the worship and service of God.

I. Hearing the Word of God Read (Neh. 8:9-18).

The people turned aside from their common interests and demanded from Ezra, the scribe, the reading of God's word. The Mosaic economy provided regular periods for cessation from secular activities, such as the Sabbath, the Sabbatic Year and the Year of Jubilee, so as to afford recreation and spiritual refreshment to the people. In the case of these Jews, this period of reading of the Word of God meant not only physical refreshment, but spiritual revival.

1. Conviction of sin (v. 9). "The word of God is quick and powerful" (Heb. 4:12). It brings conviction of sin (Acts 2:37).

2. Weeping turned into joy (vv. (10-12). Forgiveness follows perception and confession of sin. When the sinner is forgiven, God would have him enter into joy. Continued mourning would not atone for sins that are past. "The joy of the Lord is your strength."

3. Blessing to be shared with others (vv. 10-12). True joy manifests itself in giving to others. Pure religion goes out to minister to the poor (James 1:27).

4. Obedience of the people. From the reading of the Scriptures they found the Feast of Tabernacles had long been neglected. They kept the feast in a way that had not been known since the days of Joshua (v. 17).

II. Children Playing (Zech. 8:4-5).

Playing is natural to children. Zechariah pictures a time when the streets of Jerusalem shall be safe for the play of children. This will be realized when Jesus Christ reigns as king.

III. The Need of a Vacation (Mark 6:30-32).

The tragic death of John the Baptist had taken place, and the disciples had just returned from a strenuous missionary tour. Christ perceived their need and invited them to come apart with him for a time of rest. It is a grave mistake to assume, because we are engaged in the Lord's work and the need is so urgent, that a vacation can be dispensed with. Such periods are needed in order that we may work again.

This retreat, called by Christ, was for the purpose of hearing a report of their work, to take counsel about the work, and to be refreshed by prayer.

IV. Do All Things for the Glory of God (I Cor. 10:23-33).

The occasion for this teaching was the uncertainty as to the right attitude toward things sacrificed unto idols. In mingling with society many perplexing questions arise such as, amusements, way of spending Sunday, way of spending a vacation, enjoyment of luxuries, etc. This portion of God's Word contains principles adequate for guidance in all of these matters.

1. "All things are lawful for me" (v. 23). This declaration is limited, of course, by things which are right in themselves. It is not true that a Christian is free to do things which are wrong in themselves. He can only indulge in lawful things as they are expedient and unto edification.

2. "Let no man seek his own" (v. 24). The Christian's law of life is unselfishness. The one dominated by love considers the other's interest rather than his own.

3. "Do all to the glory of God" (v. 31). This is the grand and supreme life of the Christian. In all our concerns we should have God's glory before us constantly. How could one ask God's blessing upon the intoxicating cup, dancing, gambling, theater going, Sunday desecration, etc.?

4. "Give no occasion for anyone to stumble" (v. 32). We should so live that no one can ever say that we have been the occasion for their downfall.

5. Follow the example of Jesus Christ (I Cor. 11:1). Christ gave up all for the sake of others.

He Is With Us

Wheresoever we be, whatsoever we are doing, in all our work, in our busy daily life, in all schemes and undertakings, in public trusts, and in private retreats, he is with us, and all we do is spread before him. Do it, then, as to the Lord.

Contrast

In the scientific and natural world men obey no further than they understand; in the spiritual world they understand no further than they obey.

T. E. Wyatt, wife and Inez went to Montgomery last Friday afternoon.

Foursquare Church

(F. E. Clements)
Pastor

Identification With Christ

The holy Scriptures set forth the beiever's identification with Christ in the following seven "Togethers."

1. Qiuckened Together.—Eph. 2:5.
2. Risen Together.—Eph. 2:6.
2. Sitting Together.—Eph. 2:6.
4. Planted Togther.—Rom. 6:5.
5. Workers Together.—II Cor. 6:1.
6. Builded Together.— Eph. 2:22.
7. Glorified Together.—Rom. 8:17.

Services for the week:

Sunday, all day for the Lord.

9:45 a.m., Sunday school, a class for all.

11:00 a.m., Morning worship.

6:30 p.m. Evangelistic service.

Wednesday, 2:30 p.m., Dorcas society.

Wednesday 6:30 p.m.; Mid-week service.

Friday, 7:00 p.m. Crusaders.

Saturday, 2:30 p.m., Children's church.

LAY DAM

(By Elery Hansen)

Felix Wood, of Magella, was a recent visitor in our camp. It has been about two years since his last visit, and we hope that he won't wait so long next time.

Mrs. Crit Jones spent a week in Birmingham, visiting with her sister, Mrs. Earl Ribinson.

The following men have been serving on the jury of the fall term of court in Clanton: S. R. Powers, Duke Woodson, Dick Hayes, and Will Vinson. Britt Deal served the previous week on the Civil Court.

There is one thing that we can all be thankful for. Now that the election is over, we can at least tune in on the radio without having to listen to so many political speeches.

Mr. and Mrs. Joe Ware and children recently spent the week end in camp, visiting with their many friends.

Hugh Branch bought a new car a short time ago, but decided that it wasn't large enough, so sold it. Now he is having to thumb a ride or stay in camp. I know of lots of girls that sure must be getting lonesome. And it is a long time until the first of the year.

Tommy Thomason is driving a new Chevrolet now. He holds a record that few can equal. He bought his last car new and drove it until a short time ago, then sold it to a "junk dealer" and saw that no one will ever drive it again.—Powergrams.

MRS. SUSIE OPHELIA VINSON DIED

Mrs. Susie Ophelia Vinson, age 56, died last Friday night at her home in the Bethsalem community. Burial was Saturday afternoon at Bethsalem with Martin in charge. The funeral was conducted by Rev. W. P. Lowery. The deceased was the wife of Mr. Charley C. Vinson.

BAKER SCHOOL

The following is a list of pupils perfect in attendance for the past month:

First grade. Harold Culp, Bernice Jones, Billy Moore, Wallace Williams, Mabel Helen Baker, Nell Culpepper, Ethel Durbin, Marjine Kelly, Lillie Mae Knight, Geraldine Thornton, Mary Sam Vinson, Pauline Williams.

Second grade. Erskine Bice, Cecil Hamilton, Arthur Blackwel, Doyle Kelly, Jessie Knight, Helen Cox, Tressie Culpepper, Marzelle Driver, Myrtice Jacks, Julia Thorton, Eulene Williams, Mary Williams.

Third grade. Claude Blackwell, William Lowery, Odelle Pitts, Lucille Blackwell, Bessie Mae Jacks, Jewell Moore, Victoria Williams.

Fourth grade. Catherine Coe, Dorothy Culp, Naomi Culp, Cybil Littlejohn, Elsie Maddox.

Fifth grade. Elizabeth Culp, Geraldine Payton.

Sixth garde. Earle Baker. L. Z. Dickey, Kenneth Durbin, Hurschel Hamilton, Orleius Headley, Melvin Williams, Margaret Lowery.

Jr. I. Raymond Bates, Curtis Bice, Lucille Culp, Roy Wilkins, Leonard Hand, Mae Wilie Culp, A. J. Chasteen, Mera Stewart.

Jr. II. Willie Blackwell, Annie Lee Bates, Clyde Bradbury, Caldwell Chapman, Zolon Broadhead, Minnie Lee Lockhart Maurice Thornton, Gladys Wyatt.

Jr. III. Curtis Duke, Fonzie Coe, Pauline Sisk, Coy Lockhart, Mary Lois Culp, J. L. Littlejohn.

We were glad to have Misses Margaret Maddox and Rubye Weldon visit us last Friday.

The P.-T. A. met last Friday afternoon at 3:00 o'clock. A number of parents were present.

The beautiful quilt was won by little Bobby Nell Culpepper.

Miss Mary Evelyn Beasley of Castleberry, the attractive grandaughter of Mr. and Mrs. John Bradberry, visited us last Tuesday.

A number of our pupils attended the party given at the home of Lesile Robinson in honor of his cousin, Myrtice Smith, Saturday night. A nice time was reported by all.

Miss Mary Lois Culp and Annie Lee Bates spent Monday night with Miss Caudell Chapman,

The Jr. III's rendered a very interesting program last Friday morning at the chapel period.

Miss Lorene Billingsley had as her guest Sunday Miss Mildred Coe.

MITCHELL DAM

(By E. E. McGraw)

The major project on hand at this time is the graveling of part of the roads around camp. Up until a few days ago the old saying about taking "one step and sliding back two " was very appropriate. This, we hope, now is all over and wet weather bad roads will be a thing of the past. The gravel had to be hauled a distance of 17 miles, round trip, and about 150 loads were required to finish up the job.

The county slightly crippled plant operation last week by calling on four of our men to serve on the jury at one time. McRae, Patterson, Parrish and Robinson, all on operation, were called .

J. G. Hendrick will take his vacation in a few days. He and Mrs. Hendrick plan to visit friends in Atlanta, Georgia

W. A. Miller was on the sick list recently, not exactly sick, but temporarily blind. Dr. Paul Mertins of Montgomery operated on Alph for what he pronounced "Ptryagium," or something to that effect. When offering our sympathy to Alph we merely said we hoped he would not be bothered with cataracts again. He is now back on the job and can see well enough to find plenty to do.

Mr. J. L. Hollis, president of the Clanton Kiwanis Club, with Mrs. Hollis and Mrs. McGraw, pianist for this Club, spent two very enjoyable days last month in Gadsden at the State-Wide Annual Convention of Kiwanians. The ladies, of course, found the business sessions very interesting and Mr. Hollis reported a large time at the banquet.

Mrs. Sam Sharp has been over in Georgia with her father who has been quite sick for several weeks. We offer our sympathy and wish for him a speedy recovery.

While standing on top of the dam recently watching the waste water passing through the spillway gates, the question occured as to "just how much" water was passing over the dam and beneath us. We had figured the stream flow and passage of water through the three generators day after day but never had its real vastness passed through our mind. A short period with a pencil and we were amazed at the results. We offer them, mind you, as "approximate" figures.

The three generators full loaded with forebay at normal elevation (350 ft. above sea level) will pass 10,000 cubic feet of water per second or 36,000,000 cubic feet per hour. New iet's change that to something with which we are more familiar. 270,000,000 gallons per hour. With the flood or spillway gates, at normal elevation, each gate will pass 7,000 cubic feet per second, 25,200,00 cu. ft., or 189,000,000 gallons per hour. We have 26 spillway gates, which makes possible the passage of 4,914,000,000 gallons per hour.

Adding the generator total to that of the gates we have a total possible passage of 5,184,000,000 gallons per hour. We have not witnessed this spectacle, but understand that since the construction of this plant we have twice passed this much water for some length of time.

With the kind pardon of "Believe-it-or-not," we add, this amount of water flowing for one hour would fill a channel 10 ft. deep and 10 ft. wide 1,241 miles long, or in slightly less than 21 hours, this same channel would encircle the entire world.

These figures proved to be a surprising revelation to us and we are passing them on with the hope that they might be of some interest to the readers of Powergrams. — Powergrams.

How Doctors Treat Colds and Coughs

To break up a cold overnight and relieve the congestion that makes you cough, thousands of physicians are now recommending Calotabs, the nauseless calomel compound tablets that give you the effects of calomel and salts without the unpleasant effects of either.

One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish,—no danger.

Calotabs are sold in 10c and 35c packages at drug stores. (Adv)

MANAGER WADE PROMISES FANS NEW ROBINSON PICTURES AND MANY HITS

Manager C. W. Wade, of the Wadesonian Theatre, announces that he will show the Edward G. Robinson starring pictures to be made by Warner Bros.-First National during the coming season at his theatre, beginning with "Tiger Shark," the latest completed Robinson vehicle in which Richard Arlen, Zita Johann, J. Carroll Naish, Leila Bennett and Vince Barnett support the star.

Other movie fan favorites who will appear at the Wadesonian Theatre under the Warner-First National banner during the next year include Ruth Chatterton and George Brent, now Mr. and Mrs., Joe E. Brown, George Arliss, William Powell, Kay Francis, Barbara Stanwyck, Constance Bennett, Richard Barthelmess, Douglas Fairbanks, Jr., Paul Muni, Bebe Daniels, Loretta Young, Warren William, Guy Kibbee, Joan Blondell, Dick Powell, Bette Davis, Patricia Ellis, Shelia Terry, Helen Vinson, Preston Foster, Ann Dvorak and many others, assuring local fans of a continuous parade of popular players in entertaining pictures of the kind for which Warner-First National has become famous.

Among the pictures to be seen at the Wadesonian Theatre within the next few months are "Blessed Event," with Lee Tracy, Mary Brian and Dick Powll; "A Successful Calamity," starring George Arliss and Mary Astor; "Life Begins," with Loretta Young, Eric Linden, Aline MacMahon, Frank McHugh; "The Big Stampede," a 4-star Western starring John Wayne and Duke, the Devil Horse; "The Crash," starring Ruth Chatterton and George Brent; "Cabin In The Cotton," starring Richard Barthelmess, with Bette Davis and Dorothy Jordan; "Scarlet Dawn," starring Douglas Fairbanks Jr., with Nancy Carroll and Lilyan Tashman; "I Am A Fugitive," starring Paul Muni; "Silver Dollar," starring Edward G. Robinson and Bebe Daniels; and "20,000 Years In Sing Sing," starring Spencer Tracy.

Manager Wade will announce the dates on which these pictures will play as soon as he can confirm bookings with the film exchange Clanton fans that each picture, which he has already seen at the "Warner Bros. National Exhibit," is definitely in the "hit" clas.

GOURD HOLDS A BUSHEL

The latest curiosity brought to The Union-Banner was a gourd brought by our office last Friday by Mr. C. F. Partridge, who lives one mile north of Cooper. The monster measured fifty-seven inches in circumference and is eighteen inches high. Mr. Partridge has never cut a hole in the gourd to see exactly how much it would hold, but he said that judging it by the size and capacity of some smaller one which he had, he was confident that this one would hold a bushel. When asked what variety of gourd it was, Mr. Partridge replied, "It is just a gourd; that's all I know."

Mrs. John C. Page, Mrs. Arthur Johnson and Mrs. Grady Reynolds went to Birmingham Thursday.

"Tee" Deloach from Wetumpka was in Clanton Wednesday.

BANCROFT STARS WITH GIBSON IN "LADY AND GENT"

Parmount Film Due For Showing At Wadesonian Theatre

Two "wise eggs" who were too wise . . .

That in brief, is the story of "Lady and Gent," George Bancroft's latest starring picture, which opens December 14 and 15 at the Wadesonian Theatre.

Petite Wynne Gibson, latest Hollywood "find," who is soaring to stardom in her own right, plays opposite the virile Mr. Bancroft, and Charles Starrett, James Gleason, John Wayne and Joyce Compton have other leading roles.

Bancroft and Miss Gibson are cast as a couple of self-styled "big timers" who dwell on the shady side of Broadway, battling merrily with each other and with any one else who crosses their path.

The uneven tenor of their lives becomes even more uneven when Bancroft's best friend suddenly dies, leaving a 12-year-old son alone in the world. Just what their responsibilities to the lad are they sit down to consider.

And they reach a conclusion that produces results as whimsical as they are radical.

"Lady and Gent" was written especially for Bancroft by Grover Jones and William Slavens McNutt. Stephen Roberts directed.

Morgan Wallace, James Crane, William Halligan, Billy Butts, Frank McGlynn, Sr., Charles Grapewin and Frederick Wallce appear in minor roles.

CHILTON MEN RETURN FROM THE FEDERAL COURT IN MONTGOMERY

Last Saturday Messrs. Johnnie Johnson, S. J. M. Webb and O. R. Mullins returned from Montgomery, where they had spent the week serving on the Federal Grand Jury. Mr. Webb served as foreman. In giving the report to The Union-Banner, Mr. Johnson stated that during the week a total of 111 alleged offenses were investigated, and a total of 91 true bills returned. No bills were found in 7 cases. Thirteen cases were continued. When asked if they were finished, Mr. Webb stated that he expected they would be called back again.

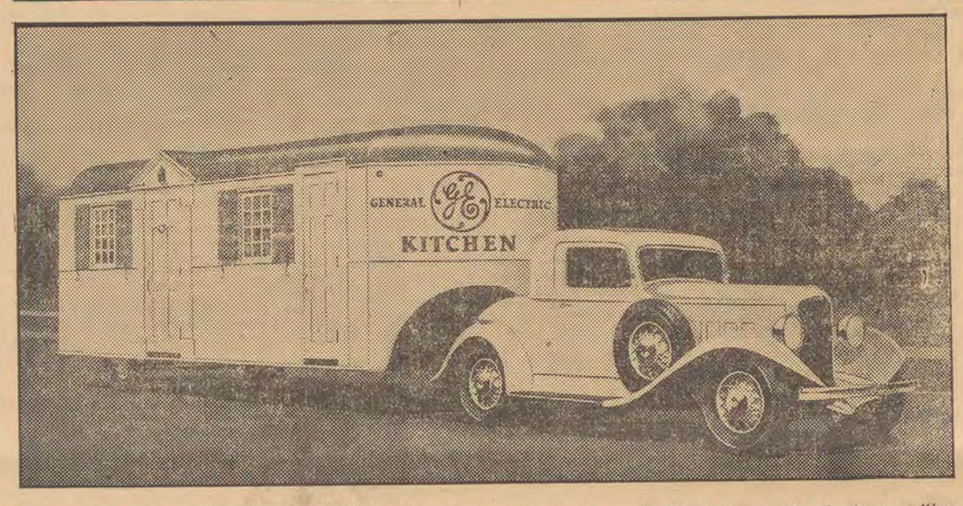
LOCAL BOY SCOUTS WANT TO REPAIR BROKEN TOYS

The Clanton Boy Scouts announce that on Saturday of this week, they will be glad to receive at the basement of the Clanton Baptist church any and all toys that children are willing to give to be repaired and distributed Christmas to other children whose parents will not be able to buy them toys.

This suggestion was made to Mr. Stapp by Mrs. Grady Heflin, and Mr. Stapp took it up with the scouts. They readily agreed to set up a toy hospital in which to repair and paint up all toys brought in. If you have no way to send your toys to the Baptist church Saturday, call John Ezell at phone 91-J, and he will see that your toys are collected.

ODD --- BUT TRUE

All-electric Kitchen on Wheels



A complete modern kitchen in which the genie, electricity, performs every conceivable task of the American housewife and which is arranged scientifically to eliminate all ordinary drudgery, is carried in this unusual kitchen on wheels. The coach is one of a fleet of 100 which will be in use soon by General Electric distributors in all parts of the nation.

In this "magic" all-electric kitchen, dishes are washed and dried by simply pushing a button. A similar operation refrigerates food, manufactures ice, cooks food, turns a range on or off, mixes beverages and foods, provides music, prepares toast, waffles, or coffee, gives shadowless illumination, and ventilates the kitchen. The coach also has space for the exhibition of other electric home work-savers, such as laundry equipment, sun lamps, vacuum cleaners, radios, electric clock, heaters, and kindred products.

More than 30 of these rolling "magic kitchens" already are in use in different parts of the country and the demand for additional coaches has become so great that the company manufacturing them has been forced to go on a 24-hours-a-day schedule, six days a week. They typify a new idea in merchandising—that of taking the dealer display room direct to the prospect's door. A half million dollars is being expended on the coaches.

NEGRO BOY KILLED NEAR MAPLESVILLE

Coroner J. Mell Martin, was called to Maplesville last Sunday morning to investigate the death of a negro boy, Jesse Waters, age 18 years.

The coroner's investigation revealed the following facts about the incidents that resulted in his death:

Jesse Waters and another negro boy, Walter Williams, were said to be sitting on the railroad tracks near Maplesville playing or pranking with an automatic pistol. The gun was accidently discharged and killed Jesse Waters.

After the investigation Coroner Martin pronounced the death of the boy as caused by the accidental discharge of a pistol. The other boy, Walter Williams, was brought to Clanton and placed in jail on a charge of carrying a pistol.

Dumb Dora—I don't see how football players ever get clean!

Ditto—Silly, what do you think the scrub team is for?

MRS. CAROLINE COLLINS BENSON

Mrs. Caroline Collins Benson, age 83 years, died Friday afternoon of last week. Burial was at Collins Chapel Sunday at eleven o'clock. The funeral was conducted by Rev. G. H. Carroll.

Mrs. Benson was the widow of Tom Benson, who died over 50 years ago. She had only two daughters, both of whom survive her. They are Mrs. Andrew Bean and Mrs. Monroe Mims.

The deceased was a sister of Sank Collins. She was an aunt of Dudley Collins, Bill, Mat and John Benson.

A state-wide conference of post commanders and adjutants, service officers, athletic officials and Americanism chairmen of the Alabama Department of the American Legion has been called here Dec. 4.

The Independent-Democratic Voters Association is being organized in Alabama to work toward "strict economy in public affairs and take an active part in politics," according to W. B. Leedy, Birmingham, head of the organizing group.

The Birmingham district should find a large market for its products in Cuba, Central and South America, Joseph Lallande, of New Orleans, general freight agent of the Southern Pacific Lines, said in addressing the Birmingham Traffic and Transportation Club at the Thomas Jefferson Hotel.

Headlong in its majestic sweep, Alabama rolled up a 20 to 0 score on Vanderbilt at Legion Field before a holiday crowd of nearly 20,000, outplaying the Commadore in nearly every department and giving an amazing demonstration of the power that most of us have felt the lads have had all along.

A delegation representing Dallas, Wilcox and Monroe Counties called on Gov. Miller and urged the establishment of a convict road camp between Selma and Camden as a means of maintaining the roads and bridges of that section.

Four Montgomery citizens, including Dr. A. F. Harman, superintendent of education, filed suit in Montgomery Circuit Court asking that S. H. Blan, state treasurer, be enjoined from the expenditure of current educational funds except for current educational purposes.

NEW BEAR CAT STATION

Green Retherford is rapidly completing his plans to open a new filling station, store and lunch stand out on the Selma Highway in West Clanton. He announces that he will handle Bear Cat gasoline, and will be ready to wait on his friends in a few days.

Calhoun County public schools will close their doors for the 1932-33 sessions on next Dec. 23, unless state funds are forthcoming to support the schools before that time.

A recent marriage of interest in North Alabama was that of Miss Margaret Clarke, daughter of the late Mr. and Mrs. Michael Clarke, to William Carl Hatchett, of Athens.

Walter W. Smith, 65, widely-known Alabama business man, was fatally injured when struck by an automobile near his residence at Fulton Springs, near Lewisburg, seven miles north of Birmingham.

Miss Lois Bender, 25, graduate nurse and employe at Cullman Hospital, was killed, and three other Cullman residents were injured, one seriously, when an automobile and truck were in collision.

The Banner and Post, 1 year for $3.

CAR OF PRODUCE GOING ON FRIDAY

Baptists Are Urged to Send Something To Orphans Home

To all the Baptists of the Unity and Chilton County Associations, please take notice that on Friday, December the 9th, 1932, the members of the two associations will load a car at Clanton, Alabama, with provisions for the Baptist Orphans at Troy.

We realize it is needy time with us all but let us all do our little bits and thereby help those who have no one to look to but the Baptists of the state. They need just ordinary things to sustain life. What you use at home, they can use, just send them a small bit of it. Be sure you get it to Clanton on the 9th of December. Some brethren will be at the car to assist you in placing it in the car.

Remember, "It is more blessed to give than to receive." Any one, even though they are not Baptists, feeling disposed to contribute their gifts will be greatly appreciated.—Yours for the work, J. Z. Mims, moderator of Unity Association; J. W. Jones, moderator of Chilton County Association.

SERVICES AT CHURCH OF CHRIST

The services at the Church of Christ for December 11, are as follows:

10 a.m.—Bible study, classes for children of all ages, and advanced class for adults.

11 a.m.—Preaching by R. L. Huffman. Subject, "Keys of the Kingdom of Heaven." Matt. 16:13-19; (a), Kingdom Established; (b), Keys given to the Apostles, Matt. 16:19:18: 18); (c), They Bound and Loosed, Matt. 16:13-19; Gal. 1:8-9; (d), Holy Spirit Guided Them, Jno. 16:7-14; Matt 10: 19-20; Acts 1:8; (e), Their Words are the Keys, Acts 11:14; Acts 15:7; (f), Keys Unlocks Condition of Salvation and Righteousness of God, Acts 2:38; Romans 1:16-17; (g), They Unlock to all Nations all Things Pertaining to Godliness, 2 Peter 1:3.

11:45 a.m. — Communion and fellowship. The church is always glad to have visitors at all services and a welcome is extended to all to come. The public may look for announcements of other services later.

LEGION AUXILIARY PLANNING A PROGRAM FOR HOSPITAL

The Chilton County Unit of the American Legion Auxiliary will have charge of a program of entertainment for the patients at the Veterans Hospital on Friday, January 13.

At the meeting of the Unit Tuesday night definite steps were taken toward formulation of the program. A committee from Chilton County Post of the Legion was appointed by Commander Woodson to assist the laides in getting up the program. This committee consists of E. J. Brand, chairman, Grover Bice and Kin Vinson.

As representative of Chilton County Unit, Mrs. Kin Vinson and Mrs. W. M. Wyatt went to Montgomery last Sunday to attend the annual conference of Auxiliary Unit Executives of the Alabama Department.

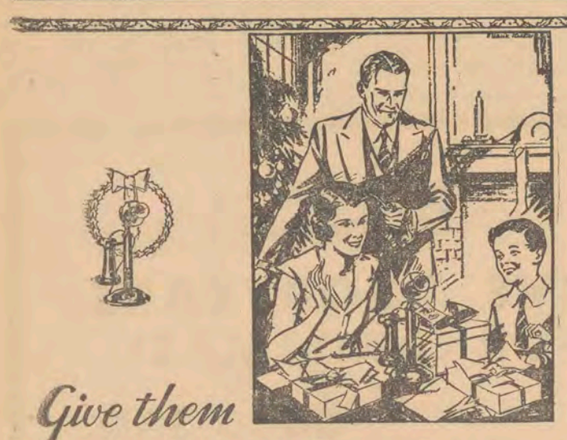
At this time the Auxiliary is also engaged actively in preparing Christmas packages to be sent to patients in the Veterans Hospital.

FIDDLERS CONVENTION TO BE HELD AT CONCORD JR. SCHOOL

There will be a fiddlers convention at Concord Junior High School next Saturday night, December 10, beginning at seven o'clock. All fiddlers will receive a prize. The first prize will be a $2.50 gold piece.

In addition to fiddling there will be a number of selections of vocal and instrumental music. Also a pretty girl and ugly boy contest.

Admission charge will be 10 cents for everybody. The public is cordially invited. Fiddlers are especially urged to come and take part.



Give them the Gift of Communication

...A TELEPHONE

As a Christmas gift, a telephone is unusual, and most useful. When you give your family a telephone, you give a service that will run errands anywhere, any time, in all kinds of weather.

You give your family ready access to friends, which means many pleasant social gatherings that might otherwise be missed.

You give a certain protection in emergencies, for who knows when it will be necessary to call the doctor—the police—the fire department?

You give your family a priceless gift—quick, easy, two-way voice communication for every day of the year.

Think how much it means to have that familiar instrument—the telephone—forming a link between your home and the outside world, and you will agree that the telephone has all the essential qualities of the ideal Christmas gift.

And the cost is so small that it doesn't begin to compare with the value. It is wise to order now, so that Christmas day will find your telephone in place, ready to serve.

SCHOOL MEETING LAST SATURDAY

Joint Session of Commissioners and County Board of Education

According to previous announcement the Commissioners Court and County Board of Education, together with a number of other citizens, met at the courthouse last Saturday to devise plans to finance the schools of Chilton County for the balance of the present term.

Dr. S. J. Ezell was elected chairman of the meeting, and J. D. Collins, secretary. Probate Judge L. H. Reynolds and Commissioners Burnett and Vinson were present. Superintendent Lawrence and County Board members Conway, Sanders, Wilkins and Webb were present.

Motion was made by Dr. V. J. Gragg and seconded by Dr. P. T. Hinkle, was adopted as follows:

We urge upon our County Commissioners to appropriate money to continue the schools of Chilton County for the balance of the year, if recommended by referendum of the people, and the amount not to exceed $48,940.51, the referendum to be called and submitted to the people at once.

In transmitting the above resolution to us for publication Tuesday, Judge Reynolds said:

"I enclose copy of resolution passed by the mass meeting last Saturday. There has been no meeting of the Commissioners Court to pass upon this matter."

We are therefore not able to inform our readers this week whether or not the Commssioners will submit the proposition to the people, nor when they will do so. It is not announced when the Commissioners will meet to take up the question again.

Meanwhile, our schools are closing down for the Christmas holidays Friday of this week. Many of them will not open again, unless help comes from the Commissioners Court. Those that do re-open again after Christmas will only run until January 27, unless they receive an appropriation from some source.

SCHOOLS CLOSE FOR HOLIDAYS

Many May Not Reopen Again After the Christmas Vacation

All schools in Chilton County will close Friday of this week for the Christmas holidays, it was announced at the office of Superintendent Lewrence Tuesday.

Early closing for the holidays has been found advisable on account of so many school children being out with flu.

Mr. Lawrence stated that elementary and junior high schools that started their sessions in September will not reopen after Christmas unless something is done in the meantime to provide for funds to continue teaching.

All senior high schools and elementary and junior high schools that did not begin their sessions until October will reopen for work on January 2, and will continue until January 27, after whch they will have to close unless some means of financing them is found before that time.

"We are hoping, almost against hope," said Mr. Lawrence Tuesday, "that somebody will be able to do something to show us a way whereby we can keep our schools running." But the tone of his words and the sigh with his expression indicated that the prospects look rather gloomy to him.

HILL'S FOOD ORDEDRS FOR CHRISTMAS GIFTS

Mr. Ernest Arant, local manager of the Hill Grocery Company Store, calls attention to a unique Christmas gift plan announced by his company for this year. It is a Hill Food Order, which sells for one dollar. The orders may be purchased at the Hill store.

If you wish to give anyone some food for Christmas, you may purchase one of these orders, give it to the person, and he can get one dollar's worth of food stuff at any Hill Grocery Store in the State of Alabama.

MRS. MONROE WYATT VERY ILL

As we go to press Wednesday noon, reports from Central Alabama Hospital say that Mrs. Monroe Wyatt is in a very serious condition. Little hope is held for her recovery, it is said.

ERNEST ARANT NEW MANAGER OF HILL'S STORE HERE

Announcement was made Tuesday morning that Mr. Ernest Arant has been appointed as local manger of the Hill Grocery Company Store in Clanton, succeding Mr. J. W. McEathern, who has held the position ever since the Hill Company opened their store here. Mr. McEathern states that he will go into business for himself in Clanton, full announcement of which will be made next week.

Ernest Arant has been associated with the Hill Store in Clanton for several years. He has devoted himself to the interest of the business and his friends believe he will prove to be a manager worthy and capable of keeping the Hill business up among the leaders in the local field.

SENTENCES MADE IN CIRCUIT COURT

Conclusion of Non-Jury Docket of Court Held Here Wednesday

Judge Lloyd Tate concluded the call of the non-jury term of the Circuit Court of Chilton County last Wednesday with disposition of the following criminal cases:

Dell Matney, charged with assault and battery. Found guilty and fined $10 and cost. Sentenced to hard labor 10 days for fine and 51 days for cost, and three months for additional punishment.

John Jackson, charged with driving motor vehicle without license tag. Plead guilty and fined $3.75 and cost.

James R. White, charged with operating motor vehicle with a total weight of 35,200 pounds. Plead guilty and fined $1 and cost.

Simmie Melton, charged with disturbing religious worship. Trial and judgment of guilty; fined $20 and cost. Sentenced to hard labor 30 days for fine and 106 days for cost. Sentence suspended and defendant placed on parole in custody of his father, L. C. Melton, for 24 months, pending future good behavior.

Tom Wooley, charged with petit larceny; nol prossed.

Lewis Chandler, charged with abusive language; nol prossed.

Frank Price, charged with trespass after warning. Transferred to juvenile court.

Ollis Whatley, charged with abusive language; transferred to juvenile court.

Hugh Wilson, charged with assault and battery; nol prossed.

Lincoln Vines, charged with violating prohibition law. Plead guilty and fined $50 and cost. Sentenced to hard labor 20 days for fine and 60 days for cost.

Raymond Miner, charged with assault nad battery; trial and judgment not guilty.

Ethan Nickolson, charged with violating prohibition law. Plead guilty and fined $75 and cost.

Jim Thompson, charged with public drunkenness; nol prossed.

Jace Price, charged with assault and battery; nol prossed.

Dick Price, charged with assault and battery; nol prossed.

Will Garner, charged with trespass after warning; nol prossed.

Andrew Langford, charged with driving motor vehicle while intoxicated; continued.

Cary Bowles, charged with violating prohibition law. Defendant in Bryce Hospital; case withdrawn.

Amherst Powell, charged with violating prohibition law. Plead guilty and fined $50 and cost. Sentenced to hard labor 20 days for fine and 52 days for cost, and four months additional punishment. Costs paid, and four months punishment suspended and defendant placed on probation for 18 months pending good behavior.

J. P. Warren, charged with operating saw mill without license; dismissed upon payment of costs.

Stapp Cancels Two Days Farm Meetings

County Agent, C. E. Stapp, announces that he has had to cancel his meetings scheduled for next Monday and Tuesday, because he has been called to Auburn for those days.

Mr. Stapp will return from Auburn Tuesday night, and will take up his schedule of meetings for Wednesday and carry it through as announced.

It is the purpose of the County Agent to reach every farmer in every community in Chilton County, and discuss the farm outlook for the coming year.

The meetings of Monday and Tuesday which have been canceled were to have been at Morganville, Corinth, Cooper, and Thomas, Schoolhouses.

COMMISSIONERS TIE VOTE ON R. F. C. RELIEF MONEY

Mims and Cobb Voted Against Loan; Vinson and Burnett Voted for It. Judge Reynolds Untied Vote In Favor of Securing Funds; Future Uncertain

When the matter of Chilton County borrowing $50,000 from the Reconstruction Finance Corporation for relief purposes was presented to the Commissioners Court of Chilton County last week, a tie vote on the question resulted. Commissioners J. M. Mims and J. E. Cobb voted against the proposition. Commissioners A. P. Vinson and J. L. Burnett voted for the proposition. The vote was untied by Judge Reynolds casting his vote in favor of the county borrowing the money.

The above information was given out by Judge Reynolds Tuesday, with the following full statement about the matter. Judge Reynolds said:

"I have worked on this matter for two or three months and was ready to sign the contract for $50,000 for Chilton County. When the question was presented to the Commissioners Court, two of the members voted against me signing the contract to borrow the money. They were Commissioners J. M. Mims and J. E. Cobb. The other two Commissioners, A. P. Vinson and J. L. Burnett, voted for me to sign the contract to borrow the money. I untied the voting in favor of borrowing the $50,000 to be used in relieving our suffering and needy people.

"I am not explaining this for the purpose of criticizing Mr. Mims and Mr. Cobb because they did not agree with me. I am doing it in order that the public may know the situation we are in with reference to borrowing this money. While I voted to untie the vote of the Commissioner in favor of borrowing the $50,000, I doubt whether we shall be able to obtain it with the two Commissioners who voted for it going out of office in January, and the two who will remain in office for the next two years voting against it.

"For the information of the people of our county, I copy herewith the contract which Montgomery County had to sign to obtain money for the unemployed in that county from the Reconstruction Finance Corporation:

Contract

The Board of Revenue of Montgomery County, Alabama, and the City Commissioners of the City of Montgomery, Alabama, hereby acknowledge themselves to be indebted to the State of Alabama in the principal amount of $20,000.00 for a like principal amount paid in cash to or upon the order of Red Cross Family Service, for account of the said City and County of Montgomery, being the proceeds of an advance made upon certificate of the Governor of Alabama under and in compliance with Section 1 of the Emergency relief and Constructive Act of 1932. Said indebtedness is payable by the undersigned at the time, in the manner, and out of the funds as hereinafter set forth, with interest at three per centum per annum from date, to wit:

$4,000.00 principal amount, on or before June 30, 1935.

$4,000.00 principal amount, on or before June 20, 1936.

$4,000.00 principal amount, on or before June 30, 1937.

$4,000.00 principal amount, on or before June 30, 1938.

$4,000.00 principal amount, on or before June 30, 1939.

Interest on the total principal amount unpaid to date of payment on account of principal, at the rate of three per centum per annum, to be paid when and as installments on account of principal shall be paid, not later than the respective dates above set out.

It is understood that this obligation is executed in the name of the County of Montgomery and of the City of Montgomery without representation as of their authority to do so and without personal liability of the president or the individual members of the Board of Revenue of Montgomery, or of the mayor or individual members of the City Commission of the City of Montgomery in respect thereof.

The above obligation is payable only out of the Federal Road Funds availbale to Montgomery County, and shall in no way affect the constitutional debt limitations or the general revenues of either the City or County of Montgomery, Alabama.

It is understood that this obligation is given for advances made by the Governor of Alabama to the County and City of Montgomery from money advanced to him from the Reconstruction Finance Corporation, under Section 1 of the Emergency Relief and Construction Act of 1932. If the Reconstruction Finance Corporation or the Federal government should not deduct from Federal aid funds due the State of Alabama the amount advanced to it from funds due the State for the years 1935, 1936, 1937, 1938, 1939, or any of them, this obligation is to be void and the funds being advanced are not to be repaid, but if the Reconstruction Finance Corporation does deduct the funds, or the Federal government or any of its departments deducts the funds as now permitted by law from the Federal aid to be paid to the State of Alabama, then the amount herein shown is to be deducted from funds which would

(Continued to Back Page)

Slash In Pensions Is Urged by Mr. Hoover

Washington — Defying the clamor for more benefits to World War veterans, President Hoover laid before Congress Monday the draft of a bill to slash pensions, compensation and allowances to former soldiers by $127,000,000 a year.

He departed from precedent by attaching this legislative proposal to his budget message, warning at the same time that upon its enactment, and upon adoption of other proposals of his, depended a balanced budget for 1934.

While representatives of major veteran organizations rallied forces for renewing in Congress the bonus-payment demand and presented a united front against reductions, Mr. Hoover proposed that the huge annual veterans outlay be cut below the billion mark to $931,077,000.

Provisions Proposed

First, in his bill the president proposed that, except for pensioners over 65 and those drawing benefits because of disability actually caused by active service or those who were under fire, payments of benefits be limited to those with net incomes, if single, under $1,500 and if married, under $3,500. A $400 allowance a dependent was provided. Those not qualifying would cease to draw benefits after six months.

To enforce this provision, income tax returns data would be made available to the veterans administration. This is a wide departure from practice under the income tax laws, which have held the returns generally inviolate.

Income of the year preceding application for benefit for preceding passage of the act would be used to determine eligibility, but provision is made for review when the income drops.

Disability allowances to World War veterans would be withdrawn at the end of three months from all not totally and permanently disabled.

All forms of benefit to veterans undergoing institutional care would be cut $20, except that dependents, if any, would draw the balance otherwise due. For the mentally incompetent, up to $3,000 would be accumulated in trust, then all benefit would be stopped until the total was reduced.

Compensations

Compensations of $50 monthly for veterans with arrested tuberculosis would cease five years from award or six months from enactment of the law, whichever was later.

Emergency officers' retired pay would be withdrawn except from those with more than 30 per cent disability, directly traceable to active service between declaration of war and the armistice, or to no less than 90 days service between the armistice and the signing of peace, July 2, 1921.

Those receiving World War veterans' compensation whose military service began after Nov. 11, 1918, would be transferred after six months to the general army and navy pension roll.

Many stringent administrative provisions, limiting the evidence in suits for benefits, cutting to six months the extent of retroactive allowances, etc., were included to further curtail expenditures.

The president calculated that $107,479,000 of the estimated saving of this proposal would come from slashes in the military and naval compensation; another $11,241,000 from army and navy pensions and the balance from salaries, expenses and miscellaneous provisions.

POWER COMPANY PAYS ALL TAXES TO AID THE SCHOOLS

Birmingham, Ala., Dec. 12.—Within the next two weeks Alabama Power Company will complete the payment of $1,600,000 in ad valorem and special hydro taxes, officials of the Company stated here today.

Of this amount approximately $700,000 was paid in advance during the months of October and November, the remaining $950,000 to be paid within the next few days. The total taxes of all kinds during the entire year will be approximately $2,000,000.00.

At the request of state authorities, the special hydro taxes of $277,000 were paid on October first in advance of the due date, and in addition over $400,000 has been paid in advance to various counties upon urgent request of the school authorities to aid the school situation in the state.

SMALLEST CROP IN TEN YEARS

Alabama In Fifth Place Among The Cotton Producing States

Alabama's 1932 cotton crop was the smallest and the acre yield the lowest that has been recorded in ten years.

With a total of 930,000 bales, this state dropped to fifth place in the list of states in cotton production. Last year it was third with 1,420,000 bales. The acre yield this year was 141 pounds.

These facts were disclosed in the December cotton report issued by F. W. Gist, statistician for the department of agriculture, who declares that boll weevil damage, smaller acreage and less fertilizer were responsible for the falling off in yield.

The United States crop is estimated at 12,727,000 bales. On December 1, 11,631,000 bales had been ginned.

The estimate of production this year by states follows:

Virginia 28,000; North Carolina 640,000; South Carolina 695,000; Georgia 845,000; Florida 15,000; Missouri 285,000; Tennessee 450,000; Alabama 930,000; Mississippi 1,159,000; Louisiana 610,000; Texas 4,445,000; Oklahoma 1,080,000; Arkansas 1,280,000; New Mexico 76,000; Arizona 82,000; California 126,000; all other states 10,000; lower California and Old Mexico 13,000.

JOHN GILES HOUSE BURNED FRIDAY NIGHT

The Uncle John Giles home on the east extremity of Third Avenue N., in which Uncle John and his son, Lomer, lived, was almost totally destroyed by fire last Friday night just before midnight. It seemed that no one knew of the blaze until it had a tremendous headway. Finally some saw it and began shooting, and shortly the fire whistle went off. The truck and the fighters were soon on the scene and were pumping water from the creek and thus keeping the adjoining house from catching. Nothing but the sills of the Giles house were kept from burning up.

We have heard reports that the Gileses had moved a part of their household goods out to their home in the country and had left part of them here, and probably Lomer and one son were sleeping in the house. They barely escaped with their hides when they awoke and found the house falling in. The building was a large unpainted frame structure.

GILLESPIE HAS PUT 616 IN JAIL

A composite summary of the jail register at the office of Sheriff Gillespie on Tuesday, December 13, showed that since assuming the duties of the office at the middle of January, 1931, Sheriff Gillespie and his deputies have placed a total of 616 persons behind the bars. Out of this number exactly 200 were placed there for violating the prohibition law in one way or another.

Dead Line Set For Paying Phone Fees

January 1st has been set as the dead-line on the payment of central fees to the Peoples Telephone Company; that is, after December 31st, no service will be given those who have not paid their fees. This order was duly passed by the Board of Directors in regular monthly meeting the first Monday in this month.

Phoneholders are allowed to pay $1 for four months serivce if they so desire this year; that will make the whole year cost $3. If it is paid all at once it will only be $2.50.

Directors on all lines are urged to speed up the payment of fees as much so as possible.

FOURTEEN SENT TO STATE PEN

Turkey Stealers Draw Heavy Sentences In The Circuit Court Here

As a result of convictions, pleas of guilty and sentences imposed by the Circuit Court of Chilton County last week, fourteen prisoners were sent to the penitentiary from Chilton County last week, as follows:

Florence Roberts, sentenced to 1 year and 27 days for petit larceny. Lena Roberts and William Blackburn received the same sentence on the same charge. These are the three persons who were engaged in stealing Jasper Dennis's turkeys a while back. The fourth member of the stealing party, Jim Blackburn, was shot and killed at the time the tealing took place.

Walter Williams, negro, sentenced five months and eighteen days, for carrying concealed pistol.

Sonny Perry, negro, sentenced five months and 24 days for carrying concealed pistol.

John Bell, negro, sentenced 79 days for violating prohibition law.

Dell Matney, sentenced 61 days for assault and battery.

Rufus Wilson, negro, sentenced 54 days for assault and battery.

Lincoln Vines, sentenced 80 days for violating prohibition law.

Lewis Robinson, negro, sentenced 5 months and 28 days for carrying concealed pistol.

Dorsey Hughes, sentenced 5 months and 29 days, for driving motor vehicle while intoxicated. The same man was also sentenced two months for violating prohibition law.

Sug Bryant, sentenced 58 days for driving motor vehicle without a license tag.

John Henry, sentenced 7 months and 13 days, for violating the prohibition law.

L. B. Stone, negro, sentenced 6 months and 4 days for driving a motor vehicle while intoxicated.

NEW CHEVROLET HERE SATURDAY

Polk Brothers Invite the Public To See the Wonderful New Car

The salesroom of the Polk Brothers Motor Company at Clanton will be the center of automobile interest on Saturday, December 17th, according to an announcement that has just been made by Mr. Polk, Chevrolet Dealer. Mr. Polk is more enthusiastic than ever about the spendid line of cars Chevrolet, the leader of the industry, is introducing for 1933 and feels confident that the public will share this enthusiasm when they have seen this new line.

According to Mr. Polk the new Chevrolets present a distinctly new body styling which offers new features revolutionary in the low priced field. The cars are larger with more powerful motors and represent a substantial step forward in modern automobile safety engineering.

Many of the Chevrolet dealers have already visited the General Motors Proving Ground at Milford, Michigan, and have returned elated over the way the new cars perform on every kind of road and under every driving condition.

Mr. Polk further states that the Chevrolet salesroom will present a particulary attractive setting for the new cars and believes that all records for attendance will be broken on announcement day.

MONTEVALLO TO BROADCAST SPECIAL PROGRAM OVER WAPI

Montevallo, Ala., Dec. 12.—The Alabama College Glee Club will broadcast a special program of music over WAPI Sunday at 2 p.m. Mr. H. D. LeBaron, director of the school of music, will be in charge of the program, which will consist of Christmas carols with solo parts by Mary Alma Stone and instrumental interludes by the college string quartet, which has been heard with pleasure on other programs.

The quartet is composed of Clarkie Hammond, violin; Charity Armstrong, violin; Helen Kirkpatrick, violo, and Barbara LeBaron, violoncello.

The intrumental scores were composed by Miss Ina Strom of the school of music. She has also arranged a number of the Christmas carols that will be sung.

The program will include Handel's Hallelujah Chorus.

Prophecy Corner

Conducted By

L. A. BUTTERFIELD

The second chapter of Daniel gives in such clear and vivid outline the history of world empires from the days of Babylon to the present time that even the most skeptical have been hard put to it to explain away this prophecy without admitting supernatural knowledge on the part of the prophet. Everyone agrees that this prophecy teaches that commencing with Babylon there would be four world empires and then no more until the end of time and the establishment of the Kingdom of God. Skeptics seem to think that if they can only prove that Daniel never wrote a word of the book and that the prophecy was not written until about the year 168 B. C., that the power and wonder of the prophecy will be broken. But for my purpose I will accept the latest date contended for by anyone and care not who wrote it.

If, as I believe, Daniel lived in the year 600 B. C., his prophecy could not have been based on the analogy of preceding history, for, though nations prior to this time had been powerful, they had not been universal. He therefore did not have the knowledge of one universal empire succeeding another in world dominion. For him to predict in the early days of the Babylonian government that following that empire there would rise three other world empires and then no more to the end of time was a wonderful prediction.

To deprive Daniel of the honor of having predicted the rise and fall of four world empires skeptics contend that the prophecy was not written until the year 168 B. C. If Daniel or any other prophet whote this prophecy in 168 B. C. or after that date they would have had the analogy of four universal world powers having arisen in the world during the period of about four hundred years. Imagine the daring of the prophet to then predict that through all future generations there never again would arise a world power like that of Babylon, Medo-Persia, Grecia, and Rome. The wonder of the prophecy is in no way lessened by contending that it was written in 168 B. C.

Today believer and unbeliever alike look back through the ages and agree that there have been four universal world powers—four and no more, four and no less—according to the prophecy. Read any history written by any one. But in particular, read the great history written by one of the greatest unbelievers of all time—Gibbons Rome—and you will see that this work is but a commentary on the accuracy of the prephecy of Daniel.

The ambition to rule the world has fired the imagination of king and warrior even since the dawn of time. Many attempts have been made since the crumbling of the Roman Empire to cement together again the broken parts of this empire into another world power. But the pages of history for the past two thousand years, though wet with the blood of untold millions, record in unvarying sequence the repeated failures of every such attempt. Charlemagne, Charles the XII of Sweden, Napoleon, the Kaiser and man others have hoped to regain world dominion but always their endeavors have ended in failure. Bible prophecy will always be fulfilled.

Next week we will consider a few of the marvelous details of the prophecy of Daniel, the second chapter. —L. A. Butterfield.

Barbers

pennies *for* ELECTRICITY *go a long ways!*

The average cost of electricity in the homes served by Alabama Power Company has declined 38 percent since 1926. Today it has reached 4.8 cents per kilowatt hour, and is 15 percent below the National Average.

1c "I'll light a 40-watt lamp all evening—help your eyes, decorate the room with a cheerful glow of color. *(A few years ago it would cost almost twice as much, and the old carbon lamps you used to use gave only half the light.)*"

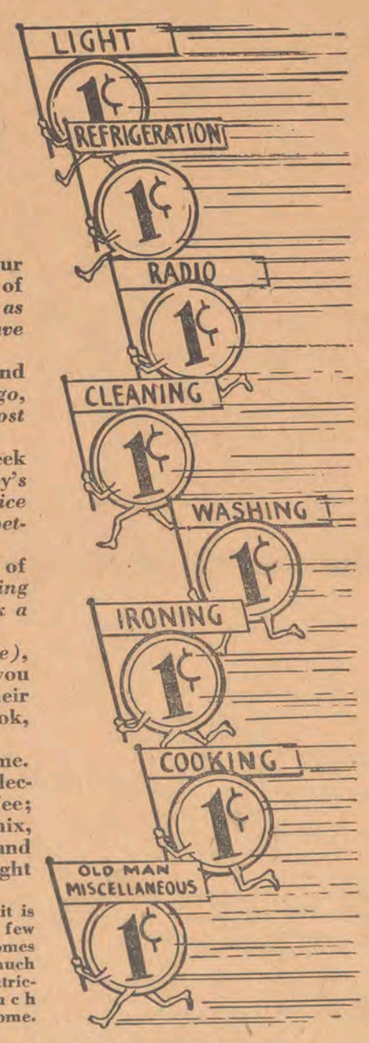
1c "A few of us pennies will protect your food and health all day. *(I didn't exist a few years ago, but already my low priced help is one of the most valuable.)*"

1c "I'll run your vacuum cleaner for half a week of ordinary going over the house. *(My penny's worth of electricity whizzes around over almost twice as much space as it did several years ago—cleans better, too.)*"

1c "A couple of us are enough for a big batch of family ironing. *(As for electricity, the ironing costs about half what it would for the same work a few years ago.)*"

1c "For a penny a person *(that's all I average)*, I'll cook you one of the finest electric meals you ever tasted—and do I make women proud of their cooking! To the delight of the family pocketbook, I am way ahead of those 'good old days'."

1c "Say, these other pennies have nothing on me. I may be just a penny but hitch me up to electricity and do I work. I'll brew you a pot of coffee; or make a stack of toast or batch of waffles; mix, chop, beat batter or the like; stitch and sew yards and yards, cool you with a fan; give you a dozen 'sunlight baths' . . . and . . .



And that isn't all, but it is a sample of how big a few pennies can be when it comes to electric service—how much more you can do with electricity today—and how much cheaper it is in today's home.

ALABAMA POWER COMPANY

County Farm Agent's Notes

Compiled by C. E. Stapp, County Farm Demonstration Agent for Chilton County.

MANY TREES YIELD TURPENTIE

Montgomery, Ala., Dec. 12. — The world's supply of turpentine was not always obtained from pine trees, but was first derived from the terebinth tree, a member of the sumach family, and a native of the islands and region of the Mediterranean Sea, according to J. M. Stauffer, forest inspector, Alabama Commission of Forestry.

It is claimed that turpentine was first produced commercially from this source on the Island of Chios in the Aegean Sea, whence the name Chian turpentine came into use.

Other turpentines found in commerce are venice turpentine from the larch, and strassburg turpentine from the silver fir. The so-called Canada balsam is also a true turpentine obtained from the balsam fir.

The greatest source of all turpentines, however, lies in the pines. The mountain pine, stone pine, and Aleppo pine all produce resin from which turpentine is derived. The most important individual species however, are the cluster pine, otherwise known as the maratime pine, of southwestern Europe and the slash pine and long-leaf pine of stoutheastern North America, where the production of turpentine is a major industry throughout the states of Alabama, Florida, Georgia, Louisiana and Texas.

FARM AND HOME FACTS

In the Cairo community of Limestone County the women and girls have equipped a club room. They dedicated it by entertaining their husbands and dads at a dinner.

Franklin County farm women and girls who are members of 4-H clubs will conduct a Christmas market in Russellville on December 17. Only farm products will be sold. A score of different articles will be sold.

Miss Jessie Mae Carroll, home demstration agent for Shelby County, reports that 4-H club girls are doing excellent Red Cross work. Each club has a welfare chairman. One of their many duties is to collect garments and distribute them to the needy.

The Montgomery curb market is preparing for a Christmas bazaar for the Christmas trade. Mrs. Mamie C. Thorington, home demonstration agent, has found keen interest among women and girls who are preparing products and different articles for sale. Among these will be cakes, candies, jellies, preserves, canned meats, mince meats, rugs, table mats, luncheon towels, and many other articles.

AUBURN PLANS ARE ANNOUNCED

Having operated a year with very little money, the Alabama Polytechnic Institute at Auburn is proceeding steadily through another semester and will continue throughout the year, announced Dean John J. Wilmore, chairman of the administrative committee.

Student work will be suspended on Saturday, December 17, for the Xmas holidays and resumed on Monday, January 2. Examinations for the first semester will begin January 13 and end January 19.

January 20 and 21 will be registration days for the second semester which will end with commencement, May 14, 15 and 16.

"Although is it very difficult to operate with almost no money, we are doing a splendid job at Auburn this year," Dean Wilmore continued. "Students are doing splendid work and there is an obvious earnestness combined with more intensity in study. We feel sure that the second semester, which will begin on January 20 and 21, will be one of the best in the history of Auburn."

Other members of the Auburn Administrative committee are Professor B. H. Crenshaw and Dr. L. N. Duncan.

HELPS IN MARKETING

Birmingham, Ala., Dec. 12.—Dr. M. F. Jackson of the Tennessee Coal, Iron and Railroad Company, Birmingham, is being praised by leaders in agriculture and business for the service he is rendering to farmers by assisting them in marketing their products. He is placing large quantities of farm products on the Birmingham markets.

Dr. Jackson has found that proper grading and packing are essentials. Many of the county agents over Alabama have requested his assistance and they in turn have assisted him by helping farmers to grade and pack with a view to pleasing consumers.

WINTER LEGUME LEADERS

Selma, Ala.—Dallas County—many years ago the leading Alabama county in the production of cotton—is now far in the lead in the production of winter legumes for soil improvement, for pasture, and for feed. County Agent John Blake says that 750,000 pounds of seeds of Austrian winter peas and hairy vetch was planted in the fall of 1932 by Dallas County farmers, and that these crops are off to a good start.

These winter legumes are rapidly enriching Dallas County farm lands, thereby making profitable farming possbile. In it Mr. Blake's ambition to continue promoting these legumes until each acre of land is planted each fall. Bankers and merchants as well as farmers are enthusiastic about them. The local newspapers have been effective in promoting them Mr. Blake said.

C. E. STAPP ANNOUNCES SERIES OF MEETINGS OVER THE COUNTY

Mr. Stapp hopes to contact a large per cent of the farm population of the county at these meetings and wishes to discuss with them the present economic conditions and outlook for 1933.

The meetings are scheduled as follows:

Morganville schoolhouse, Dec., 19th, 1 p.m.; Corinth schoolhouse, Dec., 19th, 3 p.m.; Cooper schoohouse, Dec., 20th, 1 p.m.; Thomas Jr., schoolhouse, Dec. 20th, 3 p.m.; Enterprise schoolhouse, Dec. 21st, 1 p.m.; Greasy Ridge schoolhouse, Dec. 21st, 3 p.m.; Concord schoolhouse, Dec. 22nd, 1:30 p.m.; Providence schoolhouse, Dec. 22nd, 3 p.m.; Refuge schoolhouse, Dec. 23rd, 1 p.m.;

Pinedale schoolhouse, Dec. 23rd, 1 p.m; Cane Creek schoolhouse, Dec. 28th, 1 p.m.; Flint Hill schoolhouse, Dec. 28th, 3 p.m.; Mullins schoolhouse, Dec. 29th, 1 p. m.; Mineral Springs schoolhouse, Dec. 29th, 3 p.m.; Jackson Chapel schoolhouse, Dec. 30th, 1 p.m.; Collins Chapel, schoolhouse, Dec. 30th, 3 p. m.; New Cedron schoolhouse, Jan. 4th, 1 p.m.; Popwell schoolhouse, Jan. 4th, 3 p.m.

Fairview schoolhouse, Jan. 5th, 1 p.m.; Baker schoolhouse, Jan. 5th, 3 p.m.; Culp schoolhouse, Jan. 6th, 1 p.m.; Isabella schoolhouse, Jan. 6th, 3 p.m.; Mt. Pleasnt schoolhouse, Jan. 6th, 7 p.m.; Shoults schoolhouse, Jan. 9th, 1 p. m.; Stanton schoolhouse, Jan. 9th, 3 p.m.; Sardis schoolhouse, Jan. 10th, 1 p.m.

Pates Chapel schoolhouse, Jan. 11th 1 p.m.; Pleasant Grove schoolhouse, Jan. 11th 3 p.m.; Freeman schoolhouse, Jan. 12th, 1 p.m; Mars Hill schoolhouse, Jan. 12th, 3 p.m.; Free Springs schoolhouse, Jan 13th, 2 p.m.; Oak Grove schoolhouse, Jan. 23rd, 1 p.m.; Center Hill schoolhouse, Jan. 23rd, 3 p.m.; Union Grove schoolhouse, Jan. 24th, 1 p.m.; Smith schoolhouse, Jan. 24th, 3 p.m.; Providence schoolhouse, Jan 25th, 1 p.m.; Oak Hill schoolhouse, Jan 25th, 3 p.m.; Minooka schoolhouse, Jan. 26th, 2 p.m.

In six communities of Madison County special work in landscaping of churches and schools by planting shrubbery and flowers is being done, according to Miss Elizabeth DeLony, home demonstration agent. Roadside beautification and also home beautification are included.

Central Singing Society

The meeting of the society at Walnut Creek last Sunday was rained out. Or at least, the secretary was there a few minutes after the time to start and there was only one other car at the church and it was fixing to leave. If there was any singing it was held by some who came in later.

Next Sunday afternoon brings us around to Refuge again. It has been now on toward a year since the society was able to meet at that place. So if the weather permits we surely can depend on all who possibly can to attend. There will be a supply of the Henson books for use and for sale.

L. G. Posey, of Jemison, was a visitor to Clanton Tuesday.

Mr. and Mrs. George R. Trotter of Martin Dam spent last Thursday and Friday with Mr. and Mrs. W. M. Wyatt at their home in Clanton.

POPLAR SPRINGS

Miss Lois Hand from Hueytown is visiting Miss Lena Downs.

The crowd at Sunday school Sunday was small but the services were good.

The Singing Society met at the regular time Sunday morning and had some real good singing. The directors were Mr. W. M. Devaughn, Jasper Jones, Dock Harris. We were glad to have Mr. Jones with us and we welcome him back at all services. The singing society meets every Sunday morning at 9 o'clock and at 6 in the afternoon. We invite all who will to come and join our society.

We are expecting Rev. Darling of Hueytown to preach at this place Sunday morning at 11 o'clock. All who can, come and hear him.—secretary of singing society.

Printed once each month in the hope that the people of Chilton County may read it and become better acquainted with your school system.

Chilton County School Page

When you have read this page, pass it on to your neighbor and ask him to read it. Help the schools to become better able to train the youth of our county.

Senior Three Class of Verbena Elects Officers

The Senior III class of Verbena High School has chosen the following officers to direct the affairs of their class this year, 1932-33:

President, Elsie Dennis, Cooper, Ala; vice president, Eugene Pattillo, Calvert, Ala.; secretary-treasurer, Serena Mitchell, Verbena, Ala.; class reporter, John A. Scott, Verbena, Ala.; class advisor, Mrs. W. C. Dubose, Verbena, Ala. Class flower, rose; class colors, white and green; class motto, "Ad Astra."

The aim of the class is to beautify the school grounds.

The activities that the members of the graduating class have taken part in are as follows:

Wayne Hiten, Fayette High School 1930; Verbena High School 1931-32; clas president 1931, vice president of Shakespearian Literary Society 1932; vice president of Music Club 1932; member of Dramatic Club and football team.

Woodrow Reaves, Hueytown High School 1930-31; Verbena High School 1931-33, Mezzofantian Literary Society, football team.

John A. Scott, Verbena High School 1930-33, Shakespearian Literary Society 1931-33, class reporter 1932-33, Dramatic Club 1932, football team; represented Society in contest for loving cup in 1931-32.

J. R. Robinson, Jr., Verbena High School 1929-33, Mezzofantian Literary Society 1929-33; Music Club 1932-33; English Club 1932; represented Mezzofantian Literary Society in contest for loving cup 1931-32.

Marvin Huett, Verbena High School 1932-33; Shapespearian Literary Society 1931-33; English Club 1931-33; represented Shakespearian Literary Society in contest for loving cup 1931-32.

Ernest Williams is also a member of the Senior III class this year.

Lucile Calloway, Verbena High 1930-33; Shakespearian Literary Society; Dramatic Club.

Elsie Dennis, Verbena High School 1930-33; Dramatic Club, Shakespearian Literary Society; president of Sr. III class 1932-33.

Iva Rowell, Jemison High School 1930-31, first semester, Chilton County High School last semester; Verbena High School 1932-33; Shakespearian Literary Society.

Serena Mitchell, Verbena High School 1930-33; English Club; Dramatic Club; secretary of Shakespearian Literary Society, secretary of Sr. III class.

Virgil Robinson, Verbena High School 1930-33; Mezzofantian Society; Dramatic Club; basketball team.

FINE REPORT FROM POPWELL SCHOOL

Miss Nina Mae Harris, teacher of the Popwell school has made an interesting study in which she has compared the attendance of pupils in the Popwell school this month with the attendance in the same school for the month of November last year. The findings are interesting because they show that children are going to school in spite of the depression out at Poole's Cross Roads.

Pupils enrolled last November, 37; pupils enrolled this November, 41; total days present last November, 472; total days present this November, 678; total days absent last November, 179; total days absent this November, 60; average daily attendance last November, 24; average daily attendance this November, 37; percentage attendance last November 71; percentage attendance this November, 92.

How A Convenient Kitchen Can Be Had

Interesting Facts Compiled By Mary Frank Wells of Jemison School

The Junior III home economics class of the Jemison High School has been studying the kitchen.

Since the longest hours and the most important work take place in the kitchen, it should be the most pleasant and convenient room in the house.

The kitchen is usually located at the rear of the house. It should be located next to the back porch. Its connection to the dining room is of special importance.

No definite size can be given to the kitchen, as its size is usually determined by the number of activities carried on there, and the kind of fuel used in cooking. Rooms between 8 feet by 12 feet and 10 feet by 12 feet are convenient sizes. A small kitchen is more convenient than a large one. The equipment is brought closer together and the worker saves many unnecessary steps. An oblong kitchen is much better than a square one because fewer steps are required in crossing the room from one work center to another, and the equipment may be more conveniently arranged.

The doors and windows should be carefully placed in the kitchen. There should always be an outside door and one entering conveniently into the dining room. The doors, if possible, should be kept away from the work centers, and should be few as possible.

There should be windows in two outside walls to secure a cross ventilation. When placing the windows, thought should be given to the placing of the stove. At least two windows should be in the room. They should furnish light and good ventilation, and should be so placed that they can be lowered from the top. They should be at least 34 inches from the floor and 6 inches from the ceiling, and high enough for equipment to be placed under them.

The walls should be finished in materials cheeful, pleasing, and sanitary. Wall covers that will not loosen, easily cleaned, easily renewed and inexpensive, are most desirable for the kitchen. Oil paint makes a very satisfactory wall finish, because it may be secured in any color, is easily cleaned and may be easily renewed.

Tile makes a very sanitary and pleasing wall finish, but is generally used in elaborate kitchens. Plain er printed oil cloth may be used as it is easily cleaned, though expensive.

Kitchen floors should be durable, easy to stand on, non-absorbant, easily cleaned, and not injured by grease or water; level and tight with no grooves to catch dust. Floors may be painted, oiled, covered with linoleum, tile or cement. Plain wood floors are hard to keep clean, requiring much time and energy spent on them.

Linoleum that is properly laid and cemented to the floor makes a lasting and easily cleaned floor covering. Tile is often used in the kitchen, but is expensive, hard to walk on, and cold. It is easily cleaned, sanitary and non-absorbant. Oiled floors are sanitary, easily cleaned, inexpensive and preserve wood.

The colors of the kitchen should be suited to the location and the lighting of the room. The floor should be the darkest, the walls lighter and the ceiling lightest. Light colors are better than dark ones because they reflect light, and the dirt is more easily seen. Intense colors should not be used. Light or cool colors are perferable where exposures are to the south, and warm colors in case of north exposures. The colors in the room should be repeated, and these should be not less than three. Of course they should harmonize. The pupils in our class had several ideas as to color schemes. Two color schemes suggested were pink, green and cream; and orchid, pink and cream.

The three most important peices of eqiupment in the kitchen are the stove, work table, and sink. Other equipment is grouped around these, according to the needs. No more eqiupment should be placed in the kitchen than is necessary, as a crowded kitchen results in confusion. The height of the equipment should be suited to the height of the worker. To determine the correct height in each case, let the worker stand erect, place hands close to body and turn hands up. The length from top of hands to floor is height for working surfaces.

The equipment may be finished in enamel or painted, and should harmonize with the other colors in the room.

Since there are four main centers in the kitchen, (preparation, cooking, serving and cleaning up) the utensils should be conveniently arranged around each of these centers so that the worker can go from one work center to another without confusion.

The equipment should be closely and conveniently arranged, simple, and sized in proportion to the kitchen. If built-in cabinets are used, they should reach to the ceiling so that the top will not catch dust. The work table, or sink, should be placed under the window to furnish a pleasant view to the tired worker.

Every kitchen should have a kitchen stool, which may be made at home or bought at a low price. One advantage of the stool is that it may be pushed under the table when not in use.

The stove should be placed between two windows. A wood box on legs stood by the stove will save the worker unnecessary stooping.

Oil cloth is often used on the table, but if a piece of linoleum, cut the size of the top of the table and properly laid, is used, this will prove more satisfactory. It will be found to last longer and to be easier cleaned.

If the kitchen is large, space can usually be found for a comfortable chair and a small table for magazines.

FOUR MILLION CREDITED TO STATE SCHOOL FUNDS

Appropriation For Chilton County Placed at $41,787.90

A total of $4,188,272 has accrued and been placed to the credit of the special educational trust fund for the fiscal year, beginning October 1, 1932, John Brandon, state auditor, has informed the state department of education.

Announcing the apportionment of this fund by counties, A. F. Harman, state superintendent, said that Chilton County's share will be $41,787.90.

In announcing the apportionment of these funds by counties, Superintendent Harman said:

"This department does not guarantee that state funds collected for the schools will be available when needed and I, as state superintendent, can give you no assurance as to when the amount apportioned to your county will be subject to draft."

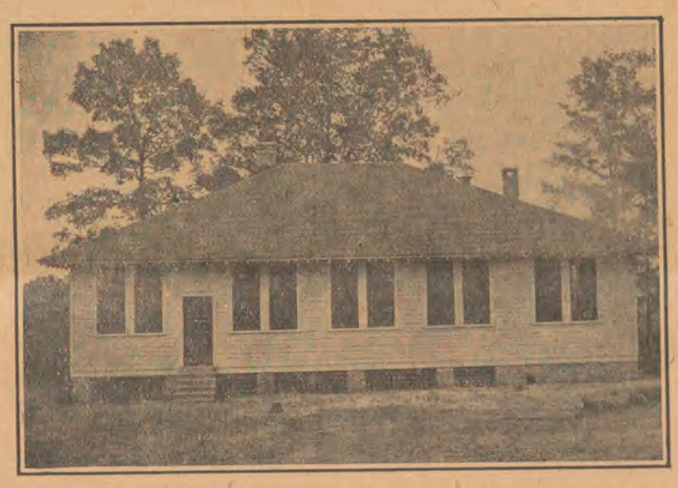
Sidney H. Blan, state treasurer, said the money is in the state depositories, but that its disposition cannot be determined until the Montgomery County Circuit Court acts on an injunction suit to prohibit the use of the funds for any purposes other than current operation of the schools.

Gov. B. M. Miller has indicated that he will use the funds, if possible, to pay off notes owing to the Chase National Bank, of New York city. Nearly $4,000,000 is alleged to be owed to the bank on loans contracted for the schools two years ago.

If the injunction suit brought by Superintendent Harman and officers of the Montgomery P.-T. A. is upheld in court, the funds now in the state treasury will have to be used for current operation of the schools.

One of the attorneys for the defense is ill and the exact date of the injunction hearing is unknown. It must be heard by December 22.

Isabella Vocational School Building



HISTORY OF THE ISABELLA VOCATIONAL DEPARTMENT

In 1923 Vocational Agriculture was added to the Junior High School at Isabella, and for four years the agricultural department functioned before the other wing of the work was added, Vocational Home Economics.

The first instructor was Dr. H. W. Caldwell, and was a valuable man to the community, as he was not only an agriculture man but was also a graduate in vetinary medicine at Auburn, and rendered valuable service in agriculture and veterinary medicine. When the department was established in the school, the people had quit trying to grow cotton because of the boll weevil and wilt. But Dr. Caldwell soon had the people growing this crop and many more that they thought could not be grown.

Vocational education received opposition at first and it was a bit hard to get into the homes and spread the gospel of agriculture to the much needed farmers who were carrying a heavy load after the war.

After Dr. Caldwell had given two years of hard and faithful service, he was called to other fields and Mr. Earl Thomas took his place in the community. Although it was hard to give up Dr. Caldwell, Mr. Thomas has been carrying on the valuable work that was started under his leadership.

Many improved practices have been started and are still being used in the community since the department of vocational agriculture was established here. Cover crops such as vetch and winter peas have grown from the zero mark until they are receiving large places on the Isabella farms, as well as the surrounding communities. Terracing has reached all farms; and these are being improved all along. Screens have reached 100 per cent of the homes in the immediate community. Improved lawns and shrubs are being placed around the homes to improve the beauty and comforts of the progresaresive farmers of the community. There are numbers and numbers of things that have been taking place on the farms since the coming of vocational education: balancing fertilizers and feeds, caring for orchards in prunning and spraying, culling and feeding poultry, building brooder houses and furnaces, selection of better livestock; as cows, hogs, chickens, mules, horses, and their care and management.

Improvement in the methods of farming has kept pace with the other improved methods. Riding cultivators are on every two-horse farm in the community with only one or two exceptions. Tractors, tractor plows, and other such implements for better farming have been rapidly falling in line since vocational agriculture has been taught in this school.

The school grounds have been landscaped and shrdubs are growing to improve the appearance of our much-appreciated vocational building and new school building. Our school has been put on the accredited list of high schools since the new department has been put on. The woods and stumps have been cleared away and the grounds are being converted into a beautiful campus with walks and drives which will add to the beauty of the landscape.

The department has done much toward the improvement of the school. It has equipped itself with lockers, tables and benches, by putting our hands and brains to work and building them, and then painting and concreting our shop. It has been a help to other departments by saving them about $100. (This was done in the construction of tables for the grammar school and in building tables, framing mirrors, arranging kitchen units, and screening the department for the home economics department. This meant a great saving to them and at the same time it gave us a good bit of training.) We have also constructed a running water system for the school.

Through the untiring services of our teacher we have been able to organize one of the strongest F. F. A. Chapters in the state. Isabella had one of the first state officers and every year we have had boys taking the highest degree that the organization can confer upon a boy—that of Master Farmer. This organization is of national importance.

Besides the awards that our boys have been receiving, our instructor has been awarded the honorary degree of State Farmer, awarded him for his service which he has given to this organization. He has also been honored by being elected to the chairmanship of his group of teachers of vocational agriculture of the state.

It can be truthfully said that the vocational department has been of economical value to our community.—R. C. Veazey and Homer Morgan, Agricultural Students.

Honor Rolls of the Chilton Co. Schools

List of Pupils Making Average of "A" in All Studies During the Month of November

Popwell—First grade, Evelyn Owen, William Henderson, Mary Frances Edward, J. M. Ratliff; secand grade, Edgar Littleton; fifth grade, J. T. Crane, Jewell Smith, Marline Ratliff, Myrtle Smith.

Union Grove — First grade, Hoyt Thrash; third grade, Clarice Thrash, Lorene Robinson, Letha Wilson; Jr. I, Christine Conway; Jr. III, Arley Glasscock, Myrtle Ashcraft, Ruby Willis.

Culp—First grade, V. J. Wyatt, Mary Pearl Culp; third grade, Gertie Mae Culp; fourth grade, Euell Smith.

Maplesville — First grade, Jimmie Latham, M. D. Wallace, Venice Chism, Ruth Chism; second grade, Billie Dennis; third grade, Jack Hampton; fifth grade, W. E. Cobern; Jr. I, Marena Seiber; Jr. III, Sarah McAfee.

Stanton—First grade, Pauline Ratliff, Leila Mae Hayes, Howard Harrison; second grade, Eloise Friday, Harold Carter; third grade, Jackson Walker; sixth grade, A. C. Ingram, Clara Lee Gragg, seventh grade, S. J. White, Vera Lue Jones; eighth grade, Catherine Schurter, Corrie Huff; ninth grade, Sarah Moore.

Morganville — First grade, Charlie Dennis; third grade, Harold Cooper, Curtis Dennis; fourth grade, Vernard Taylor, Nettie Mae McKee; fifth grade, Charles Cooper, Jr., James Cooper, Mary Ellen Blasingame.

Oak Grove—First grade, George Tatum; third grade, Louise Cobb, Albert Thornbro; fourth grade, Willie Jean Northcutt; fifth grade, Gene Guinn.

Lay Dam — First grade, George Bates, Jr., Sarah Petty, Bobby Nell Renfroe, Ruth Jones; second grade, Bess Hayes, Billy Woodson, Oran Marcus, third grade, Mabel Wood; fourth grade, Zuty Wilkerson; fifth grade, Frances Wood, Stuart Woodson; sixth grade, Cecil Martin, Woodrow Blalock.

Providence A — First grade, Ollia Powell, Jr., third grade, Aubrey Bates; fourth grade, Clifton Bates, Lawrence Bates; fifth grade, Elberta Payton.

New Cedron—third grade, Ruth Lawrence; fifth grade, Ethel Mae Johnson.

McCary—First grade, Louise Milford, Annie Mae Deason; second grade, Leonard Hayes; sixth grade, Gertrude Carter.

Shiloh — Second grade, Herman Mullins, Erskin Mullins; third grade, Louise Keen, Leroy Dobbs, Sarah Traywick; fifth grade, Annie Mullins.

Pates Chapel—Second grade, Erman Cleckler, Icy Blow, Edna Pruitt, Willodean Pate; third grade, Leona Cleckler, Junie McCary; fourth grade, Zelma Hayes, Rubye Maddox; sixth grade, Ida McCary.

Concord A — Second grade, Annie Lee Minor, Dorothy Nell Blalock, Delene McDowell, Minnie Easterling, James Payton, Wilton Rhodes; third grade, Pluma Brown, Marvarene Maddox, Rendo Mims, Mary Fay Robinson; fourth grade, Aimee Easterling, Mildred Johnson; Junior High, Leotris Moore, Houston Robinson, Pauline Baker, Annie Brown.

Thomas Jr.—First grade, Frances Laverne Bone, Lois Blalock, Alma Driver, Lucille Driver, Marie Foshee, Hazel Mims, Reuben Cleckler, Duie Dennis, Joseph Davis, Thomas Downs, Wilbert Edwards, Eugene Kelley, Charles Patterson, Louis Popwell, Morris Patterson; second grade, Ervin Kelley, J. L. Thornton, Bonnie Wilson, Douglas Cox, Elizabeth Dennis, Lafairish Guy, Inez McDowell, Anna Roberts; third grade, Rolene Kelley, Marzelle Minor, Dora Bell Cleckler, Eunice Brown, Lois Dennis, Myrtice Mitchell; fourth grade, Louise Blalock, Katie Crew, Wyndell Jones, Allie Mae Moore, Margie Nell Mitchell, Ruth Vinson, Mary Ruth Snider, Lee Mitchell; fifth grade, Eunice Thomas, Esther Lee Dennis, Ivy Lee McDowell, Alpha Mae Gray, Lawrence Driver, Olin Vinson, Pearlie Mae Driver, Bonnie Guy; sixth grade, Leila Popwell, Murrell Glenn; Jr. I, Ester Lou McDowell; Jr. III, Ruth Minor, Katholeen Blalock.

Clanton Grammar — First grade, Jean Donovan, Annie Kate Gore, Ruth Henley, Edna Ruth Lowe, Herbert Newell, Jr., Jack Thomas, Eddie Jacks, Charles Irene Jones, Dorothy Nell Lawrence, Lucille Potts; second grade, Patty Nell Plyler, Grace Robinson, Blanche Taylor, Rubye Tippett, Melrose Wyatt, Joe Esco, Joe Frank Higgins, Flem Higgins, Jr., Irvin Lande, Evic Hart, Jr., Lamar Teel, Lorene Barnette, Mary Dean Hard, Jeanettte Hard, Marzell Henley, Lorene Huett, Edward Sewell; third grade, Cora Clements, Mary Robinson, Kathleen Armstrong, Frances Smith, Helen Parrish, Sarah Nell Sessions, James Duke Heflin, Preston Mims, Barnes Plyler, Joe Venable; fourth grade, Mary Wyatt, Bernice Lowe, Ann Ross, Norman Harris, Billy Callen, Annie Bell Foster, Aubrey Teel; fifth grade, Annie Cordelia Smith, T. J. Rasberry, Grace Ezell, Mary Ethel Easterling, Doris Newell, Blanche Timmerman, Kenneth Thompson, Frances Britt; sixth grade, Olice Rainer Elmore, Mildred Maddox, Theda Wyatt, Annie Pearl Honeycutt, Ed Goodgame, Jr., Mary Culver, Vivian Lowery, Mildred Gore, Dorothy Carter, Hazel Nivens, Mary Lou Fraser, Nell Jones, Nell Rockett.

Baker—First grade, Kymball Burke, Nell Culpepper, Helen Chancellor, Ethel Durbin, Sallie Eubanks, Margine Kelley, Sara Maude Mims, Arvis Stewart, Jearlidine Thornton, Mary Sam Vinson; second grade, Helen Cox, Tressie Lee Culpepper, Ethel Culp, Georgia Nell Foshee, Julia Thornton; third grade, Claud Blackwell, William Lowery, Odelle Potts, Bessie Mae Jacks, Margie Nell Cox, Jewell Moore, Victoria Williams; fourth grade, Morris Driver, Catherine Coe, Naomi Culp; fifth grade, Elizabeth Culp, Doris Williams; sixth grade, Kenneth Durbin, Margaret Lowery; Jr. II, Willie Blackwell; Jr. III, Mary Lois Culp, Pauline Sisk.

Jacksons Chapel—Sixth grade, Hilda Smith; fifth grade, Eleanor Sanders.

ATTENDANCE RATING OF ALL SCHOOLS IN THE COUNTY FOR PAST TWO MONTHS

Average Daily Attendance Attained by Them During October and November

October

1. Free Springs	98.04
2. Mitchell Dam	97.50
3. County High	96.27
4. Lay Dam	96.00
4. Pilgrims Rest	96.00
5. Providence A	95.00
6. New Cedron	94.83

MT. PLEASANT

Below is listed the names of Junior High School students who are on the honor roll for the month of November. The first honor roll is all pupils whose average in their grades was above 90 per cent. The second honor roll is those pupils who were neither absent nor tardy during the month of November:

Ninth grade, first honor roll—Dorothy Jones; second honor roll, Wendell Massey, Kathleen Smith, Ertice Riggins, Leonard Burnett, Loudelia Clackler, Cecil Traywick, Millard Bell, Gladys Bell; eighth grade, 1st honor roll, J. R. Lowery, Marie Melton; 2nd honor roll, Wilton Massey, Ruby Melton, Pauline Price, Irene Burnett, Chester Jones, Jesse Eiland, Vernon Collins. Seventh grade, 1st honor roll, Mary Will Smith, Virginia Edwards, Carl Cooper, Everee Smith, Roddie Massey, Clifford Traywick; 2nd honor roll, George Bell, Realius Caton, Sam Chambers, Morris Clackler, Carl Cooper, Kinnard Gillespie, Clyde Littlejohn, Julius Price, Carl Sanders, Fonza Traywick, Loyd Traywick, Mary Francis Bruce, Virginia Edwards, Mayo Foshee, Louise Parker, Alcie Lee Price, Annie Loyd Price, Lorene Price, Gertice Riggins, Everee Smith, Mary Will Smith.

Our school will dismiss on Friday December 23, for the Christmas holidays. On that day we plan to have our little Christmas program in connection with a Christmas tree exercise. The Liberty Hill quartet is expected to be with us.

Hon. Percy Pitts, representative to our state legislature, from this county, has promised to visit our school and make a talk to the Jr. III class on state government.

The honor roll for November will be found in another column of this newspaper.

Mrs. M. A. Wright, our girls athletic director, has received the volley ball equipment, and is now drilling the girls in the technique of that fascinating little game.

Coach Glasscock is busy this week practicing his first team boys for several grilling battles, which will be played within the next six weeks. Each day he is sending them through a most rigid drill in preparation for these contests. Several teams that he has scheduled to meet are: Calera, Wilsonville, Clanton, Jemison, and Helena. Plenty of competition is afforded by the above teams. Hence Coach Glasscock is keenly anxious to keep his record of six wins and no losses against Jr. High teams from falling. The teams' success thus far is due to his knowledge of the game and his natural ability to instill confidence in the players, making them hustle for their position on the team. Practically all his drilling thus far has been building up a strong offensive; but this week he is centering his activities toward a strong defense play.

The faculty and student body are very busy preparing for the Christmas program to be given at the school building on Friday evening, December 23. Everyone is cordially invited to come.

Several new members have promised to join our P.-T. A. when it meets on Tuesday, December 13.

We are glad to see the familiar face of our school and classmate, Leonard Burnett, back in school. An attack of flu kept him from his work recently.

Prof. L. H. Ellis, former principal of Chilton County High School, was a recent visitor to our school. Prof. Ellis is now affiliated with the Alabama School Supply Co. of Montgomery, Ala.

Miss Celia Baldwin spent the week end with her parents at Mt. Creek.

The Mt. Pleasant basketball team rung up its sixth straight victory last Friday evening when they defeated Maplesville 29 to 11 on the home court. A large crowd of supporters were present to see the locals in action. The first string boys piled up a huge lead the first half and Coach Glasscock rushed in the second team, which continued the scoring spree, but their defense was not so well formed and the visitors netted several field goals for their count. A light drizzle of rain fell but did not conflict with the game.

Coach Glasscock was detained from his school work last Monday. Mr. J. G. Johnson filled his place during the absence. The school wishes him a speedy recovery.

J. P. Culp, a popular member of last year's Jr. III class, was a visitor to our school last Friday.

If plans materialize, our boys basket ball team will meet the Shelby County Jr. High School champions, from Wilsonville next Saturday, December 17, at Calera.

On Saturday night, December 24th, the Jr. II class and faculty will give a reception, honoring the Jr. III class. This is one of our annual events and we are all anticipating a great time.

We all regret the loss of our beloved school and classmate, Miss Eulene Scott. She is moving to Autauga County this week.

Miss Everee Smith, member of our Jr. 1 class, spent a pleasant week end with Mr. and Mrs. Clarence Smith.

Miss Eula Deason spent the past week end visiting Miss Ruby Wells of Mt. Pisgah community.

Our P.-T. A. will meet on Thursday evening (today) at 2:00 o'clock instead of Tuesday. Inclement weather was given as the reason of postponement.

KEEP OUR SCHOOLS OPEN

Editor Union-Banner:

As a patron of the Chilton County schools I am very much interested in seeing them kept open for the remainder of the present school term. There is a movement on by which we hope to work out a plan whereby we may be able to keep them open. And I do hope that any one who may be inclined to object to these plans will study the whole proposition carefully, with an unprejudiced mind, before he comes to a definite conclusion in the matter.

I do not believe there is a citizen in this county who is more interested in our schools than Judge Reynolds. And I feel sure he will do everything in his power to keep them open if we wish him to. Judge Reynolds has asked for a referendum on whether we wish him to divert sufficient money from the road fund to run the schools. We held a meeting last Saturday and passed a resoution requesting the County Commissioners and the County Board of Education to devise some means of keeping the schools open, and asked the Commissioners to call an election for a referendum on the subject.

Judge Reynolds has made it plain that he is not in favor of diverting any money for the schools until the people who are in need are first cared for, with which, I agree; but that he would be willing to use a little less on the roads so long as they were kept in a reasonbale good state of repair. He told us that he had already made application for $50,000.00 of federal relief money, and will use it on the roads, giving work to the needy, even though we may not vote for him to use any of the road money for the schools. He also told us that he did not believe we would ever have to pay this money back, as it will be deducted from the federal road money, one-fifth to be taken from our allotment each year for five years.

There is some difference of opinion as to paying the teachers the same salary they are now getting, but I hope no one will vote against the proposition on that account, but leave that to the two boards and the teachers, if the Commissioners do not feel justified in spending the full amount asked for. Personally I would like to see them get their regular pay if we can manage to pay full salary. They have certainly been imposed upon, more than any other class of citizens in our time. The convicts are treated better than our teachers.

Now, if you agree with me so far, that leaves it up to you how much you are interested in the education of our boys and girls, and I do not believe there are many of us who are not intensely interested in seeing our children get at least a fair education. If we have to close our schools it may be that many of our children will lose interest in school and it will be hard for us to get their interest revived.

Education is the heart of our American tradition. The first thought of the framers of our Constitution was the education of children. It has been the bulwark of our nation. Education has been the heart of civilization from the earliest dawn of history. Every advance of civilization has been marked by the progress of education. Let us lay aside any prejudice we may have, do a little more individually to help the needy, and help in any way we can to make it possible for the schools to remain open. If we do the big thing, the thing our children have a right to expect of us, and keep the schools open, in spite of Governor Miller and his crowd, it will be a milestone in the history of our county, to which our grandchildren will point with pride.—P. H. Knox, Clanton, Alabama.

PATES CHAPEL

We did not have W. M. U., Saturday on account of the weather being so unsettled. Also we did not have Sunday School on account of it rainning so much, but hope to have a larger crowd than ever next Sunday. Our Sunday School starts at 10:00 o'clock. Every body come and help us out.

Next Sunday, December 18, is our singing evening at Pates Chapel. We invite all visitors and singers.

Mr. Arthur Pitchford's brother, Mr. Leonard Pitchford, Sr., of Birmingham, spent part of last week in this community with his brother. He returned home Saturday.

Mr. Lawrence Pitchford, who has been visiting his unlce for quite a while, returned to his home in Birmingham Wednesday.

Mr. and Mrs. E. J. Hayes visited Mr. and Mrs. Tommie Maddox and family Sunday night.

Little Miss Rubye Maddox and Wallis spent Saturday night with Mr. and Mrs. E. J. Hayes.

Mr. and Mrs. Roy Pruitt visited the home of Mr. and Mrs. Tommie Maddox Friday evening.

Mr. Leonard Pitchford and Mr. Rural Ware, of near Birmingham, visited Mr. A. S. Pitchford Sunday.

It seems like we are having some rainy days along about now. I believe if it don't hurry and fair off the sun will be mildewed when it does fair off.

Alex Hayes, George Popwell and J. Lee Smith, Jr., arrived home from Gulfport last week.

STATE NEWS PARAGRAPHED

A Resume Of The More Important Events Of Interest Condensed To An Epitomized Form

The case of Odie Webb, administrator vs. Eunice French, executrix, appeal dismissed by Supreme Court.

Fired on as he sat in the lobby of a Birmingham hotel, M. B. Sheffield, 45, of Ashville, Ala., was shot to death.

The case of Julia A. Abrams vs. Abrams et al., appeal from Chilton Circuit Court in equity; affirmed by Supreme Court.

The case of Mollie Bowdoin vs. Jim Bowdoin et al., appeal from Coffee Circuit Court in equity; affirmed by Supreme Court.

Walton H. Hill, Montgomery attorney, was elected president of the Union Bank & Trust Company, succeeding the late Michael Cody.

More than 10,000 pupils and teachers in Birmingham schools and several thousand in the county system were reported absent on account of the influenza epidemic.

State officials and employes who use their private cars in transacting the state's business were on a fixed mileage basis for the first time in Alabama's history.

"Frightened to death" was the verdict returned by Coroner J. Bell Marin in the death of Sam Taylor, aged Negro, who was found dead on a bluff near Mitchell Dam.

The Alabama Supreme Court rendered the following decision: John E. Hodges vs. Lizzie Wells, administratrix, appeal from Perry Circuit Court; reversed and remanded.

Public schools of Tuskegee, closed once, reopened and then closed again, have reopened a second time on a subscription basis and will be operated as county institutions.

Selection of a superintendent of the Masonic Home confronts the institution's new board of control created by the Grand Lodge of Alabama Masonry at its closing session.

A plan to pay teachers of the Jefferson County Schools full salary for the first five months and half salary for the next four months was submitted to a county teachers' council.

The Supreme Court took under advisement the appeals of five attorneys who were disbarred in August for "unethical practice" by the Board of Commissioners, Alabama Bar Association.

Dr. C. L. Northcutt has resigned as superintendent of the Alabama Masonic Home to resume ministerial duties in the Alabama Conference of the Methodist Episcopal Church, South.

Resolutions recommending to Gov. B. M. Miller that unless he could provide means for operating the schools he should resign were adopted by the Rogersville Parent-Teacher Association.

Sam F. Clabaugh, a member of the board since its reorganization, was named president of the Chamber of Commerce of Birmingham. He will succeed D. A. Thomas, who has served for two successive years.

The Morgan County Unit, Economy League of Alabama, was organized and means of keeping county schools open for a full nine-month term discussed at a meeting of more than 400 county residents in Hartselle.

A nation-wide search for Beirne Ellison, Jr., 20, honor student at Virginia Polytechnic Institute, was ended at a local hotel in Troy when a room clerk found the youth unconscious in a room he engaged earlier in the day.

A number of district Kiwanis officers, who are in the city attending a school of instruction in connection with approaching induction ceremonies, attended the meeting of the Birmingham Kiwanis Club at the Tutwiler Hotel.

The Alabama Power Company filed application with the Alabama Public Service Commission for authority to sell 125,000 shares of common capital stock, stating that of 4,000,000 shares authorized to be sold under its charter, only 3,650,000 had been sold.

The Alabama Supreme Court dismissed the appeal of counsel for Nellie Webb Stewart, deceased, from adverse ruling on demurrers by the Cullman Circuit Court in a suit for $100,000 against the estate of Hawkins Westmoreland.

Their lives threatened by two youths from whom they had sought assistance for car trouble, Mrs. M. L. Sorrows, young Birmingham matron, and her two children were robbed and left to shift for themselves on the Montgomery Highway about 15 miles south of Clanton.

W. A. Reynolds has been sick with flu for some days past.

PLAY TO BE GIVEN AT PALMER AUDITORIUM AT MONTEVALLO

Montevallo, Ala., Dec. 12. — Alabama College Theatre will present "The Chalk Circle" on Saturday night, December 17 in Palmer Auditorium, according to announcement by Dr. W. H. Trumbauer, director of the Little Theatre.

"The Chalk Circle," author unknown, is a serious Chinese drama, and is considered among the outstanding classics in the field of drama.

This production of it by Alabama College Theatre will be the third that has been given in this country. The play will be interpreted according to the authentic version which was written during the Yuan Dynasty, 1280-1368.

The method of presentation is entirely Chinese and will include several features peculiar to the conventional Chinese drama. The Chinese method is symbolical. The emotions, gestures, colors of the costumes and make-up are all symbolic. A green costume is worn by a villainous person or demon, while one of blue indicates innocence; red is worn by an exalted personage; yellow, by a god or imperor; and black, by a workman.

The uniqueness of the play is added to by the accompaniment of Chinese music throughout. The acting becomes almost lyrical, as the music expresses the mood of the action.

Because of the aesthetic and historic value of the play, a special effort will be made to reach the high schools over the state.

FIDDLERS CONVENTION POSTONED

The fiddlers convention was not held at Concord Junior High School Saturday night, as planned. It was postponed until Friday night of this week, December 16. The program will begin at seven o'clock. Everybody is invited to come. General admission charge will be 10 cents.

NEW CHEVROLET IS MOST OUTSTANDING

Nearly 100,000 people are back at work as the result of the introduction of the new Chevrolet which goes on display here Saturday at the salesroom of Polk Brothers Motors Company, Mr. Polk, announced today. This force finds employment in domestic Chevrolet plants, and in the Fisher Body plants which manufacture bodies for the Chevrolet line, Mr. Polk stated.

For four of the past six years Chevrolet has led in building and selling more automobiles than any manufacturer and this year they offer a car which is in keeping with their position of first place in the automobile industry. The extensive improvements made in the new car, Mr. Polk continued, are possible because in Chevrolet's position of leadership the company enjoys the tremendous advantage of bulk purchasing power which means the ability to buy the finest materials at the lowest cost and, in turn pass this saving on to the automobile buyer.

According to Mr. Polk this new car incorporates 192 improvements. A longer wheelbase, a more powerful six-cylinder engine, an entirely new body styling which reflects the master craftship of bodies by Fisher, and new skirted fenders which conceal all the under parts of the car are just a few of these many improvements. Mr. Polk was very emphatic in pointing out that the 1933 Chevrolets is more economical. The new Chevrolet also incorporates what is probably the greatest advancement in driving comfort since the advent of the closed body—the new Fisher No-Draft Ventilation.

Mr. Polk has made special arrangements to accomodate the large crowd which he is confident will visit the salesroom at Clanton Saturday.

Mrs. M. D. Foshee and daughter, Miss Carrie, were visitors to Montgomery Tuesday.

THORSBY SECTION

(S. E. Norton, Manager)

Next Sunday night there will be another stereopticon lecture by Rev. J. E. Each at the Thorsby Congregational church, picturing mission work in Japan. Come and get the missionary point of view of Japan. Time is 7:15. An offering will be taken to pay expenses.

The union prayer meeting will be held at the Congregational church at 7 p.m. Wednesday of this week. Rev. W. P. Lowery will be in charge.

Rev. William T. Morgan, who conducted the recent series of evangelistic meetings at Thorsby, is expected to return to meet with the young people of Thorsby, who are forming a new social club, and make suggestions that will be helpful in making their meetings beneficial to all members of the organization. We hope to be able to give more details next week.

Last Saturday seemed to attract shoppers to Birmingham. Among the Thorsby people who spent a good part of the day there were Rev. Each and family, Mr. and Mrs. R. H. Maddox and Miss Phillips.

We are glad to see Mrs, E. W. Butler out last week after being confined to her home several weeks by illness. Mr. Butler also has been suffering with a severe cold, but seems to be improving.

Mr. W. H. Townsend's father is spending a few weeks at the Townsend home on Montgomery Road, which is now occupied by Mr. and Mrs. Malcom Manning.

Mr. and Mrs. Hollis Pate of Selma are spending a few days with Mr. Pate's parents, Mr. and Mrs. J. E. Pate, in Thorsby. Mr. Pate has been laid up for several weeks by an accident, but is now hopeful that he can soon return to work.

Miss Naemi Turnquist of Selma spent the week end with Mr. and Mrs. A. E. Reagan in Thorsby.

Mr. and Mrs. C. M. Williams spent the week end with Mr. and Mrs. Lewis Culver at Marbury. Mrs. Culver is a sister of Mrs. Williams.

Mr. and Mrs. R. H. Maddox spent the week end with Mr. and Mrs. Thomason at Lay Dam.

Mr. and Mrs. E. N. Bentley and children spent the week end with Mr. Bentley's aunt, Mrs. Belle Whatley, at Bangor.

Miss Jennye Robinson spent the week end with her parents, Mr. and Mrs. T. W. Robinson, in Birmingham.

Next Saturday night at Thorsby Institute the Helen Keller Literary Society will have its annual Christmas program. Carols will be sung and a Christmas play entitled, "No Room at the Inn" will be given. Everyone is invited to come. Admission is ten cents.

School closes December 22 for the Christmas holidays, and will re-open January 4th.

Mrs. H. V. Thompson of Birmingham is spending a week in Thorsby with relatives.

We are sorry to hear that Mr. Ralph Pate is very ill with the flu.

Mrs. Anne S. Villadsen left Monday for Tuscaloosa. She expects to stay a week with her son, Arthur Villadsen.

Mr. and Mrs. Odis Miller of Clanton, spent Sunday with Mr. and Mrs. Green Burnett.

Mr. Rube Riggins and family have moved in the house next door to Mr. Frank Thompson.

Miss Helen Perkins of Birmingham spent Friday with little Helen Louise Meade.

Mr. and Mrs. Clyde Meade and Helen Louise and Marie Powers spent Thursday in Calera as guests of Mr. and Mrs. Earl Meade.

Mr. Hugh R. Primm made a business trip to Mobile Thursday.

Mrs. Mary Stange is confined to her bed, due to a fall received Tuesday.

We are glad to know that Mrs. Daniels is improving after being ill with the flu.

Mrs. Mack Gray is spending a few days with relatives in Prattville.

Miss Vivian Roebuck returned to her home in Birmingham, due to sickness of relatives.

Miss Gracie Watley gave a birthday party Friday night at the home of Mrs. Dewey Collins.

Mrs. L. N. Martin gave a quilting party Monday afternoon.

Mr. Cecil Each of Birmingham spent the week end with his parents.

Mr. Hollis Merchant of Jemison spent the week end with Mr. and Mrs. Ben Franklin.

Mr. and Mrs. Marvin Davenport were the Sunday dinner guests of Mrs. Leila Martin.

Mr. and Mrs. N. L. Martin had as their Sunday dinner guests, Mr. and Mrs. John Billingsley.

We are glad to know that Miss Edna Childress is improving after being confined to her bed with the flu.

Mrs. Calhoun Bates of Salem visited Mrs. D. H. Gentry and other relatives in Thorsby last Wednesday.

Miss Kathleen Sorrell, who has been staying with her aunt, Mrs. Henry Vines for the past several weeks, returned to her home in Birmingham Friday.

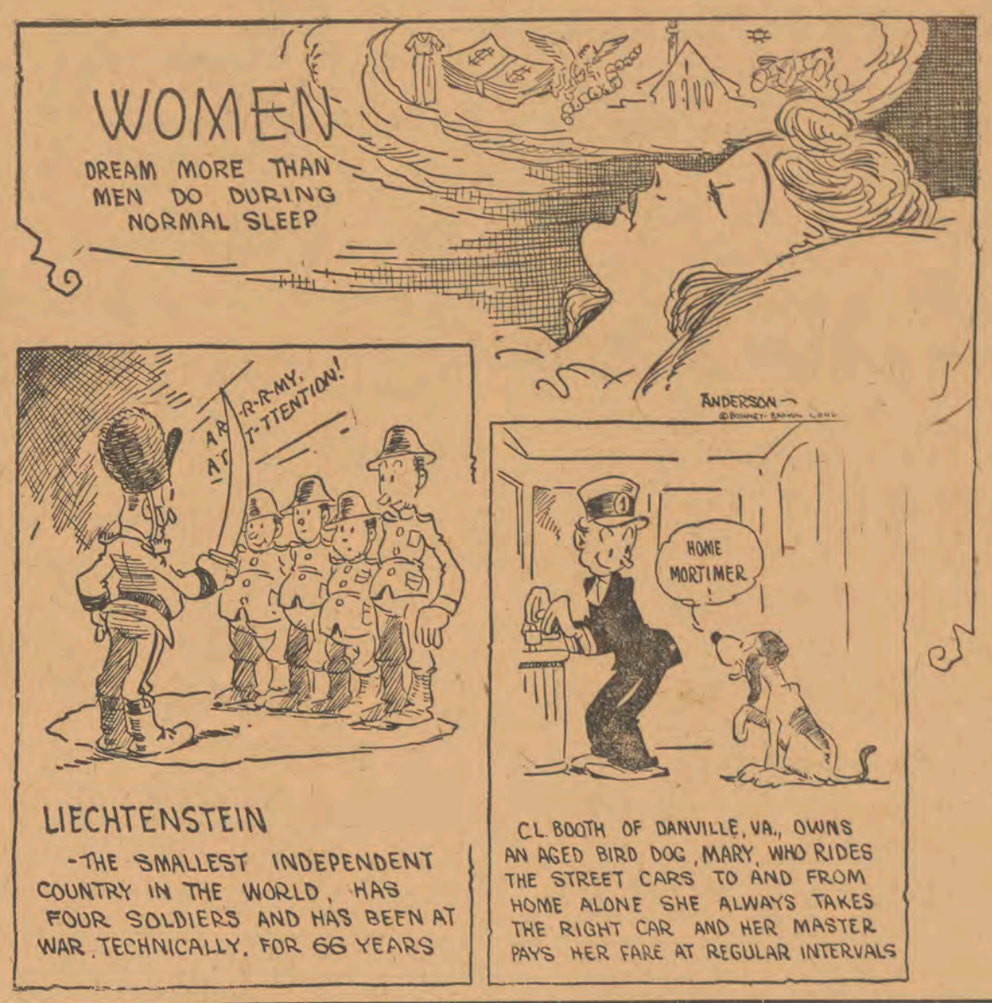
Miss Mary Ruth Nix visited Alabama College at Montevallo Wednesday.

Quite a number of Thorsby folks attended the funeral of Mrs. Sarah Murray of Collins Chapel Sunday afternoon.

Miss Verlon Goodgame returned to her home Saturday after spending a few days in Birmingham.

Mr. Aaron Vinson of Dargin spent the week end with Mr. Marcell Wilder.

ODD --- BUT TRUE



Dr. Wm. T. Morgan Held Thorsby Meets

Birmingham Minister Organizes Young People Into Social Group

Thorsby has just experienced a type of evangelism that was different. That the usual type of evangelism, carrying with it much noise, excitement, and emotional strain, does not meet the needs of the present day is agreed by all students of modern conditions.

The first out-of-the-ordinary thing connected with this meeting was the conditions laid down before the meeting began by the minister conducting it: that money should not be discussed during the meeting, and that no definite amount should be promised for the minister conducting the meeting, and that olny a free will offering should be taken without the slightest high-pressure effort being made to secure the money. No "financial committee" should be appointed merely a statement be made that an offering would be taken for the visiting minister, with no more ado than at the collection taken at any ordinary Sunday morning service in any church.

And then there was to be no "evangelistic machinery" installed to help work up an interest—not even an extra choir—nothing that any ordinary Sunday morning worship service could not have. In fact, the services were, in reality Sunday worship services, dignified, quiet, worshipful. The pastor did not have a lot of "revival machinery" to junk at the close of the meeting.

Doctor William T. Morgan, minister of the Independent Congregational Church, Birmingham, Alabama, conducted the services. His preaching was based upon the conviction that even the twentieth century church group does not understand the fundamentals of religion nor the theological language in which it is presented by the ordinary minister. His preaching was, in reality, simply a school of religion taught in language understood by young people and their elders. Doctor Morgan is preeminently orthodox, yet he is modern and fully abreast of the best thought of the times. He believes that sin is sinful and that God has provided a guaranteed cure.

Only three or four times did Doctor Morgan make any kind of a "proposition," and when he did, only once was there even a hymn sung, and not once did he ask the audience to stand during the invitation. Whatever he asked the audience to do to indicate its acceptance of Jesus as savior, he made sure that nothing whatever was done under the influence of a worked-up emotional state. Without singing, without the audience even standing, men, women and young people quietly made their decisions. It was beautiful, it was inspiring, it was sacred, it was worshipful to see decisions made in that way.

For a number of years Doctor Morgan lectured in schools and colleges upon vocational and life guidance subjects. During these engagements he held conferences with thousands of young people throughout the United States concerning their personal problems and a choice of life work. During the meetings at Thorsby he held such conferences with practically every student of Thorsby Institute and with many young people about town. The good he accomplished in these heart-to-heart talks will never be known this side of the judgment. The young people heard him gladly, not only in private conferences, but from the pulpit as well. He completely won the friendship and confidence of the young people of this city—in fact he is a young people's preacher.

Thorsby has her problem of young people's social life. Before closing the meetings Doctor Morgan got together about a hundred of the leading young people and outlined a program of sane, safe, and Christian social life, which was enthusiastically accepted by the group. An organization was immediately formed with the purpose of including not only the young unmarried people, but also of the young married group. A large hall has been secured for social meetings and is being put into the best of condition for club rooms. Besides the regular weekly stunt nights they plan to organize dramatic and glee clubs, besides providing various games for the entertainment of the different groups. The entire social life of Thorsby will be enriched by this organization which will be under the supervision of the churches. Doctor Morgan believes that the churches have no right to say to their young people, "don't do this and don't do that," until they have provided safe and sane social life for them. He has shown Thorsby how to answer the question, "What can Christian young people do for amusement that is safe, sane and Christian?"

The audiences outgrew the capacity of the Congregational church and the invitation of the Baptist church was accepted and the Sunday services were held in that church. A large group will unite with the Congregational church.

It is understood that Doctor Morgan can accept a limited number of engagements with churches for meetings. His address is 2017 North 15 Avenue, Birminham, Alabama.

REFUGE NEWS

God in His wisdom, so set Sunday morning, December 11th, early to call away one of our choicest of mothers, Mrs. Elizabeth Minor, who has been sick for about 13 weeks. She was laid to rest in Refuge cemetery last Monday at 11:00 o'clock. Rev. M. J. Parrish officiating, assisted by Rev. M. Lockhart and Rev. Durbin.

It's a Girl

Rev. and Mrs. M. Lockhart are the proud parents of an 8 pound baby girl arriving Sunday evening. They will call her Dorothy Alma.

MRS. SARAH MURRAH DIED

Mrs. Sarah Murrah, age 75 years, died last Saturday morning at the home of her daughter, Mrs. Gerald Hubbard, at Collins Chapel. Burial was at Collins Chapel Sunday afternoon, in charge of Martin. The funeral was conducted by Rev. Homer Carroll and Rev. W. P. Lowery.

Mrs. Murrah is survived by two sons, W. E. Green and George Murrah; five daughters, Mrs. Leona Dorminey, Mrs. Mattie Collins, Mrs. J. N. Dennis, Mrs. Glenn W. Sessions and Mrs. Gerald Hubbard.

Mr. and Mrs. L. C. Duncan, Dorothy and Betsy Ann, of Birmingham, spent the past week end with friends in Clanton and at Lay Dam.

The Banner and Post, 1 year for $3.

Mrs. Bob Goodgame is confined to her bed with the flu.

Messrs. Mack Gray, Nat Bentley and son, Sam, spent Thursday night and Friday fox hunting.

Miss Katheryn Lenoir spent the week end with Letha Mae Martin.

Mr. and Mrs. Hardy Hurtt spent Sunday with Mrs. Hurtt's parents, Mr. and Mrs. Annison Marcus.

Miss Elwyn Robinson spent the week end with Miss Weston Littlefield of Cane Creek.

Mr. and Mrs. Oscar Bean and family have moved back to their farm at Salem.

CARD OF THANKS

Please allow us a small space in your paper to thank the dear people in and around Temple community for their kindness shown us during the death of our darling baby, little Sara Nell. She is gone but not forgotten. May the Lord bless them everyone, is our prayer.—Parents.

MRS. ELIZABETH MINER DIED

Mrs. Elizabeth Miner, age 55 years, widow of the late William Miner, died last Sunday morning at her home in the Refuge community. Burial was at Refuge Monday, in charge of Martin. The funeral was conducted by Rev. M. J. Parrish.

She—Haven't I met you before? At the Ritz, New Year's Eve?
He—So that's where I was.

They had to call her "tooth" because a dentist always took her out.

Diet Didn't Do This!

HAPPY little girl, just bursting with pep, and she has never tasted a "tonic!"

Every child's stomach, liver, and bowels need stimulating at times, but give children something you know all about.

Follow the advice of that famous family physician who gave the world Syrup Pepsin. *Stimulate the body's vital organs.* Dr. Caldwell's prescription of pure pepsin, active senna, and fresh herbs is a mild stimulant that keeps the system from getting sluggish.

If your youngsters don't do well at school, don't play as hard or eat as well as other children do, begin this evening with Dr. Caldwell's Syrup Pepsin. This gentle stimulant will soon right things! The bowels will move with better regularity and thoroughness. There won't be so many sick spells or colds. You'll find it just as wonderful for adults, too, in larger spoonfuls!

Get some Syrup Pepsin; protect your household from those bilious days, frequent headaches, and that sluggish state of half-health that means the bowels need stimulating. Keep this preparation in the home to use instead of harsh cathartics that cause chronic constipation if taken too often. You can always get Dr. Caldwell's Syrup Pepsin at any drug store; they have it all ready in big bottles.

EYES

Are yau bothered with headaches, nervousness, dizziness, or fatigued feeling? If so see BARSON, for it is probably caused by your eyes. I will do your work and guarantee you the best of eye comfort. Special attention given to children.

The wets are showing downright pleasure at the prospect of having a new way of taxing themselves. It is not the first time in history, so far as we know, when a new tax has been a subject for jubilation.

A Long Island society belle accepted a proposal by wireless. The swain whose girl has given him the air may take heart.

It is said that ants live to be ten years old; another argument in favor of hard work.

The Society for the Thinking Up of Something New to Argue About will meet immediately.

A girl may wear a golf outfit when she can't play golf, and a bathing suit when she can't swim, but when she puts on a wedding gown she means business.

Well, maybe if the Eighteenth Amendment is repealed or revised the cellar will become just a cellar again, but we doubt it. Education is a wonderful thing.

Adolf Hitler has promised the German people so many things that if he ever gets in the chancellor's office, somebody is going to be disappointed.

NATIONAL AFFAIRS

(By Frank P. Litschert)

The question of the foreign debts and whether or not they will be paid continues to be the all-absorbing topic of the day. The propaganda for cancellation goes ahead in Europe and in certain high financial quarters in the United States. Up to this time there is no evidence that the propaganda is having any great effect among the chosen representatives of the American people in Congress. We are told that the British pound sterling is slumping toward zero because of the necessity for war debt payments; that nations will be forced into repudiation of their international debts with fatal effects on foreign credit and foreign trade; we are told that if the debt payments are continued the depression will continue and that cancellation will mean immediate prosperity.

But to each argument someone in favor of retaining the validity of these debts has found an answer. One financial writer of national reputation tells us that there is good reason to doubt the permanency of the recent slump in the British pound. He opines that it may have been in part manipulated by financial interests who want to put the worst possible phase on debt payments for the purpose of frightening America into cancellation. He adds that some of the slump is undoubtedly due to the short selling of the British money, and that when the covering comes, as it must, there is apt to be a rapid advance. He believes that if the payment is made, much of the fog and furor will disappear, the pound will recover, and business will go along as usual.

While it is possible that some of the smaller countries who owe us money, and whose credit is none too good at any time may be forced to repudiate their obligations, temporarily at least, there is apparently little fear that countries like Great Britain and France will use the remedy of repudiation. They have too much at stake in the way of national credit. Some financiers seem to be of the opinion that if any nations are threatening repudiation, the sooner they get to it the better. The Commerical and Financial Chronicle said recently:

"If some countries should actually default in their war debt payments, that would not be half so unsettling as the constant agitation of the question with attendant uncertainties. The country now needs a rest, and should be spared from the constant injection of foreign issues in its daily affairs after having suffered so severely from these during the last eighteen months."

Some of the eastern seaboard financiers who think cancellation would be such an unmixed blessing are evidently out of touch with the people back in the states, and do not realize the state of public feeling. In this regard, it may me said, that cancellation of war debt payments would be followed not only by a protest, but a demand for the scaling down or cancellation of private obligations in this country. There are many mortgages on many farms in America, because of which a great many farm owners now face dispossession. Many of these will be unable to see why, if we can forgive Europe's debts, a little cancelling cannot be done at home in the interest of the American who owes money. The seaboard financier would doubtless shudder at such a proposal as spelling the end of financial order, but let him not forget that cancelling the European debt would set a dangerous precedent, and one which might have repercussions in various parts of the country, far different from the kind that might ordinarily be expected.

In view of Europe's present attitude, that the debts are purely political and that the allied nations are being harshly treated, it is interesting to note just what was said when these loans were negotiated back in 1917. Then the pleas to Uncle Sam for aid were vehement and fantic. As the Washington Star recently stated: "Dispatches of Lord Balfour, British secretary of state for foreign affairs; Walter Hines Page, American Ambassador to London; many other continental statesmen, and Admiral W. S. Sims, show the pressure under which President Wilson and secretary McAdoo of the treasury sanctioned loans of approximately $4,000,000,000 that year to Great Britain, France, Italy, Russia, Belgium, and Serbia.

"On June 28, 1917, Ambassador Page said, 'Fonancial disaster to all the European allies is imminent unless the United States government advances to the British enough money to pay for British purchases in the United States," and added:

"'Unless we come to their rescue we are all in danger of distaster. Great Britain will have to abandon the gold standard.'"

OUR SCHOOLS

(By Orville H. Mastin)

Facing the prospect of only a half year school for the children in Chilton County, the parents of these children are making a valiant fight to prevent this calamity. At a mass meeting held at the courthouse last Saturday, December 19, a resolution was passed urging the county commissioners to pay the expense of the teachers for the second term out of county funds, and further requesting the holding of a referendum of the voters of this county authorizing this action on the part of the commissioners.

Regardless of what immediate reasons may be given as to why we are faced with this problem it is an undeniable fact that if we have only a half year of school the general economic condition which exists not only here but over the whole nation will be responsible. Someone is responsible for this condition and those who are responsible should take the consequences. Now let's be fair to the children. Are they responsible? There is only one possible answer and that is an emphatic NO. Then why should we punish them by closing the schools? The adults are responsible either because they have done something they should not have done or because they failed to do something they should have done. If anyone is to suffer, let it be those who are responsible. Let the schools be kept open the full term by all means. It is a confession of incompetence and a shirking of our responsibilities for us to do otherwise.

What is the situation in which we find ourselves? We have too much cotton, therefore we must go without enough clothes. We have too much wheat and corn, therefore we must go hungry and the farmers in the middle west burn corn and wheat for fuel while the miners starve because they are not allowed to dig coal. We call it a "depression" and are told that every few years one is unavoidable. But they are not necessary! A great many people are of the opinion, however, that the causes of depressions are not known and that we, therefore, do not know how to avoid them. However, the fact is that many able and informed men know what the causes are and also what it would take to cure our trouble. An economist of national prominence, Prof. F. W. Taussig, stated in a recent number of "Harpers": "It is a mistake to suppose that economists do not know what causes depressions and how to avoid them." He goes on to state that the reason they do not inform the public as to the cure of our condition is because they think that no western people would swallow the medicine they might be forced to prescribe. They think we would be unwilling to give up our rugged or ragged individualism even though we and our children must go without sufficient food and clothing and our schools close. However, we may feel about this at the present time. I predict that before this depression ends we will see that if we are to have prosperity in modern society we must improve our social methods to correspond with our improved mechanical and scientific methods.

At the meeting in Clanton last Saturday, Mrs. Nora Wells, of Jemison, related a story to illustrate what we should do at this time to keep the schools open. I wish to relate a story too.

Once upon a time there was a very wealthy nation. Its farms produced more food and materials for making more clothes than its people could use. It had an abundance of factories for making everything its people needed. Its rivers and mines furnished more than enough power to operate all its factories and furnish lights and power for use in the homes. There was no reason why its pepole should not be prosperous and for a while they were. But they were so industrious and skillful that every few years they would produce more goods than could be sold. Then the people would be unemployed and in want because they had produced too much. At first these periods of depression were short and not very serious, but as more and more machinery was used to take the place of workers they became worse and lasted longer. There were some people in the country who said this condition was unnecessary and they told the other people what to do to prevent these depressions. But these people were called Socialists and most people did not understand what they wanted to do and would not investigate their plans. However, finally conditions got so bad and everyone else who promised to improve them failed so the people decided to investigate the plan of the Socialists. Investigation proved that it had heretofore been misrepresented to them and they saw that it was a sensible plan. They then set out to adopt this plan and after they had it in operation everyone had work to do and they paid enough for their work so they could maintain a decent standard of living and could give their children a good education.

Let him that hath eyes to see see, and let him that hath ears to hear hear.

ORVILLE H. MASTIN.

A few months ago France boasted that she was the only sound nation on the face of the earth. Now she tearfully says that she can't pay another installment on what she owes us Maybe when she was doing all that crowing she forgot that pay day would come around again.

Jud Tunkins says opposition to the 18th Amendment has caused many people to think more about what they drink than about what they think.—Washington Star.

Almost any American audience now sleeps through a discussion of the financial situation, but cheers loudly when beer is mentioned. They actually know what the speaker is talking about when he mentions beer.—Oklahoma City Daily Oklahoman.

Wars will end when we have an encyclopedia and a history all peoples can read without getting mad. — Ashland Daily Independent.

Firemen of Monroe, Mich., who drove their engine into the side of a speeding freight train can logically claim that they stop for nothing.

In these days of radio broadcasting even a voice crying out in the wilderness does not lack an audience.—Lowell Evening Ledger.

A man who has just returned to a Cambridge, Mass., library a book he had out for 38 years is evidently what you call a careful reader.—Philidelphia Evening Bulletin.

A Wall Street thief stole $500,000 in bonds the other day. Can't tell just how serious the loss is because we don't know whether the $500,000 represents face value or market value.

The MAN in the MOON

Looks Over All—
Overlooks None.

Human Pawns

Right at this time the people of Alabama are faced with one of the biggest problems they have had to contend with in some time —that of keeping the schools open, and thereby giving the youth of our State this year's part in their education—a right they have every reason to expect and demand. Here in Chilton County we are more fortunate than the people of other counties. We have been blessed with a county government which has had enough foresight to lay aside a surplus for a rainy day. And I believe that rainy day has come. If Chilton County can, by any means, keep her schools open, then those in charge of the funds of the county should see that this is done. It is nothing but the duty of these county officials to see that this is done. The money in the county treasury has been paid in by property holders and citizens of the county, and it should be spent in their behalf. Politics should have no place in the matter—the education of the future citizens of Chilton County is of far more importance than anyone's politics. As said before, if Chilton County is able, financially, to keep her schools open, then by all means let it be done. Any other procedure will be making human pawns of our children, insofar as their education is concerned. This should not be.

Nero Fiddles While Rome Burns

"History repeats itself" — and history is full of records where officials have sacrificed the lives and ambitions of their subjects that their own private ambitions might be realized. Nero fiddled while Rome burned —King Charles I, of England, played the tyrant for his own pleasure—the Antoinettes of France oppressed their subjects until they arose in rebellion and put their oppressors to death—Napoleon and Alexander the Great caused the death of thousands and thousands of soldiers, that their visions of world dominion might be realized—Kaiser Wilhelm ruined the Germans, trying to conquer the World. And now, right here in Alabama, on a smaller scale, of course, we have an example of the same kind of tyranny. A few office holders grow fat from the taxes paid in by Alabamians, while our teachers go unpaid, vital State departments suffer financial embarrassment, our citizens suffer under unbearable taxation, while those in power seem unable to think of anything or any remedy except more taxation. Now, let's see what they did with the tyrants of other days. King Charles I was beheaded. Marie Antoinette suffered a like fate. Napoleon was exiled—shorn of his power and run out of France. Kaiser Wilhelm has no place in Germany, where he can be safe. All these were literal tyrants, practicing their tyranny in blood and human life. Our present tyranny is of financial and political strain—why not let them lose their political heads? Why not kick the whole outfit out, and send a new outfit to Montgomery? Maybe they could do better. "They couldn't do worse."

The South Wins Again

Excuse me, please, if this seems like crowing, but I believe this old South is about to become unbeatable, so far as football is concerned. Just last Saturday a team picked from Southern Colleges took the field against a team picked from the Northern colleges. Who won? How could you ask? The South, of course—7 to 6! And now comes word that "The Ramblin' Wreck from Georgia Tech" will be out on the West coast in a few days to do battle with the vaunted Western champs. I may go wrong, but I'm bettin' on the Techsters. If they can't stop those Westeners, I know just what we'll have to do. Send "Hurry" Cain and his Alabama elephants, or Hitchcock and his snarling Auburn "Tigers"—just so they are from Alabama—out there. They'll put a buckle on their halters that will hold 'em up to the snortin' pole for a while.

Ed Edwards' Cart

Leave it to Ed Edwards to figure out your perplexing problem, if you have one. He is a past master at it. Fact is, Ed seems to be pretty good at very near anything he goes at. Yep! He is the same old Ed who built the cement bird bath—and sold it—right in the middle of the depression, when money was as scarce as hen's teeth. I guess that qualifies him as something of a salesman, too. But his real job is cement work. And in his working on different jobs, here and there, Ed faced the problem of building a mixing box at every new job. That bothered him a bit, so he planned a way to get around this trouble. He built a good mixing box, first—then he found an old discarded auto axle, with the wheels on—next came a pair of buggy shafts, and a driver's seat—then a pair of tires for the wheels. The tires went on the wheels—the wheels, shafts, driver's seat and mixing box were all fastened to the axle in their respective places. Nowadays, when Ed moves from one cement job to another, he just hitches his "old gray mare" to the cart, and carries along mixing box, cement tools, and all, all at one trip. He's a genius—this Ed Edwards.

Lots of Marriages

It has been said that "two can live as cheap as one." Now, the most of these sayings are true, and prove themselves. But not this one. It might work back in the Garden of Eden, where they ate apples and wore fig leaf clothes, but nowadays when our daily rations are delivered to our doors, and come all nicely wrapped in paper bags and the like, and our wearing apparel runs the gamut from brogans to fur coats, it doesn't work out so well. But you can't tell folks that—and make them believe it. Just look at the list of marriage licenses sold in the last month—about thirty of them. Oh, well, we've all got to live and learn.

Rose Glasses

Does the future look a bit gloomy to you? If so, I have a little tip I want to pass on to you. I was talking things over with a man one day not so long ago—the bad weather and flu epidemic, tight times, lack of money, lack of jobs, and a lot of other subjects had been put through the mill. "Well," he said, "things don't look quite so bad for me now as they did a few days ago." I wanted to know what had happened to change his view. Yanking off his glasses, he said: "Take a look through those—(I did)—you see I'm looking at the world through rose-colored glasses, nowadays."

Curious Election Returns

Here's one for the book, if any of my readers care for strange things of this kind. Notice these numbers, as given below. In the recent election, the State of Maryland went for Roosevelt. Yeah! I know you knew that already, but just think this over: Roosevelt received 314,314 votes—Hoover received 184,184—a plurality of 130,130. How's that for stacking them up funny like, eh?

Rockett's Rabbits

I know you read Dewey Rockett's rabbit offer last week. If you didn't you must be the only one, says Dewey. The boys have certainly been bringing the sorghum and rabbits to Dewey ever since the news got around. Now he is wondering if he can stop this rabbit business with as little advertising as he started it, when he gets ready to stop it. Dewey says: "It pays to advertise." He's right about that, too. Going rabbit hunting. —Man in the Moon.

BREAKERS AHEAD

Now that the effects of the election have worn off and they are faced with the cold gray dawn of the morning after in the guise of the short session of Congress there naturally is not so much unrestrained enthusiasm among the Democratic leaders as there was during the few hours following November 8. They realize of course that there is a great deal of difference between promising and performing. A great deal of reckless promising was done, as is usually the case in heated campaigns and as a result a great many people expected that by the first of the year at least, there would be plenty of beer and prosperity. Now the Democratic leaders are admitting that it may take a little longer to restore prosperity than March 4, and that perhaps after all the depression is due to natural causes following the World War and not to President Hoover.

The first efforts of the Democratis leaders are being made toward keeping down factional differences so far as possible. Just how effective their measures will be remains to be seen. A great many people in the east are expecting a conservative administration from the new President because of the part Owen D. Young, Barney Baruch and Al Smith took in his campaign. Out on the boundless prairies, however, there is a general expectancy that the new administration will listen to the program of men like Senator Norris and Senator Wheeler. Somebody is going to be disappointed during the next two years.

Another danger which the Democrats face is that which usually comes from a landslide —and that is an unwieldy majority. Already there are indications that trouble is coming in the shape of visionary proposals to end the depression. These can doubtless be handled in the short session of the old Congress, but when the new Congress begins to function the ship of state will be launched on uncertain waters and uncharted seas. There is little wonder, therefore, President-elect Roosevelt would like to avoid an extra session if possible. Among the drives for new and startling legislation can be listed that of Representative Rankin of Mississippi, a Democrat with influence in the House of Representatives. Mr. Rankin wants currency inflation to the extent of two billions of dollars. He wants to balance the federal budget by printing enough paper money to take care of the deficit. How easy it would be if the government could end its troubles through the printing press!

The old proposals for paying the bonus by printing paper money with which to do it, and for an appropriation of five billions of dollars to be covered by a bond issue, to stimulate government work, will be revived in the short session and doubtless carried over into the new Congress.

Under the plan of the big loan advocates public works in all states would be started at once to relieve unemployment. Nobody has yet figured out exactly how much employment this would create, what the issuance of these bonds would do to the financial fabric of the country, or just how the overburdened taxpayers could eventually raise the money to pay interest and principal on the bonds.

Truly there are many shoals ahead. It will be the duty and effort of the Republican legislators in the next administration to help the enactment of sane and constructive measures and to block so far as possible the destructive ones.

Since the French set the ladies' fashions we are expecting Paris to come out some of these days with a cancellation gown. Some of them seem to have been cancelled almost down to the waist line already.

We have heard of one Nebraska farmer who offered to pay the editor of the county paper his annual subscription in corn, but the editor didn't have any place to store that much grain.

The Democratic campaign song this fall was "Happy Days Are Here Again," but just how happy are they going to be when there are ten applicants for every job?

25 YEARS AGO

News Items as published in The Union and in The Banner, Issues of
December 12, 1907

The Methodist conference made the following appointments in Chilton County: Clanton, J. F. Price; Verbena, R. J. Mills; Randolph, E. B. Paul; Plantersville, J. C. Martin. Rev. Turnipseed, the beloved Clanton pastor, becomes a student at the Vanderbilt University.

Rev. Joe Gibson preached at Pleasant Grove Sunday.

King Oscar of Sweden died Sunday morning. He will be succeeded by his son, Oscar Gustav.

Miss Lena Williams of Mulberry died at Dr. Hill's Infirmary in Montgomery last Saturday after a few days illness.

Married this week:—Lonnie Keen and Miss Ella Billingsley, Ira B. Yeargan and Miss Minnie Lee Culp, S. M. Dawson and Miss Angle Smith, J. L. Patterson and Miss Eva Moore, A. J. Aldridge and Miss Mary A. Culp.

Mr. A. M. Piper and family left Friday for Ensley, where they will make their future home.

Governor Malcolm R. Patterson of Tennessee got married to Miss Mary Russell Gardner last Thursday afternoon.

The little 3-year-old son of Mr. and Mrs. George A. Branch, who lives six miles southwest of Clanton, was burned to death last Thursday afternoon. It is presumed that the little boy procured a match, went out 20 yards from the house, struck the match on a pailing fence and set his dress on fire. He was dead and burned to a crisp when they found him 20 minutes after he had gone out of the house presumably to play.

The Man on the Corner

Some Sights He Saw—
and Some He Saw Not.

Rockett Wants More Syrup

Dewey Rockett is still calling for more sorghum. Since a week ago he has bought perhaps close to 500 gallons. He has in an order now for 500 more. Farmers have been complaining about no market for their syrup; and when Dewey comes along and talks business on the subject in terms of hundreds and thousands of gallons, it makes some of us rub our eyes. He wants to buy a thousand bushels of corn too; but that is not coming in so fast. There is perhaps not so much surplus cron in Chilton County as there is of sorghum syrup.

Joe Ben Surprised Himself

Last week Joe Ben Downs opened up his barber shop at his home on the highway two miles south of town. He started out with the expectation of operating only two days a week. He found his business so good the first week, he decided to operate full time. "You would be surprised," said Joe, "to see some of the folks who have come down to my place to avail themselves of low priced barber work." Mr. Downs will not have his shop open on Saturdays, however, owing to his religious beliefs. He is a Seventh-Day Adventist, and does not work on Saturdays.

Headquarters Has Moved

The fame and popularity of Peckerwood Corner has dwindled considerably since the inclement weather of winter has taken possession of our fair land. Most of the political pow-wows and hot air festivals now take place around the heater at Rockett's hardware store. When the warm days of next spring come around and the old peckerwood begins hammering on the telephone pole, the old bench on the corner will come into its own once more.

Nothing Doing Yet

Everybody is asking what about the schools? Have the Commissioners decided to turn loose some extra money to pay the teachers? The only answer I can give is there has been nothing done yet, except a few meetings and conferences. The joint meeting of the Commissioners and School Board was held last Saturday, out of which there has come nothing definite so far as I can learn. The meeting asked the Commissioners to submit the proposition to a vote of the people, and the Commissioners have not acted upon the matter yet.

Mr. and Mrs. Earl Gore were among the many friends who attended the funeral of Mrs. J. R. Hardy at Rockford Tuesday.

Governor Roosevelt has been reported in some dispatches as declaring that the war debt problem is not his baby. Maybe not, but he is apt to have to adopt it within a few months. The Republicans found it on their doorstep back in 1921 and have had to live with it ever since.

One way we Republicans can cheer ourselves up nowadays is to remember that it is always darkest before the dawn.

We are looking forward with a great deal of anticipation to seeing just how Huey Long will perform on the majority side.

Cheer up. There won't be any more political speeches on the radio for nearly two years.

Mr. Roosevelt received the largest number of votes ever received by a Democratic candidate for president. But it is not to be forgotten that a great many of them were votes against someone rather than for someone.

The old Bryan issue of sixteen to one is in danger of being revived, but this time it is going to be sixteen deserving Democrats for one job.

"You seem to enjoy watching your son play football."

"Oh yes," answered Farmer Giles. "If he ever gets into the habit of working as hard as that, we may make the old farm pay yet."

For the first time since 1776 there is need for a second Declaration of Independence to break the servitude to organized minorities of the great majority of our people.

It is becoming true of almost every leading political figure that the things he says are much less important than the things he refrains from saying.

"Go after business" has the sound of a good slogan until you remember where the business has gone.

The henpecked husband who always had to go out in the backyard to smoke now has to go out in the backyard to get a breath of fresh air.

An employer says that labor won't be satisfied long with the five-day week. What the workers will eventually ask for is the five-day week end.

If you don't think the employment situation is looking up, just think of the thousands of deserving Democrats who are expecting jobs after March 4.

The French are perfectly willing to cut down armaments if they can get Uncle Sam to agree to protect them in case of trouble.

Another thing which seems to be harder than leading a camel through the eye of a needle is to balance the budget—and that goes for either the national or the family budget.

It's such a relief to get politics off the radio that we shall even enjoy hearing an old-fashioned crooner once more.—Kansas City Star.

It is said that the corn husks are tighter than ever this year and we have noticed that the same thing is true of the banks. All of which indicates a cold winter.

We see by the papers that it is estimated 51 per cent of the colored voters cast their ballots for the emocratic ticket this year. We are waiting for the resounding cheers from Mississippi and Arkansas.

Do you ever long for the good old days when the young man who drove down main street in a rubber tired rig, cracking his whip, was regarded as a devil?

Low Round Trip Fares

VIA L&N FOR

CHRISTMAS HOLIDAYS

The Louisville & Nashville Railroad offers very Low Round Trip Fares between all points on its lines, and to many points on other railroads throughout the United States.

Tickets good in Pullman cars on payment of Pullman charges
Half fare for children of 5 and under 12 years of age

For particulars as to fares, selling dates, limits, train schedules etc., consult L. & N. Ticket Agent

TRAVEL BY TRAIN — SAFE — COMFORTABLE

SAVE MONEY

Haircuts 15c; shave 10c; tonic 15c; at my residence two miles south of Clanton, on the highway. Open for business every afternoon and night, except closing at one hour before sunset on Friday (due to my religious beliefs) and open for business again at sunset on Saturday. I have five years experience in this line, and I will give you good work.

Joe B. Downs

CLANTON CHURCH OF CHRIST

10 a.m.—Bible study, classes for all.
11 a.m.—Preaching.
11:45 a.m.—Communion and Fellowship.

Sunday night 7 o'clock, preaching, subject, "Three States of Man." This is a special subject which the speaker has diligently studied. The scriptures answer the following questions: (1), Where are the righteous in death? (1 Where are the wicked in death? (3) Do their bodies and souls both sleep in the grave, or just their bodies? (4) Are the spirits of the dead conscious? (5) Do the people go to their final reward at death? (6) Why does God save some and not others?

I am sure you will be interested and profited if you will come and listen for yourself. This subject will be illustrated by a chart.

Church of Christ

In the Bible the word "church" is translated from the Greek word "Ecclesia", which means an "assembly" or "called out" or "called together." The word crowd expresses in English about the same meaning as the word "church" in its original meaning in the Bible. So the expression "Church of Christ" means those called together by Christ, or "the people of the Lord" called out from the service of sin unto the service of righteousness.

Christ died for the church, "that He might sanctify and cleanse it with the washing of water by the word." Eph. 5:25-26. He is the author of eternal salvation unto all them that obey him. Heb. 5:9. They are His body, Eph. 1:22:23; Eph. 5:23.

There are various expressions in the new Testament that refer to the church as the "Kingdom of Heaven," "Church of the First Born," Heb. 12: 23, "Church of God," I Cor. 1:1; "Church of the Living God," I Tim. 3:15; "All the membres of that one body, being many, are one body; so also is Christ," I Cor. 12:12.

There are other Bible expressions that refer to the same one body over which Christ is the head and of which He is the bride groom. In the eyes of the Lord there are only two classes of people on earth, so far as salvation is concerned, and they are the saved and the unsaved. The saved or the responsible class of humanity the Lord counts as His Church, His body, His bride, and they should gladly acknowledge His name.

Now, of course, what the Lord requires us to do to be saved, He requires us to do the same thing to be members of " His body," and the same process He requires of us to do to be saved will make us members of His church. The Lord adds to the church such as should be saved, Acts 2:47. They are those who obey Him, sincerely.—R. L. Huffman. (To be continued.)

How Doctors Treat Colds and Coughs

To break up a cold overnight and relieve the congestion that makes you cough, thousands of physicians are now recommending Calotabs, the nauseless calomel compound tablets that give you the effects of calomel and salts without the unpleasant effects of either.

One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish,—no danger.

Calotabs are sold in 10c and 35c packages at drug stores. (Adv)

FRUITS For Christmas

Dear Friend: Wherever you are, I have a message for you. I know you will buy some fruit for your folks at Christmas time. Before you buy it, I want to see you. I have loads and loads of the finest apples and oranges, and the price is so low you can afford to buy as much as you need.

University News

University, Ala., Dec., 12.—Mr. and Mrs. Wilbur E. Matthews of Terre Haute, Indiana, announce the engagement of their daughter, Camilla, to Dr. Edgar L. Morphet of the University of Alabama, the wedding to be an event of December 19th.

From the standpoint of the number of people affected with hay fever ranks first among the non-fatal diseases, Dr. Ralph McBurney, professor of bacteriology, Universtiy of Alabama, says. Many hay fever sufferers develop asthma, and tendency toward asthma and hay fever is an inherited one.

Dr. James J. Doster, dean of the education college addressed Kappa Delta Pi and Phi Delta Kappa scholastic education fraternities Wednesday evening, December 14, at a Christmas program.

Christmas holidays will begin December 17 at noon. All students are expected to be ready for work at 8 a.m. Monday, January 2. Mid-term examinations are scheduled to begin January 11.

A Sponsor Day parade was held at noon December 14. Sponsors of the companies and the new honorary cadet colonel and lieutenant colonels were presented to the brigade for the first time this year.

"I would rather have the record of this trip and what it means to Southern football than to have won a Southern Conference championship any day," said George H. Denny, of the University, to the members of the coaching staff and team of the Crimson Tide, upon its return from San Francisco Wednesday. The Tide defeated St. Mary 6 to 0.

Dr. Stewart Lloyd has returned from Washington where he attended the American Institute of Chemical Engineers. He is dean of the school of chemistry.

Friends of Miss Margaret Kendrick will be sorry to know she is confined to her room with flu.

Lesson for December 18

REVIEW: CHRISTIAN STANDARDS OF LIFE

GOLDEN TEXT—And he said to them all, If any man will come after me, let him deny himself, and take up his cross daily, and follow me.—Luke 9:23.

PRIMARY TOPIC—A Holiday with Jesus.

JUNIOR TOPIC—How God Orders Us to Live.

INTERMEDIATE AND SENIOR TOPIC—Following Christ in Everything.

YOUNG PEOPLE AND ADULT TOPIC—Ideals of the True Christian.

The best method of review for young people and adults will be to discover the principal teaching of each lesson. This teaching may be set forth as a kind of a motto for the life. A good plan will be to make assignments to the members of the class a week in advance. The passages of Scripture are so diversified that a great variety of opinions will doubtless be obtained. The following suggestions are offered:

Lesson for October 2.

The Christian's growth is by means of his devotional life. His understanding and heart-life should be symmetrically developed. Bible study and prayer go hand in hand. The neglect of either means stunted growth.

Lesson for October 9.

The look into the Bethany home is not to see how Jesus behaved therein, but to see the behavior of the members of that home. The most important lesson is that we should sit at Jesus' feet in the days when all is well, that in the time of sickness and death we, like Mary, may know how to act. We should choose that good part which cannot be taken away.

Lesson for October 16.

The child of today will be the homemaker of tomorrow. It is most important that children be trained for God by instruction in God's Word.

Lesson for October 23.

The divine unit of society is the home. The welfare of its members depends upon their being united to serve the Lord. This union includes the father, the mother, and the children.

Lesson for October 30.

The believer is a citizen as well as a Christian. The instructed Christian will be loyal to the state as well as to the church.

Lesson for November 6.

World peace will come, not through conferences, leagues, and understandings, but through the appearing of the Prince of Peace and the establishment of the Messianic Kingdom. Only then will the "Will of God be done on earth as it is in heaven."

Lesson for November 13.

The all-important thing in life is not making a living but a life. Man's thought and effort should be to shape his life for the life which is to come and not to accumulate the things of the earth which must be left behind at death.

Lesson for November 20.

Wealth is from God. The natural resources from which wealth is gained were prepared by God. Even the ability to seize them and transform them into useful commodities is from God. Every believer should regularly and systematically give of his possessions to God.

Lesson for November 27.

Stewardship of life means the recognition that our very being with all its faculties and powers is a gift of God and that our powers were given for a definite purpose and that God will hold us responsible for their use.

Lesson for December 4.

In order to live in peace with members of other races, one must realize that God has made of one blood all the nations of the earth. In this light, racial supremacy will vanish.

Lesson for December 11.

The Christian's leisure time should be given to hearing the Word of God and to doing good in Christ's name.

His Dying Eyes

"His orderly found him alone and dying. The officer asked the soldier if he thought he could say a prayer. "That isn't in my line, sir," said the man; and then, with a sudden thought, he said, "But I have got a little cross my mother gave me; will that help you, sir?" The officer took the cross, and lifting it before him, murmured, "Hold Thou thy cross before my dying eyes," and died."

Blessings

In every duty every happiness, God sends us some sacrifice—some offering is required. If he sends riches, they are weighted with responsibilities; if he sends loving parents, they will need care and gratitude when the trail of old age draws on; if he sends unbroken, unclouded days of happiness, there is the gift of sympathy for others not so blessed.

Personal Service

Many young people are stingy in the giving of personal service, either to the society or to the church. They are willing, perhaps, to do the easy and pleasant things but reluctant to undertake tasks that require time and thought and effort. What Sunday school is not in need of young men for teachers of the boys' classes? To teach such a class demands study and interest in the boys and work in their behalf.

Judge and Mrs. L. H. Reynolds visited in Birmingham Tuesday.

Foursquare Church

(F. E. Clements) Pastor

Life's purposes:
The service of God, Jos. 24:15.
Seeking God's Kingdom, Matt. 6:33.
Doing the Father's Will, John 4:34.
Finishing the Divine Task, John 17:4.
Completing the Course Joyfully, Acts 20:24.
Attaining Christlikeness, Phil. 3:13-14.

Sunday evening, special illustrated message, "Condemned."

Services for the week:
Sunday, all day for the Lord.
9:45 a.m., Sunday school, a class for all.
11:00 a.m., Morning worship.
6:30 p.m. Evangelistic service.
Wednesday, 2:30 p.m., Dorcas society.
Wednesday 6:30 p.m.; Mid-week service.
Friday, 7:00 p.m. Crusaders.
Saturday, 2:30 p.m., Children's church.

WILLIAM GERALD PRATT

On the morning of October 14, 1932, the spirit of little William Gerald Pratt winged its way from earth, and was transplanted in heaven. The next day, his tender body was laid to rest, and to awajt the resurrection morn, in the cemetery at Shady Grove Methodist Protestant church, near Verbena, Chilton County, Alabama. The funeral service was conducted by the writer, with the Reverend P. A. Lynch of Clanton, assisting.

Gerald died at a Birmingham hospital, after a very brief illness. All that was possible in human effort and prayer was done for his recovery, but the supreme power ruled otherwise. Mortal beings cannot understand the Father's desires. Perhaps God needed just such a bright, happy little spirit in heaven, and called Gerald for the place. To be sure, God needs both the "flowers and the bearded grain."

William Gerald was born December 28, 1927, at Newport, N. C., the son of Rev. and Mrs. W. G. Pratt, of the Eastern North Carolina Conference M. E. Church South. He leaves besides his parents, a sister, eight years of age, his grand parents, and many other relatives in Chilton County. His sickness and death came while residing temporarily with his grandparents, Mr. and Mrs. Jones, near Verbena.

To the grief stricken parents and relatives, we extend our love and sympathy, and pray the blessings of our Holy Father upon each and all.—J. M. Metcalf.

CARD OF THANKS

Editor Union-Banner:

Will you please let us say a few words to our friends and neighbors in regard to our trouble during our dear wife and mother's illness and death? We want to thank all of you for your help and kindness. We shall never feel that we have you repaid.

And to both the doctor Johnsons. They were so good to come. We shall never forget you. May God's mercy and blessings rest upon you all forever. Also to Mr. Martin, the undertaker. He was so nice and kind to us.—C. C. Vinson and Children.

Mr. and Mrs. Gaston Robinson, of Montomery, spent Sunday here with Mr. and Mrs. W. E. Huddleston.

Mr. and Mrs. Bill Barnett, Mr. and Mrs. Pat Harton, and Mr. Tandy G. Flynn, of Montgomery, spent the past week end in Clanton as the guests of Mr. and Mrs. W. M. Wyatt.

TIME COUNTS

when you're in PAIN!

Insist on genuine *Bayer* Aspirin; not only for its safety, but its *speed*.

Take a tablet of Bayer Aspirin and some other tablet, and drop them in water. Then watch the Bayer tablet dissolve—rapidly and completely. See how long it takes to melt down the other.

That's an easy way to test the value of "bargain" preparations. It's a far better way than testing them in your stomach!

Bayer Aspirin offers safe and speedy relief of headaches, colds, a sore throat, neuralgia, neuritis, lumbago, rheumatism, or periodic pain. It contains no coarse, irritating particles or impurities.

WANTED MORE SYRUP

We want to buy 500 gallons of Sorghum Syrup in half gallon cans and 1,000 bushels of Corn, Shelled.

Clanton Building Supply Co.

DAT BLOOMIN PREACHER

All Ah know is Whut de Bible say Bout Hit.

De tex fur today is in Acts 2:3-4, "And there appeared unto them cloven tongues like as of fire, and it sat upon each of them. And they were all filled with the Holy Ghost, and began to speak with other tongues, as the spirit gave them utterance."

De subject dat I want to discuss here is, "Witnesses." It seems fum de readin ob de old Bible dat God recognised de fact dat when a man brung forward as many as two witnesses he established his case, or in other words, if he could produce as many as two men who were willing to testify in his behalf, he won his case. I might bring to your attention several scripture texts to prove this in de old Testament, but I think the following will suffice.

In de 21st chapter of 1st Kings we read dat, Ahab, de king ob Samaria, wanted Naboth's vineyard, and when Naboth wouldn't sell it to him, he went home and fell down across his bed and when Jezebel, his wife, was told about it she said to the king, "I will give thee the vineyard of Naboth." Then she wrote letters in Ahab's name and sealed them with his seal and sent them to the nobles that were in his city, saying in the letters, "Proclaim a fast and set Naboth on high among the people, and set two men, sons of Belial, before him, saying, "Thou didst blaspheme God and the king." And then carry him out, and stone him that he may die.

And after it was all accomplished she told the king to go and possess Naboth's vineyard. I don't mean to say here that God approved ob the act at all, for He did not, as the balance ob the chapter shows. All I wish to show is that God recognised a custom among the Jews.

Now we will go to the New Testament, and we will find Jesus recognising the same custom, Matthew 18:16, "But if he will not hear thee, then take with thee one or two more, that in the mouth of two or three witnesses every word may be established.". Here we find the two witnesses custom still holding good. And I wish to say just here that when one comes to our church and asks to be admitted to membership without a letter of recommendation, they are, or should be required to produce at least two witnesses who can say that he had been baptized, an had held membership in a church. Some churches are so careless along these lines that it would be possible for some one to get into its membership without baptism.

Another great error ob some churches is to receive into their fellowship someone who has bin withdrawn from by some other church. They should be required to go to the church that withdrew from them, and make satisfaction with them, and then procure a letter. Now, lets get to the text.

We find in the 3rd verse dat cloven tongues lak fire sat on each ob them. If you will look in yoah dictionary, you will fin dat de word "cloven" means divided into two parts. So we may believe dat these tongues ob fire were forked, or in two parts. Now you will sholy gree wid me dat dis wuz a verry important occasion, fur it wuz de fust time dat de Holy Spirit manifested Hisself to men, an ob course, God, de father, wuz not gwyn to leave Hisself widout at least two witnesses fur each man, so the two tongues ob fire wuz dar as God's witnesses. Still, some ob de people what could see de witness, an hear de words ob these men, sed dat they wuz drunk.

I have thought lots ob times, as I would read dis chapter, dat I would hab been glad to be dar on dat day, an saw these flaming witnesses as da burned an shined, as da set on those men ob God. Now, some people calls this de "unknown tongue", an as I see it, dar wuzent no unknown tongue bout it cause all ob dem people fum other countries whut spoke a difrunt language fum de men what wuz preachin, heard every man in de tongue wherein he wuz born.

So all dat happened wuz dat God give de preachers power to preach in de language ob de difrunt people whut wuz present, so they could understand an also dat they could take back to their homes de Gospel ob de son ob God. I believe dat wuz de sole reason fur dis great manifestation ob de power ob God.

I want to say right here that we, as ur church people, sho do need ur fresh outporin ob God's spirit. An I believe dat if we would jes put our selves in de rite shape tur receive it, God would send ur great revival upon us. An I am prayin to Him evy day fur jest sich a time. How bad we do need ur baptism ob de spirit! Brudders an sisters, less all pray fur ur great revival an ur great manifestation ob de spirit.

We has got people rite here in dis country now whut claims tur talk in an unknown tongue, an fur be it from me tur dispute dat claim, cause I dont know whut God has put into de heart ob men, but all dat I ever heard speak never did say nothin. I has axed other people if they understiod them an da sed no. So I has cum to de conclusion dar is somethin lakin bout it. An atter studyin de question real hard, I has decided dat de thing dat is lakin is them two witnesses.

Now if they will produce dem two little tongues ob fire an hab it settin on da hed or shoulder or some where else bout um, den I will feel more lak it is ur manifestation ob de power ob God. I would lak to talk more bout dis subject, but I cant now, so I will close. May de Lord bless you all.—Elder Blossom.

JOE B. DOWNS FINDS BUSINESS BETTER THAN HE EXPECTED

Joe Ben Downs, who announced last week that he will run his barber business at his home two miles south of Clanton, says he has found more business than he expected. Due to this fact, he makes the announcement this week that he will be open for business every afternoon and night; except he will not work on Saturday. He will close his shop at sunset on Fridays and open again at sunset on Saturdays. Mr. Downs is an experienced barber, and guarantees to do as good work as anybody. And he will appreciate your patronage.

SEVEN EARS IN ONE

General Easterling of Walnut Creek community brought to the Union-Banner office Saturday an ear of corn—or rather seven ears of corn all grown together, which he wished placed on exhibit. They were all grown under the same shuck. One common size ear was in the center and the other six small ones were clustered all around the large one. Mr. Easterling said that he had never seen such an ear of corn before.

BAKER SCHOOL

The P.-T. A. meeting will be postponed until Friday week, December 23. Our school will render a Christmas program.

The Jr. II and Jr. III girls are working very hard on a school hope chest. Chances will be sold when it is completed.

The Jr. III class met Tuesday and elected new officers. They are as follows: president, Margaret Maddox; vice president, Soverign Dickey; secretary and treasurer, Pauline Sisk.

The Jr. III class is glad to have Margaret Maddox, former student of Autauga County High School, back with them for the remainder of the term.

The Jr. High girls are very proud to have their new basketball goals, and they are getting their suits ready for use.

Miss Lucile Carroll spent Wednesday night of last week with Miss Lois Culp.

We are very sorry to learn of the illness of one of our bus drivers, Mr. T. J. Headley, but glad to know that he is better at this writing.

Our basketball team went to Cooper last Friday afternoon and played the boys of that school. The game was unusually interesting, especially in the first half. At the end of the first period the score was 0 to 0. At the end of the first half the score was 1 to 0 for Baker. In the last half the Baker boys made 8 more points, while their opponents were still unable to score. The game ended 9 to 0 in favor of Baker.

Next Friday we are expecting both the boys and girls of Cooper as our guests. We feel sure that there will be two good games played then. We also feel that both teams, boys and girls, will put up a tough fight.

BLOSSOM BRIGADE NO MORE

Dear Editor:

Some time ago I started in to organize the children of this county into a club to combat a growing habit of speaking evil of others, and since only seventeen have sent in their names, I have decided to call it off. I will say to those who joined, I thank you for the interest you have shown, also I wish to thank the Banner for their cooperation.—Yours, Elder Blossom.

REV. W. D. HUBBARD DIED

Dr. William David Hubbard was stricken at his home in Birmingham, Ala., on August 9th, 1932, was removed to St. Vincent's Hospital at once, but did not rally, and passed away on August 11th. Funeral services were conducted in LaFayette, Ala., on Friday, August 12th, by Dr. L. O. Dawson, of Birmingham. Judge W. B. Loving, of Birmingham, aso took part in the services.

He leaves a widow, who was Miss Carolina Phillips, of Raleigh, N. C., and two daughters, Mrs. R. L. Reynolds, of Atlanta, Ga., and Mrs. J. A. Westcott, of Birmingham.

Dr. Hubbard was a native of Alabama, born in Chilton County. He had held many important pastorates in Alabama and other States, among these being Greenville, Eufaula, Troy, Huntsvile and LaFayette, Ala., and Raleigh, N. C., and also was connected with the State Mission Board of Alabama. He had lived in Birmingham for the past four years.

He was known to his many friends as a man of deep convictions, a lover of man, a lover of learning, and his passing has brought deep sorrow to his many friends throughout the South.—W. M. Murray.

ARRESTS SINCE FIRST OF MONTH

The following arrests are shown on Sheriff Gillespie's jail register for the period from December 1 up to December 13:

Two for possession of a still; five for violating prohibition law; two for driving car while intoxicated; two on bench warrants from the Circuit Court; two for carrying concealed weapon; one for public drunkenness; one for assault and battery; one for non-support; one for driving without license tag; one for unlawfully presenting firearms; one for abusive language.

Not included in the above are several cases of arrests in which the parties were released on bond.

The jail register Tuesday night showed 21 prisoners in confinement.

ALABAMA COLLEGE GLEE CLUB TO APPEAR IN CLANTON SOON

The people in Clanton and surroundings have a real treat in store for them next Sunday night, when the Alabama College Glee Club of Montevallo will present a Christmas pageant at the Methodist church here.

The program will take the place of the regular preaching hour, which is seven o'clock. Dr. LeBarron, head of the music department of Alabama College will render several selections on the pipe organ at the church. Dr. LeBarron is widely known for his knowledge of music and ability along these lines. His part on the program will be greatly enjoyed.

The Pageant to be presented in Clanton Sunday night, has been presented in Birmingham and was broadcast over station WAPI, receiving wide applause. The cast consists of twenty-five characters, all well trained and with exceptionally trained voices for their respective parts on the program. There will be no charge for admission, and the public is invited. Miss Marguerite Moore is manager of the Glee Club.

Clanton and vicinity is very fortunate in having this program brought here, as it is not often that the people here have the opportunity to hear such a program.

CLYDE MIMS WITH TAYLOR GROCERY CO.

Mr. Clyde Mims, who for several years past has been with J. L. Ruffin, at the Purina Store, has accepted a position with the Taylor Wholesale Grocery Company, of Clanton. The position of Mr. Mims at Ruffin's is now being filled by his brother, Willie Mims.

Mr. J. L. Teel has been sick with flu for some days past.

Lump Pitts is recovering from an illness of several days with scarlet fever.

THREE-ACT MUSICAL COMEDY TO BE PRESENTED BY GLEE CLUB

The Glee Club of the Chilton County High school announces that on Friday night, December 16th, they will present a three-act musical comedy at the high school auditorium in Clanton.

The program begins promptly at seven-thirty o'clock, and is under the efficient direction of Miss Mary Ellis of Clanton. Full of popular songs and music, with each character being well trained to take their respective parts, this entertainment promises to be something unusual for the people of this section.

It is a story of a gypsy boy, Bob, played by Floy Devaughn. After two years, he becomes the heir of an English estate, and while a gypsy, falls in love with Lady Constance, played by Miss Hilda Hart, who is engaged to Lord Craven, played by Dan Smith. A series of very humorous complications follow these incidents.

Those attending this are assured of two hours of pleasing music and gobs of mirth, along with many moments of surprises. Remember the date and time—Friday night, December 16th at seven-thirty o'clock.

L. P. DUNCAN BURIED AT MAPLESVILLE TUESDAY

Mr. L. P. Duncan, age 32 years, died at a hospital in Spartanburg, S. C., last Saturday. The body was shipped to Maplesville and buried by Martin Tuesday afternoon. The funeral was conducted by Rev. Paul Oden. Pallbearers were Mack Broadhead, Emmett Shanks, Dr. H. M. Nix, John Maples, J. E. Dennis, J. P. Payne.

Mr. Duncan was the son-in-law of Mr. John W. Foshee. Mrs. Duncan died thirteen months ago from injuries sustained in an automobile accident. Mr. Duncan was injured in the same accident, from which he never fully recovered. On account of his weakened physical condition he contracted pneumonia a few days ago, from which he died.

Surviving Mr. Duncan are his mother; twin daughters, Vivian and Virginia, 8 years old; three sisters and two brothers.

Mr. Duncan was superintendent of a number of cotton mills in Spartanburg.

East View News

NOTICE!

Play at East View Thursday night, December 15. Presented by the ladies aid society. The name of the play is "First Aid From Ladies Aid." There will also be string music. Admission 10 cents. Proceeds to go for the benefit of church. Lots of laughs, don't miss it!

Mr. O. P. Henson, who has been sick with flu, is reported to be much improved.

Miss Gulma Traywick spent last week in Montgomery visiting her sister, Mrs. H. Williams.

There are some new comers into our community. We welcome them into our midst and invite them to attend church and worship with us.

Mr. Lee Nelson, who has moved to Elmore County, was visiting friends here this week.

The year 1932 will soon be gone and much needed work for the Master will still be undone because of neglect and hard times. However, we have the faithful few who may be depended on for everything. We have a band of women who are doing a wonderful work for the church. They are constantly doing things for the church and the kingdom. They raised $22 of the $25.00 paid by this church for missions in 1932. They plan a new piano for the church in 1933.

We also have the faithful men who never give up, even the depression cannot stop them. They have built a new parsonage for the pastor in 1932. "Let your light so shine."

A BLADDER PHYSIC

Is a medicine that works on the bladder as castor oil on the bowels. Drives out impurities and excess acids that cause irritation which results in getting up nights, frequent desire, burning, leg pains and backache. Get a 25c test box of BU-KETS (5 gr. Tablets) the pleasant bladder physic from any druggist. After four days if not relieved go back and get your money. You will feel better after this cleansing and you get your regular sleep.

Alred Drug Company and Upchurch Drug Company says Bukets is a best seller.

MRS. MAGGIE M. HARDY DIED LAST SUNDAY AFTERNOON

Mrs. Maggie M. Hardy, age 52 years, died last Sunday afternoon at her home in Clanton. Funeral services were conducted by Rev. S. J. Ezell Tuesday at Clanton Baptist Church. The remains were carried by Spigener to the old home in Coosa County, and buried at Fish Pond cemetery Tuesday afternoon. Pallbearers were members of the Clanton Fire Department, as follows, Paul Marcus, Eddie Wyatt, Red Wagoner, Doodle Gore, Luther Culpepper, Ress Driver, Jean Gore; and Chester Wingard.

Mrs. Hardy is survived by her husband, Mr. J. R. Hardy, chief of police of Clanton; three sons, Marshall, of Birmingham, Harris of Clanton, and Johnnie of Montevallo; two daughters, Mrs. P. N. Davis of Rockford, and Miss Maryland Hardy of Clanton. The late A. C. Harris, of Alexander City, was the father of Mrs. Hardy.

Commissioners Tie

(Continued from Front Page)

be due to the County of Montgomery from the State of Alabama on allotment of such federal aid funds so deducted. It being understood and agreed that should the Federal government make the relief funds free to Alabama and not require that they be repaid then the funds advanced and covered by this note are not to be paid to the state, but if the Federal government or the Reconstruction Finance Corporation collect the funds borrowed by Alabama by deducting them from the federal aid due Alabama, then the money evidenced by this obligation is to be deducted from the portion Montgomery County would have received from such federal aid, or from any federal aid funds which Alabama may receive during the years 1935, 1936, 1937, 1938, 1939, or any of them.

"Now if Chilton County were to obtain money for our unemployed, from the Reconstruction Finance Corporation, we would only have to sign the same contract as Montgomery County signed. From the wording of the contract it is clear to my mind that (if this money would not be a gift to Chilton County in the end) the only obligation the county would incur would be to agree that the Federal government could deduct from any appropriation the amount due on this contract in 1935, 1936, 1937, 1938, and 1939 from any other appropriation the Federal government would make to Chilton County during those years.

"I believe every person who reads this contract, which Chilton County would have to sign to borrow relief money, will agree that it does not bind Chilton County to pay one dollar of it back. I may be mistaken when I think Chilton County has people who need this relief money; but it is my opinion that we have many unemployed people willing to work for their living, who will suffer this winter for the actual necessities to sustain life and keep them comfortable and warm.

"I believe Chilton County could extend a measure of help to these needy and unfortunate people, if we would borrow this $50,000 from the Reconstruction Finance Corporation. That is why I have worked very hard trying to get the case worked up so we could secure the money.

"During this winter I hope everybody who has corn, meat, syrup, etc., to spare will give the hungry people of our county as much work as possible. I am sure the Commissioners Court will furnish all the employment they can with the means they have."—L. H. REYNOLDS.

LEGION POST WILL NOT BE ORGANIZED AT THORSBY

Editor Union-Banner:

Kindly print this notice, as I wish to inform all veterans that it has been decided that we can't get enough veterans to organize a Legion Post at Thorsby at this time; so I urge every veteran in Chilton County to join the American Legion Post at Clanton. If you possibly can scrape up the amount of dues join, the Legion needs your membership. I realize that times are hard and money is hard to get hold of, but the Economy League in Washington is taking advantage of this, and trying to get Congress to change and defeat veterans' benefits, and if we expect to hold our own we must keep up our membership in our organization.

Be at the meeting in Clanton the first Monday night in January, 1933. The Thorsby String Band will be there. Come prepared to join. We need the American Legion, the American Legion needs us.—Yours truly, Grover A. Bice.

JEMISON NEWS

Miss Mackey Ard of Alabama College was the week end guest of Miss Dody Wells.

Mr. Hugh Shaw, who is a student at the University of Alabama, was the guest of his parents this week end, Mr. and Mrs. C. N. Shaw. Mr. Chester Perry and Howard Leary of Boston, Mass., accompanied him.

A very interesting ball game was played at Calera Saturday night. The boys from Jemison played Montevallo. The score was 23 and 19 in favor of Montevallo.

Miss Isabell Messer, a primary teacher of Jemison High School, went to her home in Verbena this week end.

The P.-T. A. of Jemison High School adopted the following resolution:

Whereas, the Hon. Judge Reynolds and his Court of Commissioners have shown favorable consideration of the school situation,

Be it resolved, that, we extend to them our appreciation of their interest and urge that they submit to the people a referendum at an early date and,

Be it resolved, that we heartily endorse Judge Reynolds' program for relief work.—Signed, Nora B. Wells, president; Miriam Harvey, acting secretary.

COTTON GINNING REPORT

There were 11,772 bales of cotton, counting round as half bales, ginned in Chilton County, from the crop of 1932 prior to December 1, 1932, as compared with 19,321 bales ginned to December 1, 1931.

The above report is given out by the Department of Commerce, bureau of census, Washington, D. C.

ENTERPRISE NEWS

The pupils of the Jr. III class have organized a class club. They expect to put on an interesting program every Monday afternoon. The club rendered its first program Monday afternoon and it was enjoyed by all.

The Jr. II and III classes are planning to put on a Christmas program on Friday afternoon before the closing of school for the Christmas holidays. They also are going to have a Christmas box and some music.

The Enterprise basketball team played a very interesting game with the Thomas Jr. team Friday afternoon, December 9, on Thomas Jr.'s court. Both teams did some splendid playing. The final score was 17 to 10 in favor of Enterprise.

The girls of the basketball team are making a quilt, which they hope to finish in the near future. They expect to raffle the quilt and buy basketball suits.

Dr. Lamar Calloway has finished his medical college course in Philadelphia and at Duke University. He is at home for a few weeks with his parents, Mr. and Mrs. L. A. Calloway, in Clanton. He will return to Philadelphia after Christmas.

"THE ANTICS OF ANDREW"

Three act comedy farce. See Arthur Burnette and Chester Wingard disguised as Ed Mullins's wife and mother-in-law.

Characters: Petunia, Andrew's darkey cook, Vera Jones; Andrew, a senior at Cameron college, Ed Mullins; Jacques, his French butler and valet, John Ezell; Willie Waldo, his pal, Arthur Burnette; Harold Hadley, another pal, Chester Wingard; Althea Thorne, Miss Prunela's nieces, Gladys Williams; Julie Boynton, Harold's sweetheart, Bernice Williams; Betty Boynton, Willie's sweetheart, Carrie Foshee; Dean Socrates Boynton, Dean of Cameron College, J. B. Varnell; Isaac Zimmerman (Uncle Isaac) Andrew's millionaire uncle from New Zealand, Reece Mullins; Miss Prunella Thorne, a maiden in love with the dean, Ruth Sessions; O'Flarity, a prohibition officer, John Ponder Lawrence, Jr.; Royle, his shadow, Mose Simpson; Reverend Doolittle, a mystery man, Sam Martin.

Plenty of fun throughout the entire play. Andrew is all the time getting into some terrible antics. See the way he has planned to escape them and still get the weekly allowance his rich uncle sends to him.

Opening!

Next Saturday

Next Saturday, December 17, I will open my Filling Station for service to the public.

On that day I will give FREE one quart of motor oil with each purchase of five gallons of BEAR CAT GASOLINE. My place is located on the Selma Highway, two blocks west of the Presbyterian Church.

I am prepared to give first-class service, and will sell Bear Cat Gasoline, the cheapest and best motor fuel for the money, in this territory.

SALES TAX URGED TO AID SCHOOLS

Beebee Says This Is Only Means to Provide Quick Money

Montgomery, Ala., Dec. 16.—Declaring that the people of the state are unanimous in a desire to keep the schools running, Representative W. C. Beebe, of Baldwin County, an administration leader during the special session of the legislature, said here that he believed a sales tax held the only hope for "quick money" to save the schools.

"The opposition might storm the doors of the legislature and riot like they did in Mississippi," Representative Beebe declared, "but I am firmly convinced that the legislature, if it meets again, will pass a sales tax. That is the only method I see to get quick money and save the schools of the state."

He said if such a tax were levied the money should be used first to pay the state's debt and when this was paid, ad valorem taxes should be wiped from the state's statute books and the revenues derived used to replace them.

Representative Beebe also expressed the belief that the state should levy an nicome tax but declared he did not believe the people of Alabama will ever vote for a bond issue to pay the debts.

Pointing out that there are more than 700,000 school children in the state, Representative Beebe said if Gov. Miller intends to call the legislature back to help the schools he should make the announcement to prevent further closing of schools.

"I believe the legislature is ready to accept most any plan that will result in keeping the schools running. The pressure on the members back home is tremendous and it is getting stronger all the time." He said.

WILKINS-YEARGAN

The happy marriage of Mr. William Arthur Wilkins and Miss Lorine Yeargan was solemnized at the home of the bride Saturday afternoon at 3:00 o'clock. The ceremony was performed by Rev. W. P. Lowery of Thorsby. The ring ceremony was beautifully carried out.

The bride and groom were dressed for the street, the bride wearing a blue street dress of lovely silk and lace material. There were a large number of friends and elatives present. Following the ceremony the parents of the bride gave a very elaborate wedding supper. On Sunday, December 18th, Mr. and Mrs. C. L. Wilkins gave a delicious dinner with a number of friends and relatives present.

The many friends of both parties wish to extend their best wishes and good luck to the bride and groom.—A Friend.

HAYES-SUNDBERY

Miss Ophelia Hayes, charming daughter of Mr. and Mrs. J. J. Hayes, of the Mt. Pleasnt community, was married to Mr Hillie Sundbery, of Birmingham, last Tuesday, December 13th.

Miss Hayes was a popular member of the younger set of this community and throughout Chilton County. She will be greatly missed here by all, as they will make their future home in Ensley, Alabama, where Mr. Sundbery is employed by the T. C. I. of that place. Their many friends through out Chilton and Jefferson Counties wish them many happy, prosperous years together.

Some Will Celebrate Christmas Monday

While we have not made a complete survey of the town, it appears from the expressions of those interviewed that most of the business houses of Clanton will be closed next Monday, December 26, in celebration of Christmas Day which comes on Sunday.

The banks will be closed, and there will be no rural mail delivery next Monday. The A. & P. Food Store will be closed, according to their announcement in this issue of the paper. Reedie Taylor, of Chicago Sales Co., says his store will be closed.

Renfro Jones is our authority for the statement that his hardware store and that of Clanton Building Supply Co. will be closed, according to agreement between him and Mr. Rockett.

Leo Thompson of the Clanton Laundry says his place will be closed on Monday to allow his employees an opportunity to spend more time with their families and friends for Christmas.

GREEN RETHERFORD READY FOR BUSINESS

Mr. Green Retherford did not get his filling station open and ready for business last Saturday, as he expected. The weather was too bad for installing the equipment.

He says this week he is all set for next Saturday, and invites his friends to come by to see him. He has a special offer on tap for customers on opening day. Green's place is on the Selma Highway west of the Presbyterian church. He will handle Bear Cat Gasoline.

MRS. BALZORA WYATT DIED

Mrs. Balzora Wyatt, age 47 years, died at Central Alabama Hospital Wednesday, December 14. Funeral services were held at the Clanton Baptist church Thursday afternoon, conducted by Rev. S. J. Ezell. Burial was at Concord cemetery, Martin in charge.

Pallbearers at the funeral were Kin Vinson, Willie Jones, J. C. Jones, W. M. Wyatt, Macy Jones, and Dr. J. E. Edgar.

The deceased was the wife of Monroe Wyatt. She is survived by her husband and one son, Morris, about ten years old.

Other immediate relatives surviving are her mother, Mrs. Emma Patterson, widow of the late John W. Patterson; seven brothers, Edgar, Cleveland, William, Ulysses, Tommie, Dee and Dewey Patterson; three sisters, Mrs. Gusta Ray, Mrs. Beulah DuBose and Mrs. Lillia Jones.

Mrs. Wyatt was a native of Chilton County. She was born and reared at the old Patterson home place on Coosa River, near the mouth of Walnut Creek. About thirty years ago the Patterson family moved away from the river, settling on a farm near Poplar Springs. About that time Balzora was married to Monroe Wyatt.

They began life together on a farm two miles east of Clanton, where they lived successfully and happily for many years. They came to Clanton several years past when Mr. Wyatt engaged in the garage and gasoline business.

Throughout all her life, Mrs. Wyatt made many friends by her kindly disposition and her natural instinct to be a friend to everybody. She was a member of the Baptist church from early girlhood. At the time of her death she was a member of the Clanton Baptist church.

DO NOT FORGET THOSE IN NEED

A Christmas Message From Probate Judge L. H. Reynolds

Editor Union-Banner:

As Christmas approaches, we are impressed more with the distressed and unemployed people of our county and those who are not able to give the usual Christmas gifts and remembrances to their families.

I sincerely hope that the people of our county who have plenty to eat and the farmers who have a crib full of corn and meat in the smokehouse will not forget those in their neighborhood who will not even have the necessities of life, and there are many who will go to bed hungry unless their neighbors come to their aid.

We have no chest fund or any other means on hand to help the hungry people of our county, except the Red Cross has some flour, cloth and clothes in the county for the needy.

The Commissioners Court has employed Miss Virginia Denton for the present time as Child Welfare worker for the county and she will help look after the distressed and needy and do all within her power to bring assistance and aid to those who are worthy.

Many people are in sound health and though they may not have much money, yet they are neither cold nor hungry and we who are in a position to give even a little should do our very utmost to relieve hunger and suffering.

We have been taught that, "It is more blessed to give than receive" and I think this time, above all others, is the time we should put this scripture lesson into effect.

Wishing everyone a Merry Christmas and a Happy New Year, I am.—Yours very truly, L. H. Reynolds.

CHRISTMAS PROGRAM TO BE HELD AT LIBERTY HILL

There will be a Christmas program at Liberty Hill church next Sunday morning at 10:30, in charge of the Sunday school.

A number of special songs and recitations will be rendered by different members.

At eleven o'clock there will be a sermon by Rev. Albert Foshee. Everybody is invited to attend.

GOVERNOR MILLER CALLS FOR ANOTHER SPECIAL SESSION

Limits Legislative Scope to Revenue Measures, Including Sales Tax. Wants Income Tax and Bond Issue Resubmitted to the People, To Pay State's Debts

Call for an extraordinary session of the legislature to meet the financial emergency now facing the state of Alabama, was issued by Governor Miller Tuesday. It will convene at the capital at noon, Tuesday, January 31.

Submission to the people of an income tax amendment, and an amendment authorizing payment of the indebtedness of the state with interest-bearing bonds, warrants or notes; also adoption of a sales tax, are requested by the governor in his call, as necessary to cope with the existing situation.

He asks that the income tax amendment be so drawn as to levy such a tax for the calendar year 1933, and each year thereafter, the tax to become effective when the amendment is adopted. The sales tax is to be made effective upon its approval by the Governor. It will remain in effect until an income tax is adopted and yields sufficient revenue to make further collection of a sales tax unnecessary.

The governor has consistently opposed the principle of a general sales tax. He still does, but states in his call, that as a temporary measure to meet present needs, his personal opinion should be waived in order to meet the existing financial emergency.

Before setting out the legislation which he wishes adopted, the chief executive reviews briefly, details of the factors entering into the emergency which necessitates a special session. He recalls that current debts of the state have accumulated for years on account of appropriations exceeding revenues.

The depression is causing present revenues to decrease steadily he points out, so that it is impossible to meet the necessary expenses of government and retire any part of the current indebtedness which is placed at $20,000,000.

He points out also that the state is due to banks from which loans have been obtained a total of $4,305,731.05 — most of it for educational needs, and is unable to pay these and other current debts and the expense of government from current revenues.

Conditions as they are, he states, are forcing the closing of schools; adding that Alabama debts should be paid and the schools kept open.

His inclusion in his call of the levy of a sales tax as an emergency measure is prefaced by the reminder that if now adopted, an income tax cannot become operative within a year, and that revenue for present emergencies is required at once.—Montgomery Advertiser.

Well, Girls, Here Is Sad News For You; Some of You Will Have to be Left Out

Alabama women who want a husband should hasten to avail themselves of a leap year that is almost gone, for the men of this state are becoming scarce, figures on sex distribution in the 1932 statistical abstract of the U. S. reveal.

For each 100 women in Alabama, according to the abstract, there are only 98.8 men.

There is real cause for alarm if the trend of the last decade is continued, for women have outnumbered men in population increases. Ten years ago, Alabama's female populace was only 1,924 ahead of the males. Now, there are 14,266 more women.

Now if distant Wyoming, which has 123 men for each 100 women were not so remote, there might lie a solution for Alabama's excess feminine populace.

But nearby Georgie certainly would not welcome crusading women from Alabama, what with only 97 men for each 100 women. Mississippi, also would turn a frigid shoulder; as would Tennessee, with nearly an even apportionment of the sexes.

Alabama is one of only 10 states in the union with fewer males than females. Others are New Hampshire, Massachusetts, Rhode Island, Connecticut, North Carolina, South Carolina, Georgia, Tennessee and Louisiana.

District of Columbia has 90 men for each 100 women. That can be partially explained by the fact that many federal workers have temporary residence in the national capitol, leaving their spouses at home in other states.

The abstract also shows there are only 52 Chinese persons in Alabama, 44 being males. Indians numbered 237 females and 228 males. Only 9 Japanese females and 16 men of the same nationality are numbered in the Alabama populace. Mexicans number 69, 42 being women.

Foreign-born white men vastly outnumber women of that classification, there being 9,326 men and only 6,384 women.

Negro women greatly overshadow the negro male total for Alabama. There are 487,690 dusky females for only 457,144 negro males.

Alabama's total population, the abstract said, is 2,646, 248.

W. A. Reynolds Gives Views On Schools Etc.

A Plain and Practical Discussion of Roads, Highways, Schools, Taxes and Other Important Phases of Our Political and Economic Conditions in Alabama

Dear Editor:

If I were to say that we were in the midst of the greatest panic that has ever been known to the United States, it would not be news for many people. We are existing under a very much unbalanced economical system. There are some essential things that will have to be lowered or we will be ruined in a very short period of time, viz: High freight rates, high Alabama Power Company rates, organized labor, telephone rates, and last but not least, high taxes.

The Graves administration went into office in this state at the peak of high prices. Not being satisfied with the great amount of money coming into the treasury, he and his legislators saw fit to raise taxes to an enormous height, and then proceeded to spend it in the most extravagant and prodigal manner that any governor of this state has ever done. Building school houses on every hill, most of them half filled, tearing down bridges across streams that would probably have lasted another hundred years, and building instead bridges that cost hundreds of thousands of dollars. Sacrificing the interest of this great state to write his name more prominently in fame, giving every friend in the state a position as he had promised, to the detriment of good government, and spending this money in many other needless ways.

Governor Miller was fully aware of these conditions when he was a candidate for Governor of this state, but unfortunately for him he went into office at a time when the depression was fast descending upon us, when no man could make himself famous during these distressing times, but instead of pursuing the course of economy and reducing taxes, and cutting down expenses, he tried to carry on in the footsteps of his predecessor and worse still, heaped more tayes on the destitute taxpayer until it will not be much longer until the state will own the biggest majority of the farms in this state. If I should ask the question, who is responsible for our state being in this condition, the only answer would be, the governor and legislature. And every taxpayer in this state can truthfully say that they have not been represented, but woefully misrepresented.

The taxpayers by their vote have shown clearly that they do not want to be taxed any more although some of the friends of this administration would have you believe that these tax measures were voted down by the opposition to the Miller administration. I firmly believe if the taxpayers had an opportunity to vote on the $4,000,000 tax put on by the last legislature that it would meet the same fate that overwhelmed the bond issue. The uppermost things in the people's minds

(Continued to Back Page)

MEETING AGAINST REPEAL TO BE HELD AT SYLACAUGA SOON

The Alliance Against the Repeal of the Eighteenth Amendment, Inc., will hold its meeting for the Fourth Congressional District at the First Baptist Church, Slyacauga, Alabama, December 29th, 1932, at 10 o'clock a. m. The Fourth Congressional Distrist is composed of the following counties: Dallas, Chilton, Shelby, Talladega, Calhoun and Cleburne. All the prohibition forces of these counties are urged to be present to fight the return of the saloon.

CLAY MARCUS SELLING TRUCKS

Mr. Clay Marcus announces that he has formed a connection with the Clanton Tractor & Implement Company, of Clanton, whereby he will have charge of the sales of International Motor Trucks for this local concern.

Mr. Marcus is a man of several years experience in selling automobiles and trucks. He will be glad to show the International to any prospective in this territory.

The place of business of the Clanton Tractor & Implement Co., is located at the Maddox Warehouse at the junction of Selma Road with Birmingham Highway. They handle a complete line of McCormick-Derring International Harvester farm machines and implements.

RATHER LARGE RADISH

We've had large turnips, large potatoes, large gourds, and large everything brought to our office, but Mr. and Mrs. J. N. Ervin have contributed something really different. They brought to The Banner office Wednesday morning a radish weighing ten and one-half pounds; it was 17 inches in length and measured 19 and three-fourths inches in girth. The radish appears to be perfectly firm and sound. Mr. and Mrs. Ervin say that they have gathered several from their garden but none quite as large as the one brought to us.

J. N. Ervin is a prominent citizen of West Chilton. He lives in the Freeman school community, eight miles south-west of Jemison. We are glad to get this contribution from West Chilton as we have not had anything from there in quite a while.

SEEKING TO OUST ALA. GOVERNOR

Special Session For Impeachment of Miller Is Requested

Plans to have the Alabama legislature convene itself in special session, with impeachment of Gov. Miller to be included in the call, are under way in Alabama, according to W. B. Leedy, head of the Independent Democratic Voters Association.

Mr. Leedy said citizens of Lauderdale County are planning a mass meeting and will launch the movement there, with a similar meetnig to be held in Birmingham soon after the first of the year.

Mr. Leedy said it requires names of two thirds of the members of the legislature on a petition for a special session before that body can be convened without the governor's call. Such a petition will be put in circulation at the Lauderdale mass meeting, which will be at Florence.

Lauderdale citizens held a meeting last week when a resolution providing for the impeachment was adopted.

The resolution, adopted unanimously, urged an immediate investigation by a Montgomery Grand Jury of school fund affairs and of every state department.

Throughout Alabama school interests and Parent-Teacher Association are demanding that some way be found to keep the public schools open. They are offering to cooperate with individuals, associations and officials in any way possible to prevent closing of school house doors.

The latest to act are the teachers of Tallapoosa County and Piedmont P.-T. A.

SHORTY MINER AT HILL'S

The many friends of Mr. A. N. (Shorty) Miner, are glad to see him on the sales force at Hill's Grocery Store in Clanton. Mr. Miner is one of the most popular store clerks in the city, and his many friends and customers will be glad of the opportunity to trade with him at Hill's.

Mr. Lige Jones, who lives two miles north of Clanton, was stricken with paralysis Wednesday night, December 14th. Only his right side was affected; he is conscious. Mr. Jones is eighty-one years old.

Grover Harris, Jr., of the University of Alabama, is spending the Christmas season at home in Clanton.

SCHOOL HOUSES MIGHT BE USED

Attorney General Rules On Question of Private Schools

Attorney General Thomas E. Knight, of Alabama, has issued a ruling that public school buildings in Alabama may be used for conducting private schools, provided that the same does not interfere with the principal use of said school buildings.

The opinion was rendered in response to an inquiry from James C. Dixon, superintendent of the Elba Schools, and has been transmitted to all school authorities by State Superintendent, Harman.

Answering the inquiry of the Elba principal, Mr. Knight said: "I am of the opinion that public school buildings may be used for private school purposes, provided that the same does not interfere with the principal use of said school building, viz: the running of public schools.

"This may be done under and by virtue of authority of section 187, school code of 1927, which provides in part as follows: The board of school trustees shall have the power to authorize the use of the schoolhouse for such civic, social, recreational, and community gatherings as in its opinion do not interfere with the principal use of the said school building or property.

"Civic and social gatherings, as used in said section, is surely broad enough to include school purposes. The fact that a school may be a private school does not make it any the less a school purpose. The school is the main purpose, and the fact that a tuition fee is charged is merely incidental thereto."

The above information may be of considerable interest to people, in view of the fact that our schools are closed, and some localities may be interested in arranging for private schools at their schoolhouses.

CHRISTMAS PROGRAM AT CLANTON BAPTIST CHURCH

Beginning at 6 o'clock and continuing for over an hour, a very interesting Christmas program will be rendered at the Clanton Baptist church next Sunday. All departments of the Sunday school are being drilled this week, and it is expected that those who attend will greatly enjoy the various numbers.

MRS. MARTHA C. GIBSON

Mrs. Martha C. Gibson, age 67 years, died last Sunday morning at her home in the Pleasant Grove community west of Jemison. Burial was at Pleasnt Grove cemetery Monday, with Martin in charge.

Mrs. Gibson was the widow of the late W. M. Gibson.

Elizabeth Harris came home from school in Mobile this week to spend Christmas with her father, Mr. Grover C. Harris.

DR. BARSON HERE NEXT TUESDAY

Since most everything in Clanton will be closed next Monday, that day being taken as Christmas, Dr. S. A. Barson, the optometrist of Montgomery, will not be at the Exchange Hotel in Clanton as he usually is on the last Monday in each month, but instead he will be here on Tuesday following, which will be December 27.

Those who intend meeting Dr. Barson here this month for optical work will please bear this in mind. He will not be here Monday, but will be here Tuesday instead.

Dead Line Set For Paying Phone Fees

January 1st has been set as the dead-line on the payment of central fees to the Peoples Telephone Company; that is, after December 31st, no service will be given those who have not paid their fees. This order was duly passed by the Board of Directors in regular monthly meeting the first Monday in this month.

Phoneholders are allowed to pay $1 for four months serivce if they so desire this year; that will make the whole year cost $3. If it is paid all at once it will only be $2.50.

Directors on all lines are urged to speed up the payment of fees as much so as possible.

Dr. Arthur Johnson announces to his patrons and friends that he will leave in a few days for John Hopkins hospital to be treated for rheumatism. His office will be closed during his absence, and those wishing to pay on their accounts can pay Mrs. Johnson.

More People Ride On GOODYEAR Than Any Other Kind

GOODYEAR

AND

Dief's Service Station

appreciate the fact that it is the confidence of the public that has made Goodyear's widespread popularity. To every Goodyear friend everywhere we extend our hearty greetings for Christmas.

CABIN IN THE COTTON IS EPIC OF MODERN SOUTH

The most colorful and romantic portion of these United States is the least known and understood by the balance of the population. In proportion to its interest, the South is least exploited by those who could tell about it—all except Tin Pan Alley piano pounders and Mammy singers, who have their own peculiar version of it.

For the first time in years it receives an all-embracing exposition in Richard Barthelmess' starring picture for First National, "The Cabin in the Cotton," which comes to the Wadesonian Theatre Friday and Saturday, December 23rd and 24th.

The romance in this story is set against a background of cotton fields where the planter, the sharecropper, the negro and the "poor white" work out their lives and destinies. It is a land where old traditions and customs flourish side by side with modern machinery, jazz music and other manifestations of this modern age.

The original story by Harry Harrison Kroll was adapted for the screen by Paul Green author of more than forty plays about the South and winner of the Pulitzer Prize for this work. The direction is by Michael Curtiz, who was resopnsible for Richard Barthelmess' most recent success, "Alias The Doctor."

The cast of notables supporting the star includes Bette Davis, Dorothy Jordan, Henry Albright, Henry B. Walthall, David Landau, Dorothy Peterson, Benton Churchill, Tully Marshall, Clarence Muse, Edmund Breese and many others.

The Story

Marvin Blake, son of a poor landrenter, is striving for an education. On the death of his father, he is taken into the home of planter Norwood, there to pursue his studies, work in Norwood's store, keep books and be nice to his daughter, Madge, home from a northern school.

Drawing him to his own kind is Betty Wright, pretty, entirely sympathetic to his ideas on education and deeply in love with him. Repelling him from the land-renters is the fact that none of them strive to get out of the rut of shiftlessness and ignorance which makes them slaves to their planter masters.

On the other hand, he is drawn to the planters because of planter Norwood, who is kind to him, lets him live in his house, eat at his table, and dance with his daughter, who is half in love with him. They realize Marvin's attraction toward his own people and strive to hold him.

The shooting of a planter by a land-renter, sends Norwood and his kind off in pursuit of the killer. Marvin, who has followed them, witnesses the hanging of one of his own kind. As revenge, the land-renters burn Norwood's house and destroy his books, which show the amounts of his accounts against them at his store—accounts severe enough to keep them in practical slavery to him for the rest of their lives. They have also stolen crops of cotton from him, sold them down the river, and want Marvin to lead them in large scale stealing and selling of cotton crops.

Marvin knows this is wrong, but he also knows that Norwood has cheated the land-renters as much or more than they have cheated him. He has made a duplicate set of the books and learns from them that it is Norwood's slave-driving and cheating methods which have killed his father. He realizes that only through the casting off of this planter yoke can the landrenters ever amount to anything. In a masterly speech before the planters and land-renters, he states his case, showing the wrong both sides have done but revealing the planters' offenses as the worst. He wins over the planters, draws up a new and equable contract between planters and their land-renters, and makes Norwood and the planters sign it with a threat to testify against them in court if they don't.

Marvin agrees to meet Betty on Sunday—but as he leaves the meeting house, his eyes catch those of Madge, the planter's daughter—and he cannot decide which of these two girls he loves.

How Doctors Treat Colds and Coughs

To break up a cold overnight and relieve the congestion that makes you cough, thousands of physicians are now recommending Calotabs, the nauseless calomel compound tablets that give you the effects of calomel and salts without the unpleasant effects of either.

One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish,—no danger.

Calotabs are sold in 10c and 35c packages at drug stores. (Adv)

POPLAR SPRINGS

There is lots of sickness around now. Seems that the flu is getting started again, though we hope it will soon vanish, and the weather clear up again so the people will think the depression is over.

Owing to the unfavorable weather and sickness too, the crowd was small Sunday morning and the singing was not as good as usual. The chairman, Prof. W. M. Devaughn was absent and the assistant chairman, Floy Devaughn, led the singing Sunday morning.

Prof. Devaughn was present Sunday and he and Floy sang several songs each. The class was much larger Sunday night, and they rendered some good singing.

Next Saturday and Sunday is our regular preaching days. Everybody come and bring some one with you.

Sunday afternoon is the regular time for the singing society to meet here. So, all come and bring your books, and let's celebrate Christ's birth in a Christian way. Merry Christmas to all.—Sec'y-Treas.

You will be surprised how cheap you can buy Christmas Jewelry at Upchurch's. Let us show you.

Miss Elois Jones, who is attending college at Montevallo, is at home for the holidays. She will be here for two weeks.

Get your Christmas fireworks at Calloway Drug Co., Clanton.

PATES CHAPEL

Miss Lucy Pate Died

The funeral services of Miss Lucy Pate took place at Pates Chapel Sunday afternoon at 1:30. She was 83 years of age and lived in Thorsby with her nephew, Mr. Steve Pate. The funeral was conducted by Rev. J. W. Jones, of Thorsby, with Rev. Each assisting. Miss Pate was known in this community by a host of relatives and friends, and will be greatly missed by those who knew her. The deceased was laid to rest in the Pates Chapel cemetery, with Martin & Sons in charge. We wish to thank Dr. Franklin and those who helped in the bereavement of our dear loved one.—Just a friend.

Mrs. E. G. Hayes spent Sunday with Mrs. Fannie Maddox.

Mr. and Mrs. Ed Cook of Sylacauga are visiting Ed's mother, Mrs. Nora Cook; also Mr. and Mrs. Gains Cook and two children.

Mr. Morris Rainwater, Mr. Pink Hayes, Mr. Clifford Cook, Mr. Tommie Maddox of this community have been on the sick list the past week, but are recovering nicely, we are all glad to report.

Miss Lillie Cook spent Saturday night with Miss Zemma Hayes.

Mr. and Mrs. Ed Cook visited Mrs. E. C. Hayes for a while Saturday night.

The sun came out Sunday to let us see that it wasn't mildewed. It was more than beautiful to the people of this community. I didn't hear a bit of complaint about the hot sun.

Ruby and Rascoe Maddox and Maude Wallis spent Saturday night at the home of Mr. and Mrs. E. J. Hayes.

Mr. and Mrs. E. J. Hayes spent Friday night of last week with Mrs. Hayes's father and sister, Alex Maddox and Hazel, also brother, S. E.

Mr. Filmore Childress visited his daughter, Mrs. Wilbert Maddox, Sunday afternoon.

Mr. and Mrs. Chester Maddox and children spent Sunday night with Mr. Maddox's father and sister, Alex Maddox and Hazel.

The following had dinner with Mr. and Mrs. Walter Maddox Sunday, Mr. and Mrs. Archie Cleckler and three little children, Leon Ermon, Leatrice, Misses Mildred and Martha Hayes, Lorene Cleckler, Carrie Bolton and Maude Wallis.

We had to postpone our singing Sunday afternoon on account of the funeral of Miss Lucy Pate.

Our school was out Friday for the Christmas holidays. The weather was so bad that we did not have the Christmas tree, but the teacher said we would when it cleared up.

Mr. Leonard Pitchford, Sr., is visiting his brothers of this community, Arthur and Cleveland. I guess he will return to his home in Birmingham some time this week.

Fireworks at about half price this week at Alred Drug Company, Clanton.

SERVICES AT FRIENDSHIP

There will be preaching Saturday night at Friendship beginning at 6:30 o'clock; Sunday morning at 11:00 and Sunday night at 6:30. At the morning service Sunday the pastor will preach a Christmas sermon. The people of the community have a cordial invitation to attend.

J. M. Smith, manager of Thorsby Fruit and Truck Growers Association, was a visitor to Clanton Monday.

Get your Christmas fireworks at Calloway Drug Co., Clanton.

Bronson Ruffin is at home from the University of Alabama to spend the Christmas season with his parents, Mr. and Mrs. J. L. Ruffin.

Mrs. A. C. Harper left Sunday for Florida, where she will spend some time with Mrs. Sam Johnson.

Misses Jane Roberts, Mary Lou Tiffin, Mary Nell Jones and Elois Jones are at home for the holidays.

Be sure to look over our line of Gift goods before you buy. Upchurch's.

Miss Virginia Cochran from Womans College will spend the Yuletide here with her parents, Rev. and Mrs. Cochran.

Wallace Jones spent Wednesday here with his mother, Mrs. Willie P. Jones.

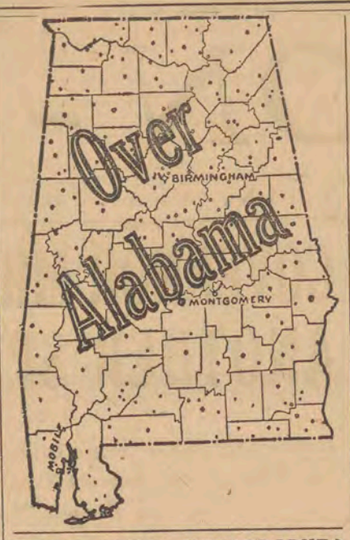
Central Singing Society

The Central Singing Society will meet next Sunday afternoon at Poplar Springs. Singing will begin about 2 o'clock; singers have a cordial invitation to attend. There is no more wholesome way to celebrate the birthday of Christ than by singing, so everybody come and make it an enjoyable and profitable occasion.

THE NEW CHEVROLET CAR

The new 1933 Chevrolet automobile was placed on display at Polk Brothers Motor Company in Clanton last Saturday.

A great many visitors have called to see it, and the universal verdict is that it is the greatest auomobile value ever seen.



STATE NEWS PARAGRAPHED

A Resume Of The More Important Events Of Interest Condensed To An Epitomized Form

Alabama Day was observed throughout the state. Special programs were given at schools.

Plunging 75 feet down an elevator shaft, W. H. Crump, Birmingham, an electrician, was fatally injured.

Gov. Miller announced that the state capitol would be closed Dec. 24, 25 and 26 for the Christmas holidays.

Many schools throughout Alabama, including those of Jefferson County, closed Friday for the Christmas holidays.

The Junior Chamber of Commerce of Montgomery was on record as favoring the prompt repeal of the eighteenth amendment.

Bids for installation of a radio control system for the Birmingnam Police Department probably can be received between Jan. 15 and Feb. 1.

Highway and bridge bonds totaling $610,000 went up in smoke at the State Capitol as state officials burned the obligations that were retired June 1, 1932.

Despite inclement weather, no appreciable increase in absenses was noted in Birmingham and Jefferson County school, educational officials reported.

Mrs. Marilda Johnson Bond, grandniece of President Andrew Johnson and early resident of Russellville, died after an extended illness in her seventy-fifth year.

Christmas paroles for 63 state convicts working at the nine road camps were granted by Gov. Miller as a reward for their outstanding records during the past year.

The State Child Welfare Board adopted a resolution permitting Jefferson County to contribute $45,000 for the relief of destitute persons outside the county almshouse.

Frank West, miner, was acquitted of a charge of murder in connection with a holdup of a store in Bradford in 1927, in which Jim Higginbotham was slain by the robber.

Horace C. Wilkinson, Birmingham attorney, renewed his plea for a special session of the Montgomery County Grand Jury to probe the disposition of Alabama school funds.

Hugh Morrow, Birmingham industrial leader, was on his sixth consecutive term as president of the Alabama Mining Institute, having been reelected by the board of directors.

Capt. W. C. Oates, secretary-examiner of the Alabama Securities Commission, announced the registration of seven companies as dealers in securities in this state for the year 1933.

A verdict of acquittal was returned by a Federal jury freeing Sheriff J. Hasty Golden, Elmore County, and five codefendants of a charge of conspiracy to violate the national prohibition laws.

Appointment of a new advisory board for Hillman Hospital, Birmingham, by the County Commission revealed that the number of physicians on the board has been reduced from 10 to seven.

Thomas E. Knight, Jr., attorney general, ruled that public school buildings can be used for private school purposes provided there is no interference with the regular running of public schools.

The Alabama Public Service Commission dismissed two complaints of the city of Attalla against the Tri-Cities Gas Company and the Alabama Water Service Company alleging unjust and unreasonable rates.

The Alabama Supreme Court affirmed the death sentences of four Negroes convicted of murder and set their execution date for Feb. 3, 1933, but granted a new trial to a fifth Negro condemned to die for attack.

A delegation from the Grand Lodge of Alabama Masonry called on Solicitor Temple Seibels and urged that prosecution of embezzlement charges against George A. Beauchamp, 79-year-old former secretary of the lodge, be dropped.

Abolition of the state depository in order that schoolbooks may "be provided at a much lower cost to the children of Alabama" was advocated by Independent Democratic Voters Association, at a meeting in Rogersville.

Steps to relieve the school situation in Alabama, to the extent of calling a special session of the Legislature, were urged in resolutions adopted by parents and teachers at Ward, in Sumter County, and by 400 students at Ashville School, St. Clair County.

W. C. Grimes of Jemison was in Clanton Monday.

Rev. J. S. Johnson filled his appointment at this place Sunday morning. On account of the weather being bad, there was only a small crowd out to hear the fine message Rev. Johnson delivered.

The many friends of Rev. Gibson in this community were sorry to hear of his illness and are wishing him a speedy recovery.

Mr. T. L. Williams and daughter, Allie, spent the day Sunday with their sister and aunt, Miss Alice Williams.

Rev. J. S. Johnson and Rev. Payton were the dinner guests of Mr. and Mrs. W. A. Shaw Sunday.

Mr. Charlie Williams spent Monday night with his cousin, Mr. Porter Williams.

Well, so long. A merry Christmas and a Happy New Year to all the readers of the dear old Banner.

Miss Mary Lowe of Birmingham is spending this week here with relatives.

Mr. and Mrs. M. Thigpen spent Sunday in Montgomery.

Headquarters for Christmas fireworks at Calloway Drug Co., Clanton.

SHAREHOLDERS' MEETING

The annual meeting of the shareholders of the First National Bank of Clanton will be held in the directors' room of the bank at 7 o'clock p.m., on Tuesday, January 17, 1933, for the purpose of electing directors for the ensuing year, and the transaction of such other business as may legally come before them.

This, December 15, 1932.

12-22-4tch J. C. PAGE, Cashier.

CARD OF THANKS

Dear Editor:

Please allow us space in your paper to thank the people of our community (Collins Chapel) for their kindness during the sickness and death of our dear mother, Mrs. Sarah Ann Murrah. We are so grateful to Dr. Franklin and the nurse, Mrs. Rasberry, for what they did. We feel assured every thing was done that could be. May God bless each and every one.—The Children.

Misses Ruth Shepherd, Virginia Elliot and Sarah Joy Bell of Birmingham were the week end guests of Mrs. J. C. Jones.

Mr. and Mrs. Joe Mullins of Birmingham are here for the holidays.

County Farm Agent's Notes

Compiled by C. E. Stapp, County Farm Demonstration Agent for Chilton County.

CULLMAN FARMERS TURN TO DAIRYING

Cullman, Ala., Dec. 20.—From sales of cream which they have produced in connection with their general farming, 359 Cullman County farmers have received this year $35,000. Most of this cream was bought by the local creamery, some was shipped to Birmingham.

And 140 of these 359 farmers got started in dairying in 1932, following recommendations of County Agent R. M. Reaves. Since becoming county agent he has advised farmers whom he thought qualified and equipped to add a few cows to produce cream for sale in addition to an abundance of milk and butter for the family. Many of the Cullman farmers engaged in dairying at the beginning of 1932 began in 1931.

Very little money has been required for each one of them to begin milking cows, said Mr. Reaves. The majority of them started with the cows they had, buying one or two extra cows as they learned by experience. They have sold cows which were not good producers and bought better cows, Jersey being the favorite breed. Seven registered Jersey bulls have been bought this year and are being kept in different communities in a cooperative way, making one bull sufficient for several small dairymen. "In addition to the income from cream, ample milk and butter for the family, richer soil, and better farming, hogs and poultry have been added by many of these dairymen," Reaves continued. "Thus they are making Skimmilk — a by-product of dairying—feed hogs and poultry, thereby adding two more cash producers. Reports from 125 farmers having hogs show that their sales this year have brought them $13,000."

These dairymen feed home-grown feed, such as corn, cottonseed meal, soybean hay, and cowpea hay, plus a good pasture which is the basis for profitable dairying.

MARKET SLIGHTLY HIGHER; SPOT DEMAND INDIFFERENT

The cotton market during the period December 10 to 16 was fairly active with quotations, December sixteen, about 15 points higher than those December nine. Interest in spot cotton continued rather indifferent with unimportant transactions for both prompt and forward shipments. From some sections came reports, that on account of the bad weather conditions, offerings had fallen off considerably and, according to the weather bureau, there was but little additional cotton picked during the past week due to the decidedly unfavorable conditions for field work. Average price, middling, seven - eighths, as compiled from the quotations for the ten markets, December sixteen, 5.80 cents, compared 5.66 December nine, and 5.91 a year ago. Reported sales of spot cotton by the ten markets were light, amounting for the week to 104,374 bales, against 198,071 bales the previous week and 169,945 for the like week the previous year. According to the bureau of the census domestic consumption for November amounted to 504,000 bales, compared with 425,000 in November 1931, and was the highest for any month since April 1930. Total consumption for the season to the end of November, amounted to 1.9 million balles, or to an increase of seven per cent over the like period last season and eighteen per cent over the first four months of 1930-31. Exports to December sixteen this season amounted to about 3.7 million bales, compared with about 3.6 for the corresponding period last season.

Differences between grades were somewhat revised during the week and on December sixteen the average of the ten markets for strict middling was 27 points on middling and for strict low and low middling 29 to 58 points off middling respectively.

Premium staple cottons witnessed the same apathetic demand as did the short cottons with quotations but slightly changed compared with those of the previous week.

Southern mill centers continued to say conditions were very quiet with mill buying largely of a hand to mouth character for prompt shipment in small lots. Inquiries for forward business were stated as small. According to the bureau of the census, there were consumed in the cotton growing states during the first four months of this season 1.6 million bales, compared with 1.5 a year ago for the same time.

New England mill centers said demand for spot cotton of both short and long types was very light with trading largely confined to small lots. Some interest was stated as being shown in off grades with sellers ideas however, higher than buyers were willing to meet. According to the bureau of census, there were consumed in the New England cotton states during the first four months of this season 364,000 bales against 260,000 last season.

Dry goods centers said the cotton goods markets were somewhat steadier during the past week with some constructions quoted a trifle higher than for the week before.

Foreign Markets

Manchester said a fair demand prevailed for cotton on the spot with increased cloth inquiry and rather more small sales for India and for several minor outlets, but demand for China was poor.

Bremen stated demand continued poor with only the cheapest offers being of interest to buyers. It was stated also Atlantic States cottons at this time were preferred over western growths. Business from the Interior of Germany was stated as very quiet with spinners rather discouraged by the indicated increased estimate of the American crop. The market was stated as lifeless with very little price fixing.

Liverpool said demand was improving; especially for American and Russian cotton. There was some reaction in that market after the recent improvement but the tone was steady.

Milan stated there was a fair demand for both cotton on the spot and for c. i. f. shipments. The medium grades and staples seemed to be mostly inquired for. The basis for Indian cotton was stated as stiffened, whereas Egyptians were neglected despite their favorable parity. Spinners were said to be engaged until February-March and their consumption was increasing despite some stoppage.

Havre stated the strike was hampering trade and no settlement was in sight. Considerable activity prevailed among the mills, but none in the Havre market. Cotton production in foreign countries during the 1932-33 season has been provisionally estimated at about 11.5 million bales of 478 pounds, compared with 10.4 million bales in 1931-32, and 11.9 million bales in 1930-31. The foreign production estimate plus the United States crop give an indicated world total of 24.2 million bales. Due to the small United States crop, this estimate is 3.7 million bales less than last season, and is the smallest world crop since 1927-28. The present world estimate is 1.9 million bales less than the five year average production from 1927-28 to 1931-32 is approximately 900,000 bales less than the five year average disappearance and about the same as the 1931-32 disappearance.

According to studies of the United States Department of Agriculture, the higher the grade of cotton sold by farmers the smaller the proportion of central-market premiums they receive; the lower the grade in general the larger the proportion of central-market discounts received.

42,000 MOVE BACK TO FARM

Rather than stand in city breadlines, 42,000 Alabama persons have moved from cities back to the farm within the past three years, reports F. W. Gist, statistician for the department of agriculture.

The movement back to the farm from the urban centers made a start in Alabama in 1930 when 2,000 persons returned. The following year 10,000 persons found places on farms and during the past year 30,000 persons or 6,000 families of five members each, left the city for the farm, Gist said.

The result is that practically all farm houses are occupied with many other families wanting places on farms.

ALABAMA FARMERS ARE USING BARTER METHODS

Alabama farmers are rapidly adopting the method of bartering their farm products for needed machinery, livestock and labor necessary in their farming operations.

This is reported by the Alabama department of agriculture which is publishing the "Alabama Farmers' For Sale, Want and Exchange Bulletin" to aid farmers in trading one farm product for another and in marketing their miscellaneous products.

At present over 13,000 farmers and business men of the state are using the bulletin and exchanging and marketing millions of dollars worth of products which would otherwise go to waste, reports Seth P. Storrs, commissioner of agriculture.

"Any farmer or business man in any county of the state may obtain the bulletin free by writing the department of agriculture in Montgomery" he said.

DEPARTMENT MAKES A FURTHER SALARY CUT

To carry out the spirit and intent of the salary reduction bill passed by the special session of the legislature, salaries of employees of the department of agriculture will be reduced even though the attorney general has ruled that the bill does not apply to these employees.

This is announced by Commissioner Seth P. Storrs, who said that the bill will reduce only seven salaries in the department due to the fact that all salaries were reduced more than a year ago by $20,000 annually.

In making the announcement about the salary reductions, Mr. Storrs said that he believed it was the intention of the legislature to reduce all salaries and for that reason the salaries of the employees of the agricultural department are being reduced even if the law does not apply to the department.

Commissioner Storrs said that the agricultural department is one of the self-sustaining departments of the state government and has maintained a balanced budget despite the falling off of its income by 46 per cent.

ENGINEERS NEEDED SAYS DEAN WILMORE

Auburn, Ala., Dec. 20.—After a partial study of the use of trained engineers on construction work in Alabama, Dean John J. Wilmore, of the school of engineering and chairman of the administrative committee of the Alabama Polytechnic Institute, has concluded that insufficient engineers are now employed and that their services can be had at savings in excess of their salaries.

Before coming to this conclusion, Dean Wilmore had studied the engineering work of Alabama counties, each of which is now receiving approximately five thousand dollars a month from gasoline tax highway work. Few of them have trained engineers to plan and supervise the work.

"There is no doubt, said Dean Wilmore, "that each county not having a competent engineer should employ one because more work and better work will be done for the same money. Furthermore, we now have many well-trained engineers who have very little work to do.

Funds for highway work have been increased until now each gallon of gasoline sold sends three cents to the counties in addition to the state taxes. Until October 1 of this year the counties were getting two cents; on that date it was increased to three cents, this bringing the total for each county up to approximately sixty thousand dollars per annum. This is sufficient, Dean Wilmore, explained, for employing a trained engineer whose services will more than pay his salary in the form of better and more work done. In addition to this three cents per gallon from gasoline, most counties have other funds for highway work. They have also other construction work for which a competent engineer is needed.

FARM ECONOMIC FACTS

Butter and eggs are at present relatively highest in price of all farm products.

Peanut prices are now relatively lowest of all Alabama farm products being about 24 per cent of pre-war.

The production of sweet potatoes in Alabama in 1932 was 66 per cent larger than in 1931 and the production of sugarcane 40 per cent larger.

Alabama farmers are now receiving about the pre-war average price for eggs this season of the year, or about 25 cents per dozen. Prices of all other leading Alabama farm products are below pre-war.

S. J. THOMAS DIED

Goodwater, Ala. Dec. 15.—Funeral for S. J. Thomas, 55, who died at his home at Kellyton Wednesday morning, was held this morning with burial in the Goodwater cemetery. Mr. Thomas lived in Goodwater several years, moving from here to Kellyton, where he was engaged in general mercantile business. He moved to Birmingham about five years ago, but moved back to Kellyton recently. He was a member of the Baptist Church. Surviving are his widow, Mrs. Linnie Belle Thomas, one son, Watson Thomas, of Birmingham, and one daughter, Miss Martielle Thomas, of Kellyton.

MISS JANIE MIMMS

Miss Janie Mimms died at Mignon on the 13th and was buried Thursday near Clanton at her old home cemetery, Service Funeral Home in charge of the services. — Sylacauga News.

Prophecy Corner

Conducted By

L. A. BUTTERFIELD

In the second chapter of Daniel you will find that Nebuchadnezzar, the king of Babylon, had a dream, the profound importance of which was deeply impressed upon his mind. The wise men of the court were unable to tell the king the dream with the interpretation and were about to be slain because of their failure in this respect when Daniel, the servant of the living God, was permitted to stand before the king. The Lord had revealed to Daniel the dream and the interpretation. In all humility he came into the presence of this earthly monarch to give him a glimpse into the future.

Nebuchadnezzar had seen in his dream a great metallic image. The head was of fine gold, the breast and arms of silver, the thighs of brass, the legs of iron, and the feet part of iron and part of clay. As he beheld this image a stone was cut out of the mountain without hands and smote the image on the feet. The image was ground to powder and blew away but this stone became a great mountain and filled the whole earth.

Daniel proceeded at once to give the interpretation of the dream. To the king he said, "Thou art this head of gold." From the reading of verse 39 of Daniel two, it is clear that these metallic parts represent not only kings but world empires. Nebuchadnezzar was king of Babylon and Babylon was the first world empire. This nation was founded by Nebopolassar in 625 B. C., and is fittly symbolized by gold. We are told that its beauty and wealth have never since been equalled. A few weeks ago we considered in the Prophecy Corner the immense wealth of Babylon which after its destruction tempted and satisfied conquorer after conquorer that came there for loot. Always these conquorers went away laden beyond the dreams of avarice. But this nation was not to rule the entire world for long. Said the prophet, "After thee shall rise another kingdom inferior to thee and another third kingdom of brass, which shall bear rule over all the earth."

Babylon was overthrown by Medo-Persia in 538 B. C., but this power was not always to rule the world for there was to be a third kingdom. In the year 331 B. C., Alexander and his Grecian army fought the famous battle of Arbela, which transferred the world scepter from the hands of the Medo-Persians to the Grecians. They ruled the world for 163 years but according to the prophecy there was to be a fourth kingdom. "And the fourth kingdom shall be strong as iron." In the year 168 B. C., Rome conquered Grecia and took over the world dominion. We still refer to Rome as the "Iron Monarch of Rome." How appropriate was the symbol—iron legs.

After the days of Rome there was not again to arise a world power like Babylon, Medo-Persia, Grecia, and Rome for said Daniel, "And as the toes of the feet were part of iron, and part of clay, so the kingdom shall be partly strong, and partly broken." The prophet indicated that attempts would be made to cement these broken fragments of Rome together and as we look back over history we see many such attempts but always they have ended in failure. This brings us to our own times for we are today living in the days of the nations which have resulted from the division of the Roman Empire The lesson of this prophecy for our time we find in Dan. 2:44. "And in the days of these kings shall the God of heaven set up a kingdom, which shall never be destroyed." Are you, my friends, ready to be a citizen of this heavenly kingdom?—L. A. Butterfield.

Farm real estate values in Alabama in 1932 have been at about the pre-war average as compared with 45 per rent above pre-war five years ago, and 77 per cent above pre-war 10 years ago.

Farm income in the United States for 1932 was about 5 billion dollars as compared with 7 billion in 1930, and 12 billion in 1929.

Of the total volume of seed loans made by the United States Department of Agriculture from 1921 to 1931 about 44 per cent has been repaid.

J. G. WOOD MOVES NEAR COOPER

For nineteen years Mr. J. G. Wood and his family have lived in Beat 4, near Clanton. They have moved to a farm down near Bethel church, known as the Enoch Driver place. Mr. Wood says that from now on the farm will be known as the Williams-Wood farm, inasmuch as he and his son-in-law, Ernest Williams, own the place. It is located one and one-half miles west of Cooper. Mail will be delivered to Mr. Wood on Clanton Route 2.

We regret to see Mr. Wood and his family leave our community here, because they are the kind of people who make a desireable neighborhood; but while they are leaving here they will add to the good friendly spirit of the community into which they are going.

C. E. STAPP ANNOUNCES SERIES OF MEETINGS OVER THE COUNTY

Mr. Stapp hopes to contact a large per cent of the farm population of the county at these meetings and wishes to discuss with them the present economic conditions and outlook for 1933.

The meetings are scheduled as follows:

Morganville schoolhouse, Dec., 19th, 1 p.m.; Corinth schoolhouse, Dec., 19th, 3 p.m.; Cooper schoohouse, Dec., 20th, 1 p.m.; Thomas Jr., schoolhouse, Dec. 20th, 3 p.m.; Enterprise schoolhouse, Dec. 21st, 1 p.m.; Greasy Ridge schoolhouse, Dec. 21st, 3 p.m.; Concord scholhouse, Dec. 22nd, 1:30 p.m.; Providence schoolhouse, Dec. 22nd, 3 p.m.; Refuge schoolhouse, Dec. 23rd, 1 p.m.;

Pinedale schoolhouse, Dec. 23rd, 1 p.m; Cane Creek schoolhouse, Dec. 28th, 1 p.m.; Flint Hill schoolhouse, Dec. 28th, 3 p.m.; Mullins schoolhouse, Dec. 29th, 1 p. m.; Mineral Springs schoolhouse, Dec. 29th, 3 p.m.; Jackson Chapel schoolhouse, Dec. 30th, 1 p.m.; Collins Chapel, schoolhouse, Dec. 30th, 3 p. m.; New Cedron schoolhouse, Jan. 4th, 1 p.m.; Popwell schoolhouse, Jan. 4th, 3 p.m.

Fairview schoolhouse, Jan. 5th, 1 p.m.; Baker schoolhouse, Jan. 5th, 3 p.m.; Culp schoolhouse, Jan. 6th, 1 p.m.; Isabella schoolhouse, Jan. 6th, 3 p.m.; Mt. Pleasnt schoolhouse, Jan. 6th, 7 p.m.; Shoults schoolhouse, Jan. 9th, 1 p. m.; Stanton schoolhouse, Jan. 9th, 3 p.m.; Sardis schoolhouse, Jan. 10th, 1 p.m.

Pates Chapel schoolhouse, Jan. 11th 1 p.m.; Pleasant Grove schoolhouse, Jan. 11th 3 p.m.; Freeman schoolhouse, Jan. 12th, 1 p.m; Mars Hill schoolhouse, Jan. 12th, 3 p.m.; Free Springs schoolhouse, Jan 13th, 2 p.m.; Oak Grove schoolhouse, Jan. 23rd, 1 p.m.; Center Hill schoolhouse, Jan. 23rd, 3 p.m.; Union Grove schoolhouse, Jan. 24th, 1 p.m.; Smith schoolhouse, Jan. 24th, 3 p.m.; Providence schoolhouse, Jan 25th, 1 p.m.; Oak Hill schoolhouse, Jan 25th, 3 p.m.; Minooka schoolhouse, Jan. 26th, 2 p.m.

Mr. and Mrs. J. N. Ervin of Randolph were in Clanton Wednesday.

C. E. Stapp, county agent, is out again after several days sickness with flu.

John, who was visiting in a distant city, received a telegram from his wife reading, "John, remember you are a married man."

His answer read:

"Telegram received too late."

J. J. Mims, mail carrier on Route 5, has been sick with flu this week. His work has been carried on by his son, Paul C. Mims.

A bachelor is a man who wouldn't take "yes" for an answer.

A. B. Jones, the peach grower, from Plantersville was a visitor to Clanton Wednesday.

"Lady," said the policeman, who had motioned her to stop, "how long do you expect to be out?"

"What do you mean by that question?" she demanded indignantly.

"Well," he replied sarcastically, "there are a couple of thousand other motorists who would like to use this street after you get through with it."

Why should a traffic cop, after winning a swell race, always seem so mad about it?

"A bolt is a thing like a stick of hard metal such as iron with a square bunch on one end and a lot of scratching wound around the other end. A nut is similar to the bolt only just the opposite, being a hole in a chunck of iron sawed off short, with wrinkles around the inside of the hole."

EPPECTING BIG WEEVIL DAMAGE

Montgomery, Ala., Dec. 21. — The northern counties of Alabama are infested with boll weevils for the first time in recent years, part of a movement of weevils into new territory which extends over the entire belt, it is reported by J. A. Beaty, general manager of the Alabama Farm Bureau Cotton Association. In fact this season's weevils have not only extended their habitat but have gone on beyond into the southern counties of Tennessee.

Eighty-four per cent of all squares at the end of picking time are punctured by weevils in Alabama this fall, as compared with 53 per cent last fall, and 59 per cent in the fall of 1928, the worst previous infestation recorded by the co-op.

Six hundred and thirty-eight farmer members of the Alabama and other cotton cooperatives, selected for their ability in estimating crop conditions, serve without pay to gather the facts from which the co-op makes its estimates.

Estimates from these reporters show that the next cotton crop will start with the heaviest boll weevil handicap of any year since the co-op reporting system began. Sixty-nine per cent of cotton squares in the field at the end of picking time were punctured by weevils this season—an increase of 50 per cent over last fall's figures and a 25 per cent increase over the fall of 1928, when infestation was highest of any previous year for which comparable records are available. Highest infestation is in Mississippi and Georgia with 95 per cent and 91 per cent.

You can find just the Gift you want at Upchurch's, and the low prices will be a pleasant surprise to you.

THORSBY SECTION

(S. E. Norton, Manager)

The chief topic of interest to all the people of Thorsby and vicinity was the storm of sleet and ice Thursday night and Friday, December 15 and 16, which disrupted Alabama Power equipment, by weight of ice on poles and lines, causing them to fall, thus breaking connection, which was partially restored after several hours of work Friday. The power had to be shut off again Saturday to finish the job.

The local telephone lines, being of lighter wire, enormously enlarged by ice, broke in many places. It put the system out of commission for several days. Evergreen trees weighted with ice were a beautiful sight, but most of them recovered position when the ice melted, but many other varieties were seriously damaged by losing part of their limbs.

Next Sunday, Christmas day, there will be at Thorsby Congregational church, Sunday school at 9:45 a.m., preaching by the pastor at 11 a.m., Christian Endeavor meeting at 6:30 p.m., and no service in the evening.

Wednesday night of this week the monthly union prayer meeting will be held at the Congregational church. Rev. W. P. Lowery will lead. This meeting was due last week, Wednesday, but postponed on account of bad weather.

During the Christmas holidays the teachers of Thorsby Institute faculty expect to go to the places designated as follows: Miss Jenkins will go to the home of her parents in LaGrange, Ga., Mr. and Mrs. Maddox will visit Mrs. Maddox's parents at Headland, Ala., Misses Leech and Phillips will spend several days in Birmingham, Miss Fairbank will be a Christmas dinner guest at the Norton home, then go to Birmingham for a few days, Miss "Blackie" will spend her vacation with Mary Sue Smith at her home in East View.

Miss Dorothy Butler will be home for the holidays and her sister will be with the Butler family for Christmas.

Mr. and Mrs. C. S. Howard will have as their guests for the holidays Mrs. Anne Phalen and her son, Thomas, of Tuscaloosa.

Mr. and Mrs. Harry Peterson and children were visitors at the home of Mr. and Mrs. C. C. Peterson Thursday.

Mrs. Harry Peterson and children will visit her parents in Prattville during Christmas holidays.

Mrs. J. H. Goddard accompanied by Mr. and Mrs. W. H. Wilson spent Monday afternoon in Clanton shopping.

Following is the list of the pupils of Thorsby Institute that had no grade below 85 per cent and a general average of 90 per cent or above:

Hal Broadhead, Carl Ekblad, Ruth Foss, Kathleen Langston, Phares Raybon, Linnie Bell Reinhardt, Mary Louise Reinhardt, Elwyn Robinson, Lois Thompson.

Second, no grade below 75 per cent and a general average of 85 per cent or above.

Jane Billingsley, Velma Creel, J. T. Faircloth, Edith Foss, Dolores Gafford, Jack Higgins, Milton Higgins, Helen Kendrick, Fred McCain, Arleta Pate, Conradine Pate, Earle Pate, Edna Lee Wilder.

The following pupils had a record of perfect attendance:

Hillard Baggett, Willo Dean Bean, Brady Billingsley, Hal Broadhead, Lucille Cockerelle, Cora Connatser, Velma Creel, Christine Dopson, Juanita Each, Lucile Each, Carl Ekblad, Thomas Hayes, Jack Higgins, Milton Higgins, Ruth Higgins, Helen Kendrick, Kathleen Langston, Helen Lowery, Gladys Martin, Conradine Pate, Ida Lou Pate, Jack Peterson, Richard Peterson, Leroy Peterson, Elma Roof Pitts, Ruth Primm, Phares Raybon, Elwyn Robinson, Preston Shaw, Mary Sue Smith, Ruth Cosby, Dolores Gafford.

Thorsby Institute will close December 22 for the Christmas vacation and will reopen January 4th.

Mr. and Mrs. Fred Sims and son of Jemison were visitors of Mr. and Varnie Wyatt Sunday.

On Tuesday night the Helen Keller Literary Society under the direction of Miss PJhillips and Miss McKee gave its Christmas program of Carols and a Christmas play, "No Room at the Inn." The program was to have been given Saturday night, but was postponed on account of the weather.

Monday night, December 19, at the Institute dining hall, Miss Onita Klingelhoefer gave a Christmas shower party for Miss Addie Primm. The members of the truth seekers class of the Congregational church were entertained with a delightful combination of easy and different stunts and games.

Some of the people who have come to the library for books have been disappointed to find that it was not open. You will save yourself trouble by noticing the library hours. The library is open regularly from 9 to 12 a.m. and from 2:30 to 5 p.m., on all school days. In vacation the library days are Tuesday and Friday and the hours are the same. During the holidays the dates will be December 27 and December 30. The library will not be open on Friday of this week.

We have been notified that a stranger in town has been selling advertisements for a pageant to be given at Thorsby Institute on Thursday night of this week. The Institute knows nothing about this and wishes to warn the public against buying from strangers any ads or tickets to entertainments to be given at the Institute.

Regular services at the Thorsby Baptist church next Sunday. Special song service Sunday night at 7:30. It is Christmas day, the wise men went to worship. Let's follow their example.

Mr. and Mrs. T. A. Shannon and Miss Sadie Shannon of West Point, Ga., are expected as visitors at the home of Mr. and Mrs. Nels Peterson for the holidays.

Mr. Nels Peterson and Norman are able to be out again after having the flu.

Mr. W. H. Raybon and daughter, Ruby, spent Monday in Wilton with Mr. Raybon's parents, Mr. and Mrs. S. Raybon.

Miss Willo Dean Bean, who is staying with Mr. and Mrs. J. H. Goddard, spent the week end with her parents, Mr. and Mrs. H. O. Bean of New Salem community.

The regular monthly spend the day party of the Thorsby Eastern Star will be held next Wednesday, December 28 at the Masonic Hall, with Mrs. D. H. Gentry as hostess. The public is cordially invited.

Miss Grace Smith spent last week with her sister, Mrs. Leon Mims of Cedar Grove community.

Miss Mary Ruth Nix is spending a few days this week in Birmingham visiting Miss Irene Yaw.

Mrs. Roberta Childress left Monday for a few days in Clanton with Mr. and Mrs. Willie Bean.

Mr. and Mrs. Clarence Marcus and little son, Max, of Pleasant Grove community spent a few days last week with Mr. and Mrs. D. L. Ward.

Mr. and Mrs. Hugh Primm and baby, Dan, have rented rooms from Mrs. D. H. Gentry and moved in this week end.

Misses Essie and Lilia Hester accompanied by their brother, Lewis, all of Birmingham, spent Sunday in Thorsby with Mr. and Mrs. Jim Collins.

The W. M. S. met at the Baptist church Wednesday afternoon.

Miss Wilma Goodgame has returned home after several days in Birmingham working.

Mr. and Mrs. T. W. Robinson and son, Henry, returned home Saturday after spending several weeks in Birmingham.

Mrs. Arthur Villadsen and children are visiting Mr. and Mrs. T. W. Robinson this week.

Master Claud Gore of Collins Chapel community was a week end visitor of Master Ralph Pate.

Mr. and Mrs. Jerome Wilson of Isabella community are spending a week with Mr. and Mrs. W. H. Wilson. Friday they expect to go to Jacksonville to spend the remainder of their Xmas vacation with Mrs. Wilson's parents, Mr. and Mrs. J. L. Lowery.

Miss Alma Lefstead of Goodwater is home for the Christmas vacation to visit her mother.

Miss Myradine Martin is spending a few days in Clanton this week with her sister, Mrs. Curtis Billingsley.

Mrs. D. H. Gentry visited Mrs. H. O. Bean at her country home Tuesday and they spent the day quilting.

Misses Frances Wilson and Myradine Martin spent Monday night with Miss Louise Bates.

Mr. and Mrs. R. R. Franklin and Peggy Mims, Mr. and Mrs. Mack Gray and Mr. Fred Merchant had dinner with Mr. and Mrs. B. T. Franklin on Sunday.

Mrs. R. R. Franklin, Dorothy Franklin and Mr. and Mrs. C. M. Gray motored to Mitchell Dam Sunday afternoon.

After spending several days with his brother, Mr. N. Johnson and family, Mr. M. O. Johnson accampnied by his mother, Mrs. Hattie Johnson, left Monday morning for Cairo, Georgia, where they will spend a few days with his sister, Mrs. H. D. Deane, and will then go to Sanford, Florida, where Mrs. Johnson will spend the winter with her son, Mr. B. Johnson and family.

Mrs. Katie Davenport and children, Hatttie and Francis Duncan, of Birmingham, spent the week end with her brother, Mr. N. Johnson and family of Thorsby.

Mr. Frank Armstead, of Fort Benning, Georgia, spent a few days last week with Mr. Lewis Johnson of Thorsby.

Mr. Lewis Johnson of Thorsby is visiting friends and relatives in Birmingham for a few days.

Miss Agnes Gerald, of Guntersville, Alabama, Miss Mary Ella Gerald, of Andalusa, Alabama, are both home for the two week's vacation.

Mr. and Mrs. Vinson Sutlive entertained Mr. and Mrs. Rascoe Maddox at dinner Sunday. It was the anniversary of Mr. and Mrs. Maddox's wedding.

Mr. and Mrs. R. D. Gibbons and daughters, Mabel and Dorothy Gene, of Verbena, visited Mrs. Ola Kelly Sunday afternoon.

The Busy Bee Sunday School class presents a Christmas program at Thorsby Congregational Church on Thursday evening, December 22, at 7 o'clock p.m., under the direction of Miss Francis Wilson, their teacher. The program consists of a procesional, "Oh Come All Ye Faithful" by the class. Prayer, "A Birthday Wish for Jesus," by the class; "Welcome, A Christmas Wish," by Annie Ruth Pate; "Scripture, Gifts, Grace," Nell Crowell, by Lucille McCain. One-act play, "The Boy on the Meadow," by Ethel Van Derveer, the characters of which are: Grandmother, Sara Nell Collins; "Marta," mother, Mary Nell Pate; "Mina," daughter, Marie Each; "Dort," son, Norman Peterson; Rocshen," orphan, Francis Conway. Everyone is cordially invited. A free will offering will be taken, the proceeds of which will go toward bringing Christmas joy to unfortunate children of Thorsby. May we depend on you?

Little Peggy Mims Franklin celebrated her fifth birthday anniversary on last Monday afternoon. The little folks enjoying the party were Emma Gene Lowery, Christine Gore, Margaret Pate, Billie Ann Parrish, Mary Virginia Bice, Inez Cox, Helen Louise Mead, Grace Swanson Mixson, Peggy McNeal, Marion Joyce Howard, Elizabeth Gene Collins, Billy Childress, Gene Garrick, Charlene Williams,. Games were played during the afternoon and punch and cookies were served.

Master J. S. Robinson is spending cousin, L. C. Robinson, in Birmingthis weey in Birmingham visiting his ham.

STATE NEWS PARAGRAPHED

A Resume Of The More Important Events Of Interest Condensed To An Epitomized Form

The case of Odie Webb, administrator vs. Eunice French, executrix, appeal dismissed by Supreme Court.

Fired on as he sat in the lobby of a Birmingham hotel, M. B. Sheffield, 45, of Ashville, Ala., was shot to death.

The case of Julia A. Abrams vs. Abrams et al., appeal from Chilton Circuit Court in equity; affirmed by Supreme Court.

The case of Mollie Bowdoin vs. Jim Bowdoin et al., appeal from Coffee Circuit Court in equity; affirmed by Supreme Court.

Walton H. Hill, Montgomery attorney, was elected president of the Union Bank & Trust Company, succeeding the late Michael Cody.

More than 10,000 pupils and teachers in Birmingham schools and several thousand in the county system were reported absent on account of the influenza epidemic.

State officials and employes who use their private cars in transacting the state's business were on a fixed mileage basis for the first time in Alabama's history.

"Frightened to death" was the verdict returned by Coroner J. Bell Marin in the death of Sam Taylor, aged Negro, who was found dead on a bluff near Mitchell Dam.

The Alabama Supreme Court rendered the following decision: John E. Hodges vs. Lizzie Wells, administratrix, appeal from Perry Circuit Court; reversed and remanded.

Public schools of Tuskegee, closed once, reopened and then closed again, have reopened a second time on a subscription basis and will be operated as county institutions.

Selection of a superintendent of the Masonic Home confronts the institution's new board of control created by the Grand Lodge of Alabama Masonry at its closing session.

A plan to pay teachers of the Jefferson County Schools full salary for the first five months and half salary for the next four months was submitted to a county teachers' council.

The Supreme Court took under advisement the appeals of five attorneys who were disbarred in August for "unethical practice" by the Board of Commissioners, Alabama Bar Association.

Dr. C. L. Northcutt has resigned as superintendent of the Alabama Masonic Home to resume ministerial duties in the Alabama Conference of the Methodist Episcopal Church, South.

Resolutions recommending to Gov. B. M. Miller that unless he could provide means for operating the schools he should resign were adopted by the Rogersville Parent-Teacher Association.

Sam F. Clabaugh, a member of the board since its reorganization, was named president of the Chamber of Commerce of Birmingham. He will succeed D. A. Thomas, who has served for two successive years.

Ab Retherford of Mineral Springs was in Clanton Wednesday looking for Santa Claus.

Little Elizabeth Gene Collins celebrated her fourth birthday on Friday afternoon from two until four o'clock. Those enjoying the party were Mary Virginia Bice, Billie Ann Parrish, Peggy Mims Franklin, Jenny Clarie Littlejohn, Joan Rowell, Grace Swanson Mixson, Maxine Collins, Emma Gene Lowery. Games were played, and cookies and lemonade were served.

Miss Bertha Littleton spent the week end in Thorsby wih relatives.

LEGISLATIVE AID IS ASKED FOR FARMERS

Montgomery, Ala., Dec. 21.—Refinancing of farm martgages at lower rates of interest to prevent continued foreclosures is one of the three principal requests being made of congress by organized farmers, according to Colonel J. L. Edwards, president of the Alabama Farm Bureau Federation. Other requests call for sound and honest money and an American price for that portion of the staple commodities consumed in America. "We are not making a raid on the treasury but are simply asking for some reforms consistent with justice," Col. Edwards said.

The Farm Bureau contends that a money system under which a $1,000 debt made with cotton at $100 per bale is a ten-bale debt when made and a forty-bale debt when due because cotton is $25 a bale, is a dishonest money system," Col. Edwards continued. "We simply ask that the purchasing power of the dollar be reduced by reducing the weight of gold behind the dollar from 23.22 grains to 16 grains to a point where commodity portions of our private and public debts were contracted.

"American farmers have suffered under a tariff system which raises the price of manufactured goods such as farm machinery which they buy, and leaves the products which they produce and sell such as cotton, hogs and wheat at the world price," he continued. "Some form of the domestic allotment plan, which would give growers of cotton and other staple products a 'tariff benefit' is now being advocated before congress by organized farmers.

Special sale of Christmas Boxes of Candy at Upchurch's.

For Past Favors We Thank You

We Are Glad To Serve You Anytime

WE WISH YOU ALL THE JOYS OF CHRISTMAS and A Happy New Year

GAMBLE & THOMPSON
Thorsby, Ala.

For our friends and customers throughout Chilton County we wish that your joys and happiness during Christmas and through the coming year may be sufficient unto your every need and desire. We cherish your friendship and confidence as our most valuable asset.

Making hotels homelike would be fine if they didn't make them like modern homes.—Ashland Daily Independent.

College foot ball—nature in the rah.—Omaha Evening World-Herald.

Maybe one reason it is hard to stabilize things is that the stables have all been changed into garages.

France and Russia have signed an anti-war pact which reminds us again of the famous Goldberg cartoon: "It's all right but it doesn't mean anything."

We have a faint suspicion that somebody is juggling with the British pound for phychological reasons.

Maybe Adolf Hitler could get across the line a winner if he were to run on the Democratic ticket.

We hope that Santa Claus didn't get himself buried in the Democratic landslide last month.

The millionaires of yesterday have become the common folks of the present era. Things have certainly moved fast during the past three years.

NATIONAL AFFAIRS

(By Frank P. Litschert

Our New England citizens are notedly self-reliant and thrifty. They can usually get along, prosperity or no prosperity, although, of course, like the rest of us they prefer the easier financial times. But some of the news coming out of the northeast today is not so reassuring, especially so far as our fishing industry is concerned. Hardy New England fisherfolk are famed in song and story. They are supposed to go out in all kinds of weather under all sorts of conditions, and they generally do. But now something has arisen with which they are unable to cope. They may be able to defeat the elements, but they are now up against grim economic law.

Here is the trouble, as diagnosed by the sound logical Boston Transcript: "The tariff bill is the fisherman's ally, but its efficiency is neutralized by low foreign currencies and gives far less protection than when the gold standard was in command of the exchanges of the world. By the slump in foreign money values, the enormous drop in wages abroad and the resultant scaling of the tariff wall, the foreign fishermen are able to give the American fisherman too hard a run for their money.

"For instance, Maine sardine factories have closed and the fishermen have put up their boats. There was nothing else for them to do. Some of them may be on the relief list in Maine. Norway is taking the sardine business away from them with a sardine that is so cheap that the Maine producers cannot hold the market. About two years ago Norway was exporting 380,000 cases of sardines to the United States, and Maine was producing 1,200,000 cases at that time; today these figures are reversed, for Norway is sending about 1,400,000 cases this year and Maine will offer only 300,000 cases, according to Edward H. Cooley, director of the Massachusetts Fisheries' Association.

So it is not only the manufacturer and the grower who is suffering because of depreciated currencies abroad. The new economic situation is giving plenty of trouble to our fisherfolk, too. And it is not only the sardine industry which is affected. As the Transcript points out, the Japaneses salmon industry is ruining that same industry in the United States, because our tariff is not sufficiently protective against low wages and depreciated currency. Continuing the Transcript says:

"A dollar buys so much salmon in Japan today that it becomes relatively unprofitable, if not wasteful, for the American merchant to spend that dollar for American salmon. In fact, he cannot handle the American salmon in competition with what comes from Japan and bid for the common trade. If the Japanese currency were on a par with that of the United States a case of her salmon would cost 80 cents; but since the fall from the gold standard the yen has become so low in value that it takes only about 36 cents to pay for it, and the duty, being an ad valeorem duty, adds only a few cents, bringing the Japanese salmon up to about 44 cents to compete with the American product which comes to about $1. The scallops sold in Boston today bring $1.75 to $2 a gallon, wholesale, while Japan captures the Pacific coast trade with her $1.25 product."

Here is something for Congress to think about. Instead of needing to have our tariff schedules reduced in an effort to increase foreign trade, it is evident that some of the schedules ought to be increased to protect our own business against cheap currency effects in Europe and Asia. This cannot be done by negotiating tariff and trade agreements with various countries. That method would be far too slow, and to clumsy, requiring as it would the sanction of two-thirds of the members of the United States senate. What our industries which are being seriously crippled by debased currency and resulting starvation wages abroad now need is some direct action which will protect our own producers. Here is one time when we are confronted both by a theory and a condition which dovetail. The theory is that debased currency lowers wages and living standards, and permits the producer in that country to undersell the producer in the nation which has sound, stable money. The condition is increasing unemployment in certain key industries of America, and it is a condition which ought to be remedied at once.

"BIG BUSINESS" IS TO BLAME FOR OUR POLITICAL AND ECONOMIC ILLS

(By Dr. V. J. Gragg)

I was in bed sick all last week and had nothing to do but ache and hurt and read the papers, and then ache and hurt and think and read the papers some more. I had the flu for some time before, but last week the flu had me.

Well, I was just thinking when they had the near bill up in the legislature they ran themselves "ragged" and went "hog-wild" over the wonderful amount of revenue it was going to bring in. And they were going to have us believe that it was surrounded with more freedom and liberty than the entire constitution of the United States. It was going to ease up our taxes, keep our schools open and educate our boys and girls; but now, where are your schools going? Of course, you don't know where your taxes are going, at least they don't want you to know, else they would come forward with a sensible audit, showing where it goes.

Well, now, up at Washington, they are ranting in and raising the same kind of cain over real beer. They can tell you just how many thousand men will be employed in its manufacture, and how many freight cars will be required to transport it; and oh, how many millions of dollars of revenue will flow into the treasury of the United States. That's all mighty fine on its face, but wait! Just who is going to pay all these millions? Not the rich, because there is such few of them now that their part would be negligible. Is the brewer going to pay it? Oh no, he belongs to the rich bunch and thinks too much of us poor devils to deprive us of the pleasure of taxpaying. The consumer, the man who drinks the beer, no matter if his children are hungry and his poor wife shabbily clothed; he will pay the tax, just like the man who buys the gasoline pays the tax, be he ever so poor and needy.

But that is enough about that. Have the beer if you want it, but don't be fool enough to think that you will not pay the revenue on it.

But back to "Home Economics," let's call it that. I showed you in a former letter where your cotton crop would be consumed twice over without putting a mouthful of food in your mouth or a rag of clothing on your back, not to mention scores of other necessary expenditures.

First, we are told that it would require the entire cotton crop to run the state government on the extravagant scale it is now being run. Second, it would take the entire cotton crop to pay our gas bill, and have nothing left to repair the old Ford nor to replace car or tires when worn out. So, with nothing else to consider (but many other things should be considered) I say where are we going and how long will it take to get there?

However, for a moment, let us try to forget the present and look backward for a few years to see what has gone with the money that once floated around occasionally.

They tell us that one certain automobile manufacturer is worth more than two billion dollars, and that a certain gasoline producer is worth nearly as much. Considering that to be true, just think how fast money has flown in that direction for the last twenty-five or thirty years.

If Adam was created 6,000 years ago, and could have lived on down through the ages to the present day, he would have to have cleared, cleared mind you, more than $900 per day every day that he had lived, in other words ever since creation, to have equaled the wealth that this one automobile manufacturer has acquired in a few years. But let's go a little further. I don't know, I sure don't, but they tell us that there is about five billion dollars worth of gold in the whole world, and you know gold is the standard almost all over the world. If you loan to, borrow from, or trade with, a foreign country, it must be gold and you must hold the glittering yellow in reserve to take care of all certificates issued by our own treasury.

Now, if the combined wealth of two men, one automobile manufacturer and one oil magnate is equal to four fifths of the gold of the entire world, not to mention Uncle Andy Mellon, J. P. Morgan and Co., the Rothchilds, Goulds, Vanderbilt's and hundreds of other millionaires, you can readily see why we are in a suffering condition. The wealth, freedom, comfort and happiness of more than a hundred million people in our great country has gradually, but all too quickly, gravitated, yes gravitated, into the hands of a few.

We cannot deny that millions are out of work and at starvation's door and we must admit that most of these millions would be glad to work for a living if they only had a chance. These are the conditions and we cannot get around it. Who is to fault and where is the trouble? Should we say "big business" or unsoundness economically? You may have voted for a president or a senator or some other high official not long ago. You may have won or you may have lost your vote. Your man may or may not have been elected. That matters little, but mark what I say, "Big business" was the most active factor in nominating that candidate and thereby and therefore said who you should vote for long before you had a chance to vote. In other words, you are free to vote for whom you please but you must vote for one of two that "big business" has already named on either side of the political question, and what difference does it make after they have selected the two for you to take your choice?

This same sort of thing holds good in the various tax and revenue laws for no matter where the law is applied, they see to it that the burden is shifted on down and "George" pays the bill. For example, when another cent tax is put on gas, does the producer or dealer pay this extra tax? No! The price goes up one cent and you pay that cent. If a tariff is fixed on mens' hats or ladies hose, the consumer pays the additional tax. The dealer is no worse off, the manufacturer is that much richer. If we have a general sales tax, who pays it, the manufacturer or the dealer? Certainly not, they pass it on down to the poor fool consumer, who is accustomed to paying it.

Do you think that "Big business" would pay an income tax if imposed? With very few exceptions it could and would pass on down to the consumer.

Big business gets busy and keeps busy. "Money talks." It nominates practically all your higher officials and then graciously allows you to hold an election and take your choice of its nominees.

The reckless waste of money in official Washington effects every person in the nation. So does the reckless extravagance in official Montgomery effect every man, woman and child in Alabama. When you buy a gallon of gas for your car or a match to light a fire, or a stamp to mail a letter, you help to pay for this frightful extravagance. Are you going to allow this condition to exist forever, or is it time to "set up" and take notice?—V. J. Gragg.

The MAN in the MOON

Looks Over All—
Overlooks None

In Memory of MRS. G. M. WYATT

We join with her immediate family, her relatives and many friends in genuine sorrow for her untimely passing.

When Uncle Sam is Ill

Have you ever stopped to think how much it costs Uncle Sam to be ill each year? A recent survey by medical authorities, furnishes the following figures, which are quite interesting: The nation's medical army consists of the following: 142,000 physicians, 62,400 dentists, 213,000 nurses, 132,000 pharmacists, 20,200 optometrists, 47,000 midwives. The annual dotctor's bill is approximately $3,000,000,000. This is nearly nine times the cost of the navy, $360,101,000—over six times the cost of the army, $460,078,00 — nearly three times the public debt cost, $1,016,946,000—and three-fourths of the entire U. S. budget, $3,995,026,000. No wonder we feel so bad when we are sick.

The 1933 Model Farmer

Times change, and we must all change with them if we are to keep step with them. There once was a time when cotton was the money crop of farmers in this part of the country, but that day is passed. The successful farmer in 1933 will diversify—plant several different crops—then, if one fails he will have another to fall back on. Some may say: "We can't sell these peanuts, potatoes, peas, tomatoes, beans, corn, sorghum, and what-not. How are we to pay our taxes? We can live from all these things, but the tax collector will not accept such in payment of taxes." But the farmers in this locality know that they CAN sell such crops. They may not receive top prices for them, but they have not been getting such good prices for cotton in the immediate past, either. The growing of these crops may keep the farmer too busy for him to have much time to spend around Peckerwood Corner, "cussing" and discussing the hard times, but next fall will find him more able to pay his taxes, buy the family clothing needs, buy his auto tag and run his automobile than if he depended on cotton alone. And, by the way, I think a farmer has just as good right—maybe better—to the ownership and attendant pleasure of an automobile as anyone. It may not be a 1933 model, but it will keep on passing the trees, and that is what they are bought to do in the first place. Let's use some 1933 model methods. What say?

The Dynamite Boys

While many people discount our chances of much trouble with the radical element, "reds", bolshevicks, or whatever you care to call them, any time in the near future in this country, yet a few things which have happened lately should alarm us from our slumbers in regard to this matter. This country is not at all immune from the plague of communism. Only a few days ago a young man arose in the gallery of one of the buildings being used by one of our national law-making bodies, and, at the point of a gun, demanded that an explanation of his views be heard. Nothing came of this incident, but it goes to show, nevertheless, that we may expect trouble from this quarter soon. And, with so much unemployment, discontent, and the like in the land, as is the case at present, the matter takes on a serious aspect, indeed. The time is ripe for communism to put in some of its dirty work, and don't think that they are not aware of the fact.

Uncle George Willis Again

A few days ago I was in helping a bunch of the boys keep Rockett's stove warm, when Uncle George Willis dropped in. Now, as I have said many times, Uncle George is one of my very best friends, and a man whom I am proud to call a friend, although I am a Republican (and proud of it) and he is a Democrat (and admits it). Uncle Tommy Rockett told us all about how people were bringing in sorghum and trading it for everything from fishhooks to building material. Uncle George chimed in then, "Yes sir," he said, "I will back up that statement," and pulled out a new pocket knife. "I just traded a gallon of syrup for that knife, this morning. I needed a knife and Tommy needs the syrup—he had the knife and I had the syrup, so we swapped even." And what a kick he got out of that trade—tickled as a kid with his first red wagon. And then, of course, politics came in for its round of discussion, and Uncle George put in on that, too. He has been here for a pretty good while, and he's wise, too—don't fool yourself for a minute. Here he goes—listen to him: "Well, the Democrats and Republicans have much in common to thank each other for in the last two elections. We Democrats went in and helped the Republicans elect Hoover and then the Republcians came and helped us elect Roosevelt." He got a good laugh all around out of that one. I wonder why good men like Uncle George can't live always. The world needs a lot like him.

Phophecy Corner

Just as Peckerwood Corner got its name from the persistence with which that peckerwood stuck to his job all last year, just so has the corner over by Rockett's place taken on a new name—Prophecy Corner, or Prophet's Corner, just as you wish. In passing that corner many times, of late, I have noted that the boys hang around over there more in the winter time—it is warmer, because the sun gets a better whack at that side of the street. Of course, like Peckerwood Corner, many subjects are discussed there, but I believe the Bible and its prophecies take first rating there. How the fellows do get each other told about the many prophecies and their fulfillments. Just step around some time, if you have some pet question you don't understand—you can surely have it explained—anything from the profound predictions of Isaiah to the later day Revelations. That's Prophecy Corner—just check up and see.

What's the Use

Passing down the street not long ago, and one of the boys handed me a card and told me to read it. I did, and thought it was pretty good. I claim no credit for it, and don't know who to credit its composition to, but there is much truth in it. Here 'tis: Man comes into this world without his consent, and leaves it against his will. When he is little the big girls kiss him, and when he is big the little girls kiss him. If he is active in politics, it is for graft; if he is not interested in politics, he is no good to his country. If he makes a lot of money, he is dishonest; if he is poor, he is a bad manager. It he needs credit, he can't get it; if he is prosperous, everyone wants to do something for him. If he is religious he is a hypocrite; if he doesn't go to church, he is a hardened sinner. If he gives to charity, it is for show; if he doesn't, he is a stingy cuss. If he is affectionate, he is a soft specimen; if he doesn't care for anyone, he is coldhearted. If he dies young, there was a great future before him; if he lives to a ripe old age, he missed his calling. If he saves money, he is a tightwad; if he spends it, he is a spendthrift. If he has money, he is a grafter; if he hasn't got it; he's a bum. So, what's the use?—Man in the Moon.

MR. GARNER'S LEADERSHIP

The leadership of Speaker John Garner, of the House of Representatives, and Vice President elect, met its first upset very shortly after Congress convened, when the House by a narrow margin of six votes, turned down the prepared resolution for the repeal of the Eighteenth Amendment. The vote was so close that many friends of the resolution are naturally wondering whether it might not have been possible to gather in enough votes to have it put over, had a more diplomatic procedure been followed.

The Garner prohibition repeal resolution was introduced as soon as Congress convened. Debate was limited to forty minutes by the Speaker's invoking the drastic procedure of suspending the rules so bringing the resolution to an immediate vote. The offering of amendments was not permitted, probably through fear that some sort of amendment might be adopted in line with the recent Republican platform, although the House is in itself controlled by the Democrats.

Several days before Congress convened Speaker Garner was quoted as stating that the repeal question would be put through the House as soon as it convened and he did not change his opinion, according to press reports even up to the time the voting commenced. Just why Garner determined on such rapid and drastic action in attempting to put through the resolution is not known. During the recent campaign Mr. Garner, for some reason or other, was kept in leash by the Democratic Board of Strategy. Perhaps, as soon as he was unleashed, he determined to show the country that he could be a real boss instead of a subdued statesman, if he chose to be. But he will have to try again.

In the meantime although there is a great deal of outcry among the friends of the repeal resolution against the "lame ducks" in Congress, there is private admission that Mr. Garner's leadership seems to be more successful than it was in the preceding session. This especially in view of the fact that a great deal of bitter opposition to the resolution came from Southern Democratic members of Congress.

Mr. Garner has been unhorsed in his first joust. It remains to be seen whether he can do any better when he gets in the Senate saddle. The record so far is against him. As a leader of the wets he has proven to be no Sir Galahad.

FOREIGN CHRISTMAS GOODS

Advocates of lower tariffs ought to be both enlightened and overjoyed with the news which has been coming out of New York recently to the effect that the imports of Christmas goods to the United States, in spite of the depression, are greater this season than for any holiday season since 1927. They are coming from nearly every civilized nation on the globe. Japan is sending a full quota of toys—electric light bulbs are not the only cheap import from the Island Empire—fine soaps, perfumes and other cosmetics are coming from France. England is sending its share of fancy toilet goods and also plum puddings and the like. Germany is sending us temperance wines, cakes, candies and other Christmas tid-bits for which the Fatherland is famous around Christmas. Norway and Sweden are sending fancy Christmas packages of prepared fish, while Italy is sending us temperance liquors. Cigars and tobaccos are, of course, coming from some of the other countries, and some of the manufacturing nations of Europe are sending jewelry, toys, artificial flowers, and so on.

One may well inquire why there is such an influx of Christmas goods from abroad when there are so many of our own people out of work, with our factory production curtailed. What is the matter, anyhow?

The answer is partly that fifty-one per cent of our imports come in duty free even under our present tariff law. But another reason and a big one is found in the fact that cheap currency in many of the nations abroad renders our protective tariff ineffective. Foreign workers always receive a lower wage than American workers. That is why we have a tariff which is theoretically designed to equalize the difference in the cost of living at home and abroad—although it has not done so in recent years. But cheapened money in countries which are off the gold standard has further reduced wages in these countries. The result is that the manufacturers abroad are able to mount over our protective tariff walls and undersell American producers who pay their workmen with dollars worth a hundred cents.

Yes, this is going to be a big Christmas —especially for the importers who oppose our tariff because they make money out of low tariffs, and for our free trade internationalists who rejoice to see good American mony go abroad at the expense of the American manufacturer and the American worker.

The old rhyme was something about "sing a song of six pence, pocketful of rye." Now it would have to run something like this, "Sing a song of six pence, for a bushel of rye."

Cheer up, brothers. In eight weeks the big league baseball teams will be getting ready to go south again.

Up to this time the debtor nations haven't pulled that old one on us about it being the woman who always pays.

We knew a lot of promoters who never expected to live to see the day when $10,000 would look like a lot of money, but they have.

The allied nations would agree to keep on making war debt payments on one condition —that we lend them the money to do it with at a reduced rate of interest.

It is said that if the price of wheat gets much lower the farmers out in Kansas are going to take to raising Hessian flies.

What we would like to know is, what they used to do with all the tomatoes before everybody got to drinking tomato juice cocktails.

The cheapest insurance Uncle Sam can buy is a first class navy, and he can't afford to be without it.

The Man on the Corner

Some Sights He Saw—
and Some He Saw Not

Wish You A Merry Christmas

Along with everybody else, I join this week in the chorus of extending to my friends everywhere "A Merry Christmas." Let us trust that we may find joy, peace, hope and happiness for our troubled minds and hearts at this Yuletide Season. If we fail to find hope, I fear we shall also fail to find the other things. Our very future hangs upon hope, our faith, in the things we seek.

Dear Santa Claus

Monday morning was bleak and cold. I came down the street shivering beneath the weight of my heavy overcoat. No sooner had I gotten inside my office than a little barefoot boy thinly clad, came up to my desk and handed me a piece of paper. His little body was shivering. His little feet were blue and numb. But in the light of his eyes there shone out the spark of hope. Upon the piece of paper he had rudely scrawled these words: "Dear Santa Claus: We are three little boys, ages ten, seven, and five years. Our daddy has not got a job. He gets barely enough work to keep us in something to eat and wear. Please bring us some fruit, nuts, candy and toys. Please remember us on Christmas."

Hope Lost, All is Lost

I would like for you to tell me what there is in life for that little boy and his brothers, if there is not hope. His hope and his faith in Santa Claus does not stop in the expressed wish for toys, fruit, and candy. Although I am a man of middle age, I still believe there is a Santa Claus. I would not have the hopeful and trustful boys and girls of this world lose faith in Santa Claus for anything. My prayer is that Santa Claus will be able some way, somehow, to prove himself in the faith of every poor boy and girl in Chilton County this Christmas. I know it is a big job for the old man, but men who are made of the stuff Santa Claus is made of are equal to big jobs. I have faith in Santa Claus, and I am going to help him all I can. Won't you help him too?

We Must Help the Needy

That there are literally hundreds of boys and girls, men and women in Chilton County who are in dire distress and want, is a sad fact that has already dawned upon every observer. All of us are poor. Very few people are far ahead of the the march of hunger. But we who have means of shifting must not forget those who are against the rocks. If we are able to provide for them at Christmas, we must strain ourselves just a little further and help brighten the hearts of some one of the helpless. He who cares for only himself and his own in these times will find his cup of joy empty on Christmas morning.

THE VAGRANT ARMY

The people who call themselves "hunger marchers" are breaking down by their own conduct whatever sympathy might have lurked in the public mind for their project. As far as strategy is concerned, it was an egregious error to allow Earl Browder, spokesman for the Communist party, to announce in New York that the march has been inspired and supported by the Communist organization. The reaction in the country at large will be decidedly unfavorable to the whole movement when Browder's statement is read, to the effect that a vast majority of the marchers are not Communists when they start on the trek to Washington, but that "most of them become sympathetic (to communism) in the course of the march."

Not even the direct pinning of the red flag on the movement, however, will go so far to disgust the nation with the tactics employed by these unemployed groups as the reports that filter in from cities all over the country dealing with the conduct of the transients on their way to the capital. In Toledo, a contingent was offered the hospitality of the city by Mayor A. Q. Thatcher, and sent to Welfare House for an evening meal and overnight shelter. The supper, consisting of ham, cabbage, beans, cottage cheese, boiled potatoes and coffee, was considered more than adequate by welfare workers, but it did not meet with the approval of the marchers. Some one of their number made the complaint that the potatoes served to them were sour. Other criticisms were immediately lodged, food was thrown about the room, and the supper broke up in a near-riot. Early the next morning a displeased mayor urshered the marchers quickly out of Toledo.

Such incidents have been repeated in various towns where the unemployed caravans have drawn up and made demands for food and shelter. The hunger marchers, one observer has pointed out, are actually not either hungry or marchers. They converge on Washington, not on foot, but in automobiles and trucks. On New England delegate even insists that "lots of our fellows quit their jobs to go on this hunger march."—Louisville Courier-Journal.

R. L. HUFFMAN GIVES SOME BIBLE FACTS

Christ calls His people His church, "which is his body", Eph. 1:22-23, and He is the Savior of the body.

The phophet Daniel, by the wisdom of God, looked down the stream of time, and saw the days in which God would set up a kingdom and pictured the time of the Roman empire. Nebuchadnezzar, king of Babylon, had a wonderful dream, which Daniel intrepeted. From this dream Daniel foretold that God would set up a kingdom "in the days of these kings." which reigned in the Roman empire. Read 2nd chapter of Daniel.

John the Baptist preached, "Repent ye: for the kingdom of heaven is at hand." Matt. 3:2. After John the Baptist was cast into prison, Matt. 4:12, Jesus began to preach "Repent ye: for the kingdom of heaven is at hand," Matt. 4:17. After that Christ selected and taught His apostles, the twelve, both by precept and example, all the while demonstrating His divinity by wonders and signs, always accomplishing something good.

Upon one occasion He asked His disciples, saying: "Whom say ye that I am?" Peter said, "Thou art the Christ, the Son of the living God," Matt. 16:13-19.

In reference to Peter's confession, Christ said: "Upon this rock I will build my church, and the gates of hell shall not prevail against it." Then He promised Peter the "keys of the kingdom of heaven: and whatsoever thou shall bind on earth shall be bound in heaven: and whatsoever thou shalt loose on earth shall be loosed in heaven." He likewise promised the same to all His apostles, Matt. 18:18.

From this we see that Christ used the terms, "My Church," and the kingdom of heaven in the same sense, showing that a short while before His death His church had not been built, for He says, "I will build my church," and promised the keys of Peter and the other apostles saying, "I will give unto thee the keys of the kingdom of heaven."

Now, after the Savior had been crucified, buried and resurrected, and just as He was about to return to heaven to God, His Father, "to the ancient of days," Dan. 7:13-14, "with the clouds" to receive "a kingdom" He commanded these apostles (except Judas) to wait at the city of Jerusalem for the power of the Holy Spirit, Luke 24:46-49; Acts 1:4-5, 8. On pentecost, after the resurrection of Christ, the holy spirit brought from heaven the "law of the spirit of life," Rom. 8:1-2, as the law of the kingdom of heaven, which the prophets, Isaiah, Micah and Joel, said should go forth from Jerusalem, Isa. 2:2-4; Micah 4:1-4; Joel 3:32.

Peter said, "All things that pertain to life and Godliness" had been given to them (the apostles), 2 Pt. 1:3. Peter taught that David foresaw that God would raise up Christ to sit on David's throne, which also is spoken of as the throne of God. Peter says, "Therefore let all the house of Israel know assuredly, that God hath made that same Jesus whom ye crucified, both Lord and Christ," Acts 2:36.

Thus we see that Christ is king over His church. He is King of Kings and Lord of Lords, Rev. 17:14; Cal. 1:13.

Christ completely established His government and church on earth when the Holy Spirit delivered through the apostles the conditions of salvation and the perfect law of liberty.

The Church of Christ began to function fifty days (which was pentecost) after the resurrection of Christ, after Christ ascended to heaven and sent the holy spirit for a guide to the apostles as agents to loose and bind the conditions of salvation, the government of His Church, and all things that pertain to life and Godliness. No one can do better than to humbly believe and obey this perfect law of liberty, as the law of the kingdom of heaven. (To be continued).—R. L. Huffman.

FRUITS For Christmas

Dear Friend: Wherever you are, I have a message for you. I know you will buy some fruit for your folks at Christmas time. Before you buy it, I want to see you. I have loads and loads of the finest apples and oranges, and the price is so low you can afford to buy as much as you need.

CARD OF THANKS

To my friends and neighbors in and around Clanton, I wish to express my sincere thankfulness for your recent deeds of kindness shown to me and my family during the recent illness and death of my devoted companion. Especially do I wish to thank the nurses and doctors who so carefully waited on her during her illness at the Central Alabama Hospital. While I can not avoid the burden of this great loss, I am glad that my friends have done all they could to sustain me and comfort my broken heart in these sad and trying days. May God bless and keep each one of you and reward you with His own sustaining grace and comfort when your hours of sadness come.—G. M. Wyatt.

Udah Curlee, teacher in the Emma Sansom High School at Gadsden, is at home to spend Christmas with his mother, Mrs. J. M. Curlee.

Lesson for December 25

GOD'S GIFT TO MAN (Christmas Lesson)

Luke 2:1-20.

GOLDEN TEXT—For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life.—John 3:16.

PRIMARY TOPIC—God's Best Gift to the World.

JUNIOR TOPIC—God's Greatest Gift.

INTERMEDIATE AND SENIOR TOPIC—What Christmas Means to Me.

YOUNG PEOPLE AND ADULT TOPIC—Jesus the Source of Peace and Good Will.

I. The Birth of Jesus (vv. 1-7).

1. His birth foretold.

a. Predicted by Micah (Micah 5:2). The prophet Micah foretold the birth of the Messiah some seven hundred years before. There seemed little likelihood that this prophecy would be fulfilled even shortly before it took place. Jesus' mother was miles away in Nazareth in Galilee. God moved upon the Roman emperor to enforce the decree of taxation which brought Mary to Bethlehem at the proper time.

b. His birth predicted by Gabriel (Luke 1:26-38). Gabriel, the archangel, was sent by God to the little town of Nazareth to Mary, a Jewish maiden, who was betrothed to a carpenter by the name of Joseph, solemnly announced to her that she should give birth to the Messiah and that this Son should not be Joseph's but the child of the Holy Ghost (Matt. 1:18-21). This was in fulfillment of Isaiah 7:14. Though at first perplexed, Mary accepted the announcement with remarkable courage and devotion. To be told that she was to be a mother was nothing startling, for this was a normal desire of every married Jewish woman. However, under the circumstances she accepted motherhood at a tremendous cost. She was conscious of her virgin purity. She knew that to become a mother under such circumstances would expose her to unutterable suspicion and shame. Later the angel of the Lord appeared to Joseph also making to him the same announcement and added that the child should be called Jesus (Matt. 1:21). The virgin birth was contrary to Jewish thought and expectation; therefore, it could not have been invented by them.

2. The prediction fulfilled (vv. 1-7). Christ's birth took place at a most opportune time. It occurred when all systems of religious worship were tottering upon their foundations. The whole world being under the power of Rome made it possible for Christ's ministers to go from city to city and from country to country unmolested.

II. Jesus' Birth Announced to the Shepherds (vv. 8-14).

This was the first Christmas service.

1. To whom the announcement was made (v. 8). His birth was announced to the shepherds who were keeping watch over their flocks by night. Their humble state in life and their being busy with common duties did not prevent them from hearing this glorious message from God. Moses, Gideon, Amos, and Elisha were all called of God from the activities of life.

2. By whom the announcement was made (v. 9). The first gospel sermon was preached by an angel of the Lord. We thus see these holy beings interested in men, and having part in the announcement of God's plan for their salvation.

3. The nature of the message (vv. 10-14). It was "good tidings of great joy." The darkness of heathendom which had so long covered the earth was beginning to vanish. The casting out of Satan, the prince of this world, was about to take place. Liberty was soon to be proclaimed to those in bondage. The way of salvation was to be offered to all. No longer was the knowledge of God to be confined to the Jews, but offered to the whole world. So glorious was this news that a multitude of the heavenly host accompanied it with songs of praise.

III. The Shepherds Investigating (vv. 15, 16).

They did not stop to argue or raise questions, though these things were, no doubt, strange to them. They went immediately to Bethlehem where they found everything as reported. Here they had the privilege of first gazing upon the wondrous Savior, the very Lord of glory. They returned with gratitude in their hearts, praising God for all these wonderful things which he had revealed into them.

IV. The Shepherds Witnessing (vv. 17-20).

When they beheld the Lord of glory they could not remain silent; therefore, they went back praising God. Those who receive this gospel into their hearts must tell it out to others.

GLEAMINGS

The crown of all virtues is love or sympathy.

* * *

Fellowship with God is the balm for bruised hearts.

* * *

God is the Father of mercies and the God of all comfort.

* * *

It may well be that the good we unconsciously do exceeds the sum of our purposed benefactions.

Stanley McNeill of Jemison was a visitor to Clanton Monday.

DALLAS MECHANIC DIES IN ROW

Selma, Dec. 20.—W. K. Garrett, mechanic employed by the Davis Motor Car company at Montgomery, was shot to death near here last night when, officers said, he engaged in an argument with W. W. Robinson, operator of a filling station.

H. B. Brown, Dallas County deputy sheriff who invetigated the slaying, said Robinson told him he shot Garnett as the latter attempted to enter the yard of his home, next door to the filling station, after Garrett had become angered at the barking of his dogs and used abusive language.

The shooting, the deputy said, took place about 11 p.m. on the Burnsville highway, eight miles from Selma, after Garrett had stopped at the filling station while returning from Jackson where he had taken his family for the Christmas holidays.

The station was closed and Robinson had retired when Garrett arrived, Deputy Brown said. The commotion among he dogs aroused him, he told the officer, and the argument followed.

No charge had been preferred against the filling station operator. Garrett's body was held at a Selma funeral home pending the arrival of relatives.

DAT BLOOMIN PREACHER

All Ah know is Whut de Bible say Bout Hit.

Text: Luke 2:11. "For unto you is born this day in the city of David a Savior, which is Christ, the Lord."

Let us first notice the various names by which our Savior is known in the Bible. One of the first names we find given to Him is "Immanuel." In Isiah 7:14, not however, as the name of an individual, but in its literal sense, which means "God with us." The name Jesus was given to Him from heaven, as we read in Luke 2:21. His name was called Jesus, which was so named of the angel before He was conceived in the womb. Also in Luke 1:31, in verse 32 we read, "He shall be great, and shall be called the son of the highest."

In our text we find three other titles, Savior, Christ, Lord. Now I wish to take up the first of these which is Savior, because we are approaching Christmas which we keep in honor of His birth. The Jews thought that the Savior would come only to their nation. Inasmuch as He was to be born by a Jewish virgin and also, because they thought God was the God of the Jews only. In this of course they were mistaken, as Jesus Himself, showed to them while He was here on earth, and to this day the Jews, still looking for His coming, think that the promise of a savior is to their nation only. This shows a very narrow mind on their part, to think that God would be so partial as to provide a savior for one nation and not for the other nations of people whose souls are just as precious in His sight as those of the Jews. Another idea of theirs, which is just as far wrong in its whole conception, is the belief that when the Savior does come, that all Jews will be saved through Him without any repentance whatever, and I might say just here, that we have some among us now who profess to believe that all people will be saved through the atonement made by Christ without repentance on their part. How such, as believe and teach such doctrine can so understand the New Testamint, is wholly beyond my comprehension.

When we look at John 3:18, which says "He that believeth on Him is not condemned: but he that believeth not is condemned already, because he hath not believed in the name of the only begotten son of God."

This scripture text alone seems to be convincing within its self without further references. It would be a fine thing if such doctrines were true. That is, fine for that class who will not hear the gospel. Satan never loses a chance to stuff into the heart of man that there is no need for repentence. Thousands have gone to their graves without being saved by listening to the enemy of souls as he preaches the doctrine of no repentance.

There is no one who knows better than satan just what will happen to men who depart out of his life without a savior. Now, to those of you who claim Jesus as your Savior, let us celebrate His birth this Christmas just like loyal subjects of an earthly king would celebrate the birthday of their king. Jesus is our king and His birthday is close at hand. We could not do better than to meet at our respective places of worship and engage in song and prayer on that day. To my mind, there is nothing nicer than to hear God's people singing and praying on Christmas day.

We should also teach our children what the day is kept for and lead them to reverance Christmas day as we woud the Lord's day, or Sunday.

Now, to those of you who, as yet have not accepted Christ as your savior, let me ask, why do you celebrate the birthday of one who means nothng to you as it is? You are not going to lay off from work to celebrate the birthday of some one whom you do not know. You will not celebrate my birthday nor me yours, because we mean nothing to each other. So if Christ means nothing to you, why keep his birthday? But to us whom He means so much to, it is a happy time when His birthday comes around, because we love Him and want to honor Him on His bitrhday.

It was a great day for the world when the angels announced the birth of the Savior. It surley was glad tidings of great joy to all people. Christians, can't we make known to a lost world how happy we are in Christ; and how anxious He is to save every one that will come unto Him? Let's all try this Christmas to win one soul to Chrst. It would be the sweetest Christmas that we ever had, our cup of joy would run over and we would be happy the whole year of 1933. Besides, a soul would be saved and made to love the Savior that we love and heaven and all of its hosts would be made to rejoice.

Now sinner, in conclusion, may I ask you to let this Christmas be the most blessed one of them all by accepting Christ as your Savior. You surely don't want to be lost and go to the judgement without Christ. May you think seriously over this just now as we celebrate the birth of the Savior, which is Christ, the Lord. I must close now. May the Lord bless every one.—Elder Blossom.

Mrs. H. B. Deal and Miss Frances O'Neal of Lay Dam left Tuesday for Columbia to spend Christmas with their mother. They were accompanied by Owen and Junior Deal.

Pete Jarman Gets Help From Legislature Act

Necessary Force of Clerks Is Provided In Office of Secretary of State

Montgomery, Ala., Dec. 17.—After nearly two years, Secretary of State Pete B. Jarman, Jr., has obtained the necessary clerical assistance with which to efficiently operate his office. A bill for this purpose was passed during the extra session and was signed by Governor Miller on November 9.

Reprerenstative Charles O. Stokes, of Ozark, was the author of the bill, which gives the secretary of state authority to appoint a chief clerk, an assistant clerk and two stenographers, instead of the personnel of two to which the office had been reduced by executive order; the same as provided for that office in 1907. No other department was so drastically cut.

Mr. Jarman's first effort to remedy this situation resulted in a tie vote in the senate, which was untied against him by Lieutenant Governor Merrill. Later, both houses passed his bill overwhelmingly. The governor vetoed it and the senate passed it over his veto by a vote of 24 to 9 but the veto was sustained in the house. The legislature and executive branches both discovered during the extra session that Mr. Jarman was right in his contention that the personnel of his office had been cut to a point far below that of either efficiency or economy.

Mr. Jarman informs patrons of the office that it will take some time for the present force to catch up with the work that accumulated during the months when his department was running short-handed, though he and his assistants are working to this end as rapidly as possible; that when this is accomplished they can keep abreast of their work with efficiency and economy.

Volunteers who desired office experience and were willing to help for a time without pay are credited with keeping the department from being swamped with accumulated work during the rush periods, after the office force had been reduced.

PETE B. JARMAN, JR.

CLASSIFIED ADVS.

Clanton, Ala.

NATION'S LAW MAKERS SEEN AS HARD WORKERS

Banker Tells of Labor Put in by Members of Congress on Mass of Technical Measures

OUTLINING legislative procedure, Robert V. Fleming, President Riggs National Bank, Washington, D. C., gave the recent convention of the American Bankers Association a description of the difficulties and problems confronting the law-makers. Mr. Fleming said in part:

"The most important part of organization of the two branches of congress is election of standing committees. There are 34 standing committees in the Senate and 46 in the House. These are the workshops of Congress and the real work of lawmaking is done in Committee Rooms.

"The task of legislating for 124,000,000 people is a tremendous one. Of recent years approximately 20,000 bills are introduced annually in the two Houses. Only a small percentage become law, but they must be weighed in committee, accepted or rejected, perhaps amended, reported out, and then considered on the floor.

"Lawmaking involves about 99% of hard and unspectacular work and about 1% of oratory. Few tasks appear so easy and are so difficult as enactment of sound and satisfactory legislation. Few individuals in any line of activity work harder or longer hours than the chairmen of the important committees during a session. I have great sympathy for the members of Congress whose constituents expect undivided attention to every piece of legislation in which they may be interested. From my personal observation, they earnestly and conscientiously endeavor to do all that is humanly possible.

Public Hearings

"When a bill is introduced, referred to committee and printed the next step, if it is a measure of considerable importance, is to conduct a public hearing. The committee makes an effort to listen to anyone who cares to be heard either for or against a measure, although witnesses are frequently limited as to time. Members of the Cabinet and other officials of the administrative departments of the Government usually testify on measures in which they are interested and furnish the committee information in executive session or otherwise. In this way the Administration takes a prominent part in shaping legislation.

"Due to pressure of work and the fact that it is impossible for members of Congress to be technical experts on every subject of legislation, the committees are inclined to give consideration to the merits of arguments presented in testimony and the recommendations of the Cabinet and other officials. It is therefore highly desirable, both from the standpoint of Congress as well as those affected by proposed legislation, that the latter have an opportunity to discuss frankly the effects of such legislation.

"We sometimes complain about the technicalities of legislation, but when we observe organized minorities endeavoring to force class legislation through one House it is a comfort to know such measures may be caught in the meshes of technical procedure in the other and there suffer what is termed automatic asphyxiation."

A Country Editor Looks at Banking

THE editor of the Norwalk, Ohio, Herald takes a somewhat different view of the banking situation from a good many people. His idea is as follows:

"With rents falling and unpaid, real estate does not present a happy picture. Nor does the owner of carefully selected bonds feel any happier, with a bunch of them going wrong. A lot of folks very carefully invested in preferred and common stocks in the finest companies in the world and have seen them fall to perhaps a tenth of what they paid for them, and no dividends at all. Some folks kept their money in savings accounts in banks, and some banks have closed and left them high and dry. But the situation is worth looking at very carefully.

"On government authority, most banks that closed were really solvent but for frozen assets and popular timidity. Gradually the closed banks are coming out from under and depositors in even bad cases will get at least 50 per cent of their savings. That's tough of course; nobody likes to lose half of what they had scrimped and sacrificed and saved. But when you hoard and stick the roll of bills in a coffee pot or under a mattress, some plug-ugly comes along and burns your feet till you tell him to take it and welcome.

"And what about the great majority of banks that weathered the storm, met all comers and are doing business as usual, carefully and conservatively, but safely? What about the savings in those banks? They are a full 100 per cent today—and they are the only thing we know of at 100 per cent anywhere. After all is said and done, a good, well managed bank is still the best place in all the world for money or savings. Right now in Ohio the banks pay the taxes on all savings and pay their depositors net interest on their savings. We can't think, just now, of many other investments that are a tenth as safe as a savings account in a solid bank. Why, even a savings account in a closed bank is actually worth more today than most stocks."

Headquarters for Christmas fireworks at Calloway Drug Co., Clanton.

W. A. REYNOLDS

(Continued from Front Page)

of the State of Alabama is the distressed condition of our schools. There is more being said and less being done.

It does seem to me with all the advantages and opportunities this state has given its citizenship that some leader could rise up and lead us out of this widerness and not be forty years about it. If as much real energy and thought by competent people in this state had been used and a real honest-to-goodness effort had been put forward to help instead of tear down, we would not now be in this condition. Naturally the question arises in your mind, what would you do about it? The first thing I would do, I would reduce the ad valorem tax on every farm and every home 50 per cent from what it was in 1930. I would cut every office holder that was getting his pay out of tax money 50 per cent. I would cut the salary of every teacher, every county superintendent and every bus driver in this whole state 50 per cent, and then they would be left on a basis twice as high as the farmers are left who pay the taxes.

Do you think it is right or do you think our government will continue to exist with such a great inequality of earning power among its citizenship? Is it right for a farmer to work all the year for the pitiful amount of 25 cents a day, and pay taxes to keep up another class of people at $6.00 and $8.00 a day? Can you imagine what is going to happen when the farmer that has worked and toiled all of his life to get him a home where he can be comfortable in his old age, to have it taken away from him for taxes and deprive him of the thing that he has worked a life-time for? Could you expect this farmer to still remain a good citiben of this state under these conditions? No, a thousand times, no.

If I had the authority, I would issue warrants from $1.00 to $5.00 in denomination, payable in twelve months, non-interest bearing, and send these to counties where the superintendent, his teachers and bus drivers, etc., would be willing to suffer a 50 per cent cut and pay them off each month in these warrants; also I would pay all clerks and office holders of this state with the same script, and I dare say that the schools would run on in perfect harmony. Once in a while one might drop out but after spending a few days hunting another job, which he would not find, he would gladly return and accept a 50 per cent reduction. I believe that all channels of trade would be glad to accept these warrants in payment of debts or trade and as for myself, I would be glad to sell anything that I have and take it in these warrants. What we need is spending money, we do not need the kind of currency that the teachers have had, where thousands, yes hundreds of thousands of dollars have been placed on postal savings account by the teachers of this state. In my opinion this would relieve the situation that is now very much in distress.

I wonder if Governor Miller is still maintaining the high standard of farming on his farm that he did when he went into office. I wonder if his overseer is drawing the same salary, and his cotton pickers still getting $1.00 a hundred, or have they been reduced to meet these conditions? I wonder if he is replacing the post in his wire fence on his farm near Camden, with cedar, pine or mulberry, or is he replacing them with sap pine poles, skinned and painted on the end as the state highway has done on the beautiful paved road to Tuskegee and Troy?

This letter is not written in opposition to anybody but only hoping that I may drop a thought that will assist our leaders to go forward with patriotism and unselfish ends to the accomplishment of the things that this great state is entitled to receive at the hands of the powers that be.—Very truly yours, W. A. Reynolds.

MILLER FROWNS ON COTTON CONCLAVE

Montgomery, Ala., Dec. 16.—Governor Miller Friday wired Governor Blackwood, South Carolina, declining the latter's request that he call a state-wide meeting here January 10, 1933, officially to declare a "cotton holiday" until prices on the market reach 10 cents a pound plus "a living profit."

The Governor's telegram follows:

"Your wire re cotton. Our farmers are well organized. Do not consider proclamation necessary. I am referring matter to commissioner of agriculture."

The request from Gov. Blackwood was similar to requests sent to governors of the other cotton producing states as part of a plan by the South Carolina executive to increase the price of cotton through a general agreement not to plant the staple during 1933.

A HAPPY NEW YEAR!

A. P. Vinson Favors A Relief Fund Loan

Editor Union-Banner:

I do not know how we would let the people of Chilton County know our thoughts if it were not for your paper, as your columns are always open to the people of Chilton County, whether you agree with their views or not.

I assure you that I appreciate all the publicity that you have given the Commissioners Court since I have been a member. I say to the people of Chilton County that it has ever been my intention in my official capacity to render the very best service that I could to the county. Politically I have been a Republican, but officially I have not known politics.

I am sorry that the Commissioners Court has not always been together for the last two years and I sincerely hate to see political factions in the Republican party of our county. I would love to see all our people get together and stand shoulder to shoulder like we have in the past which I believe has been the cause of the success of our party for the last forty years, but the divisions and criticism in our party of Republican officials will sooner or later have effect on the elections of Republican tickets.

I want to say to the people of Chilton County that I feel like the greatest mistake that the Commissioners Court has ever made was when the Court divided on the question of getting $50,000 from the Reconstruction Finance Corporation, which was nothing more or less than a straight gift to the people of this county. I have not a word of criticism against Mr. Mims or Mr. Cobb for voting against this proposed Federal aid, but I do believe after a thorough investigation that it would have been a good thing for the Commissioners Court to have retained this money for relief for the unemployed and to help feed the hungry and starving women and children of our county.

It is my opinion that Chilton County could have used this money in building good roads in our County to a great advantage at this time because labor is more plentiful and cheaper than we have ever seen it and as I see it, considering the cheap roads we could have built and the unemployed we could have given work to, and then considering the fact that the money would have been a gift to us I think it was a great mistake in the Court not making a unanimous effort to obtain said money.

I am afraid that politics was the moving cause in the opposition around the courthouse to the county obtaining this relief money. It looks like politics has had to do with this matter at the expense of the hungry and starving people of our county.

I am sorry that the public schools in our county has been discontinued and I was in hopes that some arrangements could have been made whereby the schools of this county could have finished up this term but it seems like the expense of the schools are so great that the County Commissioners could not afford to appropriate the amount of money it would take to carry the schools on.

It is to be regreted that the school board and County Commissioners could not work together harmonious but it has been the policy of the Commissioners Court to, at all times, consult the wishes of the people on all important matters, and it seems like it has been the policy of the school board to keep everything a secret from the people, and I am afraid if the policy is to be continued, and two or three men can get together and elect a county Superintendent of Education, one of the most important offices of Chilton County, and not even give other teachers a chance to apply and qualify for the place and not consult or even let the people know when the election is to come off, in fact elect the Superintendent seven or eight months before the time for him to take office, to keep the people from knowing anything about it, seems to me is a bad policy and sooner or later will destroy the Republican party.

With very best wishes for a happy Christmas and a prosperous New Year, I am.—Yours very truly, A. P. Vinson.

State Amendment Needed To Alter Alabama Dry Law

Federal Beer Bill Would Not Affect The Dry Law Here

Montgomery, Ala.—An amendment to Alabama's prohibition laws would be necessary before an act such as passed the House at Washington Wednesday seeking to legalize the sale of 3.2 per cent beer could become effective in this state, legal authorities of the state said Thursday.

Judge A. A. Evans, assistant attorney general, said even if the eighteenth amendment were repealed by Congres, Alabama's laws would remain unchanged until the Legislature had acted.

"Alabama had its prohibition laws before the national government passed them," said Judge Evans, "and they would have to be repealed or modified by the Legislature."

The state could repeal all of its prohibition laws or amend them, Judge Evans said, and it could legalize the sale of beer through the passage of an act amending the state prohibition statutes.

Regarding opinion said to exist in some quarters that the Edgar "near beer" act might have impaired the state prohibition laws, Judge Evans and John Peach, legal adviser to the governor, said they doubted this. Judge Evans said his understanding of the "near beer" act was that it affected only this particular phase of the prohibition law and merely modified the statutes.

Mr. Peach also expressed the belief that beer could not be sold in Alabama unless the state's present prohibition laws were repealed or modified. He said the Legislature would have to pass an amendment before beer might be legalized.

PROSECUTOR CHOSEN

Montgomery, Ala., Dec. 22.—The appointment of Hartwell Davis, Opelika attorney, as assitant United States attorney for the middle Alabama district was announced Thursday through Arthur B. Chilton, U. S. district attorney here.

Davis succeeds J. O. Middleton, who resigned recently to accept an appointment as special attorney for the United States Department of Agriculture.

The appoinment was made by the U. S. attorney general and is effective immediately. Mr. Chilton said his assistant would move to Montgomery at once.

HUGH WHEELUS APPOINTED CORPORAL IN U. S. ARMY

Word has been received here that Hugh Wheelus, whose mother Mrs. Annie Wilkerson resides in this community, has been appointed a corporal in the United States Army.

Corporal Wheelus, after spending three years with colors, recently reenlisted in his organization, Headquarters Company, Fourth Brigade, located at Fort Francis E. Warren, Wyoming. Careful attention to duty combined with clerical ability were two of the reasons for this promotion. Corporal Wheelus will remain on duty with his company as the company clerk.

McDonald Quartet At Jemison Friday

The McDonald Quartet, of Birmingham, will render a concert at the Jemison High School Friday night, of this week, December 30, beginning at eight o'clock. The program will be under auspices of the Jemison High School basketball team, and will be presented as scheduled, regardless of the weather.

The McDonalds are well known throughout this territory by their radio presentations over WAPI. Their program will include sacred and popular songs as well as interesting comedy skits.

Admission charges will be 10 cents and 15 cents. The public is cordially invited to attend.

PARRISH-ROBINSON MARRIAGE

At the home of Rev. J. Robert Bean in Clanton last Saturday afternoon with Rev. Bean officiating, the holy rites of matrimony were administered to Mr. Bolling Robinson, Jr., and Miss Clara Parrish, both of Providence, Beat 16. The former is the oldest son of Bolling Robinson, and the latter is the daughter of Rev. and Mrs. M. J. Parrish.

BOY HURT WHEN THROWN FROM FLYING JINNY

Clarence Baker, age about 18 years, was seriously hurt last Saturday afternoon when he was thrown from the flying jinny that is being operated on the vacant lot near McCain's.

It is said that the swift whirling of the device caused young Baker to get sick, and when he was no longer able to hold his place it threw him off.

First reports which spread rapidly over town were that the young man's neck was broken. He was rushed to Central Alabama Hospital where examination proved that his neck was not broken. He was seriously injured about the head, and remained unconscious for several hours.

Mr. Steve Baker, father of the young man, stated Tuesday that he is improving rapidly now, and will be able to get out of the hospital in a few days.

Misses Lottie and Mary Scarbrough and brother, Willie, of Birmingham, have been spending several days recently with their grand parents, Rev. and Mrs. A. L. Foshee of Liberty Hill community.

KIWANIS ELECTS NEW OFFICERS

Renewed Interest Shown In Program of Activity For 1933

Next to the last meeting of the year held by the Kiwanis Club of Clanton, took place last Thursday night in the dining room of the Exchange Hotel. A special Christmas dinner was served, and that means that it was turkey and all the accessories.

Good attendance was noted and on the list of matters attended to was the election of officers for the coming year of 1933. W. M. (Mack) Wyatt was unanimously elected president of the club for the new year with L. H. Reynolds as vice president; Earl E. Upchurch, treasurer.

Before the election of officers, Mr. Wyatt was called on for one of his talks that make a fellow feel like getting up and getting about, doing something. This talk was thoroughly enjoyed. Following his election, Mr. Wyatt stated to the club that he would put all he could into the activities of the club to make 1933 a bigger and better year for the club and Clanton.

Plans were also completed at the meeting last Thursday night to deliver Christmas baskets of toys and fruits to the unfortunate families in Clanton on Christmas morning. The club will hold it's regular weekly meeting tonight at the Exchange Hotel.

The new Board of Directors is composed of Sam J. Ezell, M. Lande, Raymond Smith, Billy Smith, Earl Thomas, L. C. Warr, and Leonard Williams.

Mr. Tera Parrish, who has been working in Fort Worth, Texas for the past six months, has returned home.

NEW TAXATION PLANS STUDIED

Washington, Dec. 24—A radically new scheme of taxation is being studied by President-elect Franklin D. Roosevelt and may be proposed to congress at the special session after March 4, it was learned Saturday from sources close to the incoming executive.

The plan calls for taxation of corporate surpluses, said to aggregate about $4,000,000,000 at the present time.

Latest available income tax returns show that business contributed only $331,119,732 to the treasury of the United States in 1931, and the total for 1932 has probably been much smaller. The corporate surplus tax would greatly increase this construction, depending on the rate fixed.

It has been suggested here that the new tax might be linked with a proposal for exemptions to those firms establishing systems of unemployment insurance for their employes. This would establish a strong incentive for use of reserves to prevent suffering among unemployed, and would at the same time penalize use of reserves for dividend payments.

If the new tax plan caused corporations to "write-down" their book values in order to lessen the ostensible amount of their surplus, it would have the additional merit of squeezing considerable water out of corporation structures it is argued.

Details of the plan being studied by Mr. Roosevelt have not been disclosed nor the amount of revenue it might be expected to yield the governernment.

Economy League Interprets Rep. Goode's Suggestion

Legislature Will Be Urged To Balance Budget of State With Present Revenue And Not To Levy Any More Taxes For Any Purpose

Doubts and uncertainties on the question of new or additional taxes should be removed, the Economy League of Alabama says, in announcing its determination to fight to the end new tax measures demanded by Governor Miller in his message calling the Legislature into special session January 31.

Two proposed tax measures and a bond issue are insisted upon by the governor and they are the only things mentioned in his message, the league says.

The income tax amendment and the bond issue were defeated overwhelmingly in the November election, and the sales tax met with a similiar fate in the Legislature.

The Economy League has obtained statistics relative to state finances and probable receipts from a certified accountant and based on these the views of the agricultural and educational interests given by F. W. Gist, agricultural statistician. E. J. Smyer, of Birmingham, has given an interpretation of the proposed Goode plan with reference to its constitutionality.

Mr. Goode, representative from Wilcox County, author of the warrant bill rejected by the Legislature at the special session which adjourned in October, has prepared a statement in which he declares the people of the state should know that no additional taxes of any kind are necessary to meet the present situation of our schools and other essential activities of the state.

"I believe," he says, "the minds of our people should be set at rest and at ease on this matter and that further agitation for new and additional taxes should cease."

Mayor W. Aldridge, certified public accountant, accepting without question the comptroller's statement that outstanding warrants total $16,948,-043.64 and that additional debts bring the total to $18,788,574.82, prepared a report accordingly, considering each department seperately, and the state as a whole.

He estimates the surplus in the general fund for 1932-33 at $553,656.10 from which $77,700 deficiency in the pension fund should be deducted, leaving a net balance in the general fund estimated at $475,956.10.

He states he was not able to readily obtain from the general records of the Highway Department full facts for study and comparison, and that he could not ascertain an exact estimate of allowances for maintenance and overhead in this department. "However," he adds, "as a prima facie matter, it does not appear logical to us that the combined total for maintenance and overhead (administive) for the year 1931-32 should exceed the total of the same items for the year 1930-31. We have determined that for the year 1930-31 there was a decrease in these particular accounts as compared with 1929-30, which appears logical. As a general economic trend, it would appear that the year 1031-32 should show a further recession as compared with 1930-31.

"As a matter of fact, the totals of these accounts for 1931-32 exceeded the year immediately preceding by $161,870.12, and exceeded the year 1929-30 by $29,391.09."

He says receipts from Highway Department tolls from the Bridge Corporation were not included in his calculations, but provision for the payment of interest was shown in order that his statement might be conservative. If the tolls were included, he says, the defecit would be further increased. For the benefit of the people and the Legislature he suggests an exhaustive and analytical examination of this department.

Stating that he had not made an examination of the Convict Department records, he expresses the belief that an examination would be desirable. He declined to accept the estimate of revenues shown in the comptroller's printed statement which shows a reduction of $1,000,000 from the previous year's $1,881,220.84. This is a decrease of 46 per cent, and based on his knowledge of general trade conditions and other facts that enter into the question, he says an estimated decrease of 15 per cent would be censervative.

Concluding his statement he says: "We call attention to the fact that

(Continued to Back Page)

Commissioner Cobb Gives Views On Finance Corporation Loan

Says He Interprets Result of Recent Election To Mean That Vast Majority of People in the County Are Opposed to Borrowing Money Under Proposed Plan

Editor Union-Banner:

I would like to have a small space in your paper to say a few words to the citizens of Chilton County. A great deal is being said as to whether or not our county should borrow the $50,000 from the Recronstruction Finance Corporation; wherefore I desire to express myself about the matter.

Since I was elected Commissioner of the First District of Chilton County I have tried to serve the people to the best of my ability, and I have always cast my vote as I thought the majority of the people of Chilton County would have me vote.

You will recall that on November 8th, 1932, just a little over a month ago, we voted on several amendments, among which was No. 8, which reads as follows:

Proposed Amendment No. 8

Shall the following be adopted as an Amenment to the Constitution of Alabama?

Article XXV. Each municipality and each county in the State is hereby authorized to borrow money from the Reconstruction Finance Corporation under the Emergency Relief and Construction Act of 1932. (Approved July 21, 1932), and to use such funds in furnishing relief and work relief to needy and distressed people and in relieving the hardships resulting from unemployment, and to enter into an agreement, or agreements, with the Reconstruction Finance Corporation for the repayment of the amount so borrowed with interest, and any agreement entered into by any municipality or county with the Governor or with the Reconstruction Finance Corporation with the approval of the Governor, is hereby ratified. The amount which each municipality and each county can borrow or assumed from the Recontruction Finance Corporation is in addition to any other indebtedness now authorized by law, and any provision of the Constitution or of the Statutes with references to limiting the amount which any county or any municipality can borrow shall mean an amount in addition to any amount borrowed from the Reconctruction Finance Corporation. Each municipality and each county in the State is authorized to appropriate funds for furnishing relief and work relief to needy and distressed people and to relieve the hardships resulting from unemployment, and any appropriation thay may have heretofore been made by any municipality or county is hereby declared to be legal.

When the votes in this county were counted, there were 550 who voted for borrowing money and 1961 against; almost four times as many who voted not to borrow money as there were who voted in favor of it.

Taking the results of that election, I felt that the people of Chilton County did not want to increase our indebtedness. Some are telling you it will not be to pay back and that it will be gift to our county. But I call your attention to the fact that a county has to be within its debt limit before it con borrow from the Reconstruction Finance Coropration, and if it were a gift, I want to ask why did they single out the few counties in Alabama which are within their debt limit and offer it to them?

The Red Cross is not donating to those who have plenty, but to those who are in need. And friends, I believe the Reconstruction Finance Corporation is looking to those counties which have ample security, and are not making a donation at all. If it

(Continued to Back Page)

AMERICAN LEGION MEETING TO BE HERE MONDAY NIGHT

The regular monthly meeting of Chilton County Post of the American Legion will be held at the courthouse next Monday night. In addition to regular routine business, there will be several interesting musical and comedy numbers on the program.

Various features will be presented by local entertainers, and from those presented selections will be made to make up the program to be presented by Chilton County Unit of the Auxiliary at the Veterans Hospital in Tuscaloosa on Friday, January 13.

For the past month a committee has been at work securing the entertainers. All of them will have a try-out next Monday night, and the judges will select the ones to go to Tuscaloosa.

All ex-service men and their wives in the county are urged to attend this meeting. It will be the first meeting of the year 1933, and should start off in a big way. Come and bring somebody with you. Not only ex-soldiers, but the public in general is invited. There will be no charge for admission.

VOTERS GOING AFTER MILLER

Independent Democratic Voters Issue War Cry For Special Session

The call of Governor Miller for another special session of the legislature brings forth from the Independent Democratic Voters Association a renewed assault upon the Govveronr and his policies for handling the state financial problems of Alabama.

Headed by W. B. Leedy, of Birmingham, the association launches into a new determination to set up a system of initiative, refrendum and recall in Alabama. This, they declare, is the only remedy for our ills and to resore our government to the hands of the people.

Mr. Leedy is seeking to get signatures to petitions calling upon the initiative, refrendum and recall laws.

Following is the statement of Mr. Leedy to the people of Alabama, which he adresses to them under the heading "A Call to Arms."

"Governor Miller has sounded his battle cry — "more taxes" — and we are issuing a call to arms. He is mashalling his forces and has issued a call to meet in Montgomery January 31, 1933. The purpose of this meeting being to re-submit the bond issue, income tax and assage of a sales tax.

There is no excuse for increasing our taxes and Alabama citizens are financially unable to bear this additional burden.

"There is only one remedy, the initiative referendum and recall.

"Following his usual custom of misleading the people, Governor Miller says, 'To provide for a sales tax, etc., to continue in force until an income tax amendment to the constitution is approved by the voters.' But further on in the call, he adds that it continues until the income tax 'yields sufficient revenue to make further collection of sales tax unnecessary.'

"He knows that the revenue from an income tax will never be sufficient, and he knows that his real purpose is to use the sales tax as a lash to force votes for the income tax and bond issue by his inference that the sales tax will be discontinued on their ratification. He knows that his real purpose is to force passage of his pet measures and that he never intends to permit the income tax to 'yield sufficient revenue to make collection of a sales tax unnecessary.' He knows that his real purpose is not only to force an income tax and bond issue on the people but, by subterfuge and a misleading inference, saddle a sales tax on them also.

"He has as yet to make his first move in cutting our enormous and unnecessary operating expense and try economy to pay our debts. His motto seems to be, 'Increase revenue—don't reduce expenses.'

"'Save millions with Miller' by placing a debt on the state it will take your children and your children's children over thirty years to pay.

"There is only one measure to remedy our ills and restore government to the hands of the people—the initiative referendum and recall. Our organization is going to concentrate its efforts to secure passage of this measure at the special session which has been called for January 31, 1933, and two measures for immediate relief of taxpayers. The rest of our extensive program will be held for a new governor and a new legislature.

G. O. P. Starts In To Reorganize For Strong New Party

Hoover and Curtis Out Of The Lineup Which Will Aim For Future

Washington, Dec. 24.—President Hoover and Vice-President Curtis are out of the picture painted by Republican leaders here and throughout the country of a reorganized party.

The same sentence of exile has been meted out to Progressives, including those who did not bolt to President-Elect Roosevelt. None of the senate land between the "Old Guard" and the insurgents has been called into the party reorganization conferences held by the various "receivership" groups since November 8. A conservative and closed corporation appears to be the program of those taking over the G. O. P. remnants. Most of the reorganizers are also wet.

The two groups now engaged in the work of the "Old Guard," which includes national committeemen like Charles D. Hilles, of New York, and J. Henry Roraback, of Connecticut, and the "Young Turks." Although the latter were orginally organized to fight Hoover's battles on Capitol Hill, they do not view him as a real party leader or a 1936 presidential possibility. There is no feeling of bitterness in their attitude, they say. They simply believe that he is not a winner.

Their position is reflected in the very fact that moves to take the organization out of the hands of Mr. Hoover and his friends have begun so early. Many of the men sitting in the conferences are "lame ducks," who feel their woes are largely due to the mistakes of the present administration. Remembering how Mr. Hoover crashed the political gate in 1928, they hope to set up safeguards against a similar intrusion by an outsider.

Though the idea seems to be to outline general plans, several men have been mentioned as possible national chairman to succeed Mr. Hoover's favorite, Everett Sanders, of Indiana. The leading candidate appears to be Frank Knox, Chicago publisher, although the names of Senator James E. Watson, of Indiana, and Representative-elect James W. Wadsworth, Jr., of New York. Senator Watson has denied he wants the place and he faces strong opposition.

BROTHERS THANK SANTA CLAUS

Clanton, Monday, December 26.

Dear Old Santa Claus:

We wish to take this means of thanking you for what you brought to us Christmas. We sure did enjoy our fruits and toys. We sure do appreciate them. Our little hearts are full of joy to the top. Words cannot express our gratitude to you. We are going to keep our toys and love them. We hope everybody enjoyed Christmas. Thanking you again, we wish you a happy new year.—Lovingly ours, Three Little Brothers.

DAVIS INFANT DIED

The infant daughter of Mr. and Mrs. K. F. Davis, died at their home in Billingsley last Saturday morning. Burial was at Billingsley Sunday.

Pensions Not Ready On First Of January

Judge L. H. Reynolds has made inquiry of the State of Alabama relative to Confederate pensions due the veterans and their widows on the first of January. To this inquiry Mr. J. H. Hard, Jr., State Comptroller, has replied as follows:

"Replying to your inquiry of the 22nd inst., as to when the January pension warrants will be paid, I wish to adivse that we will not release the warrants until the funds are on hand for their payment. We are in hopes that we will be able to release them by January 10, 1933."

Judge Reynolds requests that publication of this information be made in order that all concerned may take notice and be governed accordingly. Those who read this are asked to call it to the attention of the Confederate veterans who may be expecting to receive their pensions on the first of January.

It was the intention of Judge Reynolds to arrange for discount of the warrants in the same manner as he did last time; but he will not be able to do this since the warrants will not be released by the State until the funds are ready to take care of them.

THE BUY AMERICA MOVEMENT

Officials of the importers association are beginning to sit up and take notice of the way the "Buy America" movement is growing over the United States. The default of certain European nations on their debt payments has given impetus to the movement.

The importer-propagandists gave vent to the old bogey that was raised during the fight on the Smoot-Hawley tariff—to the effect that if we participate as a nation in a movement to buy goods made only in America, foreign countries will retaliate. The import-guild fails to take cognizance of the fact that the movement of buying at home started in Europe and that in Great Britain it has grown so airtight that newspapers, magazines and billboards are full of it. British subjects are spending their vacations on the English channel instead of the Mediterranean coast, and wherever possible are buying only British produced goods. The movement over there has grown to fine proportions. The other day the newspapers carried a cable dispatch that tobasco sauce has been placed on the blacklist because it has to be imported. Tobasco—that is, real tobasco—comes principally from Louisiana, and it is to be expected that the Honorable Huey Long will take due note of this attack on his soverign state.

But why shouldn't British people spend their money at home and why shouldn't people in America do the same thing? The old argument about the ten per cent of our production which goes abroad being more important than the ninety per cent we use at home is growing pretty thin. If the American industries could have the difference between what they sold at home in 1929 and what they sold in 1932 most of them would be willing to forget all about exports. But if the wishes of the import-bund were followed we would turn over our great home market in the expectancy of getting a market abroad which exists only in the fertile imaginations of the gentlemen who are seeking to get imported goods into America at a profit to themselves.

Let us by all means have foreign trade but let it be built up not at the expense of the American producer. More than fifty per cent of our imports now come to America duty free. This talk about a tariff wall having been built around America is the bunk. Maybe we would be better off if we had such a wall. At any rate the depreciation of foreign currency has destroyed what protection the American producer had, in many lines, and we need some sort of a barrier until the world money is stabilized. To say that this could be brought about by buying abroad and throwing the rest of our labor out of jobs, is a little too thick to go down. Outside of the die-hard theoretical free traders, only one who expected to profit financially by flooding the country with foreign goods would advance it.

A paragraph or two from a recent issue of the soundly American Saturday Evening Post very tersly sums up the situation with regard to the Buy-America movement:

"England, France and Germany have their internal troubles and dissensions, but when there is an external threat against their trade or their prestige, Englishmen line up shoulder to shoulder for England, Frenchmen for France, Germans for Germany. This is as it should be, for it is the plain duty of every man to consider his own fireside and his own country first. European countries are national to the core where their own affairs are concerned, and are internationalists solely for a national advantage. Only a mind of sugar-plum sweetness could arrive at a different conclusion on surveying the European scene. * * *

"America must tighten her lines, not by way of reprisal but for self-protection. Europe has made the game; two can play it. Think American, buy American."

OUR LEGISLATURE AGAIN

Again we people of Alabama shall witness the interesting, if not very promising performance of our State Legislature in dealing with the already extremely urgent and vital problems of our State.

Financial difficulties which the Legislature and the administration have twice failed or refused to solve have caused the Governor to call the law makers for a third attempt to untangle the riddle. They will meet on the last day of January.

It seems to us if our Governor and Legislature want to follow the wishes of the people of Alabama, they should have very little trouble in getting through with their business promptly and efficiently.

First, they certainly know that the people of Alabama do not want and should not have any more tax burdens placed upon them. That should be sufficient to bring an end to the tax problem.

Second, they certainly know the tremendous expense of operating the government of Alabama in its various departments can be cut down a very great amount. Public officials and public employees can afford a drastic cut in their salaries and incomes, just as well as the common people of the State have had to take their cuts. That knowledge, which our state officials and the legislators certainly have, should be sufficient basis for reducing State expenses.

Third, they certainly know that something must be done to keep our public schools open. There are ways by which this can be done. If appropriations to the higher institutions of learning were cut down and money for the common schools increased, that would solve the matter.

There are two thing which the legislature

There are two things which the legislature and the administration must do if they would escape the everlasting condemnation of the people of Alabama: (1) They must balance the budget of the State without any further increase in taxes and (2) they must provide for the continued operation of our public schools.

One of these child experts advises letting the child create his own emotional dynamo. Our experience has been that the problem is to get him to shut the thing off.—Nashville Banner.

THE SHRINE OF AMERICAN LIBERTY

The approach of the mid-winter season each year recalls to the mind of the student of American history the story of Valley Forge. This national park, situated a few miles from Philidelphia, has been called with justification, the shrine of American liberty, and it gives to all who visit it a truer appreciation of the manhood which made our nation possible. Under the caption, "The Shrine of American Liberty," Mr. Arthur Weller says, in part, in the current issue of the National Republic:

"There is no finer example in American history of faith and pluck than that which was made at Valley Forge by the continental army under their commander-in-chief, George Washington, in the winter of 1777-1778.

"It is doubtful whether the sacrificed of the Continental army has ever been adequately realized. Half-starved, ill-clad, poorly sheltered and in great peril, not only from the pangs of hunger and cold, but also from the enemy attacks, they huddled about their camp fires while the British under Lord Howe, at the 'rebel' capital of Philidelphia, celebrated the taking of it with dances and other gala events.

"In Marshall's Washington we find this: 'At no period of the war had the American army been reduced to a situation of greater peril than during the winter at Valley Forge. More than once they were absolutely without food.' What hardships were undergone can be deduced from the fact that only 5,000 out of the 17,000 who encamped there in December for that winter were fit for active duty. Clothing, no less than food, was scarce. Men wore each other's uniforms in order that the naked could be clad and take their turns at active duties.

"One account tells of Washington one cold morning, meeting his sentinel as the commander left headquarters, the Potts' House. The sentinel was making vigorous efforts with his hands and legs in order to keep warm. Noting this, Washington asked him if he had had his breakfast. Upon receiving a negative reply, Washington hurried the sentinel into the house, and while he was being served with breakfast within, by Mrs. Washington, George Washington, with the sentinel's gun, stood guard outside his own house until the soldier's return.

"Illustrative also of the conditions in the camp at beautiful yet tragic, Valley Forge, so close to Philidelphia, so near to the British, is the account of Washington's visit to a detachment of his own men. He had been keeping his eyes on the ground, apparently noting something interesting there on the snowy slopes. Upon drawing near to the chief officer of the detachment, Washington quietly returned the salute, then abruptly asked:

"'How comes it, sir, that I have tracked the march of your troops by the blood-stains of their feet upon the frozen ground? Were there no shoes in the commissary's stores?'

"To this the officer replied that his detachment was one of the last to receive shoes and that the supply before reaching his detachment had been practically exhausted.

"Washington listened in silence, but his deep sighs showed with what emotion he heard this report. Turning to his men he said, his voice trembling, poor fellows!' Then he gave rein to his charger and rode rapidly away.

"Valley Forge is more than a beautiful state park today. It is symbolic of something more than forced privitations. It is a shrine that instills in all true Americans a deeper appreciation of the manhood and the sacrifice of those who were quartered there during the darkest hour of the Revolution. It is symbolic of a never-dying devotion to a cause and to a great commander that kept hope alive."

The MAN in the MOON

Looks Over All—
Overlooks None

He Has Done It

A while back Governor Miller threatened to call the Legislature back into extra session "just as soon as there was enough money paid into the State treasury to defray the expenses of the session." Well, somebody must have come across with the well-known cathair, greenback, or whatever you care to call cash, for "Hizzoner" Miller has made good on his threat—he has issued the call. I understand the special session is for the purpose of resubmitting the bond issue and income tax questions to the dear voters of Alabama. In that case I suppose all we can do is just sit down and wait until voting day and kill the measures again. Our governor has an idea that these two measures were victims of bad company—that they were defeated on November 8th, just because they were on the same sheet with other tax measures, and that the voters, rather than take the trouble to examine which measures they wanted and which they did not want, decided to play safe and kill off the whole flock of them. I wouldn't be at all surprised if the governor has the right idea, in some measure, as to this. However, I still believe that they will be killed all over again when the voters get another crack at them. "A rose, with any other name, would smell just as sweet," and a tax, under any other name (in Alabama) smells just as bad. A tax is a tax, no matter what kind it may be, and the voters of Alabama seem to have taken up that well-known saying in the French army during the World War, "they shall not pass."

Signs of Spring

It may be a little early to be announcing signs of springtime, but I believe there is one which never fails. When the bench appears out on Peckerwood Corner it is a sure-fire harbinger of springtime, and the bench has made its appearance already. I don't know when it was put out, or who did the putting out, but it's out there, and "it can't be long, now," until the old red-head will make his appearance and start making holes in the post that stands on the corner. Along about that time, too, all the boys will start their crops up here, and the then President Roosevelt will be coming in for his share of "cussing" and discussion, no matter how good or how bad he proves to be at running the governmental affairs. Yep, spring is almost here.

Around the Race Track

While we are on this springtime idea, we don't want to forget, too, that, with the coming of spring, the annual racing season opens in Clanton. Didn't know we had that? Then your memory must be bad. Don't you remember how, on each Saturday afternoon the gay lassies gather in and go trooping around the block from Peckerwood Corner down to Upchurch's, thence north to Mullins' Corner, thence east to Prophecy Corner (sometimes referred to as Rockett's Corner), thence South to Peckerwood Corner—that's the course for one lap—subsequent laps are just simple repetitions of the one just laid out, until the course takes on the nature of a race track. I have watched them stroll around this course—two or three in a bunch—and bunch after bunch of them going round—until it seems to take on the nature of a race, to see which bevy can go around the greatest number of times on Saturday afternoon—that's the best time to watch the fun—more of it going on then than at any other time. If you've never noticed this, do so this coming year. It's fun. Sometimes it looks like an endurance Marathon.

Dr. Mastin's Cacti

Flower lovers, and those who like to look at strange plants, should visit the home of Dr. O. C. Mastin, a few miles north of Clanton on the old highway. Dr. Mastin's hobby is collecting cactus plants, and he has several fine specimens. Of course there are hundreds of varieties not in his collection, but within another year he will have a real show in cactus plants. A cactus is a curious looking plant, no matter what variety you may be looking at, and when you look over a hundred or more different kinds, you have seen something. Drop around by his home some time when you are out riding—nothing pleases the doctor more than to show you his collection of these weird-looking desert plants.

A Tame Christmas

The Christmas season just passed proved to be a very tame one—not much wild doings going on. I saw very little sign of excess liquor swizzling, and, of course, as a result of people holding their heads along this line there were not so many accidents. Maybe the depression had something to do with this—maybe there wasn't so much surplus money to be thrown away on "joy juice." And that gives an idea. Let's just pack that back somewhere in some place we keep things we wish to remember and if we have a repeal of the prohibition law by next Christmas (as many seem to think we will have) let's check this safe and sane Christmas season against that first one we pass through when liquor is easy to get and safe to be seen with. Remember that.

Reedie Lawrence Taylor

Noticed Reedie Taylor strutting down the avenue. Seemed in great spirits, and upon being asked the why and wherefore, he announced that he had a real Christmas present—a son, Reedie Lawrence—who arrived on Christmas Day. Now that IS something to be proud of, isn't it? We half expected to be told, in glowing terms, all about the new arrival, but "Dad" Reedie was off and gone again, just like that, to let somebody else in on the big secret. Congratulations! There's one thing I wonder about when I hear of a case of this kind, though. Is the youngster lucky or unlucky? He has his Christmas and birthday all rolled into one. Now, if he gets Christmas presents AND birthday presents, he's lucky. But if he just gets Christmas and birthday presents (together) he's unlucky—he misses something sometimes, maybe. Reedie Lawrence isn't worrying over problems such as this, yet, though. His main worry, probably, is keeping too many grown-ups from tickling him under the chin.

What About Them

I notice some university man has asked John Public what he thinks of his public officials. He got many different kinds of answers. Now, I want to ask the people of Chilton County what they think of OUR officials, insofar as the state is concerned. Right now is not the time to ask about county officials, with a new set coming into office, and everything—we'll wait until they have been tried, and then ask you what you think of them and the way they handle things. But I would just like to know how the people of our county feel about the way the present set of State officials have managed the affairs of Alabama. If you're interested, write in and give us your opinion, good or bad.

Christmas Presents

Among other things received during the past Christmas was a tie and a shirt. That's fine! Fine, as far as it goes. Now, if somebody had been thoughtful enough to send me a pair of "britches" I could step out again. Otherwise, I suppose I'll have to wait till the weather warms up or drys up a bit. And, by the way, I hope the way I spelled 'britches' suits 'Doug' of "Round Town" fame. Some time ago, you know, this high and mighty "Doug" got it into his think-tank that the Man on the Corner didn't know what he was about, just because he spelled it b-r-i-t-c-h-e-s, so he got busy and went to all the thouble of explaining just how to spell the word correctly, despite the fact that the Corner Man was spelling them before "Doug" was wearing them. So, for "Doug's" especial benefit I'll explain right now that I know how to spell it, just to save him any unnecessary trouble with his dictionary.

Some Fisherman

I have just listened to a story of the fishing ability of young Gerald Baker, of Union Point community. The lad is 14 years of age. During last week he caught 106 pounds of fish, 86 pounds of which were taken from one 8-0 hook. From this hook, on Monday he took an 11-pound catfish; on Thursday a 26-pound cat; and on Saturday a 49-pounder; and he still has that hook. How's that for fishing—and who said summer time was fishing time? No matter how you take it—fish tails or fish tales, I think it's time to call a halt and rest a bit.—Man in the Moon.

HOW TO GET REPUBLICAN AMMUNITION

In gathering strength for a contest with the Democrats two years hence, Republicans will doubtless realize that hard times, which are not of their making, were the chief cause of their defeat. Hence, that party can best rehabilitate itself by supporting constructive plans of the Roosevelt administration for economic recovery, by fighting every unsound plan that is brought forward, and by shaping its own program along lines that are economically sound. There should be enough level heads in the Republican party to keep a grip on fundamental principles and to prevent any vote-seeking spree on the theory that the country has gone radical.—Washington Post.

There's one advantage about the college football games. Nobody argues that the salvation of the nation depends on the issue of the contests.

The way Congress is functioning it begins to look as though the boys who want beer by Christmas will have to depend on Santa Claus again.

The best means of accident prevention would be a delicate contrivance to lock the steering wheel when it smells hooch.

WENT FOOLISH WITH OUR MONEY

We need all of the modern improvements, for we have become accustomed to them and the Creator intended we should by our own initiative create these comforts out of the great abundance of raw materials He has endowed us with—more than enough for all.

The younger generation, not realizing what a struggle their parents and grandparents and the founders of this graet nation had to face and conquer, cannot appreciate what these luxuries and comforts mean as we older ones do.

The trouble is that we have been so blessed in this nation with abundance of natural resources that we have made money our god and business our king. In doing this we have neglected our home life.

Since the World War everyone has made more money than he dreamed of before. All have been trying to keep up with "lizzie" and most trying to outdo her. This wild orgy of spending kept up until 1929. Then the great crash came. We are only paying the price nature demands of those who waste the abundance she has given them by violating her laws. The law of compensation never fails.

But this will all pass, for we never have a period of incoherence without a period of coherence following. Prosperity will return and we shall all be better for our experience. If it has taught us that the simple life is best and all really great people have lived it (which made them great, that the home is the foundation of a successful and great nation, and that real happiness comes from within instead of without, the depression will be worth all that it cost.—A letter to the Springfield Union.

DR. BUTLER'S PROPHECY

Dr. Nicholas Murray Butler's assertion that the Republican party is doomed to go the way of the old Whig party unless it reorganizes along more liberal lines need not cause hysteria in the breast of any old-line Republicans.

It is always customary after decisive elections to predict the imminent death of the losing party. Four years ago there wasn't a prosperity-proud Republican in the country who didn't firmly believe that Al Smith had led the Democrats into oblivion.

In 1912, when the Republican party was hopelessly split and Wilson was elected by an overwhelming electoral vote, most of the political seers of the nation saw nothing but darkness ahead for Republicans. And when Wilson left office and Harding was elected because the nation was tired of the old regime, many were sure that the Democrats were dead.

Republicans and Democrats never die. The parties will go on as long as men's attitudes differ. They may change name sometimes, but even that will be an occurrence so rare as to seem almost impossible. The Republican party, haven for the conservative, bulwark of the Alexander Hamilton ideas of strong union and safe money, will always have plenty of members, as will also the Democratic party, whose banner attracts the individualist, the champion of humanity and those who are too radical to be Republicans but not enough so to be Socialists.

Dr. Butler's prophecy, in the light of this nation's political history, can hardly be taken seriously.—Columbus, O., Dispatch.

25 YEARS AGO

News Items as Published in The Union and in The Banner, Issues of
December 26, 1907

Chilton County Teachers Institute was held at Verbena Academy December 13. Supt. J. W. Moore was in charge. Among the teachers taking part on the program were mentioned: R. A. Rasco, G. L. Speer, Mr. McCreeless, C. E. Johnson, W. Z. Hodges, O. T. Headley, S. B. Groves.

Misses Jewel and Golda Palmer, of Sulphur Springs, Texas, visited their cousin, Miss Minnie Latham, this week.

Mr. W. C. Dickinson and pretty little daughter, Celestia, were visitor here last Thursday.

Mr. Will Mullins, who has been in school at Nashville, is spending the holidays at home.

Miss Nena Sawyer, who has been attending school at Jacksonville, is spending the holidays with relatives here.

Prof. O. T. Headley, principal of the Fairview school, was in town Saturday. He was secretary of the last teachers institute and furnished a good report of the program.

Squire J. J. McDowell performed the marriage ceremony last Sunday between Miss Lora Patterson and Mr. I. S. Vinson.

J. W. Patterson and sons, Henry, Cleveland, Mas and Tom, and daughter, Miss Beulah, were in town Monday. Mr. Patterson has ten sons.

W. Y. Keel and daughter, Miss Roma Lee, and S. D. Deloach, were Clanton visitors Monday.

Grady Reynolds is at home for the holidays. He is a student at the University of Alabama.

NEW TAXES COMING

One of the glittering promises in the recent campaign which led to the change of administration was one to reduce taxes and cut down the machinery of the government and its interference in business. But now that the smoke of battle is cleared away it is becoming evident that instead of reducing taxes there will be new levies to balance the budget. Not only is this to be done, but there are to be new forms of taxation. One of these proposed is the tax on chain stores within the District of Columbia, over which Congress has direct jurisdiction. The bill was introduced in the last House by Representative Cellar of New York and sent to committee for study. It is reported that an effort is now to be made to get the bill out on the floor of the House without further hearing. It is said that the bill would raise a half million dollars a year revenue from the chain stores in the District of Columbia.

Congress of course has nothing to do with state legislation. Many of the states have already passed laws taxing chain stores and it is reported that others will resort to the same kind of legislation during this winter.

The above example of special tax legislation is cited without argument as to its merits only to show that the tendency in Congress as well as the states is still to find new sources of taxation rather than to cut down the expenses of government and so lessen the tax burdens on the real property owner and the consumer who finally pay it all either directly or indirectly. Of course Congress will have to raise more money now to balance the budget but we ought never lose sight of the fact in our national and local affairs that what we need to restore prosperity is not the raising of more money to spend through taxation but in cutting down our public expenditures by a strict system of economy.

The Man on the Corner

Some Sights He Saw—
and Some He Saw Not

Good Christmas Fruit Business

According to Bob Evans and Uncle John Gore, most everybody around here must have had plenty of apples and oranges for Christmas. Their sales were highly satisfactory. Bob is very complimentary in his reference to advertising in The Union-Banner, and Uncle John used practically the same words to say "it pays to advertise."

Twenty-Five Years Ago

Twenty-five years ago The Man on the Corner observed that folks around Clanton were getting plenty of "joy water" for Christmas. It appears that prohibition had just been urshered into Chilton County, but liquor could then be had via express shipments. The writer then observed that folks who wanted spirits were getting it right on in spite of prohibition, and also made the prediction that they would continue to get it when they wanted it in future years.

Dampness This Christmas

Evidences seen around in places this Christmas indicate that the prophecy of The Man on the Corner made twenty-five years ago, is panning out nearly true. It is doubtful that anybody who wanted a little tea for Christmas failed to get it. Quite a few who undertook to celebrate in public came into contact with the law and had to make bond or get in jail. A few fights were the result of the interference of officers with some who had their spirits in public. Atmospherically and climatically speaking, this Christmas was as damp as possibly could be. Otherwise it was about as damp as the desire of various individuals to indulge in dampness.

Our County Roads

The roads of Chilton County have had a most exhaustive test in the weather of recent weeks. Ordinarily one would wonder how it could be possible to travel country roads with cars and trucks in this kind of weather. Doubtless there are some of our roads that are almost past usefulness. But as a whole, we can congratulate ourselves that we have roads that have kept passable even in this severest test of many years. It is very likely this spell of bad weather will create a demand upon our road crews for a lot of repair work when better days get here.

We Are Still Uncertain

Uncertainty continues to cloud the school situation. So far nothing has been done to offer continued operation. The prospect of the county commissioners putting up the money for schools seems to have gone glimmering. And the anxious parents are face to face with the question of what to do with idle boys and girls who have no schools to attend. This may not be a grave question to some; but if you are one of us who have such idle boys and girls on your hands, I am sure you have been scratching your head over the subject.

What Will the Legislature Do?

This is the question on every tongue. And the answer comes from no one. No one knows what will be done. The people of Alabama are getting in a serious frame of mind about our state's problems. If our officials attempt to put more taxes on the people, there is no telling what will happen. It is time members of the legislature were thinking about this business from the viewpoint of the downtrodden, overburdened taxpayers. Alabama's government must be straightened out and operated without any raise in taxes. If there is any member of the legislature who does not know that, he is simply dumb, that's all.

Forget the Year 1932

Somebody says the best thing to do about the year 1932 is to leave it and forget it. That suits me all right, but I am afraid it will be many, many years before we forget 1932. It is a fact that the past year has been a pincher; but somehow I believe we will come to the time when we will appreciate some of the things we have learned this year. Poverty and privation are great teachers. We should have learned how to do without some things we do not need. If we will remember that, it will serve us in good stead when we get back to normal times again.

Kiwanis Club Planning for 1933

The Kiwanis Club of Clanton has refused to surrender to the depression of 1932. The club has suffered a severe dwindling in numbers of membership, but clings to hope in the future. Plans are in the making for club activity during 1933. Kiwanis believes this community needs the services of such an organization, and this need is intensified by the stringency of the times. Harder the battle, harder the fight, is the way Kiwanis look at the situation.

Boy Scouts and Toys

Commendable indeed was the work of the Boy Scouts of Clanton in providing Christmas toys for the poor children. By their efforts about two hundred toys were collected, repaired, and put in working order in time for Santa Claus. John Ezell and Phillip Nelson proved themselves to be expert surgeons. They operated on a large doll, completely restoring her voice. Cooperation between Scouts and Kiwanis furnished the children of twenty-eight families in Clanton with a basket of fruit and toys for every child, about 75 in all.

ROOSVELT'S TURKEY

President-elect Roosevelt had for Christmas dinner a 40-pound Alabama turkey. And no doubt there are a lot of Alabamians licking their chops after long lean years of political famine, who hope Mr. Roosevelt will remember from whence that turkey came.—Birmingham Post.

Brief poem: A stunting flier, soon or late, will come to an unhappy fate; the man who never leaves the ground, a longer time will stick around.

They say it is easy to start a riot in Wall Street nowadays. All you have to do is to toss a ham sandwich into a crowd of brokers.

County Farm Agent's Notes

Compiled by C. E. Stapp, County Farm Demonstration Agent for Chilton County.

HONEST MONEY IS IMPORTANT NEED

Auburn, Ala. Dec. 26.—Speaking as a farmer to farm laborers, Col. J. L. Edwards, president of the Alabama Farm Bureau Federation, told extension workers of Alabama in their annual conference here Thursday that stabilization of money values is essential to the economic welfare of business as well as agriculture.

As a basis for this stabilization act he suggested 1926 prices which were approximately the average for the period of 1920-1929, inclusive. One way to do this, he explained, is to reduce the amount of gold in a gold dollar from 23.22 grains fixed by congress in 1834 to 16 grains.

An act of this kind the speaker declared would immediately improve business and at the same time make payment of old debts much easier.

To illustrate the impossible situation with reference to debts, he called attention to the fact that a 10-bale debt made a few years ago when cotton was 20 cents a pound is now a 40-bale debt with cotton at 5 cents per pound.

Col. Edwards declared that in addition to stabilizing money values on a more liberal basis, farmers must have more time for the amortization of debts and also a lower rate of interest than that of most farm debts made within the last decade.

Another fundamental need of agriculture, he continued, is price equalization, meaning that agriculture must be brought within the American protective system because farmers cannot buy at protected American prices and sell their products on a basis of unprotected world prices. This condition has resulted in farmers now getting 56 per cent of pre-war prices for thier products and paying for things they buy 106 per cent of pre-war prices.

FARM ECONOMIC FACTS

The number of farmers in Alabama in 1932 was about 6,000 more than in 1931, and the acreage cultivated was about 2 per cent more.

F. W. Gist estimates that the purchase of farm supplies on credit in Alabama for the production of the 1932 crop was probably $25,000,000 less than the credit store bill of 1929.

From 1929 to 1931 the gross value of crop production in Alabama declined about one-half while that of livestock production declined about one-third.

Economists of the Kansas Agricultural Station forcast that there will be some improvement in hog prices by late December over early December prices.

If each unemployd person in the United States were to become a farmer and produce what the average farmer produces the output of the products would be trebled.

When peanuts bring $20 per ton, hogs $2.50 per hundred pounds, cotton $30 per bale, and yields are average, the gross value of an acre of cotton is twice that of an acre of peanuts harvested or converted into gain on hogs.

ICE DAMAGE TO TIMBER OCCURS HERE IN ALABAMA

Montgomery, Ala., Dec. 26. — Ice damage to standing timber has been reported from the western part of Alabama, says Colonel Page S. Bunker, state forester. The recent cold snap with accompanying precipitation, which froze as it fell, encased the foliage of the evergreen trees, principally pine and cedar, in a heavy mantle of ice. The trunks and limbs of even the deciduous trees were forced to sustain a tremendous weight of ice.

Although complete reports on the extent of the damage are not available a preliminary survey indicates that the area embraces the western part of the state from Choctaw County northward. The injured timber appears in strips several miles wide through this section.

Trees up to two feet in dimaeter had large limbs broken off, while trees near the eight inch diameter, bending under the burden, split badly along the main stem. Many of their tops completely ruined. The younger growth, even down to reproduction two to four feet high, were flattened down or bent over. The deciduous trees suffered somewhat less. Those species having twigs characterized by rather brittle wood had small limbs and twigs snapped off. This often may be considered in the light of a natural pruning rather than a form of damage. Dead trees and snags forced over by a top-heavy condition due to the encrusting ice caused some breakage by fall on the young timber standing in their path.

Much of the young growth will probably straighten up when the grip of the ise has been broken by warmer weather. However, some of the damage will be a permanent nature. Trees that have their tops broken or that have been split should be cut and removed for firewood and mjaor forest products. Landowners by confining their tenants' wood cutting operations to damaged defective material rather than to healthy, thrifty young timber will be in a fair way to improve rather than deplete their forest capital.

DEPARTMENT OFFERS TO TEST SEEDS FREE

Seth P. Storrs, commissioner of agriculture will test farm seed free of charge for Alabama farmers if the seed are sent in January.

He advised those with seed to test to send samples to L. N. Allen, seed analyst, Montgomery, immediately so that the department will have ample time to make all tests before the rush of the season next spring. "It takes from a week to a month to make germination and purity tests, therefore I wish to urge that farmers submit their samples immediately in order that the tests may be completed before any farmer desires to sell his farm seed next spring," he said.

The department will also test a limited number of samples free for seed dealers, he said.

In order that satisfactory tests may be made Mr. Allen advises that farmers send the following size samples:

Two pounds of cottonseed, corn, beans, peas and other seed of similar size. One pound of smaller seed, such as clover and oats.

Last year the department tested approximately 800 samples free for the farmers and dealers.

MORE MONEY CROPS IN ALABAMA

Auburn, Ala., Dec. 26.—A diligent search is now being made for farm cash products in addition to cotton for production by Alabama farmers. This fact was in evidence at the mid-winter conference of Alabama county demonstration agents in Auburn the week before Christmas when plans were made for extension work in 1933.

In searching for other cash producers the extension workers turned immediately to livestock—especially dairying and poultry. These are weekly cash producers, in addition to distributing labor and providing other farm advantages.

Attention was called to the fact that hog prices are expected to be very low in 1933. However, there will be an opportunity for a few farmers to sell hogs on local market and also to sell sausage, hams and other products provided it is made and cured so as to appeal to consumers.

The outlook for sheep is favorable, economists for the U. S. department of agriculture, Washington, explained. The Alabama farmer who has fences and pasture for sheep should consider them.

Facts presented at the conference reveal that egg production can be done profitably. To do so costs must be reduced upon good feeding, management, and housing. Emphasis was placed upon farm production of feed, buying only enough to balance the ration for the best results in egg production.

County agents were cautioned about truck crops, which are always very risky, due to market uncertainties.

THE FOUR-FOLD FUNCTION OF LIFE INSURANCE

Life insurance has a four-fold function, says Dr. S. S. Huebner.

First, it guarntees an investment estate to be left to dependents.

Second, if the insured continues to live, it enables him to accumulate an investment estate by the time he reaches the age of retirement.

Third, it helps man, after he has reached retirement age, to liquidate his accumulation through some income or annuity plan.

Fourth, it enables the insured to accumulate an emergency fund that will protect him, his family and his business during his life, and will enable him to protect everything he owns—real estates, securities, etc.

Not all of us have policies covering all these functions, but they are all offered to us. They are indicative of the remarkable scope of life insurance in one or another of its branches—a scope that permits us to protect ourselves and dependents against almost any possible contingency.

Life insurance is of greatest value not to the wealthy but to the average man.

FIGHTING THE COOPERATIVES

For some tice a dramatic battle has been taking place in New York Milk Shed. On one side is the Dairymen's League Cooperative Association, the pioneer in its field, which is working to enlist as members the milk producers in its territory. On the other side are those who, for one reason or another, are eager to see the cooperative movement fail. Their main argument against the cooperative is the present low milk price, but they don't explain that prices would doubtless be lower yet, were it not for the past work of the cooperative. past work of the cooperative.

The choice is up to the farmer. The cooperative is his bargaining power with those who wish to buy his milk, wheat, cotton, oranges, wool, etc. It is his means of obtaining a fair share of the eventual selling price of what he produces.

Friends of American agriculture are watching the struggle in New York with interest. It is emblematic of a struggle that has gone on at many times and in many places. If the cooperative movement is destroyed, or is even delayed in its natural evolution, the farmer's outlook will be bleak indeed.

And there's the Scotchman who buried his face in his hands just before he died, to save funeral expenses.

FARM AND GARDEN QUERY BOX

(By K. C. Davis, Knapp School of Country Life, Peabody College, Nashville, Tenn.)

Q. What do you recommend regarding the use of artificial glass in the front of the poultry house during the winter season?

A. There are several makes of good artificial glass which are somewhat flexible and do not crumble easily. We have used them here for a number of winters and they are still good. If they are wiped off with a moist cloth each month or so they let in a great deal of light, and this light is better for the poultry living inside the house than that which goes through ordinary glass. In the long run, artificial glass is less expensive because it lasts better, and is less likely to be broken because of its flexibility. In our poultry houses we lift the frames containing this artificial glass up and fasten them near the ceiling each day when the sun is bright and the air is warm enough.

Q. Please tell how a gardener can easily test the soil acidity and know whether or not he should add lime to it?

A. Get your chemist at the high school or your druggist to prepare a solution of 12 per cent potassium thio-cyanate in denatured alcohol. Then obtain a little sample of the soil you wish to test. Put half a teaspoonful of this soil in a bottle and cover it with its own depth of the test liquid. Shake well, and let it stand a few moments. It should turn red if there is any sourness in the soil. Deep red means very sour, and light red means slight sourness. Even a slight sourness of the soil would require one ton of ground limestone per acre. Greater sourness should have perhaps twice as much lime.

Q. How can seed corn best be kept to insure good germination next spring?

A. Remove the shucks entirely and lay the corn out in a dry, warm place until it is thoroughly cured. Then put it in a tight barrel or large can which may be closed so that it is nearly air-tight. Place in this a tablespoonful of carbon bisulfide in a dish resting on top of the corn. Then close the barrel or can as securely as possible, and leave it alone for tweny-four hours. This treatment will kill the weevils in the corn. Then it may be kept closed and protected from mice and rats until spring.

PENNSYLVANIA TAKES THE FARMER OUT OF THE MUD

In a recent issue of the New Republic, Governor Pinchot of Pennsylvani wrote on, "Lifting the Farmer Out of the Mud."

Not so many years ago, Pennsylvania's road situation was like that of most other states—it had certain mileage of superhighways costing $50,000 to $70,000 a mile, and thousands of miles of unimproved roads which became a sequence of mudholes in bad weather.

Then it adopted a new policy. The state took over 20,000 miles of inferior roads with the purpose of transforming them into dustless, mudless hardsurfaced thorougfares, good every day in the year. It studied the construction of cheaper roads for the light traffic and found that where old roadbeds had good bases, a satisfactory bituminous surface coudld be laid for from $1,500 to $2,500 a mile. It found that in other cases, hard-surfaced roads could be constructed cheaply with bituminous binders.

Whenever possible local materials were utilized in building the road. A type was gradually evolved—not the cheapest type, but that which really combined economy with service and long wear—and as a result first-class rural roads were and are being built for less than $6,000 a mile.

Governor Pinchot describes one of these $6,000 roads. First a 20-foot roadbed is provided, necessitating cleaning out, widening and easing of curves and grades. Drainage follows. Then a road 14 to 16 feet wide is built in the center of the bed. The base course is usually stone and averages five inches in thickness. Over this comes an application of three to four inches of finer stone. A bituminous binder is applied. And a typical Pennsylvania rural road has been completed.

Pennsylvania is to be congratulated—and, more improtant than that, emulated. Every state must, if it would prepare for the future, take the farmer out of the mud.

SERVICES AT CHURCH OF CHRIST

Sunday, January 1st: 10 a.m. Bible study for all; 11 a.m. preaching and worship; 6:45 p.m., preaching, subjest "Church Government," outlined as follows:

(a). Is the church Christ purchased a kingdom?

(b). If so, is it an absolute monarchy in form, or a limited monarchy?

(c). Who makes the rules or laws for this church?

(d). What officers do this church have, and what are their duties?

(e). How are the preachers and officials of this church called and qualified?

Everybody invited to attend all the services. Come.

CHRISTMAS PROGRAM POSTPONED

On account of the bad weather the Christmas program at the Clanton Baptist church was not presented last Sunday night. It was postponed until next Sunday night.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

(By REV. P. B. FITZWATER, D. D., Member of Faculty, Moody Bible Institute of Chicago.)

©, 1933, Western Newspaper Union.

Lesson for January 1

JOHN PREPARES THE WAY FOR JESUS

Mark 1:1-11.

GOLDEN TEXT—Prepare ye the way of the Lord, make his paths straight. Mark 1:3.

PRIMARY TOPIC—A Faithful Messenger.

JUNIOR TOPIC—The King's Messenger.

INTERMEDIATE AND SENIOR TOPIC—Heralds of the King.

YOUNG PEOPLE AND ADULT TOPIC—Preparing the Way for the Christ.

Since the lessons for the first six months of 1933 are mainly taken from the Gospel according to Mark, it is necessary to grasp the central purpose of this Gospel. In the Old Testament is set forth an august portrait of the Messiah. He is the Branch, the King (Jer. 23:5); the Branch, the Servant (Zech. 3:8); the Branch, the Man (Zech. 6:12); the Branch of the Lord (Isa. 4:2).

The fourfold account contained in the Gospels, placed alongside the Old Testament predictions, fits exactly. Matthew presents him as the King; Mark, the Servant of the Lord; Luke as the Kinsman-Redeemer, and John as the Son of God. The central theme of Mark is the gospel of Jesus Christ, the Son of God (1:1). The key verse is Mark 10:45, "The Son of man came not, to be ministered unto, but to minister, and to give his life a ransom for many." The key words are "straightway," "forthwith," "immediately." The picture of the divine Servant energetically doing the Father's work is most beautiful, for the girded one is as beautiful as the arrayed one.

I. Who Is This Servant (v. 1)?

This servant who so fully and energetically executed the divine will is the very Son of God.

II. The Forerunner of the Divine Servant (vv. 2-8).

1. Who he was (vv. 2, 3). He was John the Baptist who was prophesied of more than five hundred years before (Isa. 40:3).

2. His mission (v. 2). It was to prepare the way for Christ's coming. He represented himself as but a voice of one crying in the wilderness. He was therefore God's voice proclaiming the divine will and purpose. He was content to be but a voice.

3. His message (vv. 3-8).

a. Prepare ye the way of the Lord (v. 3). It was customary for servants to go before distinguished personages and prepare the way over which they were to travel. In this preparation there was to be a removal of stones, the leveling of the surface, etc. John's message meant therefore that the people should remove from their hearts everything which hindered the incoming of the Lord. He called upon them to humble themselves, to bring down the high places of pride and straighten out the crooked places and confess their sins.

b. The baptism of repentance (v. 4). In preparation for the coming of Christ, people were to repent of their sins. Those who repented were to be baptized. Baptism was to be administered to those who repented as an expression of penitence which led to forgiveness of sin.

c. The coming of the Messiah (vv. 7, 8). The coming one was to be much greater than himself, so great that John was unworthy to loose the latchet of his shoes. The superior dignity of Christ was not only in his person but in the work he was to perform. John merely baptized with water but Jesus with the Holy Ghost.

4. His success (v. 5). People from all over Judea and Jerusalem went out and were baptized. John's dress and demeanor were in keeping with his stern mission. He was clothed with camel's hair and had on a girdle of skin. Locusts and wild honey constituted his food. His food and dress indicated that he had withdrawn from the world as a protest against its follies and sins.

III. The Divine Servant Baptized (vv. 9-11).

Jesus was not baptized because he sinned and therefore needed repentance, but because he had taken the sinner's place and was about to accomplish his work which would constitute the basis of all righteousness. He was now dedicating himself to the task of bringing in righteousness through his sacrificed death. Observe in connection with his baptism:

1. The opened heavens (v. 10). This indicated his connection with heaven.

2. The descent of the Spirit upon him (v. 10). This was the divine seal to his work.

3. The voice of approval from heaven (v. 11). This made clear to John the fact that Jesus was the Messiah.

Be Busy

When you are very busy, your beliefs like your clothes will wear out rapidly, and you will provide yourself with new ones. But keep very busy. . . . Religion is not what men believe. . . . Religion is what men do with their beliefs.

A Divine Man

God will not have his work made manifest by cowards. It needs a divine man to exhibit anything divine.—Emerson.

Prof. and Mrs. L. C. Warr are spending this week in Birmingham with relatives.

Mr. Copelan Appeals To Peoples Phone Holders

To The Phoneholders of The Peoples Telephone Company:

Wishing you all a happy and prosperous New Year, and also hoping that you will strive to make 1933 the turning point for the Peoples Telephone Company. It is obliged to turn one way or the other. So why not let's all put our shoulders to the wheel and snap out of the old rut. Of course, no one has any money, but those of you that remember when the Peoples Telephone Company was built 35 years ago, there was not as much money in circulation as there is to day. There were just fewer people to handle it and more people to work. Now they all want to handle the money and no one work.

If everyone would go to work as they did 35 years ago, there would not be as much hard times now is there is. Don't say there is nothing to do, for there is plenty of telephone wire and post all over the county that needs putting up and getting in working condition. About 75 per cent of you say you will not get any thing out of it. Well, don't be lazy, just try to get service as hard as we try to give service and there will be no kick coming. Deep down in your heart you know it is one of the greatest things a country could have. A home owned telephone busines. Something that any man, woman or county would be proud of.

It improves rural property as much as ony one thing that can be done to a rural district. The telephone is always a ready and willing servant when treated as one. No one has invented perpetual motion yet. So, you cannot expect any thing to run indefinitely without any co-operation of any kind.

It seems that anything that has no taxation has no representation. You all squak about taxes and when you have something that is not taxed beyond its value, you want to throw it away, and that may be the reason we have so much tax. Everyone let it slip by until it was too late to help any by talking; just as the Peoples Telephone Company will be if you don't wake up and get busy.

It seems that every one thinks the service is so cheap that it cannot be run on such small amount, but it can with the help of all concerned. I wonder how long it is going to take the people of Chilton County to wake up. You had better begin to think before it is too late.

It seems that leaders and workers have become scarce in every line of work. We need at least one good leader on every line. So let's all wake up and go into the telephone business whole-hearted, and make 1933 a banner year for The Peoples Telephone Company. Yours for service.—C. R. Copelan.

FARMS IN FLAMES

Every fifteen minutes a farm goes up in flames. Every year almost $200,000,000 worth of farm property is destroyed by fire. Worst of all, every year 3,500 lives are lost in the blazing ruins of farm homes and barns. While you are reading this, a fine farm, with its buildings, its stock, its crop and perhaps even its human occupancy, is in the process of destruction.

In farming localities the need of fire prevention and fire protection are even greater than in the cities. Various organizations have published information telling the farmer how to eliminate, to the greatest possible degree, the chance of a fire occurring. A number of states provide an example of how first-class fire protection, with standard apparatus and a trained personnel, which can be obtained for rural areas without excessive cost.

Good rural fire departments should be stationed in central towns, where, on short notice, powerful fire engines may serve a wide surrounding territory. Good roads and telephone communication makes it possible to arrive at the scene of the fire in the shortest possible time. The expense involved is returned residents many times over in greater safety and savings.

A high percentage of farm fire loss can be prevented and the bulk of the loss from unpreventable fires can be eliminated by immediate fire protection. Agriculture cannot afford its annual fire waste.

WORLD'S GREATEST SERVANT

It has often been observed, in both normal and abnormal times, that electric power production is one of the best barometers of business.

For a solid year, up until recently, the industry's statistics showed steady and ominous drops in production. Then the market for power strengthened. Production at present seems to be holding its own.

In the domestic fields the outlook is the most encouraging. Before September, 1931, the industry had an unbroken record of continuous month increases in the number of customers served. Twelve months of losses followed. Now the upward trend has started again, and the gain in September, over August, was about 10,000 meters.

Every time a new house is built, every time a factory resumes operations or increases output, the market for electric power widens, and employment increases. American industry has been gradually getting away from the use of mechanical power, which it found to be comparatively inefficient and wasteful, replacing it with electrical power. Many industries which once produced their own electricity have turned to private utilities, which offered better and more dependable service at a lower price.

And so electricity marches on—the world's greatest servant.

About 3.5 per cent of the Alabama cotton crop ginned prior to November 1 consisted of inch staple and longer, the highest proportion of such lengths on record for any year since the government grade and staple reports were begun in 1928.

WADESONIAN
PROGRAMS
"Every Picture this week is a knockout"

Wednesday and Thursday, Dec. 28 and 29
Bela Lagosi (Dracula himself)
Sidney Fox, (Star of Strictly Dishonorable)
"MURDERS IN THE RUE MORGUE"

Admission --- 10c and 25c
Saturday night show begins at 7:30 --- Last Show begins at 11:30 --- Admission 10-25-30

County Agent Suggests Adoption of Jackson's Chapel Community Plan

County agent, C. E. Stapp, is suggesting the use of the Jackson's Chapel plan of employment in the different communities of Chilton County. In order to start the ball to rolling Mr. Stapp has sent the following letter to hundreds of farmers in every part of the county:

"This is the season of the year when you are repairing fences, cleaning fence corners, ditch banks, digging stumps, ditching, and cleaning up corners about your place. Some work should be going on on every farm in the county during the months of January and February. Possibly you can use some extra help in this work. If you haven't the cash with which to pay for the work, maybe you have corn, meat, lard, syrup, peas, potatoes, and the like that you could give.

"We are not asking you to give away what you have, but are only asking you in the name of suffering humanity to create a few jobs that the people may be self-sustaining and that we, to a great extent, may avoid the type of welfare work that breeds idleness and encourages many to sit down and wait for a helping hand."

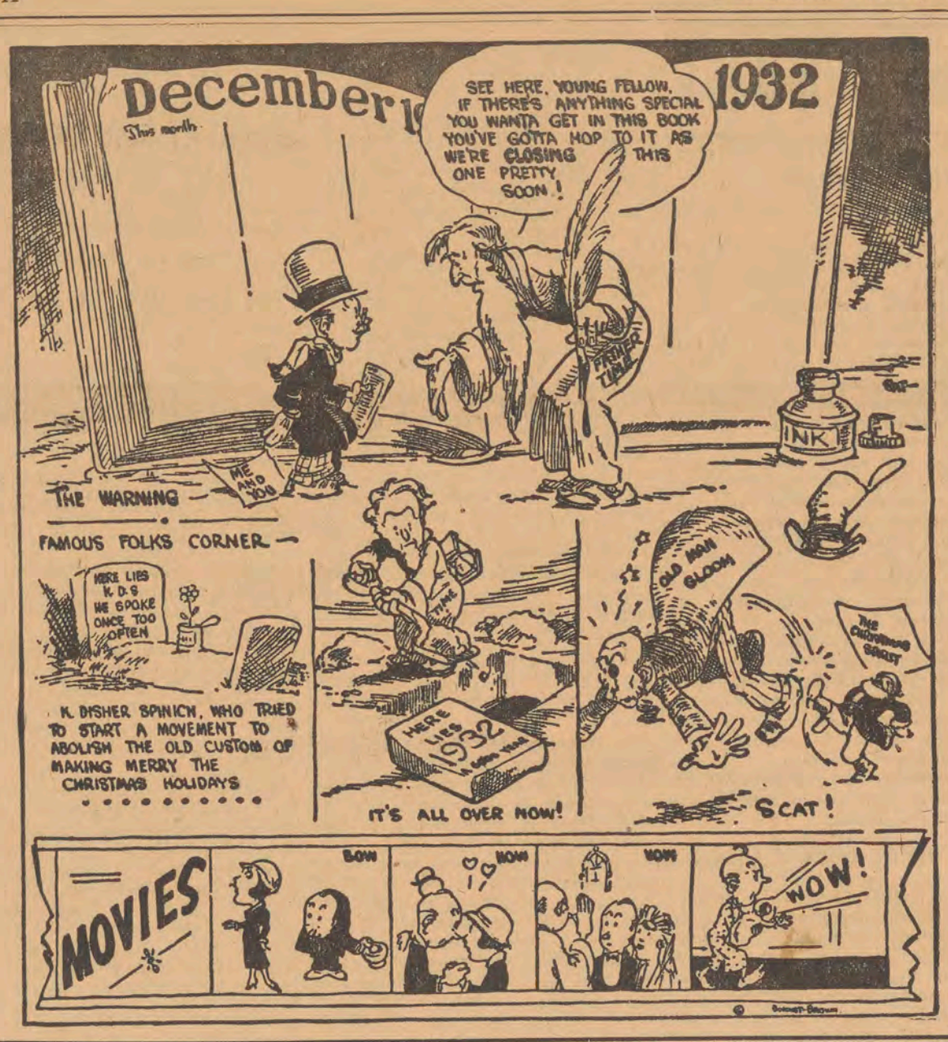
If you did not receive a blank and letter from Mr. Stapp, you may use the blank below to send to him. As these blanks come in Mr. Stapp will institute a system whereby he will put men who need work in touch with the parties who offer employment in this way.

Beat ..... School District .....

I, ... a citizen of
(Name of person giving work)
Chilton County, feel that it is my duty to help in every way possible to relieve those in destitute condition.

I also feel that every man who is physically able should work for himself and family.

Now, in order to sustain life, to keep down hunger among women and children, to keep down diseases caused by hunger, improper food and lack of clothing, and to hold up the standard of self-respect, I will create jobs to the amount of.....days work and will pay with the following .....bu. corn per day, or.....lbs. lard per day, or..... gallons syrup per day, or..... lbs meat per day, or.....bu. potatoes per day, or.....lbs. peas per day, or.....pairs shoes per day, or..... pairs of overalls per day, or.....yards of cloth per day, or..... in cash per day.



CHRISTMAS DINNER ENJOYED AT THE HOME OF MRS. HARDY

Several members of the family of Mrs. R. A. Hardy, together with friends and neighbors, met at her home on Monday, December 26, and enjoyed a family reunion. The home was decorated with decorations of the season. At noon all gathered around a table laden with good things to eat, and which kept all busy for some time. Those enjoying the affair were: Mrs. Hardy, K. A. Hardy, Miss Delia Bice, Mr. and Mrs. J. J. Mims and grandson, Misses Pauline and Mavis Baker, of near Clanton; Mr. and Mrs. Henry Hardy and little son, and Mr. and Mrs. L. D. Black and daughters, Mary Lou and Virginia, of Birmingham.

MRS. CLARA S. COX BURIED AT THORSBY

Mrs. Clara S. Cox, age 55 years, died last Thursday, December 22, at a hospital in Birmingham. Burial was at Thorsby Saturday, in charge of Martin. Funeral was conducted by Rev. J. W. Jones, assisted by Rev. J. E. Each, from the home of her son-in-law, Mr. Tom Robinson.

The deceased was the wife of James M. Cox, formerly of Leesburg, Fla.

Mr. and Mrs. Reed Mullins are spending this week in Blue Springs with Mrs. Mullins' parents.

Miss Helen Diefenderfer will spend two weeks here before returning to Piedmont College, Demorest, Georgia.

PATES CHAPEL

We did not have Sunday school Sunday on account of the bad weather, but hope to have a good and large crowd next Sunday.

Next Saturday night and Sunday is our regular preaching time at Pates Chapel. We invite all who are interested to attend. Our pastor is Rev. M. Lockhart of Refuge community. To know him is to love him.

Mr. and Mrs. E. J. Hayes and Mr. Alex Maddox and daughter, Hazel, visited Mr. and Mrs. J. O. Maddox of Pleasant Grove community.

Mr. Mose L. Maddox of Tallassee and Mr. Arthur B. Dennis visited relatives and friends of this community.

Mr. and Mrs. Riley Hayes and children spent Monday of this week with Mr. and Mrs. E. C. Hayes.

Mr. and Mrs. E. J. Hayes spent Thursday night with Mr. Alex Maddox and daughter and son, Hazel and S. E.

A very interesting party was enjoyed Thursday night at the home of Mr. and Mrs. Walter Maddox and son. Those who were present are as follows: Misses Zemma Hayes, Mildred Hayes, Tydia and Ida McCary, Lorene Cleckler, Rubye Maddox, Emily and Macy Pate and Maude Wallis, and Messrs. Erastus and Eugene Cleckler, Lee Hayes, Harvey Davenport. Robert McCary, Rascoe Maddox, Oscar Pate.

Mr. and Mrs. Grady Sewell of Birmingham spent Christmas with her mother and father, Mr. and Mrs. Walter Maddox.

Miss Lucile Cleckler, who has been in Birmingham working, returned to her home Friday night to see relatives and friends.

The people of Pates Chapel wish every one a Happy New Year and many more. Also we hope you have had a jolly Christmas, although we are having a little rain.

Dr. C. L. Northcutt has resigned as superintendent of the Alabama Masonic Home to resume ministerial duties in the Alabama Conference of the Methodist Episcopal Church, South.

Resolutions recommending to Gov. B. M. Miller that unless he could provide means for operating the schools he should resign were adopted by the Rogersville Parent-Teacher Association.

Sam F. Clabaugh, a member of the board since its reorganization, was named president of the Chamber of Commerce of Birmingham. He will succeed D. A. Thomas, who has served for two successive years.

Their lives threatened by two youths from whom they had sought assistance for car trouble, Mrs. M. L. Sorrows, young Birmingham matron, and her two children were robbed and left to shift for themselves on the Montgomery Highway about 15 miles south of Clanton.

Smilin' Charlie Says

"Seein' some o' these mushy movies sets me a wonderin' why th' actors an' actresses call it WORK!"

Dr. S. J. Ezell Discusses County School Question

In the sole interest of our children, the future citizens of our county, I am constrained to say some words to our citizens regarding our school situation in Chilton County. There are some things that should be said, and also remembered by our people.

For some three weeks past we have been led to believe and to hope that our Probate Judge and Commissioners Court were going to work out some way of keeping our schools open. But these hopes have come to naught so far, with the meeting of the Commissioners Court last Friday and nothing done about this most important matter before our people. It seems then, with the schools now closed, they will not reopen after the holidays, unless the Commissioners Court meets again this week and does something about the situation.

There are a few facts which I believe the public should know in connection with the consideration of this question of the Commissioners Court helping our schools to keep going.

First, that our teachers and patrons were led to believe and to hope that something could and would be done by the Commissioners Court to keep our schools open. Both our Probate Judge and the Commissioners, in two or three meetings certainly held out such hopes to us.

Second, that out of one of these conferences with the Probate Judge and Commissioners Court it was agreed that the Commissioners Court and the School Board would get together and work out such a plan. But instead of this meeting of the Commissioners Court and the School Board, Judge Reynolds and the Commissioners Court called a mass meeting at the courthouse on Saturday, December 10th to discuss the advisability of the Commissioners Court appropriating funds to the schools, and also about calling a referendum on the matter. After much discussion, and by unanimous vote the Probate Judge and Commissioners Court were requested to call an election on the matter to determine whether it was the wish of the people for the Commissioners Court to appropriate as much as $48,000 to keep our schools open for the rest of the term. This meeting adjourned after unanimous vote requesting the court to call an immediate election on the matter. The people left the meeting expecting an election to find out the wishes of the citizens concerning such use of their tax money. So far, nothing has been done about the referendum, nor has any move been made by the Probate Judge and County Commissioners to re-open our schools next week.

Third, it should be known by our citizenship that our county is amply able to run our schools for the rest of a full term, and also carry on all its necesary functions at the same time. The Commissioners Court has an income in county taxes, road taxes, tag taxes, gas taxes, etc., of approximately $180,000 per year. Should the Court appropriate the full $48,000 to pay the teachers' salaries and thus keep our schools open for the same term as last year, the Court then would have left for the salaries of county officials, road work, jury fees, stationery, office supplies and care of the poor, approximately $125,000 plus $20,000 now on deposit in the bank.

Fourth, we should bear in mind that the Red Cross is distributing flour, cloth, and work clothes to our needy, and that the matter of caring for them can be done in this way, and by carefully giving what road work is necessary to those who are in need of the work.

Fifth, we should bear in mind that the closing of our schools is due solely to the fact that our state government has failed to provide its part of the funds. Our county school board has been and is spending every cent of its county funds to keep our schools open. They have no other option open to them but to close the schools, unless either the state authorities or the County Commissioners provide the funds, at least in sufficient amount to pay the salaries of the teachers.

Sixth, let us bear in mind that the law does not make it mandatory upon our Probate Judge and Commissioners Court to appropriate money to keep our schools open. The law says they may appropriate county funds for the schools. It is, therefore, simply a matter as to whether we wish our County Commissioners to appropriate part of its ample funds to carry on this most important work of our county. With our roads in splendid condition, our culverts and bridges built, and with the Red Cross helping us care for our needy, we have plenty of funds to run our schools and also carry on every necessary function of our county government,

Seventh, and lastly, let us bear in mind that we could keep our schools open whether we get the $50,000 loan from the Reconstruction Finance Corporation or not. We could use it, no doubt, to relieve the needy, but perhaps we can relieve them sufficiently, whether we get it or not, and also keep the schools open.

Now, if we want our schools kept open, we had better say to our commissioners court: Give us a month at a time to pay teachers' salaries, as long as you can, and let us see if the legislature will not help us soon. — Yours for the Children. — S. J. EZELL, Clanton. Ala.

P.S.—I am informed since the above was written that the court meets Friday at 10 o'clock to give further consideration to school matters. Let us hope the problem may be solved.—S. J. E.

TWO FIRES IN CLANTON LATELY

The Clanton fire fighters have been called out twice during the past week. Last Friday night about 9 o'clock fire was discovered around the stove flue of Osce McKee's home on North Fifth Street. Tuesday night about 1 o'clock the vacant house of W. W. Fox on Third Avenue and Second Street, recently vacated by the Sewells, was discovered to be almost all aflame. Not much of the house was saved. No one was living there at the time.

Only slight damage was done to the home of Osce McKee.

Mr. and Mrs. Frank Scott and son, John Edd, and Mr. Scott's mother, of Huntsville, spent the holidays with Mrs. Renfro Mullins.

Rev. and Mrs. G. L. Guffin, nee Miss Lorene Parrish, of Marietta, Ga., are spending a week with the latter's mother here, Mrs. Mattie Williams. They arrived Monday, December 26, and will depart for their home Saturday of this week.

EDWARDS CHILD DIED

Archie Lee Edwards, Jr., one-month-old son of Mr. and Mrs. Archie Edwards, died Sunday morning. Burial was at Samaria cemetery Monday.

C. E. STAPP ANNOUNCES SERIES OF MEETINGS OVER THE COUNTY

Mr. Stapp hopes to contact a large per cent of the farm population of the county at these meetings and wishes to discuss with them the present economic conditions and outlook for 1933.

The meetings are scheduled as follows:

Morganville schoolhouse, Dec., 19th, 1 p.m.; Corinth schoolhouse, Dec., 19th, 3 p.m.; Cooper schoohouse, Dec., 20th, 1 p.m.; Thomas Jr., schoolhouse, Dec. 20th, 3 p.m.; Enterprise schoolhouse, Dec. 21st, 1 p.m.; Greasy Ridge schoolhouse, Dec. 21st, 3 p.m.; Concord scholhouse, Dec. 22nd, 1:30 p.m.; Providence schoolhouse, Dec. 22nd, 3 p.m.; Refuge schoolhouse, Dec. 23rd, 1 p.m.;

Pinedale schoolhouse, Dec. 23rd, 1 p.m; Cane Creek schoolhouse, Dec. 28th, 1 p.m.; Flint Hill schoolhouse, Dec. 28th, 3 p.m.; Mullins schoolhouse, Dec. 29th, 1 p. m.; Mineral Springs schoolhouse, Dec. 29th, 3 p.m.; Jackson Chapel schoolhouse, Dec. 30th, 1 p.m.; Collins Chapel, schoolhouse, Dec. 30th, 3 p. m.; New Cedron schoolhouse, Jan. 4th, 1 p.m.; Popwell schoolhouse, Jan. 4th, 3 p.m.

Fairview schoolhouse, Jan. 5th, 1 p.m.; Baker schoolhouse, Jan. 5th, 3 p.m.; Culp schoolhouse, Jan. 6th, 1 p.m.; Isabella schoolhouse, Jan. 6th, 3 p.m.; Mt. Pleasnt schoolhouse, Jan. 6th, 7 p.m.; Shoults schoolhouse, Jan. 9th, 1 p. m.; Stanton schoolhouse, Jan. 9th, 3 p.m.; Sardis schoolhouse, Jan. 10th, 1 p.m.

Pates Chapel schoolhouse, Jan. 11th 1 p.m.; Pleasant Grove schoolhouse, Jan. 11th 3 p.m.; Freeman schoolhouse, Jan. 12th, 1 p.m; Mars Hill schoolhouse, Jan. 12th, 3 p.m.; Free Springs schoolhouse, Jan 13th, 2 p.m.; Oak Grove schoolhouse, Jan. 23rd, 1 p.m.; Center Hill schoolhouse, Jan. 23rd, 3 p.m.; Union Grove schoolhouse, Jan. 24th, 1 p.m.; Smith schoolhouse, Jan. 24th, 3 p.m.; Providence schoolhouse, Jan 25th, 1 p.m.; Oak Hill schoolhouse, Jan 25th, 3 p.m.; Minooka schoolhouse, Jan. 26th, 2 p.m.

APPLICATION FOR PAROLE

Notice is hereby given that the undersigned, Percy Green, who was convicted at the September, 1932 term of the Circuit Court of Chilton County, on a charge of manufacturing liquor, and sentenced to the penitentiary for a term of one year and one day to one year and one month, will make application for pardon or parole.—Percy Green.

NEW YEAR SERVICES AT THE JEMISON BAPTIST CHURCH

The people of Jemison are cordially invited to begin the New Year right by attending services Sunday at the Baptist Church.

Sunday School 10:00 a.m.

Preaching by the pastor, Rev. J. W. Jones, 11:00 and 7:00 p.m.

Morning subject "Let's Start Over Again." Evening subject, "Three Characters." All live in Jemison; one should be in the insane hospital, one should be in the hospital for incurables; and the other should be in the cemetery. Don't miss these services.—J. W. Jones, Pastor.

CHILTON COTTON CROP 7,500 BALES LESS THAN LAST YEAR

According to reports of census enumerator, R. J. Jones, the cotton crop in Chilton County this year is 7,552 bales short of what is was last year up to December 13th.

The tabulation shows that there were ginned in Chilton County 11,786 bales from the crop of 1932 prior to December 13, as compared to 19,338 bales ginned from the crop of 1931 prior to December 13th.

MRS. ANNIE FLOY SHAW DIED

Mrs. Annie Floy Shaw, age 44 years, died at her home in Jemison last Saturday afternoon. Burial was at Pine Hill Monday with Martin in charge.

The deceased was the wife of Mr. Henry L. Shaw, of Jemison.

The Banner and Post, 1 year for $3.

THORSBY SECTION

(S. E. Norton, Manager)

Regular services at the Congregational church on Sunday, morning and evening. Communion will be observed at the morning service.

Mr. and Mrs. Leonard Moody of Birmingham spent Christmas with Mrs. H. M. Gerald and then left for Decatur to spend Monday with Mr. Moody's mother.

Miss Helen Manny of Oakland, California, a cousin of Mrs. H. V. Thompson and Mrs. May Thornburg, spent Christmas with them in Thorsby. Miss Manny is a teacher in Oakland. She is on her vacation. She came by the northern route, and will return by the southern route.

Mr. and Mrs. Addison Barnes of Mobile are spending their Christmas vacation with Mrs. Barnes's parents, Mr. and Mrs. Frank Nelson.

Mr. and Mrs. A. N. Laurell, Mrs. N. Laurell and Christine Love spent last Friday in Birmingham.

Rev. and Mrs. Each had all their family with them at a six o'clock Christmas dinner on Sunday.

Mr. and Mrs. N. Laurell had a family Christmas dinner. Mr. and Mrs. J. L. Moore and children of Birmingham and Mr. and Mrs. A. N. Laurell were with them.

Miss Lois Leech has gone to Birmingham for a few days.

Mrs. Hattie M. Gerald and daughter entertained at a dinner Monday evening Mr. and Mrs. A. N. Laurell and Mr. and Mrs. Sereno E. Norton.

Mr. and Mrs. Sumner Gerald spent Christmas with Mr. Gerald's mother, Mrs. Hattie M. Gerald. They left on Monday evening for Gainesville, Ga. to spend a few days with Mrs. Gerald's mother.

Mr. and Mrs. Rascoe Maddox and Miss Hazel Maddox spent Friday in Birmingham.

Mr. Vinson Sutlive, Mrs. Janie Sutlive and Mary Maud Knight went to Blakely, Ga., Monday afternoon to spend a few days with relatives.

Mrs. Ben Franklin and Dorothy Vaughn are making a visit in Campbellville, Kentucky with Mrs. Lena Higdon, Mrs. Franklin's daughter.

Mr. and Mrs. Mattie Morgan and family of Wylam, Mr. Arnold Soberg and Miss Pauline Laurell were Christmas guests of Mr. and Mrs. M. J. Soberg.

Mr. and Mrs. Bert Bosworth and family spent Christmas with Mr. and Mrs. Jim Bosworth and family.

Mr. and Mrs. Theron South of Birmingham are spending the Christmas holidays with Mr. and Mrs. G. W. Freeman.

Miss Frances Wilson and the Junior class of the Congregational Sunday school entertained at a Christmas party Friday evening at Thorsby Institute dining hall. There were about thirty children present and several of the parents. Games were played and an illuminated Christmas tree was there. Santa Claus appeared with his bag.

Mr. and Mrs. J. L. Moore and children of Birmingham are spending the Christmas holidays with Mr. and Mrs. N. Laurell.

Mr. and Mrs. Russell Petersen of Jemison spent Christmas day at the home of Mr. and Mrs. Martin Petersen.

Mrs. Louis Self of Birmingham is spending the Christmas holidays with her parents, Mr. and Mrs. Martin Petersen.

Miss Edna Raybon was the Sunday dinner guest of Miss Martha Williams.

Miss Esther Johnson of Birmingham spent the week end with Mr. and Mrs. J. O. Johnson.

Miss Bonnie Honeycutt returned to her home in Atlanta Monday after spending a week with her grandparents, Mr. and Mrs. J. T. Mims.

Miss Roma Lee Pate, who is attending college at Henderson, Tenn., is spending the Christmas holidays with her parents, Mr. and Mrs. Jim Pate.

Miss Dera Rowell, who is attending college at Demorest, Ga., is spending the Christmas holidays with her parents.

Mr. and Mrs. Claud Billingsley and family spent the week end in Birmingham visiting relatives.

Miss Lola Martin spent Friday with Mrs. W. J. Billingsley of Clanton.

Mr. and Mrs. Eddie Smith and family of Birmingham spent Christmas day with Mr. and Mrs. Eugene Davenport.

Miss Katheryn Lenoir is spending the Christmas holidays with her parents in Birmingham.

Mr. and Mrs. Roy Kendrick of Birmingham spent the week end with Mr. and Mrs. W. W. Kendrick.

Mr. and Mrs. Marvin Davenport spent Sunday with Mr. and Mrs. Ben Davenport.

Mr. Oscar Bean of New Salem community was a visitor at Thorsby on Saturday.

Mr. Tommie Primm of Loachapoka, Ala., is spending the Christmas holidays with Mr. and Mrs. W. H. Raybon.

Miss Irene Yaw of Birmingham is spending a few days with Miss Mary Ruth Nix.

Mr. Charlie Holcombe was the Sunday dinner guest of Miss Era Robinson.

Mr. and Mrs. W. H. Robinson and son, Floyd, of Collins Chapel, spent Friday and Saturday with Mr. and Mrs. N. L. Martin.

Miss Hattie Davenport of Chattanooga returned to her work Monday after spending a few days with her parents in Thorsby.

Mr. and Mrs. Jack Nix of Clanton spent the week end with Mr. and Mrs. Jim Nix.

Rev. and Mrs. W. P. Lowery were the Sunday dinner guests of Mr. and Mrs. Leonard Lowery.

Mr. and Mrs. Leonard Lowery and family and Rev. and Mrs. W. P. Lowery spent Monday with Mrs. W. A. Martin of Clanton.

Mr. Jack Nix returned to the U. S. veterans hospital in Tuscaloosa Monday.

Mr. and Mrs. H. T. Scott and son, Junior, spent the week end with Mr. and Mrs. S. M. Connatser.

Miss Ella Howard entertained a few young friends Saturday night.

Miss Katheryn Foss, who is attending college at Demorest, Ga., is spending the Christmas holidays with Mr. and Mrs. C. R. Foss and family.

Mrs. Howard Garrick and son, Gene, are spending a few days with Mrs. Louis Culver, of Marbury, Ala.

Miss Dorothy Butler is spending the Christmas holidays with her parents, Mr. and Mrs. E. W. Butler.

Mrs. Anna Phalin and Mr. Tom Phalin spent Monday with Mr. and Mrs. Edward Howard.

Mr. and Mrs. Carl Turnquist of Baltimore, Md., are spending the Christmas holidays with Mr. and Mrs. A. E. Reagan.

Mr. and Mrs. Clyde Meade, Helen Louise, Mr. and Mrs. Elbert Hall, and Mr. and Mrs. Greene Dorminey of Union Grove spent Christmas day as dinner guests of Mr. and Mrs. Dixon Hall of Jemison.

Mr. and Mrs. Martin Peterson and family with Mrs. Louis Self of Birmingham spent Monday as dinner guests of Mr. and Mrs. Russell Peterson of Jemison.

Mr. and Mrs. H. Reinhardt, Mary Louise, and Linnie Belle spent part of the Christmas holidays visiting relatives in Wilsonville.

Mr. and Mrs. Spurgeon Williams and family and Mr. and Mrs. Sidney Davenport spent Sunday with Mr. and Mrs. Ben Davenport.

Mr. and Mrs. Ernest Porter and family spent Christmas day as dinner guests of Mr. and Mrs. Enoch Cox.

Mr. and Mrs. Emmett Billingsley spent Sunday with Mr. and Mrs. W. H. Goodgame.

Mr. and Mrs. Marvin Davenport, Mr. and Mrs. John Billingsley, Mr. and Mrs. Herbert Adams, Mr. and Mrs. Marion Smith and family and Mrs. Leila Martin and family spent Monday with Mr. and Mrs. N. L. Martin.

Mr. William Billingsley of Clanton spent Monday with Mr. and Mrs. N. L. Martin and family.

We are sorry to hear that Mrs. G. F. Harper has been on the sick list.

Mr. James Kincaid of St. Petersburg is spending the Christmas holidays with Mr. and Mrs. Laton Kincaid of Thorsby.

Mr. and Mrs. Herbert Adams of Keener, Ala., are spending the Christmas holidays with Mrs. Adams's mother, Mrs. Leila Martin.

Mr. Marion Smith and Mrs. N. L. Martin spent several days in Collinsville visiting Mr. Smith's parents.

Robert Johnson, Herman Robinson and Miss Lois Thompson were the Sunday dinner guests of Misses Verlon and Wilma Goodgame.

MARKET LOWER DEMAND IS EASY

Weekly Report of Department of Agriculture on Cotton

The cotton market during the period December 17-23 was fairly active with quotations December 23 about one-eight cent lower than those of December 16. Demand for foreign and domestic was stated as moderate, due in part to the approaching holidays. It was stated holders of spot cotton both in central and primary markets continue indifferent sellers and the usual pre-holiday selling was not in evidence. Present quotations are about one quarter cent higher than the low point reached so far this season.

Average price middling seven-eighths as compiled from the quotations of the ten markets December 23, 5.72 cents compared 5.80 December 16 and 5.968 December 24 last season. Reported sales of spot cotton by the ten markets for the past week were lighter than for some time. Exports to December 23 amounted to about 3.9 million bales compared with about 3.8 for the like period the season before.

According to the bureau of the census, there were ginned from the present growth, prior to December thirtenn 12.1 million bales compared with 15.4 last season and 13.3 million the season before, for the corresponding period. According to the bureau of the census, there were operated at some time during the month of November 24.4 million cotton spindles, compared with 24.6 for October and 24.9 for November 1931.

Grade differences remained practically unchanged for the week.

Premium staple cotton, it was stated, did not witness much activity. Memphis said offerings in that market of such cottons were limited, with the more recent pickings already disposed of. Receipts of late pickings have been very light, owing to inclement weather conditions hindering marketing.

Southern mill centers stated conditions were unusually quiet, even for the holidays season, with practically no turnover in raw cotton. According to the bureau of census, there were operated in the cotton growing states at some time during November 17.0 million cotton spinning spindles, compared with 17.0 for November a year ago.

New England mill centers said business was practically at a standstill, with but few firm bids for raw cotton, manufacturers awaiting further cotton goods buying before adding to their present raw material stocks. According to the bureau of the census, there were operated in the New England states at some time during November 6.6 million cotton spinning spindles with 6.9 for November of last year.

Dry goods centers said cotton cloth was moving in moderate quantities only. According to the Association of Cotton Textile Merchants of New York, the ratio of sales of cotton cloths to production for the month of November was 82.3 per cent and stocks on hand November 30 showed a decrease of 3.1 per cent, compared with those on the first of that month.

Foreign Markets

Bremen said demand in that market was moderate and directed only to specialties. A small demand came from the interior, with price fixing in moderate volume.

Liverpool stated demand for actual cotton was quiet, in view of the holidays. That market was said to be dull, with a downward tendency, due in part to hedge selling.

Manchester said demand in that market continued fair for raw cotton. Cloth demand was said to have fallen off, chiefly due to holidays. The demand for India is fairly well maintained and the yarn markets were stated as steady, with a moderate turnover.

Milan stated demand was fair for both CIF shipments and cotton on the spot. Cottons mostly inquired for were middling in the lengths seven-eighths, fifteen-sixteenths and one-inch. Offers of middling seven-eighths were stated as very scarce. A good demand for yarn prevails with increased activity in spinning activities.

THIRTEEN ARRESTED PAST WEEK

Since December 22nd, last Thursday, there have been thirteen arrests by the Sheriff and his deputies. There was one for carrying concealed weapon; 9 for violating the prohibition law; 1 for public drunkenness; 1 for driving while intoxicated; and 1 for assault and battery.

At the time we went to press Wednesday there were only twelve in the county jail. By an order of Judge Kennamer of Montgomery 13 men serving jail sentences for federal offenses were released just before Christmas so that they could spend the holidays at home with their folks. Eight of these were released for good; five of them will have to return to jail on January 5th to finish serving out their sentences.

Miss Celestia Boockholdt has gone to Guntersville to take up a position in a beauty parlor.

Prof. George Anderson of Sardis community is visiting his brother, W. H. Anderson, in Clanton.

MRS. ELIZABETH MINOR

On December 11th, at the dawn of day, God sent the death angel to usher into his presence the spirit of our most beloved mother and true soldier of the cross, Mrs. Elizabeth (Bloss) Minor. She numbered her friends by her acquaintances, and many hearts are grieved because on earth we will see her kind face no more. The loving heart is still and the warm handclasp has lost its grip. We will not call her dead for we believe she is basking in the light of the blessed Son of God where the trees bear fruit every month—where the flowers never fade and where she is watching and waiting for you and me.

There was something quite triumphant about her life which has been taken away. It was moved still by the first enthusiasms and it had its beautiful visions and its consecration to duty and honorable life. A high self-respect kept her clean-minded and a home of faith kept her in allegiance to the church and to God.

She was a woman on whom one could depend,—willing to work hard and play the game.

God alone knows in a full measure the things she bore during her pilgrimage here. There was an allurring quality about her which assured her of many friends and drew others to her with bonds of love. One can not know such a life and not know something of the divine in humanity. This life leads us to God, and our God can satisfy all our needs. For many years she has been a member of the Missionary Baptist church. At her death she was a member of Refuge Baptist church. The days she spent there were usefully spent for the church and community. The pastor, together with the entire membership, feel that we have lost a real Christian comrade. Her friends all mourn her loss throughout this section of the community. She died with a living faith in her Heavenly Father. God, who never makes a mistake, saw best to take her from this life to begin life and service on the other side. Death is only an incident in life for one like Sister Minor.—M. Lockhart, Pastor.

DRIVERS' LICENSE LAWS

Twenty-eight states and the District of Columbia require that all motor operators be licensed to drive. However, only 14 of these governmental divisions require an examination before the issuance of the permit. In the other states it is a mere formality accompanied by the payment of a fee, with age the only qualificatio. This age limit runs from a minimum of 12 years in South Carolina, to 18 years.

The National Conference on Street and Highway Safety has put forth a uniform drivers' license law for the guidance of states. Eleven have adopted it, some with modifications. It aims to keep congeniality or temporamentally unfit off highways.

State and municipal traffic officials judges, automobile clubs and civic associations unite in testifying to the efficacy of a uniform drivers' license law in reducing accidents and improving traffic conditions. Because of that approval, extra effort is to be made this winter to have legislatures of many states pass the law.

"A drivers' license law, such as proposed by the National Conference, is a fundamental necessity for a state which wants to fight against automobile accidents in our streets and highways," says John J. Hall, director of street and highway safety of the National Bureau of Casualty and Surety Underwriters.

"The states which have adequate laws in this respect have had 29 per cent fewer automobile fatalities than they would have had if they had experienced the same percentage of increase which occurred in other states reporting to the United States Census Bureau. That means something over 25,000 lives saved, a movement worth while.

"A drivers' license law efficiently administered sends about 33 and one-third per cent of all applicants back for further training; ultimately it excludes about two per cent of the total number of all seeking permits to drive. These are the epileptics, the defectives, and others, who plainly are unfit to be on the road."

CHURCH OF CHRIST

Not only did the prophets look down the stream of time and see the place where the church which Christ purchased with His blood should begin to function, but these prophets saw the foundation of this church. God said "Behold, I lay in Zion for a foundation a stone, a tried stone, a precious corner stone, a sure foundation: he that believeth shall not make haste."—Isa. 28:16. Peter and Paul say that Christ is that corner stone, a sure foundation.—Acts 4:11; I Cor. 3:10-11; Eph. 2-19-22. Christ himself had reference, no doubt, to this same foundation stone when He said to Peter, "Upon this rock I will build my church."

Not only did the prophets see the place and foundation of the church of Christ, but they saw the time that it began to function as the kingdom of heaven.—Isa. 2:1-3; Joel 2:28-29; Micah 4-1. They said that it should be in the last days. Of what happenen on pentecost Peter said that it was what the prophets said should come to pass in the "last days."—Acts 2:16. The writer of the Hebrew letter said that God "hath in these last days spoken to us by his son."—Neh. 1-2. Daniel said that God would set up His kingdom in the days "Kings."—Dan. 2:44. But the times and days for kings to rule to any noticeable extent has passed. Even the very few that now exist are fast falling away and giving place to republics. But the Apostle Paul settled the matter permanently. He said by inspiration to the Collossians, while speaking of what God had done, "Who hath delivered us from the power of darkness, and hath translated us into the kingdom of his dear son."—Col. 1:13. This shows that Paul and the Collossians had been translated into God's kingdom, which is the kingdom of Christ, or the kingdom of heaven. The kingdom of Christ shall never be destroyed.—Dan. 2:44.

Again, not only the foundation of the church of Christ and place and time it began to function as an institution, composed of people saved by the blood of Christ, but its features were described in various terms by holy men of old who were inspired of God.

The Old Testament pictures in types and shadows many characteristics of Christ as the supreme authority over His church and the gospel of the New Testament as the law of His church in which He delights. He is the bridegroom and His church is His bride. The prophets of old pictured the close relation between Christ as bridegroom and His church as the bride of Christ, and said "And and Gentiles shall see thy righteousness and all kings thy glory: and thou shalt be called by a new name, which the mouth of the Lord shall name."—Isa. 62:2. Paul was chosen, Christ said "to bear my name before the Gentiles and kings and the children of Israel."—Acts 9:15. After Paul had preached to the Gentiles for some time, and taught "much people" the "disciples were called Christians first in Antioch."—Acts 11:26. Peter said "If any man suffer as a Christian, let him not be ashamed but let him glorify God on this behalf."—I Peter 4:16. Again he said "Neither is there salvation in any other: for there is none other name under heaven given among men whereby we must be saved."—Acts 4:12. The name of Christ means to the saved (which is the church) what a husband's name means to his bride. "For the husband is the head of the wife, even as Christ is the head of the church: and He is the saviour of the body."—Eph. 5:26. (To be Continued.)—R. L. Huffman.

IN MEMORY

On December 3, the death angel visited us and called our loving mother and wife to a better home. All was done for her that loving hands could do, but all in vain.

But understand she is not dead in reality, but just passed over to that sweet home to await our coming where there will be no parting nor sad farewells. We shall miss her to testify in loving reference to the place held in our hearts. God called her to live with Him on high.

We miss her, yes we miss her. Aunt Susie's place can never be filled. But with joy and gladness in our hearts we will meet her some sweet day. We loved aunt Susie, but Jesus loved her more and has called her to yonder shining shore where the golden gate was open and a gentle voice calling, come, and with the farewell unspoken, she has calmly entered home.

She leaves to mourn her loss on this earth and gain in heaven her husband, Uncle Charlie Vinson, three daughters, Mrs. Alvin Billingsley, Mrs. Clem Billingsley, Mrs. Autmon Gray; two brothers and two sisters, Mr. W. D. Burnett, Mr. Henry Burnett, Mrs. Babe Mims, Mrs. Lizzie Askins.

Weep not, dear husband and children, the Lord giveth and the Lord taketh away to that home where no farewell tears will be shed. It is God's will that we must die to make us fit for that home on high, for when God calleth we must go. So let us look to Him, who is able to soothe our sorrows and heartaches.

Our Heavenly Father, who is too wise to make any mistake, too great to be unkind, grant us the spirit of reconcilation and submission and enable us to say, "Thy will be done." Let all of us honor our blessed Savior to the best of our ability, knowing our time is short and we must go when our father in heaven calleth.

It was such a shock to us all, but she was ready to go. For God calleth and we must go, and when His purpose is all completed, then we shall meet God there with Jesus forever.

Aunt Susie had a tender feeling for all she knew. She set a good example for others to live by. She let her light shine. Let the joy of our hearts return by trusting in the Lord, that is the only way we will meet the precious one who has gone before us.

She is peacefully sleeping now, in the silent city of the dead, awaiting the resurrection morning when all loved ones and friends shall again be united to part no more.

Written by her niece.—Mrs. Mattie Wilkins.

WHAT WORLD TRADE MEANS

King Cotton, as John H. Caulfield points out, is playing Horatius at the bridge for our foreign trade—armed with the two-edged sword of price and quality. Last season, while the world used 165,000 bales less of all cotton than in the previous period, it used 1,411,000 more bales of American. In the early months of this season American cotton again bettered its export record by more than 50 per cent.

This means jobs for American workmen, increased circulation of money and a more stable cotton industry. It takes us back fifty and more years ago, when American cotton was the undisputed king of the world market. It is, perhaps, the beginning of a new era for the cotton producer.

It is worth pointing out that cotton is one of the American industries that has taken greatest advantage of the farmers' newest agency of progress—the cooperatives. The cotton cooperative has shown the producer how to raise a better product and sell to the best advantage. It has fought, and is fighting, the battles that no single producer ever fought successfully. Cotton prices are down, along with everything else—but they would be farther down if it were not for the cooperatives, and the market would doubtless be demoralized. The fruit growers of the west, the cotton farmers of the south, the dairymen of the east—they are showing what loyally supported cooperatives can do in bringing order out of chaos.

New Comedy Team Wins Film Honors

A new comedy team, created in "The Vanishing Frontier," the exciting and romantic drama which shows at the Wadesonian Theater, December 30-31, bids fair to assume an important place in motion pictures. J. Farrell MacDonald and Raymond Hatton, as Waco and Hornet, western bad men and buddies extraordinary, just about walk off with all the honors of the picture. The deserve to be teamed again and again, for their presence is well calculated to make any picture interesting.

Johnny Mack Brown, however, as the romantic hero, manages to carry off his share of the film's glory. He appears as Kirby Tornell, son of one of the aristocratic Spanish families of California, dispossed by the military government, who turns bandit to liberate his people from the opression of military rule. His is a fine performance and a glamorous one, and he receives excellent support from Evalyn Knapp as the beautiful daughter of General Winfield, who loves the dashing renegade.

The film itself is chuck full of smashing action. It is running Friday and Saturday of this week.

Mr. and Mrs. Burton Mullins, of Eufaula, left Monday for Anniston after spending Christmas here with Mr. Mullins' parents, Mr. and Mrs. C. R. Mullins.

STATE NEWS PARAGRAPHED

A Resume Of The More Important Events Of Interest Condensed To An Epitomized Form

Alabama Day was observed throughout the state. Special programs were given at schools.

Plunging 75 feet down an elevator shaft, W. H. Crump, Birmingham, an electrician, was fatally injured.

Gov. Miller announced that the state capitol would be closed Dec. 24, 25 and 26 for the Christmas holidays.

Many schools throughout Alabama, including those of Jefferson County, closed Friday for the Christmas holidays.

The Junior Chamber of Commerce of Montgomery was on record as favoring the prompt repeal of the eighteenth amendment.

Bids for installation of a radio control system for the Birmingnam Police Department probably can be received between Jan. 15 and Feb. 1.

Highway and bridge bonds totaling $610,000 went up in smoke at the State Capitol as state officials burned the obligations that were retired June 1, 1932.

Despite inclement weather, no appreciable increase in absenses was noted in Birmingham and Jefferson County school, educational officials reported.

Mrs. Marilda Johnson Bond, grandniece of President Andrew Johnson and early resident of Russellville, died after an extended illness in her seventy-fifth year.

Christmas paroles for 63 state convicts working at the nine road camps were granted by Gov. Miller as a reward for their outstanding records during the past year.

The State Child Welfare Board adopted a resolution permitting Jefferson County to contribute $45,000 for the relief of destitute persons outside the county almshouse.

Frank West, miner, was acquitted of a charge of murder in connection with a holdup of a store in Bradford in 1927, in which Jim Higginbotham was slain by the robber.

Horace C. Wilkinson, Birmingham attorney, renewed his plea for a special session of the Montgomery County Grand Jury to probe the disposition of Alabama school funds.

Hugh Morrow, Birmingham industrial leader, was on his sixth consecutive term as president of the Alabama Mining Institute, having been reelected by the board of directors.

Capt. W. C. Oates, secretary-examiner of the Alabama Securities Commission, announced the registration of seven companies as dealers in securities in this state for the year 1933.

A verdict of acquittal was returned by a Federal jury freeing Sheriff J. Hasty Golden, Elmore County, and five codefendants of a charge of conspiracy to violate the national prohibition laws.

Appointment of a new advisory board for Hillman Hospital, Birmingham, by the County Commission revealed that the number of physicians on the board has been reduced from 10 to seven.

Thomas E. Knight, Jr., attorney general, ruled that public school buildings can be used for private school purposes provided there is no interference with the regular running of public schools.

The Alabama Public Service Commission dismissed two complaints of the city of Attalla against the Tri-Cities Gas Company and the Alabama Water Service Company alleging unjust and unreasonable rates.

The Alabama Supreme Court affirmed the death sentences of four Negroes convicted of murder and set their execution date for Feb. 3, 1933, but granted a new trial to a fifth Negro condemned to die for attack.

A delegation from the Grand Lodge of Alabama Masonry called on Solicitor Temple Seibels and urged that prosecution of embezzlement charges against George A. Beauchamp, 79-year-old former secretary of the lodge, be dropped.

Abolition of the state depository in order that schoolbooks may "be provided at a much lower cost to the children of Alabama" was advocated by Independent Democratic Voters Association, at a meeting in Rogersville.

Steps to relieve the school situation in Alabama, to the extent of calling a special session of the Legislature, were urged in resolutions adopted by parents and teachers at Ward, in Sumter County, and by 400 students at Ashville School, St. Clair County.

Stronger Than He Was at Twenty

FIFTY-FIVE years old, and still going strong!

Do you want the secret of such vitality? It isn't what you eat, or any tonic you take. It's something anyone can do—something you can start today and see results in a week! All you do is give your vital organs the right stimulant.

A famous doctor discovered the way to stimulate a sluggish system to new energy. It brings fresh vigor *to every organ*. Being a physician's prescription, it's quite harmless. Tell your druggist you want a bottle of Dr. Caldwell's syrup pepsin. Get the benefit of its fresh laxative herbs, active senna, and that pure pepsin. Get that lazy liver to work, those stagnant bowels into action. Get rid of waste matter that is slow poison so long as it is permitted to remain in the system.

The new energy men and women feel before one bottle of Dr. Caldwell's syrup pepsin has been used up is proof of how much the system needs this help.

Get a bottle of this delicious syrup and let it end that constant worry about the condition of the bowels. Spare the children those bilious days that make them miserable. Save your household from the use of cathartics which lead to chronic constipation. And guard against auto-intoxication as you grow older.

Dr. Caldwell's syrup pepsin is such a well known preparation you can get it wherever drugs are sold and it isn't expensive.

WATER POWER VS. FUEL POWER

Contrary to average public opinion water power is not nearly so vital to electric development as is generally supposed.

This is due to two causes. First, 70 per cent of the potential water power resources of the country lie in the far west, while 80 per cent of the demand for electricity is east of the Mississippi. Second, tremendous advances have been made in the utilization of fuel in power production.

Forty years ago, in the infancy of the industry, it took between 15 and 20 pounds of coal to produce a single kilowatt hour of electric energy. The fuel plant then was an obvious expensive one. But nowadays plants are in existence which consume less than one pound of coal per killowatt hour. These plants have been erected in the great industrial regions where use of waterpower would require costly power lines from the generating station to the consumer. They are not affected by drought, as are water projects. They can sell power at so low a figure that it can be met by waterpower only if the water resources and the consumers are very close together.

In the Pacific coast and Nortwest waterpower is and will continue to be, of major importance, evdn though steam stand-by plants are built in conjunction to guard against water shortage. In the east and mid-west, steam plants will hold the center of the picture. In the last ten years steam production has increased a good deal faster than hydro-production. A fact directly controverting the belief that the electric industry is absolutely dependent on water power for its future.

PEDESTRIAN PERILS

Automobiles cost the pedestrian the heaviest toll of life and limb of any class of persons involved in automobile accidents. Out of nearly 34,000 persons killed last year, according to statistics of the National Casualty and Surety Underwriters. 14,500 were pedestrians. In most cases, contrary to popular opinion, the pedestrians was wholly or in great part at fault.

There are four chief spots of danger for the individual on foot. These are: crossing between intersections; coming from behind parked cars; walking on or along a rural highway and playing in the street—1,710 youngsters having lost their lives in street play last year.

The most dangerous pedestrian action is crossing between interesctions where 3,920 were killed last year. One should adhere rigidly to the practice of crossing only at intersections. Motorists should remember that every object along a street or highway big enough to hide a man or child is a danger sign.

Darting out from behind parked cars cost 1,630 persons their lives last year.

Rural highways apparently are death traps for walkers, 2,330 persons being killed on them last year. The man who sets out for a walk along a country road should walk on the left side facing oncoming traffic so as to be ready for any emergency.

THE LITERARY MOUNTAINS

It was not so very long ago that London was the literary center of the universe. The great publishing houses were there; the greatest accolade an American writer could receive was acclaim from the English critics. As a result, American literature took to aping its foreign cousin, and for a while the "fashionable" American authors were more English than the English.

All that has changed. England still has her great literature—but the highest literary mountains are to be found in this country. The American book publisher leads the world—not merely in the promotion of sales, but in bringing before an audience new talents, new ideas, new and vital experiments. Much of this he does without hope of gain, knowing from experience that deficits are almost inevitably the result of adventuring of this kind.

We need not, however, feel sorry for the American publisher because of that. He has earned a very definite reward. It is to the presses of America that much of the world now looks for pungent volumes of criticism and political philosophy; for the greatest biographies; for the most important fiction. America has produced a native literature and in it are names which are almost as familiar in Paris and Vienna and Lenigrad and Cracow, as in San Francisco and New Orleans and Sauk Center. It is a literature which, because it is fundamentally native to a land, is really international in spirit.

And the better American publishers who have given so much time, effort and hard-earned money to aiding that development, when more profitable, or less commendable, enterprises beckoned, deserve more of the credit than they generally receive.

The Banner and Post, 1 year for $3.

SHAREHOLDERS' MEETING

The annual meeting of the shareholders of the First National Bank of Clanton will be held in the directors' room of the bank at 7 o'clock p.m., on Tuesday, January 17, 1933, for the purpose of electing directors for the ensuing year, and the transaction of such other business as may legally come before them.

This, December 15, 1932.

12-22-4tch J. C. PAGE, Cashier.

How Doctors Treat Colds and Coughs

To break up a cold overnight and relieve the congestion that makes you cough, thousands of physicians are now recommending Calotabs, the nauseless calomel compound tablets that give you the effects of calomel and salts without the unpleasant effects of either.

One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish,—no danger.

Calotabs are sold in 10c and 35c packages at drug stores. (Adv)

Happy New Year!

Forget there was such a year as 1932, friends. It's gone and that's that. Now for looking forward to Better Times.

Sincerely, we hope 1933 will be a year of many blessings for you and yours.

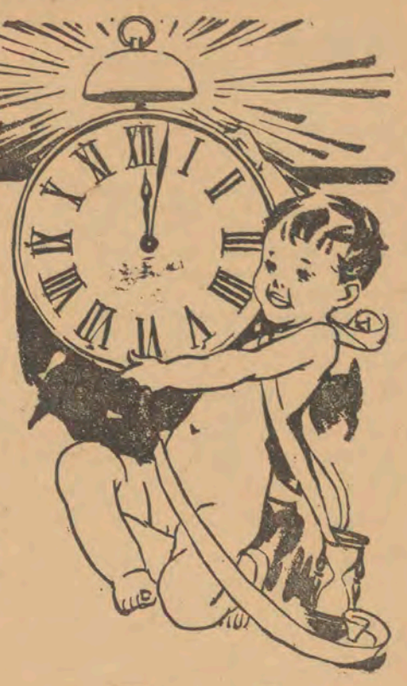
TO OUR PATRONS —

greetings!



WE STAND on the threshold of a new year . . . 1933. And in all sincerity, we trust that it will be your happiest yet . . . a year of Good Health . . Good Fortune . . many Joys.

We've served you long and we've tried to serve you well. We've appreciated your patronage and hope to continue to merit it throughout the coming year.

Peoples Savings Bank

1901 — STRAIGHT AHEAD FOR OVER THIRTY YEARS — 1933

A. A. Jackson Discusses Some Important Matters

Editor Union-Banner:

Would a few lines from one who has been a reader and correspondent of your paper for more than thirty years be permissable, provided I do not say anything about politics?

If so, first, I want to congratulate both Dr. Gragg and W. A. Reynolds for their articles which appeared in The Union-Baner of last week. I endorse them one hundred per cent, and I hope they may continue to turn on the light.

Second, I want to call the attention of the readers of The Union-Banner to the second extra session of the state legislature which is to convene January 31, 1933, for the purpose of adding more taxes to the already ruined taxpayers of Alabama.

It seems that they are determined to pass the sales tax, which, in my opinion, is the worst thing that could be done to raise money for the state. When the sales tax is passed the people who are lucky enough to get hold of a dollar will order their merchandise from other states to avoid paying the sales tax, thus adding destruction to destruction.

Would the people of Alabama be within their rights to demand that the legislature make a fifty per cent cut on all employees of counties and state, which would leave the county and state officials in a hundred times better condition than the masses of the people of Alabama?

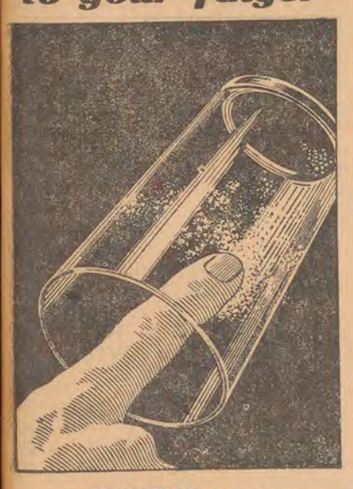
Also let the school teachers of Alabama take a fifty per cent cut in their salaries. Then they would be in ten times better shape than the farmers and laborers of Alabama.

In my opinion, some of the teachers of our state are saying from their lips out, "Do not rob the poor little children of their education," and at the same time these teachers of Alabama are drawing a salary of from one hundred to twelve hundred dollars per month; and the better paid teachers have private secretaries to work for them at a good salary.

Under the present school system parents can not retain their homes and educate their children. But let all people of Alabama take a fifty per cent cut in their salaries and then we could say from our hearts, "We will not rob the poor little children of Alabama of their education."

But we might write and make suggestions until doom's day, and it will never amount to a hill of beans without some action. Let the people of Alabma resent any further increases in taxes; meet with the extra session of the legislature on the 31st day of January, one hundred thousand strong, and demand that they put no more taxes on the people of Alabama. What will we do?—Respectfully, A. A. Jackson.

ROUGH
to your finger



means . . .
ROUGH IN YOUR
STOMACH

It's easy to say they're all alike—and easy to prove they are NOT.

Dissolve a genuine Bayer Aspirin tablet in water, pour it off, feel the fine powder that coats the glass.

Do this with some other tablet; see what coarse particles are left! They feel as sharp as sand, even to your finger. How must they affect those delicate membranes which line your throat—your stomach?

For immediate relief from headaches, colds, sore throat, neuralgia or neuritis, lumbago, rheumatism, there's nothing like Bayer Aspirin.

It cannot depress the heart.

Prophecy Corner

Conducted By

L. A. BUTTERFIELD

During the past few days our attention has been directed to the first advent of Christ and this too, as a matter of Bible prophecy.

The exact place of His birth was foretold: "Thou, Bethlehem Ephratah, though thou be little among the thousands of Judah, yet out of thee shall He come forth unto Me that is to be ruler in Israel; whose goings forth have been of old, from everlasting." Micah 5:2. In this verse of prophecy is named the very place of Jesus' birth. Three continents, Europe, Asia and Africa were known to the ancient world. God chooses Asia. In Asia were many countries. God chooses Palestine. In Palestine were three provinces. God chooses Judea. In Judea were many villages and towns. God chooses "Bethlehem in the land of Judah," thus putting His finger on a scarcely known village on the map of the world. And there His Son was born.

A prophecy of Isaiah indicates that Christ would have a forerunner to herald His coming. "The voice of him that crieth in the wilderness, Prepare ye the way of the Lord, make straight in the desert a highway for our God." Isa. 40:3. This was fulfilled in the work of John the Baptist. "This is the record of John, when the Jews sent priests and Levites from Jerusalem to ask him, who art thou? . . . He said, I am the voice of one crying in the wilderness. Make straight the way of the Lord, as said the prophet Esaias." John 1:19-23.

In Isaiah 7:14 God declared that the Messiah should be born of a virgin. "Behold, a virgin shall conceive, and bear a son, and shall call his name Immanuel." Jesus was born of a virgin. Matt. 1:18-25.

The slaughter of the innocents in connection with His birth was predicted. "Thus saith the Lord: A voice was heard in Ramah, lamentation and bitter weeping; Rahel weeping for her children refused to be comforted for her children, because they were not." Jer. 31:15. This was exactly fulfilled under the cruel decree of Herod. "Then Herod, when he saw that he was mocked of the wise men, was exceeding wroth, and sent forth, and slew all the children that were in Bethlehem, and in all the coasts thereof, from two years old and under, according to the time which he had diligently enquired of the wise men. Then was fulfilled that which was spoken by Jeremy, the prophet, saying, In Rama was there a voice heard, lamentation, and weeping, and great mourning, Rachael weeping for her children, and would not be comforted, because they are not." Matt. 2:16-18.

The miracles which the Messiah would perform were foretold. "In that day shall the deaf hear the words of the book, and the eyes of the blind shall see out of obscurity, and out of darkness." Isa. 29:18. And Jesus performed just such miracles. "Jesus answered and said unto them, Go and show John again those things which ye do hear and see: The blind receive their sight, and the lame walk, the lepers cleansed, and the deaf hear, the dead are raised up, and the poor have the Gospel preached to them." Matt. 11:4-5.—L. A. Butterfield.

SAVE MONEY

Haircuts 15c; shave 10c; tonic 15c; at my residence two miles south of Clanton, on the highway. Open for business every afternoon and night, except closing at one hour before sunset on Friday (due to my religious beliefs) and open for business again at sunset on Saturday. I have five years experience in this line, and I will give you good work.

Joe B. Downs

ADMINISTRATOR'S SETTLEMENT

The State of Aabama, Chilton County; probate court, December 20, 1932. In the matter of the estate of Mary K. Haynes, deceased:

This day came S. E. Welch, Administrator of the estate of said deceased, and files his account, vouchers, evidence and statement for final settlement of his said Administratorship.

It is ordered that the 23rd day of January, 1933, be appointed a day on which to make such settlement, at which time all persons interested can appear and contest the said settlement if they think proper.

Witness my hand, this 20th day of December, 1932.

L. H. REYNOLDS,
Judge of Probate.

COPPER, THE HISTORICAL METAL

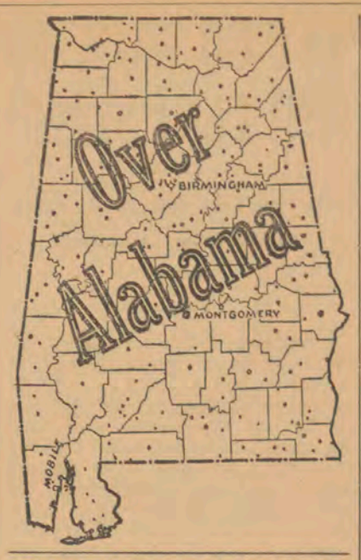
Cooper has often been called the royal metal because of its multiplicity of uses and the invaluable services it has rendered the human race.

It is the historical metal as well. When, about 8,000 B. C., copper began to be used as a malleable stone, the metallic age had dawned. In 6,000 B. C., the casting of copper was first accomplished. A thousand years later bronze was made. And in 3,000 B. C., the knowledge of bronze and copper slowly spread over Troy, Greece, Sicily, Britain, France and other great nations of the time. A thousand years more passed and bronze and copper came into use in China. In about 1,000 B.C., brass was made and bronze by cementation of copper and calcamine. Two thousand years later copper was refined by oxidation and polishing.

Thus, the history of the world, from the end of the stone age down to the electric age of the present, is aligned with the history of copper. It has played a part in every great step forward taken by humanity. It is the royal metal, the mistorical metal—and the civilizing metal.

SMITH INFANT DIED

The infant daughter of Mr. and Mrs. Oliver Smith died Monday morning, and was buried Tuesday at New Salem.



STATE NEWS PARAGRAPHED

A Resume Of The More Important Events Of Interest Condensed To An Epitomized Form

Bessemer Rotarians celebrated Christmas at the luncheon meeting at the Gary Hotel.

F. T. Appleby, superintendent of schools of Florence since 1917, died following an operation.

William (Silver Bill) Stickney, idol of Montgomery baseball fans when the sport was young, is dead.

Repairs on the Athens Masonic Temple which was damaged by fire have about been completed.

Victory for the tenth annual appeal of the Birmingham Community Chest was celebrated in the Tutwiler Hotel.

Greene County schools closed on account of the influenza epidemic and the condition of the county roads.

W. K. Garrett, mechanic, employed by a Montgomery automobile company, was shot to death near Selma.

Two student nurses at a Dothan hospital died from pneumonia which developed following attacks of influenza.

The budget adopted by the City Council, Bessemer, for the fiscal year begun Oct. 1, calls for expenditure of $142,000.69 for all departments.

Gov. Miller granted permanent paroles to 16 state convicts upon the recommendation of the State Pardon Board, trial judges and solicitors.

Directors of the First National Bank, Birmingham, declared the regular quarterly dividend, at the rate of 6 per cent a year, payable Jan. 2.

Two letters from members of the Alabama Congress of Parents and Teachers to Gov. B. M. Miller urging immediate relief for the state schools.

Dr. J. N. Baker, state health officer, was missing from his customary position behind his desk at the State Health Department with the flu.

Reuben Fell, 48, employe in the United States Engineering Department for 30 years, died at a Tuscaloosa infirmary, after an illness of two weeks.

County demonstration agents opened their five-day Winter conference at Auburn to discuss their work and achievements of 1932 and lay plans for 1933.

The secretary of state's office reported that 779 county officers elected at the Nov. 8 election had filed bond for their offices and had been issued commission.

Cast iron pipe plants of the Birmingham district are looking for considerable tonnage to develop from projects upon which bids have recently been placed.

The city commissioners of Mobile were denied increases in back salaries for the years 1928 and 1929 under a decision announced by the Alabama Supreme Court.

Beirne Ellison, 20, Virginia Polytechnic Institute undergraduate, who was discovered in his room at a local hotel suffering from poisoning Dec. 7, died at a Troy hospital.

A total of $450 worth of needlework, principally hand-made quilts and cotton smocks, was sold by one rural woman on the Montgomery County curb market during one year.

Claude Morton, former secretary and treasurer of the Keystone Service Corporation of Birmingham, has made bond of $2,500 before U. S. Commissioner Louise O. Charlton.

Word was received in Montgomery of the death at Rome, Ga., of George Washington Taylor, 84, former Alabama congressman and author of this state's first primary election law.

Robert E. Chadwick, former president of the defunct Bank of Ensley, has been placed under $10,000 bond by U. S. Commissioner Louise O. Charlton for his appearance before United States District Court in Birmingham.

F. W. Gist, federal and state agricultural statistician, reported in a crop review that Alabama farmers produced ample food and feed crops this year to carry their families and livestock safely through the Winter.

If present salaries paid Jefferson County officials and employes prevail through 1933, the County Commission will be able to save $250,000 alone on salaries, members pointed out.

Four deputy sheriffs were shot, two of them seriously, one Negro was killed, another was reported slain, a third was believed dying and at least 12 others were reported wounded in a pitched gun battle between four officers and a large band of armed Negroes in a cotton field near Reeltown, in Tallapoosa County.

Mr. and Mrs. John Mullins are in Aliceville for the Yuletide.

DAT BLOOMIN PREACHER

All Ah know is Whut de Bible say Bout Hit.

Will you first turn to the 59th chapter of Isaiah and read the first eight verses? The first verse of that chapter is the text, "Behold, the Lord's hand is not shortened, that it cannot save; neither His ear heavy, that it cannot hear."

For the last few years the preachers have discussed among themselves the lamentable fact that the gospel is not having the effect on the sinner that it had in the years previous to the great world conflict, known as "The World War." And as we are prone to place every conceivable wrong at the door of that great catastrophe, just so do some preachers claim the great war as being the cause of the gospel having but little effect on the sinners of today. This may or may not be so, but if it is so, I want to say that it was the greatest stroke that satan and his imps have made against Christ and His church, and aginst men's souls since that mighty storke in the Garden of Eden, at which time sin was introduced into the world.

The text says, "Behold, the Lord's hand is not shortened, that it cannot save." Which places the defect with us. Another preacher said that the cause could be found in the disposition of our young people to seek after pleasure and a good time generally. Now, this may or it may not be so. I, for one, do not believe that it is, for the simple reason that all young people, in every generation, had their sources of pleasures. We should not think that this is the only generation that ever sought pleasure.

A third preacher said that the reason that the gospel did not have the desired effect today, was all because of the hardness of heart. To me, that is getting somewhere near the fact. But not altogether, for I believe that there were hearts just as hard in St. Paul's day as there are to day. I know that it is a fact that the love of God can hardly penetrate a hard heart. The gospel is the power of God unto salvation to all them that believe, and a hard heart will not open to a belief in Christ.

I heard one man say that the reason so few are saved now is because the preachers don't preach the gospel. I wondered if he could have told just what the "gospel" is if he was asked to do so. All of these ideas are good, as far as they go, but they don't explain, to my mind, the real reason. I think we must seek the answer somewhere else, and I feel that it can be found readily if we will look in the right place. Where, then, is the place? Brother, sister, it is in the homes of these young people, their parents, who are members of our churches—the church people, as a whole, in this county, are entirely too careless about their attendance at church, and are not particular about what they say about preachers and church-members while their boys and girls are present. This, to my way of thinking, has destroyed the young people's confidence in all religion.

There are very few boys today who have any faith in his father's religion. The language he uses and the old, dirty, smutty tales he tells in his boy's presence just serves the devils purpose exactly, in destroying that boy's faith in the religion of Jesus Christ. So when that boy finds himself at the house of God and the preacher making an appeal to him, and others to embrace Christ, he feels that if there was any thing to it that daddy would be a different man, and that their neighbors would be different men.

God's hand is not shortened that it cannot save. God is just as able, now as ever, to save men. And I believe that our preachers are preaching just as pure gospel as was ever preached and the hearts of our boys and girls are no harder than in past generations. But the great damper that has been thrown over the sinners of today is there, all because of the careless living and lack of interest of the church people.

If each of you could just see your responsibility to yours and your neighbors' children, and try to prove to them that the religion of Jesus Christ is a vital thing and was not something that could be discarded or laid aside when one wished to do so, and then pick it up again on Sunday morning, we would see in a short period of time just how our boys and girls would begin to seek after Christ.

In turning over a new leaf for 1933, let us resolve to set better examples for our children, keeping in mind and heart, the welfare of their immortal souls.

Now, as I close this last sermon for this year, I wish to say to every reader, may 1933 be a happy year for you, and may the good Lord bless you in the conversion of your children.—Elder Blossom.

PLIER BUILDING GOING UP ON MAIN STREET

Baxley, Ga., December 26, 1932.

Editor Union-Banner:

Inclosed herewith I am sending you a clipping from our local paper, and would appreciate very much if you have space in your paper, to publish it as a news item, in order that my friends will know that I am still living. I have not been seen or heard of much in Clanton, within the last seven years.

Wishing you and all a Merry Christmas, and a prosperous New Year, I am

Yours very truly,
G. E. PLIER.

The Clipping

Mr. G. E. Plier is erecting a very handsome brick bungalow on South Main street near where he now lives. This will be one of the nicest homes in Baxley when completed, being constructed fire proff and modern in every particular. Mr. Plier is a well known contractor and builder of Baxley, having built some of the best buildings and homes here.

Misses Era Holloway and Billie Ray, of Hamilton, Alabama, visited friends here Monday.

Handsome 4-piece upholstered Wicker Suite for $17.49
Bed Room Suite, 4-piece, original price was $256, now $45.00
Several nice Breakfast Room Suites priced up from $5.00
Several beautiful Dining Tables, priced up from $7.00
Simmons Bed and Springs complete all for only $7.50
A lot of nice Dressers priced up from $3.00

W. W. FOX, Clanton

MAY GO BACK TO TWO CENT STAMP

Three-Cent Levy Said To Be Failure In Producing Anticipated Money

Washington, Dec. 24.—The three-cent stamp is on its way out and the two-cent stamp is on its way back.

Postmaster General Brown does not like the three-cent charge for a first-class letter for local delivery, while the house post office committee did not like it anywhere. The added charge got into the postal system last winter when the treasury department and the house ways and means committee thought it would substantially boost revenues and help reduce the deficit. A three-cent rate on first-class mail, local and national, was put into the tax bill on Brown's request then.

It has failed in both purposes, and in addition has actually caused a loss in revenue from first-class mail, according to Representative Clyde Kelly, Republican, Pennsylvania, chairman of the special subcommittee which conducted a special investigation.

The investigation disclosed that during a selected week in September last year there was mailed 124,231,000 ounces of letter mail carrying two-cent stamps. During the corresponding week this year this mail dropped to 82,969,000 ounces, a loss of 33 1-3 per cent. It is estimated that the reduction in first-class mail for the 1933 fiscal year which ends next July will exceed four billion pieces and on the two-cent stamp basis about $87,000,000 in lost revenue.

"Restoration of the two-cent stamp," according to Kelly, "Will be an encouragement to business whereas the three-cent stamp has actually led to widespread use of substitute delivery systems Public utilities, many department stores and other business concerns are delivering bills by truck drivers and messengers. Large quantities of mail which formerly went as first-class in order to be assured of a sealed envelope, now goes as third class for 1 1-2 cents an ounce in an open envelope."

His committee was unanimous in urging the change.—Birmingham Post.

COMMITTEE OF 500 ORGANIZED

Composed of Prominent Men From Every County In Alabama

Birmingham, Dec. 27. — Pledging themselves "to cooperate with legislative and administrative authorities in formulating and having adopted by the legislature and the electorate such a program as will enable the state to liquidate its just obligations and carry on its proper functions," approximately 300 prominent Alabama citizens announced themselves today as the nucleus for a "Committee of 500" now being organized to make or cause to be made a careful study of the fiscal situation of this state at the earliest possible date. It pointed out that the Committee of 500 is a distinctly new organization, not an offshot of or in any way related to any organization in the state.

Headed by an Executive Committee composed of E. C. Melvin, Selma; John W. Altman, Birmingham; Gen. R. E. Steiner, Montgomery; T. M. Stevens, Mobile; Benjamin Russell, Alexander City; John V. Denson, Opelika; James E. Mills, Jr., Birmingham; C. A. Hamilton, Anniston; Judge E. W. Long, Jasper; Hugh Locke, Birmingham; John D. McQueen, Tuscaloosa; E. F. Allison, Belamy; Hugh Morrow, Birmingham; Gov. Charles Henderson, Troy; Ray Rushton, Montgomery; Oscar Wells, Birmingham; Gov. W. W. Brandon, Tuscaloosa; Forney Johnson, Birmingham; Robert Murphree, Huntsville; Fitzgerald Salter, Montgomery; H. A. Bradshaw, Florence; Walter E. Henley, Birmingham; A. P. Rush, Mobile; Dr. Chas. A. Thigpen, Montgomery; Victor H. Hanson, Birmingham; John J. Flowers, Dothan; W. W. Harolson, Ft. Payne. The committee announced its general policy in the following statement, which was prepared and circulated for signatures prior to the Governor's call for a special session of the legislature:

"The affairs of Alabama have reached a point where the continuance of essential functions of government is seriously threatened.

"The program submitted by the executive definitely failed of approval by the people the election in November. Had that been approved, it is our opinion that the immediate emergency could not have been relieved.

"In this condition of affairs it appears imperative that the people themselves immediately concern themselves with remedial measures. Representing, as we believe, the sentiment of the pople of our sveral communities and of the state at large, we have organized ourselves into a committee in order that the people may have a medium of expression and in order that they may cooperate with the executive and legislative departments in formulating and adopting a program that will relieve the present deplorable situation.

"Accordingly, the undersigned commit themselves to make or cause to be made a careful study of the fiscal situation of this state at the earliest possible date. We pledge ourselves to cooperate with the legislative and administrative authorities in formulating and having adopted by the legislature and the electorate such program as will enable the state to liquidate its just obligations and carry on its proper functions. We shall endeavor to submit a program which will provide the necessary funds through economies without additional taxation."

Subscribing to his statement, in addition to the executive committee were: F. J. Callen, J. C. Page of Clanton. Besides these two men, there are at least two or more very prominent men from every town or city of any importance in Alabama on the list.

Asked to what extent the "study" would be carried and how it would be conducted, members of the executive committee replied that the study would set up a definite plan for funding and paying the warrants of the state after ascertainment of the proper amount and would embrace a number of inquiries into specific situations where economies are thought to be possible, and that the program would be carried out with the cooperation of the executive department, if possible. It is planned to submit a series of reports to executive and legislative authorities and to the people either before or during the coming special session of the state legislature.

At least six definite expense reducing possibilities will be exhaustively studied and repotred on, it was learned, with other possibilities under consideration.

These six possibilities, together with other details concerning the projected ectivities of the committee, will probably be announced Thursday, it was stated.

J. E. EASTERLING OPPOSED TO LOAN

Reply To Letter of A. P. Vinson In Last Week's Banner

Editor Union-Banner:

Please allow me space to write a few words in regard to Mr. A. P. Vinson's letter about borrowing money for the county:

Now, if there could be such a thing as a company having money to give away, I would like to have some of it, and I believe I could get some of it, too. But Mr. Vinson, or any other right-thinking person, knows that no one has money to give away in big quantities. If they wanted to give it away, why should they want a note on the county? And why would they not give some to all the counties, and not just to those which they thought would be able to pay it back, with interest?

Mr. Vinson said he was sorry the court was divided. People have always differed in opinion, and always will, just as long as people think for themselves. He will find people who differ in opinion all over the county. However, I do not believe there has been a time, when the court was divided equally, that Judge Reynolds has voted with Mr. Mims and Mr. Cobb; he always votes with Vinson and Burnett.

I am against the proposition of the county borrowing this money. We already owe about $100,000.00 I believe, upon which we are paying interest. Everyone knows that the taxpayers must pay this debt, and any others we may make, together with interest. I, for one, as a taxpayer, oppose further debt, unless we come to need money for the county much worse than we do now. And I believe there are many other people who feel the same way about the matter.

I believe it is high time that the people of the county awake and look about them. The county can't take care of all the needy all the time. I am in sympathy with the needy at all times. I need lots of things myself. But if the county should undertake to care for all the needy it must surely go into bankruptcy. But there always has been and always will be people who are in need. Even when cotton was around 40 cents a pound, and wages from $3.00 to $10.00 a day, there were some people in need. So no one can expect the county to take care of all the cases of need.

I can't figure much in big numbers, but here is the way I have it figured: Last summer Judge Reynolds told us the county had about $74,000. At the recent mass meeting he told us he had borrowed $10,000.00 for the county. I understand we have received about $17,000 from the gas tax since last summer. And at the mass the county is now broke. If this is meeting, Judge Reynolds told us that true, then this county has spent something like $101,000.00 since last summer. That ought to be enough to take care of a few cases of need. I believe we should be as saving with the county's money as we would be with our own. I do not believe we should make new debts and borrow money for the county just because we can.—J. E. Easterling, Route 1, Clanton, Ala.

Economy League

(Continued from Front Page)

the total we have shown as 'general appropriations' represents the maximum provided in the legislative bill. It is the writer's opinion that the practice of that administration and executive economy, especially in what may be termed 'overhead' items, and in some other specific cases which called themselves to our attention, which commercial enterprises generally have adopted a saving can be made in these maximum amounts. So far as it applies to 'administrative expense,' we are unable to see why the state government cannot adjust itself to the levels of efficiency managed private enterprises."

He estimates that legislative expenses should not exceed $225,000, although $250,000 were appropriated.

He discusses the financial problem from the viewpoint of agricultural and educational interest. The estimated deficit of $824,617 in the special educational trust fund, he says, is approximately correct. In view of the fact that the schools open near the close of the fiscal year and run during the first and second quarters when tax receipts are at the lowest ebb, he suggests three alternatives for meeting their operating expenses.

Relieve School System

First, the school system should be relieved of the operation of the budget control act.

Second, provision should be made for temporary loans sufficient to anticipate school revenues, or

Third, a recess in school activities could be taken so as to allow an accumulation of funds sufficient to place them on a cash basis.

He says the levying of an income tax without an equivalent relief from property taxation would without question establish an additional burden of taxation, and adds that "while this would rest more heavily upon those most able to pay, even the farmer and small business man would find themselves additionally burdened thereby. At any rate, it would seem to be useless to resubmit this form of taxation at the present time, with the evident attitude of the people toward additional tax burdens.

Comparing federal income tax collections in Alabama in past years and business conditions now and heretofore, he estimates the return from income tax in 1932 at $2,369,000 from individuals and $653,000 from corporations, and in 1933 at $1,893,000 from individuals and $457,000 from corporations.

As to the proposed sales tax, urged in the Governor's call for a special session of the Legislature, he says the wholesale and retail trade in 1933 would aggregate $539,000,000 on a consecutive estimate, from which certain excise taxes and the 1-cent gasoline tax are to be deducted. Net receipts from this kind of tax would amount to approximately $2,866,000. Cost of collecting these taxes would be heavy, he says, and the net receipts would be materially reduced thereby. Since this tax would supercede the present excise taxes, he says it would only be fair that it should go to the cause of education, and if net returns indicated were realized, the educational trust fund would receive about $700,000.

Interest Payments

"Since we are paying interest on more than $4,000,000 to the Chase National Bank, and since we have already paid interest to the First National Bank of Montgomery for funds with which to pay legislative expenses, both of which are in excess of the $300,000 allowed by the constitution, it would seem reasonable that your (Goode) plan might be carried out without violence to the constitution."

In the opinion of E. J. Smyer, Birmingham constitutional lawyer, the Goode warrant bill is not violative of the constitution. It would not create a new debt; the warrant is not evidence of a debt; it does not create a legal obligation of the State. Its primary purpose is to protect funds in the treasury from unlawful payment.

While they are not debts of the State, "warrants are moral obligations of the State, issued in pursuance of appropriations made by law for past services or for material or property acquired for the benefit of the State. The proposed substituted warrants would be no more, no less," he says.

The Legislature, he says, has full power and authority to determine the form of the warrants and has power to substitute the proposed warrants for existing warrants. It has the power to give warrants such transferable value, such commercial features as it deems necessary to facilitate transfers by the owner, to the end of permitting the owner to sell or discount same. Holding this view, he says the Legislature has the power to make the warrants interest-bearing.

Commissioner Cobb

(Continued from Front Page)

were a donation, don't you believe they would give it to the poor counties?

The papers we would have to sign to get the money say it is a loan. We pledge our county to pay interest for its use. Our taxpayers already pay over $5,000 per year in interest, and I did not feel that you wanted me to vote to require you to pay more interest.

More homes were sold for taxes last year than in any previous year, and we all know it was easier for us to pay taxes last year than it is this year. If we ever reduce our taxes we will have to quit going in debt and live within our income, as the gross revenue in our county is getting less and less every year.

I also want to call your attention to the fact that in 1917 there were issued $200,000 of Chilton County bonds. They were to be paid in 30 years. Fifteen years have passed, and only half of the bonded debt has been paid. During this fifteen years past we have probably had the best time we will ever have and the most taxes the county will ever collect. We do not know what the year 1947 will bring, and I do not believe we should have this debt for our children to pay. Unless this bonded debt is paid gradually, it will be difficult to raise $98,000 in one year when it is due.

We will have the largest amount of money in January that we will have in 1933. If we were to borrow this money, at this time, we would have to pay interest on it when we do not need it. As I understand, this money can not be used to hire trucks or teams, and can be used only to hire men who are in distress. With the gas tax and road tax I believe we can take care of the distressed with what the Red Cross is doing, and keep our roads in repair and our county out of debt any further.

When Chilton County has spent what money it has to be collected in 1933, then if the people of this county prove that they want us to borrow some money to give more people work, on the roads, I assure you I will be glad to carry out your wishes.—Respectfully, J. E. COBB.

Mr. and Mrs. E. W. Danforth and family left Tuesday for Longview, Texas, where they will make their future home.

Wallace and Ralph Jones spent Christmas Day here with their mother, Mrs. Willie P. Jones.
